DONALD CLAUD RUS,

telephone [redacted] advised he is employed as an ambulance driver for the City of Los Angeles presently assigned to the Boyle Heights Station, 2111 East First Street, Los Angeles, California, telephone 483-7311, extension 32. He advised that he has ten years experience as an ambulance driver for the City of Los Angeles and a total of 15 years experience as an ambulance driver. He stated he is presently working a shift from 11:00 p.m. to 7:00 a.m. He stated on the night of June 4 - 5, 1968 he was assigned as a driver to Central Receiving Hospital, 1401 West Sixth Street, Los Angeles, California.

He further advised he appeared before the Los Angeles County Grand Jury on June 7, 1968 and testified to his knowledge of the events surrounding the KENNEDY shooting.

RUS furnished the following signed statement which he advised was substantially the same testimony which he furnished to the Grand Jury:

"6/3/68

Los Angeles, Calif.

"I, DONALD C. RUS, am employed as an ambulance driver for the city of Los Angeles, California. I was so employed on the night of June 4 - 5th.

"At about 12:20 a.m., on June 5th, I and my partner, TOM RATLIFF, were in ambulance G-15, at Sixth Street and Alvarado, without any patients in vehicle. I heard a radio call of an ambulance shooting at 3400 Wilshire Blvd., at which time I told my partner that address was the Ambassador Hotel. I was not assigned to respond to this call. We proceeded to Central Receiving Hospital at 1401 West 6th St. to turn in time and hospital records.

- 16 -

"At about 12:25 a.m., I was in the ambulance office with several other drivers and attendants. I noticed a yellow cab drive to ambulance entrance of hospital. There was a motorcycle escort guard with the taxi cab. One of the passengers of the cab entered room requesting help because someone had been shot. Then, about six drivers and attendants went outside to ambulance ramp and observed a young white male sitting in rear of the cab. I assisted him removing him from the cab and placed him in a wheelchair. I determined he had bullet wounds in his left leg. Attendant TOM RATLIFF took the patient into the hospital and I ordered the cab and the motorcycle to clear the ambulance area. The man who came in the ambulance office told us KENNEDY was shot.

"At this time, approximately 12:30 a.m. ambulance G-13 arrived at the ambulance ramp. The ambulance backed up to the dock. I opened the rear door of the ambulance. I opened the Gilson belt, a belt which covers the rear door and is a protective device in case the rear doors of the ambulance doors open. In the rear of the ambulance, I observed Senator ROBERT F. KENNEDY on the stretcher. MAX BEHRMANN, the attendant was at the rear of the ambulance. Mrs. ETHEL KENNEDY was sitting next to BEHRMANN. There was at least another white female in the ambulance rear. ROBERT HULSMAN was the ambulance driver. In the cab, I observed Mr. BARRY, KENNEDY's bodyguard and at least one other person riding in the cab. Dr. BAZILAIUSKAS entered the ambulance and attended to Mr. KENNEDY. I released the stretcher and proceeded to roll it from the ambulance. We wheeled the stretcher inside the hospital to treatment room #2. As we were entering room #2, Mrs. KENNEDY, grabbed a camera from a news cameraman and knocked it to the floor. She also swung at him and hit him in the chest area.

3
KENNEDY's bodyguard jumped over the stretcher and attacked the photographer. They wrestled with each other for several seconds and were separated by L.A.P.D. officers, Hospital Detail. I then wheeled the stretcher into room # 2 and helped lift Mr. KENNEDY onto the treatment table. I removed the stretcher from room # 2. In treatment room # 2, there were doctors, nurses, and members of the KENNEDY group.

"I was then paged over the public address system and dispatched to the Ambassador Hotel as a request for 2 more ambulances had been received. RATLIFF and I drove ambulance G-15 to the hotel. On arrival, we were guided to rear entrance of the hotel. We took our stretcher and first-aid kit and entered the hotel by the rear entrance. We were guided to the freight elevator which we took to the third floor. We were guided through the corridors. We located one victim in a corridor. He was lying on the floor. We examined him and determined he was not critical. I do not recall his injuries. We left him and told him a private ambulance following us would take him. We were led into the Embassy Room where we found Mrs. EVANS. She was just to the left of the speakers stand in the Embassy Room. The room very crowded with people. The time was about 12:40 a.m. Mrs. EVANS was lying on her back on a table. There was a man, who claimed he was a doctor attending to her. He said she had a 'bleeder' in the forehead. RATLIFF and I examined her and determined she had a laceration on her forehead. We applied a pressure dressing over the wound and placed her on the stretcher. We were then advised of another injury of a photographer who had been hit in the head with a camera. We examined him and determined he had a laceration on the rear of the head. We took both patients down the freight elevator and out the rear entrance. We loaded them in

4

"In the ambulance and proceeded to Central Receiving, Code 3. On arrival at the hospital, we unloaded the patients and placed them in treatment rooms.

"At about 1:00 a.m. I went to treatment room # 2 and assisted transferring Mr. KENNEDY from treatment table to stretcher. We wheeled the stretcher out to the loading ramp and placed it into ambulance G-16. Mrs. KENNEDY and several other people in the KENNEDY group and a doctor went in this ambulance which was transferring Mr. KENNEDY from Central Receiving Hospital to Good Samaritan Hospital at Lucas and Shatto St. about 4 blocks from Central Receiving. During the time we were loading Mr. KENNEDY into ambulance, the hospital corridors and entrance were jammed with crowds. We were slowed in our efforts to load him into the ambulance due to the large unruly crowd in and in front of the hospital.

"During the course of the entire affair, I saw or heard nothing which could aid in identifying a suspect or could be evidence to the shooting.

"I have read this written statement which is six pages long. I have initialed all page and corrections. This is a true statement.

Room. I went with my driver, Robert Hulsman,
residence address in ambu-
lance unit number G-13 to the Ambassador Hotel.

"We proceeded, code 3, which means red
lights and siren and I noted the time as 12:17 A.M.
June 5, 1968. We drove down Wilshire Boulevard
and entered the Ambassador Hotel parking lot and
stopped the ambulance at the front parking lot
close by the kitchen entrance.

"I then saw a man described as a white male, American, six feet tall, 175 pounds, wearing an olive green suit and he said to me, 'bring a stretcher, follow me up the stairs.' I was rolling the stretcher and knew I could not get it up the stairs. I and my driver then went to an elevator and a hotel employee described as a white male 6 feet, 160 pounds, who I know as a handyman took us to the second floor. I then went to the second floor kitchen and it was very crowded and congested. I noted as I came near the victim there was a woman wiping the forehead of this individual with a cloth. I noted a white male, unknown to me, close by the victim.

"I then noted a pool of blood underneath the head of the victim. I knelt down again to pick Mr. Kennedy up and place him on the stretcher. As I knelt down by the victim the woman wiping the victim's head tried to pull me away and said, 'keep your hands off of him, I'm Mrs. Kennedy.'

"I then said to Mrs. Kennedy, 'We are from Central Receiving Hospital, Emergency Ambulance Crew and we are here to help you.' Mrs. Kennedy then replied 'I don't care who you are.'

"I then said to Mrs. Kennedy, 'We had a call here, if you don't want me to examine your husband, what do you want me to do?'

"I then heard an unknown white male standing close by say, 'Hurry hurry let's get him on the stretcher.'

"I then heard Mr. Kennedy say, 'No no don't please.' At this point Mrs. Kennedy tried to pull me away."

3
"The driver and myself then put Mr Kennedy on the stretcher, and wrapped him in a blanket. I noted the white male pushing people away from in front of the stretcher and some people were falling over and tripping over each other. We got on the elevator with Mrs. Kennedy and a white male and the previously mentioned handyman was controlling the elevator.

"The elevator went by the first floor to the basement and then returned to the first floor. At this point I had not heard that the victim, Mr. Kennedy, had been shot.

"I then moved the stretcher out of the elevator and out to the ambulance. I noted that the white male was pulling on the stretcher so that I could not move it along and he said, 'take it easy.'

"I then said to this white male, 'For Christ's sake, let go so I can get him to the ambulance.'

"I then heard Mrs. Kennedy say, 'Don't hurry don't hurry.' I did not specifically notice any policemen immediately around me but it was extremely congested and people were shoving each other around. We lifted Mr. Kennedy into the ambulance and locked the stretcher in place. I then said to Mrs. Kennedy 'Would you get in please'. I observed standing with her was a white, male, American, age 60, weight 150, 5 feet 8 inches, medium build receding lt. brown hair, wearing a dark brown suit.

"This man then got into the ambulance and then Mrs. Kennedy entered the ambulance and I entered it. The driver, Hulsman came to the rear and started to fasten the safety webbing."

"I said, 'Robert, please come on lets go to the hospital.' Robert then closed the doors. I then noted that Mrs. Kennedy opened 1 door and pointed to a white, female, wearing a white dress and said, 'I want that lady in white to go with me.'

"I recall that just prior to Mrs. Kennedy opening rear door mentioned above I took Mr. Kennedy's pulse and I would say it was very weak.

"I then said to Mrs. Kennedy, 'No, I'm not taking her with me.' I said to the driver, 'Bob come on close the doors, lets go.' The driver was having difficulty closing the rear doors and I said 'Put them in the front seat and lets go.'

"I then said to Mrs. Kennedy, 'Just for the records, Please, what happened?' At this point Mrs. Kennedy said, 'I don't give a damn what you say' and at this point Mrs. Kennedy grabbed my ambulance call record book and threw it out of the rear of the ambulance. I had noted on the ambulance call record ticket the following information: number B 20508, date 6/5/68, Division G 18, location Ambassador Hotel, received 12:17 A.M. and arrived at location 12:22 A.M., Name Kennedy, address, Ambassador Hotel.

"I then noted that the driver closed the rear doors and I said, 'Come on Bob lets go, We've got a police escort.' I noted a police car in front of our ambulance and just before we pulled out 2 white males got in the front with the driver and we left.

"I noted that Mr. Kennedy was taking deep breaths, I reached over him to get an air-wick to insert in Mr. Kennedy's throat to aid"

"his breathing prior to putting on an air-mask but elected not to use it (the air wick) in view of Mrs. Kennedy's behavior. I then reached under Mr. Kennedy's head to lift it up so I might put the band over his head which holds the air mask.

"At this point Mrs. Kennedy said, 'You keep your dirty filthy hands off my husband.' Mrs. Kennedy then said, 'How do you know the air is on?' and I replied, 'you can hear it.'

"As we were proceeding to the hospital I again asked Mrs. Kennedy, 'Can you tell me what happened?' and she replied, 'I don't give a damn what you want to know.'

"I then tried to place the previously mentioned gauze compress on the left side of Mr. Kennedy's head as he was bleeding profusely and breathing in deep gasps. At this point I was struck on the right side of my face by Mrs. Kennedy and I can only state I was stunned.

"I next recall Mrs. Kennedy saying 'Bruce, come back here and throw this ambulance man out; he's bothering me; he's asking too many questions.'

"I next recall that the white male was attempting to crawl through from the cab to the body of the ambulance. At this point the driver pulled him back and said, 'Sit there or you can cause an accident.'

"As the ambulance approached the hospital I could see that a large number of people had gathered. As Robert tried to back the ambulance up to the off-leading dock an individual by the name of Rus, who is employed at the hospital as an ambulance driver opened the rear doors and dropped the webbing. At this point Dr. Ras

5

"(phonetic, not his full name) entered the ambulance and I said to him, 'What do you want Doc?' and he replied I want to examine Mr. Kennedy.' I then said to Dr. Bas, 'Not here Doc, in the treatment room where you belong.'

"I next recall getting out of the ambulance and then Mrs. Kennedy got out. The driver and I took the stretcher out and started to go through the entry doors. At this point a photographer took two pictures and Mrs. Kennedy then said 'Get that man', and pointed at the photographer. I then observed the white male leap over the stretcher and strike the photographer full in the face and he fell to the ground.

"I then worked the stretcher through the crowd and into treatment room number 2. I then heard Dr. Bas say, 'Come on, hurry let's get him on the table so I can examine him.' At this point Dr. Bas placed his hands under the middle back of Mr. Kennedy and attempted to lift Mr. Kennedy up onto the table. I observed that Dr. Bas lifted Mr. Kennedy approximately 1 and 1/2 feet (1 1/2) off the stretcher and Robert and myself brought the stretcher up as he was being lifted. At this point Dr. Bas lost his balance and he (Dr. Bas) falls forward toward the table and placed Mr. Kennedy on the table. I observed that when Dr. Bas lifted Mr. Kennedy the oxygen bottle that was between his legs fell to the floor and the air mask was subsequently left on Mr. Kennedy's face but the air tube had been pulled out.

"At this point the driver and myself took the other items, put them on the stretcher and moved it out of treatment room #2.

"At this point, in the hall, I pointed to the white male previously referred to as having"

7

"struck the photographer and I said, 'I want to file a complaint against him.' This was said in the presence of a Los Angeles Detective who is normally stationed at Central Receiving Hospital.

"At this point the previously mentioned individual above said to me, 'I'm going to file a complaint against you too; what's your name?' I then said, 'Ask my supervisor he's right over there,' and I pointed to Mr. Paul Clum my immediate supervisor.

"The next event I can recall is that the dispatcher notified me that I should return to the Ambassador Hotel as there had been a shooting. I then said to Norma Case, the dispatcher, 'In other words, Mr. Kennedy that we just brought in has been shot,' and she said 'I guess so.' The dispatcher then told me they were sending 5 or 6 more ambulances to the Ambassador Hotel.

"I then returned to the Ambassador Hotel and picked up a white male, age 52 - 55, weight 200, name not given, who indicated to me that he had been shot. After the driver and I placed this man in the ambulance a Negro male, age 50, wearing a dark brown suit stated he was a Doctor and requested to go along in the ambulance. I was further requested by a white male wearing a white shirt and a dark tie who identified himself as a Doctor, if he could also go along in the ambulance and I indicated he could. This individual being transported was asked by me, 'Would you like me to remove the hat from beneath your head and he replied, 'No I'm fine, tell your partner to go fast, but not too fast'.

"The next event I can recall after returning to the hospital was a telephone call I received from an officer at the Los Angeles Police Department Intelligence Division whose name"

"I recall to be Wilson. He stated that an individual in the Kennedy party that identified himself as Barry had 'complained charges' against you, that you struck Mrs. Kennedy.

"I replied that I did not touch her at any time other than to help her into the ambulance, but Mrs. Kennedy did strike me, and I further advised him of all the details of the early morning hours of June 5, 1968.

"I remained at the hospital until approximately noon on June 5, 1968 writing a hand-written account of the events that took place during the early morning hours of June 5, 1968.

"I have read this statement of this page and eleven other pages and it is true and correct and best of my knowledge.

Date 7/2/68

STAN STALPERS, Assistant Manager of the Ambassador Hotel, 3430 Wilshire Boulevard, was contacted to arrange for the photographing of the interior and exterior areas of the hotel which were involved directly or indirectly in the shooting of Senator JIM MURPHY.

STALPERS directed SAs [redacted] and FBI Photographer [redacted] to the Embassy Ballroom in which he said Senator MURPHY had made his victory speech during the early morning of June 5, 1968, following the California State Primary Election.

STALPERS said that following Senator MURPHY's speech from the speakers platform in front of the stage area of the Embassy Ballroom, the Senator made his exit through the stage area. After leaving the stage through double doors at the rear, he made a turn to the right in a corridor which leads to the serving kitchen area. STALPERS advised that he did not personally witness the route of exit being used by Senator MURPHY, but he learned the details of same, he said, from talking to several other employees who were there.

STALPERS directed SAs [redacted] and Photographer [redacted] over the entire area where Senator MURPHY had been immediately prior to the shooting and the route taken by him to the point where he was hit. STALPERS also provided copies of the floor plans of the hotel's Lobby and Casino floors; the Embassy Ballroom being located on the Lobby floor level, and the Ambassador Ballroom on the Casino level. He pointed out that the Senator MURPHY party was utilizing both the Embassy and Ambassador Ballrooms.

Pertinent portions of the floor plans furnished by Philip Skibbitt have been reproduced and copies precede each photograph which was taken. Each copy of the floor plan shows by means of a directional arrow where the picture was taken. Additionally the area covered by the photograph has been marked in blue line showing general area of view taken.

Following the photograph is a chart which shows the speakers platform, stage area, hallway and vestibule which leads to the kitchen serving area in which Senator EDMUND was shot. The scale of this chart is approximately $1\frac{1}{2}$ inch representing 20 feet. The x marks shown on the chart show locations where individuals were shot. The x mark in front of the ice machine reportedly represents the area where Senator EDMUND had fallen after being shot.

ELIZABETH EVANS,

was

Interviewed at the Huntington Memorial Hospital, 100 Congress Street, Pasadena, and furnished the following information:

She and her husband, ARTHUR W. EVANS, arrived at the Ambassador Hotel, Los Angeles, California, at approximately 11:30 p.m. on June 4, 1968 (after previously attending a victory celebration for EVELLE YOUNGER at the Biltmore Hotel, Los Angeles) to renew acquaintance with PIERRE SALINGER, a long-time friend. As ROBERT KENNEDY was delivering his victory speech at the Ambassador Hotel, EVANS proceeded around the speaker's rostrum at the location to the "ante-room" behind the rostrum hoping to contact SALINGER as the KENNEDY party departed. EVANS stood near the door leading from the ante-room to the adjacent kitchen. KENNEDY, closely surrounded by people, proceeded past EVANS and into the kitchen area followed by ETHEL KENNEDY who at this point was two or three steps behind ROBERT KENNEDY. As ETHEL KENNEDY proceeded through this doorway, EVANS heard noises which sounded like a string of firecrackers exploding. At the same time, EVANS lost one of her shoes, and, as she bent over to retrieve same, heard someone exclaim that a woman had been shot. Not realizing that she herself had been shot, EVANS continued to search for her shoe. When EVANS straightened up, blood flowed down her face, and she then realized that she had been shot in the forehead. EVANS did not see anyone else shot, nor did she observe anyone holding any kind of a weapon. Several bystanders immediately removed EVANS to a table near the speaker's rostrum, where she remained until the ambulance arrived and transported her to Central Receiving Hospital. EVANS, who has seen newspaper photographs of SIRHAN BISHARA SIRHAN, advised that she could not recall seeing anyone resembling this individual in the hotel at any time.

EVANS advised that the bullet was removed from her forehead in surgery on June 5, 1968, at the Huntington

Memorial Hospital. EVANS described her condition as good, and indicated that she would probably be released from the hospital by June 9, 1968.

ARTHUR W. EVANS, was interviewed at the Huntington Memorial Hospital, Pasadena, California, where he was visiting his wife, ELIZABETH EVANS, who was shot early (approximately 12:15 a.m.) on the morning of June 5, 1968 at the Ambassador Hotel while witnessing a victory celebration for ROBERT F. KENNEDY. EVANS described his wife's condition as good and indicated that she would probably be released from the hospital on June 9, 1968. His wife's physician is

EVANS continued that he and his wife attended a victory celebration for LUISELLA YOUNGER at the Biltmore Hotel, Los Angeles, on the evening of June 4, 1968. At approximately 11:30 p.m., June 4, 1968, they arrived at the Ambassador Hotel, Los Angeles. A victory celebration was being held for ROBERT F. KENNEDY, and they desired to visit with PIERRE SALINGER, who was an old friend of theirs. Between 11:30 p.m. and 12 midnight he and his wife went to the Press Room temporarily set up at the hotel. His wife, using an old press card which she had when she formerly worked for a newspaper, was admitted to the Press Room, but he remained in the lobby. EVANS milled around the lobby until KENNEDY finished his victory speech, at which time he (EVANS) started looking for his wife. A short while later he heard that KENNEDY had been shot, and still later he discovered that his wife had also been shot. EVANS pointed out that he was not in the vicinity of the actual shooting and did not hear any shots fired.

EVANS further advised that he has seen newspaper photographs of SIRHAN, and that he has never seen this individual before either at the Ambassador Hotel on June 4, 5, 1968 or anywhere else.

GOLDSTEIN estimated the number of people in the kitchen area as between ten and fifteen, including hotel guests as well as employees.

GOLDSTEIN advised as he was leaving the kitchen area accompanied by ROBIN CALDEN, they were met by Senator KENNEDY and members of his staff. KENNEDY shook hands with CALDEN and continued walking. Seconds later GOLDSTEIN heard six or seven shots or explosions and felt a sharp pain in his hip and immediately fell against the wall.

At this point, GOLDSTEIN advised mass confusion broke out with people running, screaming and shouting. At no-time did GOLDSTEIN observe Senator KENNEDY being shot nor at anytime did GOLDSTEIN observe the suspected assassin, SIRHAN SIRHAN.

GOLDSTEIN advised he was released from Encino General Hospital on the morning of June 6, 1968, and will appear before the Los Angeles County Grand Jury on June 7, 1968.

Mr. IRWIN NEAY STROLL was contacted in Room 303, Midway Hospital, 5925 San Vicente Boulevard, and after being advised of the identity of the interviewing Agents, he was interviewed regarding the events which took place at the Ambassador Hotel on the night of June 4-5, 1963.

STROLL stated that he was born on March 30, 1951, but presently resided with his in parents at telephone

He is presently a student at

In addition to being a student, he has also been working at the Wilshire Boulevard division of the KENNEDY for President campaign headquarters. This is located at 5615 Wilshire Boulevard in Los Angeles. Because of his admiration for Senator ROBERT F. KENNEDY, he made a pillow which he intended to present as a gift to KENNEDY on the night of June 4, 1963. He had discussed presenting this gift to Senator KENNEDY with STEPHEN SMITH, who was the Southern California coordinator for the KENNEDY campaign. SMITH told him that Senator KENNEDY would be very happy to receive such a gift and instructed him to bring it to the Ambassador Hotel on the night of June 4, 1963, and arrangements would be made to have him present his gift after Senator KENNEDY had spoken to his supporters. On the evening of June 4, 1963, he went to the Ambassador Hotel in the company of MIDGE JAY, who is secretary to STEPHEN SMITH. After arriving at the Embassy Room of the Ambassador Hotel, he was instructed to watch a door which is located on the rear west side of the podium from which Senator KENNEDY was to make his speech. He was assigned to watch this door with an associate of his by the name of DAVID ESQUITH. They were instructed to allow no one to enter or leave the Embassy Room by this door.

At approximately 11:30 p.m., Senator KENNEDY and his associates entered the Embassy Room through the door where STROLL was standing. As KENNEDY passed, STROLL shook

hands with him and congratulated him on his success. KENNEDY then made a speech to his supporters in the Embassy Room. Upon termination of his speech, he turned and left the podium by passing through a green curtain to the rear of the podium. His associates followed. This took them to the corridor which ran east to west, adjacent to the Embassy Room. KENNEDY and his associates began to walk west down the corridor. Senator KENNEDY was walking at the head of the group, followed by California State Assemblyman JESSE URRUT, PIERRE SALINGER, STEPHEN SMITH, KENNEDY's brother-in-law, two members of the press, RAFAEL JOHNSON, Mrs. ROBERT KENNEDY, and ROSIE GRIER, the professional football player. As this group walked west down the corridor, they passed the doorway where STROLL was standing. As the group passed, he received a signal from STEPHEN SMITH, KENNEDY's brother-in-law, to fall in behind so that STROLL could present his gift to KENNEDY when the Senator reached his room.

STROLL advised that when he walked into the corridor to the rear of KENNEDY's procession, he was standing near Mrs. KENNEDY. It was at this time that he heard a series of noises which sounded to him like firecrackers being exploded. He thought there were six such noises. He recalled thinking to himself that someone was setting off firecrackers. His immediate reaction was to push out with his hands, and he believed he pushed Mrs. KENNEDY, because when he looked down, he saw Mrs. KENNEDY lying on the floor, and ROSIE GRIER was lying on top of her. He stated it was at this point that he felt a blow to his left leg and thought at the time that someone had kicked him. Immediately following the series of small noises, people began rushing into the corridor. He ran out of the corridor into the Embassy Room through the doorway which he had previously been watching. When he entered the Embassy Room, he looked down at his leg and saw blood and then realized that he had been shot. He yelled, "I have been shot. I have been shot." His friend, DAVID ESQUITH, who had not entered the corridor with him, was standing at the doorway, and upon hearing STROLL state he had been shot, proceeded to help him out of the Embassy Room. He was then carried down the stairs and then through the front exit of the hotel. There someone put him into a Yellow Cab, and he was taken to the Central Receiving Hospital, where he was treated for his wound. He was subsequently released from the Central Receiving Hospital and admitted to the Midway Hospital.

STROLL advised that at no time did he see his assailant nor did he even realize at the time that Senator KENNEDY had been shot. Since the incident, he has observed the suspect's photo on television. STROLL advised that he has never seen the individual depicted as the suspect before.

STROLL stated that his doctor told him that he would probably be released on Saturday, June 8, 1968. His doctor also told him that the bullet which struck him appeared to have ricocheted from the floor before it hit him in the left leg.

GEORGE CHARLES ERHARD, JR.,
was interviewed concerning selling a .22 caliber
Iver Johnson pistol to MUNIR BISHARA SIRHAN.

ERHARD was advised of the identity of the interviewing agent and he was interviewed in the presence of his mother, Mrs. HELEN B. ERHARD, at his residence.

ERHARD stated that he originally obtained the pistol, serial number unrecalled, from a former neighbor, Mrs. DANA TULITA WESTLAKE, who now resides with her husband, ROBERT F. WESTLAKE, in about December 1967.

He stated that the pistol was given to him as Mrs. WESTLAKE did not want it around the house where her children could get hold of it, and she knew that he collected guns.

He said that he believes LESLIE H. HERTZ, father of Mrs. WESTLAKE, was the original owner.

He described the pistol as an Iver Johnson, eight shot, double action, .22 caliber pistol which he believed had not been shot prior to his obtaining it.

He stated that he possessed the pistol until about February 15, 1968, when he sold it to a fellow employee at the F. C. Nash Company, a department store, 141 East Colorado Street, Pasadena, California, known to him as "JOE".

He identified a photograph of MUNIR BISHARA SIRHAN, also known as "JOE", who is employed at Nash's, as the individual to whom he sold the pistol.

-257-

He stated that "JOE" was not a friend but rather an acquaintance he knew at work. He stated that "JOE" had heard from some of the other employees that he (ERHARD) collects guns and in early January 1968, "JOE" asked him if he had a gun for sale which could be used for "hunting". "JOE" specified a hand gun for under \$50, but ERHARD had no guns for sale at that time.

ERHARD stated that in about February 1968, he needed money to fix up his automobile so he mentioned to "JOE" that he might have a gun for sale. He stated that he believed this was on a Saturday at work and "JOE" asked him to bring the gun to work so he could see it.

ERHARD stated that he believes he brought the Iver Johnson .22 to the customer parking lot of Nash's on the following Monday where "JOE" came out to his car and looked at the pistol.

ERHARD was asking \$27 to \$30 for the pistol and "JOE" stated that he did not have enough money with him at that time and requested ERHARD to meet him later that afternoon at the corner of Howard Street and an unrecalled cross street at about 5:30 PM.

ERHARD stated that he and another friend, BILL PRICE, drove to the Howard Street location in his (ERHARD) Corvair automobile. "JOE" and another individual described as a dark complexioned male with black curly hair were standing on the corner.

ERHARD got out of the automobile and walked to the rear of the automobile and talked with "JOE" about the pistol. The other individual walked to the side of the automobile and talked with PRICE. ERHARD stated that he believed that he had the pistol with him at this time and he and "JOE" bargained for it. ERHARD was asking \$30 and "JOE" and the other individual

walked away from ERHARD and PRICE who had joined him in the discussion. ERHARD stated that "JOE" and this other individual appeared to be talking in a foreign tongue, possibly Arabic.

Both individuals walked back to where ERHARD and PRICE were standing and "JOE" stated that he did not have quite enough money but he would purchase the pistol for \$25. ERHARD agreed and "JOE" had to borrow about \$6 from the other individual. ERHARD recalls that he gave the pistol to "JOE" who handed him the \$25. He stated that no ammunition was sold with the pistol.

ERHARD reviewed photographs of SIRHAN SIRHAN and MUNIR BISHARA SIRHAN and identified MUNIR as "JOE". He stated he was unable to identify a photograph of SIRHAN SIRHAN as the individual with "JOE" who had loaned "JOE" the \$6.

ERHARD stated that he does not recall any specific identifying features of the pistol which he sold to "JOE", but he might possibly be able to identify the brown cardboard box containing the pistol.

WILLIAM EDMOND PRICE,

was interviewed concerning his knowledge of a

.22 caliber Iver Johnson pistol sold to MUNIR BISHARA SIRHAN.

PRICE was advised of the identity of the interviewing agent and he was interviewed in the presence of his mother, Mrs. PAUL EDMOND PRICE, at his residence.

PRICE stated that in February 1968, he was visiting a friend, GEORGE CHARLES ERHARD, who was working on a recently purchased automobile.

ERHARD asked him to go with him as he hoped to sell a pistol to a fellow employee.

He stated that they drove to a location on Howard Street, the cross street unrecalled, in ERHARD's 1962 Corvair automobile.

He stated that he recalls it was approximately 6 PM, when they arrived at the corner where two fellows were standing.

ERHARD got out of the automobile and walked to the back and talked with an individual later known to him as "JOE". PRICE remained in the automobile with the pistol.

A short time later ERHARD returned to the automobile and took the pistol and returned to the rear of the automobile with "JOE".

The individual accompanying "JOE" came over to the automobile and talked with PRICE. A short time later PRICE got out of the automobile and he and the other individual joined ERHARD and "JOE" and discussed selling the pistol.

PRICE recalls that "JOE" stated that he wanted his brother to see the pistol and his brother looked over the pistol.

-260-

ERHARD and "JOE" bargained over the price of the pistol as ERHARD was asking \$30.

He stated that the two brothers walked away and started talking in a foreign language. A short time later they came back and settled on \$25, of which "JOE" obtained about \$6 from his brother. PRICE stated that he recalls that there was no ammunition with the pistol and it was in a brown cardboard box with a velvet type lining and he recalls the word "Iver" on the box. He stated that he does not believe that he could positively identify the pistol or the box if seen again.

He stated that he recalls "JOE" mentioning several times that the pistol was to be used for hunting. PRICE stated that both brothers discussed the price of the pistol but "JOE" did the actual purchasing and the pistol was in "JOE's" possession after the transaction. He described "JOE's" brother as 5'5", thin build, black greasy hair, unkept and wavy with dark eyes. He stated that the brother appeared to be older than "JOE" and he believes that he could identify him if he saw him again.

He identified a photograph of SIRHAN SIRHAN as being identical with "JOE's" brother, mentioned above.

SIRHAN BISHARA SIRHAN was arraigned in Department 100 of Los Angeles County Superior Court, before Los Angeles County Superior Court Judge ARTHUR L. ALARCON, in proceedings which commenced 5:48 p.m., June 7, 1968. The proceedings were held in the Chapel Facility of the new Los Angeles County Jail, 441 Bauchet Street, Los Angeles, California. Judge ALARCON announced that the reasons for holding the proceedings in that facility were two-fold:

1. Because of the defendant's physical condition.
2. To insure appropriate security.

The indictment against SIRHAN was read by Deputy District Attorney JOHN E. HOWARD, Los Angeles County District Attorney's Office. SIRHAN was represented by WILBUR L. LITTLEFIELD, Chief Trial Deputy for the Los Angeles County Public Defender's Office. Also present in court at the specific request of Judge ALARCON, was A. L. WIRIN, a representative of the American Civil Liberties Union. WIRIN conferred with SIRHAN prior to arraignment at the request of SIRHAN.

Defender LITTLEFIELD requested the Judge to order an examination of SIRHAN by two psychiatrists, which was approved by the court. This psychiatric examination was for the benefit of the defense only, and the court ordered that the examining doctors not divulge the results of their findings to anyone other than the defense. At the request of the defense counsel, Judge ALARCON fixed date of June 28, 1968, at 9:00 a.m., for plea and further proceedings.

The defendant was observed being brought into the Chapel Facility in a wheel chair. It was also observed that the defendant left the Chapel Facility in a wheel chair.

The Grand Jury having returned an indictment in this matter on this date, June 7, 1968, this Court now has jurisdiction over all proceedings in this case for the first time. Therefore, the Court is now in a legal position to make certain orders respecting this matter.

Under our Constitution, each defendant is entitled to the due process of the law and to a fair trial. This Court has an affirmative duty to do everything possible within its Constitutional powers and jurisdiction to make certain that each defendant does receive a fair trial.

In order to fulfill that Constitutional duty to guarantee that the defendant does receive a fair trial, and because of the obvious public interest in this matter which has produced massive news media publicity, and it further appearing to the Court that the dissemination by any means of public communication of any out-of-

1 court statements relating to this case may interfere with the Con-
2 stitutional right of the defendant to a fair trial and disrupt the
3 proper administration of justice, the Court, on its own motion, will
4 now issue the following orders, a violation of which will result in
5 swift action to punish for contempt any offender within the juris-
6 diction of this Court.

7 It is the order of this Court that no party to this action

14 poenaed to testify at the trial of this matter, shall release or
15 authorize the release for public dissemination of any purported
16 extrajudicial statement of the defendant relating to this case, nor
17 shall any such persons release or authorize the release of any docu-
18 ments, exhibits, or any evidence, the admissibility of which may
19 have to be determined by the Court, nor shall any such person make
20 any statement for public dissemination as to the existence or pos-
21 sible existence of any document, exhibit, or any other evidence, the
22 admissibility of which may have to be determined by the Court. Nor
23 shall any such persons express outside of court an opinion or make
24 any comment for public dissemination as to the weight, value, or
25 effect of any evidence as tending to establish guilt or innocence.
26 Nor shall any such persons make any statement outside of court as to
27 the nature, substance, or effect of any testimony that has been given.
28 Nor shall any such persons issue any statement as to the identity of
29 any prospective witness, or his probable testimony, or the effect
30 thereof. Nor shall any person make any out-of-court statement as to
31 the nature, source, or effect of any purported evidence alleged to
32 have been accumulated as a result of the investigation of this

1 matter. Nor shall any such person or any witness, whether or not
2 under subpoena, make any statement as to the content, nature, sub-
3 stance, or effect of any testimony which may be given in any pro-
4 ceeding related to this matter, except that a witness may discuss
5 any matter with any attorney of record or agent thereof.

7 1. Factual statements of the accused person's name,
8 age, residence, occupation, and family status.

20 judicial proceeding held in open court in an open or
21 public session.

22 6. A request for assistance in obtaining evidence.

23 7. Any information as to any person not in custody
24 who is sought as a possible suspect or witness, nor any
25 statement aimed at warning the public of any possible

ANDREW WEST,

was interviewed

at his place of employment relative to his knowledge of the shooting of Senator ROBERT F. KENNEDY.

Prior to interviewing ANDREW WEST relative to the shooting of Senator ROBERT F. KENNEDY, he advised that his true name is GEORGE WILLIAM WEST, and he stated that he uses the names ANDREW WEST or ANDY WEST as professional names in connection with his employment. ANDREW WEST stated that he resides at

, and he stated his landlady's telephone number is ANDREW WEST stated that the telephone numbers at his place of employment are and

ANDREW WEST stated that on the evening of June 4, 1958, he was in the Embassy Room of the Ambassador Hotel, Los Angeles, California. ANDREW WEST stated that after 9:15 p.m. on June 4, 1958, most of his time was spent next to the podium of the Embassy Room at the Ambassador Hotel, where Senator ROBERT F. KENNEDY was to make a speech. ANDREW WEST stated that he was on the stage until Senator ROBERT F. KENNEDY arrived, made his speech, and left the stage. ANDREW WEST stated that excerpts from Senator ROBERT F. KENNEDY's speech were tape-recorded by him. ANDREW WEST stated that before Senator ROBERT F. KENNEDY's speech he tape recorded some comments of California Speaker of the Assembly JESSE UNRUH, and also asked Speaker of the Assembly JESSE UNRUH a couple of questions. ANDREW WEST stated that he then excerpted comments from Senator ROBERT F. KENNEDY's speech and at the end of Senator ROBERT F. KENNEDY's speech asked him a question. ANDREW WEST stated that following the question, Senator ROBERT F. KENNEDY and his wife, ETHEL KENNEDY, immediately left the stage and went to the area behind the stage. ANDREW WEST stated that this was approximately 12:00 midnight to approximately 12:30 a.m. on June 5, 1958. ANDREW WEST stated that after he had asked Senator ROBERT F. KENNEDY a question he turned off his tape recorder.

-357-

ANDREW WEST stated that after Senator ROBERT F. KENNEDY and his wife, ETHEL KENNEDY, left the stage he followed them to ask additional questions, but Senator ROBERT F. KENNEDY was out of his sight for a short time after he left the stage. ANDREW WEST stated that after Senator ROBERT F. KENNEDY left the stage, he proceeded to a small anteroom and hallway behind the stage of the Embassy Room at the Ambassador Hotel, and at this time he was trotting to catch up with Senator ROBERT F. KENNEDY. ANDREW WEST stated that as he reached the hallway behind the stage and turned right, he saw Senator ROBERT F. KENNEDY, his wife ETHEL KENNEDY, and a number of campaign supporters and news media people immediately in front of him. ANDREW WEST stated that he started through the group of people in the direction of Senator ROBERT F. KENNEDY. ANDREW WEST stated as he approached Senator ROBERT F. KENNEDY he heard noises which sounded like gun shots, and at that time he instinctively turned on his tape recorder. ANDREW WEST stated that at the time he did not know, for a fact, that the sounds were gun shots, because people had been exploding balloons and the sounds were similar. However, on this occasion, he did notice that the sounds he had heard did not sound the same as the balloons he had previously heard exploding. ANDREW WEST stated he also believes he heard a woman scream at this time. ANDREW WEST stated that at this time he was approximately four or five feet away from Senator ROBERT F. KENNEDY and was directly in front of him with a number of people between himself and Senator ROBERT F. KENNEDY. ANDREW WEST stated he then heard a woman scream "KENNEDY has been shot" or "The Senator has been shot", or words to that effect, and he then saw a man lying on the floor. ANDREW WEST stated he was very close to this man and as he looked over him he saw that it was not Senator ROBERT F. KENNEDY, but the man did look familiar. ANDREW WEST stated that he then noticed a second man lying on the floor a short distance away, and he went to the area of the second man who was lying on the floor and saw it was Senator ROBERT F. KENNEDY, and he observed

3

blood oozing from the back of his head. ANDREW WEST stated that after he saw it was Senator ROBERT F. KENNEDY on the floor, he immediately realized that someone was in the area with a gun, and he started looking for him. ANDREW WEST stated that he then noticed two men grappling with a third man within approximately six or eight feet of where Senator ROBERT F. KENNEDY was lying on the floor. ANDREW WEST stated that he had seen these men grappling almost immediately after he had first identified Senator ROBERT F. KENNEDY as one of the two men lying wounded on the floor. ANDREW WEST stated that in connection with his observation of the men grappling, he saw a hand with a pistol in it, and he saw another hand, which was wrapped around the hand holding the pistol. ANDREW WEST stated that he then went in the direction of the pistol and he saw ROOSEVELT GRIER holding a man, and he then noticed that the gun was pointing at him. ANDREW WEST stated that he then pulled away and also told people in the general area to get away from the gun. ANDREW WEST stated that at about the same time he recognized a person he believed to be RAFAEL JOHNSON holding on to the hand holding the gun. ANDREW WEST stated that he then saw that the pistol had been taken away from the man holding it, and when he saw that the gun was broken away from the hand holding it, he turned his direction elsewhere and left the room. ANDREW WEST stated that at that time he was satisfied that help was on its way for Senator ROBERT F. KENNEDY and that the assailant had been arrested. ANDREW WEST stated that he was unable to describe the assailant or furnish any descriptive data relative to him. ANDREW WEST stated that the reason he was unable to describe the assailant was because he had concentrated his entire attention on the pistol and the activity relative to taking the pistol away from whoever was holding it. ANDREW WEST stated that he noticed only one man, although he had looked for additional people who could be with the assailant, and he had only seen this one man holding the pistol.

ANDREW WEST stated that he had seen SIRHAN SIRHAN's photograph in the newspapers and he was unable to identify the individual in the photographs as the individual he had seen with the gun on June 5, 1968. ANDREW WEST was shown a photograph of SIRHAN SIRHAN,

, and he stated he was unable to identify the individual in the photograph as the individual he had seen with the gun on June 5, 1968. ANDREW WEST stated, however, that he could not say that SIRHAN SIRHAN was not the assailant, and the only reason he did not take a closer look at the individual was because he had concentrated his attention on the pistol.

a copy of a tape recording made by ANDREW WEST,
, in the early morning of June 5, 1968, at
the Ambassador Hotel Los Angeles, California, which contained
the following information:

KENNEDY: "Mayor YORTY has just sent me a message that we have
been here too long already. (Screaming) So, my
thanks to all of you and now onto Chicago and let's
win there. (Screaming and yelling, We Want BOBBY
over and over again).

REPORTER: "Senator, how are you going to counter Mr. HUMPHREY
and his backgrounding you as far as the delegates
votes go?

KENNEDY: "It just goes that you have to struggle for it.

REPORTER: "Senator KENNEDY has been shot! Senator KENNEDY has
been shot, is that possible? Is that possible! Is
it possible, ladies and gentlemen...it is possible
he has...not only Senator KENNEDY, oh my God,
Senator KENNEDY has been shot and another man, a
KENNEDY campaign manager and possibly shot in the
head. I am right here...RAFER JOHNSON has a hold
of the man who apparently has fired the shot, he
has fired the shot...he still has the gun...the
gun is pointed at me right at this moment! I
hope they can get the gun out of his hand. Be
very careful...get the gun...get the gun, get the
gun, stay away from the gun, (person in background
says get the gun)...stay away from the gun (people
are yelling loud)...his hand is frozen, get his
thumb, get his thumb, get his thumb. (Man cried
out get his head). Take a hold of his thumb and
break it if you have to...get his thumb (yelling
in background). Get away from the barrel, get
away from the barrel, man. (People cried out watch

-362-

the gun, watch the gun). Look out for the gun, okay. All right that's it RAFTER get it, get the gun RAFTER (yelling loud get the gun). Okay, now hold on to the guy, hold on to him, hold on to him. Ladies and gentlemen they have the gun away from the man, they got the gun...I can't see the man, I can't see who it is. Senator KENNEDY right now is on the ground, he has been shot. This is a...this is... What is he? Wait a minute, hold him, hold him, hold him. We don't want another OSWALD, hold him RAFTER. We don't want another OSWALD. (You can hear police whistles in the background). Hold him RAFTER keep people away from him, keep people away from him. All right ladies and gentlemen this is now... Make room, make room, make room, make room, make room. The Senator is on the ground he is bleeding profusely, from apparently...clear back. Apparently the Senator has been shot...from the, in the frontal area we can't see exactly where the, where the Senator has been shot; but, push back...come on... grab a hold of me, grab a hold of me and let's pull back, that's it come on get a hold of my arms and let's pull back, let's pull back. All right the Senator is now the...the ambulance has been called for and the... ambulance has... Bring the ambulance in this entrance. This is a terrible thing, its reminiscent of the Valley, the other day when the Senator was out there and somebody hit him in the head with a rock and people couldn't believe it at that time. But it is a fact. Keep room, ETHEL KENNEDY is standing by, she is calm, she is raising her hand high to motion people back she's attempting to get calm. A woman with a tremendous amount of presence, a tremendous amount of presence it's impossible to believe. It's impossible to believe this. There is a certain amount of fanaticism here now, as this has occurred. They are trying to run everybody back. Clear the area, clear the area. Right at this moment... the Senator apparently, we can't see if he's still.

conscious or not. Can you see if he is conscious? Can you see if he is conscious? (someone answered. I know he is half conscious). He is half conscious... and ladies, we can't see ladies and gentlemen. (yelling) One of the men, a KENNEDY, apparently a KENNEDY supporter is going first...come on, come on, out, out, out... Is there some way to close these doors JESS? (No). Is there any doors here? (No). (yelling people saying out, out, out, get out). Out, out through the exit, lets go. Out we go...unbelievable situation. They're clearing the halls, one man has blood on himself. We're walking down the corridors here. Repetition in my speech, I have no alterative. The shock is so great...my mouth is dry... I can only say that here in the kitchen of the Ambassador Hotel, the back entrance; from the podium in the press room the Senator walked out the back, I was directly behind him. You heard a balloon go off, and a shot, you didn't really realize that the shot was a shot and yet a scream went up, two men were on the ground both bleeding profusely. One of them was Senator ROBERT KENNEDY. At this moment we are stunned, we are shaking, as is everyone else, in this kitchen corridor at the Ambassador Hotel, in Los Angeles. They are blocking off the entrance now...supposedly to make room for the ambulance. That's all we can report at this moment. I do not know if the Senator is dead or if he is alive. We do not know the name of the other gentlemen concerned. This is ANDREW WEST

"I presently reside at _____ and am employed by the Ambassador Hotel, Los Angeles, California, as Assistant Maitre D'.

"On the evening of June 4, 1968, I was assigned to assist Senator Robert F. Kennedy. I attended him during the course of his victory speech in the Embassy Room of the Ambassador Hotel. After the speech, I took his hand and led him through the passage way behind the stage, leading to the kitchen.

"Pass the kitchen doorway, Kennedy stopped to shake hands with two of the kitchen help. While Kennedy was still observing the last individual he shook hands with, I took his hand to lead him along. As I took his hand to lead him along, somebody reached around me and before I knew what happened two shots were fired and the Senator fell to the ground. I immediately grabbed the gun hand of the assailant and pushed him onto the steam-table. During this time he, the assailant, continued to fire the gun. I grabbed him around the neck in an effort to hold him down, continuing to hold down the hand with the weapon in it. Shortly thereafter, I recall someone behind me saying let him go. On turning around, I observed it was the police. I"

EDWARD MINASIAN, who is employed in the catering department at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, and who resides at

after having been advised of the identity of the interviewing Agents, stated that he had appeared before the Los Angeles County Grand Jury that morning and had identified SIRHAN BISHARA SIRHAN as the individual whom he saw shoot Senator ROBERT F. KENNEDY and whom he had helped to subdue. He thereafter furnished the following signed statement:

"Los Angeles, California
June 7, 1968

"I, Edward Minasian, make the following free and voluntary statement to _____, and _____, who have identified themselves to me as Special Agents of the Federal Bureau of Investigation.

"I reside at _____ and I am employed in the catering department at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California. I have been so employed for approximately five years.

"Shortly after midnight of June 4th, 1968 Senator Robert F. Kennedy finished making a statement to his supporters in the Embassy Ballroom at the Ambassador Hotel. The original plans, upon the conclusion of his speech was to turn left, and go downstairs to the Ambassador Ballroom and at the last minute plans were changed to take Senator Kennedy and his party to the Colonial Room, which was the working press room. In order to follow through with these plans, it was necessary to go through the pantry adjoining the Embassy Room.

-367-

"I was leading the party, and was on the Senator's right, about one step in front. After about fifteen feet inside the pantry door, I sensed the Senator was not as close as when we started into the pantry. I turned to my left, and observed the Senator shaking hands with hotel employees on his left. My partner, Karl Uecker, was on the Senator's left, and about one or two steps in front of him. While the Senator was shaking hands I saw out of the right corner of my eyes someone darted behind my partner, and reached around him, with a gun in his right hand. Before I could react, he fired two shots. My partner grabbed the gunman in a headlock, and I grabbed him around the waist, and forced him up against a steam table. We could not control his gun hand until after he fired a number of shots in rapid succession. A number of the Senator's party helped us to subdue the man and take the gun away. I saw Rafer Johnson put the gun in his pocket.

"At this point I ran to the room-service telephone and called for an ambulance and the police. As I ran to the phone, I noticed the Senator lying on the floor with his head in a pool of blood and his eyes shut. One of the bus-boys, Juan Romero, kneeling down by the Senator. When I returned from the phone, approximately one minute later, I noticed that the Senator's eyes were open, and that there were many more people in the immediate area. I returned to where the gunman was being held down, and remained there until the Los Angeles Police arrived to take custody of the gunman. While there, I heard Rafer Johnson ask the man repeatedly, 'Why did you do it, why did you do it?' The man looked at me and said, 'Let me explain, I can explain.' At this point someone told him to shut up. Within approximately ten minutes the police arrived and took custody of the man. Uecker and I escorted the police to the Wilshire entrance, and then returned to the pantry, and by the time we got there the Senator and others who had been shot had been taken away by ambulance.

"The only other individual who I saw shot was the man from the , whose name I cannot recall.

Mr. BORIS YARO, was telephonically contacted at his residence for the purpose of arranging an interview to determine how his business card came into possession of the police in connection with a search of the residence of suspect, SIRHAN SIRHAN. Mr. YARO advised that he is a staff writer and photographer for the and was about to depart for Las Vegas, but volunteered to come to the Los Angeles Office of the FBI to furnish any information desired. Upon arrival he offered as a matter of expediency to type up a rough resume of his activities in connection with the ROBERT F. KENNEDY assassination and wrote as follows regarding the evening of June 4, 1968:

"Boris Yaro,
7:23 p.m.---

6/7/68

"I arrived at the Ambassador Hotel shortly after 11 p.m. I was with two members of Alpha Epsilon Pi fraternity at USC--they were Marc Dubin and David Druker.---I had been watching the primary on television at the fraternity and had decided to go to the Kennedy headquarters when it became apparent that the Senator was going to win the Calif. Primary. I wanted to shoot some pictures of the Senator for my own personal reasons. I am A Democrat and had voted for the senator.

"When the three of us arrived I quickly determined that the Press had a better vantage point and I told the boys that I would meet them outside the press room after the Senator had made his victory speech. I went inside and talked with photographer Steve Fontanini and reporter Paul Houston.--I saw some people going through the kitchen door from the Press Room as if something was going on, and I checked and observed the Senator coming out from the ballroom. I went back and told Steve Fontanini if he wanted a picture of Kennedy he had better hurry--we both went into the kitchen corridor area and were too

-370-

"late to get a picture. I never saw Fontanini at the ambassador again that night.--I went into the main ballroom and worked as close to the front of the podium as possible..I made eight to ten pictures--which satisfied me --then went back into the kitchen area in hopes of getting a closeup as Kennedy left.--while there I talked with Richard Drew, a friend of mine who is a staff photographer with the --
When Kennedy came back I aimed my camera but he was moving so quickly that I missed him.

"Drew made the comment 'Hey Boris, you missed him.' So I ran to catch up with the senator when he stopped at the corridor junction to shake hands with some people. I was about three feet behind and to the right of him and was trying to find his head in my camera view finder when I heard what I thought were two (2) explosions. My first thought was 'some jerk has thrown some fire crackers in here.'

"all of a sudden the two or three people that had been blocking my view of the Senator disappeared leaving me with a full view of what was happening..

"The senator and the assailant were little more than silhouettes but the senator was backing up and putting both of his hands and arms in front of him in what would be best described as a protective effort. The suspect appeared to be lunging at the senator, I don't know which hand the gun was in--I didn't realize it was a gun until he started firing again--this time I could see the flashes from the short barreled muzzled--I heard no sounds from either man. I felt powder from the weapon strike my face--I knew it was a gun then. I thought I had heard three shots, in retrospect I know it is more, however.---

"All of a sudden the firing stopped and some men jumped the suspect and there were cries of get him, get the gun,--much shouting.

"I must have moved closer to the suspect when all of a sudden he was being flattened on the freezer table by two

"caucasians--I saw the suspects hand reach toward the weapon and I grabbed the gun and had it almost immediately yanked out of my hand by one of the men holding the suspects left hand.--I looked to see who it was--The man was a caucasian--5 feet or taller, with sandy hair, green business suit and I think a white shirt and tie.--My attention then shifted to the Senator--who was slumping to the floor--blood on his face--I began to take pictures--I shot 5 pictures--but was interrupted by a panic stricken woman who kept telling me 'don't take pictures.' I remarked to her 'Lady, this is history.' however she kept pulling on my arm (my right arm--So I shoved her into the wall and kept shooting_ more--

"As I watched the senator through my viewfinder I saw that he was badly hurt. I saw a large amount of blood drain from his right ear.--At this point I ran back to the press room in an attempt to notify our paper which was rapidly approaching a deadline.

"None of the phones that I tried in the press room would work so I ran into the main hallway and found David Druker, one of the two boys I had brought with me, still outside.--I told him that Kennedy had been shot, to find Marc and lets get the film down to the

"He came with me until I found a telephone, a pay booth behind some folding mirrors in the Cranston headquarters.--I told him I would wait there until he brought marc cubin back...-

"They appeared about two minutes later and we ran out the back entrance to the hotel--to where I had parked the car which was on Eighth St. right across from the driveway to the hotel's parking lot.---

"As we were running out of the parking lot closest to the hotel a LAPD sgt arrived with red lights on.--I waved at him to stop and told him Senator Kennedy had been shot--Then continued my run to the car--I shouted at the parking lot attendant to keep 'the driveway open for an ambulance.'--

"I ran every-red light, stopping first I must add, on my way downtown to ...--

"I have seen photographs of the suspect held in the shooting of Senator Kennedy and can definitely identify him as the person who is shooting the Senator in the Ambassador Hotel early in the morning of June 5, 1968.

"To my knowledge I have never seen this man before hearing the explosions of the pistol shots and have had no contact, whatever, with him.

"RE: Yaro business card in possession of LAPD.

"On Wednesday Morning, June 5, James Wiggins, editor of the San Gabriel Section said that our city desk requested that I go to an address on Howard Street in Pasadena. This was alleged to be the suspect's home. I came from our Temple City office, which is east of Pasadena and consequently was driving on Howard St. eastbound when I observed Richard Drew and Robert Leedom in front of a white house which was not the address I had been given. I also observed an unmarked police car and surmised that this is the correct address. I got out my car and talked with Drew and Leedom--there were two LAPD officers (detectives in plain clothes. I know this because I asked if they were LAPD or FBI and they answered they were lapd.

"No one was in the house because I could hear the phone ringing and no one answering it.--The cops didn't try to stop either Drew or myself from wandering around. I walked into the back yard and saw a box of trash. I started going through it to see if there was anything I could find that would give us a hint of who the suspect was and where he was from. I lifted a couple of pieces of newspaper and discovered a spent .22-caliber slug. I told Dick Drew to 'quick, go get the cops.' He did and detective Edward Willis came back.--I showed him the slug--he looked at it, but did not attempt to pick it up. --a few minutes later he asked for my name--I gave it to him, then I gave him one of my business cards--He asked for my home phone and address which he subsequently, and in my presence, wrote on the back of my card, which he kept. I assume this is how Los Angeles Police came to have my business card in their possession."

VINCENT THOMAS DI PIERRO,
an employee of the Ambassador Hotel,
3400 Wilshire Boulevard, Los Angeles, furnished the following
signed statement:

"Los Angeles, Calif.
June 7, 1968

"I, Vincent Thomas Di Pierro, born 2/5/49, and
residing at _____
home phone number _____ furnished the following
voluntary statement to _____ who has
identified himself to me as a Special Agent of the
Federal Bureau of Investigation. _____ has
advised me that I may be required to testify in
Federal Court regarding this statement.

"I am employed as a waiter at the Ambassador
Hotel and although I was not working in that
capacity at the hotel on June 5 1968, I was present
at the hotel to observe Senator Robert Kennedy's
victory speech. I arrived at the Ambassador Hotel
after leaving my home at approx. 11:35 pm and went
to the Ambassador Room which is below the Embassy
Room. I then left the Ambassador Room and went upstairs
to the kitchen via back stairs to avoid hotel security
guards. I arrived in the kitchen and then went to
the pantry area. My reason for doing this was to
shake hands with Senator Kennedy. Shortly after
this Senator Kennedy entered this room and then exited
to the Embassy Room. As he went out the door to the
Embassy Room Senator Kennedy shook hands with me and
then went out into the Embassy Room. As I entered in
this small room I was challenged by a hotel security
guard but Martin Patrusky, a hotel employee, told him
I worked for the hotel.

374

"I remained by the door leading to the Embassy Room and shortly thereafter, Eddie Monasien, another hotel employee, told me that Senator Kennedy was finished his speech and that he was going to the Colonial Room for a press conference and that I was to make an aisle for him. Senator Kennedy, after his speech, then left the stage in the Embassy Room and went through a door at the rear of the stage. He then turned to his right, walked down a ramp and was then in the same room as I was. As Senator Kennedy walked through this room I began walking next (approx. 3 feet) to him. Senator KENNEDY walked through the swinging door on the left side and I went through the swinging door on the right side. At this time we were both (Senator Kennedy and I) in the kitchen.

"There were approx. 40-50 people were in this pantry room including hotel employees and spectators. I was walking next to Senator Kennedy while in the pantry area and at that time another unknown individual walked between myself and Senator Kennedy. At that time I was then walking approx. 5 feet away and slightly behind Senator Kennedy.

"I was stopped at the ice machine when Senator Kennedy stopped, shook hands with Martin Patrusky, turned and shook my hand as I was standing on the Senator's right, then turned to his left and went to shake hands with a busboy. Senator Kennedy then moved to his right and toward the heating cabinets to shake hands with a hotel cook and a female Caucasian standing next to the cook. At this time I stopped to observe Senator Kennedy as did the others in the room.

"Prior to this occurrence and the time that Senator Kennedy shook my hand I observed a white male and a white female standing on a tray holder at the opposite end of the ice machine which is approx. 12 - 15 feet away. This white male turned toward the white female

"and appeared to converse with her very briefly. He then dismounted from the tray holder went into the crowd and I did not observe him until shortly thereafter when I then saw him standing at the heating cabinet behind Mr. Karl Uecker, another hotel employee. I did not see this white female again after this time.

"As Senator Kennedy shook the hand of the hotel cook he then turned to his right in the direction of the heating cabinet and at that time I saw the white male who was previously standing on the tray holder now standing behind Mr. Uecker at the heating cabinet. I saw this individual reach his right arm around Mr. Uecker and in his hand he had a revolver which was pointed directly at Senator Kennedy's head. The revolver was about 3 - 5 feet from Senator Kennedy's head. This individual then shot Senator Kennedy in the head. Senator Kennedy at this time threw his hands and arms up, reeled backwards and fell to the floor. During this period of time and after the first shot was fired I heard 3 more rapidly fired shots.

"At this time the individual standing next to me on my left fell into my arms and I saw that he had been shot in the forehead. I cradled this person to the floor, then went to the aid of Senator Kennedy who was on the floor and being helped by the bus boy. Senator Kennedy was dazed and said "Is everybody alright?" Senator Kennedy said "I'm alright" then mumbled something else.

"I then observed the individual who shot Senator Kennedy being subdued by Rainer Johnson, Karl Uecker and Roosevelt Grier. I saw someone hand Senator Kennedy a rosary and was then asked

to leave by Mr. Unruh who is a State Senator.

"The same white male that I saw standing on the tray holder is the same person who stood behind Mr. Uecker and shot Senator Kennedy and was later taken away by Los Angeles Police Officers after being captured by Mr. Johnson, Mr. Grier and Mr. Uecker.

"I have read the foregoing statement, consisting of this page and four (4) additional pages and it is true and correct to the best of my knowledge.

In addition to the above signed statement, DI PIERRO furnished the following information:

He stated that both of the individuals described in the signed statement, who were standing on the tray holder, one of whom was the gunman who shot Senator KENNEDY were not seen by him in the hotel at any time prior to the above described incident. He stated the gunman was dressed in what appeared to be a powder blue sport coat and white shirt and wearing what appeared to be blue pants with a small white check in them. He stated that the white female standing on the tray holder with the gunman would be described as follows:

White, female, 5'4" - 5'6", 21 to 25 years of age, dark brown hair, shapely figure wearing a white dress, described as form fitting, with a scoop neck and ruffled collar, and the dress appeared to have black or dark violet polka dots. He stated that he thought he might recognize her again if he saw her, but did not have the opportunity to observe her after the shooting occurred.

JUAN ANTONIO ROMERO,
was interviewed at the Ambassador
Hotel, Los Angeles, where he is employed as a busboy.

He furnished the following information, including
the signed statement set out below:

"Los Angeles, California
June 6, 1968

"I, JUAN ANTONIO ROMERO, hereby furnish the
following voluntary statement to
and who have identified themselves
to me as Special Agents of the Federal Bureau of
Investigation. I have been advised that I could be
required to testify in court regarding this matter

"I was born June 24, 1950, at
I entered the United States approximately 1962 I
reside with my stepfather, FLAVIANO ROMERO, and my
mother, ANTONIA ROMERO, at

I am in

I am employed as a room service busboy at the
Ambassador Hotel and have been so employed for
approximately 2 1/2 years

"On June 4, 1968, I arrived at the hotel
at approximately 3:30 p.m. and was assigned to
room service as a busboy. I assisted the waiters
with the deliveries to the various rooms. These
duties took me to the kitchen on several occasions.
There were eight or ten waiters assigned to room
service and two busboys including myself. Because
there were so many waiters assigned I had freedom
to move around.

"At approximately midnight I was in the Embassy
Room with JOSE CARDENAS and NICOLAS VALENZUELA. I

"observed Senator KENNEDY completing his talk to the people in the Embassy Room and noticed him shaking hands with the people.

"I knew he was about to leave the Embassy Room and that he would pass through the hallway near the kitchen. My companions and I rushed over to the hallway to await Mr. KENNEDY so that we could shake his hand. I had shaken hands with Senator KENNEDY on two previous occasions.

"I took a position in the hallway just in front of the opening that leads to the kitchen. There were approximately 15 to 20 people in the hallway.

"Senator KENNEDY came through the door accompanied by approximately five men. He seemed to recognize me. I was smiling and Senator KENNEDY was smiling. He held out his hand and I shook it. Senator KENNEDY kept walking for approximately one or two steps.

"I continued to observe him and I noticed a man who was to my left and who was smiling and who appeared to be reaching over someone in an effort to shake Senator KENNEDY's hand.

"At about the same time I heard gunfire and I noticed that this individual was holding a gun in his hand, which hand not recalled, and that the gun was approximately one yard from Senator KENNEDY's head.

"I observed Senator KENNEDY placing his hands to his face and he staggered backwards a few steps and slumped to the floor.

"I immediately turned my attention completely to Senator KENNEDY and I ignored the gunman. I knelt on the floor at Senator KENNEDY's left side and I placed my right hand behind his head and slightly lifted his head. At this time I felt blood in my right hand.

"I said, "Come on Mr. KENNEDY you can make it " His lips moved and he seemed to say, "Is everybody all right?" I heard someone say, "Throw that gun away Mr. KENNEDY," and I noticed he was chewing gum. I started to reach for the gun but did not as I did not want to put my fingers in his mouth. His right eye was wide open and his left eye was opening and closing.

"A white man, age not known, handed me a rosary and said, "Keep this Mr. KENNEDY " This man said something else which I could not understand. I placed the rosary around Senator KENNEDY's thumb and folded it in his left hand. He moved the hand with the rosary up to his chest.

"I looked up and I noticed that several people were taking pictures of Senator KENNEDY with cameras and TV cameras. I shouted for a doctor and a tall white man, approximately 30 - 35 years old, approached Senator KENNEDY, took off his coat and folded it and placed the coat under Senator KENNEDY's head.

"I got up from the floor and I noticed another man who was on the floor and who had blood on his forehead. This individual was very still.

"At about the time I got up, Mrs. KENNEDY came rushing up and pushed me out of the way.

"I went to see if the gunman was in custody. I saw a man who was being held down on the heating table by at least four men. I noticed that ROOSEVELT GRIER was one of the men and he was holding part of the man. GRIER had the gun away from the man at the time. I saw RAFAEL JOHNSON take the gun from GRIER. CARL, one of the headwaiters, was holding the man's head and a small Japanese cook was holding down the man's right arm.

"The man I observed holding the gun and shooting Senator KENNEDY is the same individual I later observed being held by two Los Angeles Police Officers as they were taking him from the hotel.

"I do not recall ever having seen the individual who did the shooting prior to the shooting of Senator KENNEDY.

"I have read this statement of this page and four other pages. It is true and correct.

Special Agent, FBI, Los Angeles,

, SA, FBI, Los Angeles, California;

ROMERO stated that he did not know how many shots were fired but that there were more than one. He said that there may have been some pause between shots, but he could not estimate the time of the pause. He did not notice any prolonged pause between any of the shots.

While he was assisting Senator KENNEDY, he heard someone say, "Get the gun, get the gun" several times, and he also heard people scuffling. He did not pay any attention to the individuals who were scuffling as he was concentrating his attention on Senator KENNEDY.

He did not notice the other individuals who were wounded except for the man who was lying on the floor with the blood on his forehead.

Approximately two days before the shooting occurred, date and time not recalled, he was working at the hotel when he was approached by two white males. He recalls that one of the white males was very stout, approximately six feet tall, and approximately 45 years old. He does not recall any of the description of the other individual. The stout one talked to him and asked him where he could get a hotel jacket similar to the one that ROMERO was wearing. He told ROMERO that they were police officers, but ROMERO did not ask for or see any identification.

ROMERO reluctantly took these individuals down to the supply room area, but when they arrived there, the supply room was closed.

Both of these individuals were wearing a KENNEDY sign which was secured with a chain around their necks.

He has not seen these individuals since the above occasion and had not ever seen them before. They did not say why they wanted the jackets.

ROMERO stated that photographs of the individual he has seen in the newspapers and on television are the same individual he observed shooting Senator KENNEDY.

MARTIN PATRUSKY was interviewed at the Ambassador Hotel, Los Angeles, California, where he is employed as a waiter.

"I, Martin Patrusky, furnish the following voluntary statement to _____, who has identified himself to me as a Special Agent of the Federal Bureau of Investigation. He has advised me that this statement may be used as evidence in a court of law.

"I was born in the _____ on March 26, 1939 and spent most of my life in the _____ with the exception of two years that I served in the U.S. Army. In September 1966 I left _____ and came to Los Angeles where I secured employment as a waiter at the Ambassador Hotel.

"I have been a waiter at the Ambassador Hotel from that time to the present.

"I work various hours at the Hotel Ambassador as a waiter depending upon the type of function that is being presented.

"On June 4, 1968 I was assigned to the Embassy Room of the Ambassador Hotel as a waiter to serve drinks at a political reception for Senator Robert Kennedy. I reported for roll call at 5:00 p.m. and during the evening served drinks in the Embassy Room and several other rooms.

"The Embassy Room has a stage which is just west of the kitchen area and from the rear of the stage is a corridor which runs east into the kitchen area and a large serving room. At about midnite, the night of June 4, 1968, Senator Kennedy was brought down on a freight elevator and he

- 384 -

"proceeded through the kitchen area and the serving room to the rear of the stage of the Embassy Room and entered the stage.

"I was in the kitchen serving area at the time and saw him as he went to the Embassy Room stage.

"I stayed in the kitchen serving area watching the speech of Senator Kennedy on a TV monitor.

"In about 15 or 20 minutes Senator Kennedy and a group of people came through the door from the Embassy Room to the kitchen serving area. Karl Ucker, Assistant Maitre D' Hotel had Senator Kennedy's left sleeve in his hand and Ucker was attempting to lead Senator Kennedy through the crowd.

"I was standing in the serving area near a small silver table and as Senator Kennedy approached me I said to Senator Kennedy, 'Congratulations, Mr. Kennedy'. Senator Kennedy shook my hand and said 'Thank you'. Senator Kennedy then turned to his right and shook hands with Vincent Di Pierro, a fellow waiter. Senator Kennedy then turned to his left and shook hands with a chef and a bus-boy, Juan Romero.

"After Senator Kennedy shook hands with Juan Romero I noticed a man pushing his way toward Senator Kennedy and Karl Ucker. I thought this man was going to shake hands with Senator Kennedy. He pushed himself around to the right of Ucker. This man leaned around the left side of Ucker's body and extended his hand toward Senator Kennedy. I do not know if this man extended his left or right hand. I immediately heard a sound like that of a firecracker. A second later I heard a series of sounds like fire crackers.

"Karl Ucker swung about and grabbed this individual by the neck and I then heard more sounds like fire crackers.

"I saw Senator Kennedy falling backwards. I looked across the serving room and saw a man falling back against Vincent Di Pierro and blood appeared on the eye glasses of Di Pierro. I also saw a man standing next to Senator Kennedy grab his stomach and fall backward.

"I saw a group of men grabbing a man who was lying face down on the steam table in the serving room. The muzzle of a gun was extending beyond the group and the gun was being waved around before some one grabbed it from the man.

"I then saw Senator Kennedy lying on the floor and a pool of blood was forming under his head. I was then pushed back by the crowd into the cooks eating area. I assisted Mr. Angelo, the Maitre D' to close off the kitchen area part with wooden benches.

"While Senator Kennedy was speaking in the Embassy Room I was in the serving area and at that time there were about twenty persons in the serving area. About half of these persons were hotel employees and about half were outsiders. As I have mentioned the serving room is just east of the Embassy Room stage.

"While Senator Kennedy was speaking I noticed a man standing on a rack full of trays in the serving area. This tray rack has wheels and is raised about six inches off the floor.

"This man was standing on the tray holding on to it to maintain his position on the rack as it was full of trays. This man was looking from the service area through the door to the back of the

stage where Kennedy was speaking. I got a good look at this man. He is the same man who later approached Senator Kennedy with outstretched hand at the time I heard the sound like rifle crackers.

"This is also the same man with whom various persons struggled after Senator Kennedy was shot.

"I would describe this man as age twenty five to twenty nine years. He was five foot four inches to five foot six inches and weighed about one hundred twenty to one hundred thirty pounds. He had black curly hair and appeared to be Cuban or Latin American. He had an olive skin.

"He was wearing a blue jacket and possibly blue or black pants. He was also wearing sneakers. I would recognize this man if I saw him again.

"I have read this statement which consists of this page and six other pages. It is true and correct.

Date

Mr. STANLEY KAWALEC, Security Officer, Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, advised that he was assigned as a guard at the hotel the night of June 4, 1968. KAWALEC advised that his station was in a hallway which is located directly behind a small anteroom which, in turn, is located directly behind the stage in the Embassy Room. It was on this stage that Senator KENNEDY was making his victory speech. The stage was separated from the anteroom by a closed curtain. The anteroom was occupied by musicians who had been playing intermittently during the evening and who assumed that location during Senator KENNEDY's speech.

Mr. KAWALEC stated that his main function was to keep the crowd which had gathered in the hallway out of the anteroom and in turn away from the curtain and stage area. KAWALEC stated that the hallway was very crowded but he observed no unusual activity in his area except that on one occasion, one of the band members in the anteroom came to him during the speech and claimed three "outsiders" were in the anteroom with him. KAWALEC advised that he ordered the three men out of the room and that they joined the main crowd in the hallway. KAWALEC was definite in saying that none of these men resembled the suspect, SIRHAN BISHARA SIRHAN.

KAWALEC advised that as Senator KENNEDY was completing his speech, he was ordered by the Chief Security Officer, Mr. WILLIAM GARDNER, to vacate the spot which he had directly behind the stage and assume a position in the Embassy kitchen area. The purpose of this station, according to KAWALEC, was to control the crowd and make a passageway for Senator KENNEDY from a side door of the Embassy Room through the Embassy kitchen to the Colonial Room where the Senator was to have a press conference. KAWALEC stated that when the Senator reached the kitchen, KAWALEC was standing at the end of a steam table, facing the Senator pushing the crowd behind him when he heard four distinct shots from a

-388-

.22 caliber gun, which he sensed passed him to his right. KAWALEC stated immediate confusion ensued and that he did not see the Senator hit nor fall, concentrating on the control of the crowd at that time. KAWALEC advised that the next action he observed was ROOSEVELT GRIER wrestling with an individual on the steam table. Having determined that Senator KENNEDY had been shot and had fallen to the floor, KAWALEC, together with two uniformed Los Angeles Fire Department firemen, endeavored to keep the crowd back from the Senator, allowing him air until assistance had arrived. KAWALEC continued this activity until the officers from the Central Receiving Hospital arrived with a stretcher and eventually placed the stretcher on a freight elevator leading to the ground level. KAWALEC stated that he rode the freight elevator with the Receiving Hospital officers and one of the guards, with perhaps two members of the KENNEDY staff. On reaching the ground level, they remained in the freight elevator until the ambulance arrived in the area. KAWALEC assisted in controlling the crowd near the ambulance while the stretcher was being placed therein.

KAWALEC was questioned as to whether or not he recalled having seen SIRHAN SIRHAN in the area of the kitchen prior to the Senator entering it, to which he answered that he did not have a distinct recollection but, having seen photographs of him on television and in the press, believes that he recalls seeing an individual with a hairdo similar to SIRHAN's in the large crowd which had been behind the stage and in the kitchen area.

Mr. KAWALEC was questioned as to whether or not he had seen a girl in a polka dot dress in this area and stated that there had been many girls in the crowd but he recalls no one in a polka dot dress.

Mr. KAWALEC was questioned as to how he was able to describe the caliber of the gun which had fired the four shots he heard and he stated that he has a .22 caliber gun of his own and that the resonance of the shots sounded exactly like the shots he had fired from his own weapon.

following signed statement:

"June 7, 1968
Los Angeles, California

"I, David Mark Esquith, make the following
free and voluntary statement to and
who have identified themselves to me
as Special Agents of the Federal Bureau of Investigation:

"I was born on September 25, 1946, and I now
reside at

I was a volunteer worker for Robert
Kennedy's presidential campaign, and I was present
at the Ambassador Hotel at the time Kennedy was shot
around 12:20 a.m. on June 5, 1968. For the better
part of the evening I was close to the podium in the
Embassy Room, helping keep people from going through
the door that was close to the podium and which led
to the room behind the podium. At no time during
the evening did I see the man who has been identified as
Sirhan Sirhan.

"I stayed in the area of the podium while
Robert Kennedy made his victory speech. At that
time I did not know which way he planned to exit
after his speech, nor did anyone else that I know of.
About 5 minutes before Kennedy ended his speech, I
was told that Kennedy was going to exit through the
kitchen. I am not sure who the person was that told
me that, but it may have been Jim Lowe, another
campaign worker.

-391-

"When Kennedy left the podium I was at the corner of it, right in front of the Kennedy girls. Irwin Stroll left right behind Kennedy, and then some of the press and part of Kennedy's group followed them. To the best of my recollection, I was next after that. At about the time I reached the door to the serving kitchen I heard some noises which I thought to be helium balloons popping or flashbulbs. There were about 5 such noises. Stroll came to me and said he had been shot, and I helped him back into the Embassy Room. Soon after that I left in a cab with Stroll for the hospital.

"About 5 minutes before Kennedy went to the podium, I walked through the serving kitchen and it was empty. I may have glanced into the kitchen at that time, but if so I did not take particular note of the people I saw in the kitchen. I think I would have noticed anyone in the kitchen who didn't have white clothes on.

In addition to the above information, ESQUITH advised that the following people were in the area of the podium at the Embassy Room of the Ambassador Hotel, at the approximate time that Senator KENNEDY was shot:

BILL COX

VICKY CUCCIA (claims she saw assailant at KENNEDY Headquarters on June 3, 1968.)

ANN FERGUSON

Mrs. TIFFANY JONAS

RICHARD ROSEN

AL ROTHSTEIN

ESQUITH could not furnish the addresses of these individuals but said they were all KENNEDY campaigners, who worked out of KENNEDY Headquarters on Wilshire Boulevard, Los Angeles, California.

ESQUITH further advised while working at KENNEDY Headquarters he had met a man whose first name was DAVID, last name unknown, who claimed to be an exercise boy at the race track. ESQUITH suggested that in view of the assailant's previous employment as a exercise boy, it might be helpful to contact this man to determine if he was familiar with SIRHAN BISHARA SIRHAN. ESQUITH furnished the following description of the man named DAVID, last name unknown:

Race	White
Sex	Male
Age	23 - 24
Hair	Long dark brown hair with long sideburns.
Height	5'11"
Weight	135 pounds

ESQUITH suggested that JUNE ISAACSON, a supervisor at KENNEDY Headquarters, would have additional information as to who DAVID was and where he might be contacted.

1Date 6/6/68~~ROBERT RAY PRESHEARS,~~

was interviewed at his place of employment,
the
and furnished the following information:

His wife, CAROL, has been a volunteer campaign worker for the KENNEDY organization. He was with CAROL at the Ambassador Hotel on the evening of June 4, 1968, for the election party. He was in the Embassy Room of the hotel, standing behind the stage, late in the evening watching a television monitor as Senator KENNEDY was speaking. Toward the end of the talk he walked to a position against the west wall about ten to twelve feet from the double doors leading to the kitchen area. When the speech had ended, a large group of people, including JESSE UIRUH and presumably Senator KENNEDY, came through the drapes in back of the stage and walked past him. He did not see Senator KENNEDY but just as the group passed into the kitchen area through the double doors, he heard four shots, the first shot sounding like a balloon popping. After the second and third shots, he was certain that the noise was gun shots, possibly from a small barrel gun. The shots were in rapid succession and sounded like they came from the same weapon. He did not attempt to enter the kitchen area where the noise came from, but shortly thereafter a news man came out of the area and gave a brief account of what had happened.

People milled about the area and a short while later they were all ushered, including himself, down the hall to the downstairs ballroom. He stated he did not see SIRHAN BISHARA SIRHAN and has no knowledge of this individual. He recalled that shortly before the KENNEDY party entered the double doors leading to the kitchen area, several news and television people were in the kitchen area working with cables and other television equipment. He does not know the motive for the shooting.

ACQUELINE SULLIVAN was contacted at _____ advised of the identity of the interviewing Agent and that the interview was concerning the shooting of ROBERT F. KENNEDY.

SULLIVAN stated that at approximately 12:10 a.m., June 5, 1968, she and another "Kennedy girl" named CAROL BRESHEARS, left the Embassy Room of the Ambassador Hotel where KENNEDY was speaking and went into an adjoining kitchen area, in order to stop getting pushed and shoved by the newsmen. SULLIVAN stated that since people had not been allowed out of the front door of the ballroom while they were waiting for KENNEDY to arrive, some people had used the adjoining hallway and kitchen as a means of getting drinks and as a means for getting to a restroom. SULLIVAN stated that she noted at that time that the kitchen doors were wide open because it was hot in the Embassy Room. SULLIVAN stated that the only persons she noticed in the hallway and kitchen were hotel employees in their white uniforms and some men dressed in suits and ladies with dresses who were grouped around a monitor in the hallway.

SULLIVAN stated that she was next to a refrigerator (on the left side of the hallway as one faced the kitchen) when KENNEDY passed by at approximately 12:15 a.m. and was proceeding to shake hands with the kitchen help who had lined up on the left side of the hallway to greet him. SULLIVAN stated that an unidentified man then asked her if KENNEDY had passed by yet. SULLIVAN then replied "yes" to the unidentified man and then pointed to where KENNEDY was standing. At that instant she heard sounds like "pop, pop, pop, pop" in a rapid succession and she saw KENNEDY and another man fall to the ground. SULLIVAN stated that she did not see who shot KENNEDY and that she did not see any gun that may have been used to shoot KENNEDY.

SULLIVAN stated that pandemonium broke loose and that her primary concern was for her safety because people were pushing and shoving. SULLIVAN stated that she did see an

- 401 -

unidentified male completely surrounded by some of the men of the KENNEDY entourage, but she has no idea as to his description or identity.

SULLIVAN stated that she had seen pictures of SIRHAN BISHARA SIRHAN on TV and in newspapers but that she could not recall seeing him at the hotel at any time prior to the shooting of KENNEDY and she could not recall seeing him at any of the prior KENNEDY rallies which she attended as a "Kennedy girl".

GEORGE GREEN, a KENNEDY campaigner, was contacted at _____, was advised of the identity of the interviewing agent and that the interview was concerning the shooting of Senator ROBERT F. KENNEDY.

GREEN stated that he was in attendance when KENNEDY was speaking at 12:10 a.m. on June 5, 1968 at the Embassy Room, Ambassador Hotel, Los Angeles, California. GREEN stated that just as KENNEDY finished speaking, GREEN left the Embassy Room, went down stairs to a lower kitchen and was headed for the upper kitchen area adjoining the Embassy Room.

GREEN stated that just before he came through the upper kitchen area doorway he heard popping sounds which seemed to GREEN to be firecrackers. GREEN stated that the sound continued as he came through the doorway.

GREEN stated that once inside the kitchen door, he noticed a woman in her 20's with long blond free flowing hair in a polka dot dress and a light colored sweater and a man 5'11", thin build, black hair and in his 20's. GREEN stated that this man and woman were running with their backs toward him and they were attempting to get out of the kitchen area. GREEN stated that the reason he noticed them was that they were the only ones who seemed to be trying to get out of the kitchen area while everyone else seemed to be trying to get into the kitchen area.

GREEN stated that he then jumped up on top of a food preparation table to try to assist RAFAEL JOHNSON and ROOSEVELT GRIER who were subduing the male who had a gun in his hand. GREEN stated that after the male had been subdued, GREEN was still on the food preparation table and that he then saw KENNEDY lying on the floor and GREEN realized that KENNEDY had been shot.

GREEN stated that he had not actually seen the shooting of KENNEDY and that he had never seen SIRHAN BISHARA SIRHAN at any of the prior KENNEDY rallies that GREEN had attended.

~~Miss SUSANNE LOCKE,~~
, furnished the following information:

She was a volunteer worker for Senator ROBERT F. KENNEDY during his campaign and was attending the election returns party in the Embassy Room of the Ambassador Hotel on the evening of June 4, 1968. While Senator KENNEDY was speaking, she was stationed at a position near the rear of the stage on the right side as one faces the stage, with a friend, ACQUILINE SULLIVAN, who had hurt her foot. It was late in the evening and when Senator KENNEDY finished speaking, she and ACQUILINE had moved into the kitchen area where Senator KENNEDY was subsequently shot. She and ACQUILINE had stepped onto a shelf-like ledge about four feet off the floor on the west side of the kitchen area. Also present in this area at the time were about four or five white jacketed hotel employees. As Senator KENNEDY passed by with his party, he was surrounded by friends and newspapermen. She turned to ACQUILINE and commented about how happy Mr. KENNEDY looked. After the KENNEDY party had passed, she heard cracking noises which sounded like exploding fire-crackers. She immediately realized, however, that the sounds were gunshot sounds and they were in rapid succession, a total of about eight or ten shots. At this specific time, she had lost sight of Senator KENNEDY. The gun sounds appeared to come from her left and she immediately jumped to the floor. She does not recall seeing anyone with a gun; and people immediately began pushing into the kitchen area from the Embassy Room, apparently attracted by the noise and excitement. Her friend, ACQUILINE, was having difficulty trying to get to the floor and she attempted to grab hold of her.

LOCKE noticed several men lying on the floor, one with blood on his forehead--his eyes open and staring, but she did not recognize any of these individuals on the floor as Senator KENNEDY. Another individual in her immediate vicinity, a woman whom she did not know, had blood on her head and appeared to be stumbling backwards. She was attempting to get help from her friend ACQUILINE but had lost sight of her and her other thought was to attempt to reach the gunman who had done the

- 404 -

shooting. Somehow, she got turned around as people were pushing in all directions and was headed back toward the Embassy Room. Someone was apparently trying to close the double doors leading to the Embassy Room, but she was successful in getting out of the kitchen area and into a room behind the stage. She sat down and someone gave her a cigarette.

She does not recall seeing Senator KENNEDY after the shooting but believes that she may have seen SIRHAN BISHARA SIRHAN at the hotel earlier in the evening; however, she is not sure of this. She recalls seeing a girl in the Embassy Room, just before Senator KENNEDY entered to speak, stationed near her immediate vicinity wearing a white shift with blue polka dots. She observed that the girl was not wearing a yellow press badge and thought that this to be very unusual since it was necessary to have such a badge to gain entry into the Embassy Room. She mentioned this to CAROL BRISHEARS who is in charge of the KENNEDY girls and Mrs. BRISHEARS pointed her out to a guard nearby. The girl was expressionless and seemed somewhat out of place where she was standing. She was a Caucasian in her early twenties, well proportioned, with long brown hair pulled back and tied behind her head. Her hair appeared to be dried out similar in appearance to hair of a girl who does a lot of swimming.

LOCKE is not acquainted with SIRHAN or his family and has no knowledge of any motive for shooting Senator KENNEDY. She realizes that many people were opposed to Senator KENNEDY as a presidential candidate, but does not consider this to be unusual.

advised SAs
and on June 6, 1968, that one of his
field workers, DARNELL JOHNSON, had witnessed the shooting
of Senator KENNEDY, and had seen a woman in a polka-dot dress
at the scene. had JOHNSON come to his office for
interview.

Date 6/7/68DARNELL JOHNSON,

advised he lives at _____ and works 8:30 a.m. to 5:00 p.m.. He was interviewed at his office.

DARNELL JOHNSON advised he was at the Ambassador Hotel the night that Senator KENNEDY was shot. He saw KENNEDY complete his speech just before the shooting and start off the back side of the platform where the speech was made. JOHNSON walked around the platform to the narrow space in the serving area where the shooting took place and got there before KENNEDY. Already present in this area were five people described as follows:

- (1) A white female wearing a white dress, with 25¢ size black pokadots; the dress was fitted, was not miniskirt but was above the knees; was not a loose shift but was fashionable for the time. She was 23-25 years of age, tall, 5'8", medium build, well built, 145 pounds, long light brown hair, carrying an all white sweater or jacket, pretty full face, stubby heel shoes in the fashion of the time.
- (2) A person whom JOHNSON identified as SIRHAN SIRHAN from photographs shown at the time of this interview and further as the person he saw who was seized immediately following the shooting by persons in the area.
- (3) A white male, wearing a light blue washable sport coat, white shirt and tie, 6'1", tall, slim, 30-35 years, blond hair parted far over on the left side with the right side long and hanging towards his face like a surfer haircut, outdoor type.

- (4) A white male, 5'10" tall, 165 pounds, trim, 24-25 years of age, brown, long hair but not hippie, dark coat, darker trousers, white shirt and tie.
- (5) A white male, 6'1", tall, slim, darkish brown hair, shiny brown sport coat made of hopsacking, white shirt and tie.

These people were standing in a group between JOHNSON and the door through which KENNEDY came to make his way to the next ballroom for another speech. This is the same area where he was shot.

JOHNSON states these people were standing in proximity to each other; he says they were "together" but he states he has no knowledge they knew each other, were talking to each other or were members of the same party.

As the KENNEDY party entered this area, balloons were being broken, some small firecrackers were being set off and JOHNSON was not aware of any difficulties or any trouble until he saw a woman slump against the wall and say, "Oh my God, Oh my God." JOHNSON still did not realize what had happened but saw a furor around the KENNEDY party. At this time a photographer with lights on his camera took a picture of someone on the floor, who turned out to be KENNEDY. This photographer then put the lights up to take a picture of the persons standing and when his lights showed on SIRHAN, the photographer said, "Grab him, that dude has a gun." This was the first time that JOHNSON realized there had been a shooting.

Just at this point, the woman in the polka dot dress and the three men in her area left and walked toward the ballroom from where the KENNEDY party had just come. Several people seized SIRHAN and began beating on him. The crowd pressed around him and hit at him whenever they could. While SIRHAN was being held and before police arrived, the girl in the polka dot dress and the one man in the light blue washable sport coat came back and looked, then both left again. JOHNSON followed the persons who took SIRHAN out of this area and when

he got back to the ballroom, he saw the girl in the polka dot dress talking to a white female Mexican near the podium where KENNEDY had just been speaking. This white female Mexican was 19 to 20 years of age, plump, 5'2"-5'5", long black hair, full pleated dress, avocado color, part of the KENNEDY group; JOHNSON assumed she was a Youth Campaign Manager.

JOHNSON did not see any of the others again and did not see the girl in the polka dot dress again after seeing her on the podium.

"I live at _____ home phone _____ and am a Security Guard at the Ambassador Hotel 3800 Wilshire Blvd. LA. On the night of 6/4/68 I came to work at 5:30 PM and punched out about 2:48 AM 6/5/68. I was assigned to the Embassy room during Senator Kennedy's speech. My post was the first swinging door to the left of the stage as Senator Kennedy faced the guests in the Embassy room. It was my understanding that when the Senator finished his speech he was to come through the door I was on and turn left down the hallway behind the stage. As soon as the Senator finished his speech a superior of mine, whom I don't recall, told me to close my door and keep the people out. About a minute after the senator finished his speech I heard about seven shots all in a row, all in about three seconds. The crowd was starting to force their way through my door before the shots and I was busy keeping them back and did not see which way the Senator went after his speech nor did I see the shooting or the suspect.

"When I heard the shots I turned toward the swinging doors leading into the Pantry and saw a woman bleeding from the head. She was still standing at these swinging doors and I helped her back into the Embassy room and a doctor, whom I don't know, asked me to get some ice, which I did. I did not go into the Pantry until about fifteen minutes later and everything was over with in there except the Los Angeles Police Officers were interviewing people in there.

Mr. UNO TIMANSON, Vice President, Banquet and Sales, Ambassador Hotel, Los Angeles, California, was interviewed at the hotel and furnished the following information:

Senator ROBERT F. KENNEDY arrived back at the Ambassador Hotel at approximately 8:00 p.m., on June 4, 1968, and went immediately to the Royal Suite. At approximately 11:45 p.m., he instructed EDDIE MANASIAN, one of the assistant maitre d's, to hold the north elevator so that Senator KENNEDY could go down to the Embassy Room to make his victory statement.

He was escorting the Senator to the elevator and when they were only two or three feet from the elevator, the Senator decided not to go through the crowds that were in the hallways but to use the service elevator.

They took the service elevator to the kitchen level and he, TIMANSON, led the way for the Senator into the Embassy Room.

The Embassy Room was completely crowded at the time and he, TIMANSON, was concerned that too many people might get up on the platform and cause it to collapse.

After the Senator had completed his victory speech in the Embassy Room, he was preparing to lead the Senator down to the Ambassador Room through the enclosed stairway. Just before the Senator's speech was completed, FRANK DUTTON, one of the Senator's aides, asked TIMANSON if there were television sets in the Ambassador Room, and TIMANSON told him there were. It was then decided that the Senator would visit the Press Room to make a press release. TIMANSON escorted the Senator and his party through the hallway behind the Embassy Room and into the pantry area.

TIMANSON stated that he was approximately six feet ahead of the Senator when he heard what sounded like a fire cracker. He heard the sound three or four times in quick order and he thought it was some sort of celebration.

- 415 -

Immediately, however, TIMANSON observed that Senator KENNEDY was down on the floor in front of the big ice machine located in the pantry. At this time, there were numerous screams, and pandemonium broke out in the immediate area.

Mr. MURPHY, one of the hotel security guards, told TIMANSON that he had called an ambulance but TIMANSON wanted to make sure and he ran into the Colonial Room in an effort to contact the operator but was unsuccessful. He was assured by the people present that an ambulance had been called and was on the way. Mr. TIMANSON stated that from the time of the shots to this time when he was inquiring about an ambulance was just a matter of seconds.

He ran immediately to the kitchen steps and took the steps down to the Casino level and out to the back ramp to the outside of the hotel to await the arrival of the ambulance. The ambulance arrived in a very few minutes and he escorted the ambulance attendants to the area where Senator KENNEDY was lying.

Senator KENNEDY was taken by the ambulance attendants to the ambulance almost immediately. TIMANSON attempted to ride in the ambulance but was not allowed. He rode on the back of a motorcycle following the ambulance to the hospital.

Mr. TIMANSON advised that he did not see the actual shooting of Senator KENNEDY and he did not observe the individual holding the gun at the time of the shooting.

He did observe the individual who was being held down by several people following the shooting of Senator KENNEDY and has seen photographs in the newspapers and appearances on television of the individual accused of the crime. The individual he observed in the newspapers and on television is the same individual he observed being held down following the shooting of Senator KENNEDY.

Mr. ANGELO DI-PIERRO, was interviewed at the Ambassador Hotel, Los Angeles, California, where he is employed as the maitre d' hotel.

He furnished the following information, including the signed statement set out below:

"June 7, 1968
Los Angeles, California

"I, Angelo Di Pierro, hereby furnish the following voluntary statement to who has identified himself to me as a Special Agent of the Federal Bureau of Investigation. I have been advised that I could be required to testify in court regarding this matter.

"I was born 10/27/21, Furci Province of Chieti, Italy. I have been in the United States since May 7, 1936. I received my naturalization papers in May of 1954. I am the Maitre D' Hotel at the Ambassador Hotel. I have had this position approximately two years.

"At approximately 12:10 am, 6/5/68, I was in the Embassy Room at the hotel. Senator Robert F. Kennedy was on the platform talking to the people in the room.

"Senator completed his talk a few minutes later. Just prior to the time he completed his talk, I moved out of the Embassy Room to the hallway at the rear of the room.

"The Senator was suppose to come through the door located immediately next to the platform and into the hallway where I was located.

- 417 -

"The Senator went out a door located immediately behind the platform, turned right and walked down the hallway to the pantry.

"As Senator Kennedy passed by me in the hallway he was being escorted by Mr. UNO TIMANSON, a vice president of the hotel, and two of my assistants, Karl UECKER and Edward MINASIAN. Mr. UNO TIMANSON was leading the way.

"As soon as Senator Kennedy passed, Mrs. Kennedy came out into the hallway where I was standing. She was being accompanied by Mr. Roosevelt Grier. Grier was behind Mrs. Kennedy and to her left. I took a similar position to her right. We followed behind the people following Senator Kennedy.

"Shortly after Senator Kennedy entered the pantry, while we were still in the hallway, two shots rang out. A few seconds later several shots rang out as in rapid fire.

"At this time we were at the doorway to the pantry. One door was opened (the left door) and a lady was partially blocking the door. I began to push the lady out of the way to allow Mrs. Kennedy to pass. The lady crumbled to the floor and I assumed she had been shot. I immediately pushed Mrs. Kennedy to the floor behind the closed door and I got down next to her. I did this because I thought there might be more gunfire. However, there was no more gunfire.

"I immediately got up and ran into the pantry and I noticed two men lying down on the floor and one of them was Senator Kennedy.

"I ran into the kitchen to telephone for an ambulance. I was told the call had already been made.

"I returned to the shooting scene to control the people. Camerman were taking pictures.

"I noticed that a man was held down on the heating table in the pantry. I did not see this man's face as I was busy attempting to control the people.

"After a few minutes, approximately 8 minutes, Senator Kennedy and the other wounded were taken out of the hotel by ambulance attendants.

"I have seen newspaper photographs and TV shows showing the individual accused of shooting Senator Kennedy. I do not recall having seen this individual before.

"I have read this statement of this page and 3 other pages. It is true and correct.

"Witness:

Special Agent, FBI, Los Angeles, 6/7/68"

Mr. DI PIERRO began work at approximately 10:00 a.m. on June 4, 1968.

The Embassy Room, Ambassador Room, Sunset Room, North Room, and Colonial Room (used as a Press Room) were set aside for Senator KENNEDY. The Venetian Room was set up for Mr. MAX RAFFERTY, and the Palm Court Room was set up for Mr. ALAN CRANSTON.

DI PIERRO's duties require him to move throughout the hotel during the day.

The rooms assigned to Senator KENNEDY began filling up with people at approximately 6:00 p.m. At first the people were allowed in only if they had a badge for the particular candidate. About 7:00 p.m. word was received to allow anyone in that so desired. This was later revoked and only those with proper press credentials were allowed into the rooms. A security guard was stationed at the entrance to the Embassy Ballroom and later in the evening a security guard was stationed at the kitchen entrance. DI PIERRO could not recall the times that these guards took up their specific stations. There was also a security guard located inside the fire escape door on the level which houses the Ambassador Room. There was no security guard on the fire escape staircase that leads from the Ambassador Room level to the Embassy Room level. He believes that the fire escape door on the Embassy Room level was open the latter part of the evening of June 4, 1968.

Senator KENNEDY was supposed to leave the platform in the Embassy Room and go into the hallway behind the Embassy Room and down an enclosed stairway to the Ambassador Room level to speak to people in the Ambassador Room. Someone changed the plans and decided that Senator KENNEDY would proceed to the Press Room to make a press release.

This route would require him to pass through the pantry area of the hotel.

ROSS-MATTHEW MILLER, JR., M.D.

was

interviewed at his office.

Doctor MILLER stated that on June 4, 1968, he arrived at the Ambassador Hotel between 9:00 and 9:30 p.m., accompanied by his wife. They visited with democratic delegate members and Mrs. CRANSTON and other persons during the evening, mostly on the floor level below the Embassy Room.

During the victory speech made by Senator ROBERT F. KENNEDY, he was with his wife and numerous other persons watching the speech on television in a small dining room located one floor below the Embassy Room. He stated that after the speech and almost simultaneously with the television announcement that someone had been shot, someone ran past the room he was in and shouted "KENNEDY has been shot". He stated that he then asked some persons just outside that dining room if they had been upstairs and what the situation was, but could learn nothing.

He then went upstairs to the Embassy Room level by the nearest stairway and attempted to go into the Press Room next to the Embassy Room. However, a security guard would not let him enter the Press Room. He stated that an unknown individual was permitted by the guard to

enter the Press Room, and he pushed his way in with this individual.

He said the attention of people in the Press Room was directed to the doorway leading to a kitchen access hallway and at that time he saw uniformed policemen and men dressed in plain clothes who may or may not have been policemen, bringing a man forcefully out of this hallway into the Press Room and whom he now believes looks like the photographs he later saw of the suspect SIRHAN SIRHAN.

He stated that he then pushed his way through that doorway from the Press Room into the kitchen access hallway behind the Embassy Room, and there he saw Senator ROBERT F. KENNEDY lying on the floor on his back being attended by some unidentified people.

He stated that he took Mr. KENNEDY's pulse, which he estimated was 130 beats per minute and did not consider this to be critical and by the fact he was being attended by someone, he left to attend to another man, PAUL SCHRADE, who was lying on the floor closer to the Press Room door and also checked his pulse. SCHRADE's pulse was good, and he then examined the wound high above the forehead in the hair line area at the center of the head and checked the back of the head to see if there was an exit wound and found none. He stated that the blood on Mr. SCHRADE's face and wound was clotting and bleeding had apparently stopped, so he directed his attention back to Mr. KENNEDY.

He stated that he asked the man who was attending Mr. KENNEDY if he was a physician and either that man or someone else attending KENNEDY affirmed he was a physician, and Doctor MILLER believing Mr. KENNEDY was as well attended as circumstances permitted, returned to Mr. SCHRADE.

He stated he does not know the identity of the physician who was then attending Mr. KENNEDY and does not believe he could identify him if he should meet him face to face because of the turmoil, excitement, and the fleeting seconds he was there.

He stated that a stretcher was brought in, upon which Mr. KENNEDY was placed and removed from the kitchen.

access hallway, and he went back to Mr. SCHRADE and then quickly looked at a young boy 18 or 19 years of age who had a non-critical wound in the thigh and also a grown man who was more critically wounded in the stomach, but not in danger of expiring immediately. He said he then went back to Mr. SCHRADE and helped put him into a stretcher, which had been brought in and accompanied him in the ambulance to Central Receiving Hospital, where upon arrival he directed an unknown doctor and nurses to the immediate attention of Mr. SCHRADE's wound.

Doctor MILLER said he then went to Mr. KENNEDY's room which was either adjoining Mr. SCHRADE's room or next to a service room which did adjoin Mr. SCHRADE's room and saw Senator KENNEDY being attended and noticed that Mrs. KENNEDY was also there holding her husband by the arm. He overheard hospital people discussing whether or not to remove Mrs. KENNEDY, but a nurse stated that she was not causing any disruption in his treatment and permitted her to remain.

He said Mr. KENNEDY was placed in a respirator and that he helped the other doctors administer Dextran intravenously this being a blood replacement to keep volume up until whole blood could be administered. Albumen was also being administered along with the Dextran fluid by insertion of a needle permitting the albumen to flow into the same tubing by which the Dextran was being administered. He stated that the albumen needle had come out of the Dextran tubing whereupon he cleaned this needle and replaced it into the Dextran tubing.

He stated that shortly thereafter he assisted in lifting Senator KENNEDY into a stretcher as he was being transferred to Good Samaritan Hospital and continued assisting until he was placed into an ambulance for this transfer.

He stated that he then returned to Mr. SCHRADE's room and saw that he was being well attended, whereupon he departed the hospital and upon coming out the front entrance he saw numerous news men and asked for a ride back to the Ambassador Hotel and was invited to ride with two unidentified men.

4

Doctor MILLER stated that he did not notice anyone or anything at the hotel prior to the shooting whom he now would suspect had anything whatever to do with the shooting. He said he has no information whatever regarding the suspect who is now in custody and did not notice him or anyone resembling him prior to the shooting, and saw no one fleeing the shooting area whom he would connect with the shooting.

Doctor MILLER further stated that there were numerous persons whom he can identify, members of the delegation and others whom he knows by name who were at the Ambassador Hotel and that he and his wife could prepare an extensive list of these persons which he would furnish when completed.

~~PETER-SPENCER-BERKSON~~, age 19 $\frac{1}{2}$, was interviewed at his residence. BERKSON advised he is a student at Pierce Junior College, Woodland Hills, California, and is employed as a box boy, part time, at the Food Fair Market, Torrance, California. He further added that he is a professional free-lance photographer, as are his father, ALBERT BERKSON, of the same address, and his brother, DENNIS BERKSON, who resides at

, telephone Number . BERKSON advised that he went to the Ambassador Hotel in Los Angeles, California, at approximately 10:00 p.m., on June 4, 1968, to photograph Senator ROBERT KENNEDY's victory celebration. He advised he carried a 35 millimeter still camera with a "strobe light" flash attachment and was shooting color film.

BERKSON advised he took some general photographs of the Embassy Room at the hotel prior to Senator KENNEDY's arrival in the room and also took photographs of KENNEDY during his victory speech.

BERKSON advised that he followed KENNEDY and his group as they left the stage and was approximately twenty feet from him as they approached the doors to a kitchen located off the Embassy Room.

BERKSON advised that he could not recall exactly the next few minutes of activity; however, he recalled that as KENNEDY was about to enter the kitchen, he observed a female Caucasian run hurriedly away from the hallway or possibly out of the kitchen and heard her yell, "fire". He advised that the woman appeared to be in her late twenties or early thirties, was huskily built, had reddish brown hair, and was wearing a navy blue dress. He advised the woman appeared panicky as she ran from the area of the kitchen door. He could not recall her to be wearing any hat or glasses or any political campaign paraphernalia. BERKSON advised he did not further observe this woman; however, he believed that she was possibly photographed by the television and movie cameras which were following Senator KENNEDY's movements as he left the Embassy Room.

- 425 -

BERKSON advised that about this time, he heard what sounded like two gunshots from the area outside the kitchen door. He could not recall if there were additional gunshots as there was loud screaming and yelling from the approximately 25 - 50 people located in the area from which the shots were fired. BERKSON stated that after hearing the shots, he immediately held the camera over his head and took several photographs of the area from which the shots came. He stated that he did not observe the individual who fired the shots nor did he observe the alleged assassin, SIRHAN BISHARA SIRHAN, or his apprehension following the attack; however, he indicated he may have possibly photographed him in the series of photographs he took. BERKSON stated that he did not observe Senator KENNEDY at the time he was shot; however, he did observe and photograph him while he was lying on the floor. He advised that he observed Senator KENNEDY moving his mouth but could not discern what Senator KENNEDY was saying.

He advised that he observed another man who was apparently a victim of the same attack which felled Senator KENNEDY. He observed this man lying on the floor near the kitchen and observed that this man was bleeding profusely from the back of his head.

BERKSON advised that he remained at the hotel until approximately 1:30 a.m. on June 5, 1968. He advised that after shooting all of his film, he assisted his brother, DENNIS, who was, in turn, working as an assistant to one of the newsreel photographers covering the event.

BERKSON advised that he returned home and his father called the Time-Life Magazine in New York City, New York, regarding the film taken by him, PETER BERKSON.

BERKSON advised that his father then delivered the film to the Life Magazine office in Beverly Hills, California, where the film was developed. BERKSON advised he was paid

by Life Magazine for the film and that the film was subsequently forwarded to Time-Life Magazine, New York City, New York. He advised the film was sent to Life Photo Editor, Time and Life Building, New York, and that this individual would have copies or knowledge of the film.

BERKSON advised that his father left the Ambassador Hotel prior to the assassination of Senator KENNEDY; however, his brother, DENNIS, was present at the hotel at the time and could possibly furnish information concerning events relating to the assassination.

BERKSON advised that the film he shot in connection with Senator KENNEDY's assassination was now the property of Time-Life Magazine and that he presently had no photographs, prints, or negatives of the film he shot.

RALPH ELMORE,

furnished the following information:

He is employed as a television engineer for the and was on duty on the evening of June 4, 1968, at the Ambassador Hotel in Los Angeles, covering the election program involving ROBERT KENNEDY. He was situated most of the evening in the vicinity of the podium in what he believed to be the Embassy Room, and KENNEDY talked to the crowd shortly before midnight that evening.

Following KENNEDY's talk, he followed the KENNEDY party to the rear of the podium. The group turned right into a kitchen area located at the right rear of the podium, and he followed the group, carrying a microphone in one hand and wearing an ear piece in his ear. He was aware that the eventual destination of the party was the downstairs Ambassador Room but was not aware of the intended route the group planned to take to get to this room. He was of the impression that ROBERT KENNEDY was directly in front of him but found out later that it was actually PAUL SCHRADE. When the group entered the kitchen, he estimated that there were approximately twenty people in the kitchen, which included the KENNEDY party and several hotel employees. He then heard four sounds in rapid succession that sounded like Chinese firecrackers exploding. The next thing he knew, a man was lying on the floor directly beneath him on his back and the man's face was covered with blood. He thought at the instant this man was ROBERT KENNEDY and immediately linked elbows with several individuals in the immediate vicinity in an attempt to hold back the crowds that had been attracted by the noise to the kitchen area and were attempting to enter the kitchen. A fellow worker, an electrician, was successful in getting GOLDSTEIN and WILLIAM WEISEL out of the way so that they would not be trampled by the crowds. GOLDSTEIN had been struck in the leg, and WEISEL in the abdomen by bullets.

-428-

He then became aware that the crowd was giving most of their attention to a man lying on the floor in front of the ice machine and then realized that this person must be ROBERT KENNEDY. He had the impression that about 25 or 30 feet in front of him there was a hand resting on a serving table holding a small barreled gun pointed directly at him and that it was "spitting flame". He lost sight of the hand and the gun and does not recall actually seeing the individual holding the gun.

He and several others had continued to attempt to hold back the crowd from the kitchen area by linking elbows, and he remembers one of these individuals as being a large Negro. He also recalls that about this time some man came charging toward him swinging his arms, and shortly thereafter several of KENNEDY's assistants arrived on the scene to render assistance to Mr. KENNEDY. He then realized that the man on the floor at his feet was PAUL SCHRADE, and he was subsequently successful in transporting SCHRADE and WEISSEL down the freight elevator to an ambulance.

He does not know and has no recollection of seeing SIRHAN BISHARA SIRHAN at the Ambassador Hotel. He saw SIRHAN's photograph in the newspaper later in the day.

JODIE SAMS, Steward's Assistant, Ambassador Hotel,
Los Angeles, California, with residence at

ing at the conveyor at the coffee shop in the basement of the hotel on Monday night, June 3, 1963. Sometime between 9:00 p.m. and 10:00 p.m. on that date an individual walking in the corridor adjacent to the conveyor asked SAMS how he could get out of the building. SAMS told this individual if he was a guest in the hotel he could proceed on down to the main lobby and then out of the building. However, if he was an employee or a tradesman he should turn around and continue through the corridor to the rear parking lot. The individual mumbled something to the effect, "I'll go this way" and proceeded in the direction of the main lobby of the hotel.

SAMS stated the individual did not appear to be a guest as he was dressed shabbily and had dirty gray trousers. SAMS particularly noted that the seat of the trousers were unusually dirty. SAMS stated he took this individual to be a Mexican because he was swarthy and had what at the time SAMS thought was a Mexican accent but definitely an accent of some type.

SAMS stated that on Wednesday evening, June 5, 1963, after the shooting of Senator ROBERT F. KENNEDY he saw a picture of the alleged assailant in one of the Los Angeles newspapers and recognized this individual as looking very much like the individual who had questioned him as to directions in the basement of the hotel on Monday night, June 3, 1963.

SAMS described the individual to whom he had given directions on Monday night, June 3, 1963 as follows:

Sex	Male
Race	Possibly Mexican
Age	Mid 20's
Build	Slight
Height	Short of stature

Miss ROBIN KAREN CASDEN, age 15,
, telephone numbers
and , was advised of the identity of the interviewing
agent as an agent of the FBI. At this time, in the presence
of her mother, Mrs. BEATRICE CASDEN, Miss CASDEN furnished
the following information relative to the shooting of
Senator ROBERT F. KENNEDY:

She is a fan of Senator ROBERT KENNEDY and,
accompanied by three of her friends, went to the Ambassador
Hotel in Los Angeles on June 4, 1968, in order to hear
Senator KENNEDY's speech. She was accompanied to the
Ambassador Hotel by her girl friend, CORKY MC MAHON, who
resides at CORKY's
boy friend, SCOTT HOWARD, telephone number and
LAURIE PORTER, telephone number CORKY does not
have a telephone connected at the present time.

Miss CASDEN recalled that she and her friends
arrived at the Ambassador Hotel at approximately 8:30 p.m.,
and went to the ballroom. They arrived at the doors of
the ballroom at approximately 8:35 p.m., but did not go in.
They were unable to get into the ballroom inasmuch as there
were people at the door checking for press cards. She and
the others in her group, at this point, saw LAURIE's mother
and father, Mr. and Mrs. JERRY PORTER. JERRY PORTER was
recently elected a California State Senator. Mr. and Mrs.
JERRY PORTER were also outside the ballroom attempting to
get in. Inasmuch as they were unable to get into the
ballroom, she, CORKY and LAURIE went to the kitchen area
and slipped in and went straight through the kitchen.
SCOTT also accompanied them. No one checked them in the
kitchen or at the kitchen door leading to the ballroom.

-432-

She did not recall seeing any guards in the kitchen or at the kitchen door. She actually entered the ballroom about 8:45 to 8:50 p.m. There were several hundred people milling around in the room. She noticed a small group of singers and musicians on the platform. This group also moved around the ballroom entertaining the people. When Miss CASDEN and her friends actually got into the ballroom, they met IRA GOLDSTEIN and had a short conversation with him. IRA then walked on mingling with other people. CORKY and SCOTT decided to stay in one place and wait for the speech of ROBERT KENNEDY.

LAURIE and ROBIN just walked around and talked to various people. Later, LAURIE and ROBIN separated. Miss CASDEN noticed that although people were checking the other doors to the ballroom, she did not see anyone guarding or checking people entering from the kitchen door and many people came through the kitchen into the ballroom.

She recalled that Senator KENNEDY came into the ballroom about 11:45 p.m. CORKY and SCOTT were still sitting in chairs close to the news telephones. Miss CASDEN kept going back and forth to talk with CORKY and SCOTT. She met IRA GOLDSTEIN again and began wandering around with him observing the activities. Miss CASDEN did not see Senator KENNEDY come into the ballroom. She saw him first on the speakers' platform. During Senator KENNEDY's speech she and IRA went back to the kitchen to get a sandwich, as some man who passed her mentioned that there were sandwiches in the kitchen. They decided to make a quick trip to the kitchen to get a sandwich and come back and listen to the rest of Senator KENNEDY's speech. Miss CASDEN and IRA went to the kitchen; they observed no sandwiches. She recalled that there were several people in the kitchen in addition to hotel employees. She recalled seeing two waiters and another employee cleaning tables. She recalled seeing a person in the rear of the kitchen area who may possibly have been the suspect, SIRHAN SIRHAN. At that time, she was just vaguely aware of this individual in the rear of

the kitchen. She recalled this person as having dark hair and appearing to be of Mexican extraction. She recalled that he was not wearing a suit; however, she could not remember the type of clothing this person actually was wearing. She stated that she had seen a photograph of the suspect, SIRHAN SIRHAN, but was unable to state definitely that the person in the rear of the kitchen was or was not identical to SIRHAN SIRHAN.

She also noted there were several men in suits in the kitchen area and one or two women. She was unable to recall any specific details or descriptive data on these individuals. Her impression is that this all occurred in two or three minutes. Then Senator KENNEDY came into the kitchen from the ballroom with his party. She and IRA GOLDSTEIN stepped back out of his path. Senator KENNEDY was shaking hands with people. He shook hands with a waiter near Miss CASDEN and then approached her. He smiled and shook her hand and passed on, taking about three steps. At this point, Miss CASDEN heard two separate consecutive noises, resembling a cap gun shot. Someone fell against Miss CASDEN at this point and then she heard the rest of the shots. The shots came in a jerky, but rapid manner. She realized that they were shots after the person fell against her. She recalled that there was a lull between the first two shots and the remainder of the shots. During this lull, the individual who fell against her continued to the floor. The lull appeared to her as only four or five seconds. The shots commenced again and she heard a woman scream. Miss CASDEN moved to the side toward the wall to avoid the shots and then continued her movement to leave the kitchen area. Later, after reflection of the circumstances, she thought perhaps the person who fell against her after the first two shots and then fell on the floor may have been Senator KENNEDY. At any rate, it was positively the person who was struck by the first two bullets.

Miss CASDEN stated that she did not observe the person who actually did the shooting. She made her way out of the kitchen into the ballroom in a matter of a few seconds. She was hysterical, but recognized her friends, CORKY and SCOTT, who tried to calm her. SCOTT left to see what happened and CORKY stayed with Miss CASDEN and attempted to calm her and wipe some blood off her face. A plain-clothes man with a badge in his wallet came up and displayed the badge to Miss CASDEN and CORKY. This man seeing CORKY wiping the blood from Miss CASDEN's face asked if she had been shot. She told him no. He asked if she wanted a doctor and CORKY said yes inasmuch as Miss CASDEN was still hysterical. The man immediately went and obtained something for Miss CASDEN to drink. She does not recall what it was. At this point, SCOTT came back and Miss CASDEN had calmed down by this time. The man with the badge had asked them to move out of the area, so they left. On the way out they saw LAURIE and another girl with her. LAURIE and this girl also left together.

Miss CASDEN stated that at the time of the shooting she was wearing a white sheer dress, with a white on white flower design. She recalled that the dress had several blood spots on it. She stated that she still has the dress but that it was washed and the spots removed.

Miss CASDEN described herself as 5'3", 120 pounds, hazel eyes, long brown hair, born June 1, 1952. She was observed to be Caucasian. Miss CASDEN stated that on the night of the KENNEDY shooting she was wearing her hair long in the back with a ponytail on top, with a white bow in front of her hair.

She recalled that the actual shooting took place at approximately 12:15 a.m., in the morning of June 5, 1968.

She was unable to recall any further details of this matter at this time; however, she stated that sometime after the shooting, date, place or time unrecalled, LAURIE told her something to the effect that she (LAURIE) had possibly seen the suspect prior to the shooting and perhaps talking to a guard. Miss CASDEN was unable to say if LAURIE was kidding or just hysterical.

Mrs. CAROL ANN BRESHEARS, was interviewed at Kennedy For President Campaign Headquarters, 5615 Wilshire Boulevard, Los Angeles, California, and she furnished the following information.

She has been a volunteer campaign worker for the KENNEDY Group for the past four months, and was in attendance at the election returns party at the Ambassador Hotel in Los Angeles on June 4, 1968. One of her paramount duties as a campaign worker involved taking charge of the KENNEDY Girls.

On the evening of June 4, 1968, she was in the Embassy Room at the Ambassador Hotel and had a number of the KENNEDY Girls stationed near the stage. Near midnight, awaiting the arrival of Senator KENNEDY, on the right side of the stage as one faces the stage, she noticed a girl on an elevated section which had been prepared for a television camera. This girl was seemingly out of place since she was wearing a white dress with MC CARTHY written over the dress in blue letters. She also noticed that the girl was not wearing a yellow press badge which was required of most of the individuals present in the Embassy Room. This girl was in her early 20s, between 125 to 130 pounds, and had shoulder length, dark hair.

Following his speech, which ended shortly after midnight, Senator KENNEDY exited from the stage through a curtained entrance in the rear of the stage and proceeded with his party toward the double doors leading to the kitchen area on the right rear section of the stage. She estimated that there were about ten persons in Senator KENNEDY's party which included his bodyguards, newspaper men, and ROOSEVELT GRIER.

She was standing between the stage and the entrance to the double doors leading to the kitchen, about six or eight feet from these double doors. She spoke briefly to Senator KENNEDY as he passed with his party and shortly after that, after he had passed through the double doors, she heard shots. The first two sounded like popping balloons, but the next eight

-437-

shots sounded like gun shots and they all sounded similar. She ran forward toward the kitchen area and believed that she saw Senator KENNEDY falling to the floor. There were about 20 people in the kitchen at the time and she did not see anyone holding a gun or shooting a gun. She did notice three or four people who appeared to be scuffling in the kitchen area. She did not see SIRHAN BISHARA SIRHAN and does not know anything about this individual.

There was a lot of shooting and yelling going on in the room and one woman came out of the kitchen area with blood on her head. She heard someone calling for a doctor and immediately proceeded to the press area on the other side of the stage in an attempt to find a telephone to call for a doctor. Several doctors were subsequently located in attendance and went back to the kitchen area to treat the injured. Later, she returned to the press area and obtained some ice to be used in treating the injured. Because of the crowd, she was unable to get into the kitchen area but managed to pass the ice through the crowd into the kitchen area. She did recall seeing Senator KENNEDY lying on the floor with a lot of blood around his head. Another boy who had apparently been injured was seated in a chair in the kitchen area and was being treated.

She has no knowledge of why anyone would want to shoot ROBERT F. KENNEDY except that apparently someone did not wish to see him become President of the United States.

On June 5, 1968, Mr. ENRIQUE RABAGO,
accompanied by HUMPHREY

CORDERO, voluntarily appeared at the Los Angeles Office of the FBI to furnish information they believed pertinent to the assault of Senator ROBERT F. KENNEDY at the Ambassador Hotel on June 5, 1968.

Mr. RABAGO and Mr. CORDERO requested that they be interviewed together and this interview was conducted by who identified himself to them as a Special Agent of the FBI.

Mr. ENRIQUE RABAGO advised that on the Fourth of June 1968, he traveled to the Ambassador Hotel on Wilshire Boulevard, Los Angeles, accompanied by his friend, HUMPHREY CORDERO, to observe activities at the KENNEDY Election Headquarters. RABAGO stated that he and CORDERO arrived at the Ambassador Hotel in his, RABAGO's, panel truck at some time between the hours of 9 and 9:30 PM. Mr. RABAGO advised that he parked his panel truck several blocks from the Ambassador Hotel in that no closer parking spaces were available and he and CORDERO then proceeded to the front door of the Ambassador Hotel.

RABAGO advised that he and CORDERO were both dressed in casual clothing and because of this he hesitated to enter the main lobby of the hotel. He stated, however, that he and CORDERO did enter at CORDERO's urging, but became separated due to the large crowd approximately ten minutes after their arrival.

RABAGO stated that since he could not locate CORDERO, he returned to the porch area at the main entrance to the hotel where he hoped to locate him. RABAGO advised that upon arriving at the front porch, he noticed a great many people standing and talking about the election and RABAGO disclosed that he entered into a general conversation with a number of people standing there. Mr. RABAGO advised that it was at this time

- 439 -

that he first observed an individual whom he later recognized to be identical with the individual whose picture appeared on the front page of the Los Angeles Herald Examiner on June 5, 1968. RABAGO advised that the local newspapers identified the individual in question as SIRHAN BISHARA SIRHAN. RABAGO advised that this individual was standing on the porch alone sipping from a drink and he stated that at this time he engaged this man in conversation concerning the election. RABAGO advised that he said to the individual, whom he later learned to be named SIRHAN, "Are we going to win?", and to this SIRHAN replied, "I think we're going to win." RABAGO said that he replied to SIRHAN, "I don't know, MC CARTHY is ahead now", to which SIRHAN replied, "Don't worry about him if he doesn't win, the son of a bitch, he is a millionaire and he doesn't need to win. He just wants to go to the White House but even if he wins he's not going to do anything for you or for me or for any of the poor people." RABAGO advised that this man continued talking to him and told him that "KENNEDY did not care about any poor people and merely sought to gain the Presidency for personal reasons." RABAGO advised also that this individual was apparently becoming very disgusted with Mr. KENNEDY and told him that "KENNEDY was going to buy the Presidency."

RABAGO stated at this point in the conversation, he was about to leave in disgust when his friend HUMPHREY CORDERO located him on the front porch. RABAGO stated CORDERO asked him where he had been and after explaining, CORDERO said to him, "Let's go back into the lobby". RABAGO stated that he replied to CORDERO in the negative in that his clothes were not adequate to which CORDERO replied, by turning to the individual, whom he later learned to be identical to SIRHAN and saying, "Look at my friend, he doesn't want to go in because of his clothing. What do you think of that?" RABAGO

advised that to this comment the individual in question, replied, "We're voters. I can go in there like this. I just returned from the RAFFERTY Headquarters." RABAGO stated that SIRHAN then proceeded to relate an incident to HUMPHREY CORDERO that had occurred to him inside the RAFFERTY Campaign room. RABAGO disclosed that SIRHAN told CORDERO that he had gone in to order a drink and that the people in there had stared at him and obviously disliked him because of his clothing. RABAGO advised that he continued by telling CORDERO that the "big wheels" stared at him while he ordered a drink from the hostess and that he "showed them" by paying for his drink with a \$20 bill and leaving the change for the hostess. RABAGO stated further that SIRHAN told HUMPHREY that "It's the money you have got that counts, not the way you look".

RABAGO stated that at this point in the conversation, he walked towards the television monitor and that this was the last time in the evening that he saw this individual whom he later learned to be identical with SIRHAN BISHARA SIRHAN.

RABAGO advised again that the individual in question was positively alone when he observed him and at no time did he ever see this man speaking with anyone but himself or HUMPHREY CORDERO.

RABAGO stated that from his conversation with this man he definitely obtained the impression that he, SIRHAN, did not like Mr. KENNEDY personally due to the fact that he was a millionaire.

RABAGO stated that he had never seen the individual, identified as SIRHAN BISHARA SIRHAN, before and that the length of his conversation with him was approximately five minutes long.

RABAGO advised that he and CORDERO stayed at the campaign headquarters watching the election results until approximately 10:15 to 10:30 PM, at which time they left for their homes in his panel truck.

RABAGO advised that later that evening, possibly in the early hours of the following morning, he heard the news of the shooting of ROBERT KENNEDY on his radio. He stated, however, that it was not until the following day that he first saw a television picture of the man accused of shooting Mr. KENNEDY. RABAGO advised that he positively recognized this individual to be the same as the man he had spoken to at the Ambassador Hotel on the previous evening, June 4, 1968. RABAGO advised further that on the afternoon of June 5, 1968, he again saw this individual's picture on the front page of the Los Angeles Herald Examiner in which he was identified as the accused assaulter of ROBERT F. KENNEDY. He disclosed that he saw this picture in the Herald Examiner when HUMPHREY CORDERO purchased the afternoon paper and brought it to him.

RABAGO advised that immediately after seeing this picture he and his friend, HUMPHREY CORDERO, drove to the Los Angeles Office of the FBI where they arrived shortly after 5 o'clock and were interviewed by SA

FEDERAL BUREAU OF INVESTIGATION

Date 6/7/68

On June 6, 1968, Mr. ENRIQUE RABAGO, voluntarily returned to the Los Angeles Office of the Federal Bureau of Investigation accompanied by HUMPHREY CORDERO, and furnished the following free and voluntary statement to Special Agent and Special Agent who identified themselves to him as Special Agents of the FBI.

"Los Angeles, California
June 6, 1968

"I, ENRIQUE RABAGO, make the following free and voluntary statement to and me as Special Agents of the FBI. who have identified themselves to

"I am an American citizen born in San Antonio, Texas, September 25, 1926 and have attended two years of high school in Mexico. I can read and write in the English language.

"On June 4, 1968, I travelled to the Ambassador Hotel on Wilshire Boulevard in Los Angeles to observe the activities at the KENNEDY election headquarters. I was accompanied on this trip by my friend, HUMPHREY OTTO CORDERO. We arrived in the vicinity of the Ambassador Hotel at approximately 9:00 - 9:30 p.m., June 4, 1968, parked several blocks from the hotel and walked to the main entrance to the KENNEDY headquarters.

"I did not feel like going in to the building in that I was not dressed in a suit, but was wearing casual clothing, however, my friend, HUMPHREY CORDERO, urged me to go in with him. We entered the main lobby of the hotel and after approximately ten minutes I became separated from CORDERO due to the large number of people standing around.

"I could not see HUMPHREY CORDERO and I, therefore walked to the porch area at the front of the main entrance on Seventh Street hoping that he would find me there. Upon arriving on the front porch, I noticed a great many people standing there talking. I started talking to several of these people in a general conversation concerning the election returns and it was at this time that I first observed an individual whom I later learned to be identical with SIRHAN BISHARA SIRHAN from pictures in the 'Los Angeles Herald Examiner' as well as local television programs. This individual was standing on the porch alone sipping from a drink and I engaged him in conversation concerning the election. I said to him 'Are we going to win?' and he answered 'I think we are going to win.' At this time I said to him 'I don't know MC CARTHY is ahead now' and he replied 'Don't worry about him if he doesn't win, the son of a bitch, he's a millionaire and he doesn't need to win. He just wants to go to the White House, but even if he wins he's not going to do anything for you or for me or for any of the poor people.' This man continued talking to me and he told me that 'KENNEDY did not care about any poor people and merely sought to gain the Presidency for personal reasons'. I feel that this man was becoming very disgusted with Mr. KENNEDY and at this time told me that 'KENNEDY was going to buy the Presidency'.

"At this point I became disgusted with this individual's opinions and was about to walk away when my friend, HUMPHREY CORDERO, arrived. HUMPHREY CORDERO asked me where I had been and I told him I had become lost in the crowd and had come to the porch to wait for him. HUMPHREY said to me 'Let's go back into the lobby' and I told him that I did not want to return because my clothes were not good enough. At this point HUMPHREY turned to the man I later recognized from the 'Los Angeles Herald Examiner' to be the man accused of assaulting ROBERT KENNEDY and beckoned to me saying 'Look at my friend, he doesn't want to go in because of his clothing. What do you think of that?' To this comment the man in question replied 'We're voters. We can go in there like this. I just returned from the RAFFERTY headquarters.' At this time he told HUMPHREY CORDERO about an incident that occurred to him inside the RAFFERTY campaign room. He told HUMPHREY that he had gone in to order a drink and that the people in there stared at him and obviously did not like him because of his clothing. He also told HUMPHREY that these 'big wheels' watched him as he ordered a drink from the hostess and he continued by telling CORDERO that he 'showed them' by paying for his drink with a \$20.00 bill and leaving the change for the hostess. He told HUMPHREY, at this point, that 'it is the money you have got that counts, not the way you look.' I cannot positively quote the above conversation between CORDERO and this man because at the same time I was watching a television monitor concerning the election results.

"At this point I walked into the main lobby to be closer to the television set and this was the last time I saw the man in question. This individual was

"positively alone when I saw him and at no time did I see him talking with anyone but HUMPHREY CORDERO or myself. I definitely got the impression from talking with this man that he did not like Mr. KENNEDY personally because of the fact that he was a millionaire.

"The entire length of my conversation with this man was approximately five minutes.

"HUMPHREY CORDERO and I stayed at the campaign headquarters until approximately 10:15 or 10:30 p.m. at which time we left going in my panel truck to our homes.

"Later that evening I first heard of the shooting of ROBERT KENNEDY on the radio, but it was not until the next day that I first saw a television picture of the man who is accused of shooting Mr. KENNEDY. I recognized this man to be the same as the man I had spoken to at the Ambassador Hotel on the previous evening. Later this same day, June 5, 1968, I again saw this man's picture on the front page of the 'Los Angeles Herald Examiner' identified as the individual accused of assaulting ROBERT KENNEDY. I first saw this paper when HUMPHREY CORDERO purchased it and brought it to my truck. Immediately after seeing this picture and discussing the situation, HUMPHREY CORDERO and I drove to the Los Angeles Office of the FBI, arriving at approximately 5:00 - 5:30 p.m. where we were interviewed by Special Agent

"Special Agent _____ has shown me photographs of six male Caucasians and from these pictures I picked the photograph of an individual whom I am certain was the individual that I had talked to on the night of June 4, 1968 at the Ambassador Hotel.

"To the best of my memory the man I talked with at the Ambassador Hotel can be described as:

Date 6/7/68

On June 5, 1968, Mr. HUMPHREY OTTO CORDERO, ENRIQUE RABAGO, accompanied by voluntarily appeared at the Los Angeles Office of the FBI to furnish information they believed pertinent to the assault of Senator ROBERT F. KENNEDY at the Ambassador Hotel on June 5, 1968.

On June 5, 1968, Mr. CORDERO and Mr. RABAGO were interviewed together by SA who identified himself to them as a Special Agent of the FBI.

Mr. CORDERO advised that on the evening of June 4, 1968, he traveled with his friend, ENRIQUE RABAGO in his, RABAGO's, panel truck to the Ambassador Hotel on Wilshire Boulevard. He stated that they went to the Ambassador to observe the activities in connection with the campaign activities of ROBERT KENNEDY. He advised that they arrived at the Ambassador Hotel at approximately 9 - 9:30 PM, after parking some two blocks away.

CORDERO advised that he and RABAGO entered the front entrance of the Ambassador Hotel into the KENNEDY Campaign Headquarters, after a small delay, due to the reluctance on the part of his friend, RABAGO, to enter the room due to the casual nature of his clothes. CORDERO advised that after approximately ten minutes he became separated from his friend, RABAGO; due to the nature and size of the crowd.

CORDERO advised that after looking for RABAGO for approximately five minutes, he walked to the porch area at the front entrance of the hotel where he saw RABAGO speaking to another individual who was sipping from a drink. He advised that he walked up to RABAGO and asked him where he had been. CORDERO advised that after a short conversation with RABAGO's, he told him, RABAGO, to return to the lobby of the Ambassador Hotel. CORDERO stated that RABAGO objected saying that he was not dressed properly to which he, CORDERO,

-449-

replied, "Look at the guy standing next to you, he's dressed in the same manner that we are." CORDERO disclosed that the individual he had used as an example replied to him, "Why shouldn't we go in there, we're putting them in office. I just came from the RAFFERTY Campaign Center and Lounge. As I walked in the hostess looked down at me because they were dressed like millionaires and I was dressed like this. I took out a \$20 bill, bought a drink and left her the change. Then she was all smiles. It goes to show you that its not how you look, its what you got." CORDERO stated that this individual, appeared to be extremely aggravated by the fact that he was looked down upon by rich people and CORDERO advised that he said to him that these "Rich people looked at me as if I was dirt". CORDERO stated that this individual told him that he had "shoved them", indicating the rich people, by his actions involving the \$20 bill.

CORDERO advised that he definitely received the impression from his conversation with this individual that he was particularly discontented and disgruntled with "rich people", particularly because of the incident occurring at the RAFFERTY Lounge.

CORDERO stated that his conversation with this individual lasted only a few minutes and terminated when ENRIQUE RABAGO walked away from the group and was followed closely by himself, CORDERO.

CORDERO advised that at no time did he observe this individual speak to anyone but himself or RABAGO. He stated also that he has never seen this man before and after the termination of his conversation with him on the night of June 4, 1968, never saw him again during that evening.

CORDERO advised that he and RABAGO remained at the Ambassador Hotel until approximately 10:15 or 10:30 PM, at which time they left for their homes in RABAGO's panel truck.

CORDERO stated that the first he heard of the attack upon Senator KENNEDY was late in that same evening on the radio. He advised that the following day, June 5, 1968, he met ENRIQUE RABAGO in downtown Los Angeles, at which time RABAGO told him that he had seen the picture of the individual accused of shooting Senator KENNEDY and was positive that this was the same man that they had conversed with on the previous evening to the Ambassador Hotel.

CORDERO advised that he and RABAGO waited until the late edition of the Herald Examiner came on the stands at which time he, CORDERO, purchased the paper and immediately recognized the photograph of the individual appearing on the front page, who was accused of shooting Senator KENNEDY, as being the same man he had spoken to on the previous evening at the Ambassador Hotel. CORDERO stated positively that the man he had spoken to at the Ambassador Hotel was identical with the individual, SIRHAN BISHARA SIRHAN, whose name and photograph appeared in various Los Angeles newspapers.

CORDERO advised that he and RABAGO immediately traveled to the Los Angeles Office of the FBI where they were interviewed by SA

"and after approximately ten minutes I became separated from my friend, ENRIQUE RABAGO, because of the large number of people in the crowd. I looked for ENRIQUE for about five minutes at which time I walked to the porch area at the front entrance where I saw ENRIQUE talking to another individual who was sipping a drink. I walked up to ENRIQUE and asked him where he had been. He told me had become separated by the crowd and had walked to the front door to see if he could find me.

"I told ENRIQUE to come with me and we would go back into the lobby, but he objected saying that he was not properly dressed to return inside in that he was only wearing casual clothes. I told him 'Look at the guy standing next to you, he's dressed in the same manner that we are.' At this time this individual said words to the effect that 'why shouldn't we go in there, we're putting them in office.' He also said 'I just came from the RAFFERTY campaign center and lounge. He appeared to me to be very aggravated by the fact that he was looked down upon by these 'rich people' and he said that these 'rich people' looked at me as if I was dirt.' He implied that although everyone in there looked to be a millionaire, he had 'showed them' by his actions involving the \$20.00 bill.

"I got the impression during my conversation with this man that he was discontented and especially disgruntled with 'rich people', particularly involving the incident at the RAFFERTY lounge.

"My conversation with this man lasted only a few minutes and the conversation ended when ENRIQUE RABAGO and I followed by this man returned into the lobby of the 'Ambassador to watch' the election results on the television monitor. I, at no time, observed this man speaking to anyone but myself and RABAGO. After parting with this individual I did not see him again during the evening. RABAGO and I stayed at the Ambassador Hotel until approximately 10:15 - 10:30 p.m. at which time we left for our homes in RABAGO's panel truck.

"The first that I had heard of the attack upon ROBERT KENNEDY was later that evening on the radio. The following day, June 5, 1960, ENRIQUE RABAGO met me in downtown Los Angeles and told me that he believed the individual we had talked to on the previous evening was the man accused of shooting Senator KENNEDY. We waited until the late edition of the 'Herald Examiner' came out at which time I looked at the photograph of the man on the front page who was accused of shooting Senator KENNEDY and I positively recognized him as being the man that I had spoken to on the previous evening at the Ambassador Hotel.

"Immediately after viewing this paper RABAGO and I drove to the Los Angeles Office of the FBI where we were interviewed by Special Agent

"On June 6, 1960, Special Agent showed me the photographs of six male caucasians and from these photographs I positively identified one man as being identical with the individual I had seen at the Ambassador Hotel on the night Senator KENNEDY was shot.

"To the best of my memory I would describe this individual, that I saw at the Ambassador Hotel as follows:

"Male

Weight - very slight, about 125 lbs.
Complexion - Dark
Hair - dark, very kinky

On June 7, 1968, the office of Mr. ROBERT MC GHEE, Campaign Manager, Rafferty For Senator Committee, located in the Republican State Central Committee Headquarters, was telephonically contacted by SA

Mr. MC GHEE advised that, to the best of his knowledge, only male bartenders and waiters were in the Rafferty Campaign Headquarters located in the Venetian Room at the Ambassador Hotel on the evening of June 4, 1968. Mr. MC GHEE advised further that, to the best of his knowledge, there were no "hostesses" serving drinks in the Rafferty Campaign area; however, he stated that there were several female party workers working in the Venetian Room on the night in question.

SEROUS A. MASHAYEKHI.

at which time he furnished the following information:

On the night of June 4, 1968, he went to the Ambassador Hotel in Los Angeles, with his friends, LONNY and JANET WORTHEY, to await the election returns and to participate in the anticipated victory celebration for Senator ROBERT KENNEDY. He and the WORTHEYS arrived at the hotel at about 8:30 P.M. and went to the Embassy Room. They found that they could not gain admittance to this room because it was apparently reserved for the press. He and the WORTHEYS then went to the first floor of the hotel and to a room which had been reserved for the use of the KENNEDY campaign workers' victory celebration.

At about 9:30 P.M., while still in this room, he went to one of the two bars in the room, which he described as the larger bar. He noticed an individual standing against a wall adjacent to the bar. This person appeared to be out of place inasmuch as he did not seem to be joining in the apparent festivity nor was he wearing any campaign buttons or any other items indicating his affiliation with the KENNEDY campaign.

Since having seen newspaper photographs of the alleged assassin of Senator KENNEDY, he believes this individual to be identical with SIRHAN SIRHAN. He carried on no conversation with this individual and never saw him again during that evening. This individual was wearing a sport shirt and slacks, light in color. He observed no individuals standing near this person. As WORTHEY's wife was pregnant and not feeling well, MASHAYEKHI and the WORTHEYS left the hotel about 11:30 P.M. and returned to Pasadena.

MASHAYEKHI furnished the following descriptive information regarding himself:

at which time he furnished the following information:

On the night of June 4, 1968, he and his wife accompanied a friend, SEROUS A. MASHAYEKHI, to the Ambassador Hotel to await the election returns and participate in the anticipated KENNEDY victory celebration. They arrived at the hotel at about 8:30 or 9:00 p.m. and after finding that they could not enter the Embassy Room, went to the first floor of the hotel and to a room which had apparently been reserved for KENNEDY campaign workers' victory celebration. At about 10:00 p.m., when going to the bar to get a coke for his wife, he accidentally bumped into an individual at the end of this bar. After seeing newspaper photographs of SIRHAN SIRHAN, he believes the individual he bumped into was SIRHAN SIRHAN. WORTHEY apologized for bumping into this person to which this individual made no reply. A few minutes later WORTHEY observed a female standing along side this individual, but he did not observe them talking with each other. With the large number of persons being in the room, he was not sure that this female was in company with this individual. He did not see this individual or the female at any time later in the evening. He and his wife and MASHAYEKHI left the hotel about 11:30 p.m. and returned directly to Pasadena.

Date 6/8/68

Miss ~~SANDRA~~ SERRANO, advised she was co-chairman of the Youth for KENNEDY Committee for the Pasadena-Altadena area. SERRANO advised she is 20 years old and employed

Miss SERRANO advised that at approximately 8:30 p.m., June 4, 1968, she left the Youth for KENNEDY Pasadena Headquarters with four other committee workers to go to the Ambassador to await the primary results. This group went in a car belonging to GREG ABEOTT, MICHAEL FRANCHEK, GEORGE FREDERICKS, JR., and IRENE CHAVEZ, a friend who rooms with Miss SERRANO's aunt and uncle at the address, were included in the group.

Miss SERRANO advised that while at the Ambassador waiting for the primary returns, she had someone buy her a drink, a screwdriver. According to SERRANO, at approximately 11:30 p.m., she walked out of the ballroom area to an outdoor terrace stairway because it had become too warm and crowded in the ballroom. She sat on the fifth or six step of the stairway which lead to an upstairs area. Miss SERRANO could not describe what this upper area was. Two or three minutes later, which SERRANO estimated to be approximately 11:35 p.m., three individuals approached her on the stairway, a woman and two men, and walked past her up the stairs. As the woman got to her, this woman said, "Excuse us" and Miss SERRANO moved to the side so they could pass. SERRANO said she felt these three people were together since they were walking together up the stairs and the woman had said, "Excuse us."

After approximately 20 to 25 minutes, which Miss SERRANO believed was shortly after midnight, she heard what she thought was six back fires from a car. Four or five were

-464-

real close together. During this 20 or 25 minutes, no other person went up or down this stairway past her. Approximately 30 seconds after hearing what she thought was back fire, this same woman who had gone up the stairs came running down the stairs toward her, followed by one of the men who had gone up the stairs with her. Miss SERRANO stated that as this woman ran down the stairs toward her, the woman shouted, "We shot him - we shot him." Miss SERRANO said, "Who did you shoot?" to which this woman replied, "Senator KENNEDY." Miss SERRANO was asked if this woman could have said, "He shot him" or "They shot him" rather than "We shot him." SERRANO insisted the word was "We" but volunteered that she realized that "we" could have meant we, meaning we as a group of KENNEDY supporters or as we as society in general.

Miss SERRANO did not notice in which direction these people went after they passed her on the stairs since she looked up the stairs behind her and immediately left and walked back just inside the hallway area. She met a gray uniformed security officer just inside the door and said to him, "Is it true they shot him?" This uniformed officer replied, "Shot who?" and she replied, "Senator KENNEDY." Miss SERRANO said at this point the uniformed officer told her she must have had too much to drink. SERRANO commented she still held her drink glass. A few minutes later a group of five or six people came towards her from the ballroom area and SERRANO said to them, "They have shot him." These people did not answer her but she heard one comment from the group, "Oh she's crazy" and another comment, "Oh my God."

At this point, Miss SERRANO advised she looked for a public phone so she could call her parents in Ohio. She said at about 12:15 p.m., she found a public phone. Miss SERRANO said she knows she had \$3.00 in change and thinks she tried to pay for the toll charge but had trouble with the phone and believes she ended up reversing the charges to her parents' phone. While SERRANO was talking to her mother trying to explain to her that Senator KENNEDY had been shot, people started to pound on the door of the phone booth trying to get in. One of these people

was (first name unknown) FRANKSTEIN, a KENNEDY co-worker, and she asked him if it was true that Senator KENNEDY was shot. He replied, "Yes." SERRANO then tried to explain to her mother that it was true but felt she did not really get it across to her mother and hung up the phone. Miss SERRANO stated she was crying and near complete hysteria and did not know what to do.

SERRANO was asked to explain why she would call her parents long distance in Ohio before she had confirmed the fact that Senator KENNEDY had been shot. She said, "If you could have seen the expression in the face and heard the way she said, 'We shot him,' you would have believed her too."

After leaving the telephone, SERRANO walked back towards the ballroom area and recalls meeting GREG ABBOTT. She tried to tell ABBOTT what she had seen but could not get him to understand. She then met DAVE HAINES, another co-worker for the Youth for KENNEDY Campaign, and could not get him to understand since he had a girl with him who was crying and completely hysterical. SERRANO then sat in front of a television set and said aloud, "I saw these people come down the stairs, what am I going to do?" A person in the area told her she should find a police officer to tell her story to. SERRANO walked out of the ballroom area and met her friend, IRENE CHAVEZ. She tried to explain her story to IRENE but could not get her to completely understand. They walked out of the hotel area towards the parking lot but found they could not leave the parking area and started to return to the hotel. As they returned to the hotel, SERRANO walked up to a man and said, "I saw them run down the stairs, what can I do?" This man identified himself as Mr. AMEROSE, a District Attorney from Beverly Hills, and told her to come with him and he would find a police officer to tell her story to. SERRANO said they found two uniformed police officers and these officers took her to an area inside the hotel where they were keeping witnesses. While she was sitting in this area, a person asked her if she was a witness. She briefly told this person what she had seen and before she realized it, she was being interviewed on television at which time she gave her story the best she could.

Miss SERRANO said after this television interview, she was taken to the Rampart Substation of the Los Angeles Police Department and interviewed and then taken to the Homicide Division of the Los Angeles Police Department Headquarters and reinterviewed.

Miss SERRANO described the woman she saw on the stairway as being a white female, 23 to 27 years of age, 5'6" tall, medium build, 125 pounds. She had dark brown hair, ear length (bouffant style) and wore a white voile cloth dress with black quarter inch polkadots. The dots were about $1\frac{1}{2}$ to 2" apart. This dress had three quarter length sleeves, a bib collar with a small black bow and was A-lined style. (SERRANO said she took special note of the dress since she had a friend with one just like it). This woman wore black shoes and no purse. SERRANO said this woman did not wear glasses and had a "funny nose" which she described as a "BOB HOPE" type. SERRANO said she felt she could identify this individual again.

SERRANO described the male individual whom she saw go both up and down the stairs with this woman as being a white male (Latin extraction), 5'5" tall, 21 to 23 years, olive complexion, black hair, long - straight, hanging over his forehead and needed a haircut. He wore dark pants, light shirt, and a gold or yellow cardigan type sweater and had nothing in his hands. SERRANO said she was not sure if she could identify this person again.

Miss SERRANO described the other male individual who she saw only go up the stairs with this woman as being a white male (Mexican-American), about 23 years of age, 5'3" tall, curly, bushy hair and wore light colored clothes. She said after seeing the picture of SIRHAN SIRHAN in the newspaper, she felt certain this was the same person she saw go up the stairs with this woman.

Miss SERRANO was asked if she was certain of the events as described above. She said she realizes she was near hysteric over the shooting, but was sure of the events she described. SERRANO said she had only the one drink and was not taking any type of medication or pills.

On June 7, 1968, SERRANO was taken to the Ambassador Hotel and asked to locate and reenact the incident described by her above.

She had difficulty in locating the stairway she described but once she found the stairway, she was able to orientate and describe the events as she recalled them. This stairway is located on the south side of the Ambassador Ballroom and is used for emergency fire stairs. Large double doors open onto the stairway from a hallway adjacent to the Ambassador Room. From this doorway, the stairs go down to ground level and up to double fire doors leading into the Embassy Room which is located directly above the Ambassador Room. It is noted that Senator KENNEDY gave his speech in the Embassy Room and the Ambassador Room below was used to accommodate the overflow crowd. Television sets had been set up throughout the Ambassador Room in order to witness the events taking place upstairs.

Miss SERRANO advised that she had gone to another exit door before finding the exit to these stairs but could not get out because a uniformed guard told her she was not allowed to go out the doors. She said there was no guard at the double doors she went out to this stairway and the doors were closed. She noted that a uniformed guard whom she described as a white male, approximately 27 years of age, with dark hair, wearing a gray uniform, was inside the door when she went back into the hallway area. This is the guard she asked if it was true that Senator KENNEDY had been shot.

SERRANO located a bank of public telephones located in the hallway leading to the main entrance of the Ambassador Room as being the bank of telephones she found to make the call to her mother. She said that there are five public phones in this bank and she identified telephones 386-0824 or 326-9837 as the phone she used.

6

This same date, Miss SERRANO was taken to the NBC Studios, Burbank, California, and all film coverage taken by NBC at the KENNEDY primary celebration was reviewed by Miss SERRANO. She was unable to locate anyone in this film she thought might be identical to the woman or the men she had seen on the stairway.

Date June 7, 1968Miss IRENE CHAVEZ,

, age twenty-one, advised she was a worker in the Youth for Kennedy campaign. She said she lives in the home of her friend SANDRA SERRANO and went with SERRANO to the Ambassador Hotel the night of June 4, 1968, to await the primary results.

Miss CHAVEZ advised that about five minutes after the shooting of Senator KENNEDY, she met SERRANO in a hallway outside the ballroom. She said SERRANO was crying and near hysteria and told her about seeing two people, a man and a woman, run down the stairway where she had been sitting and the woman had said something about they had shot Senator KENNEDY. Miss CHAVEZ said she understood from SERRANO that she thought these people had shot Senator KENNEDY and not just the fact that Senator KENNEDY had been shot.

Miss CHAVEZ said that after trying to calm SERRANO down, they met a man who claimed to be a district attorney and took SERRANO to the police for interview.

Miss CHAVEZ said she considered SERRANO to be a stable person and never knew her to imagine things or make up stories.

CATHY SUE FULMER, age 19,

advised as follows:

She stated she had gone to the KENNEDY primary celebration at the Ambassador Hotel with a boy friend named DENNIS (last name unknown) and they were able to "gate crash" the reception held in the Embassy Room of the Ambassador Hotel. FULMER claimed she had been able to get near the podium where Senator KENNEDY gave his speech and standing near her was an individual she described as a short male Mexican, about 20 years of age, whom she recognized from newspaper photographs as SIRHAN SIRHAN.

FULMER stated that after the shooting, she ran out of the main entrance of the ballroom yelling words to the effect, "He shot him - he shot him." FULMER said she did not actually see the shooting but was coming forward to give her story since she thought she had been confused with a woman she had read about in the papers as having worn a white polkadot dress and was heard to yell, "We shot him - we shot him."

FULMER said she was not wearing a white polkadot dress but did wear an orange and white polkadot scarf tucked in around her collar and wore a dark green suit.

"On the night of June 4, 1968, I was on
official duty at the Ambassador Hotel in Los Angeles
to take pictures of any violation of fire regulations.
This was done at the request of the Fire Prevention
Bureau.

"At around mid-night I was sitting across the
hall which runs along the north side of the Embassy
Room. I observed Senator Kennedy and his party
pass where I was sitting and go out of sight around
a door way and I believe that he had gone on into
the Embassy Room.

"There were several stragglers following the
Senator's party. One of them came to my attention
due to the way he was looking from side to side as
though he was observing the layout of the area, or
the people around the area. He was also carrying
what appeared to be a rolled up poster in his hands.
It appeared to be a roll about two feet long and
three to four inches in diameter. As I saw a rolled
up poster, similar to the one I had previously seen
being held in the air in the hall, while the Senator
was apparently in the Embassy Room. Sometime later
the Senator's party was leaving the Embassy Room

"and moving down toward the Press Room at the end of the hall. I did not actually see Senator Kennedy at this time but by the movement of the crowd I was under the impression that he was in the group.

"I heard what sounded like three shots fairly close, followed by several more at random intervals. They sounded like they came from a cap pistol. I also saw what appeared to be flashes from the shots. At this time I had the impression of someone standing on a table and firing a gun at a downward angle.

"I moved toward where this activity had happened and learned that Senator Kennedy had been shot. I got my camera and returned and began to take pictures. I took five pictures of the activity. I then learned that in addition to Senator Kennedy, several others had been shot. I also became aware that some of the commotion was caused by several others subduing the person who apparently had done the shooting.

"I later left the ambassador Hotel and went to Fire Department Headquarters. Enroute I wondered whether the person I had seen following the Senator's party with the poster had been involved in the shooting. However, after I arrived at Headquarters I heard a newscast that described the suspect as possibly a Negro or Mexican man about 25 years of age. I recalled the person I had seen with the poster as about that description but with a complexion too light to be described as Negro or Mexican. The man I had seen had a full head of black hair and he was wearing a blue shirt or blue jacket and possibly dark trousers.

"I later saw newspaper pictures of the person charged with the shooting and I felt that it was the same person I had seen following Senator Kennedy and carrying the poster.

"The pictures I took showed several people struggling with a man who apparently had done the shooting. One picture showed Senator Kennedy on the floor surrounded by people. The foot and a portion of the leg of one of the other victims was also shown in the picture of Senator Kennedy. One of the pictures only showed the backs of some bystanders. Another picture showed a man standing on a table next to the wall near where the Senator had been shot.

On June 6, 1968, JOSEPH THOMAS KLEIN,

, telephone advised he is a student at Fullerton Junior College. KLEIN stated that on the evening of June 4, 1968, he was at the Ambassador Hotel when Senator KENNEDY was shot and then furnished the following information:

KLEIN was standing with two of his friends outside of the Embassy Room at the Ambassador Hotel right after Senator KENNEDY had finished his victory speech. Approximately a minute or so after Senator KENNEDY had left the Embassy Room, a man came running out of the Embassy Room and shoved people as he ran. This man was carrying a package under his arm and the package was approximately three feet long and was wrapped in some "blue stuff" possibly paper or cardboard. KLEIN followed this individual out of the hotel, but upon reaching the outside he lost him. KLEIN asked several people if they observed a man running and they indicated not.

KLEIN stated the reason he followed this individual was because he was the first person to come running out of the room and was carrying a package. Also PATTI NELSON, who was with KLEIN stated she had seen a muzzle of a gun sticking out of one end of the package. KLEIN himself did not see the muzzle of a gun. Also a DENNIS WEAVER was with KLEIN and NELSON and WEAVER did not see a muzzle of a gun.

KLEIN explained that last night, June 5, 1968, he was watching the Channel 7 News at 5:30 p.m., that originated from New York City. The news program showed a scene with Senator KENNEDY walking out of the Embassy Room after making his victory speech and the camera fanned out on the people who were standing in the corridor outside of the room where Senator KENNEDY was walking. The television camera stopped on this individual and at this point KLEIN recognized the same man he saw the previous night running out of the Embassy Room after Senator KENNEDY had been shot. In the television scene, this individual had a blue package in his hand. KLEIN stated he would recognize this individual if he saw him again.

DENNIS STEVEN WEAVER,
telephone number _____ furnished the following
information in the Los Angeles Office of the FBI.

WEAVER is 22 years of age and a graduate student enrolled full-time at California State College, Fullerton, California, majoring in History.

At about 10:30 p.m. on June 4, 1968, WEAVER met PATRICIA NELSON and JOSEPH THOMAS KLEIN at the Ambassador Hotel in Los Angeles, California. Their purpose in being there was to partake in what they anticipated would be KENNEDY's victory celebration in connection with his winning the presidential primary in California. Shortly after midnight on June 5, 1968, the three of them walked over to the entrance of the Embassy Room in this hotel. WEAVER saw a male individual running out of the Embassy Room and this individual ran between NELSON and himself. He was carrying a three foot long circular blue roll of paper which was approximately eight or nine inches in diameter. WEAVER did not hear this individual say anything as he was running past them. He was only able to observe him for a few seconds. He had never seen this individual before nor has he seen him since. He thought that it was very unusual when there were hundreds of people in the lobby that this male individual should be running so fast out of the Embassy Room when everyone else was standing still or entering this room.

At the time WEAVER saw this individual come out of the Embassy Room he had not learned about the shooting of Senator KENNEDY.

The following is a physical description of the unknown individual which WEAVER observed:

Sex	Male
Race	White
Age	25 -35
Height	5 feet 10 inches to 5 feet 11 inches

- 482 -

Weight	165 pounds
Eyes	Unknown
Complexion	Medium
Hair	Short, dark
Sideburns	Normal
Clothing	Wearing a gray or a blue suit with what was believed to be a white shirt and tie

WEAVER was not sure whether he would be able to recognize this individual if he saw him again.

PATRICIA ELIZABETH NELSON, also known as Patti Nelson, furnished the following information:

NELSON, age 20, is a student at the University of California at Irvine, majoring in Political Science. She is the Orange County Coordinator of Students for KENNEDY.

At about 8:45 p.m., on June 4, 1968, NELSON arrived at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, to partake in the contemplated victory celebration there for Senator KENNEDY. The Presidential primary elections were held in California on June 4, 1968. At about 12:10 a.m., on June 5, 1968, she was standing with JOSEPH THOMAS KLEIN, also known as Tom Klein, in the lobby of the Ambassador Hotel, next to a pillar just outside of the Embassy Room of this hotel. There were hundreds of people in the lobby. All of a sudden she observed a male individual running through the lobby and heard him say twice, "Excuse me please". This individual said nothing else. He came out of what appeared to be the Embassy Room or a room very close to the Embassy Room. Under his right arm this individual carried a package, which was about three and one half feet long and about six inches wide, wrapped in what appeared to be a dark blue canvas type cloth. The front of the package was closed. It could well have been a gun case. This package was held loosely in this individual's right hand. What appeared to be a wooden stock of a rifle or a shotgun protruded out of this blue canvas about six inches. NELSON did not know the difference between a shotgun and a rifle. The wooden stock appeared to her to be of oak or light walnut finish. She felt quite sure that the wood that protruded from this blue canvas was definitely the stock of a gun. She observed this individual for a period of about five seconds and last saw him running down the corridor of the hotel.

- 484 -

She believed this individual's appearance to be very unusual because of his wearing apparel as all the men there were dressed in suits. He also had very long hair and long sideburns which was not characteristic of those present. The fact that he was also running appeared unusual to her. She had never seen this individual before or since that time.

KLEIN later told NELSON that he had seen this same individual on the FRANK REYNOLDS' News Program, an ABC television program. KLEIN stated the ABC television cameras picked up the individual as they panned the hotel lobby.

The following is a physical description furnished by PATRICIA NELSON concerning the individual that ran past her in the corridor of the Ambassador Hotel:

Sex	Male
Race	White
Nationality	Mexican or Cuban
Age	Early 20's
Height	5'6" - 5'7"
Weight	140 - 150 pounds
Build	Slight
Complexion	Medium Dark
Eyes	Unknown, but believed brown
Hair	Black; long, straight, hung over his ears and hung in back to about where his collar would be; long heavy sideburns which extended to the bottom of his ears.
Appearance	Clean shaven
Peculiarities	Stooped
Dress	Burgandy or dark sweater with V-neck, may or may not have had shirt underneath; dark levi-type trousers, no press.

PATRICIA NELSON would recognize this individual if she saw him again.

was interviewed at Goleta, California, at which time she stated that she is a secretary for State Senator ANTHONY C. BIELENSON. During Senator KENNEDY's talk at the Ambassador Hotel, she was in company with Senator BIELENSON's wife, DELORES, and, upon the conclusion of Senator KENNEDY's talk, she and Mrs. BIELENSON went from the main room into a kitchen hallway because of the oppressive heat in the main room. A few minutes later, it appeared to her that Senator KENNEDY had passed through the kitchen hallway and had gone beyond them, but she did not see him at that time because she was distracted by other persons around her. Mrs. BIELENSON advised Miss SHAM that the Senator had passed.

At that point, she heard what she thought was a series of firecrackers explode and learned later that the Senator had been shot. She stated that she did not observe the Senator in the kitchen hallway, did not observe the assailant, and knew nothing else about the shooting except what she learned later from other persons.

She learned from Mrs. BIELENSON, however, that Mrs. BIELENSON had observed a part of the incident.

stated to the best of his recollection, Mrs. MARY SIRHAN and her children came to the United States from Jerusalem in about 1960. The father, name unknown, remained in Jerusalem.

said the only sons he can recall were named SAIDALLAH, SHARIF, and the younger son SIRHAN. He said he believes there was a daughter who came to the United States with them but he is not certain of her name. It may have been MARY, however, she did not reside with the family in Pasadena.

During the time he knew SIRHAN SIRHAN, he had several talks with him regarding belief in God. SIRHAN appeared to be a very intense atheist and could see no logical reason to believe in God. stated SIRHAN also attended John Muir High School, Pasadena, during that period and was about a sophomore. He appeared to be very close to one of the high school teachers who furnished him with a great deal of literature to substantiate his beliefs in atheism. said he does not know the name of this teacher but recalls that SIRHAN considered him an authority on almost all subjects.

said the boys all seem to have a bitter attitude toward life, with the feeling that the world owed them a living. This was due in part to the resentment they had for their father who did not come with them to the United States.

He advised further that he did not recall any of the boys belonging to any organizations in the community. SIRHAN may have been a member of some club, but it would have been connected with John Muir High School.

advised that he came to the United States from Bombay, India, five years ago. He related that he attended Pasadena City College (PCC), Pasadena, California, for two years after which he transferred to the Western State College of Engineering (WSC) at Inglewood, California. He studied there for two years and was graduated one week ago with a degree in Engineering. explained that he is presently unemployed and in the process of seeking a job after obtaining his degree. He thereafter furnished information as follows:

In 1962 or 1963, was attending PCC and belonged to a social club called the Foreign Students' Group. This club was for all foreign students on campus. Through the club, he developed speaking acquaintances with various other foreign students, one of whom was SIRHAN. explained that their relationship was that of "casual acquaintances" and noted that he never knew SIRHAN by name until he was identified through the press as being the assassin of Senator ROBERT F. KENNEDY. He pointed out that their sole relationship was that of speaking to each other on campus or having coffee where other foreign students gathered. recalled, however, that SIRHAN always called him

further explained that he continued to reside in Pasadena while attending WSC and would often eat or attend social functions on campus at PCC. On some occasions, he would see SIRHAN but estimates that in the last three years he has not seen him over four or five times.

In late March, 1968, saw SIRHAN at the Santa Anita Racetrack, Arcadia, California. They talked for only a few minutes, and the conversation was mainly about the races. He recalled that SIRHAN asked about some mutual acquaintances and asked how was doing. He noted that they talked for only three to five minutes.

-869-

On June 4, 1966, at approximately 6:10 p.m., [redacted] entered Bob's Big Boy Restaurant, 1916 East Colorado Boulevard, Pasadena. The restaurant is adjacent to the campus at PCC. [redacted] sat at the counter for approximately ten minutes after which SIRHAN entered the restaurant, recognized him and joined him at the counter. After greeting him, SIRHAN asked [redacted] to join him for dinner and stated, "The meal is on me." After [redacted] declined the offer, SIRHAN took [redacted] check for coffee. After a few minutes of non-specific conversation, [redacted] began reading a newspaper which carried a caption concerning the Israeli-Jordan situation. SIRHAN noted the caption and said words to the effect of "things are wrong there." However, [redacted] did not pursue the conversation, and SIRHAN made no further comments concerning Israel, Jordan, or any other political situation or figure. SIRHAN's meal was served, and the remainder of the conversation was of horse racing, about which both had a mutual interest.

When SIRHAN finished his meal and paid the checks, he asked [redacted] where he was going. When [redacted] informed him that he was going to the PCC campus, SIRHAN stated, "I think I'll come with you."

They then walked to the campus cafeteria, during which time they again talked of horse racing. Upon entering the cafeteria, SIRHAN observed four Arab students whom he immediately approached. He introduced himself and after which a conversation ensued in Arabic. [redacted] recognized one of the students to be [redacted] whose address [redacted] furnished from an address book as [redacted]

He did not recognize the other students. [redacted] and the other students then departed the cafeteria to attend a 7:00 p.m. class, and [redacted] and SIRHAN sat at another table.

[redacted] initially stated that inasmuch as they had just left the restaurant, he did not care for coffee, but at SIRHAN's insistence he ordered hot chocolate. A casual and non-specific conversation then began, during

which time, SIRHAN began toying with a small metal object which he held in his hands. When asked what the object was, SIRHAN advised that it was something connected with a gun or bullet. explained that SIRHAN told him what the object was but noted that he cannot now recall exactly what it was. He noted, however, that he is sure that it was connected with guns or bullets and stated that his impression is that it was a spent slug of a bullet which had been fired from its casing and subsequently recovered.

A detailed interview with and an examination of a .38 caliber bullet failed to clarify exactly what type of object had seen. He concluded, however, that he feels that it was a spent slug of a smaller caliber than the .38 caliber bullet displayed for clarification purposes.

After inquired about the above mentioned object, he asked SIRHAN if he was a hunter. SIRHAN replied that he had hunted on occasion but noted that he was just learning about the sport. However, noted that he then asked SIRHAN an unrecalled question about rabbit hunting and pointed out that, judging from the conversation that followed, he formed the opinion that SIRHAN had little or no knowledge about hunting or firearms.

Shortly thereafter, they departed the cafeteria and began walking to a campus parking lot where each had a car parked. While walking toward the lot, SIRHAN observed a new campus building and noted that the new building stands on what was a vacant lot when they attended PCC. SIRHAN then, referring to the time when they attended PCC as students, said words to the effect of, "That was a beautiful time ... when the political situation was better." noted that he felt that the statement was odd and did not exactly understand it; however, inasmuch as he did not wish to continue the conversation, he made no comment and neither did SIRHAN.

While walking toward the lot, they came to a newspaper rack, from which purchased a Preview Edition of the "Los Angeles Times." When SIRHAN stated that he also wanted a paper, told him not to purchase one inasmuch as he, wanted only the classified ad section for job hunting purposes. then took the classified ad section and gave the remainder of the paper to SIRHAN. does not recall seeing SIRHAN look at the paper.

As they approached their vehicles in the parking lot, SIRHAN asked if he wanted to shoot pool. After declining, SIRHAN lingered for a few moments talking about mutual friends. He recalled that SIRHAN asked such questions as how former students were getting along and how many children they now have.

As they entered their respective vehicles, recognized that SIRHAN entered the same vehicle which he had when they attended FCC. He described the vehicle as an older model Chrysler product which was pink in color. He departed the lot first and did not observe the direction in which SIRHAN drove away. He estimated the time to be 7:15 to 7:30 p.m.

He could not recall the clothing worn by SIRHAN, other than he was not dressed in a coat or tie and wore a shirt and trousers.

He concluded by noting SIRHAN made no comment about Senator ROBERT F. KENNEDY, the current political situation, or the primary election being held in California. Further, he stated that SIRHAN gave no indication of emotional instability or any type of contemplated violent act. He further noted that when SIRHAN asked him to go shoot pool, there was no time limit suggested. He further stated that it was his opinion that SIRHAN appeared to be lingering with nothing to do and was seeking his company. He noted, however, that no time limit was suggested about shooting pool, inasmuch as he refused SIRHAN's offer outright.

He was born in England and has been in the United States 20 years. He works at the race track during the season, now through July 22, 1968, from 11:00 AM to the last race.

He advised in 1965, he was working at Santa Anita Race Track and SIRHAN BISHARA SIRHAN worked there as a hot-walker, one who cools down horses after a race or a workout. I knew SIRHAN all through the 1965 racing season at Santa Anita. SIRHAN, after that, went to work hot-walking horses at the Los Angeles County Fair in Pomona. At this time, I was working for trainer and I was foreman with supervision over SIRHAN. I would not have personally known SIRHAN.

I states that SIRHAN wanted to be a jockey and I did not believe SIRHAN had the disposition, so recommended he become an exercise boy. I loaned SIRHAN books and tack to learn to be a rider and let SIRHAN work with a non-thoroughbred pony to learn to ride. SIRHAN was a poor rider, was constantly being thrown or would fall from various horses.

After this, SIRHAN went to work for a horse owner, of SIRHAN then returned to the Los Angeles area and worked at Hollywood Park for galloping horses during the 1966 season. I finally laid him off.

I saw SIRHAN at the track, as a customer, in March 1968, and did not talk to him.

I does not recall SIRHAN having any friends. He was driven to and picked up at Santa Anita by a brother. I recalled the discussion where SIRHAN became incensed during a discussion of Jews in the Arab countries. SIRHAN

was well versed in American politics, knew names of members of Congress well. SIRHAN appeared very intelligent and may have had a degree in mathematics. He did not smoke, drink, swear, and apparently did not have many girl friends. recalls SIRHAN as a very stable person.

MUNIR BISHARA SALAMEN SIRHAN, who resides at
telephone number
advised that he is the brother of SIRHAN BISHARA
SIRHAN

MUNIR SIRHAN was interviewed at the home of a
friend of his mother

SIRHAN advised that he had resided at the
address for approximately five to six years and lived
there with his mother, MARY SIRHAN, and his brothers, SIRHAN
BISHARA SIRHAN and ADEL BISHARA SIRHAN.

SIRHAN stated that his brother, SIRHAN BISHARA
SIRHAN, had graduated from John Muir High School in Pasadena,
California, and had attended Pasadena City College for
approximately two years. He stated that he did not know
exactly what subjects his brother studied but that he did
study languages, and he knew that his brother was fluent
in several languages including Russian, German, and Arabic.
He considered his brother to be "rather intelligent in an
intellectual sort of way."

He continued that approximately three months ago
he had a personal dispute with his brother, SIRHAN, and for
the past three months they have not spoken, although they
reside in the same house.

Further, he stated that for approximately the last
six months his brother, SIRHAN, has been unemployed and that
the last job he had, which was about five or six months ago,
was for a health store known as the Pasadena Organic located
on Lake Street in Pasadena near Washington Street. He

continued that the proprietor of this store was either a German or Dutchman whose name was WILMER (phonetic). This individual, he stated, had written a book setting forth how he had helped Jewish people during the war. MUNIR SIRHAN stated that his brother, SIRHAN, had taken exception to the publication written by WILMER and that this had caused a disagreement between them, and as a result, SIRHAN terminated his employment at this location. MUNIR stated that SIRHAN's objection to this book was based on his, SIRHAN's, feeling against the Jewish people.

MUNIR stated that his brother, SIRHAN, although living at home with his mother and other brother, had little communication with the rest of the family which was a cause of friction between his mother and his brother, SIRHAN.

Further, he stated that to the extent of his knowledge, his brother, SIRHAN, had no close male associates, no female associates, and his brother did not drink or smoke. His brother was a member of the Amroc Rosicrucians, a religious society, and was also interested and had taken instruction in the Seventh-Day Adventist religion. An individual representing this latter faith used to come to the house once a week and would discuss the bible with SIRHAN. SIRHAN was introduced to this religion through his former employer at the health food store.

Before their recent fight of about three months ago, MUNIR stated that he and his brother, SIRHAN SIRHAN, would go out occasionally and play a game of pool or sit and watch television at the house. The only topics that SIRHAN would discuss were usually thoroughbred horses or his membership in the Rosicrucians. Approximately a year ago, MUNIR stated that his brother had tried to be an exercise boy and worked at a ranch in Corona, California. While so employed, he fell off a horse and hurt his head, as a result of which he was hospitalized in Corona, and later, for a period of several months, had to visit a doctor in Pasadena, California. He filed a suit over this injury, but MUNIR did not know whether or not his brother had ever collected any money as a result of this legal action. To the extent of his knowledge, MUNIR

stated his brother, SIRHAN, did not belong to any racial, social, or political organizations, and never engaged with him in any political discussions, particularly concerning the current primaries in which KENNEDY and other candidates were engaged. He stated that his brother did read a great deal, usually books on history or politics and did watch television, but he had no idea of what his brother's preference on television programs was. He stated that his brother usually returned to the home late at night, and he would observe him walk through the house usually with some newspapers in his arm. He would normally go straight to his room and spend most of the time when he was at home in his own room.

MUNIR stated that he knew that his brother, SIRHAN, had a handgun as several months ago his brother was reading a rifle magazine of some type and asked him if he knew anybody who knew about guns. MUNIR stated that he told SIRHAN that a friend of his who worked at the same location knew about guns. MUNIR said that SIRHAN had taken ROTC training at John Muir High School and said that he knew about guns and wanted a gun to shoot on the pistol range. MUNIR disclaimed that he had purchased this gun but stated that SIRHAN had actually bought the gun from "GEORGE" whose last name he did not know who worked at the Pasadena. MUNIR stated that he only saw this gun on the day that "GEORGE" sold it to SIRHAN and claims not to have seen it since that date. In fact, MUNIR stated, he made SIRHAN swear on the grave of their dead sister that he would only use the gun on the pistol range and would then get rid of it.

MUNIR advised that his brother drove a 1957 De Soto, which was pink and white in color, and that on the morning of June 4, 1968, he saw his brother at approximately 8:30 a.m. at the corner of Lake and Washington in Pasadena where his brother was buying a newspaper. This was the last time he saw his brother before the shooting of Senator KENNEDY. MUNIR stated that if his brother did commit this act, he does not believe he would have done it for any group or individual as his brother had too determined a nature to do something such as this for some other person or group.

MUNIR advised that he was born in Jerusalem on July 15, 1947; that he was 5'6" in height; weighed approximately 120 pounds; had brown hair, brown eyes and wore glasses at all times. He indicated that he was not married; that he lived at home with his mother and brother and that his Social Security Number was . He stated that he was not a citizen of the United States, had been in this country for about twelve years.

MUNIR advised that he saw his brother usually late in the evening when he would return to the house and has no knowledge that his brother had ever been away from the house except on the night of the shooting.

In March 1968, although still favoring a UAR victory, SIRHAN seemed to have quieted down on the subject of Israel. He did not feel the Israeli Territory could be freed by the Arabs and that his general attitude towards Israel had mitigated. SIRHAN indicated a decreasing amount of interest in politics and an ambition to get a job, although he told he was always interested in the politics of the Near East.

stated that SIRHAN developed most of his sentiment against Israel from his family and he feels that SIRHAN had no stronger anti-Semitic feelings than did his mother, MARY SIRHAN.

... was interviewed in his home, California. No one was at home other than for the first two to three minutes, then a much younger brother looked in the front door inquiring about whether he could spend the night with a neighbor friend at which time the interview was moved to an FBI car in front of the house. The car was driven three blocks away to another street where the interview was continued with in the back seat by himself and the interviewing Special Agents in the front seat.

At the outset of the interview was told that this interview would be about alleged activities in the Communist Party, USA (CP). He was told that the question had now arisen as to whether there was any conspiracy to kill Senator KENNEDY that might involve the CP; that the public, the Congress, and the President was demanding and had a right to know the answer to this question. He was told he might conceivably have to testify in court or before Congress about anything he said during this interview. He said he understood the situation.

stated he would cooperate in every way possible. He was asked about his own CP activity. states in 1965, while a student at Pasadena City College (PCC), he had been active in forming an Ad Hoc committee that had to do with the issue of Negro rights and an effort to help secure these rights. organizer.

stated that in 1965 at PCC in an effort to get a Students for a Democratic Society Club (SDS) active on campus but noted that other students were apathetic, and it never got started. One (phonetic) knew about this SDS club, but was not active and did not join or help form this club. (phonetic) also a student tried to help form this club.

-1009-

states SIRHAN SIRHAN knew about the formation of this club but was apathetic and never helped or hindered, did not join or offer to join the SDS club.

He almost immediately joined the UCLA chapter of the W.E.B. Du Bois Club that was then active on campus.

However, by late 1966 or early 1967 the W.E.B. Du Bois Club had grown unpopular because the members at UCLA got tired of it and it folded.

With regard to SIRHAN, states he considered him "erratic" in his political philosophy and though essentially liberal and left of center, he had definite phases of his thinking where he was right of center, particularly on the subject of the state of Israel. When asked what he meant by liberal, stated, "politically liberal." Pressed for more definite information, states he does not know SIRHAN's economic philosophy. Politically, SIRHAN favored movements that according to are considered by the general populace to be left of center. states SIRHAN was opposed to the Vietnam war.

While at PCC in 1965, recalls that SIRHAN claimed he wanted to live in society in the United States and get along with people and make money. SIRHAN was not interested in the SDS Club. Although aware of activities, SIRHAN did not support him. cannot recall specifically discussing the formation of the SDS group with SIRHAN although SIRHAN must have known. SIRHAN would likely have been on the fringe of groups where was expressing a desire to form the club and where SIRHAN must have overheard such expressions.

states he was in the W.E.B. Du Bois Club at UCLA after he left PCC and dropped out before meeting with SIRHAN so that SIRHAN could not have known of this club membership while . was a member.

-1011-

said he does not walk the streets recruiting CP members and for that matter based on SIRHAN's prior lack of interest in the SDS would not and could not have recruited him for the CP at this time. says that recruitment would have to follow overt activities on the part of SIRHAN over an extended period of time, like membership in a club like the W.E.B. Du Bois Club. Since this background was lacking in SIRHAN, could not recruit him and did not try.

did not see, talk to or communicate with SIRHAN in any way, directly or indirectly since that time.

states he is "aware of the awful" implications of his contact with SIRHAN. He has seen a Los Angeles newspaper account of an interview of Mayor SAM YORTY since the murder of Senator KENNEDY wherein YORTY make reference to

notes that once belonged to SIRHAN which suggest that SIRHAN believes in the objectives of the Communist Party.

"hopes to God" that dates on these notes are prior to his talk with SIRHAN on states this matter weighs heavily on his conscience. He hopes he did not influence SIRHAN to shoot Senator KENNEDY. He cannot believe that his brief remarks to SIRHAN could be the motivation, but since he does not know of anyone else who contacts SIRHAN, knows only of his own contact, he has an ache in the pit of his stomach when he thinks of the consequences. He says he is examining his own conscience searching for an answer; he says he has a "dreadful" fear that he might be responsible for this shooting which he states must be considered one of the crimes of the century.

cannot think of any way in which to further clarify his feelings or enlighten this investigation. He says he is always available for recontact and interview further at any time and he was told he would be recontacted and reinterviewed.

states he never discussed the current political scene in the United States with SIRHAN on their meeting and never discussed Senator KENNEDY or any candidates in the California primary with SIRHAN.

Date 6/8/68

Mr. FALLAH BEN-JABR, who resides at [redacted], was contacted at his place of employment, the Ambassador Hotel, 3400 Wilshire Boulevard. After being advised of the identity of the contacting agent, he was interviewed regarding his observance of a 1959 white Chevrolet on the night of June 4, 1968.

BEN-JABR advised he is employed part time as a parking lot attendant at the Ambassador Hotel and, on the night of June 4, 1968, was stationed at a point in the hotel parking lot which is located approximately 150 feet due west of the main hotel entrance. At approximately 11:00 or 11:30 P.M., a 1959 white Chevrolet occupied by four males pulled to a stop where he was standing and the driver asked him where he could park his car. BEN-JABR stated at that time the front parking lot was full due to the activity of the KENNEDY campaign people in the Embassy Room of the hotel. He instructed the driver to continue through the tunnel located on the west side of the hotel in the direction of 8th Street and told the driver of this automobile that he would probably have to find private parking in that area. The driver did as he instructed.

Approximately 20 minutes to a half hour later, he observed the driver of this automobile in the company of a woman entering the main entrance of the hotel. The woman was not in the car when it had passed BEN-JABR earlier. The couple entered the hotel through the main lobby. The three other individuals who had been in the automobile with the driver were not observed by BEN-JABR.

Regarding the driver of the white 1959 Chevrolet, BEN-JABR advised that, as the car approached him initially, he observed one other passenger in the front seat and two passengers in the rear seat of this automobile. To the best of his recollection, he thought the car was a two-door sedan but could not recall anything significant about it, such as dents, paint scratches, or decals in the windows.

-1023-

BEN-JABR stated that, when the car approached him initially, he held a short conversation with the driver. The driver asked him where they could park and stated that they were here to see Senator KENNEDY and wanted to shake hands with him. As the driver spoke, BEN-JABR noticed that he had an Arabic accent. He asked the driver where he was from and was informed that the driver was from Lebanon. The driver did not indicate from what city in Lebanon he was from.

BEN-JABR described the driver as being in his mid-20s, about 6' in height, straight light brown hair, medium length which was parted on the left side and which had a lock over his forehead similar to Senator KENNEDY's hair, and medium build. This individual was fair complexioned had a straight nose, was clean shaven, was wearing a short sleeve sport shirt and dark trousers, did not appear to have any marks on his face and was clear complexioned. BEN-JABR advised that he could not recall the color of this individual's eyes and could not described him further other than to say he recalled the general impression that this individual was "clean cut" in appearance.

BEN-JABR stated that he recalled nothing whatsoever about the other three individuals in the automobile other than the passenger in the front seat was wearing a short sleeve light colored shirt. He did not speak with any of the three other individuals nor did they speak to him.

BEN-JABR advised that he observed the driver and the girl mentioned above at a distance of approximately 100 feet and could only recall that the girl appeared to be in her 20s with medium length very light brown hair. She was dressed in a white dress that fell below her knees and, as he recalled, had short sleeves. He could not recall if she was dressed in high heels or flat shoes. He did not believe she was carrying anything as the man had his hand on her and she was leaning against him as they entered the hotel. He did not hear her speak so was unable to state whether or not she was also Arabic.

BEN-JABR stated that he has never seen the driver of the automobile before or since, nor has he ever seen the woman again. He stated that he has been shown pictures of the suspect of the shooting and he could not associate the suspect's photograph with any person or event.

BEN-JABR advised that, in talking with the driver of the above described automobile, he received the impression that the occupants of the automobile were there for a good time and noted nothing unusual about their attitude. BEN-JABR stated that he could not recall anything else about the individuals in the white Chevrolet nor about the woman whom he saw later with the driver of that car.

BEN-JABR stated that he presently resides with his telephone number

He is employed part time as a parking lot attendant but is a medical student at the University of Southern California at Los Angeles and arrived in the United States from Saudi Arabia approximately three years ago.

Mrs. MILDRED ALT was contacted at Los Angeles County, advised of the identity of the interviewing Agent and that the interview was concerning the shooting of ROBERT F. KENNEDY. ALT advised that when she had attended a KENNEDY rally at the Embassy Room of the Ambassador Hotel, Los Angeles, California, on the night of the Indiana primary, she had observed at that rally a man with black wavy hair, dark skinned, slight build, short, in his early twenties, wearing a suit and a tie, and speaking with a slight accent.

ALT stated that this dark skinned man was in the company of a woman, Caucasian, light complexioned, slender build, 120 pounds, five feet six inches, dark blond or light brunette hair that was set straight back and away from the face, approximately twenty years old, who was wearing a beige dress and a scarf.

ALT stated that she first noticed the couple because the man was making dancing motions as he was sitting in a chair while the woman was standing and dancing. ALT stated that the man displayed no interest or enthusiasm about the surroundings and did not respond at all when ROBERT KENNEDY arrived and spoke to the group. ALT stated that the man only became enthusiastic when he was able to induce the band into playing Havah Nagilah.

ALT stated that there was a striking resemblance between the man at the rally and the picture of SIRHAN BISHARA SIRHAN that she had seen on television and in the Los Angeles newspapers, with the exception that the man at the rally had a rounder face.

Mr. RAYMOND JOHN BRANNAGAN,

advised that he is the Head Carpenter at [redacted] and he has been employed there for the past fifteen years. He stated that during the evening of June 4, 1968, and the early morning of June 5, 1968, he was assigned with a television crew in the Embassy Room at the Ambassador Hotel where he was on station at the entrance to the Gold Room. He stated that his main coverage was in the Gold Room where interviews were being conducted of election candidates such as Mr. RAFFERTY, and others. He stated that his primary function at that time was to keep people from cutting through the Gold Room during such interviews. He stated that he witnessed the televising of the speech by another crew of Senator ROBERT F. KENNEDY's victory speech. He stated that after the speech approximately five to ten minutes after Mr. KENNEDY departed the Embassy Room through a hallway on the opposite side from the Gold Room, he heard a commotion and screaming and people asking and directing that the Embassy Room be cleared. He stated there were hundreds of people attempting to leave from all exits, including through the Gold Room door, but he turned them away.

He stated that after he learned of the shooting of Senator KENNEDY, which occurred completely outside of the Embassy Room, some two hours later, he and Stage Manager, GEORGE FULTON, were being interviewed by members of the Los Angeles Police Department (LAPD), during which interview Mr. FULTON reminded BRANNAGAN, in the presence of the officers, of a Mexican-looking man who was one of the hundreds of people attempting to exit through the Gold Room, who were turned away by BRANNAGAN. He stated that he recalled the man as approximately 35 to 40 years of age, 5'7" tall, 160 pounds, wore a mustache, wearing a blue suit jacket with unmatched trousers, who was alone and who appeared to be a "father looking for the rest of his family". He stated that he and

-1030-

FULTON recalled that this man attempted to cut through the Gold Room; was turned toward the front door of the Embassy Room, which was being tied up with a rope across the handles by the security officers, whereupon the man came back past the Gold Room and BRANNAGAN directed him to the fire exit on the opposite side of the Gold Room entrance.

Mr. BRANNAGAN stated the he attached no significance to this man and would not have recalled him if Mr. FULTON had not reminded him that they had seen a man attempt to exit. He stated that neither himself nor Mr. FULTON witnessed the shooting of Senator KENNEDY and were on the opposite side of the Embassy Room from the hallway where the shooting occurred, and saw no one whom they could connect with the shooting incident.

He stated that he had no reason to suspect the Mexican-looking individual noted above as being involved in the incident and has no further information to offer, stating that he did not actually see this man depart the Embassy Room.

Mr. BRANNAGAN related that he has seen photographs of the suspect who is in custody and is certain that he did not see that individual in the Embassy Room or vicinity at anytime.

He stated also that he is certain that he could not identify the man of Mexican extraction mentioned above if he should be confronted with him face to face.

On June 6, 1968, information was received from the Las Vegas Office that an individual had contacted that office and advised that they knew an individual by the name of SIRHAN SAILEN SIRHAN, who resided at [redacted], who closely resembled the picture of SIRHAN BISHARA SIRHAN, who allegedly shot Senator ROBERT F. KENNEDY. This party indicated that SIRHAN SAILEN SIRHAN was older than the assailant but that because of the strong physical resemblance, she thought that they might be related.

Also on June 5, 1968, information was received from the Kansas City Office reflecting that EDDIE A. SIRHAN was arrested by the [redacted] Police Department in 1958 and was subsequently turned over to the [redacted] Police Department.

Investigation conducted at [redacted] reflects that SALIEM and MARY SIRHAN resided at [redacted]. They have four sons, SAMIE, residence [redacted], TAWFIC (TON), residence [redacted], SAM, residence [redacted] and SIRHAN and wife, NELLIE, residence [redacted]. Investigation conducted at [redacted] fails to disclose that these persons are related to SIRHAN BISHARA SIRHAN.

The records of the [redacted] Police Department failed to reflect an arrest of EDDIE A. SIRHAN by the [redacted] Police with a subsequent turn over to [redacted] Police Department in May 1958. The records of the [redacted] Police Department do show an arrest of ADEL AID SIRHAN, also known as Eddie Sirhan on November 9, 1950 for "Investigation of molesting a woman." This case was dismissed November 10, 1950. Residence of ADEL AID SIRHAN is shown as [redacted].

The same individual was also arrested on January 1, 1968, in a gambling raid but was released and no prosecution was executed. ADEL (EDDIE) A. SIRHAN is the nephew of SALIEM and MARY SIRHAN. SIRHAN SIRHAN and his wife, NELLIE resided at [redacted] and is employed at the [redacted].

NELLIE SIRHAN advised that SIRHAN BISHARA SIRHAN is completely unfamiliar to her and her husband.

Los Angeles, advised that W. J. WOOD was first employed by their company on May 30, 1968, and terminated his employment June 3, 1968. said that their company sends workers to various jobs throughout the city and had sent WOOD along with several others to work as telephone solicitors at KENNEDY Headquarters 5615 Wilshire Boulevard, Los Angeles, on May 30, 1968.

said that Secretary for received a telephone call from WOOD at 5:00 p.m. on June 5, 1968, and left the following message.

"Says he speaks Arabic and overheard two men talking Arabic and one said, 'If we don't get him tonight we can get him tomorrow night at The Ambassador'. He has not seen the suspect's picture but says the description fits. Wonders if his information is valuable and if he should talk to the police. Wants you to call him back desperately. He will be home tonight."

stated that WOOD is presently residing at , Los Angeles, and could possibly be contacted at that address.

1038

FEDERAL BUREAU OF INVESTIGATION

Date 6/7/68

W. J. WOOD (full name) Room
Los Angeles, advised that on May 30,
1968, through June 3, 1968, he was employed through
Los Angeles, and worked as a telephone
solicitor at the KENNEDY Campaign Headquarters, located at 5615
Wilshire Boulevard, Los Angeles.

WOOD stated that at approximately 2:00 p.m., on
June 3, 1968, while seated at a table in the telephone
soliciting area, his attention was directed to a conversation
which was taking place between two individuals seated directly
behind him. The conversation was being spoken in a dialect
of the Arabic language which WOOD said he was able to interpret.
He explained that he is a geologist and has spent several
years in the mid-East in water exploration and has been employed
by several companies as a groundwater geologist.

WOOD stated that through the course of his employment
in the mid-East, he has obtained a practical working knowledge
of the Arabic language but admitted that he has never received
any formal training regarding the language and, therefore, is
not fully able to interpret the language with regard to proper
tenses and sentence structure. WOOD said that with regard to
the above conversation he interpreted its meaning in Arabic to
be as follows:

"Well, we didn't catch up with him last
night, but we should tonight."

WOOD stated that as best he could explain, the
conversation was spoken in a dialect which he associated with
the area surrounding Beirut, Lebanon. He added that he is not
by any means an expert on the Arabic language or its
dialects and is not at all positive regarding the origin of the
dialect.

WOOD advised that upon hearing the conversation, he turned in an attempt to see who was speaking but by the time he did so, the conversation had ceased. He was, therefore, unable to determine which of the two individuals seated behind him made the statement, but recalls that the statement was made from one person to another and was not spoken over the telephone. He also observed that neither individual made any expression or indication which would indicate the speaker. He noted, however, that due to the extensive noise in the telephone soliciting area he was unable to hear conversations from individuals sitting a short distance from him, and therefore is quite sure that the conversation came from one of the two individuals seated directly behind him.

WOOD stated that in regard to the two individuals seated behind him he believes that they only worked at KENNEDY Headquarters on June 2, 1968, and June 3, 1968. He said that sometime during this two day period of time, one of the individuals whom he described as bearing a strong resemblance to the movie actor OMAR SHARIF, asked him for a cigarette in a very distinct English voice. WOOD said in recalling the Arabic conversation and the request regarding the cigarette, he noticed that they were not anything in the same pitch voice, adding that the cigarette request was a very high pitch voice whereas the Arabic conversation was of a lower pitch.

WOOD recalled that he only overheard the previously described conversation and did not hear any other conversations in Arabic during the time that he was employed at KENNEDY Headquarters, and, in fact, did not hear any other conversations between the individuals seated behind him.

WOOD was displayed a group of photographs including a photograph of SIRHAN SIRHAN, Los Angeles Police Department Booking Number 495 139, however, WOOD was unable to identify any of the photographs as being identical to the individuals who were seated behind him at KENNEDY Headquarters. WOOD was unable to identify any of the photographs as being identical to anyone he observed at KENNEDY Headquarters and positively stated that he did not know any of the individuals pictured.

WOOD advised that he is formerly from Seward, Nebraska, and received a formal education in the field of geology being involved in water exploration. He said he has been employed by numerous companies in both the United States and the Middle East, and has travelled extensively in pursuit of his occupation. WOOD advised that he is presently divorced and has resided in the Los Angeles area since April, 1968.

WOOD stated that he has never been treated for any type of mental disorder and does not have a criminal record. He stated he recently gained employment with , Los Angeles, California, and intends to remain in the Los Angeles area developing water wells for his employer.

With regard to the above conversation in Arabic, WOOD attributed little significance to the statement until he learned of the assassination of ROBERT F. KENNEDY, and did not feel it was necessary to make this information known to the public authorities. He added that he has no way of evaluating this remark as to its intended meaning or use. WOOD stated that he is not attempting to seek publicity by making this information known and has no intention of divulging this information to the press media. WOOD stated that he did furnish the above information to the Los Angeles Police Department earlier on this date.

WOOD stated that he never obtained the identity of the individuals making the statement in Arabic but suggested that their identity could possibly be obtained through JUNE -ISACKSON, Office Manager, KENNEDY Headquarters.

WOOD stated that he would be able to identify the individual resembling OMAR SHARIF and described him as follows:

where she is a waitress, and she advised as follows:

On June 4, 1968, between 9:30 a.m. and 10:15 a.m., she waited on two male persons who were sitting at the counter in the first and second seats from the wall on the left side of the entrance of the restaurant. She did not observe these persons come into the restaurant.

These persons had an open newspaper on the counter in front of them.

They ordered toast and coffee. She brought the coffee and then waited on some of the other customers. When she brought the toast she noticed there were two sheets of white paper on top of the newspaper and there were lines on the paper at different angles. She does not know what the lines represented, but it reminded her of her kitchen at home which had been remodeled. Both persons had pencils in their hands, but they were not observed using them. She could not tell if there was any wording on the paper.

She did not hear the two persons say anything after they placed their orders.

The two persons were in the restaurant no less than twenty minutes and no more than thirty five minutes. Their bill came to 74¢ and when they left the money was left on the counter. Mr. WILLIAM F. GARDNER, Chief Security Officer, Ambassador Hotel, Los Angeles, California, telephone number 357-3304, was contacted at the hotel, and he furnished the following information:

He began work at approximately 9:00 a.m. on June 4, 1968 and remained at the hotel through approximately 6:00 p.m., on June 5, 1968.

Shortly after midnight, on June 5, 1968, he was located in the foyer on the Ambassador Room level just at the bottom of the inside staircase which leads down from the level where the Embassy Room is located.

He had two security guards with him at that location, one of whom was WILLIE S. BELL, a guard from Ace Guard Service, and the other one was LLOYD CURTIS, a guard employed by the hotel.

They were at this location at the request of one of Senator KENNEDY's aides, who had instructed them that the Senator and his party were due to come down the enclosed stairway and go to the Ambassador Room to talk to the people located there. It was his understanding that the Senator was to leave the Ambassador Room after a short speech and go out the fire escape to his car and leave the hotel. At approximately 12:20 a.m., a female aide of Senator KENNEDY came to where he was located and advised him that there had been a terrible accident. She did not tell him anything about a shooting at that time.

He advised that he had not heard any gun shots at the time. It was sometime later that he heard that Senator KENNEDY had been shot. He estimated the time was probably 15 minutes after the actual shooting.

1058

GARDNER did not go out to the level where the shooting took place until sometime after Senator KENNEDY and the other wounded individuals had been taken from that location.

He did not observe the individual who did the shooting at any time in the hotel. The first time that he saw a photograph of the individual accused of this shooting was at approximately 3:00 a.m. on June 5, 1968 when it was displayed to him by officers of the Los Angeles Police Department.

Mr. GARDNER advised that he does not recall ever having seen this individual in the vicinity of the hotel. Mr. GARDNER advised that the following guards were on duty at the hotel during the night of June 4, 1968 and the early morning hours of June 5, 1968:

Guards - Employees of the Hotel:

S. KAWALEC

PAT MURPHY

WILLIAM A. FRANKLIN

Sepulveda, California:

AUGUSTUS MALLARD

JACK J. MERRITT

ALBERT LOUIS STOWERS

Mr. GARDNER advised except for the two guards who were with him, whose names were mentioned above, he is not certain where the other guards listed were located at the time of the shooting.

Mr. GARDNER advised that he had moved the guards from place to place during the evening at the request of the Fire Department and some of the KENNEDY aides.

He advised that Senator KENNEDY had been a guest at the hotel on previous occasions during the present campaign and that during his previous visits to the hotel, it was made clear to him, GARDNER, that the Senator did not want any uniformed security guards in his presence nor did he want any armed individuals as guards.

Mr. GARDNER said that this is one of the reasons why he did not have any guards assigned to escort the Senator through the hotel during this visit.

_____ was interviewed at her residence and provided the following information:

She stated that she has been employed as the hospital dispatcher and switchboard operator for the Central Receiving Hospital, 1401 West 6th Street, Los Angeles, California, for 22 years.

She stated that she received a call apparently from the switchboard operator of the Ambassador Hotel, on June 5, 1968, at approximately 12:18 am, requesting an ambulance. She asked the person to whom she was talking the nature of the trouble. The person told her she did not know, but that she was told to call an ambulance. _____ asked her if it was someone sick, or if there had been an accident. The person told her she thought someone was injured, and "please hurry".

_____ advised at this point, she could hear much excitement in the background and she asked the person where the ambulance was needed, and the person told her the Embassy Room. _____ advised that she would estimate this conversation lasted 20 to 30 seconds. She advised that she immediately dispatched ambulance unit G18, to the Ambassador, and then immediately notified the Los Angeles Police Department switchboard. She advised that the police switchboard operator wanted to know what had happened.

She advised that the ambulance which she dispatched to the Ambassador Hotel, arrived there at 12:20 am, or 12:25 am. She could not remember which. She advised that this ambulance arrived back at the Central Receiving Hospital at approximately 12:30 am.

She advised that seconds before the ambulance arrived back at Central Receiving Hospital, the Los Angeles Police Department switchboard notified her that Senator ROBERT F. KENNEDY had been shot. She stated at this time her switchboard was completely full with incoming calls. She said many of these were from other phones at the Ambassador Hotel.

She advised that she thinks she dispatched seven ambulance units to the Ambassador Hotel. She did not recall

-3-

any of the times which these units were sent to the hotel, but stated the times were logged in the records of the Central Receiving Hospital.

She advised that from the time the ambulance arrived with Senator KENNEDY at the hospital, she was extremely busy handling incoming calls and a few other routine requests for ambulances. She advised that she received many, many, calls from persons wanting to know the condition of Senator KENNEDY. She advised them that his condition was critical, which ended the conversation. She stated that no one told her the condition of Senator KENNEDY, but she assumed that it was critical, and this was the easiest way to handle the inquiries coming in from the general public. She stated that she did not think that any of the calls she received were out of the ordinary. She thought that all of them were from persons who were just generally concerned about Senator KENNEDY. She did not recall any calls out of the ordinary.

ROBERT HULSMAN, ambulance driver; Central Receiving Hospital, Los Angeles, California, was interviewed at his residence, and furnished the following information:

On the morning of June 5, 1968, he was on duty at Central Receiving Hospital and received orders to proceed to the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California. The order was received at 12:17 a.m. and simply stated, "injury, Ambassador Hotel - proceed".

He, accompanied by attendant MAX BEHRMANN, left Central Receiving Hospital at 12:18 a.m. and proceeded to the Ambassador Hotel, arriving there at 12:23 a.m.

Upon arrival at the Ambassador Hotel, he drove up to the main entrance and was met by several KENNEDY campaign members, who directed him and BEHRMANN to the scene of the shooting. They initially started up a staircase, but found an elevator, which was available. As they were going up in the elevator, he turned to a man standing near them and asked who was hurt. The man replied, "Senator KENNEDY has been shot".

When the elevator opened he immediately recognized Senator ROBERT F. KENNEDY lying on his back directly in front of the elevator. Next to him was a second man, who he later learned was PAUL SCHRADE, also on his back in a large pool of blood. He assumed this man was dead and went directly to Senator KENNEDY. There was a large terrycloth towel near KENNEDY's head, which was completely saturated with blood. Also, the hair on the right side of the head was badly messed up so that there was no question but that he had been injured in the head. Mrs. KENNEDY was kneeling next to her husband and applying an ice-pack to his head.

-5-

At this point, KENNEDY was conscious and HULSMAN spoke to him telling him he would be all right and they were taking him to the hospital. The stretcher was placed next to KENNEDY's body and he went to the legs while BEHRMAN went to the head. He placed a hand under KENNEDY's buttocks and another under the calves of his legs so he could lift him onto the stretcher. At this point, KENNEDY said "Don't, please don't move me."

After placing KENNEDY on the stretcher, he was wheeled a few feet to the elevator so he could be taken to the ambulance. During this time, Mrs KENNEDY had been asking where they were taking Senator KENNEDY and attempting to prevent them from moving him.

Once in the elevator, they descended by accident to the basement. The elevator operator then took them to the first floor, where they began to wheel KENNEDY out to the ambulance. During this time, KENNEDY's legs had been moving and HULSMAN had been watching closely so he did not roll from the stretcher. As they were going to the ambulance, Mrs. KENNEDY was yelling and asking where they were taking her husband. HULSMAN again told her they were taking him to Central Receiving Hospital. At this point, Mrs. KENNEDY placed her arm around his neck and tried to stop him from pushing the stretcher. He took her arm from his neck and said, "Come on. We're going to the hospital."

Upon reaching the ambulance, they placed the stretcher with KENNEDY in the ambulance and locked it down. Everyone tried to get into the ambulance; however, only MAX BEHRMAN, Mrs. KENNEDY and one other unidentified white male were allowed in the rear. After shutting the rear door, he went to the driver's seat. At this point, someone apparently in an effort to get into the rear of the ambulance, opened the rear doors and he had to return to make sure they were securely locked. He again returned and got into the cab of the ambulance. In the cab was a man known to him as BILL BARRY and two other unknown white males.

As they pulled away from the Ambassador Hotel, a Los Angeles Police Department patrol car moved in to escort the ambulance and they began the drive back to Central Receiving Hospital. En route, he could hear Mrs. KENNEDY arguing with MAX BEHRMANN. HULSMAN stated he does not know exactly what provoked these heated words, but he believes it had something to do with BEHRMAN asking Mrs. KENNEDY for identification. As they were proceeding to Central Receiving Hospital, BILL BARRY turned in the cab and attempted to crawl through the opening into the ambulance portion of the vehicle and it was necessary for HULSMAN to restrain him. At this point, BARRY said, "Don't let the son of a bitch touch him.", referring to BEHRMANN's efforts to aid KENNEDY.

Upon arrival at Central Receiving Hospital, he was met by the hospital staff and removed KENNEDY from the ambulance to the interior of the hospital.

As the stretcher was being wheeled into the hospital, an unknown photographer reached out and grasped the stretcher with one hand, holding his camera in the other, in an effort to get a close-up of Senator Kennedy. At this point, Mrs. KENNEDY screamed to the man to leave the stretcher alone and BILL BARRY reached across and struck the man with sufficient force to make him release the stretcher.

After unloading Senator KENNEDY, HULSMAN was ordered to return to the Ambassador Hotel, again accompanied by BEHRMANN, where they picked up PAUL SCHRADE and returned to Central Receiving Hospital. SCHRADE was accompanied by a Negro doctor by the name of (phonetic).

FEDERAL BUREAU OF INVESTIGATION

Date 6/7/68

furnished the following information:

He advised that he is employed as an ambulance attendant at the Central Receiving Hospital, Los Angeles. He stated that his normal shift is from 11:00 p.m. to 7:00 a.m. Between 12:15 a.m. and 12:30 a.m. on June 5, 1968, while in his ambulance he heard a Los Angeles Police Department broadcast calling for an ambulance - shooting at 3400 Wilshire Boulevard, Los Angeles. stated that the call was answered by ambulance unit G-18, operators BEHRMAN and HULSMAN. advised that since unit G-18 answered the call he continued on to the Central Receiving Hospital.

advised that a few minutes after his arrival back at the Central Receiving Hospital a taxi cab arrived at the Hospital escorted by a Los Angeles Police Department funeral escort motorcycle. The Taxi cab contained and a male victim of the shooting at the Ambassador Hotel, who received a bullet wound in the leg. advised that came into the hospital, requested assistance for the shooting victim and went out to the taxi cab, put the shooting victim into the wheel chair and took him to the hospital emergency room.

advised that at this time, Central Receiving Hospital Dispatcher, told them to hurry over to the Ambassador Hotel since they were calling for two more ambulances. stated that they went to the Ambassador Hotel and pulled up to the loading dock. He stated that there was mass confusion in the vicinity of the hotel, however an unknown hotel employee came out and escorted them to an elevator which they took to the floor where the shooting occurred.

- 8 -

stated that on that floor he briefly observed a young male victim of the shooting who possibly had a wound in the side, however, appeared to be in generally good condition overall. Someone stated that there was a woman inside who had been shot in the head. He stated that they went into what appeared to be the main auditorium and found this victim who turned out to be ELIZABETH EVANS lying prone on a table attended by a Negro man who gave his name and stated he was a medical doctor.

RATLIFF advised that he dressed the woman's head wound and put her on a stretcher. As they were starting for the elevator, someone stated that they had another shooting victim. He advised they left Mrs. EVANS to check this other individual who turned out to be a male who had been hit on the head with a camera. RATLIFF stated that this individual's condition was not serious and since the individual was walking without difficulty, RATLIFF told the individual to accompany them back to the Central Receiving Hospital in the ambulance. RATLIFF advised that they then loaded Mrs. EVANS into the ambulance and accompanied by the above individual who had been hit with the camera returned to the Central Receiving Hospital.

RATLIFF stated that neither Mrs. EVANS nor this other individual who accompanied them back to the hospital made any statements regarding the shooting nor did he (RATLIFF) have any other information concerning this matter.

Mr. ROBERT JEAN GINDROZ, Executive Chef, Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, was interviewed in his office, which is adjacent to the main kitchen of the Ambassador Hotel, during the morning of June 5, 1968, by SAs _____ and _____ in the presence of FBI Photo Lab employee _____.

Mr. GINDROZ was advised of the identities of the above personnel and that the interview was in connection with the shooting of Senator ROBERT F. KENNEDY. He indicated that officers of the Los Angeles Police Department had already talked briefly with him about the case.

Mr. GINDROZ stated that he presently resides at _____.

His home telephone is _____ He is a native of Switzerland; having been born January 5, 1932, in Montana, Switzerland. He is not yet a naturalized United States citizen, but hopes to become an American citizen. He has been in the United States of America for the past eleven years.

In his present position as Executive Chef of the Ambassador Hotel, he has overall charge of the procurement, preparation and service of all food in the Ambassador Hotel dining rooms.

He is married. His wife, Mrs. MARY THERESA GINDROZ, is presently a patient in Kaiser Hospital, Hollywood, California, where she is to undergo surgery. She entered the hospital on June 4, 1968.

Mr. GINDROZ owns a 1959 Chrysler sedan, with current California license plates _____. He also owns a sports car, a small Sunbeam Arrow (which his wife normally drives). He said his Chrysler has over 115,000 miles on it and he is just driving it until he can take delivery on a new car. He said the Chrysler has an ignition switch which can be started by just inserting any key, or in fact for that matter even by inserting some stiff metallic object, such as a screw driver, and turning the switch.

-19-

Mr. GINDROZ stated that he lost his original set of keys to the Chrysler about two and a half years ago, somewhere in the Los Angeles area. He lost his wallet and credit cards at the same time. The keys that he now has, he uses only to lock the trunk, noting again that any key will turn on the ignition switch and thus start the car. He said that he does not lock the doors.

He stated that he was having some trouble with the car on June 4, 1968, and so decided to drive it into the Standard Service Station on the southeast corner of Alexandria and Sixth Streets, Los Angeles, California, where he regularly trades. He said the telephone number at the station is DU 7-2005. He did drive it in on the morning of June 4th and left it at the above Standard Service Station to have them check it over and see what was wrong with it. He thought that it might be battery or generator trouble.

His wife drove the Sunbeam Arrow in and he took her to Kaiser Hospital and drove her car back to the hotel so that he would have it to go home in at the end of the day, if his Chrysler was not in working condition and had to stay in the shop. He said that about 1:00 p.m., on June 4, 1968, he learned telephonically from the Standard Service Station that his generator was shot and that it would be quite expensive to replace it. He decided not to repair it.

A young Swiss friend of his, Mr. DANIEL GAMBERONI, who resides at area of Los Angeles, (residence telephone , attends Woodbury College on Wilshire Boulevard in Los Angeles, dropped into the hotel kitchen after his Tuesday classes on June 4, 1968, to see if Chef GINDROZ had any extra work as he needed to make some extra money as he was planning to go back to Switzerland for a vacation in August 1968. He said Mr. GAMBERONI is married to a woman from a wealthy Mexican family, whose parents continue to live in Mexico. He has two children. He belongs to a college fraternity at Woodbury College.

When GAMBERONI came into the Ambassador on June 4, 1968, he said he had nothing to do from then (which was about

3:30 p.m.) until 6:00 p.m., so Mr. GINDROZ asked him if he would go over to the Standard Service Station on Sixth Street to pick up his Chrysler before the station closed for the evening. He said he told GAMBERONI not to bring the car back into the Ambassador parking lot, but to park it on the street as near to the hotel as possible. He said that he did not want it parked in the Ambassador lot because he recalled that once before when Senator KENNEDY was staying at the hotel, Mr. GINDROZ had his car blocked in the parking lot for more than thirty minutes when he was ready to go home after work.

He said he gave GAMBERONI his Standard credit card to present at the gas station for payment of the charges to have the battery recharged.

About thirty minutes after GAMBERONI left the Ambassador kitchen, he returned and brought Mr. GINDROZ back his key ring with the three keys that had been left with the car, when he dropped it off at the Standard Station earlier. Mr. GAMBERONI told him that he had parked the car on the west side of Alexandria, facing Wilshire and the hotel, between Wilshire and Sixth Street. GINDROZ said that he had not moved the car since that time, as he had not left the hotel between that time and the present interview with him.

Chef GINDROZ said he had known DANIEL GAMBERONI almost from the time of the latter's birth. He was born of Italian parents. His older brother was Mr. GINDROZ's best friend in Switzerland. GAMBERONI and his older brother both went to the same school in Montreux, Switzerland, that GINDROZ did. They grew up together in that town. He said that from about November 1967 to December 13, 1967, GAMBERONI worked steadily in the Ambassador kitchen staff, while he was going to Cambria Adult School. Then in mid-December he went to Mexico for about a month to five or six weeks to visit his wife's family and friends. He then returned to the Los Angeles area and entered Woodbury College. He said their friendship was such that it was never necessary for GAMBERONI to have had to submit a formal application for employment at the Ambassador Hotel. Mr. GINDROZ said, "I just put him to work." GAMBERONI came to the Southern California area from Switzerland in June 1968.

4

Chef GINDROZ viewed two photographs of the individual identified as SIRHAN SIRHAN and stated that he does not recognize him as anyone that he had seen before, and certainly not of any former or present kitchen employees of the Ambassador Hotel. He said that he thought the individual appeared to be of Mexican-American ancestry and somewhat resembled a friend of his employed as a chef at the Gate of Spain restaurant in Santa Monica.

Mr. GINDROZ said that he could not account for a key to his Chrysler sedan being in the possession of SIRHAN. He said that if it was merely a key that would start his car, then it could have been any key because as he pointed out previously any key or even a screw driver could be used to turn the ignition switch on, and thus start the car.

Chef GINDROZ said that he personally did not see any of the shooting but two of the kitchen employees reportedly were quite close to the scene. One was ANGELO DE PIERRO, son of the Ambassador Hotel Banquet Manager, and the other was NIVA JOSHIO, who was making sandwiches near the place where Senator KENNEDY fell. JOSHIO resides at

Number is _____ His Social Security
_____ His home telephone number is either
(Mr. GINDROZ said he was not sure of
the entry in his personal telephone book concerning this
latter number).

Mr. GINDROZ said that he personally works long hours in his job as Executive Chef, and that his having been at work from 9:00 a.m. on June 4, 1968, until past midnight was not unusual.

1

Following the interview with ROBERT JEAN GINDROZ at the Ambassador Hotel, during the morning of June 5, 1968, SA's _____ and _____ went to the location on the street (Alexandria between Sixth and Wilshire, on the west side, facing the Ambassador Hotel and Wilshire) where GINDROZ's Chrysler was parked.

Keys from FBI automobile, No. 24 (a 1966 Chevrolet sedan) were inserted into the ignition switch of the Chrysler sedan belonging to Chef GINDROZ, and when turned to the right the Chrysler started.

WILLIAM F. GARDNER, Director of Security, Ambassador Hotel, Los Angeles, California, was questioned concerning the possibility of a change in Senator KENNEDY's plans immediately after completing his victory speech. He was asked if the possibility existed that Senator KENNEDY had originally planned to proceed immediately after his victory speech to the Ambassador Ballroom, however, altered this plan and proceeded in the direction of the Colonial Room.

Mr. GARDNER stated that he had received no official notice of what Senator KENNEDY's plans or itinerary were on that evening; however, it was his understanding that following his victory speech in the Embassy Room, the Senator would proceed to the Colonial Room where he would greet members of the press. He stated that he recalled that near the conclusion of Senator KENNEDY's speech and while he was stationed in the rear hallway behind the Embassy Room podium, a female member of the KENNEDY campaign staff informed him that the Senator intended to leave by the rear steps of the hotel, and she asked him to insure that a pathway could be made for the Senator's exit. He stated he immediately contacted the front doorman and determined that KENNEDY's limousine and police escort had been moved to the rear of the Embassy Room. He stated that in view of these instructions, he merely assumed that Senator KENNEDY would no longer greet the press in the Colonial Room.

ARTHUR MADDOX, advised that he has been employed as a security guard at the Ambassador Hotel for approximately six years. On the night of Senator KENNEDY's victory speech at the Embassy Room, MADDOX advised that he was assigned a position controlling the main entrance to the Colonial Room. MADDOX stated he assumed this position approximately 45 minutes prior to the Senator's arrival at the Embassy Room. The Colonial Room, according to MADDOX, was set up as a press room where election returns were being received, and it was his understanding that following the completion of his victory speech, Senator KENNEDY was to visit the Colonial Room for the purpose of greeting members of the press and thanking them for their cooperation. It was MADDOX's opinion that the Senator and his party were proceeding to the Colonial Room through the pantry area of the Embassy kitchen when he was shot. To his knowledge, there had been no change in plans from the original information he possessed that the Senator was to leave the Embassy Room to go to the Colonial Room.

Mr. MADDOX stated that he has seen photographs of SIRHAN B. SIRHAN and he does not recall having seen him at the hotel prior to the shooting.

FRED A. MURPHY, generally known as Pat Murphy, advised he resides at _____ telephone number _____. Mr. MURPHY stated that he was a retired Los Angeles Police Department Lieutenant and is employed as a security officer at the Ambassador Hotel, Los Angeles.

Mr. MURPHY stated that on the night of June 4, 1968, he was stationed in the general area of the pantry, behind the Colonial and Embassy Rooms of the hotel, during Senator KENNEDY's victory speech. Mr. MURPHY stated that prior to the KENNEDY speech, he learned from an unknown female member of the KENNEDY staff, he believes in the presence of Security Officer WILLIAM GARDNER, that the Senator, following his speech, would exit to the rear of the Embassy Room, proceed through the kitchen and pantry area, directly to the Colonial Room, which was being utilized as a press room. It was Mr. MURPHY's understanding that Mr. KENNEDY would visit the press room to speak to various members of the press and thank them for their cooperation.

Sometime during the speech, MURPHY realized that there was no one stationed at the double doors between the Colonial and Embassy Rooms leading into the kitchen area, so he generally stationed himself in that location to prevent any of the crowd from coming into the kitchen which could impede the Senator's proceeding from the rear of the Embassy Room to the Colonial Room.

Mr. MURPHY stated that shortly after the Senator had finished speaking, while he was still in the position covering the double doors, he heard the sound of three quick shots and in his own mind he immediately realized they were gun shots. He left his station and proceeded into the pantry area where he saw for the first time SIRHAN SIRHAN on a steam

-26-

table being held by two men and saw a gun in SIRHAN's left hand. He immediately approached the suspect, identified himself as a former lieutenant of the police department, and attempted to get the gun from SIRHAN, but was pushed away, by whom he does not know. Immediately thereafter, ROOSEVELT GRIER obtained the gun and passed it to RAFAEL JOHNSON. Mr. MURPHY advised JOHNSON to put the gun in his, that is JOHNSON's, pocket. Mr. MURPHY then immediately placed a call to the bell captain to phone the police and obtain an ambulance.

Mr. MURPHY stated that he had not seen SIRHAN prior to having observed him after the shooting and does not recall seeing a woman in a white dress, with or without polka dots in the general area.

Mr. MURPHY advised he was aware of no plans of the Senator to visit the Ambassador Room and believed that the Senator and his party were proceeding as originally planned to the Colonial Room. He was aware of no change in plans in the Senator's activities immediately after the speech.

1Date 6/12/68

UNO TIMANSON, Vice President, Banquet and Sales, Ambassador Hotel, Los Angeles, California, was interviewed concerning any possible last minute changes by Senator KENNEDY and his party immediately following his victory speech and before he was shot. Mr. TIMANSON advised that it was his understanding that the Senator, following his victory speech, would proceed to the Ambassador Ballroom where he would address his supporters; however, just before the speech ended, FRED DUTTON asked him if television sets had been set up in the Ambassador Ballroom and it was immediately following this, according to TIMANSON, that DUTTON indicated the Senator would visit the Colonial Room, which was being used as press headquarters. TIMANSON had advised DUTTON that television sets had been set up in the Ambassador Ballroom and TIMANSON is of the opinion that the Senator possibly was going to skip going to the Ambassador Ballroom insofar as his supporters in that room were watching his victory speech on television. TIMANSON stated that he left the podium to go to the Colonial Room and observed there were no press representatives there and that only four or five people were in the room working at the teletype machine and apparently compiling election returns. TIMANSON advised that he told Mr. DUTTON of the absence of the press and that the press was located in the Embassy Room, but in spite of this the Senator and his party, on leaving the stage, proceeded through the Embassy kitchen area in the direction of the Colonial Room. Mr. TIMANSON reiterated that he had no idea why a change was made in their plans but that FRED DUTTON would be the one who would have such knowledge.

Mr. TIMANSON advised that he could not recall from whom he received instructions that the Senator intended to visit the Ambassador Ballroom after his speech and further it was his understanding and feeling on his part that this would be his itinerary.

-28-

Mr. TIMANSON advised he was leading Senator KENNEDY and his party through the kitchen pantry area about six feet in front of the Senator, proceeding in the direction of the Colonial Room. It was his recollection that other than those in the KENNEDY party, there were only four or five people in the pantry area. He advised he never saw SIRHAN SIRHAN prior to the shooting, nor did he observe anyone in a white dress, with or without polka dots. He advised it was only after the shooting took place did the pantry area become extremely crowded.

CARBAJEL stated that following his duty period he went to the Embassy Room on the second floor of the hotel. By the time he had completed his duty in the coffee shop it was approximately 12:10 or 12:15 a.m. on June 5, 1968. HENRY ESTRADA CARRILLO, Room Service Manager of the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, furnished the following signed statement:

"Los Angeles, California
June 10, 1968

"I, Henry Estrada Carrillo, Room Service Manager, Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, make the following voluntary signed statement to Special Agent _____ of the Federal Bureau of Investigation who displayed his credentials to verify his identity.

"I was born in East Chicago, Indiana on December 14, 1927, and have been employed at the Ambassador Hotel for the past twenty years. I reside in Los Angeles, California at _____

Street, and my home telephone number is _____

I am approximately five feet seven inches tall and weigh 180 pounds. My Social Security number is _____

"On the morning of June 5, 1968, at about 12:20 AM, I was sitting at my Room Service office desk. I recall Jean Abston, head checker, was sitting in the Head Checker Department Office located adjacent to my desk, and an individual whose name I cannot recall was positioned at the cash register located about six feet from my desk. At this time, I heard what sounded like a shot from a pistol; then about one second later heard a second shot. What seemed like between one and one-half to two seconds elapsed before I heard about six more shots.

"I immediately ran from my desk through the kitchen employees' dining area, and as I approached the entrance way into the Embassy Room Service Pantry,

- 31 -

I observed Juan Romero, an employee of the Ambassador Hotel kneeling beside Senator Robert Francis Kennedy who was laying on his back on the floor of the Embassy Room Service Pantry. I ran to the side of Kennedy, paused for about five seconds, then started to run back to my office to call an ambulance.

"After taking about four steps from Kennedy and Juan Romero, I observed a Negro male, who I later learned was Roosevelt Grier, leaning against the west end of a row of three steam tables. Grier had his elbows on the top of the steam table, and as he shook his head, sobbed several times, 'Oh no, oh no.'

"About six feet down this same steam table from where Grier was located, I observed three or four unidentified persons wrestling with an individual who was waving a pistol. I did not get a sufficient observation of this individual or the gun he was waving to enable me to recognize either in the future. All I could see were three or four persons wrestling with an unidentified individual whose arm was stretched across the steam table as he waved the aforementioned pistol.

"At this point many people began to converge on the Service Pantry area, and I then ran to my office to call an ambulance. When I arrived at my office, the telephone was being used by another hotel employee; therefore, I ran to the same entrance into the Embassy Room Service Pantry and observed two Ambassador Hotel employees, Eddie Minasian and Karl, last name unknown, Roosevelt Grier, and another unidentified male Caucasian attempting to protect another male Caucasian whose head they were holding on the east end of the row of steam tables. I attempted to see this individual's face, but there were many persons surrounding him which blocked me from observing him.

"I stood back from the steam tables and shouted several times to protect him (the individual being held at the steam table). I then observed Jesse Unruh standing on top of the row of steam tables ordering that this individual should be protected. At this time, Niwa Yoshio, Cook at the Ambassador Hotel, said that I should get some rope to tie the captured individual. Thus, I returned to the Head Checker storage room, obtained a segment of rubber extension cord, and quickly returned to the Embassy Room Service Pantry. Someone took the cord from me, then I returned to my office for I was extremely nervous.

"About three to five minutes later, I returned to the Embassy Room Service Pantry. As I stood in the northeast entrance, I observed three policemen take the captured individual into their custody and walk toward the east exit of the pantry. I quickly went to the door and opened it for the police officers. As I held the door open, I observed the individual's face in their custody. The following is a physical description of this person:

"Race	Caucasian
Sex	Male
Age	23 - 25
Height	5' 4"
Weight	140 pounds
Build	Slender
Clothing	Light blue sweater, buttoned up front; with white T shirt underneath. Did not notice color of trousers
Hair	Black, very curly

4

"I can recall no further descriptive information concerning the above described individual. After the police officers and the above described individual walked past me, they entered the Colonial Room through door held open by Vincent Di Pierro, waiter of the Hotel, and I failed to observe their further departure.

"I have been shown a photograph of Sirhan B. Sirhan and I have seen Sirhan's photograph in the newspaper and Sirhan is the individual I saw in the custody of the Los Angeles Police officers following the shooting of Robert F. Kennedy on June 5, 1968.

"I have read these statements of these page and 4 (four) other pages. it is true and correct.

"/s/ Henry Estrada Carrillo

Witnesses:

"SA ., FBI, Los Angeles, California,

" Special Agent, FBI, Los Angeles,
California, 6/10/68"

CARRILLO advised prior to June 5, 1968, shortly after the time Senator Robert F. Kennedy was shot, he had never seen or come in contact with SIRHAN B. SIRHAN. CARRILLO recalled the individual sitting at the cash register in the Room Service Office at the time CARRILLO heard the gunshots in the Embassy Room Service Pantry was CHARLIE (Last Name Unknown), an employee at the Ambassador Hotel.

At approximately 12:15 a.m. on June 5, 1968, he was in the room service section of the hotel preparing a table to be delivered to one of the hotel rooms. At about that time, he heard several noises which he thought were firecrackers. He thought someone had set off a string of firecrackers because the sounds were very rapid and close together. He could not note any pause between any of the sounds. He did not leave his position in the room service section. WILLIAM THOMAS HAAG,
telephone _____ was interviewed
at the Ambassador Hotel, Los Angeles, California. He
furnished the following information:

He has been a waiter assigned to room service at the hotel for approximately 22 years. He was born June 21, 1903, in Munich, Germany, and he became a United States citizen in 1930. He is 5'4" and 150 pounds. On June 4, 1968, he arrived at work at the hotel at approximately 4:30 p.m. and remained at the hotel working until approximately 4:00 a.m. on June 5, 1968.

At approximately 12:15 a.m. on June 5, 1968, he was returning from F Cottage where he had made a delivery. He advised that F Cottage is located on the hotel grounds but outside the main building.

He had just passed the Sun Club and was pushing his table on the entrance way to the level of the hotel which houses the Embassy Room when two individuals, who were running at a high rate of speed, almost bumped into his table.

One of the two individuals who were running first started to run to the left of the Sun Club but the other individual turned to the right and motioned the other individual to follow him. The two individuals ran around the Sun Club to the right towards the parking lot.

He advised that these individuals were shouting at each other as they ran past him, but he could not understand what they were saying. He could not say whether they were speaking a foreign language or English.

Mr. HAAG advised that he is nearsighted and was not wearing glasses at the time.

He stated that the only thing he can say for certain about the two individuals was that they were not Negroes. He believes they were wearing white shirts and ties

- 43 -

and dark suits. He estimated height at approximately 5'7" and as to their builds would only say they appeared to have slight builds.

After these individuals passed by him and ran to the right, he did not observe them thereafter. As he recalls, there were no other individuals in the general area at the time.

After this incident, he returned to the room service section of the hotel and while en route, noticed that several people were crying, that several women appeared to be faint.

When he arrived at the room service section, there he observed JUAN ROMERO, a busboy, who had come into the room service section and who had blood on one of his hands.

At the time he did not ask anyone what happened, but he just felt that something terrible had happened. He did not hear anyone say what happened at that time. He did not go into the room where JUAN ROMERO came from.

Sometime later he did hear that Senator ROBERT F. KENNEDY had been shot and that other people had been shot at the hotel.

He did not observe the individual who was taken into custody following the shooting of Mr. KENNEDY.

He has seen photographs in the newspaper of SIRHAN BISHARA SIRHAN, and he does not recall ever having seen this individual at the hotel or any other place.

Mr. HAAG furnished a sketch which he prepared showing the position he was in when the two individuals ran past him.

ROOSEVELT GRIER
telephone-- furnished the following
information to Special Agents and
from the FBI:

At approximately 7:30 p.m. on June 4, 1968, GRIER arrived at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, and went directly to the coffee shop. GRIER was alone at this time. At approximately 8:00 p.m. he observed Senator ROBERT F. KENNEDY walk past the coffee shop followed by his wife ETHEL and other unrecalled individuals. ETHEL KENNEDY observed GRIER and invited him to the KENNEDY suite on the fifth floor of the hotel. GRIER did not go directly upstairs at that time but rather went to the "press room" where he was interviewed by members of the news media. He then went to a ballroom which was downstairs and which was occupied by KENNEDY campaign workers. GRIER thereafter went to the fifth floor of the hotel and arrived there at approximately 9:30 - 10:30 p.m.

Upon arriving at the KENNEDY suite he went to the room which was being used by KENNEDY officials. This room was located to the right of the room being used by Senator KENNEDY and his family. During this time he spoke with Mrs. JOHN GLENN, JOAN BRADEN who was in charge of the Women for KENNEDY campaign in California and BLANCHE WHITAKER (phonetic) who is the wife of JAMES WHITAKER, a friend of the KENNEDY family and RAFAEL JOHNSON. GRIER spoke to Senator KENNEDY about the California primary election returns and relayed a message from PIERRE SALINGER who requested that he tell KENNEDY that he, meaning KENNEDY, was leading with 50 percent of the votes returned in San Francisco. KENNEDY asked GRIER if SALINGER wanted to talk to him and GRIER replied no.

At an unrecalled time Senator KENNEDY left his suite and went to the fourth floor to be interviewed for television. GRIER noticed that neither BILL BARRY, KENNEDY's personal body guard, nor RAFAEL JOHNSON was in the area at this time and ~~GRIER decided to escort KENNEDY to the fourth floor. At the~~

-58-

fourth floor KENNEDY conducted two or three television interviews and during the second interview GRIER observed BARRY join Senator KENNEDY and he decided to go downstairs to one of the ballrooms. Prior to his departure BARRY told GRIER "Don't go too far because the Senator is coming down". Senator KENNEDY also asked GRIER if he was leaving and GRIER indicated he would return in a short while. GRIER left the fourth floor at approximately 11:00 or 11:30 p.m. and went to the door of the press room. At this time he heard the security guard talking to some individuals, identities unknown, informing them that they could not enter the press room without a pass. As GRIER looked at the security guard, the guard motioned to the right with his head indicating to GRIER that he could gain access to the room by entering the door to the right of the main doors. GRIER turned and entered this door, proceeded to a kitchen area and entered the press room from a rear or side entrance. He remained there for an unrecalled period of time. GRIER thought that it was strange that the main entrance was guarded yet a person could pass through the kitchen and enter the rear or side door of the press room without being stopped.

After completing his business in the press room GRIER returned to the KENNEDY suite on the fifth floor and observed that the Senator was preparing to go to the ballroom to deliver his victory speech. BARRY told GRIER that the party would be leaving the suite and requested that he, GRIER, escort Mrs. KENNEDY. The party proceeded towards one group of elevators on the fifth floor and then towards a second group and finally the decision was made presumably by BARRY to take the freight elevator instead of the passenger elevator. GRIER believes that this elevator was chosen since the passenger elevators were occupied and the freight elevator could accommodate the members of KENNEDY's party. At this time the KENNEDY party consisted of Senator KENNEDY, ETHEL KENNEDY, JESSE UNRUH, PAUL JOHNSON, BILL BARRY, BILL or FRANK DUTTON (phonetic) and GRIER. When the elevator doors opened on the first floor, GRIER recognized that they were in the kitchen or serving area of the hotel. BARRY was the first person off the elevator and he was followed by two other individuals, identities unrecalled, and they in turn were followed by Senator KENNEDY, Mrs. KENNEDY and GRIER. While

walking through the kitchen or serving kitchen area en route to the ballroom, Senator KENNEDY stopped and shook hands with several kitchen employees. GRIER recalls that he saw five or six men dressed in white clothing who were presumably kitchen workers. Members of the KENNEDY party did not notice that the Senator had stopped and were continuing towards the ballroom. GRIER immediately told Mrs. KENNEDY that the Senator had left the group and he walked over to where Senator KENNEDY was standing to act as his escort. The Senator then turned away from the kitchen employees and entered the Embassy Ballroom through the curtains which separate the ballroom from the kitchen area. Senator KENNEDY immediately went onto the stage.

In reference to the location of the stage and the manner in which the group went onto the stage, GRIER explained that the stage was directly in front of the curtains and that if the stage was viewed from the center of the ballroom, Senator KENNEDY would have entered the stage on the right side. Once on the stage, Senator KENNEDY stood behind the podium, JESSE UNRUH was standing to his right, Mrs. KENNEDY was standing to his left and slightly behind him. GRIER was stationed behind Mrs. KENNEDY and RAFAEL JOHNSON was standing near the right side of the stage to prevent additional people from joining the group.

While Senator KENNEDY was speaking, BILL or FRANK DUTTON (phonetic) who was one of the Senator's staff members, told GRIER that Senator KENNEDY would be escorted from the stage from the left side, since preparations had been made for his movement through the crowd. When Senator KENNEDY finished speaking, which GRIER recalled was shortly after Midnight, BARRY and GRIER positioned themselves along side of him. Everyone on stage was aware the speech had ended and the crowd began to move toward the left. GRIER told BARRY that the exit would be from the left side of the stage and BARRY said "no". At this time Senator KENNEDY moved to the rear of the stage possibly at BARRY's suggestion and jumped to the floor. BARRY remained with Senator KENNEDY and GRIER assisted Mrs. KENNEDY

to the floor. When the group had left the stage, they walked behind the curtain and proceeded to the right which was in the direction of the freight elevator which was used previously. GRIER could not see Senator KENNEDY at this time but since the crowd was moving in that direction he assumed Senator KENNEDY was in front of him. GRIER was walking with Mrs. KENNEDY and was acting as her escort. GRIER explained that regardless of which side of the stage KENNEDY left by he would still have to follow the original route in order to reach the elevator.

GRIER walked approximately ten or fifteen feet into the kitchen area when he heard two or three sounds which resembled the sounds of firecrackers. He then saw the group of people in front of him scatter and observed a white male standing in the opening. There were people on both sides of this man and people were standing behind him. This individual was holding a black object in his right hand which resembled a gun. The man held this object at waist level, his elbow was bent and his forearm was parallel to the floor. This man was standing on the floor. After observing this man, GRIER moved to his right and went behind a piece of kitchen equipment probably a garbage container. He then walked behind the container to the opposite end and made his way towards the man who was holding the gun. As he approached this individual, he saw two other men, one of whom was BILL BARRY wrestling with this individual. The man still had the gun in his right hand but he was now pushed back onto the top of a raised counter or table. GRIER observed the gun being knocked from his hand onto the table and at this point turned and tried to locate Senator KENNEDY. When he refocused his attention on the man who was originally holding the weapon, he noticed that this person had retrieved his gun and was holding it in his hand. At this instant GRIER was approximately six feet from him and noted that the individual's arm was extended outward to the side with the gun held in the hand. GEORGE PLIMPTON (phonetic) was now wrestling with this individual and was trying to assist BILL BARRY in seizing the gun. GRIER approached the group and

shouted "I'll take the gun". He then grabbed the man's right hand and placed his own hand over the hammer and around the trigger housing. He twisted the gun from his hand and gained possession of the weapon. GRIER kept the gun in his right hand and immediately tightly grasped this individual around the legs. He recalls that several other people were holding this man.

Once the above individual was subdued, several people came up and tried to punch and hit him. GRIER recalled that he was pushing these other individuals away and trying to protect his prisoner. While holding this individual he observed Senator KENNEDY lying on his back on the floor approximately ten or twelve feet away. GRIER could see blood on the right side of Senator KENNEDY's head and it appeared that he was wounded behind the ear. He could not observe any other blood on Senator KENNEDY's body. He also noted that a second white male was also lying on his back near Senator KENNEDY and he appeared to be bleeding from the left side of his head. GRIER noted that Senator KENNEDY's eyes were partially open, however, he appeared to be in shock.

GRIER continued to hold his prisoner and the gun until some unrecalled person asked GRIER for the weapon. GRIER refused to surrender the gun since he did not think it was safe to give it to anyone at this time. A few moments later another person told him to give the gun to RAFAEL JOHNSON. GRIER handed JOHNSON the gun and maintained his hold on the man until police officers arrived at the scene. GRIER immediately surrendered this individual to the police officers.

GRIER did not recall that the individual whom he disarmed made any statements whatsoever while in his presence.

GRIER described the gun which he seized as being a dark colored revolver possibly black with a short barrel. He could not recall the chamber capacity of the revolver nor did he know the caliber of this weapon. It was GRIER's impression that this was an old, rather than a new, gun.

GRIER could not remember how many gun shots he heard prior to the time he seized the revolver, however, he is certain that no shots were fired while he was disarming the assailant.

GRIER stated that he has seen photographs of SIRHAN BISHARA SIRHAN in the newspapers and on television and is certain that this is the same individual whom he disarmed and held for the police following the shooting of Senator KENNEDY on June 5, 1968.

GRIER was questioned as to whether he observed SIRHAN BISHARA SIRHAN in the Ambassador Hotel during the evening of June 4, 1968 or prior to the shooting and he said that he had not seen him prior to the time that he disarmed him. GRIER was specifically asked whether he saw SIRHAN in the kitchen or serving kitchen area when Senator KENNEDY walked from the elevator to the stage and he said he did not observe him at this time. GRIER was asked whether he observed anyone run from the serving kitchen after he first heard the gun shots and he said that he did not recall anyone leave the area. GRIER was then asked whether he observed a white female wearing a white dress with black polka dots in the area when the shooting took place and said that he did not see such a person.

ROBERT ANTHONY TOIGO,

advised that he was present during the assassination of Senator ROBERT F. KENNEDY as a member of the staff of State Senator ANTHONY C. BEILENSEN.

TOIGO advised that he arrived at the Ambassador Hotel the evening of June 4, 1968 in the company of Senator and Mrs. BEILENSEN and Miss BARBARA SHAW, a fellow staff member. He related that approximately one half hour subsequent to their arrival they entered the Embassy Room at approximately the same time that Senator KENNEDY began his victory speech. He related that, due to the highly crowded and uncomfortable conditions in the ballroom, their party decided to leave the auditorium and wait in a more comfortable area to view the departure of Senator KENNEDY and his party. He advised that they located themselves in a corridor between the ballroom and the kitchen. TOIGO advised that he was standing in a corner with his back to the wall, a table to his immediate right beyond which was located a doorway leading to the ballroom. He stated that he was facing a partition which extends half way into the hallway, to the right of which was a table and to the left an ice machine.

He advised that, shortly thereafter, Senator KENNEDY and his party passed directly in front of him; after which his attention was directed to his right. He stated that at that time he heard two noises which he described as "pops", believing them to be firecrackers. He advised that he immediately turned to his left and observed what he could only describe as a "blur of figures", after which more shots were fired and persons began rushing past him to exit through the door to his right. He stated that he became concerned for his personal welfare and jumped beneath the table which was to his right. He advised that, shortly thereafter, the shots subsided and he removed himself from beneath the table and was confronted by Senator BEILENSEN who was seriously concerned for the welfare of his wife. TOIGO advised BEILENSEN that it was his opinion that his wife

- 64 -

had left the room and he (TOIGO) climbed up on the table to see if he could find Mrs. BEILENSEN in the surrounding crowd. TOIGO stated that, while standing on the table, he recalled seeing several person engaged in some type of struggle to his far left, a man who had been shot in the head lying on the floor to his immediate left, and Senator KENNEDY lying on the floor in between. He advised that straight across the room was a man who appeared to be a newsman who had apparently been shot in his side. He stated that this person was standing close to Mrs. ETHEL KENNEDY, who was attempting to reach her husband.

TOIGO stated that, when he got down from the table, the door to his right had been temporarily closed by individuals who were attempting to keep others from entering the room. He stated that, as soon as the door was reopened, he and Senator BEILENSEN departed the room.

TOIGO advised that he had a very vague recollection of what he saw at the time the first shots rang out and that it was impossible for him to relate what he actually saw other than many persons reacting in a generally confused manner. He explained that he was unable to furnish a more detailed account of the incident as it took him completely by surprise and several seconds had passed before he realized the full effects of what had transpired.

TOIGO advised that he could not recall any specific conversations or commands given subsequent to the shooting other than general commands to "move back". He stated that he was unable to provide the names of any additional persons who might possibly have been witnesses to the above-described occurrence, and reiterated that the only persons present that he could identify were Senator KENNEDY, ETHEL KENNEDY, and previously named members of Senator BEILENSEN's party.

3

TOIGO stated that it was difficult to judge the size of the crowd in the kitchen area but feels that there were approximately 40 people present at the time of the shooting.

TOIGO advised that he did not recall seeing a female dressed in a white dress with black polka dots in the kitchen area. TOIGO added that he did not see SIRHAN BISHARA SIRHAN before the shooting or at any time and would not be able to identify him as the assassin.

California State Senator ANTHONY C. BEILENSEN, advised that he arrived at the Hotel Ambassador, Los Angeles, California, on June 5, 1968, shortly before the end of Senator ROBERT F. KENNEDY's speech after being the apparent winner of the California Democratic Presidential Primary.

Senator BEILENSEN advised that he and his wife remained only a short period of time in the ballroom where Senator KENNEDY was speaking inasmuch as they found it too crowded, hot and uncomfortable. They returned to the kitchen passageway, positioned themselves in such a position as to be able to see Senator KENNEDY and his party as they came out of the hall. Senator BEILENSEN stated that after seeing Senator KENNEDY walk by he turned his head in the opposite direction to see if he could see some of his friends. He heard popping noises but assumed that these were balloons popping. He never saw Senator KENNEDY or the assailant and was unable to furnish any information concerning anyone else he might have noted in that area.

1Date 6/7/68

Mrs. DOLORES BEILENSEN, advised that on June 5, 1968, she and her husband, State Senator ANTHONY C. BEILENSEN, arrived at the Hotel Ambassador, Los Angeles, California, where Senator ROBERT F. KENNEDY was making a speech after being the apparent winner in the California Democratic Presidential Primary. They arrived shortly before the termination of Senator KENNEDY's speech and went to the ballroom where he was speaking. It was too crowded, however, and they left after remaining there only a short period of time and returned to the kitchen passageway. They positioned themselves in the passageway so as to be able to see the Senator and be able to greet friends as they came out.

Mrs. BEILENSEN stated that after Senator KENNEDY passed her she turned her head back to see if she would be able to see Mrs. ETHEL KENNEDY. She did not see Mrs. KENNEDY and turned her head back in a direction where Senator KENNEDY would have reached at that time. At the same instant she turned her head, she did not observe Senator KENNEDY but instantaneously observed three flashes emanating from a gun which appeared to be held at waist level by a man she described as being of short stature, slim, 25 to 30 years of age, dark coloring, appearing to be of Mexican American extraction. At this point she also heard three popping noises. She does not recall the arm being extended. She stated that she was approximately 20 feet away from the man holding the gun and that she could see the man from his mid-thigh up. She could not recall what obscured her vision of the rest of the man. She added that there was no one in the immediate vicinity of the man. She could not see Senator KENNEDY at this point. Upon hearing additional shots, she immediately left the area.

Due to the fact that her observation of the gunman was momentary, she does not believe she could positively identify him. She does not recall seeing anyone else in particular outside the uniformed kitchen help, Senator's staff and friends.

On June 11, 1968 FRANK J. BURNS, JR. was interviewed at the Ambassador Hotel where BURNS reenacted his position in the kitchen area of the Embassy Ballroom at time Senator KENNEDY was shot.

On June 12, 1968 BURNS furnished the following summary explaining what he saw and did during the pertinent time just prior to and after Senator KENNEDY was shot.

BURNS stated this memorandum was dictated to his secretary. In addition to above BURNS stated that he could not recall seeing SIRHAN SIRHAN prior to SIRHAN SIRHAN's moving across in front of him toward Senator KENNEDY at which time BURNS began struggling with SIRHAN SIRHAN.

BURNS stated while on the platform standing behind Senator KENNEDY during the Senator's speech, he seems to recall overhearing "bits and pieces" of conversation in which a decision was being made whether to take the Senator to the Ambassador Room or the Press Room because of the late hour.

-69-

My name is Frank J. Burns, Jr. I live at _____ telephone
number _____. I am an attorney and my office is
located at _____
telephone number _____.

On June 4, 1968, I arrived at the Ambassador Hotel at approximately 7:00 P.M. and went to the Presidential Suite, which was the headquarters for Speaker Unruh and the Kennedy Campaign staff. Between then and approximately 11:00 P.M., I was either in the Presidential Suite or around the corner in the Royal Suite area, which was occupied by Senator Kennedy and his staff.

At approximately 11:00 P.M. I went downstairs to the Embassy Room and talked to the various members of the campaign staff who were manning the anchor desk which was located to the right rear of the podium. At approximately 11:30 P.M. we decided that it was time for Senator Kennedy to come down, and I went upstairs to get him. The crowd was so dense in the Embassy Room, that I went along the passage way in back of the podium and through the kitchen, exiting into the lobby near the front desk.

As I reached Senator Kennedy's room, Speaker Unruh was just coming out. He told me that they had decided that Senator Kennedy would wait a few more minutes before coming down, but that he, Speaker Unruh, would go down and talk to the crowd right away. I led Speaker Unruh, Mrs. Unruh, Jack Crose, Speaker Unruh's Administrative Assistant, and perhaps one or two other people down to the Embassy Room through the route that I had used to go upstairs.

Speaker Unruh then talked to the crowd for a few minutes. While Speaker Unruh was talking, he told me to get the Senator to come down, and I told Jack Crose to go upstairs and get him. Stephen Smith, Senator Kennedy's brother-in-law, was then introduced, and spoke to the crowd. As he was concluding, Senator Kennedy came into the room from the door immediately to the left of the podium. Jack Crose later told me that he had brought the Senator's party down through the kitchen, the same way that we had come before. He also told me that they had come this way because Senator Kennedy did not want to try to fight through the crowd in the Embassy Room.

Statement of Frank J. Burns, Jr.
Page Two...

As Senator Kennedy got on the podium, I was standing a few steps back and to the right of the microphone, and as the members of his party moved in, I stepped further back to make way for Mrs. Kennedy and other people that accompanied him down. During most of his speech I was standing at the rear of the podium and slightly to the right of Senator Kennedy, near his press secretary, Frank Mankiewicz.

A pathway had been cleared to the right of the podium leading toward the area where the anchor desk was located. When Senator Kennedy finished speaking, he paused for a moment and said a few words to some people near the microphones, and then started to move to his right toward the cleared path. I turned to my right and at that time I heard a voice coming from my left rear saying that the Senator was going the wrong way, and that he should come off the rear of the platform. Senator Kennedy turned around and passed directly in front of me, to go off the rear of the platform. I turned to my left and saw a man in a tuxedo, holding the curtains back and beckoning to the Senator to follow him. This man stepped down into the anteroom and Senator Kennedy followed him. I followed Senator Kennedy.

The man went out the door at the back of the anteroom, and turned to the right and headed down the incline with Senator Kennedy close behind him. When I came out of the doorway and turned to the right to head down the incline, the man in the tuxedo leading Senator Kennedy was perhaps 10 feet in front of me and moving quite fast. They passed into the kitchen through the left hand door which was open. At about that time I yelled to slow down because they were getting ahead of everyone. I also started to move faster in order to catch up with the Senator. During this time I noticed a number of people in the area, but I am unable to positively identify any of them. My eyes were constantly on the Senator as I was trying to attract his attention.

As I passed into the kitchen, it seemed to me that there were quite a number of people in front of the Senator and moving generally in the same direction he was. As Senator Kennedy approached the area of the serving tables, two people moved toward him. The one nearest the serving table was very short and the other one was about medium height. They both appeared to be dressed in white kitchen jackets. The Senator stopped and turned to his left to shake hands with them. I would judge that he turned slightly more than 90° from his original direction of travel. It was when he stopped to shake hands that I caught up with him and got perhaps a half step in front of him. I also turned to my left and was facing in the same direction as the Senator. It was at this moment that I heard a noise

Statement of Frank J. Burns, Jr.

sounding like a string of fire crackers going off.

I immediately turned my head to the right. I have an impression of people standing there, but I would not be able to positively identify anyone. The one clear impression I have is of an extended arm holding a gun. This arm appeared to be next to the serving table and the gun would be about even with the front edge of the serving table. The arm did not appear to me to belong to anyone. I immediately glanced to my left toward the Senator and he was falling backward. He had thrown his hands up and his body appeared to be spinning to the left. I looked back toward the gun, and by then the person holding the gun had stepped forward past the edge of the serving table so that he was directly in front of me. He was aiming the gun down toward Senator Kennedy's falling body, and appeared to be shooting at him. My impression is that the noise of the gunfire had ceased by then.

This is the first time I recall seeing the person later identified as Sirhan Sirhan. At that time somebody grabbed Sirhan from behind. Someone else appeared to grab his gun arm and I grabbed him from the side. The struggle then became very confused and we rotated around several times, moving down the line of the serving counter in the direction that Senator Kennedy had originally been traveling. The entire situation was chaotic, and I have only vague impressions of the people who were wrestling with the assassin at that time. The next thing I remember clearly is Bill Barry coming up and plunging into the knot of people, yelling for a rope so that we could tie him up. I remember taking off my belt and handing it to Barry and bending down to grab the assassin's legs so as to get him off his feet. I believe that Barry then left and after further struggle, the assassin was more or less wrestled onto the top of the serving tables.

During the course of the struggle, my vision had momentarily come to rest upon the area where Senator Kennedy had fallen on several occasions. The first time I noticed, it appeared that he was lying on his back and no one was near him. The next time I looked I could hardly see him because there was a dense group of people around him and the third time I noticed, the crowd had been cleared back and he was on his back and someone had opened the front of his shirt. Everyone was screaming and yelling for a doctor.

Statement of Frank J. Burns, Jr.
Page Four...

The assassin was being firmly held on the table, and I let go and ran to the entrance of what I think is called the Colonial Room to see if either a doctor or the police were coming that way. Then I ran into the passage way between the Colonial Room and the Embassy Room. Some people from the hotel and some uniformed security guards had blocked off the passage way. I asked someone there if a doctor, the police and an ambulance had been called. He assured me that they had, and that they were on their way. I ran back into the kitchen and as I did, I noticed that Mrs. Kennedy and Jean Smith were kneeling beside Senator Kennedy.

I believe I then jumped up on the serving counter to see where the gun was. A number of people were holding the assassin, the most prominent being Roosevelt Grier. I looked down and noticed the gun in Grier's hand, and we exchanged words to the effect that Grier would hang onto the gun. I then jumped off the table and went around to the other side because it appeared that the people that had Sirhan's head were trying to pull it off. He was on his back with his head and upper back off the edge of the table, and I was afraid they would push down and break his back. Grier was leaning across his hips holding him firmly on the table. The only other person that I remember clearly is someone in a tuxedo with blond hair, who had ahold of the assassin's head. I was trying to tell them to be careful, but no one was paying any attention.

About that time, Jess Unruh jumped up onto the top of the table and leaned over Sirhan and started yelling that he should be kept alive because he should stand trial. Unruh was pulling the people off Sirhan and yelling for the police. The police came up to us from the direction where Senator Kennedy was lying. The officers took ahold of the suspect and handcuffed his hands behind his back. Roosevelt Grier was bent over crying, and I remember raising his face up and asking him where the gun was. He said he had given it to Rafer Johnson. I told this to one of the officers.

Unruh then jumped off the table and told the officers to get the suspect out of there before he was killed. I led the officers into the Colonial Room through the doors from the kitchen, and then out the main entrance of the

Statement of Frank J. Burns, Jr.

Colonial Room into the lobby. There were five or six officers with us and I led them through the lobby, down the stairway and out the main entrance. We were moving very fast and no one was trying to stop us. As we started out the main entrance, there was a police car parked there with its right front door open. There was quite a crowd of people, particularly to my right hand side, and when they saw us coming out with the suspect, they started screaming and surging forward. The officers pushed the suspect in the back seat and Unruh jumped in the front seat and yelled for the officers to get out of there. At this time I was struggling with some people by the right front door of the police car who were trying to get to the prisoner, so I shoved the door shut and the police car took off.

THANE EUGENE CESAR,
was interviewed at his place of employment,

CESAR advised he is employed on a part-time basis by the Ace Guard Service, 8720 Woodley Avenue, Sepulveda, California. CESAR stated in connection with this employment, he was assigned as a guard to the Ambassador Hotel on the evening of June 4, 1968.

CESAR stated he arrived for work at the Ambassador Hotel that evening at 6:05 p.m. and was assigned to the Embassy Room for most of the evening. CESAR stated his main function during the early part of the evening was to patrol the entrance to the Embassy Room, control drunks, break up fights, and to keep young children from sneaking into the Embassy Room.

About 10:50 p.m. the Embassy Room was becoming so crowded that CESAR, at the request of the Los Angeles Fire Department, was assigned to the kitchen area behind the Embassy Room. CESAR stated his function at that point was to restrict people from entering the Embassy Room from the kitchen, allowing admittance only to KENNEDY staff members and members of the working press. CESAR stated that it was nearly impossible to control people entering the room since false press badges and staff buttons were prevalent. CESAR stated he noticed no one in the kitchen who was not wearing a business suit and noticed no one loitering in a suspicious manner.

At 11:50 p.m., CESAR was moved to the exit door leading from the Embassy Room into the kitchen area by FRED A. MURPHY, Security Guard, Ambassador Hotel. CESAR stated at this time he was informed by MURPHY the plan was for Senator KENNEDY to leave the Embassy Room through this door after making his victory speech and proceed through the kitchen to the Colonial Room where a press conference was scheduled to be held. At approximately 12:10 a.m., Senator KENNEDY emerged from the Embassy Room into the corridor leading to the kitchen.

- 75 -

and CESAR, holding Senator KENNEDY's right arm and holding the crowd back with his right hand, began to escort the Senator through the crowd.

As the Senator entered the kitchen from the corridor, approximately ten feet from a steam table, KENNEDY pulled loose from CESAR's grasp and proceeded over to shake hands with a busboy. At this time, CESAR attempted to stay as close to KENNEDY as possible and at the same time, trying to control the crowd. As KENNEDY was shaking hands with a busboy, CESAR looked up and suddenly saw a hand sticking out of the crowd between two camera men and the hand was holding a gun. CESAR continued he was blinded by the brilliant lights and could not see the face of the individual holding the gun. Just as CESAR started to move to jump on the gun, he saw the red flash come from the muzzle. At the same time, CESAR was shoved by an unknown individual, and the next thing he remembered he was on the floor against the ice machine. CESAR stated he was approximately four feet from the gun when it went off and that Senator KENNEDY was approximately two feet from the gun.

CESAR scrambled to his feet, drew his gun, and moved to the Senator. At this time, CESAR stated there were several men on top of the assassin trying to get the gun from his grasp. CESAR stated he took a position next to the Senator's body to protect him from further attack, and about three minutes later was given orders by Ambassador Security Guard MURPHY to get to the Embassy Room doors and keep the crowd out. CESAR took his position at the Embassy Room door inside the Embassy Room and stayed there until approximately 2:00 a.m. controlling the crowd.

CESAR stated he did not see SIRHAN at all during the evening and never saw anyone in the kitchen area that was dressed in anything other than a suit except for one television employee who turned out to be a delivery man.

CESAR estimated there were approximately fifty persons in the kitchen area at the time of the shooting. This included kitchen help, newsmen, and campaign workers. CESAR recalled the room was in utter confusion but there appeared to be very little movement of people and he cannot recall seeing anyone attempting to flee from the room. CESAR added he cannot recall seeing any female wearing a white dress with black polka dots.

ELMER M. BOOMHOWER was interviewed at his residence, a section of Los Angeles, telephone . He stated he is employed by the Ace Guard Service, 8720 Woodley Avenue, Sepulveda, California, telephone

BOOMHOWER related that on June 4, 1968, he went to work at 6:00 p.m. at the Ambassador Hotel. He was a security guard in the hall outside Senator ROBERT KENNEDY's suite. This was several floors from the area where Mr. KENNEDY was shot. He stated that he was at a post outside Room 518, which was several doors from the Presidential Suite where Senator KENNEDY was a guest. He could hear a television program concerning the events taking place in the Embassy Room of the hotel and in that way about 12:15 a.m. heard the news that Mr. KENNEDY had been shot. He stated that almost immediately JOHN GLENN, who was in the KENNEDY suite, left that place and immediately went downstairs. Some time later, on orders from the Security Office of the hotel, he reported to the Guard Room on the first floor and still later made a check of the ballroom and other places on the first floor checking hotel property and to help calm down the guests and visitors.

BOOMHOWER stated he did not see anyone resembling SIRHAN SIRHAN. He said he has seen SIRHAN's photograph in the newspapers.

HAROLD L. BURBA

advised that he is employed by the Los Angeles Fire Department (LAFD) and is assigned to LAFD Headquarters, 217 South Hill Street, where he can be reached at MA 8-6161, Extension 327.

BURBA advised that he desired to furnish the following information which is in addition to information furnished by him on June 6, 1968.

On the night of June 4, 1968, BURBA was on official duty at the Ambassador Hotel to photograph fire hazards. At the time BURBA estimates to have been approximately midnight, he was sitting in the hall which runs along the north side of the Embassy Room at which time he observed Senator ROBERT F. KENNEDY and his party pass where he was sitting. They were walking down the corridor in a westerly direction. The Senator passed out of BURBA's sight and he assumed that KENNEDY entered the Embassy Room. BURBA noted that he feels that he is unable to give an accurate estimate of the number of people in the party who passed him, but feels that the number did not exceed fifteen persons.

As the party passed, BURBA recalls seeing several stragglers but cannot recall exactly how many, inasmuch as at that time he did not note each of the individuals following the party. He does recall, however, seeing one white male with dark complexion who was among the stragglers. After viewing the photographs in the "Los Angeles Times" on June 5, 1968, BURBA believes that this particular individual was SIRHAN BISHARA SIRHAN. When he observed SIRHAN among the stragglers it was due to the fact that SIRHAN appeared to turn his head from side to side as if paying unusual attention to the surroundings. At that time, SIRHAN was carrying a rolled up poster in both hands. The rolled poster appeared to be about two feet long and two (2) to three (3) inches in diameter. BURBA noted that inasmuch as SIRHAN carried the poster with both hands, he feels that SIRHAN had nothing else in his hands although he is unable to state as a certain

-79-

fact. BURBA pointed out, however, that he feels positive that had SIRHAN had an object the size of a hand gun in either hand, he would surely have noticed it. BURBA also pointed out that he estimates that when he observed SIRHAN, he was about thirty (30) to thirty-five (35) feet away.

BURBA stated that he is unable to say whether or not SIRHAN was with anybody else, but explained that he does not have the impression that SIRHAN was accompanied by any other persons. He feels that he was a single individual with the group of stragglers. He noted that he saw absolutely nothing to indicate that SIRHAN was with another person. BURBA further pointed out that this was the only time he observed SIRHAN during the entire evening.

BURBA explained that he later became aware that Senator KENNEDY had completed his acceptance speech and left the Embassy Room through the rear anteroom giving access to the same corridor he had walked through when heading toward the Embassy Room. He is unable to estimate the time at this point, although he did become aware that the Senator and the party were walking eastward along the corridor, and he became aware that KENNEDY had been shot.

After BURBA became aware that the Senator had been shot, he made his way down the hall toward where the shooting occurred, from his position toward the Colonial Room where the temporary press room was set up. Although he could not see Senator KENNEDY, he observed a poster being held in the air above the crowd as if to prevent its being crushed. He noted, however, that although the poster appeared similar, he cannot say for sure that it was the same poster which he had observed earlier in SIRHAN's hands. He also explained that his view was obstructed and advised that he could not see who was holding the poster above the crowd.

BURBA concluded by stating that, to the best of his knowledge, he cannot recall any other event that he observed which might now be pertinent in view of the current investigation being conducted.

LARRY J. BECK appeared voluntarily at the Los Angeles FBI Office and furnished the following signed statement:

"I, Larry J. Beck, furnish the following signed statement to _____ who has identified himself as a Special Agent of the FBI.

"I reside at _____ in _____. In May of this year, I worked for about a week and a half as a volunteer worker for the Kennedy Organization in Rochester, N. Y. I flew out to Los Angeles on 5-30-68 for the purpose of visiting and seeking employment. Later that day, I contacted the Kennedy Headquarters at 5615 Wilshire Blvd in Los Angeles and made arrangements to be a volunteer campaign worker for Senator Robert F. Kennedy, with my expenses to be paid.

"I worked thursday and all day Friday at the Kennedy Hq. I worked again at Hq. Saturday morning and took the rest of the day off. On Sunday afternoon I was assigned to the temporary Hq. at the Ambassador Hotel. There was a party for Senator Kennedy at the Ambassador Hotel Sunday evening but I was unable to attend since my duties took me elsewhere. On Monday morning, June 3rd, I came to Campaign Hq. at 6:45 A.M. and observed a cleaning crew of about three people. I had seen them at the Hq. previously on several occasions. I worked all day at Hq. and returned the following morning about the same time. I observed the cleaning crew again and noticed they had access to the"

- 83 -

"offices, materials, and campaign papers I had some conversation this particular morning with Steve, one of the cleaning crew, for several minutes and we talked about how dirty the Hq. had become. I had spoken with Steve previously on one or two occasions.

"Steve was a male caucasian, about 23 or 23 years old 5'5" with his cowboy boots on, 125 to 140 lbs, dark eyes and a pimply complexion. He had black, curly hair, worn long, dark eyes and wore blue denim shirt and slacks.

"I left campaign Hq. about 11:00 A.M., 6-4-68 and eventually got to the Ambassador Hotel about 3 or 4 P.M. in the afternoon. I was in the Embassy Room at the time of the shooting shortly after mid-night but did not see the actual shooting of Senator Kennedy. I didn't see Steve of the cleaning crew around the hotel that afternoon prior to the shooting or after the shooting. I spent the rest of the night at the Hotel and saw a picture of Sirhan Sirhan on TV later Wednesday, since he had been accused of the shooting. He, Sirhan, didn't appear to resemble Steve of the cleaning crew then, but later when I was interviewed by the Los Angeles Police Dept. and shown three photographs of the man charged with the shooting of Senator Kennedy, Sirhan Sirhan, I got the impression that Steve of the cleaning crew at Campaign Hq and Sirhan were identical.

"During my conversations with Steve, politics was not discussed and he never commented on how he felt about Senator Kennedy. Generally, Kennedy was well regarded by the campaign workers but his frequent last minute plan changes irked some of the workers frequently. Some jealousy existed between the campaign secretaries and the Kennedy girls because of things like salaries,"

"travel priviledges and positions.

Some of the precinct chair-
man were unhappy with the Campaign Hq because
they were not getting their fair share of
election materials.

"I do not know the last name of Steve
of the cleaning crew mentioned above. I do not
know the man accused of the shooting, Sirhan
Sirhan, unless he and Steve are determined to
be identical. I do not have any personal
knowledge of the motives for the assassination
of Senator Kennedy.

of this and four other pages, and find it to be
true to best of my knowledge.

WILLIE S. BELL was interviewed at his residence, He stated he was working at the Ambassador Hotel as a security guard on the Ace Guard Service, 8720 Woodley Avenue, Sepulveda, California, telephone 894-5717, on the evening of June 4, 1968. He began working about 6:00 p.m., and after about an hour and a half at one post was sent to the hallway near the Press Room and stayed at that post until about 3:00 a.m. on June 5, 1968. He advised that his position was between the Embassy Ballroom and the kitchen area. In order to go from the ballroom to the Kitchen one had to go up some steps and around the corner.

BELL advised that he first learned of the shooting when a woman in a pink dress came from the area of the kitchen sometime shortly after midnight and sat on the steps saying that Mr. KENNEDY had been shot. A woman in a blue dress came up shortly thereafter and sat on the steps also stating that Mr. KENNEDY had been shot. Shortly thereafter he stated he was busy trying to hold closed the doors leading from the Embassy Ballroom to the kitchen area inasmuch as people were attempting to go to the kitchen area to see what was happening.

BELL stated he did not hear any shots but at one time heard a voice whom he assumed to be a newspaper man shout, "The gun is on me. Take that gun if you have to break his fingers", and shortly thereafter another voice shouted twice, "Kill him, ROSEY".

BELL advised that before or after the shooting incident occurred, he did not see anyone who resembled the man who shot Senator KENNEDY who was described to him as wearing a greasy pair of blue jeans and a T-shirt. He stated this description was furnished to him by people coming from the kitchen area where the Senator had been shot. He said he observed a photograph of SIRHAN SIRHAN later on television and in the newspapers, but he did not recognize the photographs as anyone he had seen on the evening of June 4 through 5, 1968.

Mr. GEORGE WILLIAM FULTON, telephone , advised that he is currently employed as a stage manager for and has been employed by that company for the past 16 years.

He stated that during the evening of June 4, 1968, and early hours of June 5, 1968, he was assigned to a television crew at the Ambassador Hotel handling interviews of California Primary Election officials in the Gold Room which is a small side room just off the Embassy Room.

He stated that he was working with RAY BRANNIGAN and during the victory speech by Senator ROBERT F. KENNEDY, he was on the television ramp in front of the Gold Room and heard the speech from that position. After Senator KENNEDY finished his speech and departed the main stage of the Embassy Room, some five or six minutes later he saw a woman on that side of the Embassy Room crying and observed someone give a signal with his hand as if shooting a pistol into the ceiling at which time he realized something unusual had occurred. He said he did not hear any shots and was not in the area of the kitchen access hallway where he later learned KENNEDY had been shot, but was on the opposite side of the Embassy Room. He stated that of the hundreds of persons trying to exit the Embassy Room, quite a few tried to cut through the Gold Room but were turned away by employee RAY BRANNIGAN.

FULTON stated that some three hours after the shooting, he and BRANNIGAN were interviewed by officers of the Los Angeles Police Department, at which time BRANNIGAN recalled that a man appearing to be of Mexican extraction was trying to locate his wife and had attempted to leave the Embassy Room through the main door of the Gold Room. BRANNIGAN turned this man back and suggested that he leave the Embassy Room by the main door, and he headed in that direction. Upon arriving at the main door of the Embassy Room, this man found that the doors were tied off by a television cable tied through the handles. He attempted to untie the doors but someone yelled to him, "Leave them tied." This man then returned to the Gold Room door where people were being directed to leave the room through

-87-

the fire exit, located in the same wall as the Gold Room door but to the south.

Mr. FULTON described this man as follows:

Complexion	Dark
Age	35 - 40 years
Height	5'7 $\frac{1}{2}$ "
Weight	150 pounds
Hair	Dark curly, possibly wearing a mustache
Clothing	Dark suit with white shirt and tie

He stated that he did not actually notice how this man actually departed the Embassy Room and attached no significance to him at the time as he appeared to be only a man trying to get out, more excited than anything else, and seemed to be frantic to locate his wife.

He stated he did not see SIRHAN SIRHAN, whose picture he has seen on television and in the newspapers, before, during or after the shooting of Senator ROBERT F. KENNEDY.

RICHARD ALLIE KLINE, also known as Dick Kline, Public Relations Director, California Campaign for Senator ROBERT F. KENNEDY, 5615 Wilshire Boulevard, Los Angeles, California, home address _____, telephone number _____ advised that on the evening of June 4, 1968, he was in the Embassy Room of the Ambassador Hotel, Los Angeles, California. RICHARD KLINE stated that his assignment was to run the "anchor" desk, which consisted of obtaining the election returns from various areas of the State of California, and furnishing this information to the press. RICHARD KLINE stated that in addition to himself on the evening of June 4, 1968, he also worked with PIERRE SALINGER and FRANK MANKIEWICZ. RICHARD KLINE stated that the "anchor" desk was located immediately adjacent to the stage of the Embassy Room where Senator ROBERT F. KENNEDY made his speech on the evening of June 4, 1968.

RICHARD KLINE also stated that he was the individual responsible for selecting the Embassy Room of the Ambassador Hotel for the site of Senator ROBERT F. KENNEDY's speech on the evening of June 4, 1968. RICHARD KLINE stated that two rooms in the Ambassador Hotel were selected, one being the Embassy Room and the other room being one located below the Embassy Room. RICHARD KLINE stated that on the evening of June 4, 1968, the original plan was to only allow 700 people, plus the news media into the Embassy Room, and the rest were scheduled to go to the room located below the Embassy Room.

RICHARD KLINE stated that on the evening of June 4, 1968, the schedule was for Senator KENNEDY to make his speech in the Embassy Room, then to go to the ballroom downstairs, and after that for Senator KENNEDY to meet with approximately 20 selected newsmen in a room on the fifth floor of the Ambassador Hotel. RICHARD KLINE stated this original plan was not workable because the election returns were delayed and the plan was modified so that after Senator KENNEDY made his speech he was to go to the ballroom downstairs, and then go to the Colonial Room of the

-89-

Ambassador Hotel to meet with selected newsmen. RICHARD KLINE stated that on stage, after Senator KENNEDY had made his speech, the schedule was again modified for him to go to the Colonial Room of the Ambassador Hotel immediately after his speech to talk to selected members of the news media. RICHARD KLINE stated that when Senator KENNEDY left the stage he personally was at the "anchor" desk next to the stage, watching the television coverage of the proceedings.

RICHARD KLINE stated that after Senator KENNEDY had left the stage he heard some noises, which sounded like firecrackers, and although he did not know actually what had occurred, he suspected something was wrong, so he commenced clearing the passage way located directly behind the stage. RICHARD KLINE stated that shortly thereafter, he heard the news that Senator KENNEDY had been shot, but he personally did not witness any of the activities relating to the shooting, and did not see the alleged assassin SIRHAN BISHARA SIRHAN. In addition, RICHARD KLINE stated that he did not notice any unusual activities on the evening of June 4, 1968, or early morning of June 5, 1968, and he could not recall any additional information which he believed could be helpful in the investigation being conducted by the FBI.

TIMOTHY PAUL RICH, age 22,
telephone _____, employed as reporter, photographer
and proofreader for the _____
telephone _____, was interviewed at his
residence.

RICH stated that he had previously covered the
KENNEDY campaign at the Biltmore Hotel approximately six
weeks before. He covered this campaign from the time
KENNEDY arrived at the Burbank Airport until the time KENNEDY
made his final speech at the Biltmore Hotel. During this
time he took numerous photographs of KENNEDY and his
campaigners.

On the evening of June 4, 1968, RICH went to the
Ambassador Hotel in Los Angeles, arriving at approximately
11:00 p.m. He drove his 1964 Ford Galaxie 500 and was
accompanied by his cousin, WALTER GEORGE RICH,
He parked his vehicle
on 7th Street behind the Ambassador Hotel, walked across
the parking lot behind the Ambassador Hotel and entered
the building. They found themselves in the RAFFERTY
campaign area and immediately began to look for the area
where KENNEDY would possibly make an appearance. The first
people they saw were the "Kennedy Girls". They began to
follow these "Kennedy Girls" and finally arrived at the
Embassy Room.

They arrived at the Embassy Room approximately
45 minutes to an hour before KENNEDY made his speech. The
Embassy Room was very crowded, containing numerous television
cameras, newspaper photographers, campaigners and spectators.
Several reporters were on the stage. One section of the
room located to the righthand side of the stage, was roped
off and appeared to be crowded by KENNEDY supporters.
RICH went to this area in an effort to locate a "Kennedy Girl"
he had met during the previous campaign. He identified this
individual as ROTA HERTZBERG, who lives in West Los Angeles.

- 91 -

To the right and behind the roped off area was an exit leading to a passageway which appeared to run behind the stage in the Embassy Room. As he attempted to look into this passageway, an individual, who apparently was a KENNEDY campaigner, told him that he was in the way. RICH left this area; however, before leaving he noticed that the passageway running to the left apparently led to a flight of stairs which led to rooms on the floor beneath. If one went to the right in this passageway, they would enter a doorway leading into an area, which RICH subsequently determined was the kitchen. RICH advised that he looked into this kitchen area and noticed that there was a small "anteroom", which one had to go through before entering the main kitchen area. In this anteroom were several chairs lining the wall. There were several individuals in this anteroom and the kitchen area; however, RICH took no particular notice of any individual. When asked if he had noticed an individual which he could now identify as SIRHAN BISHARA SIRHAN, RICH advised that he had not taken notice of any particular individual who might resemble SIRHAN.

RICH advised he returned to the Embassy Room and while he was in the Embassy Room KENNEDY came onto the stage and made a speech. RICH watched the activities through television monitors and occasionally made an effort to see the stage through the crowd. Standing nearby was his cousin WALTER RICH.

Toward what RICH felt was the end of KENNEDY's speech, WALTER asked him if he was going to give KENNEDY the pictures he had in a Manila envelope. RICH explained that having previously covered the campaign and taken numerous photographs of KENNEDY, he had made a packet of appropriate photographs and intended to give them to the Senator if he had an opportunity. RICH advised WALTER that he did intend to give KENNEDY the packet and the two of them made their way to the passageway behind the stage. While they were in the passageway, an individual asked them to get out of the way. The man extended his arms in an effort to block people from coming into the passageway from the Embassy Room. RICH and WALTER extended their arms and helped this individual form a line in front of which KENNEDY could pass into the kitchen area.

RICH stated he saw KENNEDY come down the passageway toward the kitchen area. At about that time the crowd was pressing so hard behind him that he was forced into the passageway. He decided that he would attempt to get into the kitchen area to avoid the press of the crowd and as he entered the doorway to the kitchen he noticed that KENNEDY simultaneously had entered the door into the anteroom area with him.

KENNEDY was walking faster than he and passed him by. RICH called out "Senator Kennedy, Senator Kennedy" and received no response. He again called to Senator KENNEDY and at this time the Senator turned his head to look over his right shoulder. RICH handed the envelope to the Senator saying, 'This is for you'. KENNEDY took the envelope and kept on walking toward the main part of the kitchen. RICH turned to go back the way he had come, at which time he heard three 'pops' which sounded like a cap pistol. At almost the same instant he felt a shove from behind and immediately turned, at which time he observed a man, whom he later determined to be PAUL SCHRADE, falling to the floor backwards. He also saw Senator KENNEDY on the floor and noticed that blood was 'all over the place', on the floor, all over PAUL SCHRADE, and in particular under the head of Senator KENNEDY.

RICH advised he is not sure of exactly what he saw or heard for a few seconds after that. He definitely did not see the individual who fired the shots or the struggle over the gun which he subsequently learned ensued after the shots were fired.

RICH advised he does not recall hearing other shots, although he is confident that there were more shots fired because something prompted him to run. He speculated that he felt a gun battle was about to ensue and after seeing KENNEDY on the floor he moved as rapidly as possible toward the Embassy Room. En route he saw one man sitting on the chair at the side of the anteroom apparently shot, and while looking through the doorway he noticed another man fall as if he had been shot.

While en route to the doorway he noticed his cousin coming into the kitchen area; however, he did not know what his cousin did until he arrived in the vicinity of a wall outside the kitchen and noticed his cousin was right behind him.

After about 30 seconds to a minute, he then saw that someone was closing the door to the kitchen and he immediately moved back into the kitchen area. He climbed up on a metal-top counter along the wall of the anteroom in an effort to see what was going on. Also on the counter was a Negro female whose identity he does not know. RICH advised he stayed on the counter while KENNEDY was being removed from the room and observed the pandemonium going on during the next 45 minutes to an hour. He kept looking for the envelope he had given to KENNEDY, but did not see it after he had given it to the Senator.

WALTER GEORGE RICH,
telephone _____, advised that he is a student
at the University of Nevada and is home for summer vacation.

On the evening of June 4, 1968, he accompanied
his cousin, TIMOTHY PAUL RICH, to the Ambassador Hotel to
observe the activities of the KENNEDY campaign. They
arrived at the Ambassador Hotel at approximately 11:00 p.m.

They worked their way into the Embassy Room
where they had determined KENNEDY would possibly make an
appearance sometime during the evening.

While in the Embassy Room, WALTER's cousin, TIMOTHY,
went to the area near the righthand side of the stage in order
to determine where he might be able to get close enough to
Senator KENNEDY to hand him an envelope containing photographs
taken by TIMOTHY during KENNEDY's last campaign in California.
While TIMOTHY was gone to this area, WALTER remained in the
central part of the Embassy Room.

TIMOTHY returned to WALTER shortly before Senator
KENNEDY arrived to make his speech. They both remained
in the Embassy Room where KENNEDY and other members of his
staff made speeches. Shortly before KENNEDY finished his
speech, WALTER asked his cousin if he was going to give
KENNEDY the photographs to which TIMOTHY indicated in the
affirmative and they made their way to a passageway at the
rear of the stage area.

WALTER stated that behind the stage was a hallway.
He did not know where the hallway led if one went behind
the stage; however, if one went "to the right" they would
enter an area which he subsequently learned was the kitchen.

- 25 -

WALTER advised that he walked into the kitchen area before KENNEDY came through the hallway, but took no notice of any particular individual.

While waiting for KENNEDY to finish his speech, WALTER and TIMOTHY assisted an individual in forming a line to keep people from entering the hallway from the Embassy Room.

Shortly thereafter, WALTER observed KENNEDY leave the stage area and enter the passageway into the kitchen.

At about that time, TIMOTHY and WALTER became separated. WALTER attempted to follow KENNEDY into the kitchen area and as he was entering the kitchen area, he heard three sharp noises which resembled a cap pistol.

At almost the same instant the crowd in front of him opened leaving a greater gap between him and Senator KENNEDY. WALTER saw a man fall backwards to the floor with blood "all over his face and seemingly suspended in the air". WALTER also saw Senator KENNEDY lying on the floor.

The crowd closed up the gap and immediately pandemonium broke out.

WALTER and TIMOTHY immediately left the kitchen area and hid behind a wall. WALTER advised that he did not hear any shots after the initial three shots were fired, but he observed at least two other individuals, both men, inside the anteroom to the kitchen who had apparently been shot.

After remaining outside the kitchen for about a minute, TIMOTHY was able to re-enter the kitchen; however, WALTER remained outside. WALTER stated he observed no further activities inside the kitchen and did not, at any time, see the individual resembling a photograph he had seen of SIRHAN SIRHAN.

KERRY ANN MC MAHON, also known as Corky Mc Mahon, was advised of the nature of the inquiry and the identity of the interviewing Agent. MC MAHON furnished the following information:

MC MAHON stated that on the evening of June 4, 1968, at approximately 8:30 PM, she arrived at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, with ROBIN KAREN CASDEN, LAURIE PORTER, and SCOTT HOWARD. She further advised that all four of them were successful in sneaking into the press room located on the second floor of the Ambassador Hotel.

They remained near the back wall and on the terrace throughout most of the evening.

MC MAHON advised that approximately one and a half hours after their arrival at the hotel, she noticed an individual pacing up and down below the terrace. She stated that he would talk to a Security Guard on the first floor below them, then walk upstairs and into the press room. He would then return to the first floor and walk to the Security Guard and again go into the press room. MC MAHON stated he did this on several occasions while she was standing on the terrace and it continued up until the time Senator KENNEDY spoke inside the press room, which she believes was around 11:00 PM. MC MAHON stated she did not see him again after KENNEDY started to speak and advised she does not remember any description other than the fact that he was male and had dark brown hair.

MC MAHON advised they went inside the press room to hear KENNEDY's speech and stood on chairs at the back of the room while he spoke. At the end of his speech, MC MAHON stated she told those with her that she wanted to shake his hand.

-98-

MC MAHON stated that at the end of KENNEDY's speech, she jumped from the chair and ran towards the stage where KENNEDY had been speaking. She then went left of the podium into a hall like area in an attempt to reach KENNEDY, but when she was approximately ten feet from KENNEDY the area was closed off by someone shutting a folding wooden partition. She then attempted to peer around the partition and at that point the partition was drawn back by a large Negro male who pushed HOWARD and herself to one side. MC MAHON stated they then walked in front of the speaker's stand and noticed for the first time a white female, approximately 40 to 45 years old, lying on the right side of the speaker's stand. She was covered up to her midriff with a table cloth and her face and hair was covered with blood.

MC MAHON advised that approximately two minutes later CASDEN ran up to her crying and shouted, "Bullets, bullets, bullets", over and over again, as well as, "They shot him, they shot him." MC MAHON observed that CASDEN had blood on her head and the right side of her dress and leg. MC MAHON advised that she then asked CASDEN what happened and CASDEN told her that bullets went in front of her face and that Senator KENNEDY had fallen on her. She also told MC MAHON she had been behind the Senator in the kitchen when he turned to the right, smiled, shook her hand, took two steps forward, and then fell back upon her. She told MC MAHON she then went along the kitchen wall and ran back into the press room. MC MAHON advised that after this, CASDEN appeared to become more incoherent and again repeated, "Bullets, bullets", over and over again. At this point MC MAHON stated that a Secret Service Agent and herself started taking CASDEN from the room heading for the right exit. MC MAHON advised that she then observed approximately 15 Los Angeles Policemen holding a man, however, she could not really see him, but there was a large number of individuals apparently trying to reach him. MC MAHON stated she then told the Secret Service Agent she was going to take CASDEN home and they left the building at that point.

MC MAHON advised she did not observe anyone or anything else who appeared suspicious and advised that SCOTT HOWARD lives in the

MC MAHON advised that she also noticed MILTON BERLE and the star of Burke's Law, television series, in the press room on June 4, 1968.

MC MAHON advised that they arrived at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, at approximately 10:45 p.m., and remained throughout most of the evening on the first floor ballroom, which is located directly below the press room where Senator KENNEDY spoke. MC MAHON stated that they attempted to get into the press room on the second floor but were stopped at the door. MC MAHON stated that at approximately 11:30 or 12:00 p.m., someone in the ballroom announced that Senator KENNEDY would shortly appear in the ballroom at the podium in the front of the room after he had finished his victory speech in the press room. MC MAHON advised that at this point they started moving towards the front of the room and then heard several people scream near the speaker's stand. Shortly after this someone said that Senator KENNEDY had been shot. MC MAHON stated someone then told everyone to leave the ballroom and they moved into a small press room located close by and watched the events on television. MC MAHON advised that while they were watching television, an announcement came over the television set stating that no one was to leave the hotel. SCOTT BARRY HOWARD,
was advised of the nature of the inquiry and the identity of the
interviewing Agent.

HOWARD voluntarily furnished the following information:

HOWARD stated that on the evening of June 4, 1968, at approximately 3:00 p.m., he arrived at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, with ROBIN KAREN CASDEN, LAURIE PORTER, and KERRY ANN MC MAHON. He stated that all four of them were successful in gaining entrance into the press room located on the second floor of the hotel and they spent most of the evening on the terrace located opposite the speaker's stand.

HOWARD advised that at approximately 9:00 or 9:30 p.m., he talked to an unknown individual who he thought was rather strange. This individual had on a busboy's uniform with a white jacket and he was very difficult to understand. HOWARD advised that he apparently was of a foreign extraction and when he first saw this individual he asked him in jest why he did not jump off the terrace and this person gave a reply which he could not understand. HOWARD described this individual as a Mexican male, approximately 32, light brown hair, "flat on top and pointed in front", 5 feet 11 inches, 145 pounds, slender, with medium complexion.

HOWARD advised that at approximately 11:00 or 11:30 p.m., they went into the press room and listened to Senator KENNEDY's speech. HOWARD stated that they stood at the rear of the room slightly left of the speaker's stand. At the end of his speech, Senator KENNEDY turned and walked to the rear of the platform while MC MAHON and himself attempted to reach him. HOWARD stated that they went left of the platform and into a hall-like area with a folding wooden-type partition separating them from Senator KENNEDY, who apparently went to

the right after leaving the podium. HOWARD advised that while they were standing there, ROSIE GRIER, a Negro football player for the Los Angeles Rams, opened the partition and pushed MC MAHON and himself to one side. GRIER was saying something about bullets as he ran down the exit on the left side of the press room. HOWARD stated he then attempted to go through the kitchen, but was prevented from doing so when someone closed the folding partition. HOWARD advised they then went around the front of the speaker's stand and noticed for the first time a white female, approximately 35 to 40 years old, lying on the speaker's platform with blood over her face. While standing at the platform, HOWARD advised CASDEN ran up with blood on her left leg and near her right eye. She seemed to be in a state of shock and kept repeating, "They shot him. He's dead." HOWARD stated that all three of them started to move away from the area and he walked away at this point and temporarily lost sight of MC MAHON and CASDEN. HOWARD advised he then started walking toward the cafeteria and before he could reach the cafeteria door, approximately eight Los Angeles policemen came out bringing a man with them. HOWARD stated he did not get a very good look at this person since his hands and arms were held in front of his face and the crowd of people in the area was attempting to reach said person. The policemen then took this person down the right exit and HOWARD followed them down to the next floor, but returned to the press room in search of MC MAHON and CASDEN. HOWARD stated that upon returning to the press room he found MC MAHON and CASDEN and observed MC MAHON walk to the previously mentioned lady lying on the speaker's platform, apparently for a closer look. HOWARD advised it was shortly after this when somebody told everyone to clear the press room, whereupon they left the hotel.

"I am 19 years old, born 10/30/48; at Los Angeles, Calif. I currently reside at I am employed by the

I currently attend East L. A. College, majoring in Police Science. This is my freshman year.

"On Tuesday, 6/4/1968 at approximately 11:00 a.m. DAVID MONTELLANO and myself attended the San Gabriel Rifle Range for target shooting. DAVID resides at

"After shooting on the rifle range, we noticed an individual shooting very rapidly on the pistol range which is beside the rifle range. At this time we decided to start shooting our own pistols, a .22 Colt magnum. Noticing the individual down the range was shooting rapidly, we decided to approach him and inquire about the weapon. DAVID asked him if the weapon was a 38 and he replied 'No, it was a .22 caliber.' Then I asked him how many bullets the pistol was able to hold and he replied, 'it is an eight shot pistol.' I then asked him if it was a single or double action and he replied 'it is single'. It was only obvious he didn't know much about the gun as we could see that it was double action. He finally said that we had gotten him confused and that the pistol

-156-

"was double action. I asked him what make the gun was and he didn't answer. I asked again and he said 'it was an Iver - Johnson' and showed me the inscription on the barrel which verified this.

"This individual then ask us if we hunted and we answered 'no, we had just begun learning about pistols.' I believe I asked him if he hunted himself and he said, 'I just started shooting myself' DAVID asked him about a special box of bullets which he had on the support in front of him. The bullets were mini-magnum. He also had several boxes of regular ammunition. The box of mini-magnum was about 1/3 gone. He had about 400 empty casings to the right of him which he had apparently fired.

"The individual asked DAVID how to obtain better accuracy thru the sight pattern and they discussed briefly and then DAVID and I left the range at approximately 2 pm. The individual was still shooting.

"After Senator KENNEDY's attempted assassination early in the morning of June 5, 1963 DAVID and I heard the description of the suspect and the gun used and decided it matched the description of the individual we had seen and talked with at the range and the gun likewise matched. We decided to call the police.

"The individual at the range was about 22 to 23 yrs of age, thin build, weighing about 135 pounds, about 5'5" to 5'6" tall, dark complexion with curly black or brown hair. It was apparent that he was of a foreign extraction. He spoke with some type of accent not readily known to me. He was wearing a long sleeve beige or white shirt with stripes and light blue jeans. I noticed no apparent scars or identifying marks. I saw no one with him and noticed no automobile.

"After we called the police, Detective of Homicide Division, Central, LAPD came down with six mug shots. DAVID and I both picked out one mug shot as definitely being the individual we had seen at the range. We did not know his name at that time and didn't know it until we heard the name on television.

I have read the above statement consisting of this page and three (3) others, initialed each page and correction and believe it to be true to the best of my knowledge.

On June 12, 1968, Special Agents _____ and _____ contacted DAVID RALPH MONTELLANO and identified themselves as agents of the FBI. MONTELLANO stated that he was willing to talk to the FBI and provided the following information:

MONTELLANO stated that he is currently residing at _____ is 20 years of age, and is currently unemployed.

On June 4, 1968, he and HENRY CARREON decided to go to the San Gabriel Valley Gun Club, 4001 Fish Canyon Road, Duarte, California, and to do some target shooting. He stated that they arrived at the range at approximately 11:30 a.m., and after securing their targets, went to the rifle range in order to fire a .22 caliber Marlin carbine rifle. After firing several rounds, MONTELLANO said that he and CARREON heard some rapid firing coming from the pistol range, which is adjacent to the rifle range. MONTELLANO said that he and CARREON discussed the matter briefly and then decided to go to the pistol range to see what kind of weapon was being used in connection with this rapid firing.

MONTELLANO advised that he and CARREON then went to the pistol range and at the far end of the range they saw an individual whom he described as approximately 5'4" - 5'5" in height, 115-120 pounds, dark complexion, bushy haired, and dressed in light colored clothing, firing around gun position four or five. MONTELLANO said that he asked the individual, "Is that a .38?" and the individual replied, "No, it's a .22." MONTELLANO stated that he observed about six boxes of Super X Western .22 long rifle shells in front of the individual on the bench, and two boxes of .22 caliber mini magnum shells. He stated that he thinks CARREON asked the individual if his gun was single or double action. He stated that the individual replied "It's single action"; however, he later changed his mind and said, "I was confused, it's double action." MONTELLANO stated that on one occasion, the individual showed he and CARREON the weapon, and he personally observed

-159-

that it was an Iver-Johnson eight shot .22 caliber pistol with an approximate 2" barrel.

MONTELLANO stated that the individual was firing at a target set out some distance in front of the firing position, and that he saw many holes in the target; however, many of these holes were in the white portion of the target rather than the black, and he, MONTELLANO, was under the impression that the individual was not a very good shooter.

MONTELLANO stated that it was approximately 1:00 p.m. when he and CARREON went to the pistol range, watched and engaged the individual in conversation, and left the range at approximately 1:30 or 1:45 p.m. He stated that the actual time spent watching and conversing with the individual was approximately 20 minutes. He stated that the individual was still at the range to the best of his knowledge, when he and CARREON left.

MONTELLANO further advised that one thing that he remembers about the incident was that the individual kept his spent cartridge casings in a pile on the firing bench to the individual's right. He stated that it appeared as if he might be wanting to save the cartridge casings. He estimated that there were 400 to 500 of these casings piled on the bench.

MONTELLANO further stated that he recalled a party of four people being around the rifle range when he and CARREON were there and that he later recalled this party being on the pistol range while he and CARREON were watching and talking with the individual at the far end of the range. He stated that this party consisted of a man described as 5'2"-5'3" tall, about 245-250 pounds, husky build, late 30's, and short hair. A woman described as 22-23 years of age, 5'4"-5'5" in height, nice build and well developed, shoulder length blondish hair; and two, possibly teenage boys, one described only as about 13 years of age and wearing light colored jeans; and the other described as about 15 years of age, hippie hair cut, sideburns, wearing a dark shirt with white tie and with pinstripe or checked trousers.

MONTELLANO stated that this party was firing a .32 caliber chrome plated gun, with white or pearl handles, and possibly a magazine loaded automatic. He stated that at least on one occasion he recalls either the man or one of the boys gave assistance to the woman who was firing the gun. He said that earlier when he and CARREON were on the rifle range, he remembered this party being there, and he recalled the man said something to the effect, "She has never shot a pistol before and I wanted to teach her." He said that he thought he would recognize the man and the younger of the two boys if he were to see them again; however, he doubted if he would recognize the woman and the other boy. He stated that he had the impression that the party was a man and his younger wife and two sons or possibly a man, his daughter, and two sons.

MONTELLANO further advised that he, at no time, saw the individual firing at the far end of the pistol range, come over to converse with, or observe the four members of the party during their time on the pistol range or rifle range.

MONTELLANO, upon being shown pictures of various individuals, picked out a photograph of SIRHAN SIRHAN as positively being the individual whom he had seen firing at the far end of the pistol range, and had engaged in conversation. MONTELLANO stated that he is aware that SIRHAN is currently under arrest for the assassination of Senator ROBERT F. KENNEDY and he is certain that the individual at the range was SIRHAN SIRHAN.

MONTELLANO stated in conclusion, that if he could recall any additional details regarding the occurrences on the firing range that he would contact the Los Angeles FBI Office.

LLOYD JOHN HAGER, Range Manager, San Gabriel Valley Gun Club, 4001 Fish Canyon Road, Duarte, California, provided the following information to Special Agents and after identifying themselves as Special Agents of the FBI.

HAGER advised that he was on duty at the gun club on June 4, 1968. Upon being shown photographs of individuals including SIRHAN SIRHAN, he advised that he did not recognize the individual as being a shooter at the range on that day. However, HAGER advised, his records indicate that an individual signed in with the name SIRHAN SIRHAN on June 4, 1968. HAGER stated that he had notified the Los Angeles Police Department that SIRHAN's name appeared on these records and it was his understanding that police officials requested the record with the name SIRHAN SIRHAN be retained until they picked it up.

HAGER stated that they maintained two rosters of shooters at the gun club. One roster contained signatures of gun club members only who are shooting on any particular day and the other roster is for non-members. He noted that SIRHAN's name appeared on the non-member roster. In addition, he stated that everyone who shoots at the range is supposed to sign one roster or the other but often times this is not done.

EVERETT CARL BUCKNER, SR., who resides at _____, telephone number _____ and is employed as Line Officer, San Gabriel Valley Gun Club, 4001 Fish Canyon Road, Duarte, California, provided the following information to Special Agents _____ and _____ after identifying themselves as Special Agents of the FBI:

BUCKNER advised that he was on duty as the Line Officer for the gun club on June 4, 1968. At approximately 9:30 to 10:00 a.m., an individual came to the range and signed the non-member shooting roster with the name SIRHAN SIRHAN,

BUCKNER stated that he later recognized a picture on television of SIRHAN, a suspect in the assassination of Senator ROBERT F. KENNEDY, as being identical to the individual whom he had seen on the range on June 4, 1968. BUCKNER stated that SIRHAN had in his possession a .22 caliber pistol with clip and after receiving a target, went to shooting position number 1 on the pistol range. After firing for approximately 15 minutes, SIRHAN returned to BUCKNER and asked, "What are your best shells? Have you got some that will not misfire?" After a short conversation, BUCKNER stated he sold SIRHAN a box of shells but he is not sure what type. SIRHAN then returned to position number 1 and started firing again.

Approximately 15 minutes later, a man and a woman came to the range counter. BUCKNER stated that he could describe the male only as white, 30-40 years of age, and slender build. He described the woman as 25-30 years of age, 5'6" - 5'8", 135 pounds, husky build, blonde hair - approximately shoulder length and wearing a light colored dress. BUCKNER stated he could not recall if the man and woman signed either the non-member or member roster prior to shooting. The man said, "I want to shoot rifle, she wants to shoot pistol." BUCKNER then told the man that he could not shoot the rifle and pistol on the same range and he, BUCKNER, then asked the man, "Would you like to go with your wife first", and the man replied angrily, "That is not my Goddamn wife," and then said

-166-

to the woman, "You go over there by yourself." He then told the woman, "You'll have to go by yourself because you have to learn how to shoot that pistol today". BUCKNER stated the woman then turned to him and said, "I've had this gun a long time and I have to learn how to shoot it. This is the first gun I've ever owned and I've never shot a gun before."

BUCKNER advised that he gave each the proper target and the woman then went to the pistol range and the man went to the rifle range. BUCKNER stated that he placed the woman's target in place for her around gun position number 24, which is at the opposite end of the pistol range of the number 1 gun position from which SIRHAN was firing. BUCKNER stated the woman then started shooting but could not hit the target and asked him for help and BUCKNER told her that he was not allowed to do so. The woman continued firing and after a few minutes, SIRHAN came over to the woman and said, "Here, I'll show you how to shoot that." The woman said, "Get away from me, you son of a bitch; they'll recognize you." BUCKNER stated that he was approximately five feet away from SIRHAN and the woman during this conversation. SIRHAN then took the gun away from the woman and proceeded to show her how to line up the sights for a proper sight picture. He returned the gun to the woman and she fired and hit the bulls-eye. She continued firing for approximately 15-30 minutes with SIRHAN beside her. After that SIRHAN left her and returned to the number 1 gun position.

Approximately 10 minutes after this, the man with whom the woman had apparently come to the range with came over to the woman on the pistol range and removed her target and returned to the bench with it. The woman said, "See, I got a bulls-eye". The man said, "Yes, Goddamn you, that was an accident. Look at all these wild shots." BUCKNER stated that the man then returned the targets. BUCKNER stated that after returning the targets to the shed, the man and woman left the range. BUCKNER stated that he did not notice an automobile. He stated that he would estimate this time as approximately 11:00 to 11:30 A.M., although he said it could have been as much as an hour or so later.

BUCKNER stated that SIRHAN left the range approximately 10 or 15 minutes after the man and woman and he thought SIRHAN was driving a light colored car, make and model unknown, although it sticks in his mind that the middle letter on the license plate was the letter W.

BUCKNER stated that he was certain that the photograph of SIRHAN was the same individual who was firing at the range on June 4, 1968. He stated that he was reasonably certain that he would recognize the blonde woman if he were to see her again, however, he did not think that he could recognize the man with the woman. BUCKNER stated that he would be willing to help the FBI in any way possible in this investigation and in the event that he should think of anything that might be of assistance he would immediately contact the Los Angeles Office.

BUCKNER pointed out that he has never been satisfied that only one person assassinated President JOHN F. KENNEDY in Dallas, and it is his definite opinion that a conspiracy existed in that assassination. He stated from what he can gather from the news media, from the very beginning he believed that a conspiracy existed to assassinate Senator ROBERT F. KENNEDY. BUCKNER stated he could furnish no information to support the feeling he had from the moment he received news of the shooting of the Senator that this was a conspiracy other than the information he furnished concerning the events that took place at the San Gabriel Valley Gun Club on June 4, 1968.

EVERETT C. BUCKNER,

was interviewed at the San Gabriel Gun Club, 4001 Fish Canyon Road, Duarte, where he is presently employed in the capacity of a line officer.

Mr. BUCKNER stated he was working on the morning of June 4, 1968, in the area of the target shed, when an individual came to the shed and purchased a pistol target. He advised he is responsible for the sale of targets and ammunition, and said he told this man to sign the non-member register, which was done, and that this individual, after obtaining his target, then proceeded to the vicinity of position number 1 or 3 at the extreme end of the pistol range. He said he could not definitely pinpoint the time of day, but estimated that it was sometime after 10:00 a.m. He said he did not, at this time, observe this individual firing the pistol, but knew that firing was taking place from the noise at that end of the range. He could not recall whether there were any other shooters on the pistol range at this particular time.

He said sometime thereafter, possibly 30 minutes or so, a couple approached the target shed and the man told him he desired a target for the rifle range, and that the girl wanted to shoot a pistol. He said he told this man that it would be necessary for them to separate, inasmuch as rifle firing is not permitted on the pistol range, and the male then obtained his target and started to walk toward the rifle range. He said at this point he made the comment to the man, "Arn't you going to help your wife set up her target?" He said this man replied to this comment rather angrily, "She's not my God damn wife." At this time the man then proceeded alone toward the rifle range area.

BUCKNER said he then took the pistol target for the girl and started walking toward the pistol range, at which time the girl made a comment to him to the effect, "This is the first time I have shot this gun, but I have to shoot it today." BUCKNER said he

-169-

told the girl that it was against the Gun Club's rules for him to assist her in any way with the gun, loading or anything else, but that he would, on his own, help her in setting up her target. He said that they went to a position near the end of the pistol range, which would be position number 22 or 23, and he thereafter set up the girl's target at the 15 yard line. He said after returning to the line he watched the girl fire for a short period of time, and noted that she was a very bad shot, inasmuch as she was not even hitting the target. He said during this period of time the man who had come earlier was at the extreme other end of the range firing his pistol, although BUCKNER paid little or no attention to him.

He said he returned to the target shed and a short time thereafter the man who had come earlier came to the shed and asked him if he sold ammunition. He said he replied in the affirmative, at which time this individual said to him, "I want something that won't misfire." He said he told this man that he had the regular .22 shells, which this man was firing, for sale at \$.85 a box, but that he also had a more expensive shell, which he believed sold for \$1.40. He said he told this man he had never seen any of the expensive shells misfire, and that at this time, the man said he wanted a box of this shell. He said he then sold a box of the expensive shells to the man, at which time the man then returned to his firing position.

BUCKNER exhibited a box of .22 long high velocity rifle shells, Imperial brand, which bore the stamped letter "D" on the base, which he said he was quite certain was the same kind of shell he sold to this man. It was noted that the price of \$1.05 was marked on the box of this particular shell.

Following this incident, the time not being noted, he walked to the pistol range to see how the girl was doing with her shooting. He said he was approximately two to three feet from

her at this time, and at this point the man, referred to previously, walked up to him with his target in his hand and said to him, "How's this for shooting?" He said he observed the target of this man, and noted that all shots were in the bulls-eye area. He said he told this man that this was very good shooting and was, in fact, the best shooting he had seen on this range. He said the man was quite elated over his fine pistol shooting and seemed to be very happy.

Immediately following this conversation, he said this man then walked over to the girl, who was having difficulty with her shooting, and made some type of remark to her to the effect that he would show her how to do it. He said the girl then commented to this man, "God damn you, you son of a bitch, get out of here or they will recognize us." He said this man did not leave and continued to show her how to shoot the gun. He said he did not overhear any further conversation and did not know whether there had been any further conversation.

Following this he said he did not observe this man again and assumed that he must have left.

Sometime thereafter the man with whom the girl had come and who had shot the rifle, came to the pistol range area and the girl, rather jubilantly, showed him her target, which had one hole in the bulls-eye. He said the man then made some kind of comment to the girl to the effect she had fool's luck. He said he overheard no further conversation and following this he assumed that the man and woman left, although he did not see them leave the range.

Mr. BUCKNER said he did not observe the gun fired by this girl very closely, but said he believed it was a .22, that it was a small gun, and it was his recollection that it had a pearl handle.

With respect to the rifle shot by the man, BUCKNER said that the rifle had been brought by this man, but he stated he could not recall anything about it, as to whether it was in a case or not. He said in all probability it had been in a case, but he could not state this as a fact.

Mr. BUCKNER was exhibited a photograph of SIRHAN SIRHAN, and after viewing this photograph positively identified this photo as being of the man who had come to the range earlier on June 4, 1968, who had shot at the extreme end of the pistol range, at position one or three, who had purchased a box of ammunition from him, and who had had conversation with the girl.

With respect to the girl he said he had never seen her at the range before, but noted he had only worked at the range for approximately two weeks previous to this time. He described this girl as white; 25-30 years; 5'6" - 5'8" tall; 135 pounds; blonde hair, worn shoulder length; rather husky build; attractive, and wore very little make-up.

He described the male accompanying this girl as white; 30 years; 5'10" - 6'; 175-180 pounds; long hair and rather slight in build.

He said it was his recollection that the man accompanying the girl had purchased both targets and that while it was a regulation that anyone firing had to sign the register, he did not believe that this man had signed the register.

He stated he felt that should he see this girl again in person that he would be able to recognize her, and that if anything further came to his mind concerning this incident he would immediately notify the FBI.

Date 6/12/63

JOHN H. WEIDNER, residence, business, Organic-Pasadena, 1330 North Lake Avenue, Pasadena, California (SY 4-3349), was interviewed at his place of employment and furnished the following information:

He is the owner of Organic-Pasadena, a health food store, as well as owner of two other health food stores, namely Monterey Nutrition, 105 North Garfield, Monterey Park, California, and Nutriville, 7322 East Florence, Downey, California.

He employed SIRHAN SIRHAN, Social Security Number _____ as a stock boy at the Organic-Pasadena store from September 24, 1967, through March 7, 1968. During this time, SIRHAN resided with his mother, _____ at _____ which residence is located several blocks from the Organic-Pasadena store.

SIRHAN's work as a stock boy consisted of stacking shelves, handling fresh vegetables as they arrived daily at the store, make deliveries to WEIDNER's store in Monterey Park and Downey, California, and occasionally taking money to the bank. WEIDNER indicated that SIRHAN's mother was a regular customer at the Organic-Pasadena store, as was SIRHAN's sister (whose name he believes is ADIA SIRHAN). SIRHAN's younger brother, MUNIR SIRHAN, worked as a stock boy at the Organic-Pasadena store for one or two weeks approximately three years ago.

Two or three months prior to September 1967, SIRHAN's mother asked WEIDNER if he could get a job for her son, SIRHAN SIRHAN. In mid September 1967, WEIDNER had an opening for a stock boy at the Pasadena store, and on September 24, 1967, SIRHAN SIRHAN came to work at this location. SIRHAN worked from Sunday through Friday

-210-

and was paid \$2.00 an hour by WEIDNER. WEIDNER stated that he felt SIRHAN was completely honest, and he believes that SIRHAN may have at one time had a key to the Organic-Pasadena store for the purpose of opening the store early on Sunday mornings to prepare a fresh fruit and vegetable stand.

WEIDNER described SIRHAN as a capable employee who got along well with the other employees, and who always presented a neat appearance and was courteous to the customers. WEIDNER noted, however, that SIRHAN seemed to resent being told what to do, and on occasion became aggressive and bad tempered with WEIDNER. In this respect, WEIDNER received the impression that SIRHAN resented authority and discipline, and had an "inferiority complex" resulting from his being physically small.

WEIDNER advised that the following employees at the Organic-Pasadena store and his stores in Monterey Park and Downey, California, would have been acquainted with SIRHAN:

SIRHAN never discussed his personal activities with WEIDNER and WEIDNER was not acquainted with any of SIRHAN's associates.

WEIDNER noted that SIRHAN would occasionally discuss politics in general, without ever referring to any particular politician or official. WEIDNER stated that from time to time SIRHAN would discuss Middle East affairs and would express a strong dislike for the State of Israel and Jewish people in general. According to WEIDNER, SIRHAN was exceptionally bitter about the United States support of the State of Israel during the hostilities between Israel and the Arab Nations, as well as about Jordan's loss of territory to Israel. WEIDNER further recalled that SIRHAN once told him that when he (SIRHAN) was young he saw some Israelis killing Arab children; and that SIRHAN once told WEIDNER's wife, NAOMI WEIDNER, that he (SIRHAN) once witnessed several Israeli soldiers killing a defenseless Jordanian woman with a knife.

4

WEIDNER continued that SIRHAN was very sympathetic to the poor people and appeared to resent affluence. According to WEIDNER, SIRHAN was also very sympathetic to the Negro race, and on one occasion when he (SIRHAN) and WEIDNER were discussing rioting in the Negro communities, SIRHAN indicated that he felt that violence was the only way Negroes could obtain their rights.

WEIDNER further recalled that on one occasion he asked SIRHAN if he were a United States citizen, and SIRHAN replied that he had not become an American citizen because there was no "liberty" in this country. On still another occasion, SIRHAN indicated to WEIDNER that he did not believe in God.

WEIDNER stated that on February 23, 1963, he told SIRHAN to make deliveries at the Downey and Monterey Park stores and to stop at one of the stores before the other. SIRHAN made the deliveries in reverse order, and when WEIDNER mentioned this to SIRHAN, SIRHAN became very angry and belligerent; called WEIDNER a liar and stalked out of the store, indicating that he was quitting the job. According to WEIDNER, SIRHAN re-appeared at the store several minutes after this incident and told WEIDNER that his (SIRHAN's) "conscience" would not let him continue his employment with WEIDNER, but that he would stay for two more weeks as per a prior oral notice of termination of employment agreement with WEIDNER.

WEIDNER and SIRHAN had another disagreement on or shortly before March 7, 1963, which disagreement arose when SIRHAN failed to cover the vegetable stand with paper bags as was customary at closing time. WEIDNER said that when he mentioned this incident to SIRHAN, SIRHAN again became extremely angry and defensive, accused WEIDNER of firing him, and again left the store in an angry mood. WEIDNER believes that during this argument with SIRHAN, he, (WEIDNER) called the Pasadena Police Department and that several police officers arrived and talked briefly with SIRHAN in the store parking lot before SIRHAN left by himself.

In mid March 1963, WEIDNER received a notice to appear before the Labor Commissioner, Division of Labor, Law Enforcement, Los Angeles, regarding a petition filed by SIRHAN for unpaid wages. On March 20, 1963, WEIDNER and SIRHAN appeared before this Commissioner and a settlement was reached whereby WEIDNER was required to pay SIRHAN approximately \$150.00 for wages due and severance pay. WEIDNER noted, as previously mentioned, that a former store manager for WEIDNER at the Organic-Pasadena store, also filed a petition for unpaid wages with the Labor Commissioner and appeared at this location at the same time as SIRHAN. WEIDNER does not know whether SIRHAN and previously agreed to petition the Labor Commissioner at the same time.

WEIDNER has not seen SIRHAN since March 20, 1963, the date of the above appearance before the Labor Commissioner.

ALVIN CLARK, advised that he is employed for the City of Pasadena Sanitation Department. He stated that he picks up trash on Howard Street in Pasadena where SIRHAN SIRHAN resides and had first become acquainted with SIRHAN approximately two years ago.

CLARK advised that SIRHAN told him his name was SAUL SIRHAN when he first met him while picking up trash at SIRHAN's residence.

CLARK stated that he often talked with SIRHAN but that their discussions were never regarding politics and only idle talk. He stated that he talked about going hunting sometime and invited SIRHAN to accompany him and also invited him to his residence but that SIRHAN never accepted the invitation.

CLARK advised that he never observed SIRHAN with a gun and never observed anything resembling a target in the area of SIRHAN's back yard during the time he was picking up the trash at SIRHAN's residence.

CLARK advised that he recalls the Wednesday after MARTIN LUTHER KING's death, April 10, 1968, when SIRHAN asked him what he thought of KING's death. CLARK stated that he did not make much comment regarding this question and then SIRHAN asked him who he was going to vote for. CLARK stated that he said that he was voting for KENNEDY and then SIRHAN stated "Why do you want to vote for him because I am going to kill that S.O.B.".

CLARK stated that he thought SIRHAN was joking about this, therefore did not pay much attention to this remark at the time.

CLARK advised that on the Wednesday before the assassination of Senator ROBERT KENNEDY, he was again picking up trash on Howard Street; and during his lunch break, SIRHAN took him to a grocery store in the area located at Howard Street

-300-

and Lake Street and bought him an Orange Julius soft drink. CLARK stated that SIRHAN seemed to be very happy on this day and had said something about winning \$100 at a racetrack but that he had also lost this money before leaving the racetrack. CLARK advised that after they finished their soft drink, he went back to work and SIRHAN said something about going to visit a library.

CLARK furnished the following signed statement regarding his conversation with SIRHAN SIRHAN on April 10, 1968:

"June 10, 1968
Pasadena, Calif.

"I Alvin Clark, have been advised of the identities of the interviewing agents as being Special Agents of the F.B.I. and of the investigation being conducted re Senator Robert Kennedy. I have been acquainted with the accused suspect of Mr. Kennedy Sirhan Sirhan and know him as Saul.

"I am employed for the Sanitation Department for the City of Pasadena and collect garbage and trash on Howard Street in Pasadena where Sirhan lives.

"I recall the Wednesday following Martin Luther Kings death, believe April 10, 1968, I was collecting trash on Howard Street and talked with Sirhan while picking up trash at his residence. I recall Sirhan asked me how I felt about Martin Luther Kings death and asked me who I was going to vote for. I told him I was going to vote for Robert Kennedy. Sirhan said, "Why do you want to vote for him because I am going to kill that C.O.B.". I did not pay much attention to this remark because I thought he was joking. This is the only time I have ever talked with Sirhan regarding politics in any form.

"I have read the above statement of two pages and it is true and correct.

She also attended one semester at Pasadena City College (PCC) in 1963.

She does not know any other close associates of SIRHAN's, except perhaps an individual whose last name is who had been a classmate of SIRHAN's at PCC and who SIRHAN had helped with the Arabic language.

SIRHAN was very pro-Arabia and the only time he became emotional was when discussing the Israeli-Arab conflict. He criticized the United States due to its support of Israel in the conflict and expressed a feeling of appreciation to Russia for its assistance to the Arabs.

When SIRHAN was a horse exercise boy in Corona, California, he expressed a profound interest in becoming a jockey and seemed to change considerably following his fall from a horse in 1966. After the fall, he seemed to brood and remarked that due to the damage to his eyes, he could no longer be a jockey.

- 303 -

He subsequently became interested in mysticism and expressed a desire to be able to control a person's mind through extra sensory perception. He told of one occasion when he conducted an experiment on his mother. He was home late at night studying a book on mysticism and his mother was sleeping in the next room. He related to that through concentration, he attempted to transfer thoughts to his mother to force her to get out of bed and go to the bathroom. He stated that shortly after he began this concentration of thought, his mother did get up and go to the bathroom.

SIRHAN SIRHAN became a de facto member of this organization which although active, was not recognized as a formal organization by Pasadena City College since such organizations were prohibited to operate on the campus. It was also not recognized as a formal local organization by the mother organization in New York City due to the fact that the college did not authorize it to operate on the campus. In spite of the above technicalities, stated this organization operated like practically all organizations of its kind located on other campuses.

advised that in conversations with several of the SIRHAN brothers he learned that SIRHAN SIRHAN had constant arguments with them as well as with his mother. He was not told what the arguments were about, but he surmises they were strictly of a family nature. He recalls that SIRHAN SIRHAN along with one other brother SAID SIRHAN, were quite unhappy living in the United States. He thinks that both brothers were unable to adjust to the social and political atmosphere in the United States.

When he knew SIRHAN SIRHAN he did not think that he was capable of any major crime since school seemed to be foremost in his mind and not politics as such, which he did not seem too interested in.

He would consider SIRHAN SIRHAN to be easily influenced, however, for any Arab Nationalist cause since he had some intense feelings against the Israelis.

He does not know who SIRHAN SIRHAN's associates were. However, he considers that he was more forward than most Arabian students with respect to meeting female companions since he would often talk to them in the student lounge at Pasadena City College.

He does not know of any other interests which SIRHAN SIRHAN had, and he was surprised to read in the newspapers that SIRHAN SIRHAN seems to have an interest in philosophy. He stated that he must have greatly changed since he knew him three years ago, for at that time he considered SIRHAN SIRHAN to be just an ordinary young man.

She has lived at the above residence since December, 1966 but was not acquainted with SIRHAN SIRHAN other than to say hello if they met on the street. She believes SIRHAN SIRHAN resided at _____ with two brothers and his mother, names unknown.

She never saw SIRHAN SIRHAN with anybody other than a member of his family, and she did not know any neighbors, friends or acquaintances who ever visited SIRHAN. She described the collectors as those who come by every Wednesday.

_____ advised she never had any difficulty with SIRHAN SIRHAN or any member of his family. She added, however, that one afternoon approximately ten days ago, she heard what she now feels might have been a pistol shot resound through the neighborhood. viewed a photograph of SIRHAN BISHARA
SIRHAN,

second youngest son of Mrs. MARY SIRHAN. She stated that
this son lived with his mother at ----- but that
she recalled for a long period of time prior to the death
of his sister, he was not seen around the house. She
commented to Mrs. SIRHAN concerning this and Mrs. SIRHAN
merely said that this boy had "acquired the ways of American

this boy had actually moved out of the house.

continued that she is quite certain
that SIRHAN SIRHAN has been living at home in recent months.
He has an old pink DeSoto automobile which for many months

She knows of no friends of SIRHAN SIRHAN and added that she does not recall ever seeing any young people visit the home, although occasionally, she did see older persons visiting at the home. She never saw SIRHAN SIRHAN in the company of any persons his own age, male or female.

----- stated that she did not know where SIRHAN SIRHAN worked and frequently used to wonder whether he had a job because she saw him so much during the daytime. On several occasions in the not too distant past, she recalled seeing SIRHAN SIRHAN running up the street as if he were late for work. She heard recently that he worked for a health food store on Lake Street in Pasadena.

Prior to the assassination of Senator ROBERT F. KENNEDY, she never heard the neighbors discuss SIRHAN SIRHAN or any other member of the SIRHAN family. All of the neighbors considered the SIRHAN family to be normal people who never did "anything out of the way". However, since the assassination,

----- told her that all of the children in the neighborhood were afraid of SIRHAN SIRHAN. She stated that she does not know why would say this and, as far as she was concerned, it is not true as children frequently played outside when SIRHAN SIRHAN was working in his yard.

stated that she recalls that on several occasions, SIRHAN SIRHAN had discussions at length with a Negro male, who had a beard and who was the regular trash collector on East Howard Street. She last saw SIRHAN SIRHAN talking with this Negro approximately three weeks ago. She stated that the trash is picked up on Wednesdays between 10:00 and 11:30 AM.

She stated that she first heard what she thought to be gunshots sometime around December of 1967 and the last time sometime either in February or March of 1968. She stated that the shots appeared to be coming from an area in the vicinity of SIRHAN's residence

and were only three or four shots in number. said that she recalls thinking that somebody was just target shooting in the area. She stated that she did not give it much thought because not too long ago several young children in the area were shooting B-B guns and she thought that this may possibly have been the children.

She advised that they were a very quiet reserved family, who kept to themselves and did not socialize with their neighbors. She advised that they were extremely quiet about their own family affairs almost to the extent she felt they were ashamed of something. She stated she only knew SIRHAN SIRHAN to say hello to and he impressed her as a quiet polite person. She stated that about two years ago SIRHAN's brother SHARIF had given some expensive gifts to his girl friend but she continued to date other fellows. Apparently this upset SHARIF quite a bit because she learned reading a newspaper account of how he placed a bomb in this girl friend's car. As she recalled it, SHARIF was caught while he was doing this and the girl was not injured. However, she stated that several times after this incident she saw him back on the street and she did not know how this incident came out. She further stated that this family was so quiet that when SIRHAN's sister died about one year ago they did not even know she was married until they read it in the newspaper. She stated they impressed her as being mysterious people.

She further stated that possibly one or two years ago them had told her that MARY SIRHAN had informed that she was worried about her son, SIRHAN, because he was becoming too communistic. Mrs. MARY SIRHAN, nee Yacoub Muzher, born January 3, 1913, in Jerusalem, Palestine, was contacted at

Mrs. SIRHAN was advised of the identities of the interviewing Agents, and she was told that the purpose of the interview was to obtain certain background information concerning herself and members of her family for use in the investigation of the assassination of late Senator ROBERT F. KENNEDY.

Mrs. SIRHAN was advised of her rights, which she orally waived after discussions with her sons SHARIF BISHARA SIRHAN, ADEL BISHARA SIRHAN, MUNIR BISHARA SIRHAN, and SAIDALLAH BISHARA SIRHAN.

Mrs. SIRHAN advised that she does not write in the English language except to sign her name. When something needs to be written in English, she has her sons write it, and she signs it.

Mrs. SIRHAN and her son, SHARIF BISHARA SIRHAN, discussed their knowledge of the assassination of King ABDULLAH of Jordan, the grandfather of King HUSSEIN. This occurred in probably the early 1950's. Their knowledge of the incident is based entirely on their recollection of news accounts of the incident at the time. It is their recollection that a man named MUSTAFA ESHOC (phonetic) shot the king as he knelt in prayer. They recall that probably the killer then turned the gun on himself and killed himself. The killer was in no way related to, connected

-352-

with or known to any member of the SIRHAN family. The killer was a Mohammedan or Moslem, not a Christian as are the SIRHANS.

Mrs. SIRHAN added that she heard a news story today alleging that a brother of her son SIRHAN SIRHAN had been arrested as an Israeli spy. She noted this was absurd in that she has only five sons, SIRHAN, ADEL, MUNIR, SHARIF, and SAIDALLAH, and they are all in the United States. She has no other sons.

SIRHAN furnished specimens of his handwriting and handprinting on a specimen card (both sides).

SIRHAN stated that he has not talked to his brother SIRHAN BISHARA SIRHAN in approximately three months. He noted that approximately three months ago he borrowed a car and took the car to his residence, where he asked his brother SIRHAN BISHARA SIRHAN to drive him to El Sereno in this car. SIRHAN inquired as to whether or not there was any insurance on the car, and it was determined that there was no insurance on the car, and his brother SIRHAN refused to drive the vehicle. This resulted in a fist fight between MUNIR and his brother SIRHAN.

MUNIR SIRHAN related that his brother was very conscientious in connection with operating motor vehicles. He recalled that about a year ago SIRHAN SIRHAN was cited for having a number of mechanical defects in his car and after having the defects corrected, SIRHAN SIRHAN would not drive the vehicle until after the vehicle was completely checked, and he was able to obtain a certification that there were no defects in the car.

-354-

Mr. SIRHAN has played pool with his brother, SIRHAN SIRHAN on infrequent occasions in 1967 and early 1968. He has also played pool occasionally when he was not with his brother. When he was with his brother they played at a pool hall across Colorado Boulevard from Pasadena City College (PCC), at a pool hall between PCC and Van de Kamp's restaurant on Colorado Boulevard, and at a pool hall at the corner of Lake and Colorado, all in Pasadena.

Date 6/10/68

New York, made available to SA _____ New York City,
a magnetic tape recording made during an interview of SANDRA _____ at Los Angeles,
SERRANO by News Commentator _____ at the Ambassador
Hotel, Los Angeles, at approximately 1:30 A.M., June 5, 1968,
shortly after the shooting of Senator ROBERT FRANCIS KENNEDY.

This interview is as follows: CALIF CHID

~~SERRANO~~ Miss SERRANO, ah, just take your time, I'll hold the
mike in front of you, and just tell me everything
starting from when you first saw the Senator come in
the room, and what happened.

SERRANO Well, he...he...everybody was in the main room, you
know, listening to him speak, and it was too hot, so
I went outside, and I was out on the terrace, and I
was out there for about five, ten minutes, you know.
I start to get cold, and then, you know, and everybody
was cheering and everything and then I was standing
there just thinking, you know, thinking about how
many people there were, and how wonderful it was. Then
this girl came running down the stairs in the back,
came running down the stairs and said "We've shot him,
we've shot him". "Who did you shoot?" And she said
"We've shot Senator KENNEDY!". And aft....she had....
I can remember what she had on and everything, and
after that, a boy came down with her, he was about
23 years old, and he was Mexican-American, because I
can remember that, because I'm Mexican-American, and
I says "What's happening?" And all of a sudden all
these people start coming down that back end, and I
walked in, and I was by the bar area, and nobody seemed
to know anything about it, and I thought, well, you
know, maybe I misunderstood or something.

Wait a minute, did this young lady say "We"?

SERRANO "We", she said.

Meaning "We", the Mexican-American?

SERRANO No, she was not of Mexican-American descent. She was not. She was Caucasian. She had on a white dress with polka dots, she was light skinned, dark hair, she had black shoes on, and she has a funny nose, it was...it was... I thought it was really funny, all my friends tell me I'm so observant. So I walked right back in and I.... I thought to myself.... if something happened, somebody should know about it, so I walked in and I said... "Who was shot?" And nobody.... "Nobody was shot, nobody was shot!" And I said "Oh, all right!" And I waited a while and then I walked to a telephone, and I called my parents long distance to Ohio, and I woke my parents up and I told them, KENNEDY was shot, and my parents, you know, have been following me with the campaign, so I was in the telephone booth, and then I saw, just masses of people seem to run by the telephone, and I hung up. I told my parents I had to hang up. Hung up, I went back into the main room, and I asked who was shot. And it must have been ten minutes, ten minutes before anybody on that grounds floor seem to have known anything, and I said "Who was shot?" And then I...this MARGE JAY was on...on the speaker...on the speaker, and she was saying, you know, "Somebody has been seriously injured!" Ah.... "Everybody, please clear the way, go to the television set. So I was standing by the television set....set... and ... I was just standing there listening to everything that happened, and I couldn't believe it, and then....so I went in to make sure, so I asked "Who was shot? Was it him?" They says "Yes, it was!" So I went back to the telephone booth, tried to get my parents but the lines were all tied up, I couldn't get through.

Did you work for Sen....did you work for Senator KENNEDY?

SERRANO I'm Co-Chairman of Youth for KENNEDY in the Pasadena-Altadena area. I worked very hard for him and everybody in the Pasadena area worked very very hard for him. 1965, I met him, Washington, D.C., in an elevator, he stepped on my foot, and I shoved him, and it's an unforgettable experience. At the S.R.O. he gave me the speech that he'd made that night. I have the very speech he made that night.

You didn't get close to where he was carried out or where he was shot?

SERRANO No, I wasn't, no I wasn't.

Thank you very much.

SANDRA SERRANO reviewed colored film coverage made by NBC News at the Ambassador Hotel prior to and after Senator ROBERT F. KENNEDY was shot, June 5, 1968. This review was made at the NBC Studio, Hollywood, California, and the projector was operated by NBC News, New York City.

After reviewing the film, SERRANO stated she observed no one in the film who resembled the woman wearing a polka dot dress or the man wearing a yellow or gold sweater, she saw go up or down the outside fire escape stairway located outside the southwest door of the Embassy Room, Ambassador Hotel. SERRANO was asked to describe color of clothing SIRHAN was wearing in the film she had just watched. She said he was wearing medium blue pants, white shirt and dark colored jacket or sweat shirt. She was then asked if she still believed SIRHAN was wearing light colored clothes at the time she claimed to have seen him in the fire escape stairs. She said, "They looked like light colored clothes to me."

advised she is the mother of SANDRA SERRANO. She stated the her daughter telephonically contacts her from California quite frequently. Mrs. SERRANO stated that on June 4, 1968, at approximately 6:00 PM, Eastern Daylight Time (EDT) her daughter called to congratulate her brother, upon his graduation from

At approximately 10:30 PM (EDT) on the same date her daughter again called her from California stating she was at ROBERT KENNEDY's campaign headquarters and that he was going to win the California primary election. Mrs. SERRANO stated she questioned her daughter about calling her so often and her daughter stated that she had received permission as all the volunteer workers were allowed to make telephone calls as they reportedly were being only charged a "flat rate" for the use of the telephones in the campaign headquarters.

Mrs. SERRANO stated that at approximately 3:30 AM (EDT) on June 5, 1968, she received a collect telephone call from her daughter in Los Angeles. As soon as her daughter was connected with Mrs. SERRANO she was obviously in a very hysterical state and made some mention that it had cost her \$3.00 to get the telephone from where she was calling but did not elaborate further concerning this. SANDRA then told Mrs. SERRANO that ROBERT KENNEDY had been shot and when Mrs. SERRANO said "What?", SANDRA repeated this statement. When Mrs. SERRANO asked SANDRA if ROBERT KENNEDY was dead, she replied that she did not know but remarked he had been shot after making his speech. Mrs. SERRANO stated that throughout the telephone conversation SANDRA was crying and was hysterical and difficult to understand. She stated that during this telephone conversation she was unable to recall SANDRA mentioning anything about observing any person or activity in connection with the shooting. SANDRA just kept repeating, "why would they do anything like this, he was such a good man?" In addition, SANDRA asked to speak with her father but when Mrs. SERRANO asked him if he desired to speak with SANDRA he declined, stating he was too upset to talk to her at that time.

Mrs. SERRANO advised that at approximately 8:00 AM on June 5, 1968, SANDRA again telephonically contacted her and at this time stated she had been on the terrace of the Ambassador Hotel prior to ROBERT KENNEDY's speech and had observed two men who she described only as Mexican-Americans, accompanied by a girl who she described as white. SANDRA stated that after the shooting she observed one of these men and the same girl running from the hotel area. She did not elaborate any further nor did she further describe any of these individuals.

Mrs. SERRANO stated she could recall no further details of her telephone conversations with her daughter. She explained that due to all the excitement surrounding the shooting of ROBERT KENNEDY and her concern for her daughter it would be impossible for her to remember every detail and she did not take notes of any of the conversations inasmuch as she did not think it was important at the time.

advised he is the father of SANDRA SERRANO. He stated SANDRA called home at least twice on June 4, 1968, and again at approximately 3:30 AM on June 5, 1968. He stated he did not talk with his daughter during any of these calls although she did ask to speak with him when she called at approximately 3:30 AM on June 5, 1968. He stated that inasmuch as his wife, told him during the course of this telephone conversation that ROBERT KENNEDY had been shot, he did not feel emotionally able to speak with his daughter at this time.

Mr. SERRANO stated inasmuch as he did not converse with his daughter, SANDRA, during any of the telephone calls, he could not state what the exact conversation was during these calls. He advised that his wife talked with SANDRA on the occasion of each call and she would be able to advise as to the extent and topic of the conversations during the calls.

Mr. SERRANO stated his daughter, SANDRA, is a very fine young lady who does not drink or smoke and has very high morals and character. He stated she is a very level-headed young lady who is both emotionally and mentally mature.

advised that he was in the area of the Los Angeles Ambassador Hotel on the night of June 4, 1963, when he heard a news bulletin on his car radio that Senator ROBERT KENNEDY had been shot. He stated that he arrived approximately 15 minutes after the shooting. Upon entering the main entrance of the hotel, a girl (SANDY SERRANO) came running up to him very excited and asked him to help her as she had to inform the proper authorities of a confrontation she had just had with a couple in the hallway of the hotel. advised that he told the girl that he would help her. He quieted her and asked what had happened. She replied that she was walking down the hall of the hotel when a man and woman approached from the opposite direction. Both were walking and the girl stated "We just shot him". SERRANO then inquired what the girl meant by this and the girl stated "We just shot Senator KENNEDY". at this time asked SERRANO if the girl possibly could have said "They just shot him". SERRANO advised that she distinctly remembers that the girl used the pronoun we and mentioned the name Senator KENNEDY.

stated that SERRANO told him that she could identify both persons and furnished him with the following descriptions:

The girl was a white Caucasian, 22 to 23 years of age, 5'5", and wore a long sleeve white dress with black polka dots and bib collar. She possessed a very shapely figure. The man was about 23 years old, Mexican-American, had black hair, and wore a gold sweater.

added that he then took SERRANO into the building to the scene of the shooting where he turned her over to the investigating officers as a witness. He further added that SERRANO did have one girl friend accompanying her but could not recall if she was present when SERRANO told him of her confrontation with the couple in the hallway.

DAVID KAL HAINES.

furnished the following information:

He is nineteen years old and a student at Pasadena City College, Pasadena, California. Since the end of April 1968, he was a volunteer worker at the Pasadena Headquarters of the Youth for KENNEDY Club. On Tuesday, June 4, 1968, he was busy at the Youth for KENNEDY Headquarters in Pasadena until approximately 9:00 p.m. At that time, he and a fellow worker, RAY (last name unknown), decided to go to the Ambassador Hotel in Los Angeles to await the election returns. They went in RAY's automobile, arriving at the Ambassador at approximately 9:45 p.m. They joined the throng that had gathered in the lower level ballroom where television sets were placed to follow the returns.

He met several of his fellow workers from Pasadena and recalls meeting SANDRA SERRANO, who was in charge of the Pasadena Youth for KENNEDY Club, sometime between 10:00 p.m. and 11:00 p.m. SERRANO was in a group standing near a bar set up in the foyer area at the entrance of the ballroom. As she was obviously underage, he ordered her a screwdriver drink from the bar and chatted with her for awhile. To his knowledge, that was the only drink she had that evening.

He rejoined the crowd in the ballroom and was at that location when the news that Senator KENNEDY had been shot was received. He watched the proceedings on television in the ballroom for some time and then started to move through the crowd in the ballroom looking for his friends. He came across his fellow worker, RAY, who had taken him to the Ambassador, who was in a complete state of collapse at the news and was lying on the floor. He and a girl, name unknown, who had met RAY at the ballroom, gave assistance to RAY and he remained with them until RAY was sufficiently recovered, that he could leave RAY in the girl's care. He then lent assistance to an unidentified elderly lady who asked him to take her to her automobile parked on a side street

in the vicinity of the hotel, which he did. Upon returning to the hotel, he again met SANDRA SERRANO, who was with another Pasadena worker IRENE CHAVEZ. They met in the vicinity of the shop area or arcade of the lower level. He estimates that this was at least one hour after he first heard of the shooting.

SERRANO was extremely upset, crying, and distraught. He recalls her saying "Oh, DAVID, you don't know what I have seen" and "What should I do". She also said other things which he cannot now recall, but as he was also upset and trying to get back in the ballroom to where he had left RAY, he attached no significance to what SERRANO had said. He believed it only related to the fact that Senator KENNEDY had been shot. He then returned to the ballroom, searched for his friends, and had no further contact or conversation with SERRANO.

While he was at the Ambassador Hotel, both prior to and after the shooting, he did not see anyone resembling the photographs or general description of suspect, SIRHAN SIRHAN, nor could he recall seeing any women in a white dress with black polka dots.

He has known SANDRA SERRANO since April 1968, and she was in charge of the Pasadena Office of the Youth for KENNEDY Club. He considers her to be a reliable, level headed and a responsible person.

GREGORY BION ABBOTT, furnished the following information:

He is nineteen years old and has just completed his Sophomore year at Yale University. At present, he is employed as

Upon arriving home from Yale, he volunteered his services to the Youth for KENNEDY Club in Pasadena and worked there on Monday June 3, 1968, until 9:00 p.m. and on Tuesday, June 4, 1968, the day of the California primary.

On June 4, 1968, at about 8:15 p.m., he and some of his fellow-workers decided to go to the Ambassador Hotel in Los Angeles to await the election returns. He went to the Ambassador with SANDY SERRANO, IRENE CHAVEZ, GEORGE FREDERICKS and a MIKE (last name unknown) in FREDERICKS' auto.

They arrived at the Ambassador Hotel at approximately 9:00 p.m. and joined the crowd which had gathered in the ballroom on the lower level of the hotel to watch the election returns on television sets which had been set up there. The group split up and went their separate ways after agreeing to get together later on in the evening for the ride home.

ABBOTT stated that he spent most of the evening in the ballroom with DINAH CHURCHILL, whom he met at the gathering. He recalls seeing SANDRA SERRANO at least once, in the crowd, prior to the news of the shooting.

-522-

He was in the lower level ballroom when he first heard the news that Senator KENNEDY had been shot. This is directly below the ballroom where Senator KENNEDY made his victory speech. He believes that approximately twenty minutes later he left the ballroom, with DINAH CHURCHILL, and was in the long corridor leading to the entrance of the lower level ballroom, when he again met SERRANO. She was alone, sobbing hysterically and talking incoherently. He took her into his arms and attempted to comfort her. He cannot recall anything in particular that SERRANO said, at that time, but his impression was that it simply dealt with the horrible fact that Senator KENNEDY had been shot.

As his companion, DINAH CHURCHILL, was also visibly upset and standing alone down the corridor, he excused himself and took DINAH out of the hotel.

He was, thereafter, in and out of the hotel several times searching for SANDRA and IRENE CHAVEZ in order to take them home, but saw neither one. He assumed they had obtained other rides and left the hotel at approximately 2:30 a.m. to return to Pasadena.

During the period he was at the Ambassador Hotel, both prior to and after the shooting, he did not see anyone resembling the photograph or description of suspect SIRHAN SIRHAN, nor could he recall seeing any women in a white dress with black polka dots.

He first met SANDRA SERRANO on June 3, 1968, at the Youth for KENNEDY Headquarters in Pasadena where she was in charge. He had an opportunity to talk to her extensively on both June 3 and June 4, 1968 and considers her to be a reliable and responsible person.

VINCENT DI PIERRO was interviewed at the Ambassador Hotel just prior to his viewing seven white dresses with black polka dots in an effort to pick out a dress similar to the one worn by the woman he previously described as being in the kitchen area of the Embassy Room, Ambassador Hotel, just before Senator KENNEDY was shot.

DE PIERRO recalled talking to SANDRA SERRANO about a woman wearing a white dress with black polka dots while they were sitting together waiting to be interviewed by the police after the shooting. They did not describe the dress to each other, except to mention the fact that it was a white dress with black polka dots.

DE PIERRO said no details about the person wearing this dress were discussed since a police officer saw them talking and warned them not to discuss the case.

SANDRA SERRANO was shown the location in the kitchen area of the Embassy Ballroom, Ambassador Hotel, by SA _____ and Deputy District Attorneys JOHN HOWARD and DAN JOHNSON. She was shown the stage area where Senator KENNEDY gave his speech and the route to the kitchen area from the stage area was explained to her by SA SERRANO was advised by SA _____ that approximately 1100 people, plus numerous pieces of television equipment, were reportedly in the Embassy Room at the time of the speech. She was told the maximum occupancy of the room was listed as 750, which is a good indication of the crowded conditions. SERRANO was then walked across the Embassy Ballroom at the southwest corner, through the fire exit doors and onto the outside fire escape stairs she claimed to have been sitting on at the time Senator KENNEDY was shot. It was suggested to her this distance is approximately 170 feet. SERRANO was reminded that during previous interviews she indicated she had been on these steps when she heard what she thought to be six backfires. She had also indicated that approximately thirty seconds after hearing the backfires, she claimed she saw a woman wearing a white dress with black polka dots, running down the steps past her. The woman said, "We shot him. We shot him." SERRANO asked, "Who?" and the woman said, "Senator KENNEDY". SERRANO had previously stated that approximately 25 minutes before hearing what she thought was backfires, this same woman and man, plus another man, walked up the stairs past her. She said after seeing the photograph of SIRHAN SIRHAN in the paper, she was certain the man walking up the stairs, who did not return down the stairs, was identical to SIRHAN.

SERRANO was asked by SA _____ that after seeing the location of the shooting, in relation to where she was sitting on the steps if she still felt she had heard the shots. SERRANO said she had never heard a gunshot in her life and never claimed she had heard gunshots, but had described what she heard as six backfires, four or five of which were close together.

- 540 -

SERRANO was told by SA [redacted] that her parents in Ohio had been interviewed and her mother stated that she, SANDRA, had not mentioned the fact she had seen someone she, SANDRA, felt was connected with the shooting. SERRANO explained she has always had difficulty communicating with her mother and was not able to talk to her to explain anything. She said she wanted to talk to her father, but her father would not talk to her, since her father was apparently too upset about hearing that Senator KENNEDY had been shot.

SERRANO was asked by SA [redacted], why, in her interview on television, following the shooting, she had not said anything about seeing this woman and the two men go up the stairs, but only told about the woman and man coming back down. It was pointed out to her the fact she claimed one of the men going up the stairs was SIRHAN SIRHAN was the most significant part of the incident described by her. SERRANO stated she could not explain why and accused those present of lying to her and trying to trick her. SA [redacted] then asked SERRANO at what point she felt she was lied to, or tricked, and she said that SA [redacted] had once referred to the polka dot dress as a black polka dot dress, rather than a white dress with black polka dots.

Deputy District Attorney JOHN HOWARD then asked SERRANO if she would take a polygraph examination in an effort to verify what she had seen. She indicated she would take a polygraph and she then was asked by HOWARD to reenact the incident on the steps so it might be video taped to avoid any misunderstanding on anyone's part as to what she claims to have seen. SERRANO agreed, but prior to making the video tape she insisted in having someone present not connected with the investigation.

Several Ambassador Hotel employees were arranged for by HOWARD to act as witnesses and all but two employees from the hotel kitchen were rejected by SERRANO, who gave no reason for her rejection.

Following the video tape interview, SERRANO stated she was very upset, could not continue, and requested to be taken home.

On June 12, 1968, JOHN EDGAR HOWARD, Deputy District Attorney, Los Angeles County District Attorney's Office, advised as follows:

Los Angeles County Superior Court Judge ARTHUR L. ALARCON requested attorney A. L. WIRIN, associated with the American Civil Liberties Union in Los Angeles, to consult with SIRHAN BISHARA SIRHAN. This request was made in open court by Judge ALARCON, at which time Judge ALARCON pointed out he desired WIRIN to consult with SIRHAN to insure that all of SIRHAN's constitutional rights would be fully protected.

WIRIN, after consulting with SIRHAN, has issued public statements indicating it was his desire that the California Bar Association appoint a criminal attorney to represent SIRHAN, subject to SIRHAN's personal approval.

STEVEN SMITH, Southern California Coordinator for the KENNEDY Campaign, made available through a clerk, LUCY SALINGER, copies of proposed itineraries to be utilized by the Senator and his party in their West Coast Campaign.

These itineraries cover the dates of March 23 through March 25, 1968, April 18 and 19, 1968, May 6, 7, 15, 16, 20, 21, 22, 24, 28, 29, 30, and 31, 1968; and June 2, 3, and 4, 1968.

SMITH advised these schedules normally would have been prepared by the "Advance Men," JERRY BRUNO or JOE DOLAN. BRUNO would have been more concerned with the travel during the latter part of May 1968, while DOLAN was more active in the earlier dates and, he believed, particularly in the Oregon travel.

SMITH stated further that these itineraries were subject to change and that more specific information should be available through the KENNEDY Headquarters in Washington, D. C., as to any alterations that may have occurred in the original schedule.

DETAILS:

PROSECUTIVE ACTION CONCERNING
SIRHAN BISHARA SIRHAN

On February 4, 1969, trial of SIRHAN BISHARA SIRHAN was resumed at Los Angeles County Superior Court. Court proceedings consisted of efforts on the part of the defense to support the motion for dismissal of the Grand Jury indictment concerning SIRHAN. SIRHAN and his mother MARY SIRHAN, both testified concerning their economic status. Judge HERBERT B. WALKER denied the defense motion.

On February 5, 1969, efforts were made by both the prosecution and the defense to select alternate jurors to serve for this trial.

The twelve jurors previously selected were sworn in but will not be sequestered until the six alternate jurors are selected.

On February 11, 1969, selection of all jurors was completed and further proceedings were continued until February 13, 1969.

Defense Attorney, GRANT B. COOPER, on February 13, 1969, made a motion for a mistrial in this matter based on recent articles appearing in the local press that SIRHAN might be considering a change of plea to guilty. All members of the jury including the six alternate members were individually examined in the Judge's chambers relative to the effect that this publicity might have had on them. Following the examination of the jurors, Judge WALKER denied the motion for a mistrial.

Los Angeles County Deputy District Attorney, DAVID FITTS then made the opening statements to the court on behalf of the prosecution attorneys.

Defense Attorney, EMILE ZOLA BERMAN presented the opening arguments for the defense on February 14, 1969, and the first four witnesses to appear in this case testified. These included employees of the Ambassador who were employed on the night that Senator ROBERT F. KENNEDY was shot.

The defense attorney at the beginning of the court session on February 20, 1969, again moved for a mistrial based on local press accounts that SIRHAN was willing to plead guilty to a first degree murder charge if he could be assured of a sentence of life imprisonment rather than death. These proceedings took place in the Judge's chambers but apparently the story leaked to the local press and at the afternoon recess, Judge WALKER made available copies of transcripts concerning proceedings in chambers on that morning so that all press representatives would have the same information.

During the court session on February 25, 1969, the prosecution moved to admit as evidence in this trial the diary and other papers of SIRHAN that were obtained in a search of SIRHAN's residence on June 5, 1968. The defense objected to the admission into evidence of these papers and Judge WALKER overruled their objection and permitted their entry. Just prior to the noon recess, SIRHAN stood up in court and stated "your Honor, it is not admitted into evidence yet". SIRHAN's outburst was related to testimony then being given by LAURENCE SLOAN, Examiner of questioned documents for the Los Angeles County District Attorney's Office.

On February 26, 1969, the prosecution rested the case and the jury was given copies of SIRHAN's notebooks which had been admitted into evidence. Court proceedings were continued until February 28, 1969.

The defense opened it's case at the court session on February 28, 1969 and during the afternoon session while a witness from the Pasadena School system was testifying concerning the academic record of SIRHAN, SIRHAN stood up in court and addressed the Judge. His attorney seated him, requested permission to approach the bench and the jury was excused. SIRHAN requested permission to speak and indicated a desire to change his plea to guilty to murder in the first degree. SIRHAN also requested to be executed and to disassociate himself from his present staff of defense attorneys. In response to a question from the Judge, SIRHAN indicated that he had willfully killed Senator ROBERT F. KENNEDY after 20 years of premeditated malice and forethought.

SIRHAN insisted that he be allowed to represent himself and the Judge declared him incompetent to defend himself. The Judge ruled that the trial would continue and he admonished SIRHAN that if there were further outbursts of this nature, he would be physically restrained in the court.

When court reconvened, defense Attorney GRANT COOPER, speaking for himself and the other defense counsels, made a motion that all defense attorneys be disassociated from the case due to differences of opinion between themselves, and SIRHAN as to the proper conduct of the trial. This motion was denied by the Judge and trial was ordered to proceed.

During the court session on March 6, 1969, while SIRHAN was testifying as a witness, the defense attorney, after conference with the prosecution and the Judge, read the entire transcript to the court, including the jury of the events that occurred during SIRHAN's outbursts in the court session on February 28, 1969. SIRHAN was then excused as a witness.

Judge WALKER at the opening of the court session of March 7, 1969, advised the jury that in determining the guilt or innocence of SIRHAN to disregard the testimony given on March 6, 1969 regarding the statements made by SIRHAN at the court session on February 28, 1969, while the jury was absent. Prosecution Attorney, DAVID FITTS made a statement to the court that he considered the Judge's instructions in error and felt that the jury should be able to consider the statements in anyway that they wished. The Judge concurred with the prosecution, and defense continued with the presentation of defense witnesses.

During the court session of March 28, 1969, it was announced that one of the regular jurors had been taken ill during the night and an alternate juror was selected to replace the regular juror.

On April 8, 1969, both the defense and prosecution attorneys rested their case. Closing arguments were made at the court session following April 8, 1969 and on April 14, 1969, Judge WALKER read the instructions to the jury and the case was sent to the jury for deliberation at 3:00 p.m. on this date.

On April 17, 1969, the jury returned a verdict in this case finding SIRHAN guilty of murder in the first degree on count one of the indictment. On the remainder of the five counts, SIRHAN was found guilty of assault with a dangerous weapon with intent to commit murder. The penalty trial to determine the possibility of the death sentence was scheduled to begin on April 21, 1969.

On April 23, 1969, the jury in the trial of SIRHAN BISHARA SIRHAN, returned a verdict of death for SIRHAN. Further hearings in this matter were continued until May 21, 1969.

On May 21, 1969, defense Attorney GRANT COOPER, presented arguments for a motion for a new trial for SIRHAN BISHARA SIRHAN. The motion for a new trial was based on 13 points of alleged court errors in the trial of SIRHAN. The motion for the new trial was denied by Judge WALKER on all 13 points which had been specified by the defense.

ABRAHAM LINCOLN WIRIN and FRED OKRAND of the American Civil Liberties Union joined defense attorney's argument for a hearing on the constitutionality of the death penalty. The request for this hearing was denied by the Judge.

Prior to the arguments concerning a motion for a new trial, Los Angeles District Attorney EVELLE J. YOUNGER, presented a letter he had received from Senator EDWARD KENNEDY requesting clemency for SIRHAN.

After the motion for a new trial was denied, Judge WALKER formally sentenced SIRHAN to death and ordered him remanded to San Quentin Prison within ten days. The Judge pronounced that the findings of the jury were correct in this

case. SIRHAN was also sentenced to the term prescribed by law on each of the five counts of assault with a dangerous weapon with intent to commit murder in connection with the five individuals who were wounded at the Ambassador Hotel on the night that Senator KENNEDY was shot..

On May 3, 1969, an article appeared in the "Los Angeles Times" which advised that GEORGE E. SHIBLEY, a Long Beach Attorney, announced that he would be joined by LUKE MC KISSACK, a Hollywood Attorney, and ABDEEN JABARA of Detroit, Michigan in assuming responsibility for SHIRHAN's appeals.

The article stated that the three attorneys who represented SIRHAN in his trial would serve in the capacity of "counsels" to the three new attorneys. SHIBLEY indicated in this article that the change was made at the request of the SIRHAN family as they wished to have a defense team of attorneys with a background of Palestinian affairs. The article stated that SHIBLEY and JABARA are of Lebanese ancestry, although both were born in the United States.

JABARA was present in Los Angeles during the trial of SIRHAN.

SIRHAN was known to him and to all the other workers as SOL, however, his true name, SIRHAN, appeared on his pay check.

SIRHAN had been employed for about a year when referred him to . However, approximately two months later SIRHAN returned to the Del Rio Farms and stated that . had told him he was not ready to become a jockey. SIRHAN worked for approximately a month after returning to the ranch and then quit after he was unable to obtain a raise or shorter hours. This was approximately one year before heard that he had been arrested for shooting Senator ROBERT F. KENNEDY.

SIRHAN had advised that he had studied to be an ambassador for his old country noting that SIRHAN was an immigrant to the United States. feels that SIRHAN would have been well suited for this type occupation as he was exceedingly polite and appeared well educated.

He described SIRHAN as being a "loner" who had few friends and who used to go without meals in order to save his pay check. SIRHAN was very meek and had no "nerve." SIRHAN was generally afraid of horses and lacked the nerve to become a jockey.

SIRHAN was very much shaken by the accident and was taken to the local hospital for treatment. The hospital found nothing wrong, however, and released him the next day. had an occasion to observe SIRHAN for some time following this accident and noted that his behavior was, apparently, no different from his behavior before the accident. SIRHAN did not complain of any ill effects following the accident to or to anyone else in knowledge.

 has no knowledge of SIRHAN's political views. He states that SIRHAN argued with two Hungarians that were employed at the ranch about politics and Communists, however, the discussion took place in a language not familiar to and he has no idea what the argument concerned. He could identify one of the Hungarians only as and states that could possibly be able to identify these two individuals.

Local press reports reflect that on June 25, 1969, SHARIF BISHARA SIRHAN was acquitted in Pasadena Municipal Court on the charge of creating a disturbance at St. Luke's Hospital, Pasadena, on March 28, 1969 when he went to the hospital to visit his brother, SAIDALLAH who had been injured in a traffic accident.

SHARIF plead "diminished mental capacity" in his trial which was the same defense utilized by SIRHAN BISHARA SIRHAN.

SHARIF testified that he had been under a doctor's care and had been taking pills and injections at the time of the accident. SHARIF's attorney was GEORGE E. SHIBLEY.

The Pasadena Star News under date of July 9, 1969, carried an article that reflected that a claim of an estimated \$100,000 for false arrest was filed against a Pasadena Police Lieutenant and the City of Pasadena, by SHARIF B. SIRHAN, brother of SIRHAN BISHARA SIRHAN.

SHARIF according to the article is claiming special damages for malicious assault and battery, personal injuries, false arrest and malicious prosecution.

The claim is the result of SHARIF being arrested in the Intensive Care Ward of St. Luke's Hospital where his brother, SAIDALLAH was confined. The claim was filed by SHARIF's attorney, GEORGE E. SHIBLEY of Long Beach, California, who defended him in the assault charge and who is a new addition to the appeal staff of SHARIF's brother, SIRHAN BISHARA SIRHAN.

RE: MUNIR BISHARA SIRHAN

The "Los Angeles Herald Examiner" on June 24, 1969, carried an article which reflected that the Board of Immigration Appeals has taken under advisement a move to deport MUNIR BISHARA SIRHAN, 21-year-old brother of SIRHAN BISHARA SIRHAN.

The article reflects that the United States Immigration Service had delayed action on the pending deportation to avoid any possible influence on the Los Angeles jury that convicted SIRHAN BISHARA SIRHAN of murder.

MUNIR, a native of Palestine and a citizen of Jordan, has been under deportation proceedings since he was convicted of possession of marijuana on October 13, 1966.

The original deportation order was made on grounds of MUNIR's felony conviction.

MUNIR, according to this article, was sentenced by a Los Angeles Superior Court to one year in jail and five years probation. His attorney, however, persuaded the court to vacate the sentence and to transfer it to a juvenile court. MUNIR was 19 when the incident occurred. The Appeals Board of the Department of Immigration advised that MUNIR's attorney would be asked to submit a written brief.

RE: DEFENSE TEAM OF
SIRHAN BISHARA SIRHAN
ABDEEN JABARA

Information was received from the Detroit Division that the "Detroit News" edition of January 16, 1969, page 23a contained an article about JABARA, entitled "Detroiter Helps Under Dog, and This Time Its Sirhan". The article states a Detroit lawyer who favors defending underdogs in liberal causes is a volunteer involved in the defense of SIRHAN BISHARA SIRHAN on trial in Los Angeles for his life for the killing of Senator ROBERT F. KENNEDY. This person is 30 years old and single and a partner in a law firm called Lafferty, Reosti and Jabara, 726 Pallisti, Detroit.

The article states JABARA was born in Michigan, of Lebanese parents and his mother still lives in Mancelona, Michigan.

The article states that JABARA speaks and writes Arabic and was reared as a Moslem even while attending the Methodist Church in Mancelona. He attended the University of Michigan and graduated from law school at Wayne State University and also studied at American University at Beirut, Lebanon. The article states that it is because of his familiarity with Arabic languages that he is involved in the SIRHAN trial.

The defense according to this clipping was receiving many letters from all over the world bearing on the case and many letters were in Arabic. JABARA is helping with the translations. JABARA is also helping to explain the California legal system to SIRHAN's parents during court sessions.

Plans called for JABARA to remain with the SIRHAN defense team until the first part of February when he is expected to return to Detroit.

JABARA, according to the article is involved in the local chapter of the American Civil Liberties Union. JABARA lives in Highland Park and has three brothers and three sisters.

Subsequent to the trial of SIRHAN BISHARA SIRHAN, ABEEN JABARA was named as one of three attorneys who were taking over the regular defense of SIRHAN BISHARA SIRHAN. This announcement was made on July 3, 1969 at a press conference at the Ambassador Hotel in Los Angeles, by Attorney GEORGE E. SHIBLEY. LUKE MC KISSACK of Hollywood, was announced as the third attorney in this group.

He and were together the major part of the evening.

Towards the end of KENNEDY's speech, moved over to the right corner of the platform to be close to the Senator when he left the stage. It had been generally believed by the KENNEDY people that Senator KENNEDY would come off stage and enter the crowd but a sudden change in plans occurred and the Senator did not enter the crowd but proceeded towards the passageway into the kitchen area. Senator KENNEDY was approximately 25 feet in front of at the time he was shot. stated that people began screaming, mass confusion set in, and he didn't hear the shots or see anything. admitted that at the time of the shooting, when he realized what had happened, he became hysterical, began crying and fell in the passageway bumping his head on a corner of a door. He received a slight cut over his left eye and a friend,

Some KENNEDY aides, being one in particular, inquired regarding injury and when it was found out he had simply a cut, he received medical attention and remained in the lobby area. Later on he saw the police bringing Sirhan out of the lobby. He stated he had never seen Sirhan before this. noted no unusual activity in the Ballroom area prior to the shooting incident and stated he had passed through the kitchen area of the Ambassador Hotel earlier that evening but noted nothing in particular.

Later on that same morning, stated he went to a room where an alleged KENNEDY aide who seemed to have more information on the shooting than anyone else there, was eating and drinking and making merry. He did not know the in-

dividual's name. The individual stated, "Senator Kennedy's aides did not know he was to proceed through the kitchen and that if they had known, they would have been in front of him." This individual further stated that the plans had been changed suddenly at the last minute, and that had he known plans, he could have been in front of KENNEDY. This individual further stated he was with KENNEDY when he was shot, he grabbed at the fellow with the gun, and helped

disarm the individual and later hit a cameraman who got in the way. stated this individual, who indicated he was a close KENNEDY aide, was well dressed and had an Eastern accent, from New York or Boston, and appeared to be very nervous. The big question in mind was if he was the KENNEDY aide, why was he there at the Ambassador Hotel with the low ratio on aides and organizers and workers and if he was not an aide, if he was a phony, what was his true identity. stated that he had no particular reason to think that this individual was involved in any sort of conspiracy, however, he was acting in a very aloof and unmessed manner in the situation when everyone else was hysterical and very saddened and this perplexed along with quite a few of the other KENNEDY workers.

He described this individual as being a white, male, age approximately 30 to 32, 6'2" tall, 195 pounds, medium build, black hair (straight and short), dark eyes, very well dressed, characteristics - stuttered and blushed very noticeably.

advised that during the campaign he had met another young man whom he knows only by the first name of and this young man was a bonafide friend and close associate of the KENNEDY family and had acted as a "front man" during the campaign. said that this young man would usually be in the party close to ETHEL KENNEDY.

According to , he assumes that this was the young man of whom was speaking as this young man whom he knew only as did have short black hair and was approximately 28 years of age, with a medium build; and this young man had black hair which was straight and short. said that the only difference he can tell in the description as given by and his own recollection is that this particular person was no more than six feet tall. advised that it was his recollection that this young man came from the East Coast, possibly from near Boston, and this young man did have a tendency to grope for his words but he did not actually stutter.

Continuing, advised that he has no memory of ever seeing this on the night of the assassination.

explained that he was following Senator KENNEDY inside the Ambassador Hotel from a distance of approximately 10 to 15 yards, with other reporters in the crowd. After leaving the embassy room, he was a short distance in the hallway leading to the kitchen when the commotion and confusion began over the shooting of Senator KENNEDY. He forced his way through the crowd into the kitchen area, and, saw Sirhan Bishara SIRHAN being subdued by several persons a short distance from Senator KENNEDY who laid, wounded, on the floor. During the commotion and confusion that existed while SIRHAN was being apprehended, he saw the assailant who still had the revolver in his hand and it was being pointed aimlessly at the crowd during the struggle. Momentarily, he became anxious to assist; however, the assailant was quickly disarmed and subdued by several persons.

readily admitted that he had made a tape recording which he produced without hesitation. He explained that the tape contained a recording of the commotion and reaction of the crowd, including interviews with different persons in attempts to obtain precise information on the assassination for assessment and actual reporting.

Apart from the above, maintained that he had no material of interest on record, taped or written. He had not witnessed the assassination of Senator KENNEDY because he was behind, in the crowd, as previously explained. tried to play the tape. Unfortunately, his recorder was not functioning properly and the recording could not be heard for comments. Nevertheless, his full cooperation was extended to the point that this tape can be heard when his recorder is repaired and that the tape can be duplicated, if necessary.

The presence of reporter at the Ambassador Hotel, Los Angeles, California, was no doubt arranged through proper channels of the press. His occupation and employment is his valid reason for being there at the time of the assassination. His presence was certainly well known at all times to all other reporters and no doubt by the Kennedy Committee. Considering that did not witness the assassination and his tape recorder is an aftermath of the tragedy, further action appears unwarranted here unless the F.B.I. would be interested in the tape available from this reporter for comparison purposes. Reporter could not recall seeing any suspect activities in the crowd and could not supply information of particular interest.

Photographs of SIRHAN SIRHAN and members of his family were exhibited to and she commented that she had confirmed her opinion that SIRHAN SIRHAN had been in the campaign headquarters standing near the door at about 2:00 PM on June 2, 1968.

It was also related by following examination of photographs of SHARIF BISHARA SIRHAN, taken by the Pasadena, California Police Department December 18, 1963, that this looked like a photograph of a young man she had seen around the campaign headquarters during the first few days of June 1968, but she could not make a specific identification.

After viewing the above photographs, [REDACTED] stated that he recognized the photograph of [REDACTED] as definitely being the individual who was doing voluntary work at the KENNEDY headquarters in Los Angeles. He stated that the only other photograph he recognized is that of [REDACTED], also known as [REDACTED]. He stated that the photographs of the sons of [REDACTED] are definitely not the individuals whom he believes to be SIRHAN. He said their features are somewhat similar, but in his own mind he still believes that it was SIRHAN who was with [REDACTED] on June 2, 1968.

It has previously been reported that various individuals traveling, particularly in the Middle East, alleged that they heard radio broadcasts concerning the assassination of Senator ROBERT F. KENNEDY prior to the time that the actual event occurred. Investigation was conducted in foreign countries in an attempt to substantiate these reports. Through the Department of State, information was received that the Press and Cultural Attache at the Embassy at Prague queried individuals working for the State Radio station in Prague. Station officials denied ever having transmitted a bulletin suggesting that Senator KENNEDY had been assassinated on May 15, 1968.

One Embassy Officer did report hearing a news-cast on approximately May 15, 1968, originating from Deutschland, "Funk". The station released the bulletin based on information received from a common news service. Several minutes later, a retraction was made, claiming the original report was not accurate reporting of an incident in which the Senator flinched from the glare of nearby flash bulbs. The possible report heard via broadcasting channels in Prague originating outside of "CSSA". The report reflects that the Embassy at Prague was unable to obtain further information on the origin of the report or facts which might shed additional information on the subject.

FEDERAL BUREAU OF INVESTIGATION

Date March 5, 1969

[redacted], La Mesa, California, personally appeared at the San Diego Office of the FBI on March 4, 1969, to furnish information relative to the current trial of SIRHAN SIRHAN at Los Angeles, California.

[redacted] stated that at about the time of the Arab-Israeli six-day war in 1967, while watching the Joe Pyne TV Show from Los Angeles, California, she observed a group of about five or six Arabs or Jordanians on this program who spoke about the Arab-Israeli war and, according to the recollection of [redacted], made some comment about the possibility of ROBERT KENNEDY being assassinated. [redacted] said she could not positively identify any of the participants on this show in connection with this interview, but believed one had a double name similar to SIRHAN SIRHAN and had the impression that this name when translated meant "wolf." Inasmuch as she could not give a specific date for this program, she indicated it was well appointed in her mind because another participant on this same program but speaking on a different subject was Mr. ARTHUR A. BUCKEL, with whom she is well acquainted due to Mr. BUCKEL's friendship with [redacted] brother.

[redacted] stated she did not remember specifically any comments made during the interview of the Arabs or Jordanians but did recall that there was general conversation about the conflict in the Middle East. She indicated this information may be of value if it could be used to prove that SIRHAN SIRHAN had, in fact, been one of the participants on the Joe Pyne TV Show and if the statement was actually made on that show that the life of ROBERT KENNEDY was in danger.

FEDERAL BUREAU OF INVESTIGATION

Date March 5, 1969

[REDACTED], San Diego, California, advised that during March, 1967, he and his wife were in the Los Angeles, California, area on business and pleasure. He stated that he was a participant on the Joe Pyne TV Show during this visit and remembered that he participated as a member of the audience when some unidentified individual made comments regarding the support all Negroes should give Senator ADAM CLAYTON POWELL, regardless of his moral or personal standards. [REDACTED] said he felt strongly that some of the statements made should be refuted and volunteered to participate in the rebuttal of statements made on the program.

[REDACTED] said he could not recall specifically other parts of the program but did remember that there were some young men believed to be either Arabs or Jordanians who made comments relative to the conflict, in the Middle East. He could not recall any specific mention being made regarding ROBERT KENNEDY but indicated that due to the period of time which has elapsed it was only natural that anything said might be forgotten.

[REDACTED] contacted his wife and after checking some personal records determined that this trip had occurred on the weekend of March 10-13, 1967, and indicated he had located a cancelled check dated March 13, 1967, with which he paid his hotel bill before returning to San Diego from Los Angeles. He said that to the best of his recollection he and his wife attended the JOE PYNE TV Show about 6:00 p.m. on Monday, March 13, 1967, following which they returned to San Diego. He stated the show was recorded at that time and he subsequently viewed this show at San Diego over the Los Angeles station on March 13, 1967.

[REDACTED] said he could not recall any of the program participants specifically and could not state whether or not SIRHAN SIRHAN was present at the broadcast.

[REDACTED]

Information was previously reported that [REDACTED], who was previously interviewed in connection with this investigation, reported that he had an employee by the name of [REDACTED] who resided at [REDACTED] Los Angeles, California.

[REDACTED] had advised that upon hearing of the assassination of Senator ROBERT F. KENNEDY in early June of 1968, he recalled that this employee, [REDACTED], on two occasions asked him whether or not he knew SIRHAN BISHARA SIRHAN. [REDACTED] also stated that shortly thereafter he heard [REDACTED] talking to someone on the telephone and mentioning the assassination.

[REDACTED] was interviewed and provided the following information:

[REDACTED] stated that he has no knowledge of SIRHAN SIRHAN or any of the facts concerning the assassination of Senator ROBERT F. KENNEDY other than what he has read in the papers or heard on the radio or TV. He further advised that he has no personal knowledge concerning any black nationalist or black nationalist activity.

Information has previously been reported that [REDACTED] California, had made a statement that he had pledged money which was to be utilized for a "contract" to kill Senator ROBERT F. KENNEDY in the event that KENNEDY was nominated for the Presidency of the United States.

was shown a statement of his rights which he read but declined to sign. He then furnished the following information:

He recalled making a statement about six weeks ago to the effect he had pledged two thousand dollars towards a total of 500 to 750 thousand dollars which was to be utilized to pay off a "contract" to kill Senator ROBERT KENNEDY in the event it appeared he could receive the Democratic nomination for the Presidency of the United States. He stated he had no factual basis for this statement or for saying that La Cosa Nostra was behind this "contract".

He added he was actually sorry he had uttered this. He described Senator KENNEDY as a brilliant young man, and added although he disagreed with Senator KENNEDY's policy in the Delano, California, area growers versus the Mexican farming laborers dispute and Senator KENNEDY's repeated endorsement of CESAR CHAVEZ, the head of the Mexican Farm Workers Association, he certainly had no desire to see Senator KENNEDY harmed.

stated prior to the assassination of Senator ROBERT KENNEDY, some time last summer, he recalled an individual who came into the shop with another man believed to be a chauffeur, and indicated he had a violent dislike for Senator ROBERT KENNEDY, and would give a large sum of money to have KENNEDY killed.

advised this man was driving a light green Lincoln Continental, which he parked in front of the barber shop, and made comments about his "Lincolns".

stated the other barber had apparently cut this man's hair before, as after he had left, the barber identified him as [REDACTED], and stated he was reportedly a wealthy rancher from [REDACTED] or vicinity, and owned most of the land where the [REDACTED] Mountains are located.

stated he saw [REDACTED] one other time during the rioting in the summer of 1968, at which time [REDACTED] came into the shop and stated he was not afraid of rioters as he had several machine guns and carried one at all times in the back of his Lincoln.

advised he does not recall if the other barber, [REDACTED], who owns the shop, was in the shop

at the time [REDACTED] made the statement about Senator KENNEDY, and he believes the individual who came in with [REDACTED] was his chauffeur.

He stated in discussing [REDACTED] with [REDACTED], that [REDACTED] indicated [REDACTED] "sure did blow a lot", but [REDACTED] did not interpret this statement to mean that [REDACTED] had no dangerous propensities.

It has been determined that [REDACTED] is identical to [REDACTED]

[REDACTED] was interviewed at his ranch, [REDACTED]. [REDACTED] was given a copy of "Your Rights" form, as well as a waiver of rights form and was explained certain rights as outlined. When asked to waive his rights and execute the form by affixing the signature thereto, he stated he would not sign the form at this time, based upon the advice of his attorney, but that he would answer any questions that may be asked. [REDACTED] stated further he understood all his rights as outlined on the form and had nothing to hide.

[REDACTED] was explained the basic organization and aims of the Minutemen organization, how they obtain funds and members and asked whether he had ever donated funds to an organization by that name or whether he had ever been a member of that organization. In answer to both questions [REDACTED] stated emphatically he had never been approached by them for any reason whatsoever and that he was not now or had he ever been a member of the Minutemen organization. In addition, [REDACTED] stated he knows he is considered a radical in his community and in the business world, not only in his politics but in the management of his business affairs, but that the only radicalism that he knows is "being radical for his country and for his farm". [REDACTED] stated further that based on the original aims of the Minutemen organization, that had they approached him during the early period of their development, he may have furnished them some funds; however, now, because of the stated aims of their leader, [REDACTED] and other leaders, he would not give them a dime.

[REDACTED] was then made aware of the aims and objectives as well as the people who are backing the "Patriotic Party". [REDACTED] stated emphatically again that he had never been approached and that he was not now or had ever been a member of this

political party and had never contributed any funds to them. [REDACTED] was appreciative of being made aware of the aims of this party and the names of some of the members backing this party and stated that since their aims were not the same as his, he would not in any way allow himself to become affiliated with them.

At this point, [REDACTED] was made aware of Federal statutes concerning the possession of illegal automatic weapons and other machine guns. [REDACTED] stated he had never purchased machine guns or other automatic weapons, but that he had many weapons in his possession. Most of these weapons were shotguns and .22s utilized by his grandson and him, as well as friends who visit the ranch.

At this point, [REDACTED] took the interviewing agents on a tour of the house, displaying his vast collection of shotguns and shotgun ammunition utilized by hunting parties on his ranch. When asked specifically if he owned any M16 automatic rifles, [REDACTED] stated he did not own any M16 rifles but that he did have some AR 15's and would be happy to display them to the interviewing agents. These AR 15 rifles were then produced from under the bed in his bedroom, two in number, and were examined by the interviewing agents and found not to be of the automatic type. The fire control levers on both weapons had positions for safe and fire, but no positions for automatic firing. Both weapons were checked to see if they had been internally tampered with so they could be fired automatically and they were both found to be set up as delivered from the factory. [REDACTED] stated he possesses these weapons for protection of his household only and that any stories that might have accrued about him were probably as a result of his boasting at various times that he had some automatic weapons and that he would shoot people who trespassed onto his property. He knew this to be a falsehood, but he stated, "My mouth has got me in trouble before."

[REDACTED] was displayed Identification Orders 4176 on ROBERT BOLIVAR DE PUGH and 4181 on WALTER PATRICK PEYSON. [REDACTED] stated he had never met either of these individuals and that under other assumed names or any other circumstances he was sure he had not seen either of these men. [REDACTED] stated further that he would notify the FBI immediately if he should hear anything concerning either of these individuals.

On March 11, 1969, [REDACTED], Oklahoma, who is personally acquainted with [REDACTED], advised [REDACTED] that [REDACTED] is generally considered to be a big talker, is very boastful and he is not taken seriously by those who know him. It should be noted that when [REDACTED] was interviewed above, he admitted having firearms at his home but none of these firearms are considered illegal.

This individual in talking to [redacted] stated that he had to be in Los Angeles on Monday night. It is noted [redacted] believes the day was a Saturday. [redacted] stated this was handwritten but was very legible. [redacted] states he believes the local number of the union was 1714.

In conversation this individual seemed to dwell

a great deal on shooting and war and stated that it was too bad about President KENNEDY being shot but that he did not feel sorry for the man but he did feel sorry for the family. The individual also talked about MARTIN LUTHER KING being shot. [REDACTED] noted that he was during the conversation talking about "niggers" and that this seemed to anger the individual. [REDACTED] stated that the individual indicated that he had been in some type of military reserve unit but that he did not recall any of the details.

[REDACTED] stated that this individual's conversation dwelled on wars, shootings, and then he talked a great deal about history.

[REDACTED] stated that the individual never stated he had a gun but that several times he made motions as if shooting a pistol with his finger. [REDACTED] stated that he let this individual off on Riverside Drive in Tulsa, Oklahoma, at about 10:30 p.m. that night. [REDACTED] stated that he recognized the photograph on television and in newspapers of SIRHAN B. SIRHAN as the individual who he had picked up at Rolla, Missouri, and taken to Tulsa, Oklahoma. [REDACTED] noted that he and this individual were together approximately ten hours and that they did a great deal of talking. [REDACTED] stated the individual appeared to be very intelligent. [REDACTED] further noted that his seven-year-old niece who had been riding in the car with them had recognized the man's photograph on television and had mentioned this was the individual who they had picked up. [REDACTED] advised that this matter had been on his conscience for nine months and that he was furnishing this information for whatever value it may be.

[REDACTED]
Information was received from the Oklahoma City Office that on April 4, 1969, [REDACTED] was re-interviewed at [REDACTED], Oklahoma:

[REDACTED] stated that he was positive that he picked up the individual he believed to be SIRHAN SIRHAN at about 1:00 p.m. on Saturday, June 1, 1968. [REDACTED] was shown the chart setting forth the activities of SIRHAN B. SIRHAN which indicates that he was in Los Angeles, California, at 1:00 p.m. on June 1, 1968. [REDACTED] stated that he is positive of the date and noted that it would be impossible for the person to be both places. [REDACTED] commented at this point that he had never seen a photograph of SIRHAN SIRHAN.

[REDACTED] was re-interviewed on April 8, 1969, at which time he was shown a photograph of SIRHAN B. SIRHAN. [REDACTED] stated that while the photograph looked somewhat like the individual he picked up could not have been SIRHAN SIRHAN. [REDACTED] pointed out that the person he picked up was definitely over 5'6½" in height, and noted that SIRHAN SIRHAN is only 5'3". [REDACTED] further noted that in view of the difference in height and the fact that SIRHAN was definitely placed in Los Angeles on the day he picked up the individual, he felt he must have been mistaken as to the identity of the hitchhiker.

On April 8, 1969, the photograph of SIRHAN B. SIRHAN was shown to [REDACTED] at which time she advised this individual looked somewhat like the person she and her husband had picked up but noted that she could not say whether or not they were identical. [REDACTED] noted that the person that they picked up definitely was taller than 5'6". [REDACTED] stated she feels that she and her husband were mistaken as to the identity of the individual that they picked up and noted they were both extremely shocked at the death of ROBERT KENNEDY and may have let their imaginations get the better of their judgment.

[REDACTED]

The office of Senator EDWARD KENNEDY turned over to the United States Secret Service two letters that were written in June of 1968 and had been received by Mrs. ETHEL KENNEDY.

One letter was signed [REDACTED] and a true copy of this letter is set forth below:

Mrs. Kennedy,

I am deeply sorry about your husbands death. I don't know if you will get this letter or not but if you do IF I were you I would sleep on what I'm going to tell you. I have reasons to say that the death of your husband and our late President John F. Kennedy was very carefully planned by the same man which is right under your nose. It seems to me that the police aren't going into it as they should. Also the police don't realize that it could be someone that acted as your friend. If I were you I would have it looked into, not by the police but by someone unknown and wouldn't be noticed bying nosoy. This is all I can write for now, if you would like more information please write me my address is:

You may think that this is a crank but believe me it isn't a crank. This is no time for cranks. Maybe I'm wrong for telling you this information but I just can't keep it on my mind any longer. Please believe me for what I have told you in the name of god believe me!!

Yours truly,

[REDACTED]

[REDACTED]

The following information was developed concerning [REDACTED] and the individual concerning whom she spoke in her letter:.

On January 13, 1969, [REDACTED] Los Angeles, California, was interviewed by a Special Agent of the Federal Bureau of Investigation (FBI) with regard to the letter she wrote to Mrs. Ethel Kennedy on June 5, 1968, stating she possessed information concerning the shooting of Senator Robert F. Kennedy.

[REDACTED] advised that she was not making any accusations, but that there was a woman by the name of [REDACTED] residing on [REDACTED] Los Angeles, who worked for the Republican Party, who had said that Senator Kennedy would be shot before he could be elected President of the United States.

On January 13, 1969, [REDACTED] Los Angeles, California, was interviewed by a Special Agent of the FBI.

Kennedy and Dr. Martin Luther King, Jr., Senator Kennedy would be lucky to live long enough to take office as President in the event he were elected.

[REDACTED] said she was very much upset over the murder of Senator Robert Kennedy. She said she could furnish

no information concerning Sirhan B. Sirhan, the accused slayer of Senator Robert Kennedy.

He made a tape recording of the commotion and reaction of the crowd immediately subsequent to the assault which he made available.

New York Office by airtel of June 6, 1968, furnished the following information concerning JOHN M. LAURENCE, also known as John M. Lawrence:

The June 6, 1968, issue of "The New York Times" reflects the following:

John M. Lawrence, chairman of what he called 'a pro-Arab radical left action group,' Federated Americans against Israeli Racism, 57 West 10th Street, said his organization would offer financial support to Sirhan Sirhan.

"We're for him, although we wish he hadn't used the assassination technique," Mr. Lawrence, a law researcher, said.

"He declared that 'there are no tears in us for Robert Kennedy,' whom he called 'the advocate of sending American jet bombers to Israel so Jews may kill more Arabs.'"

are not active as a family.

His impression of SIRHAN BISHARA was that he was the quiet lonely type of individual who when he came to the Fez would sit by himself, probably have a couple of drinks, and leave after a short period of time.

[redacted] did not know the names of any of SIRHAN BISHARA's associates, particularly any girls. He stated he has never seen him in the company of a girl.

Regarding political feelings among Jordanians in this country generally as to American politicians, [redacted] said that generally they prefer the policies of EISENHOWER and NIXON as opposed to any Democrats because their policy seems to favor, or to have favored in the past, Arab countries.

[redacted] advised that [redacted] Restaurant, would be acquainted with all members of the SIRHAN family, although he would not be considered an associate of that family. He related that [redacted] has been contacted by the Los Angeles Police Department regarding the SIRHAN family and possibly by FBI Agents, although he was not certain of this. He described [redacted] as having been somewhat talkative around the restaurant about politics. He did not know whether [redacted] could furnish any pertinent information regarding SIRHAN BISHARA SIRHAN.

was interviewed at his apartment,

advised that he is a student at Cal Poly in Pomona, California. He stated that about four years ago he became an employee of the Fez Restaurant located at 1508 North Vermont, Los Angeles, California. He advised that he continues to work in this restaurant, generally on Friday and Saturday nights.

Approximately four years ago, he stated that he met ADEL SIRHAN, brother of SIRHAN BISHARA SIRHAN, who was employed at that time as a musician at the restaurant. He said that during the ensuing years he has heard ADEL talk of his brother, SIRHAN BISHARA, as being an employee of a race track in the Los Angeles area.

He advised that he first met SIRHAN BISHARA at the Santa Anita Race Track when he attended the races one day with another employee of the restaurant. Since that time he advised that his contact with SIRHAN BISHARA has been on one or two occasions at the race track and on occasion when SIRHAN BISHARA would drop in the Fez Restaurant. He stated that he has never seen SIRHAN BISHARA at the restaurant except either alone or in the company of his brothers and maybe on one occasion with his mother. In his brief conversation with SIRHAN BISHARA at the restaurant, he said that he has never had any conversation regarding politics as concerning the countries of Israel and Jordan.

To the best of his recollection, his last contact with SIRHAN BISHARA would have been approximately one year ago at the Santa Anita Race Track.

It was his impression that all of the SIRHAN brothers loved to gamble, particularly on horse races. He felt that the SIRHAN family is not a close knit one in that the brothers, with the exception of ADEL, generally tended to go their own way and

Title: SIRHAN BISHARA SIRHAN

Character: CIVIL RIGHTS

Synopsis: Persons shooting at San Gabriel Valley Gun Club, Duarte, California, at same time as SIRHAN BISHARA SIRHAN on 6/4/68, recall SIRHAN practicing with .22 caliber pistol. JESUS PEREZ, kitchen helper at Ambassador Hotel, Los Angeles, advised that about 11:30 p.m., 6/4/68, he observed man, later identified to him as SIRHAN BISHARA SIRHAN, in pantry of Ambassador Hotel. SIRHAN asked PEREZ several times if Senator KENNEDY would pass that way as he left Embassy Room. PEREZ advised he told SIRHAN that he did not know. PEREZ stated SIRHAN had some type of papers in his hands and he did not see anyone else with SIRHAN. Other Ambassador Hotel employees interviewed and unable to recall observing SIRHAN in hotel prior to shooting. RAFAEL JOHNSON, who assisted in subduing SIRHAN after shooting at Ambassador Hotel, advised he asked SIRHAN immediately after shooting, "Why did you do it?" After JOHNSON repeated the question several times, SIRHAN answered, "I'll explain it." JOHNSON did not see SIRHAN in Ambassador Hotel prior to shooting. JUDY MARIE ROYER, ~~advised that~~ advised that during evening of 6/4/68, about one or two hours before Senator KENNEDY's speech, she had been walking in passageway behind stage of Embassy Room. She saw SIRHAN in the passageway and told him to leave as area had to be kept clear because of fire regulations. She watched SIRHAN walk into the Embassy Room and did not see him again prior to shooting. ROYER noticed nothing unusual about SIRHAN's

behavior and he appeared to be alone. Investigations in neighborhoods where SIRHAN family has resided in Pasadena, California, determined members of family are quiet, reserved, and keep to themselves. Members of SIRHAN family interviewed and all advised SIRHAN BISHARA SIRHAN had not been out of State of California since 1957, and that during period 1957 to 6/4/68, the longest period of time that SIRHAN had been away from home was for periods of seven to ten days while employed as exercise boy near Corona, California. Former high school and college fellow students and instructors of SIRHAN in Pasadena reported SIRHAN as intense student who did not mingle much with other students. SANDRA SERRANO, who had reported woman in white dress with black polka dots running from Ambassador Hotel immediately after shooting, claiming, "We've shot him. We've shot him," interviewed by Los Angeles Police Department 6/20/68. SERRANO admitted previous story concerning girl in white dress with black polka dots was figment of her imagination.

Date 6/17/68

Mrs. DANA TULITA WESTLAKE, [redacted] was contacted at the home of [redacted]. She was advised of the identity of the interviewing agent and of the fact that she was being contacted with regard to the handgun used in the assassination of Senator ROBERT F. KENNEDY.

She advised that she had returned to the Los Angeles area to visit with her family and friends and that she planned on returning to [redacted], on June 16, 1968. She added that the [redacted] were former neighbors and that she had resided at [redacted] prior to moving to [redacted] on February 12, 1968.

WESTLAKE advised that her father [redacted] had originally purchased a .22 caliber, eight shot, Iver-Johnson revolver during the Watts riots (October, 1965). This revolver was kept in the HERTZ home until about January, 1967 when her mother, [redacted] gave the revolver to Mrs. WESTLAKE. She added that her mother did not want the revolver in the house and did not feel it was necessary to have it laying around.

WESTLAKE advised that to her knowledge the revolver had never been fired by her father or anyone else prior to this time and that the revolver was still in a box and wrapped in a black oily paper. Also contained in the box was a short rod which she assumed was used to clean the revolver. In addition, she received some ammunition for the revolver; however, she "got rid" of the ammunition soon after she received the revolver and she hid the revolver in the attic of their residence, which was [redacted] at that time. The revolver was still in the original box it came in and she hid it so that her children would not find it and maybe harm or kill someone by accident.

In approximately September or October, 1967, her husband started to remodel their home and it was necessary to remove the roof from the house. At that time she removed the contents from the attic and decided she would get rid of the revolver. Since her neighbor's son, GEORGE CHARLES ERHARD, JR., collected guns and many other things, she decided to give him the revolver. ERHARD, JR. agreed to take the revolver and she gave it to him as it was, in the box and still wrapped in the oily paper. She advised that neither she nor anyone else had fired the revolver up until the time she gave it to ERHARD, JR. She stated that no one knew that she had the revolver except her husband and her father and mother and that ERHARD, JR. did not come to her to purchase a gun. She reiterated that she merely gave him the revolver in order to prevent an accident in the event her children found it.

WESTLAKE described the revolver as an eight shot, Iver-Johnson revolver with a short barrel and a cylinder which could be taken out to extract the cartridges. In addition, it was a dark or blue steel weapon with a small hand grip. She had no record of any serial numbers which could be used to identify the revolver any further.

INTERVIEWS OF INDIVIDUALS
AT SAN GABRIEL VALLEY GUN CLUB,
DUARTE, CALIFORNIA, JUNE 4, 1968

The following signed statement was obtained from
JESSE CARDONA:

"Duarte, California
6/12/68

"I, JESSE CARDONA,
make the following voluntary statement to [redacted]
and [redacted] who have identi-
fied themselves to me as Special Agents of the FBI.

"On 6/4/68, I was regularly engaged in deliver-
ing mail out of the Duarte Post Office. Part of my
route takes me to the San Gabriel Valley Gun Club,
Duarte, when I usually take my dailey break. I
arrived about 10:50 a m and took the mail to LLOYD
HAGER, the range master. We were standing there
talking and my neighbor, CHARLES MILLNER, and a
friend RUSSELL WEAVER came in. They arrived at
approximately 10:55 a m. I greeted them, they paid
their fees, got their targets, and then we all walk-
ed to the pistol range.

"There was only one person on the pistol range at
that time. He was on the far west end of the shoot-
ing line, down near where the small numbers begin.
He was not then shooting, so MILLNER and WEAVER put
up their targets, and returned to the firing line.
MILLNER and WEAVER were at the opposite end of the
pistol range, the east end.

"I did not talk to the person at the west end of
the pistol range. As best I can recall, he was a white
male, approximately age 25 to 30 years old. He was
about 5 foot 3 inches tall, weighed about 150 pounds,
and had dark, possibly black hair. He wore 'blue levis'
pants and had on a 'pull over' sweater type shirt with
short sleeves. He was a very muscular person. He
had on shooters type 'ear muffs'. I do not know what

2

"type of gun he was using but he did have what appeared to me to be a telescope with which he could look through at a target.

"Based on my observations of this person, I do not think that he is identical with the person pictured in the photographs displayed to me by Special Agent [redacted]. I did recognize the photographs as being the person identified in the newspapers as SIRHAN SIRHAN. I cannot recall observing SIRHAN on the pistol range while I was there or anyone resembling him.

"I left the range about 11:15 a.m. continuing on my mail route. At the time I left, only my two friends and the person at the west end of the pistol range previously mentioned were then at the pistol range. No other persons came during this time to the pistol range.

"To the best of my recollection, there were no female persons on the range, although there was several other male persons on the rifle range, whom I did not know.

I've read the above statement consisting of this page and three others. It is true and correct, in every respect.

Mr. THOMAS A. FARRELL,
was interviewed at his place of employment,

Mr. FARRELL stated he drove to the San Gabriel Valley Gun Club, Duarte, California, on June 4, 1968. He arrived at 11:45 a.m. and left at about 3:30 p.m. He stated that he fired on the pistol range from the time of his arrival until about 2:00 p.m. when he moved to the rifle range. Upon his arrival, he signed in at the Range Master's Shack and took a position on the pistol range almost in front of the Range Master's Office. To the best of his recollection two men were on the line when he arrived, one was a 50 year old man shooting from position No. 1 which was at the opposite end of the pistol range from him and a young man about 25 years of age shooting to his immediate right. Subsequently, another man about 25 years of age arrived and took a position to his immediate left. He exchanged brief "gun talk" with these individuals and described them both as approximately 5'11", medium build, medium to light complexion. Also around 12:30 p.m., two men and two women arrived together and fired from a position some distance to his left. He described these individuals as a man and woman in their early 60's, a young girl approximately 16 years of age, whose description he could not recall, and a boy about 18 years of age wearing cowboy boots with extra-long light brown hair, approximately 5'10" tall.

FARRELL said he saw no other females during his entire stay at the range and did not recognize anyone there except the range master who was working with another man and appeared to be digging post holes. When he went from the pistol to the rifle range, there were approximately three or four men shooting.

FARRELL viewed a photograph of SIRHAN SIRHAN and said to the best of his knowledge he had never seen the latter.

Reverend HUGH E. GLASS, advised on June 11, 1968 that on June 4, 1968 at approximately 12:30 p.m. he arrived at the San Gabriel Gun Club, 4001 Fish Canyon Road, Duarte, California.

At the time of GLASS' arrival at the gun club he estimated that at least six or eight people were on the range but GLASS paid no attention to any of these individuals. He advised he had seen SIRHAN SIRHAN's photograph in local newspapers and after viewing additional photographs of SIRHAN, GLASS stated he did not observe this individual at the gun club. GLASS did state however, that a blond Caucasian female, 22 to 26 years of age, was observed by him as he arrived at the range. The unknown female was walking from the pistol range to the range house and was not further observed by him. GLASS did state, however, he could possibly identify this Caucasian female if he should see her again or be shown some photographs of her.

Date 6/17/68

RICHARD THOMAS GRIJALVA, [REDACTED] was interviewed at his residence. He was advised that the purpose of the interview was to obtain any and all information known to him concerning the activities which occurred at the San Gabriel Valley Gun Club, Duarte, California, on June 4, 1968, on which day he had been at the range.

GRIJALVA advised he had gone to the range on June 4, 1968, with his sister, ROBERTA GRIJALVA, age 19 years, for the purpose of firing his rifle, stating that the reason he had taken his sister was for her to assist him in "spotting" his shots. He said that to the best of his recollection he had arrived at the range and had signed in somewhere in the vicinity of 10:15 a.m. and 10:25 a.m., stating that he could recall a time rather specifically as he has formed a habit of looking at his watch when arriving or leaving a particular place. He said he recalled staying at the range until approximately 2:45 p.m. at which time he returned home.

He said after signing in and obtaining a target, he had immediately gone to the rifle deck where he began shooting, believed by him to be in approximately gun position number 34. He said there were several other people on the range firing at this time and he recalled to his right, approximately five or six positions from him, were two young men in their early 20's. Also to his right and between his position and that of the two young men was an older man and woman, who had with them a young child, age about three or four years. On his left he observed an elderly man several positions from him, sighting in a rifle which he recalled was a .22 caliber bolt action with scope. He said he also recalled two men accompanied by a blond female around the rifle deck, but said he could not recall whether these individuals were firing or not. He said the blond would be about 25 years of age, white, 5'7", blond hair worn in a ponytail, light complexion, blue eyes, heavy set and wearing light colored capris with the blouse out.

GRIJALVA stated the two men may have been brothers, these men being approximately 23 to 25 years of age, who were both to his recollection wearing T-shirts, levis and generally were very unkempt. He stated he also believed that the older of the two men was wearing a beard which appeared to be red.

He stated while firing the rifle he could hear firing from the pistol range and noted that the firing was very rapid. He said he thought at this time it was very strange, inasmuch as rapid fire shooting is generally not allowed. He said he did not actually go to the pistol range to observe who may have been firing the pistol, but that on one occasion, when getting a new target at the target shed near the pistol range, he observed a young male further up the pistol range and assumed that this was the man who was firing the gun. He said he based this assumption on the fact that he could not recall seeing any other individuals on the pistol range at this time.

GRIJALVA stated after a considerable period of time, the specific time not recalled since he paid little attention to the actual time, he observed a young white male coming from the direction of the pistol range carrying a pistol and that this individual went to a car in the parking area where he apparently left his pistol and picked up a rifle. He said this individual then came to the rifle deck at about position number 30 and commenced firing the rifle which he described as a .22 bolt action. He described this individual as white, male, 24 to 27 years of age, dark complected, 130 pounds, hair combed back very neat and who was wearing a blue sweater, blue pants and possibly blue denim shoes. He said the man also wore sunglasses and it was very obvious to him that the man was a stranger, inasmuch as he kept to himself and did not desire to talk to anyone. He said this was quite strange, inasmuch as most shooters will discuss their shooting with each other during the course of the day.

Mr. GRIJALVA was exhibited a photograph of SIRHAN SIRHAN; and after viewing this, stated that this individual closely resembles the man he had seen coming from the pistol deck and ~~then~~ who had then commenced firing a .22 rifle. He said he could not be certain of this identification, inasmuch as the man wore sunglasses but said that the shape of the face and the general build closely resembled this man.

3

It was the recollection of GRIJALVA that this individual was still firing the rifle when he and his sister left the range at approximately 2:45 p.m.

Date 6/17/68

ROBERTA GRIJALVA, was interviewed at her residence. She was advised that the purpose of the interview was to obtain any and all information known to her concerning the activities which occurred at the San Gabriel Valley Gun Club, Duarte, California, on June 4, 1968, on which days she had been at the range.

GRIJALVA stated she is 19 years of age and had accompanied her brother, RICHARD GRIJALVA, to the San Gabriel Valley Gun Club on June 4, 1968, stating that the main purpose in her going was to "sight in" her father's rifle. She said her brother had also asked her prior to going to the range if she would assist him in "spotting" his target for him.

She stated she could not recall specifically as to what time they had arrived at the range but stated that to the best of her recollection it was in the late morning, probably in the neighborhood of 11:00 a.m. but said she could recall specifically about the time they had left the range, this being at 2:45 p.m. due to the fact that she had to be at work at 4:30 p.m. in the afternoon. She said that they had arrived home from the range at 3:30 p.m. on this date.

GRIJALVA said when they arrived at the range they had walked from the car to the rifle deck to a position approximately 100 feet from the target shed where her brother subsequently fired the rifle. She said her brother had gone to the target shed for the purpose of signing in and obtaining a target but that she had gone directly to the deck. She said when approaching the rifle deck, she observed in the same area two men and a woman, who had apparently finished firing a rifle and who were then in the process of leaving the range. She said she observed that the rifle they had apparently been firing had been left at the gun position and that the three had walked in the direction of the parking area. She said

2
right after this she observed the older man and woman, who had been conversing with each other, walk in the direction of the pistol range and she then lost sight of them. She said the younger man did not go to the pistol range but had stayed near the car and subsequently, in about 50 minutes, had walked back to the rifle position, had picked up the gun and had returned to the area where the car had been parked. She said at the time he returned to the car with the rifle the man and woman were observed, by her, to be returning to the car after which time they all got into the car with the man driving, the woman in the front seat and the younger man in the rear seat and departed.

She described the automobile being driven by these people as a late model Lincoln Continental, possibly a 1966 or 1967 model, which she believed was a dark brown in color. She said that she was quite certain as to the make of the car, inasmuch as her next door neighbor has a car just like this.

Miss GRIJALVA furnished the following descriptions of the above three individuals:

Race	White
Sex	Female
Age	28 years old
Height	5'6"
Complexion	Fair
Hair	Blonde
Characteristics	Attractive, well built, wearing a scarf and sunglasses, dark colored capris, light sweater, possibly blue.

GRIJALVA stated the hair was for the most part hidden as the girl wore a scarf but she would estimate that the hair would be approximately shoulder length.

3

Sex	Male
Race	White
Height	5'6" to 5'7"
Age	30 to 33
Clothing	Short sleeved sweater, dark slacks,
Hair	Dark hair, neatly combed

Sex	Male
Race	White
Age	20 to 21
Hair	Dirty blond bushy hair
Clothing	Wore an old, possibly canvas type hat with brim with hair protruding around the sides, light colored shirt, light foreign handmade neck tie and an old type jacket, brown in color, which appeared to be of the western type with cloth fringe.

GRIJALVA stated this individual was very distinctive and he looked quite out of place with the hat, hair and neck tie and that she would describe him as a "hippy" type.

She stated as before that the girl and the older man conversed with each other at all times but that she could not hear any of the conversation and that she had gained the impression that they were not man and wife but had merely gone to the range together.

She said she did not know whether the girl had actually fired the gun or not.

With respect to any firing on the pistol range, she said that while her brother was firing his rifle she heard a great deal of firing from the pistol area and noted that

the firing was all very rapid. She said she did not go to the pistol range to see who was firing the gun, but on one occasion while at the target shed she observed one man on the pistol range dressed in blue clothes, who she assumed to be the man firing the pistol.

GRIJALVA said she later observed this man, who she said was wearing a blue sweater, blue slacks and sunglasses come from the direction of the pistol range at which time he obtained a rifle from some place which she had not observed and he then commenced firing a rifle. She said he fired this rifle on four or five positions from which she and her brother were located, that he did not fire for any great period of time. She said while still at the rifle range, and while her brother was firing, this man quit the rifle shooting and apparently left the range as she did not see him again.

GRIJALVA was exhibited a photograph of SIRHAN SIRHAN at which time she stated that she believed that this individual was identical to the individual described above who she had observed wearing blue clothes coming from the pistol deck to the rifle deck. She said she could not be certain in her identification; however, inasmuch as the individual she had seen wore large sunglasses, which she thought strange inasmuch as she did not believe the best shooting could be had while wearing sunglasses. She stated the face of this individual was of the same shape as that of SIRHAN SIRHAN and that she recalled that this individual appeared to be foreign.

She stated she could recall no further details of this particular date but felt quite certain that she would be able to recognize the female described above should she see her again and was quite definite that she could recognize the younger man, whom she believed to be the "hippie" of the group.

She stated should she recall anything specific on this date she would immediately contact the FBI.

Date _____

Mr. IELAND B. HANSON, stated he drove alone to the San Gabriel Valley Gun Club, Duarte, California, on June 4, 1968. He arrived at about 8:00 a.m. and left about 11:40 a.m. Upon arrival he signed in at the Range Master's Shack located between the pistol and rifle ranges and went immediately to the rifle range. He shot from a position about the middle of the rifle range, possibly on Target No. 39. Two men were on the line when he arrived, both about 70 years of age. A man around 23 years of age arrived about 9:00 a.m. and shot near him. He exchanged "gun talk" with this person whom he described as 5'3", medium build, brown hair, with light complexion. This man left about 11:00 a.m.

HANSON said the only females he observed during the entire time he was at the range was a woman approximately 43 years of age accompanied by a girl about 17 years of age and two men, one about 43 years of age and a boy around 18 years of age. These four individuals arrived at the rifle range around 10:00 a.m. HANSON could recall no descriptive data concerning the older man and woman except he felt the older woman had brown hair. He felt the girl who wore shorts was about 5'3", 120 pounds, and also had brown hair. The boy had extra long light brown hair, fair complexion, and was about 5'10" tall. He said the boy also had a pistol which he placed on the bench. After firing a .22 rifle for about 45 minutes, these four individuals left, and he did not particularly notice their departure.

HANSON said he could see two or three individuals on the pistol range from his location, but he was so far away he could not tell whether they were men or women. He saw no one at the range whom he knew except the range master who was working with another range employee digging post holes to the rear of the rifle range. HANSON viewed a photograph of SIRHAN SIRHAN and said to the best of his knowledge, he has never seen the latter.

CHARLES BIRL KENDALL,

provided the following information:

KENDALL advised that he is 80 years of age and is retired and a member of the San Gabriel Valley Gun Club, 4001 Fish Canyon Road, Duarte, California. KENDALL stated that he has been interested in firearms for many years and regularly goes to the San Gabriel Valley Gun Club and shoots two or three times a week.

KENDALL stated on June 4, 1968, he ate an early lunch and proceeded to the firing range. He said after signing the gun club member roster, he secured his target and went to a shooting position at approximately position number 5 or number 6. He stated that he recalled an individual whom he described as 5'5" or 5'6", 115 pounds, dark complexion, with dark bushy almost wiry hair and dressed in light colored clothing firing a .22 caliber pistol from approximately gun position 12, 13, or 14. KENDALL stated that he did not engage this individual in conversation but that he was well aware of his presence because the individual was firing very rapidly and accurately.

KENDALL advised that he left the range about 1:30 p.m. or 2:00 p.m. and that he does not recall if the individual was still on the range at that time. KENDALL stated he did remember, however, noting an old beat up light colored DeSoto was still there because it was parked beside his own car. KENDALL stated that he had no idea who this car belonged to.

KENDALL stated that he did not recall seeing any women on the pistol range and in fact, did not remember seeing anyone else other than himself and the previously described individual. He further stated that he did not recall seeing any member of the range personnel walking along the pistol range while he was there.

KENDALL advised that on further reflection regarding the matter, he believes he recalls seeing a man and woman around firing position number 1 either on June 4, 1968, or possibly June 8, 1968. He stated he could provide no description on the man or woman. He stated that he recalled seeing several boxes of .22 caliber shells in front of the individual on the bench and he thinks they were long rifle shells although he could not be positive.

KENDALL stated that after learning of the assassination attempt on Senator ROBERT F. KENNEDY and hearing the description of the suspect in custody by local police, he immediately thought of the individual whom he had seen at the firing range on June 4, 1968. After seeing SIRHAN SIRHAN's picture on television, he felt sure that this was the individual whom he had seen.

Upon being shown photographs of various individuals including SIRHAN SIRHAN, KENDALL picked out the photograph of SIRHAN as definitely being the individual whom he had seen at the San Gabriel Valley Gun Club on June 4, 1968.

Mr. GILBERT PETER LEOS,
advised

that he is a member of the
San Gabriel Valley Gun Club, Duarte, California.

Mr. LEOS advised that he is a regular shooter at the San Gabriel Valley Gun Club on Tuesdays and that on Wednesdays he often attends the Pasadena, California Gun Range. Mr. LEOS said that he recalls on June 4, 1968, having arrived at the San Gabriel Valley Gun Club at approximately 9:30 A.M., when he took position No. 26 or 27 on the pistol range. He said that that day he fired his .22 Browning Metalistic Automatic long rifle and his .45 Colt Gold Cup Match. LEOS said that he recalls being the first one on the pistol range and that the part of the range where he was firing was the 25 yard section. He said that, shortly after he arrived and was firing, he recalls two men and a woman arrived at approximately 9:40 to 9:45 A.M. and they took position 1, 2, or 3 on the pistol range which was to his extreme left.

LEOS said that he got the impression that these individuals were all associated with law enforcement but that he had no proof of this. He described Man No. 1 as a white male, possibly Italian extraction, between 30 and 35 years of age, 5'6" - 5'7" tall, 150 - 160 pounds, black wavy hair, having no accent, and wearing a brown suit. He described Man No. 2 as a white male, 40 to 45 years of age, balding in the center, having a mustache, approximately 5'5" tall, stocky build, approximately 160 pounds, wearing a sport coat, possibly checked, and slacks, color of which he could not recall. LEOS described the woman as a white female in her early 40s, having light brown hair, and wearing a skirt which he thought resembled that of a police-woman's, having a medium build, wearing bowling type shoes.

LEOS said that, shortly after these three individuals arrived on the range and began to fire, Man No. 1 came to him, LEOS, and asked him for a screwdriver to adjust the sight of his weapon. LEOS said that he paid no particular attention to this and did not actually see the gun, but said that, from hearing it fire, he estimated it to be a .38 pistol. As best as he could remember, LEOS said that he thought all three of these individuals fired the same gun. LEOS said that all three of these individuals left the range before he did and would estimate that they left approximately 10:45 to 11:00 A.M., this date. LEOS said that he could not recall hearing any rapid fire while he was on the range nor does he recall having seen anyone at the range resembling the photograph of SIRHAN B. SIRHAN.

LEOS said that he recalled having left the range at approximately 11:20 A.M. on June 4, 1968 and that he recalls two young Caucasian males come onto the range as he left; however, he took no particular note of these individuals and could furnish no further information regarding their activities or descriptions.

FULLERTON GROVE MC CHESNEY,

furnished the following information:

MC CHESNEY advised that on June 4, 1968, he went to the San Gabriel Valley Gun Club, 4001 Fish Canyon Road, Duarte, California. He stated that he went alone and arrived there at approximately 8:30 to 9:00 AM. MC CHESNEY further stated that he met a friend, CHARLIE ALTENBACH at the range. They both fired on the rifle course which is adjacent to the pistol course. Both of these courses are separated by a small two story building where they sign in for the day's shooting. He stated that when one is firing on the rifle range, it is impossible to see people firing on the pistol course due to this small building. He stated that he had lunch at the range and left for home at approximately 12:30 PM. During the time he was there, he did not meet anyone or talk to anyone other than his friend, ALTENBACH.

MC CHESNEY was then shown a photograph of SIRHAN BISHARA SIRHAN

He stated that the picture resembled a man he saw at the range on June 4, 1968. This individual was accompanied by another man, whom he cannot describe, and he cannot remember what range they were on. MC CHESNEY also observed two women at the range, accompanied by two other men. MC CHESNEY stated that the women were not firing but were waiting behind the men they were with, who were firing on the rifle range.

MC CHESNEY described one of the women as being Caucasian, 25 to 30 years of age, 5'2" tall, long blond hair, wearing a skirt and gave the appearance of being very heavy. He described one of the men as being Caucasian, 30 to 35 years of age, 5'9" tall. MC CHESNEY was unable to describe the other two people, and advised that he goes to

CHARLES M. MILLNER, JR., advised that on June 4, 1968, he accompanied a friend, RUSSELL WEAVER to the San Gabriel Valley Gun Club, Duarte, California for the purpose of target shooting with his pistol. MILLNER stated he could not recall exactly when they arrived or left the range, but estimated that it was possibly between 10:00 a.m. and 12 noon. However, he recalled that they were at the range for approximately 45 minutes more or less.

The range is divided into two parts, a pistol range and a rifle range. MILLNER and WEAVER were on the pistol range all of the time. They were firing in the position farthest to the east of the pistol range and as he recalled, the position was in the higher numbers.

When they arrived, there was only one other individual on the pistol range. He was a white male shooting in the farthest position to the west end of the pistol range. MILLNER was unable to furnish any additional description of this person and did not believe that he would recognize him should he see him again.

MILLNER was displayed photographs of SIRHAN SIRHAN and MILLNER stated he recognized the photographs as being the person identified in the newspapers as SIRHAN SIRHAN but was not able to state whether or not this person was identical with the individual firing on the west end of the pistol range.

MILLNER stated that RUSSELL WEAVER talked with this person firing at the west end of the pistol range one or two times and might be able to furnish additional information concerning him.

MILLNER stated he was unable to recall any female persons at the range while he was there.

After he and WEAVER had been there for a while, he recalled two other white male persons coming to the pistol range to fire, however, he did not pay any attention to them

2
and was unable to furnish any further description of them.

MILNER's next door neighbor, JESSE CARDONA, was also at the range when they arrived.

KENNETH RICHARD SEM,
was interviewed at his place of employment,

Mr. SEM advised he went to the San Gabriel Valley Gun Club the morning of June 4, 1968 to practice shooting his rifle and pistol. He arrived at the gun club at approximately 9:30 a.m. He went directly to the target house where he paid a fee and obtained a target and a telescope. He was requested to register because he rented a telescope. Mr. SEM advised he first used the rifle range where he practiced shooting his Japanese 6.5/257 caliber rifle. He was assigned to target number 57 or number 58, as best he could remember, which he explained was located approximately the middle of the rifle range. Mr. SEM stated he remained on the rifle range for approximately one and one-half hours. During this time there were approximately ten to twelve other individuals using the rifle range. He was not acquainted with any of these individuals nor did he converse with any of them except an older man, approximately 50 years old, who occupied the station just to the right of him. This individual seemed to know a lot about guns and helped Mr. SEM adjust the sight on his rifle when he had trouble with it. This individual was by himself.

Mr. SEM advised that on one occasion while they were walking to the targets to examine them, he noticed two young females walking ahead of him. He described them as follows:

Number one

Sex	Female
Race	White
Age	Late teens or early 20's
Height	5'7" to 5'8"
Weight	125 pounds
Build	Medium
Dress	Levi pants

Hair Brown, shoulder length

Number two

Sex	Female
Race	White
Age	Early 30's
Build	Slim
Height	Unknown
Dress	Levi pants
Hair	Brown, shoulder length

Mr. SEM stated he observed number one in the company of an individual described as follows:

Sex	Male
Race	White
Age	Mid 20's
Height	6'2"
Weight	170 to 180 pounds

The female was shooting a .22 rifle and the male was shooting a high powered rifle. Mr. SEM stated he did not pay particular attention to the other individuals at the rifle range and advised the females he referred to could have been together with an older male as a family group.

Mr. SEM stated he returned his rifle to his car after an hour and half and obtained his pistol; a .22 Ruger magnum. He obtained a target from the target house and located himself approximately 1/3 of the distance from the target house. He advised he remained approximately 45 minutes on the pistol range. During this time there were five other males using the pistol range. Two of these were located at the far end and the one occupying the last position was shooting a .357 Magnum, the second one was shooting what Mr. SEM thought was a .33 revolver. Mr. SEM advised an individual just to the right of him was shooting a .357 Magnum. Two others were located near the target house. He did not know the caliber of the pistol used by the one nearest the target house, however, the second one was shooting a .22 pistol.

Mr. SEM stated he did not pay particular attention to the individuals on the pistol range, however, he was interested in the guns they were shooting and therefore felt his description of the guns being used was quite accurate.

Mr. SEM advised that at no time during his stay at the gun club did he observe a blonde female. He stated there definitely was not a blonde female using the pistol range while he was using that range. Mr. SEM observed a photograph of SIRHAN SIRHAN. He stated that at no time while he was using the gun club ranges did he observe this individual present.

Mr. SEM stated he departed from the gun club at approximately 12:30 p.m.

LESNE R. SMOOTZ,
advised

Mr. SMOOTZ said that he is a member of the San Gabriel Valley Gun Club, Duarte, California, and that he recalls having come to the range on June 4, 1968 sometime between 2:00 P.M. and 3:30 P.M., that date. He said he spent a total of approximately 30 minutes at the range during this period of time, during which he was firing his new .22 250, Model 788 Remington pistol. He said that he was sighting this new weapon in and that he was on the rifle part of the range. He said that he was on the 25 yard target range somewhere between positions 20 and 35, which is pretty far removed from the pistol range.

He said that he then found it necessary to leave the range and go have his gun fixed. Mr. SMOOTZ said that he recalls having conferred with the range manager, LLOYD HAGER, on his way out in an effort to determine where he might be able to have his weapon repaired. Mr. SMOOTZ said that HAGER advised that he go to a place called Campers Haven, where he subsequently did go and left his gun to be repaired.

Mr. SMOOTZ said that he could vaguely remember having seen other people at the range but he could recall

MARION HENRY STIPP
was interviewed

Mr. STIPP advised he went to the San Gabriel Valley Gun Club the morning of June 4, 1968 to speak with Mr. HAGER, the range manager, regarding some sign work he was to do for the club and also to practice shooting his rifle. He arrived at the club around 9:00 a.m. He spent approximately one-half hour talking with Mr. HAGER and another individual by the name of CHARLIE JENKINS, who was doing some concrete work at the club. Mr. JENKINS is a member of Veterans of Foreign Wars (VFW) at Monrovia, California. Mr. STIPP stated he registered at the target house listing his name and address. He explained he was not required to register but he normally does so as he is then placed on a mailing list to receive brochures regarding hunting seasons, etc. Mr. STIPP stationed himself in approximately the middle of the rifle range and as best he could recall, it was target number 52. He was shooting a 300 Holland and Holland Winchester Model 70 rifle. Mr. STIPP is a National Rifle Association (NRA) member, membership number [redacted] expiration date October, 1970. Mr. STIPP advised that when he arrived at the rifle range, there were four other males on the range; two to the right of him and two to the left. After being on the range about one hour, a young man arrived and stationed himself next to him, Mr. STIPP. This individual in his mid 30's, was alone. He was shooting a Japanese rifle. At one point this individual had trouble with his rifle and he, Mr. STIPP, helped him adjust the sights. Mr. STIPP advised he noticed two young fellows, probably in their middle 20's, stationed approximately eight to ten paces to his right and each were shooting a 03A3 30:06 Military rifle. He advised he did not pay any attention to the other individuals at the range nor the rifle being used. He also mentioned he did recall seeing a young girl, approximately 14 to 21 years of age on the rifle range. He specifically remembered seeing her in the company of an older man and assumed this was her father.

Mr. STIPP did not recall seeing a blonde female at the gun club during the time he was there. He did not observe any of those people shooting on the pistol range as he has no occasion to visit the pistol range and he explained one cannot observe the pistol range from the rifle range or from the target house as there is a concrete wall separating the pistol range from the other areas of the range. Mr. STIPP observed a photograph of SIRHAN SIRHAN

He did not observe this individual at the club while he was there. Mr. STIPP left the gun club at approximately 12 noon.

JAMES J. THORNBURGH,
provided the following information
to SA _____ and SA _____ after
identifying themselves as Agents of the FBI.

On June 4, 1968, THORNBURGH advised that he arrived at the San Gabriel Valley Gun Club, 4001 Fish Canyon Road, Duarte, California, at approximately 10:30 to 11:00 a.m. for the purpose of target shooting. THORNBURGH stated that he had just recently obtained a .22 caliber clip loaded Ruger automatic pistol and he wanted to practice with it. After paying the admission fee and securing his target, THORNBURGH stated that he took his place at a firing position closest to the range house. THORNBURGH stated that he thought this would be approximately gun position 22 or 23. He stated he saw an individual, who he described as approximately five feet six or seven inches in height, 135 to 140 pounds, dark curly hair, dark complexion, firing at a gun position to his left in an area, which he estimated to be around gun position 12 or 13.

At this time, THORNBURGH was shown a number of photographs, including a photograph of SIRHAN BISHARA SIRHAN, and THORNBURGH positively identified the photograph of SIRHAN as being the individual whom he saw at the range.

THORNBURGH further stated that the individual whom he identified as SIRHAN was at the range when he, THORNBURGH, arrived. THORNBURGH stated that he left the range at approximately 2:00 p.m. and to the best of his knowledge, SIRHAN had left the range sometime between 12 p.m. and 1 p.m. THORNBURGH said that during his time on the pistol range, he never recalled seeing SIRHAN talking to anyone along the firing line, never saw any

range personnel patrolling the firing area and did not recall seeing any woman on the range except for one girl, whom he could describe only as Mexican appearing and possibly in her twenties. He stated he did not recall seeing this girl in the area of SIRHAN, nor did he observe any conversations between them.

THORNBRUGH stated that one thing that sticks in his mind concerning SIRHAN was the fact that he was shooting more rapidly than others on the range and the fact that he was shooting from a rather unusual crouching position.

THORNBRUGH stated that he saw only one individual at the range whom he knew personally and that individual was MIKE HOLGATE.

BEN TROWER,

stated he and his friend, JIM LANGLOIS, drove to the San Gabriel Valley Gun Club, Duarte, California, on June 4, 1968. They arrived at approximately 3:15 p.m. and left about 4:45 p.m. Upon arrival they signed in at the Range Master's Shack and went directly to the rifle range where they fired from a position at about the middle of the range. About 3:40 p.m. a man and woman arrived in a blue 1965 or 1966 Chevrolet and parked to the rear of the rifle range. The man fired a rifle from a position three targets to their right. The woman remained in the car to the best of his knowledge, and it was his impression the woman was in her early 20's and had dark hair. He described the man as about 6', straight blond hair, 20 - 25 years, heavy build. This man left shortly before 4:45 p.m. He did not see the woman leave the automobile nor did he observe any other females at the range. He heard occasional shots from the area of the pistol range but could not recall seeing anyone in that area. He knew no one at the range other than recognizing the range master who was working in the general area of the rifle range.

TROWER viewed a photograph of SIRHAN SIRHAN and said to the best of his knowledge he has never seen the latter.

The following signed statement was obtained from
RUSSELL DOYLE WEAVER:

"Duarte, California
6/12/68

"I, RUSSELL DOYLE WEAVER, make the following voluntary statement to [redacted] and [redacted] who have identified themselves to me as Special Agents of the FBI.

"On 6/4/68, I accompanied a friend CHARLES MILLNER, [redacted] to the San Gabriel Valley Gun Club, Duarte, arriving there at approximately 11 AM. On arrival, we went to the range master to check in and to get targets. We then went to the pistol range portion, which basically runs east and west. We took a position on the right hand side of the pistol range, that is, the last target position to the east side of the pistol range.

There was one other person on the pistol range at that time. He was at the target position to the far left of the pistol range, that is, about the last or next to last target position to the west side of the pistol range.

"The range master asked this person to cease firing in order that we could put up our targets down range.

"I would describe this person as follows: A heavy set muscular person weighing approximately 220 pounds. He was white, male, approximately 6 feet tall, 24 or 25 years of age, olive complexion, black "kinky" hair resembling that of a person of Italian descent. He was wearing a dark blue turtle neck shirt with short sleeves. He had on shooters

"type 'ear muffs', appearing to be of some type blue cloth with fur on it, of a commercial nature. It was my impression only, that he might be a police officer, because he was orderly in handling his gun and ammunition and he appeared to be an experienced shooter. This person had two guns. One was a .44 magnum automatic, the gun he was then shooting and holding in his right hand. The other gun was a smaller automatic, blue in color, and which may have been a .22 caliber. This smaller gun was lying in a black 'satchel' type of case, one side of which folded down opening up the 'satchel'. He also had a small telescope which was mounted on a tripod resting on the bench. The scope was about a foot long and on the tripod, it stood about a foot tall.

"Approximately 10 minutes or so after our arrival, I went over to this person and asked that he cease shooting in order that we could go down and check our targets. It was at this time that I observed the small gun in his 'satchel' and the other details listed above. On one other occasion during the hour that we were there, I asked this person if he would again cease firing in order that we could check our targets

"Based on my observations of this person, I can definitely say that he is not identical with the person pictured in the photographs displayed to me by Special Agent . I did recognize the photographs as being the person identified in the newspapers as SIRHAN SIRHAN. I did not observe SIRHAN on the pistol range while I was there or anyone resembling him.

"While we were there, two male white persons arrived on the pistol range. They both spoke to the person at the west end of the pistol range and then took

"up a target position, approximately middle-ways between us, and about in the middle of the pistol range. I assume from their physical appearance that they were father and son. The younger individual was approximately 20 years of age and wearing an Army type fatigue hat, with civilian clothes. His build was small and he weighed about 150 - 160 pounds. He was approximately 5 foot 6 inches tall. The older man was between 45 and 50 years of age and weighed approximately 175 pounds. He was wearing a jacket and pants. His hair was 'salt and pepper' graying. I did not observe these individuals sufficiently to furnish any additional description of them: nor did I know either, or observe their mode of arrival. I did not notice any conversations between these 2 persons and the man on the west end of the pistol range other than when they first arrived, as mentioned above, which conversation I could not hear.

About 20 minutes later, a white male and female arrived at the range. I noticed them because she was the only female on the range and both had to walk near me to enter the rifle range. They both went over on the rifle range, where there were also other males, unknown to me, also firing on the rifle range. I did not talk to either of them. The man was a heavy set male, 45 to 50 years of age, weighing 175 to 180 pounds. The woman was about 18 to 19 years of age, 5 foot 2 inches to 5 foot 3 inches tall, with a slender build, weighing approximately 100 pounds. She had blond hair and was wearing a scarf. She was shooting a .22 caliber rifle. She had on slacks. This is all I can recall of their description. Neither of these two persons ever came over to the pistol range. I cannot recall anyone from the pistol range ever going over to the rifle range to talk with them.

4
1954
"While we were there, there were only five of us on the pistol range. We left about noon, going home. When we left, the man was still at the west end of the pistol range, and the other two individuals were still shooting at mid range. The man and woman who also arrived later were still at their position on the rifle range.

"I have read the above statement consisting of this and six other pages.

"It is a true and correct statement in every respect.

CLAUDIA JUNE WILLIAMS,
interviewed by SA

was

WILLIAMS supplied the following information:

On June 4, 1968, she and her husband, RONALD, decided to go to the San Gabriel Valley Gun Club, 4001 Fish Canyon Road, Duarte, California, for the purpose of target shooting. She stated that they left the children at a babysitter, MARGIE THROM, and then stopped by the Briar Patch Bar in order to obtain directions to the gun range as neither she nor her husband had ever been to the range before. After receiving directions, they proceeded to the general vicinity of the range until they met a Temple City Deputy Sheriff from whom they asked additional directions. She stated that she thought the Deputy Sheriff was named RON LANDER. She stated that they arrived at the range at approximately 3:50 PM.

WILLIAMS further advised that it was her intention to shoot a .22 caliber revolver which she had received for Christmas in 1966, yet had never fired the gun. At this point, WILLIAMS brought forth the gun which she said that she had taken to the range on June 4, 1968, and it was personally observed that the gun was a .22 caliber High Standard Double Nine nine shot revolver bearing serial number 1553884 and possessing bone or ivory colored handles. She stated that her husband had just recently purchased a rifle from the Gemco Store in La Puente, California, and it was his desire to practice with this gun at the range.

WILLIAMS brought forth the rifle which she said her husband had taken to the range on June 4, 1968, and it was personally observed to be a 30-30 caliber Marlin, Serial Number AC11147, capable of holding seven rounds of ammunition.

WILLIAMS further advised that upon arriving at the range and being informed by the Range Officer that the range closed for firing at 5:00 PM, she and her husband engaged in a discussion as to whether to go ahead and fire on the range after paying the admission fee since they were going to be able to fire for a relatively short time. She stated that she recalled saying something to the effect that she had had the gun for a long time and since they already were there, she wanted to shoot it today. She stated that her husband had told the Range Officer that she wanted to shoot the pistol and he wanted to go to the rifle range. After the attendant told them that they could not fire both weapons on the same range, they decided to proceed to the respective ranges and do some shooting. WILLIAMS then went to a firing position close to the range house and, as best as she can recall, it was around firing position 22 or 23. She stated that the Range Officer put her target in place for her and she started shooting.

WILLIAMS stated when she went to the pistol range, there was only one other individual on the range firing at a position about midway along the firing range. As best as she can recall, this individual was firing around position 9 or 10. After firing about 18 rounds, WILLIAMS stated she was having difficulty firing the gun and she called to the individual firing down the range from her and asked him if he knew anything about guns. The individual came over to her and proceeded to give her instructions regarding the firing of the gun, how to get a proper sight picture, and other basic fundamentals of firing procedure.

WILLIAMS described this individual as about 5'2" to 5'3" in height, 25 years of age, dark curly hair, small build, bare headed, wearing casual clothes, and appearing to be of Spanish or Italian extraction. At this

3

point, WILLIAMS was shown several photographs, including the photograph of SIRHAN SIRHAN, and WILLIAMS stated that the photograph of SIRHAN SIRHAN was definitely the individual whom she had seen and asked for assistance at the range.

She stated that after some discussion with SIRHAN about firing procedure, SIRHAN took her gun and fired about 18 or 20 rounds with it and then gave her further instructions on proper firing procedures. SIRHAN then asked her if she wanted to fire his gun. She stated that he had a small black or blue colored gun and was firing Mini Magnum shells. WILLIAMS stated that she did not know very much about guns and could not tell what make, model or caliber the gun was. She stated that she proceeded to shoot about two chambers of ammunition from SIRHAN's gun but that she did not know how many rounds the gun actually held. She stated that there was no one else on the pistol range at this time other than she and SIRHAN. She said that SIRHAN was at her position giving instructions and firing for approximately 20 minutes. She stated that while SIRHAN was still at her position, her husband returned from the rifle range and they engaged in a short conversation at that point, concerned mostly about SIRHAN's gun.

She further advised that they were at the range for a period of about one hour and, after being told by the Range Officer that firing had to cease on the range, she and her husband left for home. She stated that she and her husband had to make some preparations prior to leaving the range and she thought SIRHAN had left approximately five minutes before their departure. She stated that she did not observe any vehicle which SIRHAN may have been driving.

She stated that she had never seen SIRHAN before that time on the range. There was no one else on the pistol range except she and SIRHAN. She stated that their conversation had concerned itself entirely with firearms and that he made no reference to any future plans.

4
WILLIAMS stated after Senator ROBERT F. KENNEDY was shot at the Ambassador Hotel in Los Angeles, she saw a photograph of SIRHAN shown on television and she remarked to her husband that this was the same individual whom they had seen and talked with at the range. She stated she then called the LAPD and reported the incident.

Mrs. WILLIAMS provided the following physical description of herself:

Height	5'2"
Age	26 years
Date of Birth	June 8, 1942
Weight	110 pounds
Eyes	Green
Hair	Blond

She further stated that while on the pistol range, she was wearing her hair down, approximately shoulder length, was wearing pink tennis shoes, green levis and a pink sweater.

HENRY ESTRADA CARRILLO, Room Service Manager, Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, advised

CARRILLO advised at about 12:20 a.m., on the morning of June 5, 1968, he was sitting at his desk in the Room Service Office, when he heard what sounded like a gun shot from the Embassy Room Service Pantry. About one second later he heard a second shot and after about a two second delay, a series of about six shots. Immediately after hearing the series of shots, he ran through the kitchen employees' dining area and as he approached the entrance way into the Embassy Room Service Pantry, he observed one JUAN ROMERO, a hotel employee, holding Senator ROBERT F. KENNEDY in his arms. He recalled that Senator KENNEDY was lying on his back; however, he was unable to furnish any other details concerning that immediate area.

CARRILLO started back toward his office to call an ambulance, at which time he observed a tall heavy Negro man, whom he later learned was ROOSEVELT GRIER, leaning against a steam table with his hands against his head saying, "Oh no, oh no", several times. About six feet away from GRIER were three or four persons wrestling with an unidentified person. All CARRILLO could see was this unidentified person's arm waving a pistol with the surrounding persons attempting to grab the gun. At this time, many people began to converge on the area from the main lobby of the hotel and the Embassy Room.

CARRILLO finally ran back to his office, and as he arrived there someone was using his telephone. Therefore, he ran back to the Embassy Room Service Pantry

and observed several individuals, including KARL UECKER, Maitre d', EDDIE MANASTIAN Assistant Maitre d', and ROOSEVELT GRIER attempting to protect the individual who was waving the pistol several minutes before. CARRILLO stated that he attempted to get a look at the individual but could not due to the crowd of people around him.

At this time, NIWA YOSHIO, cook at the hotel, told CARRILLO that he should go get some rope in order that the above individual could be tied up. He ran to his office and obtained a segment of rubber extension cord and returned to the pantry. An unidentified person took the cord from him, then due to the fact that he was very nervous, CARRILLO returned to his office.

About three to five minutes later, he returned to the pantry and observed three uniformed Los Angeles Police Department officers escort the individual CARRILLO observed waving the pistol in the Embassy Room Service Pantry out of the pantry and into the Colonial Room located adjacent to the east end of the pantry.

CARRILLO furnished the following description of this individual:

Sex	Male
Race	White
Height	5'4"
Weight	140 pounds
Age	23 - 25 years
Build	Slender
Wearing Apparel	Light blue cardigan sweater with white T-shirt underneath. No further clothing observed.
Hair	Black and very curly
Weapon	Did not observe sufficiently to describe.

CARRILLO observed a photograph of SIRHAN BISHARA SIRHAN and stated it very closely resembled the individual he saw escorted from the Embassy Room Service Pantry after Senator KENNEDY was shot; however, he could not positively state that the above-described person was SIRHAN BISHARA SIRHAN.

LUIS ALBERTO DEL MORAL, was interviewed at the Ambassador Hotel where he has been employed as a banquet houseman for approximately ten years. He furnished the following information:

On June 4, 1968, he began work at the hotel at approximately 3 PM and continued to work at the hotel until approximately 1 AM on June 5, 1968.

He was working with JUAN M. ANGUIANO in the Regency Room of the hotel at approximately 12:15 to 12:30 AM on June 5, 1968.

Just before 12:30 AM, a man came running into the Regency Room and asked them where he could find a public telephone so that he could make an emergency call. This individual was carrying KENNEDY hand-out materials in his hand and was very upset and excited. DEL MORAL told this man that there was no phone in the Regency Room and he would probably find one in the lobby. A few moments later, he observed that this same individual was being held by the arm by one of the uniformed security officers employed by the hotel. He advised that the security officer was a Negro male and he believes that he had an Ace Guard Company uniform. He described the individual who came in looking for a phone as being a White male, 21 to 23 years, dark wavy hair, olive or tan complexion, wearing sweater (color not recalled), gray pants, and a white or blue shirt.

Shortly after this incident, he heard that Senator ROBERT F. KENNEDY had been shot near the Embassy Room.

He was shown a photograph of SIRHAN BISHARA SIRHAN and he advised that he has seen SIRHAN's photograph in the newspaper as well as having seen SIRHAN on television. He stated that he does not recall ever having seen SIRHAN at any time prior to having seen him in the newspaper.

KENNEDY. He stated that he left the hotel at approximately 12:30 a.m., and did not stop in the kitchen area prior to departing.

ROGELIO DIAZ,
furnished the following voluntary signed statement:

"June 11, 1968

"Los Angeles, California

"I, Rogelio Diaz, give the following free and voluntary statement to [redacted] who has identified himself to me as a Special Agent of the F. B. I. I have been advised that I do not have to make a statement and any statement I do make can be used in a court of law. No promises or threats have been made to induce me to make this statement.

[redacted] I am employed as a bus boy at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, and have been so employed for the past ten years. I can read and write the English language.

"On June 4, 1968, I came to work at 5:00 p.m., and was working out of the kitchen covering primarily the Embassy Room and the Colonial Room. About midnight on June 4, 1968, I was standing between the pantry and the kitchen when I observed Senator Robert F. Kennedy, accompanied by his wife and a number of other people walk through the kitchen area and go into the Embassy Room where Senator Kennedy gave a speech.

"About twenty to twenty-five minutes after entering the Embassy Room, Senator Kennedy came back out of the Embassy Room into the pantry

area. I was standing between the pantry and the kitchen, about ten to fifteen feet from Senator Kennedy when I heard several loud noises which sounded like shots. At that time Senator Kennedy was shaking hands with the two cooks and I saw him double up and fall backwards to the floor. A large crowd of people immediately gathered around him and then I saw three or four men wrestling with a man who had a gun in his right hand. The man with the gun was standing about eight or ten feet from Senator Kennedy and was a young man about twenty or twenty five years of age. He was wearing a blue sports coat. I just got a glimpse of the side of the man's face and could not identify him from that quick glance other than to say he was a young man. I also noticed the man had a lot of black hair which appeared uncombed. The only man I recognized who was wrestling with the man was Carl Yucker, the banquet captain. I recall seeing the same man about twenty minutes prior to that time as he was walking into the Colonial Room. The man was alone and I only saw him from the rear, but I recognized him because of the same blue sport coat.

"The men who were wrestling the man with the gun were near the steam tables and they finally got the man on the steam table and held him down. My attention was then directed again to Senator Kennedy who was lying on the floor. I saw blood on his stomach and on the right side of his head. Then the crowd of people moved in around Senator Kennedy and I didn't see him anymore. I then returned to the kitchen area and did not see either Senator Kennedy or the man with the gun again.

"I have seen a photograph of Sirhan Sirhan and I do not know him. Further, I can not positively say he was the same man I observed with the gun the night Senator Kennedy was shot. I do not recall ever seeing anyone resembling Sirhan Sirhan in or around the hotel

prior to the time of the shooting. I have red
the above statement consisting of this page and
three other pages and declare that same is
entirely true.

ANDREW DIVYAK, Chief Steward, Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, was interviewed at his place of employment and furnished the following signed statement:

"Los Angeles, California
6/13/68

"I, Andrew Divyak, Chief Steward, Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, voluntarily furnish the following signed statement to Special Agent of the Federal Bureau of Investigation, who has identified himself by display of his credentials.

employed by the Ambassador Hotel since 1950, except for a short period of time from late 1965 until April, 1966. From 1950, until late 1965, I was employed as Purchasing Agent, and since April, 1966, I have been Chief Steward at the Ambassador Hotel.

"I recall the following events that occurred in the Ambassador Hotel during the late evening hours of June 4, 1968, and the early morning hours of June 5, 1968:

"Shortly before twelve o'clock midnight on June 4, 1968, I was sitting in the kitchen employees' dining room adjacent to the Embassy Room Service Pantry. I was sitting with Jesus Perez, hotel employee, and a hotel security guard whose name I do not recall. As we sat at the table, I saw Senator Robert F. Kennedy and other persons walk through the dining room and proceed to the Embassy Room.

"I remained at the dining table figuring my work schedule when at about 12:15 a.m., June 5, 1968, I heard what sounded like three firecracker explosions. About two seconds later, I heard a burst of about six more firecracker explosions. As best I can recall, there was about one second delay between the first and second explosion, and about the same length of time between the second explosion and series of about six bursts. I looked up to see what made these noises and saw small lines of smoke coming from the Embassy Room Service Pantry.

"Immediately I arose from the table, ran into the pantry, and stood next to a metal tray stand across from a row of chrome steam tables. I saw two white male Caucasians wearing Kennedy campaign sportcoats and top hats standing on each side of a slender built male who appeared to be of Cuban descent standing against the steam tables. This person waved a pistol with his right hand, thus I yelled out to the effect, let's get him. The two men in the Kennedy campaign clothes grabbed the person waving the pistol before I did, and in the confusion, someone jumped ahead of me before I could reach him. However, I was able to observe his face and the pistol he held in his hand.

"By this time, several persons had shoved the above person against the steam tables, and had him sprawled over the table; but he was still waving

3

the pistol. I ran around to the other side of the steam tables in attempt to get the gun but too many people blocked my path. As I turned, I observed Senator Robert F. Kennedy lying on the floor of the Embassy Room Service Pantry. I ran to the Room Service desk to call for an ambulance; however, the phone was being used. I then ran to the Room Clerk's Office in the main lobby, but his telephone was also in use. Unable to locate an unused telephone, I ran back to the Embassy Room Service Pantry.

"Senator Kennedy was still lying on the floor; however, the person waving the gun had been moved down to the east end of the Service Pantry and was being held against the steam tables. I walked down toward where the individual was being held and saw Karl Eucher, Maitre D'Hotel, and Eddie, last name unknown, Assistant Maitre D', along with a tall heavy Negro in a maroon sportcoat, holding this individual against the steam tables.

"Eddie asked me to go get some rope in order that they could tie this individual up. I turned to go find some rope, however, I saw some Los Angeles Police Department officers enter the pantry. From that point, I assisted the police department and ambulance crews load the wounded individuals (total of four including Senator Kennedy), onto the service elevator and out of the hotel.

"I did not observe the police officers take the above individual who waved the pistol from the Embassy Room Service Pantry; however, as stated, I did observe him when I ran into the Pantry after hearing the above described explosions. The following is a physical description of that person:

4

"Nationality	Cuban descent
Sex	Male
Age	30
Height	5'3"
Weight	125 - 135
Build	Wiry, thin
Complexion	Slate grey, rough
Hair	Black, bushy
Clothing	Coat, jacket or sweater, color unknown, open in front; trousers and shoes - color unknown.
Weapon	Seven inch in length pistol with small short round barrel bluish black in color. Stock appeared to be brown as if wooden. Could not determine exact caliber or whether an automatic or revolver.

"After assisting the police and ambulance crew with the last person to be taken to the hospital, I secured my work schedule and waited until about 1:50 a.m., at which time I gave a Los Angeles Police Department officer my name and address for future reference.

"I have been shown a photograph of Sirhan B. Sirhan and positively identify it as that of the above described person whom I saw waving a pistol in the Embassy Room Service Pantry about 12:15 a.m., on June 5, 1968, and who I attempted to apprehend together with several other persons in the room. I have seen Sirhan B. Sirhan's photograph in the newspapers and it is also the same person I have previously described on page five of this statement.

"I have read the above six page statement
and it is true to the best of my knowledge.

PEREZ advised that he has worked at the Ambassador Hotel in Los Angeles since the year 1955, and that he is presently working the 4:00 p.m. to midnight shift working in the kitchen.

PEREZ advised that he was working this shift on the date of June 4, 1968, and that shortly before midnight, or approximately 11:30 p.m., June 4, 1968, he and several other kitchen employees were standing in the pantry watching the happenings connected with the victory speech of Senator ROBERT F. KENNEDY. PEREZ stated that approximately one half hour before midnight, the man who was later identified to him as SIRHAN SIRHAN, was also in the pantry of the Ambassador Hotel and appeared to be just another curious onlooker waiting to get a glimpse of the celebrities.

He stated that SIRHAN asked him and the other kitchen employees three or four times if they were sure that Senator KENNEDY would pass that way as he left the Embassy Ballroom. PEREZ advised that he simply told SIRHAN that he did not know.

JESUS PEREZ.

who is employed as a bus boy in the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, was interviewed in the Spanish language by SA and he advised that he could not make any statement concerning the things that he had witnessed on the night that Senator ROBERT F. KENNEDY was shot.

He stated that he had appeared before the County Grand Jury of Los Angeles on the morning of June 7, 1968, and had furnished a sworn statement of the things that he witnessed at the Ambassador Hotel. PEREZ advised that the foreman of the Grand Jury had instructed him that under no condition was he to repeat anything that he had told the Grand Jury to anyone else.

PEREZ advised that he realized the identity of the interviewing Agents but that he felt that he must obey the instructions given him in Los Angeles County Grand Jury, and that he could not make any comment or furnish any signed statement.

PEREZ stated that SIRHAN was just standing around waiting as was everyone else, but that he did notice that he, SIRHAN, had some type of papers in his hands and that he was folding them or twisting them in some way, which gave the impression that he was nervous.

PEREZ advised that about 15 or 20 minutes after midnight, or approximately 12:15 a.m., June 5, 1968, Senator KENNEDY and his party left the Embassy Ballroom and entered the pantry where he and the others were standing. He stated that all of the people in the pantry, including himself and his fellow workers, pressed forward to greet the Senator and attempted to shake his hands and meet him. PEREZ stated that he was shaking the Senator's hand, or rather the Senator was just letting go of his hand after having greeted him, when he heard a noise which sounded to him like a gun shot or a fire cracker. He stated that he turned his head and saw the man later identified as SIRHAN SIRHAN, waving his arm with an object in his hand, which PEREZ recognized as a revolver. He stated he saw the individual with the gun fire several more shots just as several men grabbed him in an attempt to subdue him and take away the pistol. PEREZ stated that his first thought was that the man was simply making noise and waving his arm to get people out of the Senator's way, but that he quickly realized that he was actually firing the gun. He stated that after seeing the man partially subdued by others, he turned to look back at Senator KENNEDY and saw that both the Senator and one other individual had fallen to the floor.

PEREZ advised that at this point many people crowded around KENNEDY and that he, PEREZ, backed up slightly into the crowd to make room for those who would have to care for the wounded. He stated that everyone was yelling and milling about and calling for the police and an ambulance, and that in a few minutes the ambulance came and the Senator was taken out.

PEREZ recalled at this point that when he had seen SIRHAN prior to the shooting in the pantry, he appeared to be alone and that at no time did he, PEREZ, see anyone else who appeared to know or be accompanying SIRHAN. PEREZ stated that while SIRHAN was shooting the last several shots he appeared to be saying something, but that he, PEREZ, could not make out what SIRHAN said because of the noise of the crowd. He further stated that after having seen SIRHAN subdued by other men, he did not see him again.

PEREZ stated that he had no idea how many people had actually been in the pantry and hall during the shooting inasmuch as everyone, including the press and the onlookers, had been coming and going during the entire evening.

PEREZ advised that shortly after the ambulance had taken Senator KENNEDY away, a detective from the Los Angeles Police Department took him to the Rampart Division Office in Los Angeles where he was interviewed and then taken to the hotel from where he proceeded to his home.

PEREZ advised that he had appeared before the Los Angeles County Grand Jury and that he had identified a photograph of SIRHAN SIRHAN as being the same individual that he saw shooting the gun in the pantry at the Ambassador Hotel. He stated that should he recall any further information that he feels would be of interest to the FBI, he would immediately contact the Los Angeles Office.

Mr. REDMIER advised that on the night of June 4, 1968, he was on duty in the public address booth of the Embassy Room at the Ambassador Hotel and could observe the activities of the room through a two-way mirror in the booth. He stated that after Senator KENNEDY had finished talking, he believes the Senator left the stage through the doors at the rear of the podium but that there were so many people blocking his view that he could not see the Senator clearly after he left the podium. Shortly after the Senator apparently left the podium, he heard a woman scream, "He's been shot!" Two large men ran onto the podium and, through the microphone on the podium, shouted, "Clear the room!" Shortly after, one of these men, through the same microphone, shouted, "Turn out the lights!" Almost immediately most of the lights went out, however, some of them remained on and REDMIER went to the switchbox on the standard located on the opposite side of the podium from the two swinging doors leading into the corridor to the rear of the Embassy Room pulling the switch and darkening the entire Embassy Room. REDMIER then went to the National Broadcasting Corporation (NBC) truck parked in the main driveway off of Wilshire Boulevard to the rear of the Embassy Room location and, at this point, saw someone being carried on a stretcher from the rear of the Embassy Room.

Mr. REDMIER advised that he saw nothing further concerning the incidents surrounding the shooting of Senator KENNEDY and, after observing a photograph of SIRHAN BISHARA SIRHAN, stated that, to his knowledge, he has never seen this individual in person.

SOLOMONIDES told this individual that he could not enter the rear door of the restaurant, that he would have to proceed to his destination through the lobby. The above-described person smiled, said nothing, then walked out the front entrance. About ten minutes later, this same person again attempted to enter the pantry door, however, SOLOMONIDES again stopped him. As before, no conversation took place, as this person again exited the front door.

SOLOMONIDES stated he did not have any further contact with either of the above-described individuals, and he closed the restaurant at about 11:15 PM. SOLOMONIDES immediately went home where he learned of the shooting of Senator ROBERT F. KENNEDY on television. SOLOMONIDES could furnish no information of value in this investigation and advised the second-described person positively was not SIRHAN B. SIRHAN. She takes requests from customers who need linen or maid service. On Monday, June 3, 1968, between 9:30 PM and 9:45 PM, she was sitting at a desk in her office completing paper work. She looked up from her work and she observed two men in the room. The taller of the two men walked past her and peered into the Executive Housekeeper's Office. The shorter man stood facing her and the taller remarked, "We are impressionable young men and we would like to see Mr. Kennedy". VENABLES was exhibited three photographs of SIRHAN SIRHAN and she advised she could not state that he was one of the individuals she observed at the hotel on June 3, 1968. VENABLES did state that the taller individual had hair similar to that of SIRHAN and the length of the sideburns on the taller man was about the same length of those on SIRHAN. She did not recall the man speaking with any accent and, to her knowledge, only JULIO and herself observed these men.

She returned to work on June 6, 1968, after Senator KENNEDY had been shot and she again mentioned to KORTHOFF the fact that the two men had been in her Linen Room on June 3, 1968. KORTHOFF asked her if she had reported this to the police but she informed him that she had only reported the incident to him.

"I have been advised that I could be required to appear before a court of law.

"I was born _____ and arrived in the United States approximately five years ago.

I _____ and have been employed as a cook at the Ambassador Hotel since January, 1968. On June 4, 1968, I was working from 5 PM to 1 AM on June 5, 1968 in the 'coldmeat' department in the kitchen. I don't remember exactly at what time but it was shortly after 12 midnight when I heard a noise which sounded like a 'snap' of a party streamer. There were about five 'pops' or 'snaps' which did not sound like a gun.

"I ran from the kitchen, my station, to the Embassy service pantry. I saw a lot of people screaming and crying. I saw people holding a man who had a gun in his hand. I ran over to them and tried to reach over the steamer counter to grasp his arm but someone

"else held on to him and pulled him away further down along the service pantry and onto another steamer counter. Just before this they took the gun away from him. After this I held his arm for a short time but don't remember how long. Someone said to get a rope. So someone else took his arm while I went for a rope. I ran to the room service but didn't get a rope and came back to hold the man's arm again. I held his arm until the police arrived.

"While I did not see the shooting occur when I ran into the service pantry I heard someone say 'they shot him' and all I could think of was Senator Kennedy. I did not know the size of the gun but it was small and dark.

"The man I was holding was about 5 feet 3 or 4 inches and 'skinny'. He had wavey hair but I can't remember the color only that it was long. He had small eyes, thin lips and dark complexion. He wore a white shirt, no tie, and light blue jacket.

"I will never forget his face even though I have never seen him before. I do not know if he was with anyone else at the hotel.

"During the time I held him I did not hear him say anything.

"I have read the above statement consisting of this and two other pages and I have initialed each page and it is true and correct to the best of my knowledge.

Date 6/17/68

RONALD T. BENNETT.

furnished the following information with respect to his observations and knowledge of the assassination of Senator ROBERT F. KENNEDY on June 5, 1968:

He was given the assignment on June 4, 1968 to take photographs of Senator ROBERT F. KENNEDY at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, and at approximately 10:00 p.m. that evening he went to the Ambassador Hotel. He parked his car in the rear parking lot of the hotel and entered the hotel by the north main entrance. He then proceeded to look at the ballroom and other areas in the hotel to determine the possible position of the Senator and camera angles he could photograph him from to his, BENNETT's, best advantage. He had a drink at the bar and then proceeded to the Fifth floor, where the KENNEDY suite was located and met an associate UPI photographer named DAVE KENNERLY, who was also covering the KENNEDY rally. He advised that on the left side was Senator KENNEDY's private room while to the right was a larger room containing a bar and many people. He and KENNERLY then milled around and he, BENNETT, shot some photographs of KENNEDY in the larger room where the bar was located. He recalls also that GLENN FORD was in this room and he thinks he obtained several shots of FORD talking with Senator KENNEDY.

Senator KENNEDY then left the larger room and retired to his bedroom, so he, BENNETT, followed him to see where he could get a better photograph of KENNEDY alone. He observed Senator KENNEDY standing by a dresser mirror reading a newspaper, and catching glimpses of the television coverage of the primary election results. He then asked the Senator if he could shoot a picture in the mirror of him and the Senator replied, "No not in my bedroom for Pete's sake". At that time

On 6/13/68 at Los Angeles, California

- 347

one of the Senator's public relations men, named DICK TUCK, entered the room and berated BENNETT for attempting to photograph the Senator in his bedroom. TUCK then went into the hallway and made a joke of it to several of the other members of the press and photographers who were there.

He, BENNETT, waited in the hallway for approximately ten minutes for KENNEDY to leave his bedroom and go downstairs to the ballroom where the rally was taking place. KENNEDY did leave the bedroom and he proceeded toward the elevator. Since there was too large a crowd at that location for him to take any photographs, he and DAVE KENNERLY, who was with him at that time, ran down the stairs to try to get a photograph of Senator KENNEDY as he was disembarking from the elevator. He did not observe that the Senator disembarked from the elevator, but he noticed everyone who was downstairs, and also waiting for the Senator, leave the area and start toward the ballroom. He then recalls that someone said, "Here he comes.", referring to Senator KENNEDY and he observed the Senator approach the area of the ballroom.

BENNETT advised he was able to mount the platform directly behind ETHEL KENNEDY, while the rally was taking place. He took five or six photographs from that position with his wide angle 35mm Nikon, using Tri-X black and white negative film. He stated that one of these photographs was subsequently published as a UPI news photo.

Senator KENNEDY then made his speech and during this speech the pressures of the crowd kept shoving him into ETHEL KENNEDY and his camera jammed her in the back. She complained to several of the KENNEDY aides who were present and the next thing he knew, ROOSEVELT GRIER grabbed him from behind, placing one hand around his stomach, so as to prevent him from being pushed into Mrs. KENNEDY.

When Senator KENNEDY finished his speech, he proceeded to shake hands with several people in the crowd and signed some

autographs. He, BENNETT, thought that the Senator would leave the ballroom by going to his right, however, he left the area through some curtains, which were behind the podium. This led into the kitchen area and he, BENNETT, proceeded to follow as fast as he could. There were one or two individuals between himself and Senator KENNEDY as the group was making its way through the kitchen. Just as he, BENNETT, passed the metal doorway leading to the kitchen area, he heard what he later learned were five shots. At that time, he had the impression that firecrackers were going off. He does not recall the pattern of the shots that were fired, but they were very rapid. He does not recall seeing Senator KENNEDY fall to the ground, but as soon as he heard the shots being fired he, BENNETT, immediately dove to the floor. Directly to his right was a businessman, PAUL SCHRADE, who was struck in the head by one of the bullets. At that time he recalls seeing some greyish smoke in the air, but this was only an impression and he does not know specifically where the smoke came from. He then ducked behind a small doorway on the right side of the kitchen doorway, where he saw several people lying on the floor. He automatically started to shoot photographs of everything he saw.

He recalls he shot several photographs of Senator KENNEDY while the Senator was lying on the floor, and then he recalls he shot four or five photographs of SIRHAN BISHARA SIRHAN. During this time, he also observed someone limping through the crowd and heard this individual say something, but he does not recall specifically what it was. He does not recall seeing Mrs. KENNEDY, however, upon observing some of the photographs that he shot she was in these photographs. He does recall her telling the crowd to move back and to give "him", referring to Senator KENNEDY, some air.

He then jumped up on the kitchen counter and took some photographs of the suspect from that angle. At that time SIRHAN still had a gun in one of his hands and several people seemed to be on top of him, either punching him or hitting him. PIERRE SALINGER then jumped up onto the counter

and pushed him off of it. He recalls that SALINGER was crying at the time and was very upset with him for shooting photographs of Senator KENNEDY and SIRHAN. SALINGER also became angry with a woman photographer, whom he knows only as VIRGINIA. He recalls VIRGINIA had one of the KENNEDY aides, name unrecalled, tell him, BENNETT, not to shoot any more pictures.

As SIRHAN BISHARA SIRHAN was being removed from the kitchen area, he, BENNETT, shot some more photographs of him. At that time, one of the KENNEDY aides attempted to get the ambulance driver to throw him, BENNETT, out, evidently thinking that the ambulance driver was a policeman. He recalls seeing another photographer by the name of RICHARD DREW standing near him and they exchanged a few pleasantries the nature of which he does not recall.

At that time Senator KENNEDY was still on the floor and several people were about him. Several policemen were also on the scene and they started to block off the area, thereby isolating the Senator from the crowd. He, BENNETT, was able to barge through several policemen and retrieve his Los Angeles Police Department and Los Angeles Sheriff's Office press pass, which had been knocked to the floor approximately two to three feet from Senator KENNEDY's outstretched legs, when he, BENNETT, was pushed from the counter by PIERRE SALINGER.

The ambulance drivers then began to remove Senator KENNEDY from the kitchen area, however, he did not wait to see the Senator placed in the ambulance, but instead ran to a telephone and called his office, telling his supervisor, GLEN WAGNER, what had occurred.

He then ran out to the rear parking lot of the Ambassador Hotel to look for his car, but he could not find it for five or ten minutes. When he got his car started, the police had the area barricaded, so he parked his car, leaving

some of his camera equipment in it, and then ran toward Eighth Street, which is the street directly to the south of the Ambassador Hotel, and after showing his press pass to a policeman was able to get through the barricaded area. He then stopped about three automobiles and asked the drivers for a ride, but no one would give him one, until three girls in a sportscar came along and consented to give him a ride to his office. A police car then pulled alongside them and he was able to ask them to give him a ride to his office. He climbed into the police car and they were about to proceed to his office, which is some distance from the Ambassador Hotel, when the policemen told him they could not leave the area. He then disembarked from the police car and found a pay telephone and was able to call his supervisor, GLEN WAGNER, and ask him to send someone to pick him up. At that time a taxicab came by, so he hung up the telephone and hailed the taxicab, and immediately proceeded to his office.

He recalls that he took a total of two and a half rolls of 35mm film, thirty six exposures of film to a roll, however, one of the rolls did not turn out due to an error in threading it while at the Ambassador Hotel. All the photographs were developed by HOWARD DECKER, who was then at the UPI office. BENNETT stated that all the photographs that appeared in the newspapers were UPI photographs taken by him and the negatives of these photographs were immediately forwarded to Mr. CLIFF MC DOWELL, Vice President, UPI Newspapers, 220 East 42nd Street, New York City.

BENNETT advised that the above information is true and correct to the best of his knowledge. He further advised that he does not recall seeing a young female caucasian in a polka dot dress at any time on June 4 or 5, 1968 at the Ambassador Hotel, principally in the kitchen area, just before or after Senator KENNEDY was shot.

HANS PETER BIDSTRUP advised that he is an Electrician in the Maintenance Department of the Ambassador Hotel in Los Angeles, California.

Mr. BIDSTRUP advised that he arrived on duty at the hotel at approximately 8:00 AM on Tuesday, June 4, 1968, and left the hotel at approximately midnight the same date. He stated that he left the hotel before the shooting of Senator KENNEDY and had no first hand knowledge of the happenings involved in this incident.

Mr. BIDSTRUP was shown a photograph of SIRHAN BISHARA SIRHAN and asked if he had seen this individual prior to the shooting of Senator KENNEDY. Concerning his knowledge in this respect, he furnished the following signed statement:

"Los Angeles, Calif.

June 10, 1968

"I, Hans Peter Bidstrup, make the following voluntary free statement to _____ who has identified himself to me as a Special Agent of the FBI.

"My name is Hans Peter Bidstrup. I was born _____ on _____ I reside at _____ I am employed as an electrician in the Maintenance Dept. of the Ambassador Hotel.

"On the night of June 4, 1968 I was the standby electrician in the sound booth at the Rafferty Party in the Venetian Room at the Ambassador Hotel. At about one hour before I went off duty, which would be about 11 p.m. a man wandered into the booth.

On 6/10/68 at Los Angeles, California

- 352 -

"He sat down on a spool of wire. He had a drink in his hand. I am not a drinking man, so I don't know what kind of a drink he had but it was clear with a milky white cast and had in it what appeared to be a piece of lime and a small red object which looked like a piece of red candy to me. It was round on one side and flat on the bottom.

"As best I can recall this man began the conversation by saying 'I'm a Democrat'. He asked me if I was a Democrat and I replied that I was. He then asked me what I was doing, or what my job was. I told him I was an electrician and possibly I went into a little detail as to what my duties were.

"Also, after I had told this man I was a Democrat he held out his hand and shook hands with me. He then inquired something to the effect as to whether Senator Kennedy was going to be at the hotel that night. I told him I thought he was. The man appeared to be drinking, he did not appear intoxicated, but drinking just enough to be talkative. For this reason I did not pay too much attention to the sequence of the conversation & cannot remember the exact words, for the most part, used by this individual.

"This man asked in what room or on what floor Kennedy was staying, when Kennedy was coming in or if Kennedy was then in the hotel. I don't remember that I knew at the time so I couldn't tell him. The man made some inquiry concerning Kennedy's security. I think it had to do with whether or not Kennedy had bodyguards. Although I'm not sure it was as direct as this but this is the impression I have recalling it now.

"While we were talking, a Los Angeles fireman in uniform came into the booth. The man stopped his conversation and seemed to take

"particular attention of the fireman. He asked the fireman what he was doing or what his capacity was. The fireman explained to the man that he was a fireman and was there for crowd control and fire security. The man appeared to take less interest in the fireman after this.

"The fireman left shortly thereafter. The man also asked when Kennedy was going to come to the hotel. I didn't know.

"The fireman left and returned a short time later, staying a few minutes & left again. It was about this time that the man left. About the same time as the fireman left. However, I don't recall if the two left together, or if the man left before or after the fireman.

"The sound booth was in an isolated section of the Venetian Room. The man came alone and did not meet anyone outside the booth and to the best of my knowledge was alone.

"The man who talked to me in the sound booth looks very much like the photo of Sirhan Sirhan shown to me by SA

"I had, prior to the time that I talked to SA [redacted] seen pictures of Sirhan in the newspaper but the description of Sirhan in the newspaper stated Sirhan had an accent & the man I talked to had no accent. So, altho I was struck by the similarity between the newspaper photos of Sirhan and the man I talked to, because of the accent ascribed to Sirhan by the newspaper, I did not mention the incident to the authorities.

"The man I talked to in the sound booth in the Venetian Room I would describe as follows:

ELMER M. BOOMHOWER, employee of the Ace Guard Service, Granada Hills, California, was interviewed at his residence. He advised that he was on guard duty at the Ambassador Hotel on the evening of June 4, 1968, starting at 6:00 p.m. Prior to taking up a position on the fifth floor in the vicinity of the KENNEDY suite (the Presidential suite of the Ambassador) WILLIAM F. GARDNER, Security Officer of the Ambassador, had displayed to him an orange-colored pamphlet with black lettering which bore the caption, "Kill KENNEDY." GARDNER then instructed him not to permit the passing of such pamphlets in the area where he, BOOMHOWER, was working on the fifth floor that evening. BOOMHOWER said he could not recall any other specific details concerning the pamphlet except that it had some kind of insignia indicating the source of the pamphlet.

-- BOOMHOWER also stated that among the persons he had permitted to enter the KENNEDY suite earlier on the evening of June 4, 1968, were the following CBS and newspaper men:

Mr. BRUNO
Mr. BARRY
Mr. TUCK
Mr. SMITH
Mr. DUTTON

He stated that possibly a Mr. DRAIN (phonetic) had also entered the suite. He said he was not aware whether any of these individuals were in the Embassy Room at the time that Mr. KENNEDY was shot in the early morning hours of June 5, 1968.

THERESA L. CHRISTIANSON,
was interviewed at this location and furnished
the following information:

She is sixteen years of age, having been born
March 29, 1952, at Santa Monica, California. At approximately
3:30 p.m. on the evening of June 4, 1963, she arrived at
the Ambassador Hotel, Los Angeles, accompanied by her girl
friend, MYONN HYMER,

for the purpose of attending a celebration for
Senator ROBERT F. KENNEDY, candidate in the California
Presidential primary.

As CHRISTIANSON was standing near a metal bar
(serving alcoholic beverages) toward the rear of the
southwest portion of the ballroom, she became aware of a
male individual standing immediately behind her, less than
one foot away. Although she did not look this individual
directly in the face, she observed his face by looking in
a mirror approximately four feet in front of her behind the
bar. CHRISTIANSON noted that she and this individual were
the only ones in the immediate area, and she thought it odd
that he would stand so close to her. CHRISTIANSON believes
that this man stood behind her for between four to five
minutes. During the entire four or five minutes, she
observed this man in the mirror. She felt a hard object
brush against her right hip, approximately waist high, and
feels that this object was either a belt buckle or something
in the man's pocket. At this point, CHRISTIANSON stated,
"Would you please move?," and the man replied only, "Yes,"
in a nervous voice and walked toward the east side of the
ballroom, disappearing from CHRISTIANSON's sight.

CHRISTIANSON advised that she has mentioned the
above individual to HYMER and that HYMER told her that she
did not see the man. CHRISTIANSON further noted that the
bartender at the nearby bar had gone to get some Coke for

the Coca Cola machine, otherwise she would have requested the bartender to ask the above male individual to move away from her.

CHRISTIANSON recalled that this male individual was approximately the same height as herself, namely 5'5", and that his overall appearance was unkempt and out of place at the hotel. She could not recall the man's dress, other than that his clothing was light colored; that he was not wearing a sport or suit type coat, and that his shirt was open at the collar.

CHRISTIANSON indicated that she had seen photographs of SIRHAN BISHARA SIRHAN displayed by the news media and she believes the individual she observed at the hotel very closely resembles these photographs of SIRHAN.

CHRISTIANSON further described the above individual as follows:

Race	White
Sex	Male
Complexion	Dark
Age	Middle to late 20s
Height	5'5"
Weight	140 pounds
Build	Slender
Hair	Black, medium length and wavy
Eyes	Brown
Voice	Medium tone and nervous

On June 11, 1963, CHRISTIANSON was shown glossy photographs of SIRHAN.

and a left profile view of SIRHAN taken sometime after the shooting of KENNEDY on June 5, 1963. After viewing these photographs, CHRISTIANSON again advised that the individual she observed at the Ambassador Hotel on June 4, 1963, very closely resembles the photographs of SIRHAN.

CHRISTIANSON noted that she and her girl friend, HYMER, left the hotel between 10:15 p.m. and 10:30 p.m. arriving home at approximately 11:00 p.m. and did not further observe the above-described individual at the hotel.

Mr. RICHARD EDWARD DREW furnished the following information:

He was assigned as a photographer to cover the KENNEDY function at the Ambassador Hotel on June 4, 1968.

He took no photographs of the actual shooting of Senator KENNEDY or of suspect SIRHAN SIRHAN. His photographs taken at the scene were made immediately after the shooting occurred. He recalled seeing suspect SIRHAN SIRHAN struggling with several people immediately after the shooting, but he can not, of his own recollection, identify SIRHAN as the individual who did the shooting or as the individual struggling with members of the crowd around KENNEDY after the shooting.

He recalled seeing the individual later identified as suspect SIRHAN, struggling with several people, two of whom were ROOSEVELT GRIER and RAFAEL JOHNSON. He did not take photographs of the struggle inasmuch as the light was not sufficient for his photography and he was concentrating on photographs of Senator KENNEDY.

Mr. DREW made available three copies of photographs taken of Senator KENNEDY immediately after the shooting. Mr. DREW stated that the negatives of these particular shots are being retained by the paper on the advice of counsel, and copies of additional shots made at the same time will be made available in the near future.

Mr. DREW was unable to recall the exact time that the above photographs were taken. He remembered that the shooting occurred shortly after midnight on June 5, 1968, at the Ambassador Hotel. After he arrived at the hotel and went to the Embassy

Room he scouted the area in an effort to determine the entrance and exits which Senator KENNEDY might utilize. He decided that the most logical exit and entrance would be from the kitchen area into the Embassy Room.

He recalled seeing HAL FILAN and WALLY FONG of the local office in the Embassy Room. He does not recall seeing them in the kitchen area where the Senator was shot.

He recalled that Senator KENNEDY came on to the podium in the Embassy Room for a speech. Mr. DREW took photographs of KENNEDY from the stage. Mr. DREW then left the stage and went behind the podium into a hallway and down to a small room. He was looking for a sandwich at the time. He recalled that this might have been a press room. He found a sandwich and then went back out into the Embassy Room. He went around the room to the television stands behind the crowd and took some additional pictures. He then went into the kitchen area and asked for water. He got a glass and filled it with ice from the ice machine. He recalls standing in the kitchen talking with Reporter BORIS YARO of the Los Angeles Times. During the time he spent in the kitchen looking for water, he recalled that he walked almost to the back of the kitchen and then returned to stand with YARO near the entrance of the kitchen. They heard that Senator KENNEDY was coming off the podium. At this time, he handed his glass of water to one of several KENNEDY girls that were standing inside the entrance to the kitchen area so that he could be ready to take photographs. Senator KENNEDY came into the kitchen area and passed Mr. YARO, and then approached DREW. Senator KENNEDY smiled and passed Mr. DREW who followed him. Mr. DREW's next impression was of a "movement of people in the far end of the kitchen." He heard a noise similar to a firecracker and then saw smoke. He looked up and "saw an arm with a gun pointed at me." He ducked. Mr. DREW recalled that after he saw the smoke he noticed Senator KENNEDY's head sink.

He remembered hearing two shots, then a pause and then three more shots. There may have been more shots, but this was his impression at the time. Immediately thereafter, people began pushing DREW back and he saw others lowering Senator KENNEDY to the floor. The coat he was wearing was splashed with drops of blood. At this point, he realized he was a photographer and began taking photographs. He recalls taking some photographs from the top of a nearby serving table. He recalled that some other photographer took a photograph which showed Mr. DREW on the serving table taking photographs.

Mr. DREW stated that he is retaining his sport coat in a safe condition and with the blood spots still on it in the event that it is needed at some future time by the authorities.

Mr. DREW did not see the Police Officers taking suspect SIRHAN out of the area as during this period he was looking for a phone to call his newspaper. He recalled that originally he mentioned that he thought the suspect was dressed in some type of blue jump suit, however, upon further reflection he believes that he was mistaken. He apparently received this impression of a blue jump suit because he thought the suspect's clothes were all one color and possibly bluish.

Mr. DREW took no photograph in the kitchen prior to the shooting and he stated that he did not recall seeing suspect SIRHAN or any woman in a polka dot dress in the kitchen prior to the shooting. He did not recall seeing a woman in a polka dot dress in the kitchen after the shooting.

He recalled seeing Reporter RON BENNETT in the kitchen after the shooting, but he can not say if BENNETT was present when the shooting occurred.

Subsequent to the shooting, he and BORIS YARO proceeded to the home address of suspect SIRHAN and took a number of photographs. He recalled that YARO discovered what appeared to be a .22 caliber spent slug in a trash box at the back of the house.

4-
It was left there for the Police. Mr. DREW recalled pointing the items out to a Police Officer who picked it up. Mr. DREW recalled that he also took a photograph of a bullet found in the garage at the house which was being placed in a bag by a Policeman.

Mr. ALBERT VICTOR ELLIS, was interviewed at the Ambassador Hotel, Los Angeles, California, and he furnished the following information:

He is a roommate of JOHN SHAMEL, the Convention Manager for the Ambassador Hotel.

On June 4, 1968, he was in the Embassy Room of the hotel with SHAMEL. He was also at various other locations with SHAMEL in the hotel on June 4, 1968.

He and SHAMEL were together in the Embassy Room when Senator ROBERT F. KENNEDY completed his victory speech and he observed Senator KENNEDY leaving the platform and going out of the Embassy Room through the door to the rear of the platform. When Senator KENNEDY left the platform, he and SHAMEL walked out of the Embassy Room through the front doors of the Embassy Room, towards the lobby and as they were exiting the room, Mr. UNO TIMANSON, one of the Vice Presidents of the hotel, came running out and told SHAMEL to call a doctor.

SHAMEL departed to call a doctor and he, ELLIS, returned to the Embassy Room to the platform area. As he got to the platform area, he observed a lady being carried into the Embassy Room and noticed she had a head wound.

When he was returning to the platform area in the Embassy Room, he believes he heard a female voice state "We shot him". He assumed at the time this person meant we the people were the cause of the Senator being shot and therefore, "We shot him." ELLIS advised he did not see this individual, but only heard the voice and could not recall any unusual tone to the voice.

On 6/14/68 at Los Angeles, California

He left the Embassy Room shortly after hearing this individual and he went out into the lobby of the hotel where numerous people were milling around and talking about the shooting. He heard several other people in the audience state something to the effect "We shot him." and from the other conversations he was able to determine that they meant that the people were the cause of Senator KENNEDY being shot and it was in this context that they said, "We shot him."

ELLIS stated that while he was touring the hotel with SHAMEL during the evening of June 4, 1968, he noticed that there were quite a few shoddily dressed individuals in the hotel.

On June 5, 1968, he saw SIRHAN BISHARA SIRHAN's photograph in the newspaper, and he immediately recalled having seen SIRHAN in the Embassy Room at approximately 10:00 p.m. on June 4, 1968. He was unable to describe the clothing that SIRHAN had on at the time, but only recalls he did not fit in with other individuals in the room. He believes SIRHAN had on some sort of dungarees and a jacket. At the time he observed SIRHAN, SIRHAN was standing alone. He did not notice anyone else in SIRHAN's company.

He was shown a photograph of SIRHAN BISHARA SIRHAN, and he advised that SIRHAN is the individual he observed in the Embassy Room at approximately 10:00 p.m. on June 4, 1968.

ELLIS stated he does not recall having seen any woman in a polka dot dress or wearing a piece of clothing with a polka dot design at the Ambassador Hotel on June 4 or 5, 1968.

ELLIS advised he did not hear the shooting at the hotel just after midnight on June 5, 1968, and was not aware that Senator ROBERT F. KENNEDY and others had been shot until he heard it being discussed by the people in the hotel.

DAVID MARK ESQUITH[†] was interviewed concerning his knowledge as to why ROBERT F. KENNEDY, after speaking to those gathered in the Embassy Room of the Ambassador Hotel, apparently changed his plans as to the direction of his exit from the podium, and left the stage at a point different from that where he entered.

He stated he was standing at the foot of the stairs on the right side of the stage, as one faces the stage, when ROBERT F. KENNEDY entered the Embassy Room, and as KENNEDY started up the stairs onstage, he, ESQUITH[†], reached out and shook hands with Senator KENNEDY, saying "Congratulations", or something to that effect. KENNEDY made some brief reply, such as "Thank You, son", and continued onto the stage.

During Senator KENNEDY's speech, ESQUITH[†] stood at the foot of the stairs up which Senator KENNEDY had gone.

He said he had not known from which direction KENNEDY planned to enter the room until he actually entered the room. He said JIM LOWE was very deeply involved in the KENNEDY campaign organization and had apparently been in on some of the planning for the Senator's appearance. LOWE, he believed, had done some coordinating work between the KENNEDY group on the fifth floor and the people waiting in the Embassy Room.

It was ESQUITH[†]'s recollection that LOWE was in the KENNEDY party as that party mounted the stage, but he did not know at what point LOWE had joined the KENNEDY group. About a minute or two before Senator KENNEDY concluded his speech, someone, ESQUITH[†] believed LOWE, told him Senator KENNEDY was going to exit from the left rear of the stage, as one faces the stage, and go through the kitchen area, rather than have to try to fight his way back through the huge crowd in the Embassy Room. He said there was so much confusion he is not even sure it was LOWE who told him this. The reason he was told, according to ESQUITH[†], was because he and other KENNEDY workers

On 6/15/68 at Los Angeles, California

- 367

had taken it upon themselves to try to clear a path for the Senator's entry and exit, and he was in no position to get to the rear of the stage to attempt to clear a path there.

ESQUITH⁴ said he was not told, and does not know for sure what the original exit plans were, but assumes they were different than those which were eventually worked out, because LOWE, or whoever talked to him about this, indicated the exit to the left and rear was a change in plans. He said he does not know who told LOWE about this change in plans, if, in fact, it was LOWE who had passed this information on to him.

'I Saw an Arm—Holding a Gun'

By MICHAEL BREW

confronted with Independent States

Sen. Kennedy had just finished his victory speech and was being ushered through the kitchen by his aides when I saw an arm come out of the crowd. It was holding a gun.

As soon as I saw the gun — it was pointing right at me for a second — I ducked and tried to get out of the way.

Just then I heard two shots, then there was a half second pause, and three more shots.

Rep. Johnson and Roosevelt Grier grabbed a man in a blue jump suit, and they and about a half dozen guards be-

Kennedy was still lying on the floor, and there was blood all over him. It was flowing from him like water. Finally some doctors came into the kitchen — along with a huge group of reporters — and began trying to treat him while they waited for the ambulance.

Someone in the crowd handed him a rosary and he clutched it in his hand.

The crowd in the kitchen kept growing and finally Kennedy's aides had to begin screaming and pushing to get people away from the senator.

ANNIE GANI,

advised that she is presently employed at the Letters and Science Department at the University of California at Los Angeles (UCLA). She also advised that she is part-time employee in the office of Congressman REESE.

GANI advised that she has worked as a part-time employee at the KENNEDY Campaign Headquarters, 5615 Wilshire Boulevard, Los Angeles, during the Democratic primary campaign. She stated that in the past she has taken photographs in Campaign Headquarters on Wilshire Boulevard. She stated that she gave these photographs to college students who had worked at Campaign Headquarters.

GANI advised that she was present at the Ambassador Hotel on election night, June 4, 1968, when Senator ROBERT F. KENNEDY was assassinated. She noted, however, that she was in the press area when the shooting occurred, and stated that she was not a witness to the events that occurred prior to, during or after the assassination. GANI related that she had no further information of value to relate and pointed out that she has made an attempt to recall any events that occurred prior to the assassination which might now be of value. She noted, however, that she can recall no pertinent information or events.

GANI was located and interviewed as a result of contact with LUCY SALINGER, a press room secretary at KENNEDY Campaign Headquarters, Los Angeles, who had advised that she had seen GANI take photographs of workers at the campaign headquarters. However, GANI explained that the photographs were taken at random of students with whom she worked, doing volunteer work for the KENNEDY cause. She advised that she has since given the pictures away to various students, and noted that the only significance of the photographs is the interest of the students who are shown therein.

RAFER LEWIS JOHNSON, furnished the following information to SAs _____, and _____ of the Federal Bureau of Investigation:

JOHNSON arrived at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, 8 PM, on June 4, 1968. JOHNSON met two personal friends and escorted them to the Embassy Room in the Ambassador Hotel. At 8:30-8:45 PM, JOHNSON went to the suite of rooms occupied by Senator ROBERT F. KENNEDY and his staff which were located on the fifth floor of the hotel. Upon arrival at the suite, he spoke with BILL BARRY, Senator KENNEDY's bodyguard. JOHNSON asked BARRY when the Senator was going downstairs to make a speech, but BARRY could not supply this information at that time. JOHNSON told BARRY to let him know when the Senator planned to leave. JOHNSON waited in the KENNEDY suite and spoke with Mrs. ETHEL KENNEDY and other friends.

At approximately 11 PM, Senator KENNEDY went to the fourth floor of the hotel and was interviewed on television. Immediately thereafter he returned to the fifth floor and was interviewed in a television studio which was set up on that floor. JOHNSON accompanied KENNEDY during the interview. Senator KENNEDY returned to his suite approximately at 11:20 PM and at that time JOHNSON left the group and visited with his friends in the Embassy Room.

JOHNSON explained that entry into the Embassy Room was restricted to people who had passes. He recalled that the "press" had green passes and that the KENNEDY staff and possibly campaign workers were issued red passes. There also may have been other colored passes in use. Security guards were stationed at the main entrance to the Embassy Room. He recalls that there was an entrance to this room on the south side which was being used by the major television networks. There were no guards on this door.

On 6/13/68 at Los Angeles, California.

- 375 -

After completing his visit in the Embassy Room, JOHNSON returned to the fifth floor at 11:40-11:45 PM, and asked BILL BARRY when the Senator would go downstairs. Since BARRY did not know the time of departure, JOHNSON joined the other guests in the KENNEDY suite

At midnight or shortly afterwards the KENNEDY party, consisting of approximately 30 people began to leave the suite. The group included Senator KENNEDY, ETHEL KENNEDY, JESSE UNRUH, "TUCK" (complete name unknown), ROOSEVELT GRIER, Mr. (FNU) WILSON of CBS, "STAN" (LNU) of Look Magazine, and BILL EPPRIDGE (phonetic) of Life Magazine. The party also consisted of other newsmen, camera men and writers whose identity are unknown.

Senator KENNEDY left his suite in the company of BARRY and JOHNSON. The group walked down the hallway to the right from the Senator's room and turned in the first corridor to the right. They waited for an elevator, however, when it arrived it was occupied by other passengers. Senator KENNEDY got onto the elevator and then immediately got off since he realized that there was not sufficient space to accommodate his party. The KENNEDY party then moved to another elevator on the same floor and Senator KENNEDY also got on it and left this elevator for the same reason as stated above. Thereafter the KENNEDY party went around the corner and turned left and were proceeding in the direction of the freight elevator. JOHNSON recalls that the elevator operator who was wearing an unrecalled uniform was standing near the elevator door. He is not certain who decided to take this elevator, however, he did not think that it was strange that a freight elevator would be used since most of the people in the KENNEDY party had used this elevator previously. JOHNSON could not furnish any description of the elevator operator other than to say he was not a Negro male.

When the party entered the elevator, JOHNSON recalls seeing Senator KENNEDY, ETHEL KENNEDY, JESSE UNRUH, BILL BARRY and ROOSEVELT GRIER. He does not know who instructed the elevator operator to take them to a specific floor. When the elevator stopped and the doors opened JOHNSON observed that they were in the kitchen or serving area of the hotel and he presumed that it was the same floor where Senator KENNEDY was to make his speech.

JOHNSON does not remember who was off the elevator first, but it may have been the men from Life and Look Magazines. BARRY was leading Senator KENNEDY. JOHNSON was following behind the Senator and ROOSEVELT GRIER with Mrs. KENNEDY was behind him. After leaving the elevator Senator KENNEDY stopped when a man dressed in a white uniform, presumably a kitchen worker, reached across the table to shake his hand. JOHNSON moved toward this individual and raised his arm to keep him away. The Senator reached across JOHNSON's arm and shook hands with this man. Senator KENNEDY then moved approximately 15 feet ahead and shook hands with a white female who was dressed in a white uniform. The Senator then moved ahead five feet and greeted another male kitchen worker. The Senator may have also shaken hands with a fourth kitchen employee. JOHNSON is unable to recognize any of the men who shook hands with Senator KENNEDY but said he could recognize the woman employee.

When Senator KENNEDY finished shaking hands with the kitchen employees, BARRY led him to the Embassy Room. The hallway or corridor which the group was walking through was very crowded with television cameras, KENNEDY workers and KENNEDY staff members. The Senator was walking ahead of the group with BARRY. JOHNSON and Mr. and Mrs. GEORGE PLIMPTON became separated from the Senator because some member of a CBS camera crew was pulling a cable in the corridor and blocked their passage for a few moments.

JOHNSON observed Senator KENNEDY enter the Embassy Room through a door way which was crowded with people. He then proceeded on to the stage. JOHNSON recalls that the stage was surrounded by a curtain and that if the stage was viewed from the center of the ballroom, Senator KENNEDY would have entered the right side of the stage. During this time BARRY and JOHNSON were standing together and he questioned BARRY as to how the Senator planned to leave the stage upon the conclusion of the speech. BARRY indicated that the exit would be made the same way as they previously entered the stage. Shortly before the end of KENNEDY's speech, BARRY moved towards the Senator. Senator KENNEDY turned from the podium and started towards the side of the stage by which he had previously entered. Senator KENNEDY paused for a moment and then turned to the opposite direction (left side of stage). JOHNSON could not see whether the Senator continued to the far left of the stage, but did notice that his direction of travel was slightly towards the rear. JOHNSON realized that the Senator was leaving the stage by a different way and attempted to reach him but because of the crowd he could not move forward. JOHNSON, in the company of Mrs. PLIMPTON, walked to the back of the stage (right side) near the corridor and joined Senator KENNEDY as he walked past. JOHNSON is unaware as to why KENNEDY left the stage in a different direction.

As Senator KENNEDY walked past JOHNSON, he noticed that BARRY and unrecalled other individuals were in front of the Senator. Between Senator KENNEDY and JOHNSON, who were approximately five feet apart, there was a camera man and a sound man, identities unknown. JOHNSON and Mrs. PLIMPTON continued to follow Senator KENNEDY through a darkened area and at a point, three or four feet from an opened double doorway with a divider in the center, JOHNSON heard a sound which reminded him of a bursting balloon. A second or two later, JOHNSON heard a second similar sound and looking in the direction where he assumed the Senator should have been, he saw smoke and fragments of paper in the air. The area in front of JOHNSON was brightly lit possibly by camera lights. After hearing the second noise, JOHNSON immediately assumed that these noises were gunshots. JOHNSON immediately moved forward pushing

people aside. Due to the great number of people in the area forward movement was seriously impaired. As he passed through the open double doors he saw BARRY hit and push a white male who was standing on the floor in front of him (JOHNSON) but slightly to the right. JOHNSON continued to push forward and observed a wounded man lying on the floor in front of the doorway. He saw blood on this person's forehead and also thought that he saw a bullet hole in the top of his head. JOHNSON then observed Senator KENNEDY lying on the floor in the same area. The Senator was lying on his back in an almost flat position but looked as if he was struggling to get up. His left arm was on the floor, his right arm moved from a down position beside his head through an arch and down to his side. JOHNSON saw blood on the floor beneath the right side of Senator KENNEDY's head. He also saw blood on the right side of KENNEDY's head below the ear and extending down the right cheek and down the right side of his chest. Senator KENNEDY looked at JOHNSON and they stared at each other for a moment.

JOHNSON was then deciding whether to assist the Senator or proceed towards BARRY who was attempting to subdue the white male who JOHNSON assumed had been firing the gun. He approached this individual and observed that he was still holding a gun in his hand. JOHNSON does not recall if the gun was being held in the right or left hand. Other unrecalled individuals were trying to seize the weapon and at this time the assailant was pushed back against a table. JOHNSON lunged at the man and grasped the front part of the gun with his left hand. ROOSEVELT GRIER had the buttend of the gun in his hand. The assailant still had his finger in the trigger housing. GRIER twisted the gun from this individual's hands and at the same time JOHNSON tightly held this person's body. JOHNSON then turned towards Senator KENNEDY and saw that BARRY was now at his side.

At the same time that JOHNSON was holding the assailant, ROOSEVELT GRIER was holding the man around the waist and by the left leg. GEORGE PLIMPTON was holding the man's right arm and was holding his right side. A hotel employee, who JOHNSON described as having a fair complexion with a sunburn, was holding the assailant around the neck. Another hotel employee who appeared to be an Italian or Armenian was also holding this individual. At this time a male voice said, "Let me have the gun. Let go ROSIE", (meaning ROOSEVELT GRIER). "Let go RAFTER." JOHNSON then shouted to this individual who was speaking, "shut up". JOHNSON then shouted to GRIER, "ROSIE let me have the gun." The male voice then said, "Let RAFTER have the gun." JOHNSON then repeated to GRIER, "ROSIE give me the gun", and GRIER complied with his request. JOHNSON placed the gun in his left pocket and released his grip on the assailant. JOHNSON remained next to this man and while he was standing there said to this individual "Why did you do it?" The man did not answer. JOHNSON, moving his face directly in front of the assailant and looking directly into his eyes repeated "Why did you do it?" The man did not respond. JOHNSON then clenched his fist and placed the back of his fist on the assailant's forehead. JOHNSON then repeated, "Why did you do it?" The assailant answered "I'll explain it." The assailant did not speak any other words while he was in JOHNSON's presence. Several minutes later, JOHNSON observed two uniformed Police Officers approaching and he left the assailant and moved to where Senator KENNEDY was laying. Two men with a stretcher were with the Senator and ETHEL KENNEDY said to them "Don't move him. Don't lift him". JOHNSON heard the Senator say "no don't." The Senator was then placed on the stretcher and taken to the freight elevator. JOHNSON stood guard at the elevator door and only allowed the KENNEDY family and a few other people to enter the elevator. JOHNSON wanted to remain with the Senator so he ran from the kitchen area into the lobby and took the nearest elevator to the fifth floor where he assumed Senator KENNEDY would be taken. Since he did not find the Senator on the fifth floor, he returned to the ground floor of the hotel and found the area where the ambulances were parked. He then learned that the Senator was taken to the

hospital and he with Deputy Mayor QUINN went to Central Receiving Hospital in QUINN's automobile. At the hospital, Police Officers allowed him to enter at QUINN's direction and he saw Senator KENNEDY. While in the hospital a Police Officer asked JOHNSON for the assailant's gun and JOHNSON denied that he had the weapon. He then saw two men whom he recognized as Police Detectives. JOHNSON told these men that he had the assailant's gun and asked if Chief THOMAS REDDIN was at the hospital. One of the detectives told JOHNSON that REDDIN was not present, but that they would take possession of the gun. JOHNSON informed the detectives that he would only surrender the gun at Police Headquarters. The detectives thereafter transported JOHNSON to Good Samaritan Hospital and accompanied him to the floor where Senator KENNEDY was being treated. The same detectives then drove him to the Los Angeles Police Department Headquarters and at this time JOHNSON surrendered the gun. The gun was given to _____ who are assigned to the Los Angeles Police Department Detective Bureau, 150 North Los Angeles Street, Los Angeles, California.

JOHNSON said that the assailant's gun was a revolver, black in color with brown grips. The barrel of the gun was approximately four inches long. JOHNSON was unable to recall the caliber of this weapon.

JOHNSON stated that he has seen photographs of SIRHAN BISHARA SIRHAN in the newspaper and on television and SIRHAN is the same person who he helped to subdue following the shooting of Senator KENNEDY and others on June 5, 1968, at the Ambassador Hotel. JOHNSON is certain that he did not see SIRHAN in the hotel or elsewhere prior to the time he helped to subdue him.

JOHNSON does not recall seeing a woman wearing a white dress with polka dots either prior to or after the shooting. He did not see anyone run from the kitchen area after the shooting occurred.

He explained that the kitchen or serving area was very crowded and that when the first shots were heard people immediately fell to the floor or attempted to hide to keep out of the line of fire.

JOHNSON said that he is certain that he heard at least four shots. The first shot was followed one or two seconds later by a second shot. The second shot was followed by a "string of shots", exact number unrecalled. No shots were fired while JOHNSON was attempting to seize the assailant's gun.

DAVE KENNERLY,

furnished the following information with respect to his knowledge of the events of June 4 and 5, 1968 at the Ambassador Hotel, where Senator ROBERT F. KENNEDY was shot.

On June 4, 1968, he was assigned to shoot photographs of Senator KENNEDY at the Ambassador Hotel, so he proceeded there at approximately 10:00 p.m. and parked in the red zone in front of the hotel, facing Wilshire Boulevard. He then entered the front door of the hotel and proceeded to look over the ballroom and all the areas where he thought the KENNEDY party might be. After looking over the ballroom he proceeded to the Fifth Floor, where the KENNEDY suite was located and where a private press party involving thirty or forty key members of the press was in progress. He had two or three beers with another photographer, ONDINE VAUGHN.

While there he took several photographs of Senator KENNEDY in the hallway and coming out of his private room, which was located adjacent to the larger party room, where the party was taking place. He recalls seeing ETHEL KENNEDY and several of the KENNEDY children present in the party room.

Senator KENNEDY then proceeded to the Fourth Floor where National Broadcasting Company had some television cameras set up. The Senator then proceeded back to the Fifth Floor where Columbia Broadcasting System and American Broadcasting Company had similar setups. He made television statements at each of these locations. KENNERLY advised he followed Senator KENNEDY when the Senator made his television statements. KENNERLY then went to the main ballroom and obtained a vantage point near the television cameras, which were set up there to record the rally and the speech later made by the Senator.

On 6/13/68 at Los Angeles, California

- 383 -

From that point, he shot many photographs of the crowd and the Senator as he was making his speech and greeting the public. Just before the speech ended, he, KENNERLY, proceeded to the downstairs ballroom where he knew another rally was going to take place. There were many people downstairs and a band. He waited approximately ten minutes and then he heard rumblings in the crowd that the Senator had been shot. He also heard a call requesting a doctor. He then went outside and observed an ambulance leaving the hotel. Since his automobile was parked in a good position to leave the Ambassador Hotel, he was able to leave the area just as it was being blocked off. He followed the ambulance to the Central Receiving Hospital, 1401 West Sixth Street, Los Angeles and observed several photographers who were already on the scene when he arrived. He was able to obtain several photographs of Senator KENNEDY as he was being removed from the ambulance. A short time thereafter, as Senator KENNEDY was removed to the Good Samaritan Hospital, he was able to take some more photographs of him.

He advised that all of his photographs were carried by messenger to his Los Angeles UPI office, and thereafter the negatives were forwarded to UPI headquarters in New York City. He advised copies of these negatives could be obtained by the FBI from the New York UPI headquarters.

KENNERLY advised that the above information is true and correct to the best of his knowledge and that it portrays his personal observations of Senator KENNEDY at the Ambassador Hotel on June 4 and 5, 1968. He stated he can furnish no further information than that already related above.

"On Wednesday, June 5, 1968, I was on duty in my normal capacity at the hotel. Shortly after midnight on the morning of June 5 I was in the Embassy Room while Senator Kennedy was on the podium. Shortly before the senator left the podium I went to the lobby and then to the main kitchen. As I was walking into the kitchen I heard several reports. At the time I thought these reports were balloons bursting or firecrackers. I cannot recall how many reports or in what sequence. I was standing at the corner of the entrance to the kitchen from the pantry way, at the corner of the kitchen nearest the Embassy Room. Senator Kennedy was moving down the pantry way toward me at about a distance of 25 to 30 feet. At the time I heard the reports I saw the Senator lurch. At that point the Senator disappeared from my view, and a male voice, either beside or behind me shouted either "I'm shot" or "he's shot". Immediately there was chaos a press of people

However, as I reached the phone I found that Pat Murphy, our Security Guard was on the phone telling the operator to contact the police and to have an emergency ambulance sent to the hotel.

I then went back to the pantry way. There was a great wrestling of people going on and I could see people standing around or looking down on others who were apparently injured. I ran back to the Bell Captain's phone and told Ruby, the switchboard supervisor who was on duty, to call additional ambulances and police because I thought from the number of people involved and their violent actions that many more people were injured. I think my exact words were, "my God, they're slaughtering each other".

"I went back to the kitchen and I saw a man on the steam table in the pantry way and a large colored fellow lying across him. The gun, a very small gun, being held up in the air, pointed toward the ceiling. It was my impression that the gun was being held by the man lying on the steam table. I did not see the face of the man on the steam table at that time. I then left the scene and returned to my desk in the lobby, where I locked my phone. While I was putting the lock on my phone a Los Angeles police officer brought a young man whose hands were handcuffed behind him past my desk, past the public phones and the two disappeared from my view down the corridor leading to Executive Suites A & B. The man in custody appeared to be of Mexican extraction, in his early twenties, 5 foot 6 or 7 inches, medium dark complexion, dark hair, dressed in a bluish-grey dress shirt with sleeves rolled up and wearing dark trousers.

"I was then kept busy in the lobby trying to maintain some semblance of order. After what seems like 20 to 30 minutes I saw about 6 or 7 police officers bring a man, a Caucasian who was short with dark hair in his early twenties out of the pantry way, through the lobby and down the stairs to the bottom floor. I was standing at the head of the stairs where the officers with the suspect passed me at an approximate distance of two or three feet. I was amazed at the calm demeanor of the suspect.

Mr. JAMES W. LOWE, furnished the following signed statement:

"June 9, 1963
Los Angeles, Calif.

"I, James W. Lowe, make the following voluntary statement to who has identified himself to me as a Special Agent of the FBI. I have been told that this may be used in court. I was the chairman of the membership of the Young Professionals for Kennedy.

"Because of this position I was asked to work with the Kennedy Advance Party and the coordinators connected with the Kennedy staff. I was present in the Embassy Room at the Ambassador Hotel on the evening & morning of June 4-5 1963. After assisting in clearing a path for Senator Kennedy to enter the Embassy Room through the kitchen & pantry I then positioned myself on the steps leading to the stage in the Embassy Room while Senator Kennedy made his speech.

"According to the plans as told to me by Pierre Salinger, Senator Kennedy was to leave the stage after his speech and go directly to the Ambassador Room downstairs to address the people there.

"At sometime during the Senator's speech I was approached by an individual that I assumed to be a part of the Senators Advance Team. This individual stated that the Senator was going to the Colonial Room after his speech for a press conference and that I was to aid in clearing a path for him.

On 6/9/63 at Los Angeles, California

"After Senator Kennedy completed his speech myself Rafer Johnson & several others began clearing a path for Senator Kennedy through the pantry and into the kitchen. I stopped at the double doors leading to the kitchen & at the door on my left which was open & clear. This is the door that Senator Kennedy walked through preceded by Rafer Johnson, Rosy Grier, Paul Shieb and several others. I stopped at the door in order to keep it clear & also to allow Bill Barry & Fred Dutton to catch up to Senator Kennedy.

"At this point Senator Kennedy's wife Ethel came through the door at which time I began to accompany her in order to keep a path clear for her to reach or join the Senator.

"Immediately after she came through this door I heard gun fire, at least 4 rapid shots, at which time I immediately turned to cover Ethel Kennedy, picked her up bodily & carried her back through the door to the pantry area. I stayed with her & held her till I thought it was safe to let her go. I then did so and Mrs. Kennedy went back through the door to the kitchen and I went to the Embassy Room to check on my wife's welfare as she & friends were near the stage. I then attempted to secure medical help for anyone who might have been hurt.

LOWE said that he had personally met approximately 18 of the 25 individuals that were part of the Kennedy Advance Party, but that he did not recognize the individual who gave him the order to clear a path for Senator KENNEDY to the Colonial Room for the press conference. He stated that this individual was a white male, approximately 32 years of age, 5 feet 9 inches, tall, had a medium build, light brown hair, and was wearing a business suit. He said this individual seemed to know what he was doing and where he was going and it appeared as though some of the members of the Kennedy Campaign Staff did know this individual. LOWE stated that he saw numerous individuals in the pantry and kitchen area just prior to the time that Senator KENNEDY was shot that did not have press passes nor were they part of the Kennedy Campaign Staff. Hence, they technically should not have been in that area. He stated that he did observe a hotel Security Guard in the pantry area who was checking the passes of some individuals.

WILLIAM (BILL) V. MANNISS, , advised that he was on Senator ROBERT F. KENNEDY's staff. MANNISS had no specific title but his job was taking care of the manifest for the airplane and taking care of luggage and office equipment. He had previously worked for Continental Airlines in Los Angeles and is presently on leave of absence from that organization.

MANNISS stated that when the KENNEDY party came to Los Angeles, he was staying at his residence, but the rest of the staff was residing at the Ambassador Hotel. On June 4, 1968, at about 9:00 p.m., MANNISS and his wife PEGGY B. MANNISS arrived at the Ambassador Hotel. They had come straight from their home to the Ambassador Hotel and had parked about three blocks south of Eighth Street, because the parking lots were filled to capacity. The MANNISS entered through the Eighth Street entrance and proceeded to the victory speech.

There were about two hundred persons in the room where the speech was to be held. MANNISS is not sure of the name of the room, because he does not know the Ambassador Hotel that well. PIERRE SALINGER announced twice that Senator KENNEDY was coming down to the room to make a speech. Senator KENNEDY however, did not come after either announcement, probably because he wanted to make sure of the voting. Senator KENNEDY finally arrived and spoke. He and his wife turned to walk off the podium and MANNISS and his wife left by a door on the other side of the room from the Senator. They left with American Airlines personnel.

MANNISS and his wife walked to his car, turned on the radio and immediately heard about the shooting. They did not re-enter the Ambassador Hotel because the radio said the entrances had been blocked off so no one could enter or leave.

On 6/14/68 at Los Angeles, California

- 391

MANNISS further stated that he knew nothing about a press conference and he had heard nothing of a change of plan for Senator KENNEDY. It is possible, however, that his body-guard could have changed the Senator's route downstairs, because of the position of the crowd.

MANNISS was only at the Ambassador Hotel for the victory celebration and knew nothing about any other type of plans. While he was at the celebration, he saw nothing unusual and can not remember anything that could possibly have had to do with the shooting.

Miss GERALDINE AGNES MC CARTHY

stated that on the evening of June 4, 1968, she and other members of her family were in the Ambassador Hotel, where they were participating in the activities with the other KENNEDY supporters who were waiting for final election results and the victory speech by Senator ROBERT F. KENNEDY.

She advised that she and her family spent the evening at the Ambassador Hotel in the Ambassador Ballroom, which is located on the floor of the hotel immediately below the floor on which Senator KENNEDY was shot. She stated that they had been participating in the festivities and had been singing and dancing on the stage in the Ambassador Ballroom with the other celebrants and that shortly after midnight on June 4, 1968, she and several members of her family left the stage of the Ambassador Ballroom and went to a small alcove to the left of the stage and near the rear of the Ambassador Ballroom. This alcove had access to a stairway leading up to the Embassy Room and also had access to an outside door opening onto the Wilshire Street parking lot of the hotel. She stated that immediately outside this doorway to the parking lot there was a fire escape leading down from the floor above.

Miss MC CARTHY advised that as she and several members of her family were in this alcove attempting to get a breath of fresh air, several people came down the stairway from above and a girl in an orange dress stated "KENNEDY has been shot". Shortly after that a girl in a beige dress with black dots came down the outside fire escape and exclaimed,

"Oh my God, KENNEDY's been shot". Miss MC CARTHY stated at no time did she hear anyone make the statement, "We've shot KENNEDY". She stated that several more people came down the stairway of the fire escape and she asked them questions attempting to verify what they had heard and it became apparent to her that KENNEDY actually had been shot. She said that things became very confused and that within a short time the police began to request all those who were not directly involved to leave the building very quickly and calmly. She stated that at this time she and her family left the building and returned to their home.

Mrs. MARGARET MC CARTHY,

advised that she and other members of her family were very strong supporters of the late Senator ROBERT F. KENNEDY and that she and her daughters had been at the Ambassador Hotel on the night of June 4, 1968, and early morning of June 5, 1968, when Senator KENNEDY was shot. She stated that she and all of her family had been in the Ambassador Ballroom, which is located on the floor directly beneath the floor on which the Senator was shot.

She advised that she was in the crowded Ambassador Ballroom, along with many others, waiting for the arrival of Senator KENNEDY, who was supposedly going to come downstairs from the Embassy Room to speak to those who were waiting in the Ambassador Ballroom. She stated that she and a few of the other members of her family got up on the stage in the Ambassador Ballroom, along with the "Kennedy Girls", and they were all dancing and singing and waiting for "BOBBY" to come down. She stated that shortly after midnight the room became very close and stuffy so she and several others went to a small alcove to the left and rear of the Ambassador Ballroom, where they attempted to get a breath of fresh air. This alcove had a stairway leading up to the next floor where the Embassy Room was located; there was a door leading to the Wilshire Street parking lot with a fire escape leading upstairs directly outside this door.

Mrs. MC CARTHY advised that as they stepped out on to the landing of the fire escape sometime shortly after midnight, several individuals came down the stairs, both from the inside of the building and from the fire escape, exclaiming that Senator KENNEDY had been shot. She stated that she did not remember any one person in particular and that in the confusion she did not recall having seen anyone in a polka-dot dress. She stated that she is quite certain that she did not hear anyone say "We've shot Senator KENNEDY".

Mr. EDWARD MINASIAN, employed in the catering department of the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, was reinterviewed at which time he advised as follows:

In connection with the change of plans wherein Senator ROBERT KENNEDY was proceeding to the Colonial Room of the Ambassador Hotel instead of going to the Embassy Ballroom as originally planned, MINASIAN explained as follows:

On the night of June 4, 1968, after Senator KENNEDY completed his victory speech in the Embassy Room, he and his party, which included PIERRE SALINGER, JESSE UNRUH, FRANK MANKIEWICZ, and several others whom he could not remember, left the stage and entered a rampway leading to the hallway to the Ambassador Ballroom. He recalled he was walking in front of Senator KENNEDY and while the KENNEDY party was following him, they were discussing the advisability of going to the Colonial Room for a brief press conference before going downstairs to the Ambassador Ballroom. He said this discussion was very brief, lasting no more than 15 to 20 seconds.

He said he stopped at the end of the passageway before entering the aisle leading to the Ambassador Ballroom. The KENNEDY party turned right into the passageway leading to the Colonial Room, and he joined the KENNEDY party, walking on Senator KENNEDY's right side.

He said he feels certain the decision to go to the Colonial Room instead of the Ambassador Ballroom was a spontaneous decision after a brief conference. He based this upon the conversation he overheard plus the fact that as of the time KENNEDY was delivering his victory speech, the plans were for him to proceed directly to the Ambassador Ballroom.

MINASIAN said inasmuch as he was walking in front of the KENNEDY party, he did not see who took part in the discussion but believes he recalls hearing the voices of Senator KENNEDY, FRANK MANKIEWICZ, and possibly one other whom he could not recall.

Mrs. WILLARD H. MURRAY (BARBARA MURRAY) was interviewed at her residence,
She furnished information as follows:

During the evening of June 4, 1968, at approximately midnight, she was in the passageway just outside the Embassy Room of the Ambassador Hotel, Los Angeles, while she was speaking to BRADLEY UNRUH, son of the Assemblyman. She observed JESSE UNRUH walk by and just moments after he passed, she heard a series of shots which shots occurred in rapid succession.

At no time did she observe Senator ROBERT KENNEDY during the above period. After the shots were fired, Mr. IRWIN STROLL who was standing next to her said, "I've been shot, I've been shot." Mrs. MURRAY said she attempted to help IRWIN down, but he explained he was shot in the leg and could not lie down or sit down.

Mrs. MURRAY said she observed no other person shot and did not observe the person who fired this series of shots.

A photograph of SIRHAN B. SIRHAN was displayed to her, and she stated she has never seen this person before and did not see him during the above incident.

Mrs. MURRAY also said that she does not recall observing any lady wearing a polka dot dress during the evening of June 4, 1968, at the Ambassador Hotel.

Mrs. MURRAY estimated that there were approximately six people between herself and the person doing the shooting. The sound of the shots appeared to come from an area to her right and slightly behind the passageway section outside the Embassy Room. After the shooting, Mrs. MURRAY said she went to the Embassy Room, then to the Gold Room and stayed at the NBC set up area.

Mrs. MURRAY said one other person who was in the passageway area during the above incident was JAMES CUMMINGS

She did not recall anyone else present other than the above persons. However, she advised that CARMEN and LOUIS WARSCHAW were present in the Embassy Room just after the shooting. They are both prominent in Democratic Party circles in Los Angeles.

She also advised that CAROL BRESHEARS who was in charge of the "KENNEDY girls" and on the KENNEDY campaign staff would have been present in the Embassy Room during the above incident.

PATRICIA ELIZABETH NELSON, also known as Patti Nelson, furnished the following additional information to that she had furnished to the FBI on June 6, 1968 regarding her having observed a man carrying a package from which protruded what she thought could have been a gun stock, running from the Embassy Room of the Ambassador Hotel, Los Angeles, California, at about 12:10 a.m. on June 5, 1968, just before she learned that Senator ROBERT F. KENNEDY had been shot:

Her further thoughts on the matter, after viewing the video tape on June 7, 1968, of a ABC news cast with FRANK REYNOLDS, which had been aired June 5, 1968, in Los Angeles over ABC Channel 7 from 5:30 p.m. to 6:00 p.m., she had reached certain conclusions.

She noted on the video tape, after identifying the man pictured on this tape as the same man she had seen running from the Ambassador Hotel, that the package that the man was carrying, when observed on the video tape and which he presented to Senator ROBERT F. KENNEDY for autographing on the tape, was the same package that this man was carrying when observed running from the Hotel's Embassy Room. The package observed on the video tape appeared to her to be a cardboard carton, about 3" in diameter and 3' in length, which is commonly used to carry posters or maps. She had further observed that this carton, as pictured on video tape, appeared to be very light in weight when handled by Senator ROBERT KENNEDY at the time of autographing. On the basis of what she had observed on the video tape, she now had doubts as to whether what she had originally observed about the package in question could in fact have contained a stock of a gun protruding from it, as she had originally believed it may have had.

FRED PARROTT, M.D., was interviewed at his office, [redacted] and furnished the following information:

On June 4, 1968, he went to the Ambassador Hotel at approximately 11:30 PM to listen to the victory speech of Senator ROBERT F. KENNEDY. He found that the hotel was so crowded that he could not get into the Embassy Room, the room in which Senator KENNEDY was giving his speech.

Shortly after midnight, while standing near the door to the Embassy Room, he heard a great deal of shouting and screaming from the interior of the room. Shortly after, Dr. MARCUS MC BROOM, a Psychologist whom he knew, came out of the room and said that doctors were needed. Dr. PARROTT attempted to enter the Embassy Room; however, a guard at the door refused to allow him to enter. While he was trying to identify himself, Dr. ROSS MILLER slipped past the guard and went into the Embassy Room, apparently to see if he could render any aid.

With the tremendous crowd that had gathered in the Embassy Room, he never did reach the injured people and did not see SIRHAN BISHARA SIRHAN. However, while standing outside the door to the Embassy Room, a man came by carrying a rolled up newspaper under his arm. As the man pressed through the crowd, passing right next to Dr. PARROTT, he kept saying, "Excuse me, please". Dr. PARROTT noticed that he appeared to have glassy eyes, as though he were ill. Just after this man passed, several men, whom he assumed were from the KENNEDY Party, came through the crowd hollering, "Stop that man! Stop that man!", indicating the man who had been carrying the newspaper. He does not know if these men were successful in getting the man with the newspaper stopped, but the last time he observed them, they were going out the south door of the Ambassador Hotel. He described the man with the newspaper as a white male, dark complexion, dark hair, 25 to 27 years old, 5'7" tall, medium build. He said that he could furnish no description of the two or three

men who were attempting to stop the man with the newspaper, other than that they were white males.

The only other thing that he observed which seemed irregular to him under the circumstances was four men carrying a fifth man out of the hotel saying, "Let's get out of here". He did not know if the man they were carrying had been injured in the crowd.

A photograph of SIRHAN BISHARA SIRHAN was exhibited to Dr. PARROTT but he advised he did not recognize him as anyone he has ever seen. PARROTT stated that he went to the Ambassdor Hotel with his friend, SAMUEL STRAIN,

LAURIE GAIL PORTER

was interviewed

PORTER advised that she went to the Ambassador Hotel on June 4, 1968, and attended the Democratic political rally there. She advised she was accompanied by CORKEY MC MANN (phonetic), a girl friend, and her escort, SCOTT H. ARD. She advised they arrived at the Ambassador Hotel at approximately 8:00 p.m.

She advised that she was present in the Embassy Room of the Ambassador Hotel during the acceptance speech of Senator ROBERT KENNEDY. She advised that she was standing in front of the podium during KENNEDY's speech. She recalled that prior to the finish of Senator KENNEDY's speech, another girl friend of hers, ROBIN CASDEN, and a friend of hers, IRA GOLDSTEIN, left the Embassy Room and went to the kitchen as they understood sandwiches were being prepared there.

PORTER advised that following KENNEDY's address, she observed him walk from the podium and walk towards the kitchen off of the Embassy Room. A short time later, she heard loud screams from the general area of the kitchen and observed that people in that general area had shocked or horrified expressions on their faces. She advised that she was approximately 50 feet away from the kitchen area when this occurred.

She advised that she started to walk towards the kitchen area and approximately three or four minutes after the commotion started near the kitchen, she observed ROBIN CASDEN run from the area of the kitchen and approach her. She stated that ROBIN was quite hysterical and shouted, "We shot him." She advised ROBIN was with CORKEY MC MANN at the time and that CORKEY was also quite hysterical. She advised that she observed blood on the right side of ROBIN's

forehead and that one of her knees was cut and bleeding. PORTER advised that ROBIN then related to her that while she (ROBIN) was in the kitchen, Senator KENNEDY came in and that she shook his hand as he walked through the kitchen. ROBIN told her that after shaking his hand, Senator KENNEDY took about two steps and then she heard two shots and then Senator KENNEDY fell on her. ROBIN told her that she heard six or seven additional shots which she said sounded like a cap gun, and she then ran from the kitchen. PORTER advised that ROBIN told her that she did not see who fired the shots in the kitchen nor did she know what happened to IRA GOLDSTEIN who was also in the kitchen at that time.

PORTER advised that she did not observe the shooting of Senator KENNEDY or any of the other victims; however, did recall seeing some people injured and bleeding in the kitchen area. She advised she did not hear any shots fired. She did recall, however, that there were several people who shouted, "We shot him," and she attributed the exclamation to the hysterical nature of the situation.

PORTER related that approximately one-half hour before Senator KENNEDY's speech, she went to an exit area at the left rear of the Embassy Room with another high school girl friend, MICHELE (LNU). She advised that there was a stairway leading from the exit area. She recalled that while in this area, she observed an individual wearing white shirt and white trousers and dark shoes, walk down the stairs and a short time later return. She advised that this individual some time later again walked down the stairs and returned. PORTER stated that there was an individual who appeared to be some type of a guard stationed at the bottom of the stairs; however, she could not see if the individual she observed go up and down the stairs had any contact or conversation with the guard. She further described the individual she observed as a male; race unknown, however, definitely not Negro; age approximately 23 years; 5'7"; build medium; hair black and curly, however, cut short and with no long sideburns. She advised that the individual's clothing was possibly a uniform, and the individual could have been someone from the kitchen.

PORTER was shown photographs of SIRHAN SIRHAN and after viewing the photographs, stated that she could not state whether or not SIRHAN was the individual she observed going up and down the stairway prior to Senator KENNEDY's address. She advised, however, that the individual she observed did not have hair as curly or as long as the hair depicted in the photograph of SIRHAN.

PORTER advised she could recall no other information relative to the events that occurred at the Ambassador Hotel at the time she was present.

JUDY MARIE ROYER,

JUDY ROYER

she also was on the paid staff of Senator ROBERT F. KENNEDY on a part time basis working with his press department.

JUDY ROYER stated that on the evening of June 4, 1968 she was working in Senator KENNEDY's campaign staff area next to the stage of the Embassy Room of the Ambassador Hotel, Los Angeles, California. JUDY ROYER stated when Senator KENNEDY made his speech on the evening of June 4, 1968 she was standing in a hallway behind the stage next to a doorway listening to the speech. JUDY ROYER stated that when Senator KENNEDY left the stage of the Embassy Room she knew he was going to the Colonial Room to speak with the working press and she had previously been to the Colonial Room and told the members of the working press that Senator KENNEDY would be there shortly to speak to them.

JUDY ROYER stated that when Senator KENNEDY entered the passage way behind the stage of the Embassy Room, after his speech, she walked in front of him in the direction of the Colonial Room. JUDY ROYER stated that she walked in front of Senator KENNEDY to avoid the numerous members of the news media and other supporters who normally follow him. JUDY ROYER stated that as Senator KENNEDY walked through the passage way behind the stage of the Embassy Room towards the Colonial Room he was shaking hands with various people and walking slowly. JUDY ROYER stated that while she was walking in the direction of the Colonial Room with her back to Senator KENNEDY she heard some noises that sounded like firecrackers. JUDY ROYER stated that after she heard the noises that sounded like firecrackers, she turned around and people began shoving and shortly thereafter she ended up standing

On 6/13/68 at Beverly Hills, California

within a few feet of Senator KENNEDY, who was lying on the floor bleeding. JUDY ROYER stated that when she first heard the noises that sounded like firecrackers, she was near the end of the third warming counter near the east end of the passage way and after she was shoved she ended up near one of the ice machines, very close to where Senator KENNEDY was lying on the floor. JUDY ROYER stated that at that time Senator KENNEDY was approximately five feet from her.

JUDY ROYER stated that she then noticed ROOSEVELT GRIER, RAFAEL JOHNSON and some newsmen at her right struggling with someone. JUDY ROYER stated that at that time she could not see the individual they were struggling with. JUDY ROYER stated that when she first noticed the individuals struggling they were near the end of the warming counters at the eastern end of the passage way. JUDY ROYER stated that she was then escorted behind the easterly most warming counter in an effort to get out of the way and when she was behind the warming counter she saw ROOSEVELT GRIER holding on to a man.

JUDY ROYER was shown photograph of SIRHAN BISHARA SIRHAN, and she positively identified the individual in the photograph as the man she had seen ROOSEVELT GRIER holding on to the night of June 4, 1968 in the passage way behind the Embassy Room at the Ambassador Hotel, Los Angeles, California

JUDY ROYER stated that the last thing she remembers was that California Assembly Speaker JESSE UNRUH was on top of one of the warming counters yelling repeatedly "Don't kill him, don't kill him". JUDY ROYER stated that the officers of the Los Angeles Police Department came and took the man ROOSEVELT GRIER was holding into custody and they left the area. JUDY ROYER stated that she then returned to the staff area and in the meantime Senator KENNEDY had been moved so that he could receive medical treatment.

JUDY ROYER stated that when she saw ROOSEVELT GRIER holding SIRHAN SIRHAN she recognized him as a man she had previously seen in the passage way behind the stage of the Embassy Room and told him to leave that area. JUDY ROYER stated that during the evening of June 4, 1968 she had been walking in the passage way behind the stage of the Embassy Room from the anti-room area to the Colonial Room trying to keep the passage way clear. JUDY ROYER stated that the reason she was trying to keep the passage way clear was because a Los Angeles Fire Marshal had told them they had too many people in the staff area. JUDY ROYER stated that she cannot remember the exact time she saw SIRHAN BISHARA SIRHAN in the passage way behind the stage of the Embassy Room but she believes it was approximately one or two hours before Senator KENNEDY made his speech. JUDY ROYER stated that when she saw SIRHAN SIRHAN he was in the passage way immediately east of the anti-room behind the stage of the Embassy Room. JUDY ROYER stated that she noticed SIRHAN SIRHAN standing near a doorway in the passage way. She did not recognize him as a member of the staff or a member of the press and she told him to leave. JUDY ROYER stated that she is familiar with most of the members of the press due to her long relationship with former California Governor EDMUND "PAT" BROWN and she also knew most of the members of Senator KENNEDY's campaign staff. JUDY ROYER stated that she told SIRHAN SIRHAN to leave the passage way behind the stage of the Embassy Room and she watched him walk into the Embassy Room of the Ambassador Hotel. JUDY ROYER stated she did not notice anything unusual about his behavior and she stated she did not notice if he had anything in his hands or if he carried anything. JUDY ROYER further stated that she did not see anyone with him and he appeared to be alone. JUDY ROYER stated that she told him she was sorry but that he could not remain in that area because it was reserved for members of Senator KENNEDY's campaign staff and members of the press only. JUDY ROYER stated that after she told SIRHAN BISHARA SIRHAN this and asked him if he would mind leaving he turned and entered the Embassy Room. JUDY ROYER stated that SIRHAN SIRHAN was wearing a light blue jacket or sweatshirt type jacket and light blue trousers.

JUDY ROYER stated that she is positive SIRHAN SIRHAN is the same man she saw ROOSEVELT GRIER holding in the passage way and that in addition SIRHAN BISHARA SIRHAN is the same individual she had seen approximately one or two hours before Senator KENNEDY made his speech, standing in the passage way behind the Embassy Room.

JUDY ROYER stated that the reason she is so positive is because her first thought when she saw ROOSEVELT GRIER holding SIRHAN SIRHAN was that she had seen this man in the passage way behind the stage of the Embassy Room previously and had asked him to leave.

Mrs. OLGA SEKULIC,

She advised she is an American citizen but has spent a number of years living in Toronto, Canada. She campaigned for JOHN F. KENNEDY in Boston, Massachusetts when JOHN F. KENNEDY ran for the presidency in 1960.

On the evening of June 4, 1968 she went to the Ambassador Hotel in Los Angeles, California to see Senator ROBERT F. KENNEDY give his speech at the hotel. She arrived at the hotel at about 11:30 p.m. and she immediately went to the Embassy Room where the senator was scheduled to deliver his speech. While giving his speech she noticed an Arabic looking man, walking through the crowd assembled in the Embassy Room. She described this individual as a man in his late 20's, 5'8", dark curly hair, dark eyes, dark complexion, medium build and wearing a white shirt, black pants and coat. This man did not have any campaign buttons on or literature on his person.

When asked how she knew this individual was of Arabic nationality, she replied that she could tell the person's nationality by his hair and facial features. She volunteered that she speaks French, English, Hebrew, Russian, Serbo - Croatian fluently and therefore knows an individual's nationality when she first meets the individual. She did not observe this man talking to anyone else in the crowd and commented that he did not seem to fit with the crowd in the Embassy Room because of his dress. After Senator KENNEDY finished his speech he left the podium. She stated that she observed this man follow the crowd towards the door through which Senator KENNEDY made his exit.

Approximately ten minutes after the shooting of Senator KENNEDY this same man bumped into her as they were both leaving the Embassy Room and he made the remark, "Let me go, I've got to go". She did not see where this man went after he bumped into her. She stated she would be able to recognize this individual if she were to see him again. She did not see SIRHAN SIRHAN

KENNEDY and as such had arrived at the Ambassador Hotel at approximately 6:45 p.m. on June 4, 1963 in anticipation of a victory celebration. She stated she mingled with the guests for two or three hours and observed at approximately 9:45 p.m. or 10:00 p.m. that it was extremely hot. At the rear of this room there was a small patio or balcony outside of the room in the open air. stated, while on the balcony, she observed an individual standing by himself who she later saw being carried out by the police department and identified through newspaper photographs as SIRHAN SIRHAN.

She stated he was just standing on the balcony and from his facial expression she assumed he was a MC CARTHY supporter as immediately prior to that time MC CARTHY had been interviewed on national television and the tone of his statements seemed to indicate he was acknowledging defeat. stated after a minute or two she returned to the hall

stated immediately prior to Senator KENNEDY's victory speech she observed an individual described as "hippie" in appearance with long blond hair, blue jeans and very dirty, standing on the left side of the stage. her prior to the speech that she had better leave as the balloons over the stage contained some sort of explosive and shortly thereafter the balloons would explode, killing everyone in the area. took this comment in jest and thought no more of it. She stated she also observed a nice looking girl in a white dress with blue or black polka dots in the company of a Latin appearing individual, who is not identical with SIRHAN. She did not observe them in any kind of conversation with SIRHAN. stated she thought it was worthwhile to comment on the individuals, not because she had any indication that they may be involved in the assassination, but only because their appearance and movements seemed suspicious to her.

 stated shortly after the speech she heard what sounded like balloons exploding, followed by screaming, indicating that Senator KENNEDY had been shot and was bleeding. She stated she did not see the Senator after his speech and was not even aware of the way he exited from the hall until later on.

She stated that SIRHAN in her opinion was the brains of the family inasmuch as he was a good student and a deep thinker. She stated his mother MARY was a very refined person who was always clean and very nice. She stated that for the past six or seven years his mother has been helping out at the Westminster Presbyterian Church on North Lake Street near Woodbury in Pasadena, California. She stated further that Reverend WARNIE T. TIPPITT,

who is the minister of the First Church of the Nazarene, 2495 East Mountain Street, Pasadena, California, had told her that SIRHAN SIRHAN and his family lived with him for a while, approximately nine years ago. She noted that SIRHAN has worked for the past five or six months at the Natural Food Company on North Lake Street in Pasadena, California.

She advised that she thought very highly of SIRHAN, even though she is a woman well up in years and SIRHAN is only a young man, he would frequently stop by her house and play Chinese Checkers with her and Mrs. BLAKESLEE. However, she noted that he has only been over to her house once in the past two months. She stated that this was two weeks ago and he came by and played a game of Chinese Checkers and also returned a book she had lent him entitled "By These Things Men Live", which is authored by RUBY M. APPELL. She stated that this is

a religious inspirational type book. She said, "SIRHAN impressed us as being very intelligent because he expressed himself very well and he always beat us in Chinese Checkers." However, she stated he never talked about politics, religion, philosophy or like subjects; nor did he ever talk to her about Senator ROBERT F. KENNEDY, Jews, Arabs, Jordan or any other current events. She stated that he was very observant and when he came into her house he would notice any changes she had made in her interior decoration.

He was very helpful to her in assisting her in making small repairs around the house. She stated that SIRHAN frequently went to the Pasadena City Library to read books but he never discussed what he had read. She stated that he did not drink alcoholic beverages and she only saw him smoke on one or two occasions. As far as she knew he did not date or have any girl friends and she did not know any of his friends. He was a polite young man of good habits.

She stated that SIRHAN had a 1957 pink and white De Soto which he did quite a bit of mechanical work. When he came over on visits he would laugh a lot. He told them that he liked to play checkers with them because he learned a lot from older people. She stated that in her estimation he had an excellent reputation in the neighborhood. She never heard him discuss guns nor did she know he had one in his possession. He never talked about his father, who she understands lives in a village near Jerusalem.

Miss SYLVAN advised that she thought very highly of SIRHAN because he was so polite and helpful to her and seemed like such a very nice intelligent young man. She encouraged him to return to college. She advised that she had no reason to believe that SIRHAN would have committed any act of violence. She continued that his mother, MARY, has not been over to her house in over a year but that sometimes she would stop by the door and give us some bread that she had baked. She stated that MARY went to church every Sunday but she did not know about SIRHAN.

She stated that all members of the SIRHAN family usually remained at home and were quiet and never caused any disturbance. She could not say anything bad about anyone of them.

She stated that two years ago SIRHAN hurt his head in an accident involving a horse. She stated that he complained to her about this injury and she knew he frequently went to doctors concerning it. She stated that she could not say whether this injury had any change on his personality inasmuch as she was not very well acquainted with him prior to this injury. His mother occasionally had friends over to the house and they sometimes talked in a language she did not understand. She stated that she did not know any of these visitors nor did she know any of SIRHAN's associates or friends.

Mr. LOUIS G. SHELBY,

advised that he
is familiar with SIRHAN BISHARA SIRHAN.

Mr. SHELBY was exhibited a photograph of SIRHAN
SIRHAN by SA and he immediately identi-
fied the photograph.

Mr. SHELBY stated that the clientele at his restaurant is composed of 70 per cent non-Arabian individuals and 30 per cent of individuals of Arabian background. Mr. SHELBY stated further that another floor of his establishment which is directed more towards drinking and entertainment is composed predominately of Arabian and other foreign nationality students.

Mr. SHELBY disclosed that his initial contact with the SIRHAN family came through his connection with a former employee, ADEL SIRHAN. He stated that his records reveal that ADEL SIRHAN was employed by him as a musician, periodically from January 1, 1962 through June, 1967. He stated that the employment was not constant in that musicians and patrons require a periodic change and therefore ADEL SIRHAN would occasionally leave his employment for an undetermined amount of time.

SHELBY disclosed that ADEL SIRHAN, as a musician, would necessarily work night hours at his club. He stated that to the best of his knowledge SIRHAN after travelling to The Fez by car would usually park his vehicle on North Vermont Avenue or in a nearby adjacent lot.

Mr. SHELBY stated that ADEL SIRHAN could best be described as an extremely practical pragmatist, who was positively not connected with any communistic causes. SHELBY stated that he felt certain that ADEL SIRHAN was in no way connected with the W. E. B. Du Bois Clubs of America (DCA) which he understood held meetings in a hall located several buildings away from The Fez restaurant. SHELBY continued that he knew of no other member of the SIRHAN family that was connected with the DCA.

On 6/11/68 at Los Angeles, California

- 454 -

Mr. SHELBY stated that although ADEL SIRHAN would talk with the other musicians and employees of The Fez, he could best be described as extremely close mouthed and SHELBY revealed further that he felt that he, SHELBY, was the only individual at The Fez who was anyway close to ADEL SIRHAN.

SHELBY stated that at one time ADEL SIRHAN was going with another girl who danced at The Fez, named BARBARA KHOURY, who terminated her employment some two or three weeks ago.

SHELBY stated that he understands that ADEL SIRHAN is not currently employed and was most recently employed at "Shakers" in Hollywood, California.

Mr. SHELBY disclosed that he met SIRHAN BISHARA SIRHAN on approximately two or three occasions. SHELBY was again exhibited a photograph of SIRHAN BISHARA SIRHAN which he positively identified as being identical to the brother of ADEL SIRHAN.

SHELBY disclosed that SIRHAN SIRHAN came to The Fez on approximately one or two occasions and at no time created an incident there.

SHELBY stated that his only real in depth conversation with SIRHAN SIRHAN occurred during Easter 1968 when, as is the mideast custom, SHELBY and his family were travelling to the homes of family friends. He stated that he and SIRHAN BISHARA SIRHAN engaged in a lengthy political discussion at the SIRHAN family home in Pasadena, California. SHELBY disclosed that SIRHAN SIRHAN was interested in his opinions since he, SHELBY, graduated from the University of California at Los Angeles (UCLA) with a Political Science degree and did a year and one-half of graduate work at the University of California at Berkeley, specializing in the International Relations field primarily in middle east politics.

SHELBY stated that he and SIRHAN SIRHAN discussed the problems of youth in America, the hippie movement and civil disobedience. SHELBY stated that SIRHAN was definitely unhappy with "the establishment" and was extremely politically oriented with his primary concern being in connection with the Israeli Arab problem.

SHELBY continued that SIRHAN was concerned about America and the direction it was taking, as governed by its foreign policy. SHELBY stated that SIRHAN talked to him of how the American foreign policy affected Americans as individuals and advised SHELBY that he felt conclusively that the American foreign policy was responsible for the establishment of the State of Israel.

SHELBY advised that the word "Frustrated" would best describe SIRHAN SIRHAN in that he, SIRHAN, expressed the feeling that Arabs as well as nations were powerless to do anything about the worldwide Zionist plot. SHELBY advised that he could describe SIRHAN SIRHAN as confused idealistic and somewhat "left wing" in his political philosophies.

SHELBY advised additionally that SIRHAN believed that the worldwide Zionist plot was not being stopped by United States foreign policy but almost aided

SHELBY stated that he was also friendly with another member of the SIRHAN family, SHARIF SIRHAN, who, for the last several months, has visited The Fez once or twice a week. SHELBY stated that he initially met SHARIF as well as SIRHAN SIRHAN at the SIRHAN residence in Pasadena when he travelled there on one or two occasions to rehearse the acts to be shown at The Fez.

A characterization concerning W. E. B. Du Bois Clubs of America is attached as an appendix page to this section of the report.

APPENDIXW. E. B. DU BOIS CLUBS OF AMERICA (DCA)

A source advised that on October 26-27, 1963, a conference of members of the Communist Party, USA (CPUSA), including national functionaries, met in Chicago, Illinois, for the purpose of setting in motion forces for the establishment of a new national Marxist-oriented youth organization which would hunt for the most peaceful transition to socialism. The delegates were told that it would be reasonable to assume that the young socialists attracted into this new organization would eventually pass into the CP itself.

A second source has advised that the founding convention for the new youth organization was held from June 19-21, 1964, at 150 Golden Gate Avenue, San Francisco, California, at which time the name W.E.B. Du Bois Clubs of America (DCA) was adopted. Approximately 500 delegates from throughout the United States attended this convention.

The second source advised in September, 1966, that Mike Zagarell, CPUSA Youth Director, stated that in Negro communities the Party still supported the plan to build "left" socialist centers and to solidify the Party base through the DCA. This source also advised in September, 1966, that Daniel Rubin, CPUSA National Organizational Secretary, stated the Party believes the DCA should have a working-class outlook and be a mass organization favorable to socialism, socialist countries and Marxism, and in April, 1967, advised that Gus Hall, CPUSA General Secretary, indicated the DCA primary emphasis should be on developing mass resistance to the draft.

A third source advised in September, 1967, that Jarvis Tyner was elected chairman of the DCA on September 10, 1967, at the Third National Convention of the DCA held in New York, New York, from September 8-10, 1967.

A fourth source advised during August, 1967, that Jarvis Tyner is a member of the National Committee of the CPUSA.

A fifth source advised on September 21, 1967, that the headquarters of the DCA is located at 34 West 17th Street, New York, New York.

She stated that this is a restaurant which caters to many persons of Arabian descent. It is owned by LOUIS SHALEBY who is also known as LOUIS SHELBY.

She said that many of the employees and customers have been vociferous in their animosity toward Israel. She noted that Mr. SHALEBY has never expressed any such animosity.

has learned that a number of employees and belly dancers have been questioned concerning their associates as a result of the assassination of Senator ROBERT F. KENNEDY. One of the girls so questioned was PHYLLIS YOUNG who is also known as PENNY and is of Jewish descent.

On the night of June 4, 1968, came to work at 8:00 p.m. At about 1:00 a.m., June 5, 1968, customers entering the restaurant mentioned that Senator KENNEDY had been shot. There is no television or radio in this restaurant and all information obtained was furnished by customers. When verified the fact that a shooting had taken place, she became very despondent and terminated her act. At about the same time, she observed the manager of the restaurant who appeared to be very elated about the news.

MACHMOUD SIAM who is also known as MIKE. She said that he was clapping his hands and encouraging singing in Arabic. She could not understand the meaning, but noted that the song ended with the Arabic word, "Yehudi" which means, "Jewish". In addition, SIAM stated in English that he was glad that the shooting had occurred and made a statement that he believed the Jewish people had done this.

described SIAM as about 30 years of age, good looking, medium complexion, five feet eight inches in height and has eyes which are almost blue. His hair is curly and medium length, and he speaks with a heavy accent. She believes he immigrated to the United States at least five years ago. He resides in an apartment in Hollywood with a younger brother. She believes he was previously married to a school teacher and is either divorced or separated.

She noted that there was quite a bit of discussion among the employees concerning the shooting and that they were all furnishing their beliefs as to the reasons. The bartender, SAM YASIR (phonetic) expressed the belief that the shooting had been perpetrated by the Catholics.

said that although a number of Jordanians have frequented this restaurant she has never known SIRHAN BISHARA SIRHAN to be a customer. She said that SIRHAN's brother, ADEL had previously worked at The Fez as an oud player. She stated the oud is a musical instrument similar to a lute and is used to accompany the belly dancers. ADEL left this employment in July, 1967.

Another brother, SHARIF, is a regular customer at The Fez.

She noted that ADEL SIRHAN formerly dated a dancer named MYLENE KAY (phonetic). Miss KAY is an Australian who possibly knows the entire family and who is believed to be currently employed at the Barefoot Bar, Vacation Village, Mission Bay, San Diego.

stated that The Fez is usually closed on Mondays only. She stated that The Fez has not reopened since the night of the assassination of Senator KENNEDY. Mr. SHALEBY told her that it was not necessary to report for work until Tuesday, June 11, 1968. He said that he was closing the restaurant temporarily because of the animosity expressed among the customers and employees and he said that it was unsafe to remain open. She stated that SHALEBY is of Eastern Orthodox religion and appeared to be ashamed and upset about the assassination.

noted that because of the intense nationalism expressed by the customers and employees the atmosphere of The Fez has been most conducive to fights. She stated that under the current conditions she does not feel that she could return to The Fez. She expressed her sentiments to Mr. SHALEBY at which time he implied that MACHMOUD SIAM would not be returning to his employment.

stated that she felt the authorities should be aware of the atmosphere among the employees and the customers of The Fez. She could furnish no further information concerning SIRHAN or his family but expressed a willingness to assist in any way possible noting that she is acquainted with most individuals employed as musicians and dancers in the Arabic community.

6/24/68

MIKE SAID *Machmoud* SIAM was interviewed at his residence,

SIAM advised that he was acquainted with the SIRHAN family because he had worked at the "Fez" restaurant with ADEL SIRHAN, the brother of SIRHAN SIRHAN. He stated that he had met the entire family when the sister died sometime ago and that he has been in the SIRHAN home on several occasions.

SIAM advised that he had seen and talked to SIRHAN SIRHAN several times during the year 1967 when SIRHAN was employed at the Santa Anita Race Track. He stated that he saw him around Christmas time 1967, when he had dinner at the SIRHAN home. He stated that during this visit to the family home he had no discussion whatsoever with SIRHAN and he found him to be a very quiet, serious individual who spoke very little. He stated also that on the occasions when he saw SIRHAN at the race track in 1967, their only discussions were concerning either horses or their families and that they never, at anytime, discussed any politics or ideologies. The visits at the race track always occurred on Saturday. He said that SIRHAN never impressed him as being an individual of a violent nature and that he seemed to be only a quiet, reserved individual who had always been polite and well mannered.

SIAM advised that he had not seen SIRHAN since the Christmas season of 1967 when he had dinner with the SIRHAN family, but he stated that he occasionally saw ADEL and SHARIF, two of SIRHAN's brothers, as they visited the "Fez" restaurant from time to time. He stated that ADEL had been employed at the "Fez" at one time as a musician but that he

quit because the girl he was going with at the time was let go because of their association. SIAM stated that it was a policy of the restaurant that the employees were not to fraternize with each other.

SIAM advised that he could furnish no further information concerning the personality or character of SIRHAN SIRHAN, but that if something came to his mind in the future that he thought might be pertinent he would notify the Los Angeles Office of the FBI.

CHARLES HARB, was contacted at his place of business and voluntarily advised as follows:

He has known ADEL SIRHAN and SHARIF SIRHAN for approximately five years from his frequenting the Fez Restaurant, ADEL played a guitar at the Fez, and SHARIF would occasionally visit the Fez with ADEL.

He advised his relationship with ADEL and SHARIF was limited to meetings at the Fez and he never saw either of them away from the Fez. He considered ADEL and SHARIF as acquaintances but did not consider them as close friends. He has never engaged in any political or world affairs discussions with either of them.

HARB advised that when he heard Senator ROBERT F. KENNEDY had been shot by a SIRHAN, he wondered if it could have been ADEL or SHARIF, because of the similarity of the last name. He discussed this matter at his place of business and it is possible someone believed he was a close friend of the SIRHANS. When he later saw a photograph of SIRHAN SIRHAN on television and in the newspaper, he immediately knew the alleged killer was not ADEL or SHARIF SIRHAN. He stated he did not know ADEL and SHARIF had another brother, as they had never discussed having another brother and he never heard them mentioned SIRHAN SIRHAN.

HARB stated he has not seen ADEL or SHARIF for about three months, as HARB has not visited the Fez for about three months.

SHAFIK KRADSHEH

furnished the following information:

KRADSHEH advised that while he was attending Pasadena City College in 1957, he was introduced to SHARIF SIRHAN at Pasadena. He advised that SIRHAN was a recent immigrant from Jordan who had arrived in the U.S. with an older brother, SAADALLAH SIRHAN. KRADSHEH does not recall whether he ever met SAADALLAH SIRHAN. KRADSHEH stated that he had no knowledge of any member of the SIRHAN family from Jordan, but only came in contact with them for the first time in Pasadena in 1957. He said he was an occasional acquaintance of SHARIF SIRHAN and never developed any close friendship with him.

He stated that SHARIF SIRHAN, in his opinion, did not express any extremist views on the Arab-Israeli question, or the relationship of the U.S. foreign policy to this question, but always appeared to take a moderate position on the matter, insofar as KRADSHEH is able to recall. KRADSHEH has no knowledge of any organization to which SHARIF SIRHAN might have belonged during the period of their acquaintance. KRADSHEH stated that to his knowledge SIRHAN had no connection with any Palestinian nationalist organization back in Jordan. KRADSHEH does not recall ever having met SIRHAN BISHARA SIRHAN.

In 1963 KRADSHEH, who at that time was living in Monterey, California, traveled to Pasadena with his uncle, MAJED QUOSSOUS, who was visiting from Jordan. MAJED QUOSSOUS knew the SIRHAN family from Jordan. KRADSHEH stated that his uncle knew the family much better than he, himself, did. They traveled to the residence of the SIRHANs in Pasadena and visited with Mrs. SIRHAN briefly. At that time none of the other members of the family were home. KRADSHEH's uncle, MAJED QUOSSOUS, returned to Jordan shortly thereafter and is presently residing there. The last time KRADSHEH saw SHARIF SIRHAN was around 1958. Other than the brief visit in 1963, KRADSHEH has had no other contact with the family.

Mrs. BESS JACOBS, . . . wife of JOSEPH E. JACOBS, advised that approximately 11 years ago while residing on Walworth Avenue, Pasadena, she and her husband met a Jordanian woman whom they have just now discovered was the mother of SIRHAN BISHARA SIRHAN.

Mrs. JACOBS related that this one and only meeting with Mrs. SIRHAN occurred at a Market Basket Food Store on Lake Avenue, in Pasadena. She explained that it was on this occasion she and her husband overheard Mrs. SIRHAN speaking Arabic to her young son as they proceeded down the super market lanes.

Mrs. JACOBS stated that although both she and her husband are native born Americans they are both of Syrian heritage and are fluent to a limited degree in Arabic. She related that as she and her husband reached the end of the lane paralleling that of Mrs. SIRHAN they introduced themselves to her and inquired if she might possibly be Syrian. She stated that after the introductions the woman, subsequently identified as Mrs. SIRHAN, then informed them that she was Jordanian and had been in the United States for a very short time.

Mrs. JACOBS explained that her own son, JOSEPH, age 20, formerly attended Longfellow Elementary School with SIRHAN BISHARA SIRHAN, but never knew them to be friendly even at the age of 8, 9 and 10.

She explained that when SIRHAN was identified on television and in newspapers as the alleged murderer of Senator KENNEDY her husband casually announced to both her and her daughter, DEBBIE, that he thought that he had driven SIRHAN SIRHAN to elementary school years ago on one or two occasions when it was raining.

Mrs. JACOBS stated that there has never been any further contact between members of her family and members of the SIRHAN family.

She recalled that one or two days subsequent to the shooting of Senator KENNEDY both she and her husband viewed a photograph of SIRHAN's mother in the Los Angeles Times after which they concluded that this was the woman whom they had introduced themselves to at the Market Basket Food Store in Pasadena 11 years ago.

Mr DON PAUL STAFFORD,
furnished the following information:

He operates the Johnson Motors Service at above address. He has known the SIRHAN family since they first came here from Jordan, and moved into their first home at which has since been torn down and is now operated as a parking lot by the City of Pasadena. He believes the SIRHANS arrived in Pasadena in 1957 or 1958. The father, whose name he does not recall, only stayed here for about three months and then returned to Jordan. He believes the father was not in favor of coming to this country to begin with and did not like it here.

He stated the children of the SIRHAN family spoke very good English, which he considered surprising. SIRHAN SIRHAN was about 12 or 13 years old. He stated that SIRHAN SIRHAN had a brother named MUNIR, who had a nickname of "Manure;" another brother who was an assistant to a carpenter; and a sister who was about fifteen at the time. He advised that SIRHAN SIRHAN would come across the street to the service station he operated and visit with him. He stated that SIRHAN had no bitterness at all towards anyone or anything. SIRHAN SIRHAN was interested in becoming a mineralogist or a geologist. SIRHAN SIRHAN was always by himself; was not interested in politics; expressed no discontent with this country; and was "just happy to be here" in this country.

He stated the SIRHANS moved to Lexington Street in Pasadena after the city purchased the house and lot for a parking lot. SIRHAN attended the John Muir High School in Pasadena. He stated that after the SIRHANS moved to Lexington Street, a fourth brother appeared. He did not know his name. The SIRHANS were not an ideal family. The mother had no control over the children.

SIRHAN's sister, name unknown, married a wealthy candy man in Palm Springs, California. Although she lived with him, the man did not recognize her as his wife. The sister became sick with leukemia, and came home to die. The girl told her mother that the husband promised to send the family \$250.00 per month for life. The man actually paid the girl's funeral expenses and sent the family a couple of payments of \$250.00. He believes it highly possible that the family held a grudge against the girl's husband because of the way he treated her. SIRHAN may have been influenced by this. He could furnish no other information.

1Date 6/14/68

Mrs. SHIRLEY MC CONNELL, advised that her daughter, SUSIE, age 18, and DEBBIE JACOBS, age 17, are classmates and close friends at John Muir High School, Pasadena. Mrs. MC CONNELL related that on Wednesday, June 5, 1968, she picked up her daughter and DEBBIE JACOBS at the JACOBS' residence, and drove them to school. She advised that shortly after they departed the JACOBS' residence, DEBBIE JACOBS mentioned that her father had driven SIRHAN BISHARA SIRHAN to either John Muir High School or junior high school years ago.

Mrs. MC CONNELL related that DEBBIE JACOBS had further indicated that on one or two occasions her mother and father had met the SIRHAN family during the period that they resided in Pasadena. Mrs. MC CONNELL stated that she thought that these disclosures by DEBBIE JACOBS were significant in that she understood that the JACOBS' were from some place in the middle east.

Mrs. MC CONNELL stated that she wanted to make it quite clear that she had no reason to believe that the JACOBS' family was in any way involved in the shooting of Senator KENNEDY but could perhaps shed some light on the reasoning behind SIRHAN BISHARA SIRHAN's alleged assault upon Senator KENNEDY. She concluded by stating that through DEBBIE JACOBS she ascertained that all members of the JACOBS' family were deeply shocked on learning that Senator KENNEDY had died.

Mrs. MARTHA HAUKE, on June 6, 1968, advised that MUNIR SIRHAN, who she knew as JOE and a brother of SIRHAN B. SIRHAN, was hired by her as a stock man at Nash Department Store, Pasadena, California in about July 1967. She stated he was in this employment when she left that store in October 1967. Mrs. HAUKE stated MUNIR SIRHAN was single and resided at Pasadena. She stated that she had never seen or met any of MUNIR SIRHAN's relatives and knew none of his brothers, but recalled that he had a sister who had been very ill.

He said that he has only been pastor of this church for the past two years and prior to that time he had resided in the State of Idaho. However, he stated that he had checked into this matter of SIRHAN's being connected with the First Church of the Nazarene and found out the following:

Possibly nine or ten years ago, Mr. HALDON LILLENAS (who has been deceased five or six years) had traveled to Jordan and had helped SIRHAN SIRHAN's father transport his family to the United States. He stated that after they arrived in Pasadena, California, about nine years ago, they attended this church for about four Sundays, and then they transferred to another church. The only other information he could furnish was that he had heard SIRHAN SIRHAN's father had a quick temper.

BACKGROUND CONCERNING
SIRHAN BISHARA SIRHAN

FEDERAL BUREAU OF INVESTIGATION

Date 6/13/681

On June 11, 1968,

stated

He recalled at this time, SIRHAN SIRHAN was in the seventh or eighth grade at Marshall Jr. High School in Pasadena, and his brother, MUNIR SIRHAN, was a student at Longfellow School.

recalled SIRHAN transferred from Marshall to Elicit Jr. High School later on because his family had moved. MUNIR would get into trouble from time to time, mainly for fighting with other students who teased him about his name, and the fact that he was foreign. At this time, Mrs. MARY SIRHAN spoke very little English, according to SIRHAN, who took it upon himself to visit on several occasions to discuss his brother. He stated SIRHAN continually emphasized the honor of his family and stated it was important to preserve this, which he felt MUNIR was threatening by his actions. recalled SIRHAN as very intense and said SIRHAN would visit him from time to time without any particular incident having occurred in which MUNIR was involved. could not recall whether SIRHAN visited him during more than one school year, but stated he had never seen SIRHAN after MUNIR left the school in which he was the principal.

did not recall ever talking to Mrs. SIRHAN and said if he did, it was very briefly.

stated it was possible, concerning SIRHAN's alleged shooting of Senator ROBERT F. KENNEDY, that in SIRHAN's mind, his action was a matter of honor regarding his people or his beliefs, and would be the type who would totally ignore the opinion of the millions who would condemn his act, if he felt he was acting honorably.

advised he had taught SIRHAN SIRHAN in English and Social Studies for ten hours a week during the 1959-1960 school year when SIRHAN was attending Eliot Jr. High School, 2184 North Lake Street, Altadena, California. _____ stated that at that time, Eliot was a 100% Caucasian school and as a result, SIRHAN, being of swarthy complexion and foreign, stood out. He was more or less a loner but very obedient and tractable. He was motivated, and did well academically. _____ considered SIRHAN to be intense and with good self-discipline. The other students teased SIRHAN somewhat, and did not mingle too much with him. This did not seem to bother SIRHAN and in fact reinforced his feeling of superiority over the average student. _____ stated that he was of Armenian extraction and was quite friendly with SIRHAN, understanding his problem as a foreigner. He stated a possible reason for SIRHAN's action in shooting Senator ROBERT F. KENNEDY might be based in his background of Arab culture, as the Arabs are a very intense and loyal people, with a strong drive to accomplish that in which they believe. He believed their old fashioned philosophy of an "eye for an eye" might have made it logical in SIRHAN's mind to act as he did. _____ stressed that this was only surmise on his part.

_____ stated he had not seen or heard from SIRHAN after 1960, and was not aware he had attended Pasadena City College. He knew of no Arab club or group of any kind on the campus, but stated he was aware there were such clubs on the campuses of California State College, Los Angeles; University of Southern California; and University of California at Los Angeles.

He explained that the Cadet Corps at John Muir High School is similar to a high school ROTC program, except that it is run and financed by the state instead of the Federal Government. He also stated that the Cadet Corps is under the direction of the California State Adjutant General and receives the money for equipment and uniforms and supplies through the State National Guard and Adjutant General's Office. He further stated that in this Cadet Corps, the boys receive basic military training in such fields as drill; including the Manual of Arms, military courtesy, first aid, camouflage, map reading and a brief explanation of firearm safety.

He advised that he could remember that SIRHAN B. SIRHAN had been a member of this Cadet Corps for the three years that he had attended John Muir High School, and he remembered him as a better than average cadet with a good attitude who accepted discipline well and showed potential and ability in administrative positions. He said that SIRHAN was probably a sergeant in the Cadet Corps at the time of his graduation. He stated that he remembered SIRHAN to be a serious individual but did not consider him to be sullen or moody and he certainly would not have thought him to be an individual of a violent nature. He said that he could not remember any display of temper on the part of SIRHAN towards any other student and, to his knowledge, SIRHAN got along well with his fellow corps members and other students and appeared to be a very nice person.

He advised that in connection with the Cadet Corps, some of the boys who were chosen to be on the Rifle Team were afforded the opportunity for training and practice with the .22 caliber rifle, however, he advised that SIRHAN

He added that none of the cadets were given any training whatsoever in the use of pistols of any type.

advised that he could not recall ever having had a conversation with SIRHAN in which politics or ideologies were discussed and he stated that he had never heard SIRHAN make any violent or inflammatory comments directed towards any group or any individual.

STEVENS stated that he was casually acquainted with SIRHAN at John Muir High School, Pasadena, California, during the school year of 1962-63. STEVENS was a junior and SIRHAN was a senior. He described SIRHAN as a Palestinian Arab believed to have been born in Palestine or some other Arab State. According to STEVENS, SIRHAN listened to Radio Havana and he believed him to be pro-Castro at that time. He is not aware of any organizational affiliations of SIRHAN and he has no indication that SIRHAN is a Communist. He has not seen SIRHAN since 1963 and is not acquainted with members of his family.

STEVENS stated that one THOMAS D. GOOD, age 23, was a close friend of SIRHAN in high school and may be able to furnish information concerning SIRHAN's political views and a possible motive for the attempted assassination of Senator KENNEDY. STEVENS recalled that GOOD resided in the off and just where he had an unlisted telephone number. GOOD reportedly graduated from San Jose State College, San Jose, in 1967.

THOMAS D. GOOD was located at his place of residence, San Jose, at approximately 1:30 P.M., June 13, 1968. The interviewing agents identified themselves to GOOD through display of FBI credentials. GOOD advised SAs and that he would not be able to talk to them without first consulting his attorney, one AUBREY GROSSMAN, of San Francisco.

GOOD stated that he would attempt to reach his attorney by telephone and get an opinion from him regarding an interview with FBI agents. He placed a long-distance call to San Francisco with Agents and present, and was informed that Mr. GROSSMAN was not available. SA asked GOOD if the name SIRHAN SIRHAN was familiar to him. GOOD responded that he recognized the name. SA asked him if the name was familiar to him over and above what he had read recently in the press. GOOD replied that it was.

SA informed GOOD that the interviewing agents desired to discuss SIRHAN SIRHAN with him. GOOD stated that even though the topic of interview was to be in connection with his knowledge of SIRHAN SIRHAN, he still would need the approval of his attorney before being interviewed. In conclusion, he stated that he would attempt again to reach Mr. GROSSMAN during the afternoon of June 13, 1968, and upon receiving Mr. GROSSMAN's opinion in this matter, would immediately recontact FBI agents.

He stated that he certainly would never have thought SIRHAN to be an individual of a violent nature as he always seemed to be even-tempered.

He advised that he did not know of any close association between SIRHAN and any of the other students in the classes and that he, never saw him except in the classroom on a teacher-student basis. She stated SIRHAN was not a very good student, although he appeared to have a natural ear for languages. She said he was frequently absent from class, and always had an excuse relating to working too hard, and part of the time because his sister was dying. She did not recall what his employment was. She stated she gave SIRHAN a grade of D in his first semester of work, and in the second semester, finally dismissed him from class due to lack of attendance. She recalled that as she was dismissing him, she learned he was being dismissed from school for general non-attendance. She stated she had never had any discussions with SIRHAN regarding his political or social ideas. She said he was a very nice, friendly person who was always polite, who sat in the front row in her class and was attentive. Mrs. ANNABEL COONEY,

advised that both she and her husband, MICHAEL COONEY, reside approximately one block from the SIRHAN residence. Mrs. COONEY advised that neither she nor her husband ever knew the SIRHAN family, but that occasionally a young boy by the name of MUNIR would ride his bicycle up and down the street in front of the COONEY residence and occasionally would drive into the driveway and say hello in a neighborly fashion. Mrs. COONEY advised that the boy had never been in her home and that the conversations between them never went any further than an occasional hello.

Mrs. COONEY advised that she was unaware of the fact that MUNIR had an older brother and that she does not remember having SIRHAN SIRHAN in her English class at anytime. advised that she recognized his picture on television and in the newspapers but knows nothing of the boy since he rarely attended class and either dropped out or was dismissed from the college during that same semester.

advised that she knew of no associates or any friendships which SIRHAN might have had.

advised that had she had SIRHAN in her reading course she might have known more about him since it is smaller and what she termed as intimate. The English 1A class is large and very impersonal and since SIRHAN attended infrequently, she knew nothing more about him other than to recognize his picture and his name.

In 1956, Mr. and Mrs. BOYKO met a Jordanian student named ABDUL MJED DOBASS, a visitor to the United States who was sponsored for study here by some neighbors. She had known DOBASS as a student, but has not seen him during the past four or five years. He has remained in the United States, married, and become a United States citizen. She does not know his present whereabouts.

Mrs. BOYKO first met SIRHAN BISHARA SIRHAN shortly after Christmas of 1967, when she went to work as a saleslady in a health foods store owned by JOHN WEIDNER at 1380 North Lake Avenue in Pasadena. SIRHAN, whom she referred to as SAUL, was already working in the store as stock clerk and delivery boy. WEIDNER owns two other health food stores, one in Monterey Park which is known as "Monterey Nutrition" and another in Downey, California, on Florence Avenue (name unrecalled). In addition to his duties as a store clerk, SAUL would drive WEIDNER's station wagon to make deliveries between the stores. She knew SIRHAN from December 1967 to March 1968, when he left WEIDNER's employ because of daily differences between them. When he was at the store, she would talk to him during slack business times and found him to be a serious, sensitive person and one with strong feelings. From the beginning of their association, she made it clear that she would not and could not discuss the politics of his country and

On 6/13/68 at Pasadena, California

520

that of the Near East because she did not wish to and was not sufficiently versed in this subject, but told him that she would talk to him about religion and he very eagerly accepted this arrangement. He told her that he was very much interested in religion - all religions and was making a comparative study of religion. In this connection, Mrs. BOYKO said SIRHAN's mother had been attending her church (Seventh Day Adventist) in Pasadena for a couple of months prior to her meeting SIRHAN, but she did not know her until some time later when SIRHAN attended this church with his mother. He did not attend often, perhaps three or four times, then dropped out. His mother ceased attendance about a month after (February 1968). Mrs. BOYKO has never met any other members of the SIRHAN family.

Mrs. BOYKO said she understood that during part of the time that SIRHAN worked for WEIDNER, he took some religious instruction from a relative of WEIDNER's who was living in Pasadena at the time with his wife and was visiting the West Coast. This person's name was _____ PETERS, an older man who originally came out to California from Wisconsin and has since returned. The instruction Mr. PETERS gave to SIRHAN was in Bible Study. Mr. PETERS is a minister in the Seventh Day Adventist Church in Wisconsin (place unrecalled).

It is Mrs. BOYKO's further reflection that Mr. PETERS was highly incensed at JOHN WEIDNER's alleged harsh treatment of SIRHAN. He indicated to Mrs. BOYKO that WEIDNER's treatment of SIRHAN was undoing any good effort he could make with the boy, from the standpoint of religious instruction.

Mrs. BOYKO feels she had a good relationship with SIRHAN and he seemed to like her. They talked of many things - nothing of a serious nature - none of a political nature. Through these conversations and other events that transpired in the store (his relationship with WEIDNER), Mrs. BOYKO gained something of an insight into his character. For example, she soon learned that he harbored a great envy for the good fortunes of others. He said he did not like wealthy people. She cited as an example of his dislike NELSON ROCKEFELLER who he said had too much wealth. He did not mention ROBERT KENNEDY in this connection and never mentioned his name to Mrs. BOYKO's knowledge. It was in this connection - in his comments about wealth and his dislike for

wealthy people that he mentioned, inferentially, his dislike for Jews. He did not mention these things with any discernible emotion, but she remembers them from parts of his conversations.

SIRHAN's relationship with JOHN WEIDNER, in Mrs. BOYKO's opinion, was never good, and as nearly as she and others in the store could judge, SIRHAN was really not at fault in this. WEIDNER is domineering, harsh and rude with his employees, she said. He seemed particularly harsh with SIRHAN at times. He insisted on strict compliance with his orders, i.e. "SAUL come here at once!" SIRHAN might have had a box of groceries in his arms and would deposit them in a car or whatever before complying. This would infuriate WEIDNER. He would regard this as a challenge to his authority. He would berate SIRHAN and accuse him of laziness and insubordination. SIRHAN would defend himself shouting as loud "You just don't talk to me like that" "You have to treat me like a man", and he would stand his ground; then walk away in desperation and frustration. Mrs. BOYKO tried to be the mediator, but the arguments and flashes of temper on both sides became an almost daily occurrence. SIRHAN wanted WEIDNER to fire him so he could get some severance pay, but WEIDNER sensed this and would not fire him.

After these outbursts, SIRHAN would calm down and talk to Mrs. BOYKO about his abiding interests. He indicated he was interested in spiritual things. He definitely was interested in horses. He spoke about his desire to be a jockey and talked about his weight problems. He was also interested in the gambling aspect. He went to the track frequently; every Saturday (at Santa Anita) and apparently was a consistent loser. This bothered him because he was interested in money and wanted money. He was very conscious of his size. Being a little person, he felt disadvantaged. He felt this very strongly and had a defensive complex about it. He felt it was a handicap, even though he had aspirations to be a jockey.

He showed no interest in, or interest in talking about, girls. He indicated that dating girls was a waste of time, and did not wish to discuss the subject. Mrs. BOYKO doubts that he did date girls during this time.

Finally SIRHAN left the shop, sometime in March 1968, and subsequently either sued or filed charges against WEIDNER for back pay. Mrs. BOYKO does not know the particulars about this.

Mrs. BOYKO said SIRHAN was strong in his beliefs -- strong in his convictions. With regard to other aspects of his activity as known to her, Mrs. BOYKO said no one ever came to the shop to visit him. He received no mail at the shop. He received no telephone calls at the shop. He never waited on customers except to carry groceries to waiting cars. He was polite. He was respectful. He never expressed any strong hatred even after his heated exchanges with WEIDNER.

He never came back to the store after he left and Mrs. BOYKO last talked to him sometime in March.

He did complain about the poor condition of WEIDNER's delivery station wagon.

Mrs. BOYKO said she has seen newspaper accounts datelined Washington, D.C. which have quoted her as saying, "SIRHAN was a religious fanatic." Mrs. BOYKO said she never said any such thing.

Mrs. BOYKO said the only Jordanians she has ever met were ABDUL DOBASS (mentioned initially), SIRHAN and a local barber named SIMON SHARU. Mrs. BOYKO recalls asking SIRHAN if he knew DOBASS (above) and he acknowledged that he did, but said no more, so that Mrs. BOYKO could not determine what the degree of association was.

After the news of the assassination of Senator ROBERT F. KENNEDY and SIRHAN's picture was published in the morning newspaper, all the persons at the store knew who it was, but could not believe it. Mr. WEIDNER's reaction was electric. He walked around the store beating his fists to his head saying, "it's him, it's him - it's got to be him;" and then to a customer who had been friendly to SIRHAN in the past, he said "you see I was right about him. I don't know why he didn't kill me - he hated me so."

5
Mrs. BOYKO said she has no explanation for SIRHAN's terrible act. She is shocked and unable to fit it with her recollection of him. It is her opinion that she never did see him except for some surface manifestations, and these were, to say the least, contradictory.

advised that she was employed at t. Organic-Pasadena Health Food Store, 1380 North Lake Avenue, Pasadena, California, as manager from December 15, 1967 until March 7, 1968, when she resigned. During this period of time SIRHAN BISHARA SIRHAN was also employed at this store as a general stock clerk and delivery boy. He had been so employed both part time and full time since prior to Mrs. DRAKE beginning her employment. She advised that she did not know him and had never seen him prior to her employment at this store.

Approximately one and one-half weeks prior to her quitting on March 7, 1968, she submitted her letter of resignation to the owner of the health food store, JOHN WEIDNER. She advised that she left the employment at the above store on the same date that SIRHAN was fired. On the morning of March 7, 1968, she overheard WEIDNER tell SIRHAN that he may leave the store, meaning that he was fired. SIRHAN then proceeded to sit down in the store waiting to be paid his wages due. Mrs. DRAKE said the situation at the store at this time was tense after WEIDNER had fired SIRHAN, and to ease this situation she made a statement to SIRHAN just in general conversation. When she spoke to him WEIDNER then came up to her and told her that she was not to speak to SIRHAN since he was no longer working there. Mrs. DRAKE advised that this infuriated her to the extent that she quit her job on the spot.

WEIDNER eventually called the police on SIRHAN to evict him from the store since SIRHAN would not leave until he was paid.

On 6/17/68 at Rosemead, California

- 525 -

WEIDNER refused to pay either SIRHAN or Mrs. DRAKE and they both eventually filed claims for wages due before the Industrial Relations Board. She advised that they did not file these claims together but the cases were held together on the same date before the Industrial Relations Board, 107 South Broadway, Room 5015, Los Angeles, California, on or about April 23, 1968. Her claim was eventually honored but she has no idea whether SIRHAN received his money or not.

Mrs. DRAKE advised that she saw SIRHAN twice after they terminated their employment at the health food store. She once went over to his house to receive his help in filling out her claim for wages due, and she met his mother. She also saw SIRHAN on the date of his being fired from the health food store in Katies Place Restaurant just down from the health food store. She advised she was in there having coffee on this date and he came in and joined her.

Mrs. DRAKE advised that she never saw SIRHAN either before or after working hours while they were employed. The last she saw of him was on the date that the claims were held before the Industrial Relations Board.

In addition she did talk with him once or twice over the telephone after leaving the health food store's employment and prior to the claims being submitted before the Industrial Relations Board.

She stated that SIRHAN never did talk very much and what little conversation they did have at the store was just general conversation. They never had any political conversations and she cannot recall him talking of any of his personal interests. On the one occasion that she was at SIRHAN's house they talked only of Mr. WEIDNER and his health food store.

Other than his mother, Mrs. DRAKE never met any of his friends or relatives, and has no idea what he did on his off hours. It was her understanding, however, that SIRHAN was taking Bible lessons from Mr. WEIDNER's uncle.

She advised she has not seen nor heard from SIRHAN since the claims were presented before the Industrial Relations Board on April 23, 1968.

Her opinion of SIRHAN is that he was an extremely nice person and that he did not seem bitter over being fired by Mr. WEIDNER.

Date 6/14/68Mrs. CAROL BURGESS

advised on June 14, 1968, that she had known SIRHAN SIRHAN while she was employed from about November 1967 to about January 1968 at the Organic-Pacific Health Food Store owned by Mr. JOHN WIEDNER, Pasadena, California. She said SIRHAN, known generally by the nickname "SOL" told her he had changed his name to SIRHAN SIRHAN so he could have two similar names; however, he did not say what his name had been before the change.

She said SIRHAN was a produce boy and took produce from the above store to the Monterey Park store and the Downey store. She said SIRHAN lived about a block and one-half to two blocks from the store and that she had dropped him off at his residence in her car a few times. She said this residence was one block off Lake Avenue, but she did not know the address. She said she understood SIRHAN lived with his mother and brother, but she had not met them. She said SIRHAN stated he was "close" to his brother and he had "nice" parents. She said she believed SIRHAN had an automobile at home, but it was not in running condition.

Mrs. BURGESS said SIRHAN told her he was attending night school at Pasadena City College and that he liked history. She said one day SIRHAN came back from lunch with whiskey on his breath and made some remark that he would have to stay away from the boss that afternoon. She said she therefore assumed he drank a little.

She said SIRHAN was always by himself, that he came to work and left by himself and he had lunch by himself. She said he never spoke of having a girl friend and said at one time he had "bad luck" with girls, which remark he did not explain. She said no one visited him at the store.

She said SIRHAN believed in what he called "Witchcraft" and believed he had power to do greater things than did others. She said he had indicated in words not now recalled, that he "could do anything that God could do". She said he seemed not to "understand our religion", however, he never explained what his religion was. She added he said, "There are lots of things you can do if you put your mind to it."

Mrs. BURGESS said that Mr. WIEDNER had been in the "Underground" in France and had helped Jews escape from Germany and SIRHAN could not understand why he would help the Jews escape. She said SIRHAN and Mr. WIEDNER had some discussions concerning Jews but she could not recall the details of these conversations except that SIRHAN and WIEDNER argued about Jews. She said SIRHAN sometimes waved his hands when he got somewhat excited in these conversations.

She said SIRHAN did not smoke and she assumed he did not use drugs or narcotics. She did not know him to have a gun and never talked about guns. She said he did not seem to be the violent type and although he occasionally got mad - usually at the boss who expected his employees to work diligently he "cooled off" quickly.

She said SIRHAN never talked about politics and he was generally very quiet, polite, and likeable. She said he appeared to be quite intelligent and had an extensive vocabulary, often using words she did not understand. She said SIRHAN also spoke "some other language" besides English and would interject some foreign phrases into conversation. She added he was a good worker.

She said SIRHAN was interested in horses and had been an exercise boy. She said he used to go to horse races on weekends and that he "loved horses". She said he had hurt his back in a fall falling off a filly and was going to a doctor about his back. She said SIRHAN a small individual wanted people to think he was strong, but he complained about his back when picking up

boxes. She said SIRHAN would also bet on horses at the track and would win and lose bets based on information given him by jockeys. She remembers on one occasion he won \$30. She said he wanted to be a jockey some day.

Mrs. BURGESS said SIRHAN had once given her a paperback book, title and author not recalled, concerning "Witchcraft", for her to read. She said she took it home, did not read it, and brought back the book the next day. She said SIRHAN had said he read by candlelight from candles on a table. She said she asked him in connection with his Witchcraft, what he did, would he lift tables by Witchcraft.

SIRHAN said he did. She said she told him he could not be serious and SIRHAN remarked that he was. She said he came back from lunch one day with two red candles and two blue candles, apparently to read by or to use in his "Witchcraft".

Mrs. BURGESS said she was training one RITA or RETA to be manager at the store about a month before she, Mrs. BURGESS left and RITA or RETA would also know SIRHAN.

MARGARET V. ROLEN, telephonically furnished the following information:

ROLEN advised that she is presently employed as sales personnel for one of JOHN H. WEIDNER's health food stores, located at 7822 East Florence Avenue, Downey, California.

She said the only thing she could recall regarding SIRHAN BISHARA SIRHAN is that he made deliveries to her store from their main store approximately three times a week and would remain in their store for approximately ten to fifteen minutes on each delivery. She believed he first started making deliveries around Christmas 1967 until about February or March 1968.

During these deliveries, she recalled SIRHAN to be a very polite, cooperative young man. She said he seemed to be very nice and could not think of anything derogatory regarding his conduct. She knew of nothing regarding his personal life or beliefs and actually she did not know his full name. She recalled when she first saw him that she and her co-worker, LOIS PALMER, asked him his name. He replied, "Call me SAUL".

She concluded that she was very shocked by the incident involving SIRHAN and if there is any further information concerning this matter, she would be more than willing to furnish the same.

Mrs. LOIS V. PALMER, manager, Nutri-Ville, a health food store located at 7822 East Florence Avenue, Downey, telephone 869-8026, advised she is employed by Mr. JOHN WEIDNER, who also owns the Organic Health Food Store in Pasadena, California, and the Monterey Nutrition Health Food Store in Monterey Park, California. She then furnished the following information:

Mrs. PALMER knew SIRHAN SIRHAN as SOL SIRHAN who was employed by Mr. WEIDNER as a delivery boy for about six to seven weeks during February and March of 1968. SIRHAN came to Nutri-Ville about four times each week remaining no more than ten minutes on each occasion. He delivered stock to the store, picked up stock from the store and picked up money from her for delivery to Mr. WEIDNER.

According to Mrs. PALMER, SIRHAN was always very respectful. He appeared to be very intelligent and once, when she asked him if he went to college, he replied, "No, but I read a hell of a lot". However, he did not explain precisely what he read.

She also learned from him that he rode horses. Moreover, he told her that he and his brothers went to Santa Anita Race Track on week ends.

Mrs. PALMER stated she knows nothing of SIRHAN's background or his associates.

TERRY MICKEY WELCH, advised that he recognized SIRHAN BISHARA SIRHAN from photographs on telecast concerning the attempt on the life of Senator ROBERT F. KENNEDY. WELCH then called WWJ Television, Detroit, Michigan, and made them aware of the fact that he knew SIRHAN and he was subsequently interviewed on that station.

WELCH stated that he first met SIRHAN approximately three years ago when both were employed as exercise boys at , a thoroughbred horse farm located at and owned by

From that time until May 1967, WELCH was closely associated with SIRHAN and considered him to be his closest friend. He said that approximately $1\frac{1}{2}$ years ago, probably between September, 1966 and December 1966, SIRHAN suffered a very bad fall from a horse at and was admitted to the hospital at , where he remained in critical condition for several weeks. He suffered head and back injuries which resulted in his being partially blind in his left eye and since the time of the accident, he has suffered from severe headaches. WELCH stated that SIRHAN was supposed to get a settlement as a result of this accident and was angry because he did not get as much as he thought he should.

WELCH advised that SIRHAN underwent a complete personality change after the above-described accident. He stated that prior to that time, SIRHAN had been good natured and easy to get along with. He was popular with other employees at the horse farm and with horse owners who kept race horses at this farm. WELCH listed DESI ARNEZ, BUDDY EBSAN, and DALE ROBERTSON, prominent television personalities, as horse owners who were well acquainted with SIRHAN. He described SIRHAN prior to the accident as well mannered, neat, clean, intelligent, and a gentleman in every way. He said that while SIRHAN was thrifty and would sometimes save his checks for three or four weeks before cashing them, he was also generous in providing money to friends who were temporarily in need,

On 6/6/68 at Southfield, Michigan

- 535 -

and in addition stated that although SIRHAN did not drink himself, he accompanied WELCH and other employees to local bars and would often purchase drinks for everyone present.

Following his fall from the horse in 1966, SIRHAN became a "loner" who was resentful toward anyone who had wealth. He, at this time, became unpredictable and unreliable in that he would make plans to do things or go places with WELCH and then for no apparent reason would change his mind.

After he was released from the hospital at SIRHAN obtained a job with _____, an owner and trainer at the _____. He remained on this job for 3 to 5 weeks and when he found that he did not know enough about the job, he quit and went back to _____ to learn more about handling horses. WELCH said SIRHAN had a great desire to be a good rider and although he was frightened after the accident, he refused to quit riding even after being repeatedly thrown from horses.

TERRY WELCH advised that SIRHAN was also known as Sol by race track acquaintances and fellow employees. He said that inasmuch as persons of all nationalities frequent race tracks and horse farms, he and SIRHAN worked with Mexicans, Negroes, Irish, Greeks, Italians, Jews, and Hungarians, and SIRHAN never gave any indication to him of prejudice toward any nationality. He said that before the accident SIRHAN was curious and was always attempting to learn and improve himself. He would visit dairy and poultry farms for example during his off-duty hours, and could talk intelligently on almost any subject. He spoke excellent English with little or no accent. He was an avid reader, particularly with regard to law and frequently discussed cases which he had read about. SIRHAN did not appear to be particularly interested in politics and WELCH does not recall any pertinent discussions of political issues.

SIRHAN appeared to be devoted to his mother and told WELCH he visited his mother in Pasadena, California, every other weekend when he was not working. WELCH said he never went with SIRHAN to visit his mother and does not know the names of any of SIRHAN's relatives, but recalls SIRHAN stated his mother name was MARY. His father was overseas, according to SIRHAN and supposedly wealthy.

WELCH believes that the Reverend LEO HILL, Circle City Baptist Church, Ninth and Sheridan, would possibly know SIRHAN inasmuch as SIRHAN gave WELCH a card for this church and suggested that he see Reverend HILL when he was having personal problems.

SIRHAN told WELCH on one occasion that he had been expelled from a college in Los Angeles, California, as a result of trouble with a girl. This incident supposedly occurred before WELCH and SIRHAN became acquainted.

SIRHAN also stated that at one time he had worked for a gun or skeet club in the Corona or Los Angeles area. WELCH believed that would possibly have more information concerning this.

TERRY WELCH said that when he first learned about SIRHAN's connection with the assault on Senator KENNEDY, he could not believe that SIRHAN had shot KENNEDY because he had previously been such a "nice guy". He has not seen or had contact with SIRHAN since May 1967. He does not believe that SIRHAN would have committed this assault for money, nor would he have been involved in a conspiracy. With regard to the money allegedly in SIRHAN's possession when he was captured, WELCH said it would not be unusual for SIRHAN to carry large sums of money in his pocket inasmuch as he was a thrifty individual and when he and WELCH were closely associated, SIRHAN habitually kept his wallet in the glove compartment of his car, which WELCH described as a 1950 or 1951 DeSoto. WELCH said it was common practice for race track employees to keep their wallets in the glove compartments of cars to prevent theft from their persons.

In conversations with fellow employees who were refugees from communist countries, such as Cuba and Hungary, SIRHAN always gave WELCH the impression that he was very much opposed to communism. He indicated a liking for the United States and never exhibited any particular loyalty or feeling toward the country of his birth, Jordan. WELCH said he does not recall having ever heard SIRHAN mention being or living in any state other than California in the United States.

4
WELCH concluded by stating that he feels that the personality change which took place in SIRHAN BISHARA SIRHAN after his accident must have gotten worse in the past year since WELCH has had contact with him, and that he "went out of his mind, or that something was preying on his mind."

WELCH said that SIRHAN was particularly friendly with FRANK DONORAMA, one of the bosses or supervisors at

He added that prior to SIRHAN's accident, he had been so impressed with SIRHAN's potential that he offered SIRHAN a good administrative job at SIRHAN declined this offer inasmuch as he preferred to work directly with the horses and become a good rider.

After the season was over, SIRHAN worked a little while for him at the SIRHAN resided at , and commuted to the tracks from that address in a pink DeSoto.

Mr. BUDDY EBSEN, television actor, was contacted following an attempt to contact him through his agent, JAMES MC HUGH, JR..

He was informed that an interview was desired regarding any knowledge he may have of SIRHAN SIRHAN, who had been accused of shooting Senator ROBERT F. KENNEDY. SIRHAN reportedly had worked as an exercise boy at a horse ranch where Mr. EBSEN was said to have kept horses.

Mr. EBSEN said he could relate what information he had inasmuch as he did not recall SIRHAN. Two or three years ago he stabled some horses at the above ranch, owned by

His horses had been handled by FRANK DELMARA, who was no longer employed at this ranch. He would probably know FRANK's whereabouts. There were several apprentice boys who handled EBSEN's horses whom FRANK would know or recall. It was possible SIRHAN may have been at the ranch at that time.

On Sunday, June 9, 1968, Mr. EBSEN received a call from GAYLE ROSENBERG, a representative of "Life" magazine, seeking data and photographs of SIRHAN at the ranch as "Life" was doing a story on SIRHAN. Mr. EBSEN checked through his photographs taken of his horses and came up with one showing an exercise boy who could have been SIRHAN, but EBSEN was not sure as only half of this boy's face showed in the photograph. It was given to the "Life" representative who could be reached at telephone number CR 3-1530 if it was desired to see the photograph.

The exercise boys were paid by the owner of the ranch and EBSEN paid a fee to the ranch to stable his horses.

WALTER THOMAS RATHKE.

advised he first met SIRHAN SIRHAN at least three years ago when both worked for

He has also met SIRHAN's mother and one of his brothers, not the one reportedly up for deportation. RATHKE got to know SIRHAN quite well during this time and SIRHAN never exhibited any leanings toward Communism or ever became violent or exhibited any violence. RATHKE got the impression SIRHAN did not want to return to Jordan and from conversations thought SIRHAN had made a move for American citizenship. At no time during their conversations can RATHKE recall SIRHAN ever mentioning any of the KENNEDYS or was the subject of guns ever mentioned.

SIRHAN was working a quarter horse at when SIRHAN's horse bolted and SIRHAN suffered head injuries from hitting the fence and required hospitalization. RATHKE believes this happened approximately September 1966 but is not sure of that date. As result of injury SIRHAN's pupil in one of his eyes, believed his left, remains large and will not close and he apparently has no peripheral vision out of that eye and can no longer gallop horses so he had to give up being a groom.

RATHKE last saw SIRHAN in approximately June 1967 in Pasadena where SIRHAN was working at a health food store. He also saw SIRHAN's mother during this time and she indicated SIRHAN "just wasn't himself" after the accident and RATHKE stated SIRHAN was "more incommunicative" since the accident but could not explain the exact changes in SIRHAN. RATHKE has only seen SIRHAN for short periods of time since the accident and has had no extensive conversations during these meetings. When he last saw SIRHAN in Pasadena, RATHKE told SIRHAN he was joining the Theosophical Society but did not discuss very extensively and has now read in the newspapers that SIRHAN is reading books published by this society.

RICE said he considered SIRHAN to be a serious, intelligent, "student type" person, that he did not have any knowledge concerning his political interests, background or associates. RICE said that he met SIRHAN originally through one JOHN STRATHMANN and that he could suggest no other associates or acquaintances of SIRHAN. RICE commented that his last contact with SIRHAN was in August or September 1966, that he has no current knowledge concerning him, his activities or associates. He further stated that from limited knowledge of SIRHAN, he would have no basis to pass judgement or firm opinion, which might bear in his being a suspect in the KENNEDY assault. RICE said that he could suggest no motivation or reason and that he would have no knowledge of any type of conspiracy which SIRHAN might have been a part of.

Mrs. HELEN GARBEN

advised that she has known SIRHAN SIRHAN as a patron of this library since about 1963. She noted that in 1963, he was attending Pasadena City College and would stop by after classes to study. She also noted that after a period of time, he became interested in reading the various newspapers and periodicals kept at the library. SIRHAN impressed her as a very quiet, courteous young man who was trying to learn something through reading. Occasionally, he would check out a book but on most occasions, he would read about current events in the periodicals. She did not know what newspapers or periodicals or books he did read. She knew absolutely nothing objectionable about SIRHAN. She pointed out that she never saw SIRHAN outside of the library. She also stated that SIRHAN also had one or two brothers who would come into the library, but she did not become acquainted with them and did not know their names. She could not recall anything specific that he might have said to her except he once told her that he came from Jordan. Mrs. GARBEN stated that she was horrified when she heard SIRHAN SIRHAN was accused of assassinating Senator ROBERT F. KENNEDY. She said that this was hard to believe because he impressed her as being such a nice young man. She also recalled that possibly two years ago she introduced SIRHAN SIRHAN to a Jordanian librarian who was in this country studying our methods of operating a library. She stated that she did not recall the name of this individual. SIRHAN SIRHAN and this person talked only briefly, and she never saw them together again. She stated that she could not recall ever seeing SIRHAN talking to any other patrons.

JOSEPHINE CUNNINGHAM,

, advised that she became acquainted with SIRHAN SIRHAN while he was attending Pasadena City College. She stated that she believed this was in 1963. SIRHAN impressed her as a very nice, courteous young man and she knew absolutely nothing derogatory concerning his character. She noted that she knew none of his associates.

She advised that at first SIRHAN SIRHAN came in to study his homework, but later he became interested in the newspapers and periodicals and spent a great deal of time reading them. Also, on occasion, he would check out a book from the library. She could not recall what kind of books, newspapers or periodicals SIRHAN SIRHAN read. She recalled that several months ago he came to the library and informed her that he had been injured while training a horse. SIRHAN SIRHAN never discussed with her any of his political ideas, nor did he ever mention to her anything concerning Senator ROBERT F. KENNEDY, the Israeli - Arab June 1967 War, or any other current events. She stated that she was at a loss to explain why he reportedly assassinated Senator KENNEDY. She could furnish no other pertinent information concerning this matter.

Father PAUL ROMLEY,

advised as follows:

He is familiar with SIRHAN SIRHAN and the other members of his family, but he knows very little about them. The only contact he had with the SIRHAN family was when he gave services for the SIRHAN girl that died. She died on March 20, 1965, and her funeral was on March 23, 1965. She was 29 when she died. After the funeral services, she was buried at Forest Lawn Cemetery, Glendale, California. Her name on the death certificate was listed as AIDA SIRHAN MENNELL. The girl had been secretly married to a man named MENNELL, possibly from Palm Springs, California, and her family did not know this until he showed up at the funeral.

He has not seen SIRHAN SIRHAN since the day of that funeral. In the short time that he knew the boy, he never heard him express strong feelings against Israel. Ever since the Arab - Israeli war of 1967, St. Nicholas and other churches in Los Angeles have been active in obtaining food and clothing and sending them to the refugees. At no time did SIRHAN get involved in this activity.

Father ROMLEY had no other information about the SIRHAN family.

I then understood this same person to say, 'Do you have any 357 Mag. tank piercing ammo', or words to that effect. Ben replied 'We don't have any'. The three then left without speaking further. They were here only three or four minutes. I did not see them leave in any car. As they were leaving they picked up one of our business cards from the counter. They made no purchase.

In addition to this written statement, Mrs. HERRICK furnished the following information:

She did not see any of these three men carrying or exhibiting any type of weapons on or about April 3, 1968. None of these three men mentioned or inquired about any .22 caliber ammunition.

Mrs. HERRICK advised that cash bill of sale Number 2372, dated June 1, 1968, was apparently filled out by an employee, LARRY ARNOT. It indicated the following sales were made:

			<u>399</u>

She explained each box contained 50 cartridges. The "CCI" refers to the manufacturer, Cascade Cartridge, Incorporated, Lewiston, Idaho. The "22" refers to .22 caliber cartridges. According to the price of \$1.00 per box the sale was for .22 caliber, long rifle, hollow point, mini-mag ammunition. She explained the second two boxes would have been for .22 caliber, long rifle, standard Super X, manufactured by the Winchester-Western Division of the Olin Mathieson Chemical Corporation. The original, white copy, of the sales slip is kept by her firm with the second tissue copy. The third copy, colored yellow, is given to the customer as his receipt. Mrs. HERRICK advised she would keep the book from which sales slip Number 2372 was taken and make it available if needed.

The following photographs were shown to Mrs. HERRICK on June 16, 1968:

Date 6/20/68

Mr. BENJAMIN J. HERRICK, advised he is the owner of the Lock, Stock, 'n Barrel Gun Shop, 8972 Huntington Drive, San Gabriel, California, telephone Number 287-0051. Mr. HERRICK furnished the following signed statement:

"San Gabriel, Calif.
June 17, 1968

"I, Benjamin J. Herrick, make the following statement to _____ and _____ who have identified themselves to me as Special Agents of the Federal Bureau of Investigation. I understand this statement may be used in a court of law.

"I have discussed with my wife, Dona, the events surrounding the visit of three men, all foreign appearing, to my gun shop, the Lock, Stock 'n Barrel, 8972 Huntington Drive, San Gabriel, California, about April 15, 1968. I now recall that three men entered the store and looked around. My attention was drawn to them because they were very interested in the handgun display. I drew the impression that they were foreign because of their interest in the display. I have observed that other persons of foreign nationality show unusual interest in gun displays, perhaps because such displays are unknown in their own countries.

"I did not observe these three men until they were in the store. I did not see them arrive in a vehicle. I did see them when they approached my wife and asked her a question and she then turned to me for assistance. At this time one of them asked me if we had any armor piercing ammunition in the store. I do carry such ammunition which I sell to law enforcement officers. After observing that these men were not law enforcement officers I said that we did not have such ammunition in stock. The three men then

left the store. I did not observe the men closely on this visit and I now only recall that they were short, dark and foreign looking.

"On June 1, 1968, I was again working at my store. I don't recall the time of the incident, but it was sometime after opening hour of 12:00 noon. I was talking to a customer about a shotgun. I do not recall the name of this customer, but he was interested in trap shooting and I think we were discussing a Browning over/under shotgun. During the conversation I was standing near my desk in the northwest corner of the store. Larry Arnot, one of my employees, was standing at the ammunition counter which is at the southwest corner of the store. I happened to glance over my shoulder and observed there were three short, dark, foreign looking persons talking with him. From their appearance I thought they were the same three persons who had been in the store on the April 15th date inquiring about the armor piercing ammunition. I observed these three persons from the rear only. I continued my discussion with my customer and when I finished the three men were gone.

"I cannot give specific descriptions of the three men because of the short period of time I had to look at them. I believe they were all males, in their early 20's, all about 5'5" or 5'6" (all shorter than I at 5'8"), slender build, about 130 lbs. I recall that they all were very dark complected. One had kinky hair. The other two had curly hair. They were all wearing casual clothing, probably pants and sport shirts. None of them had glasses, tattoos or jewelry which I can recall. None of them was carrying anything when they were in the store to the best of my recollection. I have the impression they were all clean, neat and well groomed.

3
"I recall discussing the nationality of the three men. I remember someone saying they were possibly Philipino. I commented that I did not think they were Philipino because they had curly hair and all Philipinos have straight hair. I could not identify any of the three men as being from a middle east country.

"I have observed photographs of Adel Sirhan, Sharif Bishara Sirhan, Saidallah Bishara Sirhan and Munir Sirhan and cannot identify any of them as being in the store.

"I cannot identify Sirhan Bishara Sirhan as one of the three men in the store. I have seen his photograph in the papers and on TV and cannot now state that I am identifying him from being in my store or from seeing his picture in the news media.

"I have read the above 2 page statement and to the best of my knowledge it is true.

FEDERAL BUREAU OF INVESTIGATION

Date 6/18/68

LARRY KENNETH ARNOT, Salesman, Lock Stock 'N Barrel Gun Shop, 8972 East Huntington Drive,

was interviewed at his employment.

ARNOT advised that sometime during the mid-afternoon of June 1, 1968, three men entered the gun shop and walked directly to the last counter on the south side of the building where they momentarily paused and appeared to be looking over the various boxes of ammunition which were located behind that particular counter.

ARNOT stated that as he approached the three men to inquire whether he could be of any assistance, the shorter of the three men stated, "I want two boxes of Mini Mags", or words to that effect. ARNOT stated that simultaneously, one of the three separated himself from his other two associates by a distance of approximately six to eight feet and appeared to be intent on the items which were located behind the counter on the west side of the building.

He related that as he turned towards the ammunition stock, he asked the man who had ordered the "Mini Mags" whether he desired the standard type or the hollow point type.

After learning that the purchaser desired the hollow point, he obtained two boxes of high velocity .22 caliber long rifle bullets, each box of which contained 50 shells.

On returning to the counter and placing the ammunition directly in front of the purchaser, his associate, who was standing along side him, then informed him that he wanted two boxes of .22 caliber long rifle shells of the standard type. ARNOT returned to the ammunition stock, removed two boxes of .22 caliber Super X ammunition and, on returning to the two men, placed all four boxes in a paper bag and then proceeded to complete a sales invoice.

On 6/16/68 at San Gabriel, California

- 591 -

He related that on completing the sales which totaled \$3.99 including tax, he removed the yellow copy of the three copy sales invoice from the sales book and placed it in the bag with the four boxes of ammunition.

He advised that although not certain which one of the two individuals paid him for the sales transaction, he received the money, thanked them, at which point all three men departed the store leaving via the front door.

ARNOT also recalled that midway through the course of the transaction, he asked the shorter of the two men who had purchased the ammunition whether they planned to go rabbit hunting, as the .22 caliber bullets they were buying appeared ideal to him for that type of game. He advised that the shorter man acknowledged that that was their plan, to which he asked, "Are you going toward Red Mountain", which ARNOT explained was located off Highway 395 in San Bernardino County, as ARNOT knew this area to be an excellent rabbit hunting ground. ARNOT stated that he specifically recalled that the shorter man answered in the negative and cited another spot where they planned to go hunting but, at this time, ARNOT cannot recall that location.

ARNOT stated that one or two days subsequent to the shooting of Senator ROBERT F. KENNEDY, he observed a photograph of KENNEDY's alleged assailant SIRHAN BISHARA SIRHAN on either television or in a newspaper, at which time he instantaneously realized that SIRHAN was the shorter of the two men to whom he had sold the two boxes of "Mini Mags" on June 1, 1968, while SIRHAN was in the company of two associates.

At that point in the interview, ARNOT was displayed the below listed photographs:

SIRHAN BISHARA SIRHAN

MUNIR SIRHAN

(Two photographs, one of which depicts
MUNIR with glasses, the other without glasses)

3

ADEL SIRHAN

SHARIF BISHARA SIRHAN

SAIDALLAH BISHARA SIRHAN

After closely reviewing the above photographs, ARNOT identified the picture of SIRHAN BISHARA SIRHAN as being identical to the individual to whom he had sold the two boxes of .22 caliber, long rifle, high velocity shells to on June 1, 1968. Upon completing his identification of SIRHAN BISHARA SIRHAN, ARNOT affixed his initials and the date of June 16, 1968, on the rear of this picture.

Continuing his review of the remaining four photographs, ARNOT chose the photograph of SHARIF BISHARA SIRHAN from the remaining pictures and advised that he was of the opinion that SHARIF "bears a strong resemblance" to the individual who, while standing next to SIRHAN in the shop on June 1, 1968, ordered and purchased two boxes of .22 caliber, long rifle, Super X bullets. ARNOT stated that he could not make a positive identification of the photograph of SHARIF BISHARA SIRHAN but could be positive if afforded the opportunity of viewing this individual in person.

Regarding the third individual who had entered the store and then had parted from the other two men to view other merchandise, ARNOT stated that he was not confident that he would effect the identification of this person by either photograph or in person viewing.

ARNOT was then displayed Lock Stock 'N Barrel original sales invoice number 2372 which reflects the date June 1, 1968, for a cash transaction of two boxes of CCI .22 caliber ammunition and two boxes of Super X .22 caliber ammunition with tax totaling \$3.99. ARNOT identified the writing upon this invoice as his own and advised that he believes this is the sales slip covering the purchase made by SIRHAN and his associate. After viewing the sales slip, ARNOT affixed his initials to the document as well as the date June 16, 1968.

4
At this point in the interview, ARNOT prepared the following voluntary signed statement in his own hand:

"June 16 - 1968
San Gabriel California

"I, Larry Kenneth Arnot hereby furnish the following signed statement to and who have identified themselves as Special Agents of the F.B.I.

"I am 36 years of age and reside at I am employed as a salesman at the Lock Stock 'N Barrel gun shop, 8972 E. Huntington Dr. San Gabriel California.

"During the afternoon of June 1, 1968 3 men entered my employment and walked to the rear of the store where out stock of ammunition is located. Two of the men remained positioned at the counter, their associate parted from them at a distance of about six feet and began to look over the items behind another counter.

"One of two men standing together appeared interested in the ammunition behind the counter. After approaching them to inquire if I could be any help the shorter of the two men responded by stating 'I want two boxes of Mini Mags' or words to that effect. On questioning he added that he wanted the hollow point as opposed to the standard type. I would like to point out at this time that 'Mini Mag' is a brand or type of high velocity .22 caliber ammunition of short, long or long rifle sizes.

"I obtained two boxes of hollow point .22 caliber high velocity, long rifle 'Mini Mags' made by the Cascade Catridge Inc. of Lewiston Idaho and placed them on the counter. Each box contained fifty cartridges.

"After placing the cartridges on the counter the person standing next to the person who had ordered the 'Mini Mags' then asked me to get him two boxes of .22 cal. 'Super X' long rifle bullets. On returning to the counter I placed two boxes of .22 cal. 'Super X' standard long rifle bullets manufactured by Winchester-Western Division of Olin Mathieson Chemical Corp. along side the other two boxes.

"I totaled a sales receipt arriving at a total of \$3.99. I placed the four boxes of ammo. in a paper bag along with the customer yellow copy of the cash sales slip. I cannot recall whether one of both of these men paid me the cash covering the \$3.99 sale.

"I have been shown a photograph of Sirhan Bishara Sirhan by agents and of the F.B.I. and positively identified this individual as the person to whom I sold the two boxes of .22 cal. high velocity, long rifle, hollow point 'Mini Mags' on 6-1-68.

"I have been shown a photograph of a person identified to me as Sharif Bishara Sirhan by agents Bradford and Linker and believe that he strongly resembles the individual who was with Sirhan Bishara Sirhan and to whom I sold the two boxes of the standard .22 cal., long rifle 'Super X' Western ammunition on the same date.

"I have read this statement, initialed all corrections and find it to be true and correct.

The following investigation was conducted by
SA [redacted] and SA [redacted]

Mr. BENJAMIN HERRICK, Owner, Lock, Stock 'n Barrel Gun Shop, 8972 Huntington Drive, San Gabriel, California, was contacted on June 18, 1968 and made available for review his records of handgun sales. Mr. HERRICK explained the laws of the State of California require a person purchasing a handgun wait five days after purchase before picking up the gun from the store where it is purchased.

The handgun records were reviewed and it was observed that [redacted] purchased a handgun on May 25, 1968. [redacted] purchased a handgun on May 24, 1968.

The handgun records disclose that there were no purchases of handguns made on June 1, 1968.

Mr. HERRICK also made available his records concerning the sale of rifles. These records indicate

[redacted] was in the store on June 1, 1968 and made a purchase.

The sales receipt books of the gun shop were also reviewed for June 1, 1968. These records did not contain the names of any persons making purchases on that date. Mr. HERRICK reviewed each of the sales tickets in an effort to recall who might have made purchases, but was unable to remember any specific customer in the store on June 1, 1968.

Mr. HERRICK checked his records of credit card sales for the BankAmericard and Master Charge credit card sales. These are the only two credit cards which Mr. HERRICK recognizes. There were no sales made on either of these cards on June 1, 1968.

Mr. HERRICK said that he could not explain how SIRHAN BISHARA SIRHAN selected the Lock, Stock 'n Barrel Gun Shop to make his purchase on June 1, 1968. He advised that he does not advertise in any kind of daily, weekly or throw-away newspaper. His only advertisement is a small ad in the Yellow Pages of the San Gabriel Valley section of the telephone book. He also advised he does not cater to any gun clubs, shooting clubs, etc.

Mr. HERRICK advised that he could not recall any deliveries being made to his store on June 1, 1968 other than the regular mail delivery which comes about 2:00 p.m. He pointed out that June 1, 1968 was a Saturday and that most delivery services, which frequent his shop do not make deliveries that day.

Mr. HERRICK stated he has given the matter of identifying customers who might have been in the store at the same time that SIRHAN BISHARA SIRHAN was there careful consideration. He stated he could not recall any customer being in the store during the pertinent period. He said he would continue to consider this matter and would advise if he could recall anyone who had been in the store at the appropriate time. Mr. HERRICK said he has discussed this matter with his wife and neither of them could recall any customer who might have seen SIRHAN and his associates when they were in the store.

Mrs. BENJAMIN HERRICK (DONA), advised on June 13, 1968 that she could furnish no information other than that already furnished by her husband. She stated she was not at the store on June 1, 1968. She recalled that she was at home on that date. Her mother and stepfather, Mr. and Mrs. RICHARD L. HINELINE, were visiting her. She recalled that sometime during the day they went to the store to talk to her husband. She did not accompany them. MARTIGANI related that on May 29, 1968, an individual he believed to be SIRHAN SIRHAN was in the bar along with "JIM", mentioned above. During the course of the evening, he happened to be walking by their table and overheard this individual comment to "JIM", "We will wait till he gets into town and then we will get him." Miss LINDA STURGEON,

advised as follows:

She has been employed at the Golden Garter Bar, 2605 West Valley Boulevard, in Alhambra for the past two months. She advised that she realizes most of the employees and patrons of the bar have been interviewed. She was shown a photograph of SIRHAN BISHARA SIRHAN, and she advised that this man is unknown to her, and to the best of her knowledge has never been a patron of the Golden Garter. She was also shown a photograph of ROBERT RICHARD ANDRESE. She remarked that this man had previously been a customer at the Golden Garter Bar and had been a friend of JAMES WILSON. ANDRESE has not been in the bar in the past three weeks, and prior to that, he had frequented the bar approximately six to eight times, usually in the company of WILSON. These visits to the bar were usually at night, since Miss STURGEON's shift is from 6:00 p.m. to 2:30 a.m.

She related that she could not understand why the big "fuss" was being made about SIRHAN B. SIRHAN. She said he has never been a customer at the bar, and it is apparent to her that the owners of the bar, CARL and ANDY, have mistaken SIRHAN for ANDRESE. She further advised that she did not know how they could furnish information to the FBI, since they are very seldom in the bar. One or the other will usually stop by during the evening for approximately five to ten minutes to check on receipts and handle some business at the bar. She said of anybody connected with the bar, they would be the least aware of who frequents the bar.

EDWIN GERALD NESS,
advised as follows:

During the month of May, 1968, he resided at an apartment in During that time, he was not employed and DOROTHY, whom he was living with, was employed as a barmaid at the Golden Garter in Alhambra. Also during this time, JAMES WILSON obtained employment at a company in Monterey Park, whose name he could not recall, but he thought it began with "S" and sounded something like "SCRABBLE." He believed that WILSON lasted at this employment approximately one week. WILSON did not own a car, and he was driven to and from work by an individual whom he (NESS) knew only as BOB. He believed BOB drove a 1962 Valiant and on several occasions stopped at the Golden Garter to have a drink with JAMES WILSON.

NESS was shown a photograph of SIRHAN BISHARA SIRHAN, and he said that this photograph resembled the individual whom he knew as BOB, with the exception that BOB combed his hair straight back and had a pockmarked face.

NESS was asked as to what type mail WILSON received during the period they shared the apartment on Main Street. He replied that the only mail WILSON received was "bills." He said that he has known WILSON for the past three years and has resided with him for the past one month, until they split up approximately the first of June, 1968. During that period, WILSON has never made known his political beliefs, and it is the opinion of NESS that he is not interested in politics.

Since their split up on June 1, 1968, NESS has had one contact with WILSON, that being on June 3, 1968, in Santa Ana. NESS said he believes that WILSON is residing in Santa Ana somewhere near Main Street on either First or Fourth Street. He drove to _____ accompanied by DOROTHY MANNING and EDDIE NESS and he was driving an old two door DeSoto (year not known but believed to be of the early 1950 vintage). WILSON wanted to borrow her car to move from Alhambra to Santa Ana, California. They all left _____ about 8:00 PM and drove directly to the apartment in Alhambra.

She does not recall specifically what WILSON did from May 31, 1968, through June 3, 1968.

On June 4, 1968, the bars were not opened and JIM and RICHARD WILSON went to look for a job through the Qwik-Serv Employment Agency. They left the apartment at approximately 6:30 AM and did not return until approximately 3:00 PM. They sat around the apartment until 8:00 PM when the bars opened, at which time JIM and RICHARD went to a local bar. They returned at approximately 9:00 PM but JIM left at 10:00 PM and went to Sam's Bar. At approximately 10:30 PM, RHONDA went to Sam's Bar to get JIM and they returned to the apartment approximately 15 minutes later.

Date 6/11/68

RICHARD LEE WILSON,
was interviewed in a Bureau car outside
his residence since there were a number of people in his
apartment at the time.

He is the
brother of JAMES L. WILSON, who currently resides with him.

WILSON advised he is currently unemployed but
normally works as a machinist. His last employment was for
Dodds Company, Beach and Stage Road, Buena Park, California,
for whom he worked about one month and quit on May 29, 1968.
His longest employment had been for a period of two years
in 1962 and 1963 for the Kirkhill Rubber Company, Brea,
California.

WILSON advised he had been living at
since April 1968, with
his wife, ELAINE WILSON, and their son. His brother, JIM
WILSON, visited him at the Santa Ana apartment from time
to time while living in Alhambra in April and May 1968.

WILSON advised he had observed the television
broadcasts of the assassination of Senator ROBERT F. KENNEDY
and the arrest of the alleged killer, SIRHAN SIRHAN. He did

not recognize SIRHAN by name or photograph. He did not recognize the name BOB ANDRESE. Regarding BOB ALLEN, WILSON advised he had known him for about seven years and believed ALLEN currently lived in Paramount, California. Prior to May 1968, ALLEN lived with JIM WILSON, but they did not get along too well and split up.

WILSON advised his wife is currently employed as a barmaid at the Pour House Bar on First Street in Santa Ana, around the corner from his residence. She began this employment about June 4, 1968, and works the 6:00 p.m. to 2:00 a.m. shift. WILSON goes over to the bar at 2:00 a.m. to count the money and close the place. He spends about ten or fifteen minutes handling this matter and then returns to his apartment. He said JIM WILSON is generally asleep when he gets home since JIM gets up so early to go to work.

WILSON advised RHONDA GREEN has a 1964 gray Comet sedan, which is sometimes used by JIM WILSON since he does not own a car. The only other vehicle JIM WILSON is known to have driven recently was BOB ALLEN's white Plymouth.

Regarding the Golden Garter Bar in Alhambra, WILSON advised he did not believe he had ever been to that location.

He did recall that on June 4, 1968, which was election day, he and JIM WILSON had worked four hours for Quick Service, located near Second Street in Santa

Ana, about four blocks from his residence. He recalled they went there at 6:00 a.m., and obtained a job unloading a truck about 9:00 a.m. He and JIM worked until about 2:00 p.m., June 4, 1963, making \$1.65 an hour for their labors. He recalled there were elections that day since they were unable to cash the vouchers for their wages at a bar until 5:00 p.m., since the bars were closed until that time. About 2:00 p.m., or shortly thereafter, he and JIM WILSON returned to the apartment from the employment and stayed around the house the rest of the afternoon. At 5:00 p.m., he and JIM cashed their vouchers at the Spa Bar on South Main Street in Santa Ana. They took a taxi from the Spa Bar about one half mile to the Lasso Bar, where they had a pitcher of beer and walked home. He said the Lasso Bar is near the Pour House Bar and he assumed they got home at 9:30 or 10:00 p.m., but he was not certain. That evening he and JIM watched television, along with RHONDA GREEN and ELAINE WILSON. The children were sleeping at the time. He recalled the election returns were coming in and there was a movie which he watched, although he could not recall the name of it. He recalled seeing Senator ROBERT KENNEDY make his victory speech concerning the California election returns followed by reports of the shooting of Senator KENNEDY. He said he, JIM and the girls were all quite shocked about what happened but recalled no specific conversation about it. He said all of the people went to bed about 4:00 a.m.

WILSON advised he got up at about 8:00 or 9:00 a.m., on June 5, 1963, and observed that the other adults and children were still sleeping. He went back to bed and slept again until 10:00 a.m. or so, when he got up and found JIM WILSON was also up at that time. He recalled that during June 5, 1963, he, JIM and the girls watched television most of the day involving the investigation of the KENNEDY assassination.

he did not believe they left the residence to go anywhere.

4
WILSON advised upon further consideration, he believed it was on June 5, 1963, that he and JIM had also looked for some employment. He said JIM WILSON filled out an application for a job in the City of Orange, California, where he had previously worked or was known. He and JIM had driven to that location in RHONDA GREEN's car and were gone several hours before returning to the apartment. WILSON advised he did not enter the company from whom his brother was seeking employment, but rather remained in the car. After they returned to the apartment, he believed they stayed there the balance of the day.

Regarding Monday, June 3, 1963, WILSON advised he now has no particular recollection of what had occurred on that day.

They returned at approximately 9:30 PM. JIM left at 10:00 PM to go to Sam's Bar and at approximately 10:30 PM, RHONDA went to the bar to get him and they returned approximately 20 minutes later. They all stayed in the apartment watching television until the early morning of June 5, 1968.

KENNEDY on the Palm Terrace of the Ambassador Hotel from the hours of 8:30 p.m. and 10:00 p.m., Sunday, June 2, 1968.

BLUME explained that approximately three months ago he and his friend, VOGEL, joined the KENNEDY for Youth Campaign headquartered in Pasadena, and have assisted the Senator in his campaign in and around the Pasadena area since that time.

BLUME stated that as he and VOGEL proceeded across the main lobby toward the doors leading into the Palm Terrace in the Ambassador, an individual whom he had formerly been acquainted with passed by him at a distance of approximately three feet. He stated that he immediately recognized this individual as a former employee of the Organic Pasadena Food Company, which is located next to his own former employment, the Show Case Liquor Company, 1374 North Lake Avenue, Pasadena. BLUME explained that while employed at the Show Case from December 1967 through March 1968, he frequently had occasion to observe the aforementioned individual in and around the store and received the impression that he was working as a stock boy.

BLUME related that after passing this individual in the main lobby of the Ambassador, he turned toward VOGEL and may have commented to him with words to the effect "I know that guy", and then continued into the Palm Terrace to await the arrival of Senator KENNEDY. BLUME related that he did not have occasion to see this same person throughout the remainder of the evening and thought no more

He stated that he immediately discussed the matter with his mother after which they both concluded that this information might be of assistance to the Los Angeles Police Department and/or the FBI.

BLUME stated that during his four months employment at the Show Case Liquor Company he casually greeted SIRHAN with a brief salutation but never entered into any lengthy discussions with him. He stated that from a distance he formed the opinion that SIRHAN was a quiet, introverted and intelligent person who did not appear to want to cultivate friendship with him.

On June 18, 1968, MUSTAFA BAHTISHI, who is employed at the Fluor Corporation, 6045 East Slauson Boulevard, Los Angeles, advised he did not know SIRHAN SIRHAN, had never met him, and the only person he knew who might possibly know him was SPEAR SAYEGH, a Christian Jordanian who works for the GPS Pharmacy on Las Tunas Boulevard in Temple City. He stated SAYEGH heads a charitable organization, called the U. S. Omen, which raises money and sends it to charities in the middle east. BAHTISHI denied making any anti-KENNEDY statements in connection with the assassination of Senator KENNEDY. He stated Senator KENNEDY was generally well regarded by Arabs in connection with his stand in the Middle East, and because of the position of his brother, President JOHN F. KENNEDY, had taken. He stated all the Arabs he knew felt badly about the action of SIRHAN SIRHAN, as it reflected on them. He pointed out that emotional statements might have been made by people concerning Senator KENNEDY because this is an election year, but was sure such statements would be made concerning politics, rather than concerning the individual. He knew of no anti-KENNEDY statements which had been made.

BAHTISHI denied belonging to any Arab club, but stated he was aware there were such clubs on the campus at the University of Southern California and at the University of California at Los Angeles. He said he understood the Organization of Arab Students which had been active on the campus at California State College, Los Angeles, had been disbanded. He stated the primary purpose of the clubs was to provide a social outlet and orientation for arriving Arab students, and had no political purpose of which he was aware. He stated such clubs usually had a faculty advisor.

BAHTISHI stated he had attended Pasadena City College on an irregular basis, taking a class or two at night, in the Fall of 1965 and the Spring of 1966. He stated he never met or knew SIRHAN through this attendance.

BAHTISHI stated the name MUSTAFA was another name for MUHAMMAD, and was a very common Arabic name as a result.

Date 6/11/68CHARLES WILLIAM HENEERY,

advised the following:

Mr. HENEERY claimed that he was formerly employed in the Foreign Service by the United States Department of State at Washington, D.C., for a period of 16 years and was given a disability retirement on December 31, 1966 due to health. He had been given general assignments and had worked in the Visa Office and Ammunition Controls. He had spent a number of years on assignments in the Middle East, particularly in Iraq.

During the past few weeks, Mr. HENEERY had been a volunteer worker for the Senator ROBERT F. KENNEDY campaign at the latter's Los Angeles headquarters at 5615 Wilshire Boulevard.

Following the shooting of Senator KENNEDY, and the arrest of SIRHAN SIRHAN charged with shooting the senator on June 5, 1968, there had been some speculation among former workers in the KENNEDY Headquarters, now closed, that SIRHAN SIRHAN may have been at the headquarters as a volunteer worker within the past few days. He recalled specifically that ELLENORE SEVERSON who worked on the information desk and LARRY STRICK, a general assistant volunteer worker at the headquarters, had reported that they thought that they had observed a person closely resembling SIRHAN SIRHAN in the KENNEDY headquarters.

Photographs of SIRHAN SIRHAN taken on June 5, 1968, were exhibited to Mr. HENEERY who said that while the photographs of SIRHAN SIRHAN looked like the young man he had seen at the KENNEDY headquarters within the last two or three days but he could not be positive.

Mr. HENEERY mentioned that there had been a number of young people volunteer workers at the headquarters who

appeared to be of Middle East descent and that they had been brought into the headquarters by one KHAIBAR KHAN who had showed up there around June 1, 1968. KHAN, who claimed to be from Iran, had engaged Mr. HENEBRY from time to time in some conversation. KHAN spoke fluent English with a slight accent. He appeared to be about 55 years of age, male Caucasian, complexion not too dark, clean shaven, black hair, graying, five feet six inches to five feet seven inches, stocky build, wore long sideburns, strong facial features, dressed like a Hollywood film character actor. On one occasion Mr. HENEBRY noted him wearing a turtleneck sweater.

It was recalled that Mrs. MARGARET SWEENEY who handled the headquarters office had brought KHAN to Mr. HENEBRY and introduced him.

KHAN, on at least one or two occasions, was accompanied by a young female Caucasian, about 23 years of age, five feet four inches, dark hair, attractive. She appeared to have more Caucasian features than Middle East features. This girl, who was described as a sister by Mr. KHAN, was seated most of the day when working. She used modern aluminum crutches and held one leg up. This leg was not in a cast.

Mr. KHAN claimed that he had been flying around to various Senator KENNEDY Campaign Headquarters and mentioned that he had a crew of approximately 20 young people which he had brought to headquarters to work for Senator KENNEDY.

Mr. KHAN worked late at the headquarters on election day, June 4, 1968, and said that he did not think he would go to the campaign party at the Ambassador Hotel that night.

Mr. HENEBRY said that he could speak and understand Arabic and that while he did not have too much contact with Mr. KHAN, the latter seemed to be friendly because of their common knowledge of Middle East languages.

On the evening of June 5, 1968, Mr. KHAN called Mr. HENEERY at the latter's residence and discussed briefly the tragic event involving Senator KENNEDY and suggested that he, Mr. KHAN, and Mr. HENEERY go out to dinner. Mr. HENEERY declined and thought it somewhat unusual that KHAN would ask him out to dinner under the circumstances and on such short acquaintance. Mr. KHAN mentioned that he had to go to San Francisco on business and was expected to return to Los Angeles in a couple of days.

With respect to the young man at the KENNEDY Headquarters who somewhat resembled SIRHAN SIRHAN, Mr. HENEERY said that he was one of the group that had been brought in by Mr. KHAN but that this young man appeared to be too large for the description of SIRHAN SIRHAN published in the newspaper. Mr. HENEERY described the young man who resembled SIRHAN SIRHAN's photograph as being about 20 years of age, close to five feet ten inches in height, and weighing 150 pounds plus.

Mr. KHAN had asked Mr. HENEERY for the latter's name and address which had been furnished to him and Mr. KHAN had furnished an address at the headquarters of 10554¹/₂ Wilshire Boulevard, Los Angeles.

Mr. HENEERY, following examination of a photograph of SHARIF BISHARA SIRHAN, taken December 18, 1963, and of ADEL SIRHAN, taken June 5, 1968, both brothers of SIRHAN SIRHAN, said he could not identify the photograph with any persons who had worked or been seen at the Senator KENNEDY Campaign Headquarters or elsewhere.

Dr. SMITH advised that on June 4, 1968, he was watching Senator KENNEDY's victory speech on television with LEON RAPH, Assemblyman, 55th District at RAPH's Headquarters, located 103rd Street, near Willowbrook in Watts. Dr. SMITH advised that when it came on television that Senator KENNEDY had been shot, he and LEON RAPH immediately got into their vehicles and drove to the Ambassador Hotel. Dr. SMITH advised that he and RAPH arrived in the Ambassador Hotel at approximately 1 AM, on June 5, 1968, and immediately after arriving at the Ambassador went direct to the Presidential suite. He advised that when they arrived at the Presidential suite, he talked with CHARLES EVERS and ROOSEVELT GRIER, Football player for the Los Angeles Rams and Congressman REESE and several other individuals unknown to him. Dr. SMITH advised that there were no comments made about the shooting that he heard while at the Presidential suite other than several of the individuals were praying that Senator KENNEDY was not hurt bad. He advised that ROOSEVELT GRIER was setting in a chair and seemed to be in a trance and outside of saying hello he did not mention anything about the shooting which had happened earlier.

Dr. SMITH advised that he and LEON RAPH stayed at the Ambassador Hotel at the Presidential suite until sometime between 4 AM and 5 AM, because someone had come into the Presidential suite and stated that no one could leave. Dr. SMITH advised that he had not been questioned at the Ambassador Hotel by anyone and that between 4 and 5 AM it was evident that he or LEON RAPH could not be of any assistance so they departed the Ambassador Hotel and went home.

Dr. SMITH was shown a photograph of SIRHAN BISHARA SIRHAN taken June 5, 1968, and advised that this individual was unknown to him.

in connection with the shooting of Senator
Robert Kennedy.

"This photograph closely resembled a man
I had seen previously at the restaurant on the
occasion of a visit by Senator Kennedy to Pomona.
On that occasion which took place on Monday,
May 20, 1968, a luncheon for Senator Kennedy
was held at the restaurant. This luncheon

"luncheon. After all persons were seated and Senator Kennedy had entered the restaurant and gone upstairs I then allowed the standing room crowd to go upstairs. Tickets were required from these persons also.

"Prior to allowing the standing room crowd up the stairs I was told not to let anyone up the stairs until Senator Kennedy cleared the stairs and the luncheon room upstairs. After he did so, I was then told to allow the people up.

"I recall letting one older man up the stairs after taking his ticket. A moment or so later I allowed a few other persons with tickets through.

"I recalled then hearing a noise of someone apparently hitting their foot on the stair behind me. I looked around and saw a young woman on the stairs behind me about two steps up. She had to climb over the stair rail from a booth and a brick flower casing against the stairs in order to get behind me. I saw a man coming over the rail and dropping onto the stairs behind the girl.

"I stepped up on the next stair and grabbed the girl with my right arm to prevent her from moving up the stairs. She was facing up the stairs at the time. In grabbing her with my right arm I recall ending up with my right hand on her left breast accidentally.

"I asked the question of both the girl and the man, "Do you have tickets".

"The girl answered "We are part of the Senator's party".

"I asked again "But do you have tickets?"

3

"She answered "We are a part of the Senator's party. He just waved to us to come upstairs."

"During this brief encounter the man said nothing but he was continuously pushing on her back.

"I then let the two of them go and returned to the bottom of the stairs.

"Following this I let the remainder of the ticket holders go up the stairs.

"During the address made by Senator Kennedy at the luncheon at approximately 1 PM I was upstairs for the purpose of locating a runner for one of the newsmen present and I recalled having seen the same man and woman standing against the south wall of the room where Kennedy was making his address.

The podium from which Kennedy spoke was set against the east wall of the room.

"On seeing the couple, it occurred to me that they were not a part of the Senator's party in view of their location.

"After finding the runner I was seeking in the vicinity of the south wall, the two of us turned to leave the luncheon room, I bumped accidentally into the man who was with the girl mentioned previously.

"I recalled saying, "Pardon me".

"He said "Why should I?"

"I ignored his remark and left the room.

"I did not observe further the man or the woman.

"While the man was standing against the wall I noted that he was still carrying a coat of some kind draped over his right arm. This was the same manner in which he had carried the coat when I encountered the man initially on the stairs.

"I would describe the man as follows:

"Race	Caucasian
"Sex	Male
"Age	25 to 30
"Height	5'5" to 5'6"
"Weight & build	Medium
"Hair	Black
"Eyes	Not recalled
"Complexion	Ruddy - rough skin- olive complexion
"Dress	White shirt - neat in appearance. Cream color coat - jacket type material

"I would describe the girl as follows:

"Race	Caucasian
"Sex	Female
"Age	25 to 30
"Height	Taller than her companion Possibly 5'6"
"Build	Trim - nice shape- Built proportionately
"Weight	Unknown
"Complexion	Smooth - light
"Hair	Medium blonde - shoulder length - worn in bangs in front - generally straight hair
"Facial Features	pretty
"Dress	skirt & blouse - blouse of satin type material

"I have been shown a group of miscellaneous photos
From these I have selected a photo of SIRHAN

closely ressembling the man mentioned by me pre-

On June 7, 1968, Mrs. FELICIA MAAS, owner of Robbie's Restaurant, 390 Pomona Mall East, advised that on the day of the KENNEDY reception she had a photographer on the scene taking photographs for her. After reviewing the photos of which she had received prints she said that there was only one in which a portion of a person's head showed which bore some resemblance to photographs observed by her of SIRHAN SIRHAN. She made available this photograph which shows the head of a man immediately adjacent to the letter "O" in a sign bearing the name "SOTO". She advised that when the remainder of the photographs taken on that day are available to her she would review them with the possibility of determining whether or not SIRHAN shows up in any of them.

He recalled that when Senator KENNEDY and his party started up the stairs to the second floor that Senator KENNEDY stopped momentarily on the stairs and pointed a finger to [redacted] who was holding back a crowd away from the foot of the stairs and saying to [redacted] "Let them through". [redacted] related that this remark apparently referred to a couple in the crowd being held back by [redacted] who he believed to have been part of the KENNEDY party. To the best of his recollection one of these persons would have probably been STEVE SMITH, brother-in-law of Senator KENNEDY, or someone resembling SMITH.

It was his recollection that this person then made his way to the area of the foot of the stairs and got onto the stairs themselves by being forced to climb over the north rail of the stairs because of the crowd at the base of the stairs.

[redacted] recalled also that there was a girl standing by the kitchen door adjacent to [redacted] and apparently [redacted] had had some words with this girl. He recalled that a moment or so later this same girl was observed by him as being on the stairs and apparently having been detained by one of the persons taking up tickets at the foot of the stairs, however, [redacted] said he had no recollection of any man being with this girl.

He stated that he was stationed in uniform in the aisle leading to the rear door at the southeast end of the building holding back the crowd away from the stairs leading to the second floor luncheon area.

Just prior to Senator KENNEDY and his party moved up the stairs to the second floor, he recalled having noticed a girl in her mid 20's standing by the kitchen door on the west side of the corridor. It was his recollection that this girl apparently was trying to get into the kitchen. said he told her that she could not go in there. He recalled her asking him which way Senator KENNEDY was coming in and was told he would probably go up the stairs to the second floor.

related that when the KENNEDY party did go up the stairs that Senator KENNEDY stopped midway and pointed at him and said to him "Officer, Let them through". related that KENNEDY was referring to the people in the aisle that he was trying to hold back. At this time, : recalled that the girl mentioned previously by him bolted toward the area at the foot of the stairs and moved into the booth area on the north side of the staircase instead of trying to get up the stairs herself. It was his impression that she was trying to get to someone she might have recognized in that area.

Within possibly a minute later, recalled seeing the same girl on the stairs herself. He said that it was his impression that someone might have helped her over the brick facade adjacent to the stairs and over the stair railing behind

Pomona, California Police Department, advised that during the noon hour on May 20, 1968 on the occasion of a reception-luncheon held for Senator KENNEDY at Robbie's Restaurant on the Pomona Mall, he was stationed on the stairs inside the restaurant leading to the second floor luncheon area.

After Senator ROBERT KENNEDY and his party went up the stairs to the luncheon area, he recalled that there might have been an incident of two women having been detained momentarily as though they were being checked for tickets.

It was his recollection that they did not have tickets to the luncheon but were allowed up the stairs anyway. These persons were an older heavy set female caucasian and a younger woman who might have been the first woman's daughter.

advised that he had no recollection of a young couple having been detained on the staircase and that he has no recollection of having seen anyone in the crowd resembling the photograph of SIRHAN BISHARA SIRHAN.

AT LAKEWOOD, CALIFORNIA

On June 11, 1968, Mrs. BEVERLY BRONS, advised she attended a luncheon and rally at the Lakewood Country Club for Senator ROBERT F. KENNEDY on May 28, 1968, which was sponsored by the Lakewood Democratic Club and the Lakewood Kiwanis Club.

She stated that she was seated at the table in the left rear corner of the main dining room with several other persons including: Mr. POLACHECK, Mr. BIRNBAUM, and Mr. and Mrs. DICK HORNER, all of Lakewood. About 1:25 p.m., following the luncheon, Senator KENNEDY and his party entered the dining room and were followed by members of the press. She stated the Senator shook hands with the persons at her table and she shook his hand and kissed his neck. As the Senator proceeded to the front of the group, the press went up the left side of the room and an individual who resembles SIRHAN SIRHAN followed the press group in and sat on a serving table which was directly to the left of her table. She described this male as follows:

Race	White
Age	24
Height	5'7" to 5'8"
Weight	135 to 155 pounds
Complexion	Light olive
Hair	Black, coarse, curly, long
Attire	Dark suit, white shirt
Remarks	Had long pointed nose; perspired profusely and seemed indecisive and uneasy; wore no identification pass and had nothing in his hands.

She stated this male sat on the serving tray while Senator KENNEDY spoke and during the talk, she saw a white female approach the male twice and speak to him and then return to the lobby outside the rear of the dining room. She described the girl as follows:

Race	White
Age	19
Height	5'2" to 5'3"
Weight	112-120 pounds
Build	Muscular
Remarks	Wore no makeup except light lipstick; had semi-round face; full cheekbones; Slovak or German appearance; top of tip of nose, square.
Hair	Medium to dark brown, shoulder length; parted in the middle, gold band around head; tied with orange-pink ribbon near shoulder; natural sun streaks on top.
Attire	Full shift print dress with orange, pink and yellow muted background; yellowish-lime patent leather low heel shoes with matching head handbag; carried grass green sweater over arm; dark brown pod necklace which hung to waist.

Mrs. BRONS stated that when she left the Country Club, she saw a 1956 faded dusty rose DeSoto parked near the entrance to the Club. She noticed the car because it was backed into the parking space and because it resembles her son-in-law's car which is the same year except tan in color. She stated the car had an antenna on the front left fender which had a blue flag on it and the left front hub cap had a large smear of royal blue paint on it. She believes the car was a solid color trimmed in cream.

Mrs. BRONS was shown a photograph of SIRHAN's 1956 DeSoto and she stated this car was not identical to the car she saw.

Mrs. BRONS was shown a photograph of SIRHAN SIRHAN and stated the photograph resembled the man she saw at the rally although she could not be sure due to the nature of the photo and the fact the man she saw was wearing a suit and tie.

Mrs. BRONS was extremely emotional during this interview and wept on several occasions. She felt she contributed to the Senator's death as she wrote him a letter last November requesting a picture of former President JOHN F. KENNEDY and expressing her desire that Senator KENNEDY seek the presidency of the United States.

Mrs. BRONS expressed extreme concern of the current conditions in the United States. During interview, Agents observed several photos of Senator KENNEDY in BRON's living room as well as a KENNEDY poster on the front door of her residence.

On June 11, 1968, the following persons were contacted regarding the above described individuals and all stated they did not observe any persons as described as being at the Country Club on May 28, 1968:

4
SAUL Z. BIRENBAUM

ART POLACHECK

PEGGY PERRY

MARY HESIK

BETTY BARBER

JOHN BOYER

On June 12, 1968, the following persons were
contacted with negative results;

THEODORE LOVE

BERNARD KINNEY

BETTY BARNES

MARY HORNER

L. CHARLES BARON (Lakewood Democratic Club)

On June 12, 1968, L. CHARLES BARON, advised he and his wife, JACKIE BARON, are Lakewood Democratic Club workers and on May 28, 1968, they arrived at the Lakewood Country Club about 10:30 a.m. to oversee preparations for the KENNEDY luncheon and rally. BARON advised his wife spent her time insuring the speaker's table and area were in order and he spent his time insuring all guests had tickets for the luncheon and checking persons seeking admittance to the dining area until after Senator KENNEDY arrived, when he accompanied KENNEDY and his party to the speaker's table. He stated he took numerous photos of KENNEDY's arrival and his greeting numerous guests. BARON stated he has viewed his photos several times and he does not recall anyone fitting the above descriptions in the photos. BARON made the photos available for viewing by the Agent and examination of the photos failed to reflect any individuals meeting the above descriptions. BARON advised there were numerous young persons in attendance, including his seventeen year old daughter, SUSAN BARON, and her boyfriend. He stated his daughter was wearing a yellow dress with a large brown collar around the neck. He stated there were several Latin-American individuals in attendance including a Democratic Party worker FERNANDO HERNANDEZ, who is a slightly built person with rather long dark curly hair, who was attired in a suit and white shirt and tie. BARON was shown a photograph of SIRHAN SIRHAN and stated he did not see SIRHAN at the luncheon or rally. He said that HERNANDEZ slightly resembles the photo of SIRHAN.

BARON voluntarily made available four slides depicting scenes at the May 28, 1968 luncheon and various individuals in attendance. One of the slides depicted FERNANDO HERNANDEZ and others depicted various guests.

6

On June 13, 1968, the above slides were displayed to Mrs. BRONS at her residence and she stated FERNANDO HERNANDEZ appeared to be identical with the individual she saw at the rally who she thought might have been SIRHAN SIRHAN. She stated she felt relieved that this person had been identified and that she felt HERNANDEZ was the person she saw.

DIANE VANDERBOF, advised she was the person that had talked to DON GRAHAM, nominee for Congress, who resided in Laytonville, California. VANDERBOF stated on Saturday, May 18, 1968 she was working in campaign headquarters office at about 11 p.m. and a middle aged woman stopped at the headquarters and stated she had gone to Santa Rosa to see the Rose Parade. She stated that she had heard that when Senator KENNEDY was speaking in Eureka, California, a week previous, someone had taken a shot at him, and the woman stated the matter was not reported to the press and she felt badly about this because she had the greatest admiration for Senator KENNEDY. VANDERBOF stated the woman was almost in tears and then she walked out on the street. VANDERBOF stated she never saw her again and cannot remember her description other than she was middle aged with red hair. She also stated she was alone at campaign headquarters when the woman came in and could furnish no further information with the explanation that she does recall telling GRAHAM about the incident and she believes that GRAHAM stated that what the woman was talking about could not be true because he had been in Eureka with KENNEDY and knew nothing of the incident.

observed a photograph of SIRHAN SIRHAN and advised that he is not acquainted with this person and could furnish no information about him.

However, he advised that at the beginning of the "racing meet" at GGF, which commenced on March 4, 1968, there was an "exercise boy" who was at the track for about the first two months of the meet, March and April. He has not seen the exercise boy in about two months. This exercise boy resembled SIRHAN and was the usual size of a jockey, about 5'5", 115 pounds, black hair, brown eyes, and dark complexion.

He advised this exercise boy was acquainted with two of his employees who are Mexican and they conversed with the unknown exercise boy in Spanish and for this reason he thought the exercise boy was from Mexico also.

Although this exercise boy resembles SIRHAN, WALKER does not feel that he is identical because the exercise boy had a very short haircut, almost a "baldy."

WALKER advised that his employees who knew the exercise boy are as follows: GILBERT APODACA, his jockey, and APODACA's younger brother PHIL APODACA, who is an exercise boy.

EDWARD VAN ANTWERP,
was reinterviewed. The information furnished by his
relatives at regarding VAN ANTWERP living
with SIRHAN SIRHAN, whom they knew as "SOL" was discussed
with him.

After considerable conversation and viewing of
published photograph of SIRHAN, VAN ANTWERP became fully con-
vinced that "SOL" and SIRHAN are identical, that this is
the young man with whom he lived for about 5 months in late
1966 at the Highlander Motel and another address in

VAN ANTWERP gave the appearance of total
amazement when this realization came upon him. He stated
"Why would 'SOL' do a thing like that."

VAN ANTWERP met SIRHAN totally by chance at the
Highlander Motel, when SIRHAN came there looking for a place
to stay. VAN ANTWERP was drinking that day and they got
into a conversation which resulted in SIRHAN moving into
his motel room with him. Although they occupied the same
room for about 5 months, they did not associate much else-
where. SIRHAN worked at

as an exercise boy. VAN ANTWERP was working for
SIRHAN said his home was in
Pasadena, and he went there frequently on weekends to visit
his family. During the week, SIRHAN went to work at the
horse stables each morning, returning in the evening in a
routine fashion. About all he did at the motel was sit
around quietly drinking tea in great quantities. The only
thing out of the ordinary that VAN ANTWERP noticed about
SIRHAN was that he did seem to have a feeling that he was
getting an unfair deal in life mainly because he was econ-
omically poor. SIRHAN did not set forth any radical political
views or make comments indicating any thing extraordinary
in his personality.

VAN ANTWERP has no knowledge of SIRHAN's associates,
social organization affiliations, political beliefs, ethnic
background, family, or any thing else of a personal nature.

VAN ANTWERP did not meet SIRHAN's family or friends. He did not go to Pasadena with him on weekends. To his knowledge, SIRHAN did not own a firearm. He never heard SIRHAN discuss Senator ROBERT KENNEDY or any other major political figures that he can now recall.

VAN ANTWERP repeatedly stated that it was difficult for him to believe that "SOL" could have committed such a crime and that nothing occurred during his association with SIRHAN which would have given any indication of such violence being in his nature.

flowers to KENNEDY in San Francisco.

After the flowers had been given, the man asked DE LA VEGA to take him to the San Francisco International Airport after he dropped off the other two. They drove back to the Haight-Ashbury District and the male with his dog got out. The female asked if he could drop her off at home in San Bruno inasmuch as they were going to the airport.

DE LA VEGA said he took her home and believed he might possibly be able to locate the house again saying that it was in a group of tract homes. He is not sure and he did not record the address any place. He then drove the man to the San Francisco International Airport and believes he delivered him to the United Air Lines area. Cab fare was about \$18, and the man gave him \$35 and told him to keep the change. He described the unknown male fare as a white male American, about 50 years old, 5 feet 8 inches, to 5 feet 9 inches tall, weighing 200 pounds, athletic build, heavy eyebrows, gray hair, balding or thinning on top, somewhat bushy and long like a hippie at the rear. He wore a full mustache, gray-white in color and gave the impression of being Irish-Danish in descent. He had a fair complexion and a roundish face and wore a watch but no rings. He had on a brown coffee-colored type suit and stated sometime during the ride that he was a salesman for Encyclopedia Britannica. There was no noticeable accent in his speech.

The attache case he carried was of cowhide color and was a square-cornered case with a handle at the top and dividers and carried various papers as well as the metal discs.

713
- 711 -

After picking up the two individuals at his fare's request, they drove back to the Hilton Hotel to pick up the flowers. The man went into the hotel and after waiting some time returned to the cab with two green boxes of long stem yellow roses. He sat in the front seat with the driver while the other two were in the back with the dog. The man instructed that they drive to KGO television station where Senators KENNEDY and MC CARTHY were to appear.

DE LA VEGA observed the man remove the flowers from the boxes and from a brown leather attache case he removed several of the same type of bronze-colored discs, possibly 10 or 12 all wired together with what appeared to be florist wire and wired this group of discs to the yellow roses. He repeated this with the other roses and another group of the discs. The metal discs had apparently been prepared ahead of time and each was wired with wire wrapped around the center of each disc, this being separate from the fine wire soldered to each disc. The man stated that these devices were "bugging devices" and indicated he was not sure but believed the fine wire was going to a telephone some way and the disc fit into the telephone.

The man gave each bunch of the roses to the girl and boy and instructed them to go to each entrance and give them to KENNEDY. This was done so that if KENNEDY missed one the other would be able to give him the flowers.

DE LA VEGA said he drove to the television station, parked his cab on Polk Street and all three individuals left the cab and disappeared into the crowd about the time Senators KENNEDY and MC CARTHY arrived. They were gone about 10 to 15 minutes. All three returned to the cab and the girl said she had personally given KENNEDY her bunch of the roses. Disposition of the other bunch of the roses is unknown to DE LA VEGA. The girl said to the man that the discs were apparent to persons in the crowd and several of the people in the crowd seeing the bouquet said "Hey, it's bugged."

DE LA VEGA said the man seemed pleased that KENNEDY had gotten the roses and he observed him pay each of the other two passengers five dollars plus some one dollar bills.

Some time during the cab ride the man had mentioned that MC CARTHY had gotten a similar bouquet in Los Angeles and he had come up here especially to present the roses.

Date June 17, 1968

On June 9, 1968, JERRY DE LA VEGA, appeared at the office of the Federal Bureau of Investigation, San Francisco, with ROBERT RICHARDSON,

DE LA VEGA is a Yellow Cab driver and made available a bronze-colored disc with a short wire attached which gave the impression of being some sort of fusing device for military ordnance; exact nature of which is unknown. This device had been discovered by DE LA VEGA on the floor of his cab immediately after he had left his fare at the San Francisco International Airport.

DE LA VEGA related the following circumstances:

He was driving his cab on Saturday, June 1, 1968, the day of the ROBERT F. KENNEDY and EUGENE MC CARTHY Debate on television. He was parked in front of the Hilton Hotel, San Francisco, at approximately 4:30 p.m., when a man giving him the impression of a businessman entered his cab. The man asked DE LA VEGA where he could locate a couple of girls who would like to help him out by "putting KENNEDY on". DE LA VEGA understood this to mean that the man was going to play a joke on KENNEDY. The man said he wanted the girls to present some flowers to KENNEDY.

DE LA VEGA drove the man to the vicinity of the University of San Francisco looking for a couple of girls and found none. DE LA VEGA suggested they might find someone in the Haight-Ashbury District of San Francisco. DE LA VEGA said the man seemed to be a complete stranger to San Francisco. He drove the fare to Stanyan and Haight Streets and picked up a white female juvenile, about 17 to 20 years old, medium build, long dark hair, wearing casual sports clothes. The girl agreed to present the flowers to KENNEDY. They drove about a block more and located a white male juvenile, about the same age, with a large German Shepherd dog. The male is described as 5 feet 8 inches tall, 125 to 130 pounds, wearing dark brown clothes. The male agreed to accompany them in presentation of the flowers. Both the girl and male were complete strangers to his fare.

the following information as background in the Middle East on June 7, 1968:

RADVANYI was in the Middle East in Syria and Lebanon in 1957 and 1958 and has no current information concerning the situation there at the present time. However, in 1957 and 1958 the Syrian Communist Party was the center of Communist Party activities in Syria, Lebanon and Jordan, although each nation had its separate national organizations. The Communist Parties in Syria and Lebanon at that time were half illegal and completely illegal in Jordan. The head of the Communist Party in Syria at that time, and possibly today if the situation has not changed was one BAGDASH. RADVANYI stated the Communist Party in the Middle East when he was there was very fanatic and nationalistic and it did considerable work among the Palestinian refugees, making them very corruptible. He stated that the refugees suffered greatly and they were very easy to buy off with money and ideology.

RADVANYI furnished this information for background in view of the nationality of the accused slayer of Senator ROBERT KENNEDY.

TOMA advised that he is friendly with the editor of "Pyramid Magazine" and that, while he is not involved in the publishing of this magazine, he is completely in line with its viewpoint. He added that this magazine is published monthly.

TOMA advised that he has never met nor had any contact whatsoever with SIRHAN SIRHAN but learned recently that allegedly, more than five years ago, SIRHAN SIRHAN attended the same church which TOMA attended. TOMA identified this church as the Syrian Orthodox Church located at Third and Alvarado Streets, Los Angeles, and its Pastor as Father PAUL ROMLEY. He added that to his knowledge, SIRHAN SIRHAN did not attend this church in recent years.

TOMA advised that he has had no contact whatsoever with the late Senator ROBERT KENNEDY and that he knows of no one who felt so strongly towards the Senator and his beliefs that they would resort to violent means. He further stated that he knows of no one who has had any contact whatsoever with SIRHAN SIRHAN and explained that his publications and the people he is involved with advocate only legal methods to expose individuals and make changes. He stated that he purports only education as a means of making the necessary changes and believes that murder only assists the communists in their obvious attempt to create confusion and disorder. He reiterated that he believes strongly in law and order and reiterated that he knows of no one who would, in anyway, get involved in an assassination plot.

Q14 Business card of BORIS YARO, STAFF WRITER, LOS ANGELES TIMES, bearing on reverse side handwritten notation "7469541, 625 W 28th St., L.A."

ALSO SUBMITTED: Manila-type folder

Result of examination:

The signature on the available photocopy of the fingerprint card of SIRHAN BISHARA SIRHAN (obtained by St. Horse Racing Bd., Los Angeles, California) is too limited and not sufficiently comparable with the questioned writing on the specimens described above for the purpose of determining whether SIRHAN wrote any of the questioned writing.

The submitted material is being returned separately to FBI, Los Angeles. This material has been photographed.

A translation of the foreign language material contained in the submitted specimens is attached.

Note for Los Angeles:

This supplements Bureau teletype dated 6/6/68 to Los Angeles in this case.

A separate report is being submitted concerning the fingerprint examination, at which time you will be advised with respect to the return of the submitted evidence.

Nothing significant was noted in the cryptanalytic examination of specimens Q1 through Q14.

The questioned writing was searched through the appropriate sections [redacted] without effecting an identification with any prior submission.

It was found that the typewriting on Q7 and Q11 is not clear enough for adequate examination.

Page 3

(continued on next page)

730

Certain indented writings were found on pages of the notebook, Q3. It was found that these indented writings correspond to writings on other pages in the submitted material.

Various ink and pencil writings appear on the questioned documents. Faint writings consisting of ink transfers were noted on pages 65 and 122 of notebook, Q3. Ink transfers of this nature sometimes occur when documents are pressed closely together for some period of time. The faint writing on page 122 of Q3 is a transference of a portion of page 123 of Q3. The original document from which the ink transference on page 65 of Q3 originated does not appear to be contained in any of the submitted material.

The seven sheets of spiral notebook paper listed as Q5 correspond in physical features to the pages in the notebook, Q3. The sheets in Q5 were probably torn from Q3.

Stains appear on certain of the questioned documents. Since exhaustive Laboratory examination of the stains would entail destruction of portions of the documents, chemical examinations of the stains were not made.

Two copies of the translation of the foreign language material contained in the submitted specimens are forwarded to Los Angeles.

EDWARD D. WARREN, President, Watts Chapter, National Association for Advancement of Colored People (NAACP), 10201 $\frac{1}{2}$ South Compton Avenue, Los Angeles, advised SA on June 7, 1968 that he received the following items on June 5, 1968:

An envelope bearing the postmark "Bellevue, Pa." dated June 3, 1968 with a hand printed notation "Air Mail" through the postmark bearing typewritten address NAACP, Watts Section, Los Angeles, Calif. The envelope contained a typewritten note as follows:

"kennedy as an attorney general did nothing for you.

kennedy as a senator did nothing for you;

as president, what would he do for you?
the same thing - NOTHING"

Mr. WARREN also furnished an envelope bearing typewritten address Director NAACP Watts Section, Los Angeles, Calif bearing a postmark "Pittsburgh, Pa 5/31/68". This envelope bears a hand printed "Air Mail" notation partially through the postmark. Inside the envelope was contained a typewritten note in yellow ink all in upper case letters as follows: "KINDLY SEE THAT YOUR PEOPLE KEEP A RESPECTFUL DISTANCE FROM SENATOR KENNEDY".

Mr. WARREN could not furnish any information concerning the possible identity of the individual or individuals who may have sent the above and further advised that there is no "Director" in the Watts Branch. Furthermore, he pointed out the Watts Branch is not identified as the Watts Section. He furnished the opinion that possibly the sender or senders may have had ROY WILKINS, the Executive Director of the NAACP, New York City, New York, in mind when the communications were sent.

These items were forwarded to the FBI Laboratory
for appropriate examination.

Title: SIRHAN BISHARA SIRHAN

Character: CIVIL RIGHTS

Synopsis:

On 8/2/68, SIRHAN BISHARA SIRHAN, represented by his attorney, RUSSELL E. PARSONS, appeared before Los Angeles Superior Court Judge RICHARD SCHAUER and pled not guilty to charge of murder in slaying of Senator ROBERT F. KENNEDY. Trial date set for 11/1/68. SIRHAN also pled not guilty to feloniously assaulting, with a deadly weapon and with intent to commit murder, five other persons wounded the same night at the election celebration at the Ambassador Hotel, Los Angeles, California. On 9/25/68, California State Court of Appeals denied Los Angeles District Attorney EVELLE J. YOUNGER's petition to block enforcement of a publicity ban on the pending trial of SIRHAN. Additional Ambassador Hotel employees interviewed and unable to recall observing SIRHAN in Ambassador Hotel prior to shooting. DUN GIFFORD, Legal Assistant to Senator EDWARD KENNEDY and State Co-Ordinator in campaign of late Senator ROBERT F. KENNEDY, advised he saw SIRHAN step out with a gun from the right in the kitchen area of Ambassador Hotel and heard shots. GIFFORD unable to state he actually saw SIRHAN fire the shots but saw WILLIAM BARRY strike SIRHAN. GIFFORD assisted in subduing SIRHAN after shooting along with ROOSEVELT GRIER, RAFAEL JOHNSON, GEORGE PLIMPTON, and WILLIAM BARRY. JAMES BRESLIN,

advised that he was in kitchen area but did not see actual shooting. Immediately after shooting, he went up to SIRHAN, who was being held by several individuals, and asked SIRHAN twice, "Why did you have to do it?" SIRHAN was rolling his eyes and did not answer. EVAN FREED,

advised was in kitchen area and saw SIRHAN shooting, but did not actually see Senator KENNEDY hit by gunfire or fall to floor. PETE HAMILL, advised was in kitchen area at time of shooting. Saw SIRHAN BISHARA SIRHAN in front of and to Senator KENNEDY's left about seven or eight feet with his arm fully extended and his face in tremendous concentration shooting a gun at Senator KENNEDY. HAMILL did not observe SIRHAN in Ambassador Hotel prior to shooting. DANIEL JOHN CURTIN, worker in late Senator KENNEDY's campaign, advised he was in kitchen area at time of shooting and heard several shots and saw Senator KENNEDY falling to the floor. CURTIN believes he was one of very first to reach Senator KENNEDY on floor and handed him a set of rosary beads. As CURTIN was leaning over Senator KENNEDY, the Senator appeared as if he was starting to say something, but noise of crowd prevented CURTIN from understanding it. CURTIN observed SIRHAN being held by several persons after shooting. Additional interviews conducted with individuals acquainted with SIRHAN BISHARA SIRHAN and other members of his family. SIRHAN described as "loner" who had no close friends or girl friends. Former instructor of SIRHAN at Pasadena City College described SIRHAN as very pro-Arab and exhibiting an almost uncontrollable temper in defense of Arab national unity. Anonymous letter to ETHEL KENNEDY, Hyannis Port, Massachusetts, was postmarked

8/6/68 and stated

was responsible for assassination of late Senator KENNEDY. Investigation determined

PROSECUTIVE ACTION CONCERNING
SIRHAN BISHARA SIRHAN

- 2 -

On August 2, 1968, SIRHAN BISHARA SIRHAN pled not guilty to the charge of murder in the slaying of ROBERT F. KENNEDY.

Los Angeles Superior Court Judge RICHARD SCHAUER set the trial date for November 1, 1968, in this matter.

Represented by his attorney, RUSSELL E. PARSONS, SIRHAN also pled not guilty to feloniously assaulting, with a deadly weapon and with intent to commit murder, five other persons wounded the same night at the election celebration at the Ambassador Hotel, Los Angeles, California.

Judge SCHAUER did not at this hearing name the judge who will preside over the case.

Also at this hearing, Los Angeles County District Attorney EVELLE J. YOUNGER, assisted by Deputy District Attorneys JOHN HOWARD and DAVID FITTS, asked that Judge SCHAUER vacate or modify a previous court order restricting publicity in this case.

SIRHAN's attorney RUSSELL E. PARSONS and A. L. WIRIN, Chief Counsel of the Southern California Chapter of the American Civil Liberties Union, opposed the motion of YOUNGER. WIRIN was allowed to appear as a "friend" of the court.

The motion of YOUNGER regarding publicity on this case was denied by Superior Court Judge RICHARD SCHAUER.

On September 10, 1968, District Attorney EVELLE J. YOUNGER signed an appeal requesting that the court order limiting publicity in the SIRHAN case be modified. The District Attorney sought reversal of the order in a petition for a writ of mandate and prohibition from the State Court of Appeal.

On September 19, 1968, Superior Court Judge RICHARD SCHAUER, of the Master Calendar Criminal Department of the Superior Court, selected Superior Court Judge ROBERT V. WALKER to try SIRHAN BISHARA SIRHAN.

SCHAUER also announced that the trial would take place in the courtroom now designated as Department 107, Room 832, located on the 8th floor of the Hall of Justice. Trial is currently scheduled for November 1, 1968.

The California State Court of Appeals on September 25, 1968, denied District Attorney EVELLE J. YOUNGER's petition to block enforcement of a publicity ban on the pending trial of SIRHAN BISHARA SIRHAN. The office of the District Attorney indicated that it might ask for a hearing on the matter before the State Supreme Court.

FRANCES A. BAILEY, advised the following:

BAILEY claimed that she could not furnish any additional information to that furnished during interview by an agent of the FBI on June 14, 1968. At that time she stated that when she was on duty in the uniform room of the Ambassador Hotel in Los Angeles on Sunday, June 2, 1968, two Caucasian males came to her window and asked to borrow waiter's jackets so they could use them to get in to see Senator KENNEDY who was then at the hotel. Her recollection was that these two men, who were unknown to her, had no authority to obtain the jackets. Their request was refused by BAILEY, who said that she was busy, and since there was quite a bit of activity, she did not pay close attention to these individuals to the extent that she could describe them in detail. She was of the impression that they were of dark complexion but was sure that she would be unable to recognize them should she see them again.

Photographs of SIRHAN SIRHAN and members of his family were exhibited to BAILEY who said that she had no recollection of ever having observed any of the individuals in the photographs at any time.

IRENE WISHNUCK,
advised the following:

Date _____

WISHNUCK, who is employed in the linen room which maintains linen and uniforms at the Ambassador Hotel, Los Angeles, said that she could not add any additional information to that furnished when she was interviewed by an agent of the FBI on June 10, 1968, with respect to the shooting of Senator ROBERT F. KENNEDY. She had reported for work at the hotel on June 4, 1968, at 11 PM and got off duty at 7 AM on June 5, 1968. She had remained in the linen room and had no first hand knowledge of the shooting which had occurred on a floor in the hotel above the area where she worked. She recalled, that she had previously related that on the afternoon of June 3, 1968, a Negro male over 6' tall, medium build, and about 30 years old, had asked for a busboy's uniform, but he did not have the necessary card with which to obtain the uniform. When he was unable to produce such a card, he turned and just walked away.

WISHNUCK said that she did not feel that she could identify the Negro male if she ever saw him again and that no other employee to her knowledge observed this man. She stated she has never seen this man since and has no idea who he may have been.

WISHNUCK examined photographs of SIRHAN SIRHAN and members of his family and said that she had no recollection of ever seeing any of the persons in these photographs at any time.

WILLIAM F. GARDNER,

advised that he was no longer Chief Security Officer of the Ambassador Hotel in Los Angeles and was currently attending law school. Mr. VARDIGAN T. MOON has replaced GARDNER as Chief Security Officer of this hotel. During the Senator ROBERT F. KENNEDY campaign party in the Embassy Room at the Ambassador Hotel on the evening of June 4 and the morning of June 5, 1968, the hotel put on a number of extra employees. The Security Department hired six extra guards whom they have used in the past and who were all on duty at the time of the shooting. Senator KENNEDY had refrained from using any security guards, consequently specific security assignments were not made to guard him. GARDNER selected two waiter captains to lead the KENNEDY procession to and from the Embassy Room where Senator KENNEDY was to speak.

The KENNEDY campaign party did not have any dinner arrangements, so there were no large number of extra waiters hired. There were some extra waiters utilized in the Room Service Department and extra bartenders were used. The various departments hiring these extra employees normally utilized extra employees with whom they have had previous experience and every department would be accountable for the extra employees hired.

During the evening the Embassy Room was extremely crowded. There was no attempt to challenge any persons coming or going until the room reached capacity and then persons were denied entrance on the basis that the overcrowding would create a fire hazard. Persons entering the Embassy Room were not challenged continually except when the fire hazard approach was used to stop them, and Anyone wishing to get in would have had little trouble.

On 8/12/68 at Glendale, California

Concerning an orange colored pamphlet which bore the caption "Kill Kennedy" which Mr. GARDNER was alleged to have displayed to ELMER M. BOOMHOWER, an employee of the Ace Guard Service, Granada Hills, on the night of June 4, 1968, GARDNER advised as follows:

During the height of the Senator KENNEDY campaign party it was mentioned to GARDNER by some of the hotel employees, identities not recalled, that bumper stickers were being passed out in the front of the lobby and in front of the Embassy Room which bore lettering about killing KENNEDY. The persons reportedly passing out these bumper stickers were described as being young people, "hippie type."

A hotel employee had furnished one of the stickers to GARDNER who said that it was a reddish orange in color with black lettering. He did not recall the exact caption on the bumper sticker but in substance the wording justified the killing of JOHN F. KENNEDY and did not pertain to Senator ROBERT F. KENNEDY. GARDNER said that he had turned this bumper sticker over to the Los Angeles Police Department after the shooting of Senator KENNEDY.

Mr. ROBERT J. GINDROZ, Head Chef, Ambassador Hotel, Los Angeles, advised that all of the employees in his department, which included all of the chefs and certain administrative employees in the hotel kitchen who were on duty on June 4, 1968, and June 5, 1968, were established employees who had worked with the hotel for some period of time. No employees had been hired recently or within a reasonable short period before the shooting of Senator ROBERT F. KENNEDY.

Mr. GINDROZ said that he was not in the area where Senator KENNEDY was shot at the time of the shooting and he had no recollection of having ever seen any suspicious person in the area before the shooting.

Mr. GINDROZ, following examination of photographs of SIRHAN SIRHAN and his family, stated he had no recollection of seeing any of the persons whose photographs were shown him at any time in or around the Ambassador Hotel or otherwise.

9/10/68

On September 4, 1968, JACK GRUGAN, ^{Date} was interviewed at the Ambassador Hotel, 3400 West Wilshire Boulevard, Los Angeles, where he is a Security Guard.

GRUGAN advised he was previously interviewed by FBI Agents following the shooting of Senator ROBERT KENNEDY. He stated he was on duty the night of the shooting and his post was at the back parking lot of the hotel. He stated a Los Angeles Police Department Unit was writing parking tickets at the rear of the hotel when he learned about the shooting of Senator KENNEDY. He stated that he directed the Los Angeles Police Officers to the place of the shooting. He stated other Police Officers were at the scene and the only time he saw the person suspected of shooting Senator KENNEDY was when the police took the suspect out of the hotel to a waiting police car. At that time he got a short glimpse of the suspect.

GRUGAN stated he had not seen the suspect before and he could furnish no further information concerning the shooting.

All waiters and busboys used were either regular employees or extra employees who had been known to the hotel and used as extras from time to time over a long period. Mr. PATRICK MURPHY, Security Division, Ambassador Hotel, Los Angeles, said that he was acting Security Officer in charge in the absence of Chief Security Officer VARDIGNAN T. MOON who had recently replaced WILLIAM F. GARDNER, the Security Officer who was at the Ambassador Hotel at the time when Senator ROBERT F. KENNEDY was shot.

Concerning the number of extra employees hired at the time of the Senator ROBERT F. KENNEDY campaign party at the Ambassador Hotel on the evening of June 4, 1968, and the morning of June 5, 1968, Mr. MURPHY said that there were a few extra employees hired in the Security Department as well as the Room Service Department and among the bartenders. Normally the hotel maintains a list of extra workers in the various departments who are called when needed. The various department heads would be aware of the identities of the extra employees hired during that affair or any extra or new employees hired a short period before the affair. MURPHY advised that Senator ROBERT F. KENNEDY had refused to utilize any security from the hotel and consequently no specific security assignments were given and MURPHY himself had a roving assignment to look out for the hotel's interests. MURPHY spent a good part of the evening in the lobby and the area of the Embassy Room. There were thousands of people running in and out of the Embassy Room and when it became full, the firemen on duty would not let any additional people in the room until someone came out. When this happened before midnight, those people who could not get into the Embassy Room were going in through the kitchen area and were coming in through the back entrance of the Embassy Room which opened through the kitchen. There were two separate, swinging door entrances through the kitchen and there was no one challenging anyone coming in and out of the kitchen until so many people attempted to go through the kitchen that MURPHY took a stand in front of one of the swinging door entrances of the kitchen and began to keep people out.

He did not know if there was similar coverage on the other kitchen entrances. He said that under the circumstances there was no need for the people to utilize any guises or pretenses in attempt to gain entrance to the kitchen.

Mr. HANS PETER BIDSTRUP, Electrician, Maintenance Department of the Ambassador Hotel, Los Angeles, advised the following:

BIDSTRUP had previously been interviewed and had mentioned an unknown male Caucasian who had talked to him in the sound booth in the Venetian Room at the Ambassador Hotel about an hour before BIDSTRUP went off duty at 11 P.M. on June 4, 1968. BIDSTRUP said that after he had seen photographs of SIRHAN SIRHAN in the newspapers and on television, he had thought that SIRHAN resembled a male Caucasian whom he had talked to in the sound booth on June 4, 1968.

Photographs of SIRHAN SIRHAN and his brothers were exhibited to BIDSTRUP. He said that the photograph of SIRHAN SIRHAN somewhat resembled this individual who had talked to him in the sound booth. This person was described as:

Age	22
Height	5'6" to 5'8"
Weight	150-165 pounds
Hair	Dark
Complexion	Tan

This person was carrying a glass with a drink in it and in the opinion of BIDSTRUP was slightly intoxicated. This person had asked BIDSTRUP "are you a Democrat?". He then made a lot of rambling statements, the text of which BIDSTRUP could not recall. No discussion or particular interest in Senator KENNEDY came up during this man's presence in the booth.

There was a Los Angeles Fireman on duty in the Venetian Room who was present when BIDSTRUP was talking to the unknown male. The name of this fireman was not recalled but BIDSTRUP described him as:

On the evening of June 4, 1968, Mr. WHARTON was on duty for the Fire Prevention Bureau in the Venetian Room at the Ambassador Hotel, during the Senator ROBERT F. KENNEDY campaign party. Mr. WHARTON recalled that an electrician, apparently employed by the Ambassador Hotel, had been working in a sound booth in the Venetian Room around 10:00 - 11:00 P.M. on June 4, 1968. The name of this electrician, however, was not known to Mr. WHARTON and the latter had no recollection of observing any individual engaging this electrician in conversation in the sound booth around 10:00 P.M. on June 4, 1968.

Mr. WHARTON continued that he had no recollection of observing any individual in the Venetian Room on the evening of June 4, 1968, or at any time, who resembled SIRHAN SIRHAN.

Photographs of SIRHAN SIRHAN and members of his family were exhibited to Mr. WHARTON. He said that he had no knowledge of having observed these individuals at any time and specifically not observing anyone resembling any of them in the Venetian Room of the Ambassador Hotel on the evening of June 4, 1968.

Mr. FREDERICK GARY DUTTON, Attorney, advised he was an aide to Senator ROBERT F. KENNEDY on his Presidential campaign, handling scheduling and travel arrangements.

He stated that Senator KENNEDY left his Ambassador Hotel suite at about 11:30 p. m. to make a victory talk to those gathered in the Embassy Room of the hotel. He said he accompanied KENNEDY from his suite, using a service elevator and passing through an area where KENNEDY was later shot. He said that en route to the Embassy Room he did not note any particular crowd in the area where the Senator was shot.

DUTTON said he was aware that a large crowd had gathered in the Embassy Room as well as in a lower ballroom for the expected appearance of Senator KENNEDY. He said these crowds had become rather loud and somewhat unruly awaiting the appearance of the Senator.

DUTTON stated he decided that upon the completion of Senator KENNEDY's victory talk, the Senator would go to the Colonial Room where the press had gathered, rather than to go down to the lower ballroom.

He said Senator KENNEDY left the podium at the rear of the platform and he followed the Senator, accompanied by Mrs. KENNEDY. DUTTON said he did not tell Senator KENNEDY that he was to proceed to the Colonial Room, but believed that BILL BARRY had done so, as BARRY was aware of the plan.

He stated he trailed Senator KENNEDY by about seven to eight feet when he heard a snapping noise, similar to the sound of fire-crackers. He said upon learning that Senator KENNEDY had been shot, he proceeded directly to KENNEDY, passing another man lying on the floor, later identified as PAUL SCHRAGE,

an official of the United Auto Workers, who appeared to be seriously wounded. He said Senator KENNEDY was lying on the floor and he proceeded to open his collar and belt, removing his cuff links and shoes.

Mr.

DUTTON said he was joined by Mrs. KENNEDY and was not aware of any other activity in the area.

He said that he had not heard that SIRHAN SIRHAN, the suspected assassin, had ever been seen earlier or that SIRHAN had ever been evicted from any area by anyone. He said that a dark skinned individual, possibly an Arabian, had reportedly been asked to leave the podium. He said he had seen a photo in Time magazine in which this dark skinned male appears, however, upon viewing a photo of SIRHAN, he determined that SIRHAN is not identical to the dark-skinned individual in Time magazine.

DUTTON stated that he had never seen SIRHAN SIRHAN during his tour with Senator KENNEDY.

DUN GIFFORD, Legal Assistant to Senator EDWARD KENNEDY advised he served as State Co-ordinator in the presidential campaign of Senator ROBERT F. KENNEDY.

GIFFORD stated he was on the podium when Senator ROBERT KENNEDY made his victory talk to those gathered in the Embassy Room of the Ambassador Hotel.

GIFFORD said that following KENNEDY's talk, he was to leave the podium and go to his right, as he faced the audience, where PIERRE SALINGER had planned to talk to him. He said that KENNEDY, however, went to his left going in the direction of the Colonial Room.

GIFFORD believed that either FRED DUTTON or BILL BARRY might have decided on the route to be taken by Senator KENNEDY after his speech.

GIFFORD said he followed Senator KENNEDY and saw him, BARRY and DUTTON pass through a double door entrance in the kitchen area, GIFFORD trailing by about seventeen feet.

He stated he saw an individual, later identified as SIRHAN SIRHAN, step out from the right and he heard one shot, a short delay, then heard five more shots.

He said he cannot say he actually saw SIRHAN fire the shots, although he saw him with a gun. He said he then saw BARRY strike SIRHAN, and recalls SIRHAN was on the floor, a gun was on the floor, and SIRHAN, on his hands and knees, was moving toward the gun.

He stated ROOSEVELT GRIER, RAIFER JOHNSON, GEORGE PLIMPTON and he held SIRHAN. He said JOHNSON held him by his lower body, GIFFORD having a hold on his head while all

four of them were attempting to get the gun from SIRHAN's hand.

GIFFORD said that all four of them leaned across SIRHAN's body, and their combined hands grasped SIRHAN's gun hand. He said they removed their hands, one at a time, permitting GRIER to wrest the gun from SIRHAN. He said he believed GRIER, upon removing the gun, handed it to JOHNSON.

GIFFORD said SIRHAN did not say a word, at first appearing composed, and then appeared terrified as the crowd reacted to what had occurred.

GIFFORD stated he had never seen SIRHAN before the moment he saw him holding the gun. He said he recalled that JESSE UNRUH was standing on a steam table calling for the police and an ambulance.

He said Senator KENNEDY was lying on the floor and another man, also lay on the floor, both lying head to toe in a line, as he moved toward SIRHAN.

JOSEPH D. GIORDANO, Office Manager, Senator ROBERT F. KENNEDY's Office, New Senate Office Building, advised that he was with the Senator during the Los Angeles Presidential Primary. He stated that when the Senator made his victory speech in the Embassy Room, Ambassador Hotel, June 4, 1968, he accompanied the Senator to the stage from KENNEDY's hotel suite.

After the Senator's speech, according to GIORDANO, KENNEDY departed the stage area by walking to the rear, through a hallway and into the kitchen. KENNEDY was making his way toward the Colonial Room and planned to talk with the "pencil-press." GIORDANO said he, GIORDANO, was just leaving the ballroom and heard balloons breaking. He was told KENNEDY had been shot. He hastened to the area and observed the Senator lying on the kitchen floor. About this time, he saw ROSIE GRIER, a professional football player, holding an individual with a gun.

GIORDANO took up a position at the Senator's side and assured him he would be alright and to remain quiet. When an ice pack arrived he held it to the Senator's head, and recalls seeing WILLIAM BARRY taking off his coat and placing it under the Senator's head. He stated when the ambulance arrived, he accompanied BARRY and the others to the hospital.

GIORDANO related that he does not recall seeing SIRHAN SIRHAN in the area prior to the shooting. He mentioned that at about 3:00 a.m., June 5, 1968, he recalled

seeing an unknown white female with a polka-dot dress talking to a police officer outside room number 507. He related this conversation lasted about three to five minutes. He only recalls the dress was white with large dots about the size of a silver dollar; he believes the dots were black or dark blue. GIORDANO feels that because of the time this may not be important but recalls the incident for what it might be worth.

FRANK MANKIEWICZ, Press Secretary to Senator ROBERT F. KENNEDY on his presidential campaign advised that he and PIERRE SALINGER had planned that Senator KENNEDY, following his victory speech in the Embassy Room of the Ambassador Hotel, would then go to a room occupied by SALINGER which was to the right of Senator KENNEDY and then the Senator would go on to the Colonial Room.

He stated when Senator KENNEDY finished his talk he left the podium and proceeded toward the Colonial Room which was off to his left. He said he attached no significance to the fact Senator KENNEDY proceeded in the direction of the Colonial Room, as the routes taken by Senator KENNEDY were not definite and he often went directly into a crowd rather than through some easier and less crowded route as planned. He stated BILL BARRY or FRED DUTTON might possibly know why Senator KENNEDY proceeded to the Colonial Room after his talk.

MANKIEWICZ stated he trailed Senator KENNEDY by about ten to twelve feet as he moved toward the Colonial Room. He said as he passed through some double doors he heard a noise, similar to the sound of fire crackers, and thought it was inappropriate to be setting off fire crackers.

He stated he never saw SIRHAN SIRHAN, the suspected assassin of Senator KENNEDY, and as he moved forward he recalled seeing PAUL SCHRADE, a United Auto Workers official, lying on the floor about two feet from the body of Senator KENNEDY.

He said he then saw a "tableau" of arms in a struggle and a gun lying on a table. He said he could not see the head of the man the group was struggling with.

He estimated that fifteen people were between him and Senator KENNEDY when the shots were fired.

On 6/24/68 at Washington, D. C.

He said a Mr. UECKER, an Ambassador Hotel employee, was leading Senator KENNEDY through the narrow passage way enroute to the Colonial Room.

He stated that Mrs. GEORGE PLIMPTON reportedly walked past the suspected assassin, SIRHAN SIRHAN, and saw a gun in SIRHAN's hand just before the shooting.

MANCIEWICZ stated as he trailed Senator KENNEDY on his route, he could not be of more assistance and thus could furnish no additional information.

Mr. WILLIAM NORRIS

advised that during the campaign of Senator ROBERT F. KENNEDY for the presidential nomination, he, NORRIS, acted as one of twelve State of California Vice Chairmen under Chairman JESSE UNRUH. In this capacity, he associated with the Senator and other members of the Senator's staff, and based on his, NORRIS' position, he furnished the following information with respect to his knowledge of the events of June 4, 1968, and June 5, 1968, at the Ambassador Hotel.

NORRIS advised that he went to the Ambassador Hotel at approximately 8:30 pm, and parked in the rear parking lot. He then entered the hotel and went to the KENNEDY press area, located in the Colonial Room, where he talked with various campaign personalities. At approximately 10:00 pm, he went upstairs to the KENNEDY suite, where he stayed for approximately 45 minutes. He then went downstairs to the Embassy Room, where he met several friends and took them to the KENNEDY suite to meet the Senator. Shortly thereafter, he returned to the Embassy Room and met other loyal supporters who also wanted to meet the Senator. Just as he was about to take them upstairs, he saw STEPHEN SMITH, the Senator's brother-in-law, so he delayed his trip upstairs as he realized that the Senator would appear in the Ballroom in a few minutes.

When the Senator arrived, he, NORRIS, remained in the press alcove of the Embassy Room, just to the west of the platform. After his speech, the Senator left the platform to the rear, through some curtains which provided access to the kitchen area and the main KENNEDY press room. He, NORRIS, attempted to follow from the Embassy press area and he heard several distinct rapid reports. He did not realize that anything out of the ordinary had occurred until he encountered a rush of people coming toward him from the ~~direction the Senator had gone, plus the look of stark~~ terror on the face of JUDY ROYER, the personal secretary

On 8/2/68 at Los Angeles California

for former Governor PAT BROWN

ROYER was standing on a chair looking down the passageway toward the Senator and he assumes that she must have seen some of the actual shooting. There also were loud shouts and screaming in the air.

Shortly thereafter, many rumors were spread about concerning who was shot. He heard that STEVE SMITH, FRED DUTTON, and PAUL SCHRADE, had been shot as well as the Senator. The facts soon developed, however, that STEVE SMITH and FRED DUTTON had not been shot, for he saw both of them and they were uninjured. It was then that SMITH told him that the Senator had been shot, and that they should get all the people out of the Ballroom. He, NORRIS, emphatically concurred and suggested that SMITH himself make a public announcement, since such an announcement coming from a member of the KENNEDY family would have more meaning to those assembled in the Ballroom. Mr. SMITH then made the announcement to clear the Ballroom. NORRIS advised that he stayed at the hotel until approximately 3:00 am, helping to clear the area and talking to various friends.

He was shown a photograph of SIRHAN BISHARA SIRHAN and he stated that at no time during the evening did he see this individual.

He advised the security in the KENNEDY suite upstairs in the hotel was almost nonexistent, and that it was fairly loose early in the evening at the Embassy Room, but that as the evening wore on it became more difficult to gain access to that room. He stated that he bases this observation on his ability to gain access to those areas during the evening. No one checked his press pass in the KENNEDY suite. At approximately 10:30 pm, a guard was at the Embassy Room and the guard checked his pass, but later on at approximately 11:00 pm, the guard denied him access to the room, so he entered it through another back entrance.

With regard to the plan for the protection of Senator KENNEDY while the Senator was in the State of California, he advised that VICTOR PALMIERI, member of the President's Commission On Crime, who was concerned over the safety of the Senator during his campaign, discussed this with STEPHEN SMITH in his, NORRIS', presence on one of the Senator's earlier trips to California. PALMIERI suggested that stringent security be provided for the Senator, but SMITH told PALMIERI "We will just have to take our chances".

ADAM WALINSKY, Legislative Assistant in Senate, and speech writer for the late Senator ROBERT FRANCIS KENNEDY, was interviewed in Room 3327, New Senate Office Building. He said he traveled with KENNEDY in the Oregon and California primary campaigns. During the evening of June 4, 1968, WALINSKY and Mrs. WALINSKY had a room in the fifth floor KENNEDY Suite at the Ambassador Hotel in Los Angeles, California. WALINSKY congratulated Senator KENNEDY upon winning the primary in California. WALINSKY remained in the suite to watch the television broadcast of KENNEDY's victory speech in the Embassy Room. After KENNEDY completed the speech, WALINSKY stood in the doorway of the KENNEDY suite talking as CAROL WELCH told WALINSKY, "PIERRE just called and something is wrong with the Senator. You had better go down and see what is the matter". WALINSKY said he walked into the hall with SWANIE VON HEINSCHL and was still talking with VON HEINSCHL when CAROL said, "There really is something wrong with the Senator." WALINSKY said CAROL gave him a push and said, "Get going". WALINSKY then rushed down the stairs and turned and left. There were a lot of people coming out of the room. WALINSKY pushed through and got to the door of the Colonial Room. A hotel security guard in front of the door would not let WALINSKY in, but a press representative spoke to the guard and he let WALINSKY through.

WALINSKY said he saw Senator KENNEDY lying on the floor and KENNEDY's wife, ETHEL, was bending over him. WALINSKY saw four or five policemen take SIRHAN SIRHAN out. WALINSKY said he had never seen SIRHAN before.

ADAMSON covered the Oregon and California primaries for his newspaper dividing his time between the MC CARTHY and KENNEDY campaigns. During the campaigning in Los Angeles, ADAMSON spent his entire time with the KENNEDY organization. During KENNEDY's victory speech ADAMSON was in the Embassy Room listening to the speech. ADAMSON knew KENNEDY intended to have a press conference in the temporary press room after the speech but did not know how KENNEDY intended to get to the press room.

KENNEDY left the Embassy Room and ADAMSON attempted to follow him. ADAMSON was about 15 yards behind KENNEDY when KENNEDY entered the kitchen area and the shooting occurred. ADAMSON did not hear the shots and never got to the kitchen. ADAMSON did not see SIRHAN or KENNEDY after the shooting.

ADAMSON does not remember seeing SIRHAN at any time during the campaign in either California or Oregon. ADAMSON said he could give no additional information regarding the assassination.

Mr. CHARLES "CHUCK" BAILEY

furnished the following information:

He accompanied the late Senator ROBERT F. KENNEDY on both the Oregon and California Primaries and was at the Ambassador Hotel, Los Angeles, California, on the morning of June 5, 1968, when Senator KENNEDY was assassinated. At the exact time of the shooting of Mr. KENNEDY, he was in the Colonial Room of the Hotel Ambassador along with the other newspaper people waiting for Mr. KENNEDY to come into the Colonial Room for an informal press conference. Separating the Colonial Room from the kitchen of the hotel were double swinging doors and then another set of double swinging doors arranged in such a manner that people in the Colonial Room could not see into the kitchen when a waiter came out of the serving kitchen. It was his understanding that immediately after Mr. KENNEDY gave a victory talk on television, he intended to come into the Colonial Room and talk to the reporters gathered there awaiting him. He believes that it was one of the press secretaries of Mr. KENNEDY, the exact one he could not recall, who made these arrangements, but that in any event it was his understanding at the time that Mr. KENNEDY would come directly from his TV talk to the Colonial Room and that reporters there would be able to ask him questions concerning his primary victory and future plans. He saw on a TV set that Mr. KENNEDY had finished his speech and so then he immediately moved closer to the door so he would have a better position in proximity to Mr. KENNEDY to ask questions. He then heard a loud bang which at first sounded to him like someone was banging a serving tray on one of the stainless steel warming counters. This was immediately followed by four other "bang-like" noises, and then it dawned on him that these were actually shots from a gun. He distinctly recalled only hearing five bangs although subsequent events revealed that actually eight shots were fired from a gun. He immediately went through the double set of swinging doors into the serving kitchen, and the place was "complete bedlam." He noticed someone struggling with an individual but actually only saw

On 6/20/68 at Washington, D.C.

this individual's forearm raised in the air and someone grabbing at it. He cannot recall actually seeing a gun in the hand of the alleged assassin. He then left the serving kitchen immediately and went to the nearest phone to call his paper. When he finished the call, he went back to the serving kitchen, it being only a matter of perhaps ten or fifteen minutes; and at this time the police were taking out of the hotel the alleged assassin of Mr. KENNEDY, SIRHAN SIRHAN. On this occasion he got a reasonably good view of SIRHAN. He does not recall ever seeing SIRHAN SIRHAN before that time either in the hotel or at any of the campaign stops. He did not see any girl at any time wearing a polka dot dress and could furnish no information whatsoever concerning this alleged individual.

On the previous Sunday before the assassination of Mr. KENNEDY, he was in the group of newspapermen who "covered" Mr. KENNEDY's trip to Disneyland and did not recall seeing SIRHAN SIRHAN in any of the crowds gathered around Mr. KENNEDY at Disneyland.

Mr. BAILEY was unable to furnish any additional pertinent information.

Mr. JAMES (JIMMY) BRESLIN was interviewed

Starting on March 17, 1968, he covered several of Senator ROBERT KENNEDY's Presidential campaign trips.

During the evening of June 4, 1968, he was in the Ambassador Hotel in Los Angeles, California, when Senator KENNEDY made his victory speech. The Embassy Room in which Senator KENNEDY made his speech was very crowded so BRESLIN went to the press room which was near the Embassy Room and watched the speech on television.

When the speech ended an individual, he thinks was DICK DRAYNE of Senator ROBERT KENNEDY's staff, appeared at the door of the press room and said that Senator ROBERT KENNEDY was on his way to the press room. Senator ROBERT KENNEDY after his speeches made it a habit to visit the press room and talk to the press.

BRESLIN went to the door of the press room to wave to Senator ROBERT KENNEDY. He did not see Senator ROBERT KENNEDY, but while at the doorway he heard what at first he thought was a kitchen tray drop to the floor. It was a shot and there were three or four more. At the most, BRESLIN heard four or five shots. People were running and screaming and BRESLIN ran towards where the sound of the shots came from.

Many persons in the crowd were screaming. These people were to BRESLIN's left. Senator ROBERT KENNEDY was lying to BRESLIN's left. In the immediate vicinity was PAUL SCHRADER, also lying on the floor. To BRESLIN's approximate right was BILL BARRY of Senator ROBERT KENNEDY's staff.

On 6/19/68 at New York, New York

- 40 -

BARRY had someone by the arm which was extended up and which hand held a black-barreled pistol. The hand with the pistol then went down onto a table. Someone was jumping on the table. The hand holding the gun dropped it and then something happened and the hand again picked up the gun. ROSIE GRIER then threw a male on a table and held him down and grabbed the male by the arm. BRESLIN then saw the person on the table for the first time. It was SIRHAN SIRHAN. At this moment ROSIE GRIER was holding the gun in his, GRIER's, left hand.

At approximately this time GEORGE PLIMPTON had SIRHAN by his head; WARREN ROGERS had his left leg; and RAFAEL JOHNSON was grabbing his hand.

BRESLIN was of the impression at the time that the gun was still loaded and he tried to get it away from ROSIE GRIER. GRIER would not release the gun. RAFAEL JOHNSON then asked GRIER for the gun and GRIER gave the gun to JOHNSON.

BRESLIN, standing very close to SIRHAN and being face to face with him, asked him twice, "Why did you have to do it?" SIRHAN's eyes were rolling and he did not answer. SIRHAN then tried to thrash around with his legs and body, but those holding him kept him secure.

After SIRHAN SIRHAN was secured by BARRY, JOHNSON, GRIER, PLIMPTON, and ROGERS, and being held by GRIER, JOHNSON, PLIMPTON and ROGERS, BILL BARRY went to Senator ROBERT KENNEDY. BRESLIN occasionally looked over at Senator ROBERT KENNEDY.

The police then arrived and SIRHAN was turned over to them by GRIER, JOHNSON, PLIMPTON and ROGERS.

BRESLIN stated that he did not see the actual shooting and that he had not seen SIRHAN before this. He saw no one in a polka dot dress.

BRESLIN has since heard several reports concerning the shooting. One was that DICK TUCK of Senator ROBERT KENNEDY's staff chased SIRHAN off the platform twice and another that DICK HARWOOD actually saw SIRHAN shoot Senator ROBERT KENNEDY.

LARRY IRVIN FINDLY

furnished the following information concerning his whereabouts at the time Senator ROBERT F. KENNEDY was shot at the Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles, California, in the early morning hours of June 5, 1968.

FINDLY advised

on June 4, 1968, he was employed

to assist in the coverage of the California primary election returns at the Ambassador Hotel. During this coverage, FINDLY stated he worked with JOHN VIAZANKO,

FINDLY recalled he arrived at the Ambassador Hotel at about 7:00 p.m. on June 4, 1968, and until 11:30 p.m. remained in the Embassy Room and Colonial Room, the latter designated as the official Press Room. FINDLY stated that at about 11:30 p.m. he accompanied VIAZANKO to the nearby Beverly Hilton Hotel to get some film, and they returned to the Ambassador Hotel at about 12:10 a.m. on June 5, 1968. They immediately returned to the Embassy Room and were situated adjacent to the speakers platform when Senator KENNEDY made his victory speech. Upon the completion of Senator KENNEDY's speech, FINDLY and VIAZANKO remained in the Embassy Room and secured several photographs of the crowd. Moments after Senator KENNEDY left the speakers platform, FINDLY heard what sounded like two balloons burst, then heard several more bursts. FINDLY and VIAZANKO immediately ran into the vacant area between the speakers platform and the Embassy Room service pantry, at which time FINDLY observed a male Caucasian who had been shot. FINDLY did not recall this individual's name but stated this gentleman was employed by North American Airlines. Due to the impact of the crowd, FINDLY and VIAZANKO were pushed away from the area where Senator KENNEDY had been shot, however, FINDLY observed Senator KENNEDY being removed from the service pantry on a stretcher.

On 8/7/68 at Hawthorne, California

FINDLY advised at no time during the confusion did he observe the individual who allegedly shot Senator KENNEDY. Further, after observing a photograph of SIRHAN BISHARA SIRHAN, FINDLY stated that he had seen no one who resembled SIRHAN prior to the time FINDLY observed SIRHAN's photograph in a Los Angeles newspaper on June 5, 1968. In addition, FINDLY stated that nothing came to his attention prior to the shooting to indicate this event would occur.

EVAN FREED

advised as follows:

for about four weeks prior to the assassination of the late Senator ROBERT F. KENNEDY, he had covered the Senator's activities in the Los Angeles area. At about 7:00 PM the night of the 1968 California Primary (June 4, 1968) he went to the Embassy Room of the Ambassador Hotel, Los Angeles, where he remained for approximately fifteen minutes and then went upstairs to the KENNEDY rooms on the fifth floor where he stayed until about midnight when Senator KENNEDY and his party went downstairs to the Embassy Room. FREED did not accompany them but used the stairs to reach the Embassy Room. About twenty five feet outside of the Embassy Room, he became involved in an altercation with another photographer during which time his camera was damaged. In order to get out of the crowd, he went to the kitchen area of the Ambassador Hotel to try to fix his camera. He was still in the kitchen area when Senator KENNEDY, who had finished his appearance in the Embassy Room, entered the kitchen through the main door to the kitchen. At the time, FREED was located at a row of tables in the corridor. The Senator shook hands with numerous people on entering the area. The Senator was within six to eight feet of FREED when the latter let his gaze drop towards the floor and at that moment FREED heard noises which sounded to him like firecrackers going off. He then looked up and saw a man shooting a gun. Some people were trying to grab the individual while others were "hitting the floor". The man who was doing the shooting subsequently was identified as SIRHAN SIRHAN. SIRHAN was the only person FREED saw shooting. FREED did not see Senator KENNEDY hit by gunfire or see him fall to the floor, but he did subsequently observe the Senator lying on the floor and thought he, the Senator, was dead. There was much shouting at this time, and FREED did not hear any particular conversation. The man who was

shooting was disarmed, but FREED did not recall the disarming procedure. He did recall seeing the shooter pushed against a table and pinned down. FREED then left the kitchen area in an attempt to locate a telephone to call some friends and tell them to turn on their television sets. Being unable to locate a telephone, FREED returned to the kitchen area where his name was taken by the Los Angeles Police Department.

VIRGINIA GUY, furnished
the following information:

Mrs. GUY was with the KENNEDY and McCARTHY Campaign Party in Oregon and she was with the KENNEDY Party in California.

On the night of June 4, 1968, Mrs. GUY was in the Embassy Room at the Ambassador Hotel. She took pictures in the Embassy Room up to and during Senator KENNEDY's victory speech.

Mrs. GUY left the Embassy Room before KENNEDY finished speaking. She did not know where he was going after his speech and knew only that he was going to a party at the Factory. KENNEDY kept speaking longer than Mrs. GUY thought he was going to and she walked around in the halls of the Ambassador waiting for him to finish. She walked into the kitchen area and was surprised to see KENNEDY and the people with him walking towards her. She had entered the area from the opposite end the Senator entered.

She was about 15 feet away from the Senator when she turned her back to him and began swiftly walking away so that she could take a better picture of him. While she was walking away, she heard some noises which sounded like fire crackers. A few steps later, she turned around and saw the Senator falling. At that time she was further away from the Senator than she had been when she first saw him. Mrs. GUY took no pictures after she left the Embassy Room where the Senator was making his Victory Speech.

On 7/12/68 at Washington, D. C.

50

In the confusion that followed the shooting of the Senator, someone ran into Mrs. GUY and his fist struck her mouth where it chipped the corner of one of her upper center teeth. She did not feel the person purposely hit her in the mouth but did it as he ran into her. This person came from in front of her in the direction of Senator KENNEDY.

Mrs. GUY felt that this individual had something metal in his hand and believed that it was a greyish color. She thinks that the object was a gun, although she did not really see the object.

Later Mrs. GUY saw BILL BARRY and RAFTER JOHNSON holding an individual down on a counter who she learned was SIRHAN. She thinks that SIRHAN was the same person who ran into her and caused her tooth to be chipped; but she is not positive of this. She stated that because of the confusion in the area at the time, she has a hard time remembering exactly what happened.

Mrs. GUY did not remember ever having seen SIRHAN before, either that evening or during the campaign. She remembered seeing no girl in a polka dot dress in the Ambassador Hotel that evening.

Mr. BRIAN HAMILL

was at the Ambassador Hotel, Los Angeles, California, with his brother, PETE HAMILL, covering the Senator ROBERT F. KENNEDY campaign.

BRIAN HAMILL did not have the proper credentials and could not get in to hear and see Senator KENNEDY's speech; consequently, he was in the lobby of the hotel and did not see or hear the shooting.

There was an entrance to the hotel near the press room but BRIAN HAMILL could not get in because he lacked the proper identification.

In the lobby of the hotel, while facing the check-out desk, to the right are two doors which look like an employees' entrance and which BRIAN HAMILL believes leads to the kitchen area. While waiting in the lobby, BRIAN HAMILL noticed people going in this door and he would have tried to go in that way except for the fact that he was afraid of being caught and thrown out of the hotel.

While waiting in the lobby all of a sudden two people came running out of the ballroom. One went toward the telephones, the other ran down the stairs. BRIAN HAMILL thinks they may have been reporters. Then many people came out. They were crying and there was much confusion. Then he saw a young man being carried out. He thinks this young man was shot in the leg. Later he saw SIRHAN SIRHAN being taken out. He did not see Senator KENNEDY.

Mr. PLTE HAMILL was interviewed

on June 4-5, 1968,
while living in California, he covered the Senator ROBERT F.
KENNEDY campaign.

During the evening of June 4, 1968, prior to
Senator KENNEDY making his victory speech, HAMILL was
in Senator KENNEDY's suite in the Ambassador Hotel,
Los Angeles, California, with Senator KENNEDY and JIMMY
BRESLIN. HAMILL went to the elevator with
Senator KENNEDY when Senator KENNEDY was on his way to make
his victory speech.

There was confusion at the elevators and
HAMILL did not get on the same elevator with Senator KENNEDY.

During Senator KENNEDY's speech, HAMILL stood on
the podium to Senator KENNEDY's rear and left. This was
near the left rear corner of the podium near some drapes and
some stairs that went down. Standing near HAMILL were GEORGE
PLIMPTON, the writer, and PLIMPTON's wife, FREDDY. Standing
near the stairs was BILL BARRY of Senator KENNEDY's staff.

During the speech "a guy" or a "kid" tried to
get on the podium by coming through the drapes which were
in back of HAMILL. BILL BARRY noticed this individual
and told him to get out. HAMILL would not recognize this
individual if he saw him again.

When Senator KENNEDY finished his speech, HAMILL
or PLIMPTON asked BILL BARRY which way to go out.

On 8/5/68 at Brooklyn, New York

- 54 -

BARRY pointed to a corridor to the pantry. HAMILL and PLIMPTON went out that way which was down the nearby stairs and HAMILL did not see Senator KENNEDY leave the podium. HAMILL next saw Senator KENNEDY in the pantry. HAMILL was walking along with GEORGE PLIMPTON in front of Senator KENNEDY and to his (Senator KENNEDY's) right about ten feet. HAMILL did not know that Senator KENNEDY was going to the press room but thought Senator KENNEDY was headed for "The Factory" where a party was to be held. As HAMILL was walking along and looking back, he saw Senator KENNEDY turn to his left to shake hands with someone. After Senator KENNEDY shook hands with this individual, he (Senator KENNEDY) turned to continue walking straight ahead. At this time what HAMILL thought were five shots were fired in very rapid succession. HAMILL looked and saw SIRHAN SIRHAN who was standing in front of and to Senator KENNEDY's left about seven or eight feet with his (SIRHAN's) arm fully extended and his face in tremendous concentration shooting a gun at Senator KENNEDY. Senator KENNEDY was falling to the floor and someone caught Senator KENNEDY.

ROSIE GRIER ran by HAMILL and "slammed" SIRHAN into a table. GEORGE PLIMPTON rushed over to SIRHAN and went for the gun. RAFAEL JOHNSON came out of somewhere and HAMILL thinks that JOHNSON got the gun. SIRHAN was "thrown up on a table" or group of tables and "slid down to the end of the table" or tables.

There was much yelling and noise and HAMILL was momentarily "stupified". He then looked at his watch. It was 12:12 a.m., June 5, 1968. HAMILL heard people saying such things to SIRHAN as "Why did you do it?" HAMILL did not hear SIRHAN say anything.

HAMILL stated that he did not see or notice SIRHAN before the shooting. HAMILL did not touch SIRHAN.

HAMILL went out of the hotel by or near the press room to get his brother BRIAN HAMILL, a photographer, who did not have a pass to get in to watch the speech.

HAMILL stated that he looked at his watch when Senator KENNEDY's body was removed and it was 12:32 a.m.

After the shooting WARREN ROGERS and BUD SCHULBERG came out of the press room and into the room where the shooting occurred.

HAMILL stated that he heard later that there was an entrance to the hotel near the press room in which entrance to the hotel and the kitchen or pantry area could be easily had.

Mr. JOHN HERBERS.

furnished the

following information:

He accompanied the campaign party of Senator ROBERT F. KENNEDY through Oregon and California, having joined the group in the middle of March 1968.

At the time of the shooting of Senator KENNEDY he was in the temporary press headquarters located in the Colonial Room of the Ambassador Hotel in Los Angeles, California.

Senator KENNEDY's victory speech was watched by Mr. HERBERS and other members of the press corps on a television set in the Colonial Room. About the time Senator KENNEDY was giving his speech they were notified the Senator would come to the press room for a news conference for the "writing press". It had been understood during the evening of June 4, 1968, that the Senator would appear before the press, however, the exact time was not known until the election trend had been firmly established. Approximately five minutes before the shooting, they were notified the Senator would be there shortly.

Mr. HERBERS stated there were probably between six hundred and a thousand people in the Embassy Room where the victory speech was given. Because of the crowd, KENNEDY staff workers and the members of the press were using the kitchen area as a corridor between the Embassy Room and the Colonial Room.

While still working in the press room (Colonial Room), HERBERS heard gun shots in the kitchen area. At the time they sounded like firecrackers, however, he rushed into the

kitchen area where the shots came from and described the scene as "utter chaos". By working his way forward he observed BILL BARRY near the end of the warming counters struggling with someone. He also saw ROSIE GRIER and RAFAEL JOHNSON struggling with the same person.

Mr. HERBERS then saw SIRHAN SIRHAN for the first time, and described him as having dark hair and an olive complexion.

He observed a dark Latin-type man beating on SIRHAN SIRHAN's head. Mr. HERBERS had never seen this individual before and described him as in his late thirties or early forties, medium height, and heavy set.

At about the same time he saw Senator KENNEDY lying on the floor.

In the immediate vicinity he observed FRED DUTTON, an assistant to Senator ROBERT KENNEDY; DUN GIFFORD, an assistant to Senator EDWARD KENNEDY; and DICK DRAYNE, ROBERT KENNEDY's press secretary.

Mr. HERBERS did not see any girl or woman in a polka dot dress.

He was sure he had not seen SIRHAN SIRHAN before the instant when he observed him struggling with Mr. BARRY in the kitchen area after the shooting.

GEOFFERY HODGSON

furnished the following information:

HODGSON spent the last ten days of the California Primary Campaign in California traveling with the KENNEDY and MC CARTHY parties. At the time of KENNEDY's victory speech, HODGSON was in the Embassy Room of the Ambassador Hotel listening to the speech in person. He was accompanied by BLUCE PAGE and ANTHONY CLIFTON.

As soon as KENNEDY finished his speech and before he began to move through the crowd, HODGSON, PAGE and CLIFTON left the Embassy Room by going down an iron staircase to the parking lot. They did this to avoid getting trapped in the crowd. They did not know which way the Senator would go after making his speech or what his exact plans were.

While outside HODGSON heard about the shooting and he went back inside the hotel. He went towards the kitchen area but was unable to enter the area because of the crowds. He did not see the Senator or SIRHAN at that time.

HODGSON does not recall ever having seen SIRHAN at any time during the campaign. In addition he does not remember seeing any girl at the Ambassador Hotel who was wearing a polka dot dress.

JOHN WILLIAM LEWIS furnished the following information:

He stated he works as the electrician with the crew of JIM WILSON and BOB FUNK. The crew had been under contract for coverage of Senator KENNEDY's presidential campaign. LEWIS said he was not on the Oregon campaign, except the last night, due to being on his honeymoon.

On the night of the assassination the crew was in Senator KENNEDY's suite of rooms before the speech in the Embassy Room. As they left to go to the Embassy Room the Senator rode down on the elevator and the crew ran down five flights of stairs. They filmed the speech from the stage. After the speech LEWIS said BILL BARRY said, "BOBBY, we're supposed to go this way." "This way" meant through the crowd. The Senator answered "No" and headed down the steps toward the rear. LEWIS said they followed about ten to twelve feet behind. He first heard the shots when they reached the swinging doors. It sounded like a "pop" then a number of shots in rapid succession. He and the crew rushed forward, still filming and knelt down to KENNEDY's head. LEWIS said he told JIMMY to keep shooting. JIMMY was crying and shouting and was not looking through the view finder. LEWIS stated he grabbed the lens and aimed it the best he could. At the end of the magazine JIMMY said, "I can't do anymore, we're out of film." LEWIS said he ran to the Colonial Room and got another magazine. He fought his way back to the kitchen and gave the magazine to BOB FUNK. JIMMY then threaded the film and laid the camera aside. LEWIS said he helped block the entrance, where KENNEDY was eventually taken out, with two laundry carts.

CHARLES N. QUINN

advised that he was assigned to the coverage of the KENNEDY Presidential Campaign since March 28, 1968, and followed the campaign until Senator ROBERT F. KENNEDY was assassinated.

QUINN advised that he was in the Ballroom of the Ambassador Hotel, in Los Angeles, California, on June 5, 1968. He was on as news commentator for the midnight news. Just as he was about to finish his news broadcast, he heard a lot of screaming and shrieking and someone ran into the room and shouted that Senator KENNEDY had been shot. He immediately left the room and forced himself through crowds of people into the kitchen area. He walked up to Senator KENNEDY who was lying on the floor with his head in what appeared to be blood. QUINN got up on a serving table and stayed there until Senator KENNEDY was removed from the room.

QUINN advised that Senator KENNEDY was awake while he was lying on the floor. QUINN recalled hearing a voice, similar to Senator KENNEDY's saying "Can you please step back so I can have some air." Senator KENNEDY was fingering a rosary on his waist line and ETHEL KENNEDY was rubbing his chest. ETHEL seemed to be calm.

QUINN advised that when Senator KENNEDY was picked up by three or four men, he said about five times in a very painful voice, "No!" KENNEDY was placed on a stretcher, and his eyes were now closed. QUINN did not know if Senator KENNEDY was unconscious.

On 6/27/68 at Washington, D. C.

QUINN advised that there was much confusion in the room and it seemed like such a long time between the time Senator KENNEDY was shot and when he was removed on the stretcher.

QUINN advised that he recalled seeing ETHEL KENNEDY, Mrs. JEAN SMITH, BILL BARRY, DICK TUCK (advance man for Senator KENNEDY), FRANK MANKIEWICZ (Press Secretary for Senator KENNEDY), PERS ANDERTON, and his crew were on the spot taking pictures, and possibly JULES WITCOVER, QUINN advised that he was not personally with any other newsmen, and when Senator KENNEDY was removed from the area, he returned on television and reported what news he could about the shooting of Senator KENNEDY.

QUINN advised that he accompanied Senator KENNEDY on both the Oregon and California primaries. He did not know the plans and scheduled route of Senator KENNEDY after his victory speech. He had never seen SIRHAN SIRHAN before, and did not see him during the day of the shooting, to the best of his recollection. He recalled seeing many polka-dot dresses among the crowd surrounding Senator KENNEDY, but did not recall any particular person. He knew there was a change in Senator KENNEDY's route. WALLACE TURNER

was interviewed regarding the assassination of Senator ROBERT F. KENNEDY and stated that he was in a room at the Ambassador Hotel in Los Angeles on June 4, 1968, with other members of the press, awaiting the arrival of Senator KENNEDY. Senator KENNEDY was supposed to come to the press room after he had addressed a group of his supporters. TURNER and the other members of the press were observing KENNEDY on closed-circuit TV.

TURNER said he was covering the MAX RAFFERTY senatorial campaign and had gone over to Senator KENNEDY's press room while things were slow at RAFFERTY's press headquarters. After arriving in KENNEDY's press room, DICK DRAYNE, KENNEDY's press representative, told the group that KENNEDY would be coming to the press room. DRAYNE explained to them that there was such a large crowd in the other room that it would be best if KENNEDY came to them. TURNER said he was not aware of the names of the rooms at the Ambassador Hotel.

As they were observing KENNEDY leave the room by way of TV after addressing his supporters, TURNER said he heard three shots which sounded like the pops of firecrackers. He ran down the corridor and observed a struggle involving RAFAEL JOHNSON and ROOSEVELT GRIER with a young man, whom he now knows to be SIRHAN B. SIRHAN. Several other people were struggling with SIRHAN and holding him down. TURNER said he continued on down the hall and obtained an open line on a telephone to his office.

He went back down the hall where Senator KENNEDY lay and observed SIRHAN still being restrained on a table. He also observed Los Angeles Police Department officers arrive and saw SIRHAN being led off. GRIER was restraining bystanders from hurting SIRHAN.

TURNER said he had never seen SIRHAN before this time. He said he was a personal friend of Senator KENNEDY and for this reason was not covering his campaign. He identified LISA URCO

was interviewed at her residence and provided the following information:

BRAND advised that she had been employed as a Kennedy Girl in order to work for Senator ROBERT F. KENNEDY in his seeking the Presidential nomination. On June 4, 1968, BRAND stated that she was at the Ambassador Hotel in Los Angeles, and was making preparations to leave the hotel when she stopped to shake hands with ALAN CRANSTON, the Democratic candidate for United States Senate, when someone rushed past her shouting, "KENNEDY has been shot." She stated that she was not close to the actual assassination and did not see any of the occurrences at that time. She said that eventually after the people were allowed to leave the hotel, she was taken to her home by a girlfriend.

BRAND stated that prior to the assassination, she was waiting, along with a large group of people, for the Senator to come down from his room and make his victory speech. She stated that she, along with several other Kennedy Girls, were lined up along a doorway corridor when she noticed an individual take up a position directly in front of her. She said she made a comment to a newsman who was standing close to her, "look at this". She stated she made this statement because the Kennedy Girls had been given rather preferential treatment and were allowed to assume position in front of the crowd. BRAND stated that the newsman then asked this individual to move and the individual replied, "This won't take long." BRAND said that this individual left a short time thereafter and she did not pay any attention to where he went. She said that she described this individual as being of possible foreign extraction with dark trousers, light blue shirt and having bushy hair. She said that she could not say with any degree of certainty that this individual was identical with SIRHAN SIRHAN, but that she had noticed some characteristics of this individual as being similar to the description of SIRHAN.

DANIEL JOHN CURTIN
was interviewed and furnished the following information:

He was a supporter and worker in the campaign of Senator ROBERT F. KENNEDY. On election day, June 4, 1968, he was engaged during the greater part of the day in transporting voters to the polls. At approximately 8:00 p.m. he went to the Ambassador Hotel to take part in a KENNEDY victory party for the press and campaign workers.

CURTIN stated that at twelve midnight he was in the ballroom of the Ambassador Hotel, when Senator KENNEDY delivered his victory speech. CURTIN said that his location during the speech was to the right front of the podium approximately three feet from Senator KENNEDY. This location is as he was facing the podium. CURTIN said that Senator KENNEDY's speech lasted approximately nine to ten minutes, and at the conclusion of the speech he (CURTIN) engaged in jubilant shouting with the rest of the individuals in the ballroom.

CURTIN advised that at the end of the speech Senator KENNEDY turned and proceeded through the curtains at the rear of the podium into an anteroom. CURTIN stated that he then climbed over the podium and followed the crowd as it was surging after Senator KENNEDY. He stated that he was caught up in the movement of the crowd and proceeded through the anteroom into a corridor and then turned right and proceeded toward the kitchen area. CURTIN stated that he did not actually see Senator KENNEDY throughout the entire time that the group was moving through the anteroom into the corridor but caught intermittent glimpses of Senator KENNEDY through the moving crowd. CURTIN stated that the procession moved through swinging doors into a pantry area, and at the time he was approximately 15 feet behind Senator KENNEDY. CURTIN said that as he was about ~~to go through the swinging doors he heard one loud report~~

On 8/28/68 at Jersey City, New Jersey

followed by two other loud reports in quick succession. CURTIN said that he then jumped quickly through the swinging doors and observed Senator KENNEDY falling to the floor in the pantry corridor.

CURTIN stated that the crowd of people immediately behind Senator KENNEDY seemed to suddenly open, enabling him to lunge to the side of Senator KENNEDY as he fell to the floor. CURTIN stated that Senator KENNEDY fell to his right and threw his right arm up in the air as if to grasp the right side of his head.

CURTIN advised that he was one of the very first, if not the first person, to reach Senator KENNEDY, and he immediately handed Senator KENNEDY a string of rosary beads. CURTIN and KENNEDY clutched the beads as CURTIN placed his lips near KENNEDY's ear and began an Act of Contrition prayer.

CURTIN stated that mass confusion in the area occurred at this time, and he recalled hearing various individuals around him screaming, and asking him if he was a priest. CURTIN stated that at this point, after being over Senator KENNEDY for approximately a minute, an unknown man helped him to his feet and told him that he had done all that could be done. This individual helped CURTIN a few feet away and at this point Mrs. ETHELL KENNEDY and her sister had arrived at KENNEDY's side.

CURTIN stated that it was at this time that he observed ROSIE GRIER and several other individuals holding a person later determined to be SIRHAN SIRHAN in the area of the bins, several feet down the corridor from KENNEDY's location. CURTIN stated that the surging crowd was screaming and trying to get to SIRHAN, but GRIER and others were protecting SIRHAN from the crowd, and at the same time they were trying to subdue him.

CURTIN said that he did not observe the shots being fired, and as he was leaning over Senator KENNEDY, KENNEDY appeared as if he was starting to say something, but if anything was actually said, the noise of the crowd prevented CURTIN from understanding it.

CURTIN stated that during the next few minutes he was in a state of near shock but recalls the press and television commentators around him asking questions and following him wherever he went in the corridor.

At this time an individual, who identified himself as STU BLOCK, came to CURTIN's assistance and took him upstairs in the hotel away from the press and television commentators. CURTIN stated that BLOCK told him that he was was a member of the KENNEDY staff. While upstairs in the hotel, CURTIN was also assisted by STEPHEN SMITH, a KENNEDY staff member.

GLORIA FARR

furnished the following information with respect to her knowledge of the events of June 4, 1968, and June 5, 1968, at the Ambassador Hotel, Los Angeles, where Senator ROBERT F. KENNEDY was shot.

She stated that she was not a supporter of Senator KENNEDY, however, she wanted to see him in person and to witness the reported charisma and charm which he exudes. At approximately 11:30 pm, on June 4, 1968, she went to the Ambassador Hotel with VERNON THOMPSON,

and they parked the car at the rear of the Ambassador. They went to the Ballroom located underneath the Embassy Room in the hopes of seeing the Senator, but when he did not arrive by 11:45 pm, THOMPSON left to see where he was and came back and said that the Senator would be upstairs. THOMPSON told her that he had gone to

where he saw the Senator appear in the upstairs Ballroom on the television monitors. They then went up the stairs leading to the Embassy Room and entered the Embassy Room, passing by a guard who did not challenge them.

They took up a position approximately four people deep from the front of the platform and just to the Senator's right. Just before the Senator finished his speech, a cordon of men formed to the Senator's right, leading from the platform steps in the direction of the press area. She then went to the area at the bottom of the steps and stood directly behind an individual whom she described as being a white male, with a dark swarthy complexion, dressed in a blue wooly sports coat, light blue shirt and light blue slacks. This individual himself was part of the cordon. She tried to get through him, but he would not let her through; however, another large man was about to barge through. When this happened, she told the person in front of her "How come you didn't let me through when you just let that person through", or words to that effect. There

were individuals standing on the platform steps. One individual, who was standing on the second step, pushed aside the crepe paper with his foot and she wondered what he was doing, but decided that there were perhaps some television cables down there. He did this on two occasions, once approximately three minutes before the Senator finished his speech and the other time just a few seconds before the speech ended.

The Senator did not come through the cordon of men which was established for him, but exited the Ballroom through some curtains to the rear of the Ballroom. Moments later she heard four rapid and distinct cracks which sounded like "firecrackers". She then heard screams and shouts that the Senator had been shot, but she did not believe this until she saw a young girl proceeding from the kitchen area with the look of stark terror in her eyes. She tried to go into the kitchen area and was pushed into a corner by the crowd which exerted pressure from both directions. She heard a request for a doctor and then one young woman who said she was a nurse was able to get through. Since she, FARR, was also a nurse, she was also able to get in the kitchen passageway where she observed three wounded men. One was sitting in a chair with his chest area covered with blood and the nurse, who had proceeded her into the area, was applying an orange scarf to the area of the wound. The second was a slender young man sitting in a chair with an ashen face. She did not observe any visible wounds. The third was a middle aged man who was bleeding extensively from the head and who was lying in a pool of blood on the floor. She attempted to administer aid for him and asked the waiter where she could obtain a tray of ice. She obtained ice from the ice machine in the passageway, but as she was returning to the victim, someone took it from her and threw it away, saying, "What do we need that for". There were screams in the area and due to the confusion in the area, she panicked and started to cry. She then heard someone say "We don't need that, get her out of here".

She observed Senator KENNEDY lying on the floor and one eye was open slightly more than the other. He appeared conscious, but she saw no blood on him, so she assumed that he was all right. She returned in the kitchen area until the Senator was wheeled away by some ambulance attendants and then she returned to the main Ballroom where she told everyone that the Senator was all right.

She later returned to her parked car with THOMPSON and they discussed seeing the individual on the platform steps poking under the platform with his shoe. They then went back to the Ballroom and observed the bracing under the steps was very narrow, being approximately one foot wide.

She went with THOMPSON to and stayed there until approximately 4:00 am.

She stated that she telephonically contacted the Los Angeles Police Department and informed the department about what she had seen in the Ballroom for whatever significance it would have in their investigation. She was shown photographs of SIRHAN BISHARA SIRHAN taken following his apprehension and she advised that the individual who stood in front of her at the bottom of the platform steps in her opinion, is not identical to SIRHAN BISHARA SIRHAN. She stated that in a previous interview, an officer of the Los Angeles Police Department, had shown her other photographs of SIRHAN BISHARA SIRHAN, who was dressed up at the time, and she does not consider those photographs shown as being identical to SIRHAN BISHARA SIRHAN either. She also saw photographs of the brothers of SIRHAN BISHARA SIRHAN, and she recalls that the photograph of ADEL/SIRHAN is a likeness, however, she does not feel that ADEL is identical with the individual who was in front of her.

RICHARD JOHN FRICK,
advised during the previous semester, he was working for
"Students for KENNEDY" at the University of California at
Santa Barbara. He advised as follows:

On June 4, 1963, he departed Santa Barbara, California, arriving at Los Angeles about 10:00 p.m. and went to the Ambassador Hotel. He met a friend and obtained a Press Pass so that he could go to the Embassy Room, but first he visited the KENNEDY suite on the Fifth floor and talked briefly to Mrs. KENNEDY there. Then he went downstairs with the KENNEDY party, and as he entered the Embassy Room, he and his girl friend, VAIERIE SCHULTE, from Santa Barbara, were challenged by security guards. They would not let the girl into the room and also attempted to exclude several cameramen, but they finally let him through with the Press Pass. During Senator KENNEDY's speech, he stood about twenty feet in front of the platform, and as KENNEDY exited from the platform, he attempted to follow him but could not get very close because of the crowd and the number of newsmen who were pushing ahead of him. He did not see KENNEDY again until after the shooting.

He was about twenty or more feet behind the KENNEDY party in the corridor, when he heard what he thought were either shots or the slamming of refrigerator doors in the kitchen. Next, he heard someone shout to the effect that KENNEDY had been shot, and persons he believed to be KENNEDY aides were screaming for people to get out. There was much shoving as the crowd surged forward, and he could see cameramen with television lights focusing on somebody on the floor. There was complete confusion and someone hit him in the left ribs. He saw Mr. SCHRADE lying on the floor, and at this time there were about twenty-five or thirty persons in that area.

He worked his way close to the left wall and got within a few feet of where the Senator was lying on the floor.

Shortly thereafter, someone placed partitions around the wounded Senator, and he could not see him again, but he stayed in this room for one hour, staying near his girl friend, VALERIE, who was very upset and who was sitting on the floor. She was recuperating because of a broken leg.

He did not see SIRHAN SIRHAN at all and was not a witness to the shooting.

SUE HARRIS, telephoned the Los Angeles Office of the FBI following attempts to contact her for an appointment and related the following:

SUE HARRIS, during the recent campaign of Senator ROBERT F. KENNEDY, acted as secretary for DICK KLINE, Press Relations Manager for Senator KENNEDY in the Los Angeles area. HARRIS, just prior to the time that Senator KENNEDY was shot at the Ambassador Hotel in Los Angeles, was in the Press Room set up for the KENNEDY campaign party at the hotel. When Senator KENNEDY was about halfway through his speech in the Embassy Room, she went to her room in the hotel to pack and prepare to leave. When she returned to the area of the Embassy Room, she learned that Senator KENNEDY had been shot.

The Los Angeles Police Department (LAPD) had talked to SUE HARRIS, and she had furnished an address book of individuals who were connected with the KENNEDY campaign staff.

HARRIS stated that she had a boy friend, HARVEY PEPPER, who had been in the Embassy Room at the time of the shooting and had stated to her that he had been really close to the shooting. She did not know whether HARVEY PEPPER had been interviewed in this matter by the FBI. She was of the opinion that the Police Department had interviewed Mr. PEPPER.

ROBERT M. KLAASE

furnished the following information:

He himself was not a volunteer for the Kennedy Committee, however, he and his wife are good friends of JUDY ROYER and on the night of June 4, 1968, they went to the Ambassador Hotel to await the results of the California primary election. They arrived at approximately 7:30 PM and, with the use of some blue passes which JUDY ROYER had obtained for them, they went to the Embassy Room of the hotel.

KLAASE and his wife spent most of the evening in the Embassy Room, but at approximately 11:00 PM he left the room to get some drinks. After leaving the room, the security guard at the main entrance refused to let him in because the room had become crowded. In an effort to reenter the room, he went through the kitchen area. At that time, he did not notice anyone in the kitchen.

Upon reentering the Embassy Room, he went to the area where television cameras were set up to await the arrival of Senator ROBERT F. KENNEDY.

While waiting in the vicinity of the television cameras, a man, who was monitoring one of the doors adjacent to the podium on which Senator KENNEDY was to give his speech, asked him if he would mind watching the door for a few minutes. KLAASE consented to watch the door and while doing so he observed a man who was later identified to him as SIRHAN BISHARA SIRHAN attempting to pass through the door. As SIRHAN attempted to go through the door, KLAASE tapped him on the shoulder and said that no one was allowed in the area other than members of the staff. At this point, SIRHAN turned around and went back into the central area of the Embassy Room. At the time KLAASE observed him, he was wearing a light blue pullover shirt and blue wash trousers. SIRHAN did not have a jacket on and KLAASE observed that since the shirt and trousers were tight fitting it was unlikely that SIRHAN had a gun in his possession at this time.

On 7/30/68 at Los Angeles, California

Approximately one half hour after the incident involving SIRHAN, Senator KENNEDY arrived to give his victory speech. On the arrival of Senator KENNEDY, one of the doors, which KLASSE had previously been watching, was opened directly in front of him and he was unable to see Senator KENNEDY. After listening to the Senator for a few minutes, he left the Embassy Room, passed through the kitchen and went to the Colonial Room. While passing through the area of the kitchen, he met JUDY ROYER and she accompanied him to the Colonial Room. Upon arrival at the Colonial Room, they watched the Senator on television for a few minutes and then decided to try to return to the Embassy Room by means of the kitchen area.

As he and ROYER were walking through the kitchen, they saw the crowd moving towards the Colonial Room and realized that Senator KENNEDY had finished his speech and was now making his way towards the Colonial Room by way of the kitchen area. Since they wanted to avoid the crowd surrounding Senator KENNEDY, they both turned around and were making their way back towards the Colonial Room when KLASSE heard several loud pops which sounded like firecrackers. At this point, he was approximately 30 feet from Senator KENNEDY and he could not actually see the Senator. However, he did see people pushing and struggling with someone. At this point, there was a great deal of shouting and someone yelled that the door should be watched and no one be allowed to come in. KLASSE went to the door of the Colonial Room and refused to allow anyone entrance into the kitchen area. After standing at the door to the Colonial Room for a few minutes, one of the security guards came by and KLASSE asked him to keep the people from coming into the kitchen area. He then attempted to go to the area where the shooting had occurred, but because of the crowd he was unable to see any of the injured people.

While standing in the vicinity of the Colonial Room door, he observed officers of the Los Angeles Police Department taking SIRHAN BISHARA SIRHAN out of the area. At this point, he unquestionably recognized SIRHAN as the same man that he had

3

seen earlier attempting to pass through the doors in the area of the television cameras.

KLASE stated that during the time he was in the kitchen, just prior to the arrival of Senator KENNEDY and the shooting he noticed some of the cooks and waiters in the area, but did not see SIRHAN BISHARA SIRHAN. KLASE further stated that while he was in the kitchen area his wife remained in the main portion of the Embassy Room and did not see SIRHAN BISHARA SIRHAN.

INNGARD MITCHELL had attended the Senator ROBERT F. KENNEDY campaign party at the Ambassador Hotel on the evening of June 4, 1968 and the morning of June 5, 1968. She was in the Embassy Room at the time that Senator KENNEDY was shot. She did not see the shooting nor did she see SIRHAN SIRHAN and has no recollection of seeing anyone resembling SIRHAN SIRHAN. MITCHELL said that the Los Angeles Police had questioned her at the Ambassador Hotel shortly following the shooting, at the time that they were seeking witnesses. Later, a Sergeant from the Los Angeles Police Department had contacted her and she had given him all of the negatives of the pictures she had taken during the evening. He stated his son, RICHARD ORFALEA, who had attended the Senator ROBERT F. KENNEDY campaign party at the Ambassador Hotel, Los Angeles, on the evening of June 4, 1968, and the a.m. of June 5, 1968, was not residing in the Los Angeles area.

Mr. ORFALEA said that on the basis of what RICHARD had related following the assassination of Senator ROBERT F. KENNEDY, RICHARD had not actually observed the shooting. There had been some speculation concerning whether or not RICHARD had observed SIRHAN SIRHAN in the Embassy Room at the Ambassador Hotel prior to the shooting.

Concerning the identity of DAVID ROCHE, who reportedly had been in the company of RICHARD ORFALEA, Mr. ALBERT ORFALEA said that he did not know DAVID ROCHE by name or description but that RICHARD could possibly identify DAVID ROCHE.

RICHARD ORFALEA
furnished the following information:

On the night of June 4, 1968, following the primary elections in the State of California, ORFALEA and a friend, PATRICK MC LAUGHLIN, went to the Ambassador Hotel in Los Angeles, California, about 9:00 p.m. On that evening the Ambassador Hotel was the location of victory celebrations being held by the various successful candidates in the primary elections.

During the course of the evening, ORFALEA and MC LAUGHLIN visited several of the different celebrations and were the recipients of a number of free drinks being offered.

About 11:00 p.m. ORFALEA was in the Embassy Room of the Ambassador Hotel, which was the scene of the victory celebration of Senator ROBERT KENNEDY. At that particular time ORFALEA was alone and noticed a young man standing along the side of the room off to the right of the speaker's platform. This individual seemed out of place as he was dressed shabbily and appeared to be of foreign extraction, possibly Cuban. He was probably about 22 to 24 years of age, approximately 5'5" tall, had dark eyes, dark hair, and was of slight build. He was wearing a nylon-type jacket similar to a wind-breaker, but ORFALEA does not recall the color of the jacket. MC LAUGHLIN later joined ORFALEA in the Embassy Room; however, he did not see the individual referred to by ORFALEA.

Sometime after Senator KENNEDY had finished speaking, there was a commotion in the room, and ORFALEA heard someone yell what he thought was the word "fire". At this point MC LAUGHLIN suggested that they leave the Embassy Room. They ~~then went over to a room on the same floor where candidate~~

ALAN CRANSTON was having a victory celebration. Upon entering this room they learned from conversation that someone had been shot. MC LAUGHLIN suggested that they go over by the telephone booths on the second floor as there would be reporters congregating in that area and they might learn who had been shot. They went to the telephone booths and talked to an unknown reporter who told them Senator KEENE had been shot. About this time a security officer, who was not a Los Angeles Police Officer, came by with a young boy who appeared to have his hands handcuffed behind his back. This boy was of foreign extraction, short, and of slim build. ORFALEA could furnish no further description of the individual. At the time, ORFALEA was of the opinion this individual was the same person he had seen earlier in the evening in the Embassy Room and who appeared to be out of place. However, he now is not sure that it was the same individual.

ORFALEA was shown three pictures of SIRHAN SIRHAN, and after studying these pictures, stated that the strange individual he saw in the Embassy Room about 11:00 p.m. on the night of June 4, 1968, could possibly have been SIRHAN SIRHAN but that he is rather hazy about the matter at this time and cannot be certain.

Miss VALERIE SCHULTE
information:

furnished the following

She was, during the past year a student, at University of California, Santa Barbara (UCSB). During this past spring, she was Headquarters Manager of the Kennedy for President Headquarters in Isla Vista which is adjacent to the UCSB campus.

On the night of June 4, 1968, she, and others on the staff, worked at the headquarters until about 8:00 P.M. and then went to Los Angeles to join in the festivities at the Ambassador Hotel where Senator KENNEDY had his headquarters on the fifth floor. They arrived at the hotel at approximately 10:00 P.M. and went to their rooms on the third floor of the hotel. After "partying" awhile, a couple of the girls in the group went to the fifth floor to the KENNEDY headquarters and when they came down, they heard that Senator KENNEDY was going to leave his room and go to the ballroom on the first floor.

She, and several others, decided to go to the fifth floor where they could get a look at Senator KENNEDY. They took the elevator and when they arrived at the fifth floor and the doors opened, a rush of reporters into the elevator kept them from getting off. The reporters said that Senator KENNEDY had gone down to the main floor so they stayed on the elevator and went to the first floor. They then learned that Senator KENNEDY had gone into the Embassy Room at the hotel to greet the crowd. On the elevator she met DICK FRICK another member of the Isla Vista group of workers. FRICK had a press pass and he went into the Embassy Room with the press. She was not allowed in the room as she did not have a pass.

Miss SCHULTE stated that she was on crutches from a recent leg operation and did not want to get into the press of the crowd as she had very poor balance and she was afraid of getting knocked down and crushed. At the door of the Embassy Room she saw State Senator BEILENSEN and his wife. She recognized

On 8/13/68 at Goleta, California

them as she had met them before. They also could not get in the Embassy Room, however, the security guard on the door told them of another way into the room. This way was through the back way and through a pantry apparently somewhere near the kitchen. She asked BEILENSEN if she could "tag along" with him and his wife.

She followed BEILENSEN into the pantry and through a door into the Embassy Room, which put them into the room about four to five feet from the stage. There was a tremendous crowd in the room and after listening to Senator KENNEDY speak she decided that she should get out of the way before he left and the crowd knocked her down. She then left the room and took a position where she thought she would be able to see Mr. KENNEDY and still be out of the middle of the crowd. She felt that he would leave from the front of the stage and pass through two lines of volunteer workers who appeared to be forming a passage-way for him.

She left the room and went into one of the small rooms just off the stage entrance. In a few moments she saw Mr. KENNEDY about three to four feet from her. He apparently had left the stage by a different route than had been planned. Mr. KENNEDY was leaving the Embassy Room via the back way, which was the way she came into the room.

While Mr. KENNEDY was leaving the room, he was talking and shaking hands and she "tagged along" in the crowd behind. She was about four to five feet from Mr. KENNEDY when she saw him turn to either greet or shake hands with a group of kitchen workers who were lined against the wall of the corridor. At almost the same time she saw a gun in the hands of a man who seemed to be reaching toward Mr. KENNEDY and pointing the gun at him. She noted that it was a small gun, black in color, and with a very short barrel. She thought at first it was a toy and then she heard what she later learned were shots. She still did not realize what was happening. She saw the gun and the man holding it and he seemed to keep shooting and shooting. She was not sure how many shots she heard but felt there must have been at least six. She then realized there was shooting and felt that someone was going to shoot everyone in the room. It appeared to

her that the man with the gun was reaching over someone to point the gun, but she does not recall anyone in front of the man. She noted only that he was a small dark-complected man with dark hair. She did not notice him enough to be able to positively identify or recognize him again.

At about this time she was knocked down by the rush of the crowd and could not get up. She was afraid of getting crushed or shot and crawled back down the corridor or room to a partition leading into another adjoining room. While crawling into the room she recalled crawling past a man who was on her right and was lying on the floor very still. She thought he was dead and noted that he was covered with blood.

She finally sat down next to a Mr. GOLDSTEIN who had also been shot in the hip. She was sitting there when Mrs. ETHEL KENNEDY came into the room and spoke to GOLDSTEIN.

Miss SCHULTE advised that she could not identify the person she saw with the gun and who probably was the person who shot Mr. KENNEDY. She stated that there was so much noise and excitement that she never did really focus on the individual with her eyes. She did not see Mr. KENNEDY get hit, at least she did not know that he had been hit as she was knocked down or fell down soon after she heard the first shots.

She was later joined in the room, where she had taken refuge by DICK FRICK who was not previously with her in the hallway when Mr. KENNEDY was shot.

She concluded by stating that she could furnish no further information regarding the shooting of Mr. KENNEDY.

the following information:

On the day of the State of California primary elections, June 4, 1968, a group of about 25 students, including WALLACE, from the University of California at Santa Barbara, California, had a suite on the third floor of the Ambassador Hotel in Los Angeles, California. This suite was registered in the name of ROCER ARBUCKLE. The students arrived at their suite in the Ambassador Hotel about 10:00 p.m., and for over an hour watched the results of the primary elections as they were being broadcast on television.

About 11:30 p.m. some of the students decided to leave the suite to see what was going on in the hotel. VALERIE SCHULTE, who was handicapped with a cast due to a broken leg, and WALLACE ended up at the Embassy Room on the second floor of the hotel shortly after they left their suite. They tried to gain entrance to the Embassy Room in order to join the victory celebration for Senator ROBERT KENNEDY, but were informed that they could not enter the room without a press pass. They then decided to try to get into the Embassy Room by going through another room and through the kitchen into the anteroom and then into the Embassy Room. They were successful in this endeavor, and arrived in the Embassy Room as Senator KENNEDY was speaking to the gathering. The room was very crowded, and SCHULTE found it difficult to maneuver with her leg in a cast so she withdrew and went back to the kitchen area.

WALLACE stayed in the Embassy Room until after Senator KENNEDY finished speaking and was standing near a doorway leading from the Embassy Room into the anteroom.

She did not see Senator KENNEDY leave the Embassy Room; however, shortly after he finished speaking, she heard some noises, to which she did not pay any attention, but which she now thinks could have been shots. Right after she heard these noises, a commotion started in the room and people were saying someone had been shot. She worked her way out of the Embassy Room, and returned to the suite occupied by the students. It was there that she learned that Senator KENNEDY had been shot.

To the best of her recollection, WALLACE feels that she did not see anything connected with the actual shooting of Senator KENNEDY, and has no recollection of observing anyone answering the description of SIRHAN SIRHAN. She does recall that VALERIE SCHULTE later told her that she had been very close to Senator KENNEDY in the kitchen when he was shot.

Mrs. SIRHAN was working at the Westminster Nursery School on Lake Street when she joined the faculty there. She came to know Mrs. SIRHAN well. Mrs. SIRHAN was classified as a housekeeper but her position actually was to assist teachers at this school in preparing snacks, cleaning toys, and other jobs around the school.

Mrs. SIRHAN seldom ever mentioned her family, and although they were friendly with each other, Mrs. VAN AMERSSOORT and Mrs. SIRHAN never had any lengthy discussions.

Mrs. VAN AMERSSOORT only saw the SIRHAN boys when they waited in the car outside of the school for their mother. She knows that one of the boys is a musician but does not know his name.

Mrs. VAN AMERSSOORT has visited MARY SIRHAN in her home twice since June 4, 1968. On her first visit they mostly discussed items of mutual interest concerning the operation of the nursery school.

Mrs. VAN AMERSSOORT visited the SIRHAN home the second time on the Friday when SIRHAN made his first appearance in court. At that time, MARY SIRHAN told her that she knew why SIRHAN did what he did but stated that she was under a court order not to talk with anyone.

On the same occasion, MARY SIRHAN pointed out to her that a picture of the SIRHAN family in "Life Magazine" improperly identified members of the family. SIRHAN is actually the boy who is sitting in her lap in the photograph. MUNIR was not yet born at the time the photograph was taken. The account was opened on March 18, 1960, with a \$10 deposit, and the only other deposit to this account was on May 28, 1960, in the amount of \$3. According to the passbook, this account was closed on January 31, 1964, at which time the balance was \$20.30 from the accumulation of interest.

Mrs. SIRHAN stated that to her knowledge, this is the only bank account that her son, SIRHAN ever had. She doubted very seriously if he ever had another bank account, as he preferred to keep all of his money on his person.

Mrs. SIRHAN stated that she never saw her son wearing white duck trousers, and to her knowledge he never owned such trousers. She stated the closest thing to white duck trousers that SIRHAN owned, were a pair of beige trousers.

Mrs. SIRHAN stated that while SIRHAN was at Muir High School, he had a job where he watered the Von Carmon Estates, San Marino, California. During that period he also worked on a part-time basis for a man who did gardening work and house wrecking work. She does not know this man's name nor how he can be identified. furnished the following information on SIRHAN B. SIRHAN, with whom he is acquainted as SIRHAN was formerly a student in class which he taught at Pasadena City College, Pasadena, California, approximately Spring 1964. This was a two hour class that met on Tuesday and Thursday, consisting of approximately 40 students, many of whom were foreign students. At that time, was teaching three different subjects and and believes that SIRHAN may have been a student in his class, but is not sure of this.

He recalls SIRHAN as a pleasant, polite, reliable, good student, who dressed neatly and who got along with other students except on two occasions when he exhibited emotional outbursts during discussions with other students on the Israeli-Arab conflict.

It was his policy in teaching the class to call on various students to prepare and give oral reports in class on the culture of their nationality. At his request, SIRHAN gave an informal report to the class on Arabic culture. SIRHAN discussed Pan-Arabianism, which he described as a joining together of all Arabic nations into a dominant cultural and political block which will become a major political power in the Near East. He described this cultural and political block of nations as overriding all their political boundaries into one integral unity. had never looked at the Arabic culture previously as a political force, and to him it was somewhat frightening to see the potential intense drive of this political fantastic force as related by SIRHAN. All of SIRHAN's thinking in his report was in the terms of Pan-Arabianism, Pan

meaning "all" the Arabic nations including Northern Africa, Egypt, Turkey, and others joining together into one great force. SIRHAN became very emotional during his report, and when an American-Jewish student in class either asked SIRHAN a controversial question or made a negative remark about the Arabs' involvement in the current conflict with Israel, SIRHAN became emotional, almost to the point of violence. The emotional eruption between SIRHAN and this student almost developed into a fist fight which argument was stopped by . . .

Either after this incident or on another occasion a short time later, SIRHAN again became involved in a very heated discussion in the hall at school with a student on the Arab-Moslem-Israeli conflict. SIRHAN exhibited an almost uncontrollable temper in defense of Arab national unity.

SIRHAN did not associate with other students from the Near East, most of whom were from Iran. These students were "party boys" and not good students. SIRHAN was a good student and did his assignments well, but probably would not be classified as an "A" student. The other Near East students tried to connive their Professors into getting good grades and always had excuses for failing to do their class work.

There was an active New Left group at Pasadena City College, Pasadena, California, including a W. E. B. DuBois Club and Students For a Democratic Society. To his knowledge, SIRHAN had nothing to do with either of these groups, and was never active in their rallies or demonstrations.

On two occasions in 1965, after SIRHAN had left Pasadena City College, he stopped in to see . . . at school. On one occasion, he had lunch with him and on another occasion, had dinner with him. . . . at the time was teaching night school and believes on both occasions, SIRHAN stopped in to see him without previously calling him, and they were impromptu visits. He can not recall any of their conversations during the two visits. It was his practice, however, to frequently have lunch with his students and also have dinner with them when he was teaching night school.

was on the Board of Trustees of the Malki Indian Museum, located on Morongo Indian Reservation near Palm Springs, California. Students paying \$.50 could become members of the museum and this money was used for the operation of the museum. SIRHAN became a member and was surprised to see this because actually, foreign students do not join the museum as they were not interested in this project. Many of the students who become members visit the museum and work with the Indians, however, he can not ever recall that SIRHAN visited the museum. The last time he had any contact with SIRHAN was when they had dinner in 1965.

The night former Senator ROBERT F. KENNEDY was shot in Los Angeles, California, was watching television and recognized SIRHAN as the accused assassin. When he saw that SIRHAN was involved, his mind immediately reflected upon what had occurred in his classroom when SIRHAN was giving a report and he became very emotional in his thinking on Arab unity. When SIRHAN was not emotionally disturbed, he had a very pleasant personality and got along nicely with other students.

APPENDIXSTUDENTS FOR A DEMOCRATIC SOCIETY

The Students for a Democratic Society (SDS), as it is known today, came into being at a founding convention held at Port Huron, Michigan, in June, 1962. The SDS is an association of young people on the left and has a current program of protesting the draft, promoting a campaign for youth to develop a conscientious objector status, denouncing United States intervention in the war in Vietnam and to "radically transform" the university community, and provide for its complete control by students. Gus Hall, General Secretary, Communist Party, USA, when interviewed by a representative of United Press International in San Francisco, California, on May 14, 1965, described the SDS as a part of the "responsible left" which the Party has "going for us". At the June, 1965, SDS National Convention, an anticommunist proviso was removed from the SDS constitution. In the October 7, 1966, issue of "New Left Notes", the official publication of SDS, an SDS spokesman stated that there are some communists in SDS and they are welcome. The national headquarters of this organization as of April 18, 1967, was located in Room 206, 1608 West Madison Street, Chicago, Illinois.

APPENDIXW. E. B. DU BOIS CLUBS OF AMERICA (DCA)

A source advised that on October 26-27, 1963, a conference of members of the Communist Party, USA (CPUSA), including national functionaries, met in Chicago, Illinois, for the purpose of setting in motion forces for the establishment of a new national Marxist-oriented youth organization which would hunt for the most peaceful transition to socialism. The delegates were told that it would be reasonable to assume that the young socialists attracted into this new organization would eventually pass into the CP itself.

A second source has advised that the founding convention for the new youth organization was held from June 19-21, 1964, at 150 Golden Gate Avenue, San Francisco, California, at which time the name W.E.B. Du Bois Clubs of America (DCA) was adopted. Approximately 500 delegates from throughout the United States attended this convention.

The second source advised in September, 1966, that Mike Zagarell, CPUSA Youth Director, stated that in Negro communities the Party still supported the plan to build "left" socialist centers and to solidify the Party base through the DCA. This source also advised in September, 1966, that Daniel Rubin, CPUSA National Organizational Secretary, stated the Party believes the DCA should have a working-class outlook and be a mass organization favorable to socialism, socialist countries and Marxism, and in April, 1967, advised that Gus Hall, CPUSA General Secretary, indicated the DCA primary emphasis should be on developing mass resistance to the draft.

A third source advised in September, 1967, that Jarvis Tyner was elected chairman of the DCA on September 10, 1967, at the Third National Convention of the DCA held in New York, New York, from September 8-10, 1967.

A fourth source advised during August, 1967, that Jarvis Tyner is a member of the National Committee of the CPUSA.

A fifth source advised on September 21, 1967, that the headquarters of the DCA is located at 34 West 17th Street, New York, New York.

He has been residing in California since May 19, 1961, when he entered this country on a student visa to study at Pasadena City College (PCC). It was at PCC sometime during 1963 that he first met SIRHAN SIRHAN, who was a fellow student. From their first meeting in 1963 until 1966 when LECLAIR finished at PCC, LECLAIR would often meet and talk with SIRHAN SIRHAN at the PCC cafeteria or occasionally at a coffee shop or restaurant neighboring the PCC campus. LECLAIR never visited SIRHAN's home, however, and their activities together were limited to the PCC campus.

LECLAIR described SIRHAN SIRHAN as a quiet person who displayed extremely good manners and who dressed very nicely. According to LECLAIR, SIRHAN SIRHAN was popular with other students of both sexes and LECLAIR believes SIRHAN dated frequently although he could not recall the names of any girls SIRHAN might have dated. LECLAIR could not recall the name of an oriental student at PCC who appeared, to LECLAIR, to be a close friend of SIRHAN.

The only other possible friend of SIRHAN SIRHAN that LECLAIR could recall is a TIM MC INTIRE of Pasadena. MC INTIRE, LECLAIR believes, is a friend of the SIRHAN family and might have been in some way connected with the sponsorship of the SIRHAN family when they entered the United States. LECLAIR could not provide any other information regarding MC INTIRE.

The conversations between LECLAIR and SIRHAN SIRHAN were mainly concerned with school and girls, but from time to time they would discuss politics. Mrs. LOJESKI advised that she had a couple of hours of free study period at the same time as SIRHAN SIRHAN and that they used to sit and talk together. She advised that the last time she saw SIRHAN was when she accidentally met him at the Colorado Theatre in Pasadena about one year ago.

She advised that she was quite shocked when she heard SIRHAN's name mentioned in connection with the investigation in the assassination of Senator ROBERT F. KENNEDY. She recalled that the only times she saw SIRHAN get "riled up" were over political matters affecting the mid-East. She could not recall any specific issues, however.

She stated SIRHAN was a year ahead of her, but they had classes together. She said their relationship was only at school, and any discussions they might have had between classes or during school hours. She said they discussed religion on a couple of occasions, and she recalled SIRHAN was quite set in his ideas on religion, and in his interest in the social customs of the Middle East from which he came. She believed that SIRHAN was a Moslem, but was not sure about this. He would occasionally bring Arabic newspaper to school, and show the other students how to read some of the Arabic alphabet. Miss VEYLUPEK said there was nothing in SIRHAN's character which indicated any tendency toward violence, and he was always quiet and polite. She said they had taken a Russian language class together. She had nothing further to add concerning SIRHAN and stated she did not know any of the other members of his family.

RENE JUAREZ

, advises as follows:

From 1963 to 1967 he was the manager of an establishment known as Peak's Hamburger House.

From about 1963 through 1964, SIRHAN SIRHAN worked at the business. SIRHAN quit just before the school year of 1964. SIRHAN was a student at Pasadena City College and worked at the business during odd hours and on weekends and on holidays.. He worked as waiter and sometimes assisted as short order cook.

JUAREZ described SIRHAN as a good worker with whom he never had any problems. SIRHAN always got along with other employees and was well liked by the others. JUAREZ recalls that two or three times he saw SIRHAN lose his temper and become quite visibly disturbed because of his anger. JUAREZ does not recall the specific incidents or what triggered them. None of the incidents resulted in any violence or anything other than strong words.

He does not recall any political comments or observations ever being made by SIRHAN.

JUAREZ has not seen SIRHAN since he left his employment at the hamburger stand. He has seen SIRHAN's photograph in newspapers and magazines and knows it is the same individual who worked for him at the hamburger stand several years ago.

JUAREZ stated that the former owner of the establishment, who sold it in July of 1967, would be the only one who might still have records of the other employees.

FRANCISCO TAPIA

lived at _____ until approximately eight months ago when he exchanged his house with that of his son who needed larger quarters. He is retired and devotes himself to Bible study and religious activity.

Mr. TAPIA met and talked with SIRHAN SIRHAN several times during the time he lived opposite the SIRHAN family. He found them to be a decent family and he particularly liked the mother who seemed to be a very fine, hard working woman who was very interested in the welfare of her family. On one occasion (he does not remember the time) he was interviewed by the Pasadena Police Department regarding MUNIR SIRHAN who had become involved with the police.

Mr. TAPIA said he told the investigating officers that he knew of no derogatory information concerning MUNIR or any members of the SIRHAN family

With regard to SIRHAN SIRHAN, Mr. TAPIA said his relationship was casual and pleasant. He spoke to him only as SIRHAN would leave the house or return and SIRHAN seemed totally absorbed in horses and becoming a jockey.

Mr. TAPIA said he had one serious conversation with SIRHAN, and it had to do with religion and one's obligation to God. At this time, SIRHAN claimed that he understood the difference between good and evil acts, but felt that there were large areas in between which were so called indifferent acts and he, SIRHAN, thought that many of these acts were good or bad depending on the end results. For example, he said SIRHAN brought up the matter of wealth and poverty. He said he felt it was not wrong to take from the rich (i.e. steal) if one intended to benefit the poor. TAPIA countered this by saying "no", it is good and necessary perhaps for the rich to give of their surplus to the poor, but the poor were not entitled to steal on this basis. SIRHAN said he did not feel this way.

Mr. TAPIA said he never discussed Judaism with SIRHAN because he knew he was anti-Jewish. The whole SIRHAN family was embittered over the results of the Arab-Israeli War.

Mr. TAPIA said that based on his observations, he never would have guessed that SIRHAN harbored "murderous" thoughts and intentions. He felt that SIRHAN was confused in his moral understanding and probably more than a little influenced by communist philosophy.

Mr. TAPIA said he was not aware that SIRHAN SIRHAN had listed him as a personal reference with the Pasadena Public Library, but this was entirely possible. Mr. TAPIA said he was astonished to learn that SIRHAN had shot and killed Senator ROBERT KENNEDY, and he had no explanation for SIRHAN's motives.

regarding his knowledge
of SIRHAN SIRHAN.

MARCOVECCHIO said he met SIRHAN SIRHAN for the first time in 1966 at a billiard parlor on Colorado Boulevard, Pasadena, California. It was a chance meeting and they talked briefly. Some time later the same year, MARCOVECCHIO met SIRHAN SIRHAN again, this time in the company of a close friend of his named IVAN GARCIA. MARCOVECCHIO said IVAN knew SIRHAN quite well but he, himself, met SIRHAN perhaps three or four times over the period of 1966-1968. He said he last saw SIRHAN in a bar near Allen Street in Pasadena. IVAN GARCIA was also present. This was about two months prior to the killing of Senator ROBERT KENNEDY. SIRHAN was very exuberant, having just obtained a cash settlement from an insurance company for an injury claim.

MARCOVECCHIO said he really knew SIRHAN very casually and never talked with him in any depth. He said SIRHAN liked to talk about horses and his own ambitions to become a jockey. SIRHAN did not have a girl friend but he was interested in girls, although MARCOVECCHIO never saw him with a girl. SIRHAN did not own a car to MARCOVECCHIO's knowledge, and he did not know where SIRHAN had worked other than at the race track. MARCOVECCHIO said he never met any other member of the SIRHAN family and never visited the SIRHAN home, although he knew SIRHAN lived

MARCOVECCHIO said he did not know SIRHAN at Pasadena City College but met him through IVAN GARCIA as mentioned above. MARCOVECCHIO said he attended Pasadena City College in 1964.

On June 4, 1968, she and her boyfriend, GEORGE MIOCH, went to the San Gabriel Valley Gun Club, 4001 Fish Canyon Road, Duarte California. She stated that they were accompanied by her son, ROBERT EDWARDS, and MIOCH's daughter, MARA MIOCH, and drove to the range in MIOCH's 1963 silver blue, Lincoln convertible with a black top.

She stated that they went to the rifle range initially after arriving at the club at approximately 11 a.m. After firing a .22 caliber rifle on the rifle range for approximately one hour, they went to the pistol range in order to fire her .38 caliber Mauser automatic.

She said she recalled they occupied a position close to the middle of the firing positions along the line. She stated a short distance away they noticed a small dark-complexioned individual with dark wavy hair firing a small gun at a target set up a short distance in front of him. At this time photographs were shown to EDWARDS and she picked out a photograph of SIRHAN SIRHAN

as being identical to the individual whom she saw and described as being at the range. EDWARDS said that she recalled SIRHAN was firing very rapidly during the time that they were on the range.

EDWARDS stated that prior to going to the pistol range she and MIOCH had engaged in a conversation about her automatic, and she recalled MIOCH saying something to the effect that she had better learn how to shoot the gun that day.

On 9/12/68 at West Covina, California

EDWARDS stated that when she went to the range she was wearing purple capris and a purple velour top with a white turtle neck blouse underneath, white tennis shoes and a blond medium length wig which she frequently wears. He stated that they were accompanied by his daughter, MARA MIOCH, and EDWARDS' son, ROBERT EDWARDS. He stated that they arrived at the gun club at approximately 11 a.m. They first went to the rifle range and fired a .22 caliber rifle and then went to the pistol range, which is adjacent to the rifle range at approximately 12:15 p.m. He stated they had a .38 caliber Mauser automatic belonging to EDWARDS, which they wanted to fire on the pistol range. He stated that to the best of his knowledge they were shooting around gun position No. 13. He stated that they noticed an individual firing at a gun position approximately ten to twenty feet from theirs. MIOCH stated that he would describe this individual as being of a small build, possibly of foreign extraction with dark hair and firing a very small handgun. He stated at one time, during the course of the time that they spent on the pistol range, he remembered another individual coming close to the previously described individual and asking him if he would move his car. MIOCH stated that he did not notice what kind of a car this individual had in the parking lot. He stated that this was the only conversation that he recalled the previously described individual having during the time that MIOCH's party was at the pistol range. At this time, MIOCH was shown a number of photographs including one of SIRHAN SIRHAN

MIOCH picked out a photograph of SIRHAN SIRHAN

as being identical to the individual whom he had seen on the pistol range at the San Gabriel Valley Gun Club. MIOCH further advised that one thing that attracted them to notice SIRHAN was the fact that he was shooting very rapidly and shooting at a target that appeared to be a very short distance from him.

On 9/12/68 at West Covina, California

MIOCH advised that prior to actually going to the pistol range, he and EDWARDS engaged in a discussion close to the range master's booth relative to the firing of the Mauser automatic. He stated that he made a comment to EDWARDS to the effect that she had better learn how to shoot that gun before tonight. MIOCH stated that he made this comment because he felt that EDWARDS needed to know how to shoot the gun for her own protection. He stated that he recalled that he made this statement in a rather harsh tone of voice.

INVESTIGATION CONCERNING ALLEGED
STATEMENT MADE BY SIRHAN BISHARA SIRHAN
IN GOLDEN GARTER BAR, ALHAMBRA, CALIFORNIA
IN LATE MAY 1968 - "WE WILL WAIT TILL HE
GETS INTO TOWN AND THEN WE WILL GET HIM"

It was previously reported by ANDREW MARTIGANI, co-owner of the Golden Garter Bar, 2605 West Valley Boulevard, Alhambra, California, that in late May, 1968, an individual, he believed to be SIRHAN BISHARA SIRHAN, was in the bar and was overheard making statement, "We will wait till he gets into town and then we will get him". Following is additional investigation in this matter:

STEVE STUART

was reinterviewed and advised as follows concerning an individual with whom he shot pool at the Golden Garter Bar, Alhambra, California, on one occasion in May, 1968:

When he observed a picture of SIRHAN SIRHAN on a news telecast shortly after Senator ROBERT F. KENNEDY was shot, he thought SIRHAN resembled someone he had seen. On the same day shortly after he observed the telecast, one of the MARTIGANI brothers (he is unable to recall which brother) phoned him to tell him that SIRHAN had been in their bar, the Golden Garter.

STUART later observed a photograph of SIRHAN SIRHAN in a newspaper. At that time, which was after one of the MARTIGANI brothers called him, he believed that SIRHAN SIRHAN may have been the individual with whom he shot pool at the Golden Garter Bar. After thinking about this matter and the statement made by the MARTIGANI brother that SIRHAN SIRHAN had been in the bar, STUART says that the individual with whom he shot pool resembled SIRHAN SIRHAN in appearance. He said he only saw that individual in the bar once. At that time the man was alone and during the game of pool they had very little conversation.

STUART stated he normally frequented the bar after 6:00 p.m. After observing a photograph of ROBERT ANDRESE, he said he could not recall having seen ANDRESE in the Golden Garter Bar or at another location.

He said in his opinion this matter concerning the possibility that SIRHAN SIRHAN had been in the Golden Garter Bar was "created by the MARTIGANI brothers who desire attention;" also that the "MARTIGANI brothers are pathological liars."

STUART said he had no factual information concerning SIRHAN SIRHAN or any associates at the Golden Garter Bar.

INVESTIGATION CONCERNING PHOTOGRAPH
TAKEN OF SENATOR ROBERT F. KENNEDY AND
OTHERS BEFORE KENNEDY'S ASSASSINATION WHICH
MAY INCLUDE SIRHAN BISHARA SIRHAN

- 202 -

On July 31, 1968, HUGH J. MC DONALD, Assistant Press Secretary, Office of the late Senator ROBERT F. KENNEDY, furnished a photograph taken by STEVE SCHAPIRO in May, 1968, at the Los Angeles International Airport. This photograph shows KENNEDY shaking hands with an unidentified individual while another person, who resembles SIRHAN BISHARA SIRHAN, is standing beside KENNEDY with his hand outstretched to shake hands with KENNEDY. WILLIAM BARRY of the KENNEDY staff appears on the other side of KENNEDY in the photograph.

The following investigation was conducted to determine if the individual in the photograph is SIRHAN BISHARA SIRHAN:

STEVE SCHAPIRO

advised the following:

SCHAPIRO said that he had taken many pictures while traveling with the Senator ROBERT F. KENNEDY campaign party. He remembers these photographs had been furnished to the KENNEDY family. He marketed

SCHAPIRO, following the examination of the photograph obtained July 31, 1968, from HUGH J. MC DONALD, Assistant Press Secretary to the late Senator ROBERT F. KENNEDY, said it looked like one that he had taken. He said the photograph was taken at the Los Angeles International Airport sometime in March of 1968, shortly after Senator KENNEDY announced that he would run for the office of the President. KENNEDY was on a campaign tour which carried him to Kansas and then to California. He had chartered a plane and had gone to San Francisco and on the return trip to Los Angeles, they stopped at several cities in Central California. Upon arrival at the Los Angeles International Airport about midday or early afternoon, a large crowd, larger than expected, had gathered and as KENNEDY was walking through a narrow passageway leading into the main area of the terminal, the photograph was taken. SCHAPIRO could not recall the name of the airline chartered or the name of the terminal. KENNEDY normally chartered flights through American Airlines. The only person besides KENNEDY recognized by SCHAPIRO was WILLIAM BARRY, a KENNEDY aide. He was standing beside KENNEDY. The two youths were not associated with any organized group. In fact, if any organized group had been present, SCHAPIRO had no knowledge of it. The youth in the picture in question

the following:

Miss VAUGHN, who was previously interviewed June 21, 1968, had traveled with the Senator ROBERT F. KENNEDY campaign party as a photographer. She did work for STEVE SCHAPIRO

Miss VAUGHN examined the photographs of Senator KENNEDY which had been obtained through the office of HUGH J. MC DONALD, Assistant Press Secretary of the late Senator. One picture taken by STEVE SCHAPIRO shows KENNEDY shaking hands with an unidentified individual. Another person who resembles SIRHAN SIRHAN is standing next to KENNEDY with his hand outstretched to shake hands with KENNEDY. VAUGHN said that she was unable to identify the youth who is in the photograph who is about to shake hands with KENNEDY, and the only person she knew in the photograph besides Senator KENNEDY was WILLIAM BARRY, on the right side of the photograph. BARRY was a Senator KENNEDY aide. VAUGHN said the photograph appeared to her to have been taken at the Los Angeles International Airport at an entrance of a terminal utilized for the arrival of important persons. She speculated that the time probably would have been in May of 1968, during one of Senator KENNEDY's campaign trips to Los Angeles.

INVESTIGATION CONCERNING AN
INDIVIDUAL REPORTED AS A
FRIEND OF
KENNEDY FAMILY REPORTEDLY PRESENT AT
CENTRAL RECEIVING HOSPITAL WHEN SENATOR
ROBERT F. KENNEDY BROUGHT IN JUNE 5, 1968

1

Information was previously received by the Los Angeles Police Department (LAPD) that an individual was reportedly present at Central Receiving Hospital, Los Angeles, at the time Senator ROBERT F. KENNEDY was brought in during the early morning hours of June 5, 1968. This individual was further reported as a friend of the family. [redacted] advised [redacted] that this individual might be a man named JAMES W. MUNDELL.

Following is interview of JAMES W. MUNDELL.

Date 9/30/68

JAMES W. MUNDELL

He said he had been a schoolmate of STEVEN SMITH, brother-in-law of ROBERT KENNEDY, and through this association had become acquainted with several members of the KENNEDY family. In this connection, he said he became closely acquainted with ETHEL KENNEDY and that he has been a close friend for about the past ten years.

Mr. MUNDELL stated that on June 4-5, 1968, he had been at the Ambassador Hotel in Los Angeles and had engaged in personal conversation with Senator ROBERT KENNEDY prior to KENNEDY's scheduled speech. He said he had preceded ROBERT KENNEDY to the ballroom at the hotel and had joined two or three other campaign workers in clearing a path in order that KENNEDY could get through to the speaker's stand. He stated this had been on the left side of the speaker's stand and that KENNEDY had surprised them all by making his entry into the room from the opposite side. He related he had been rather removed from the scene and did not actually observe the shooting of KENNEDY.

He stated, however, that following the shooting and while KENNEDY was still on the floor at the hotel he joined ETHEL KENNEDY by the side of her husband to assist in any way possible.

He said that when KENNEDY was removed from the hotel to take him to the hospital, he jumped into a taxicab with about three other unknown people and followed the ambulance and police cars to the Central Receiving Hospital in Los Angeles. In the police car immediately preceding him to the hospital was STEPHEN SMITH.

On 9/30/68 at Los Angeles, California

-235

Upon arrival at the hospital, he said there was great confusion and that he had difficulty in gaining entry into the hospital due to the fact he was in civilian clothes and was not known to the police. He said STEPHEN SMITH saw his difficulty and that through SMITH he gained access to the hospital.

He said he joined the family in the operating room and after staying there for a short time, removed himself to the corridor. While waiting in the hall, ETHEL KENNEDY came from the operating room and handed to him a rather large bundle. He said that nothing was said as to what the bundle contained but he said that he knew for some reason that it contained ROBERT KENNEDY's clothes.

Following this, he left the hospital and was beckoned by someone in the KENNEDY family, exactly whom he could not recall, to join the family in the ambulance which was to take KENNEDY to the Good Samaritan Hospital. He said that it was very crowded and he thereupon hopped out of the ambulance. He said that at this point ETHEL KENNEDY motioned for him to return but he did not.

He said he drove to the Good Samaritan Hospital in a car with TED SORENSON and upon arrival at the hospital, he rejoined the family in the operating room. While in the operating room, he turned over the bundle of clothes to some police officer on duty.

MUNDELL advised that the above constitutes his activities during the period following the shooting of Senator ROBERT KENNEDY.

He added that he had been a member of the KENNEDY party in an unofficial capacity through his personal friendship with the family.

INVESTIGATION CONCERNING LETTER
RECEIVED BY SISTER M. MADDALENA,
WHICH CONCERNED AN ACCOMPLICE IN
THE DEATH OF ROBERT F. KENNEDY

By letter dated July 23, 1968, Sister M. MADDALENA, furnished the Post Office Inspector, 12th and Pennsylvania Avenue, Washington, D. C., a xeroxed copy of a note which she indicated had been placed in an envelope addressed to her in place of the original letter. The note concerned an accomplice in the death of ROBERT KENNEDY. Sister MADDALENA's letter was furnished to the Federal Bureau of Investigation, Washington, D. C., by the Post Office Inspector.

A copy of this note is as follows:

Post Office Inspector
12th & Pennsylvania Ave.
Washington, D.C.

Dear Sir:

Yesterday, the 22nd, I received an envelope postmarked from Philadelphia on the 18th. The envelope had been opened and its original letter removed. In its place was a peculiar note concerning an accomplice in the death of Robert Kennedy. Enclosed is a Xerox copy of both the envelope and the note.

About five days ago another one of my letters had been opened. It contained pictures so it was scotch taped and received intact.

I have no desire to prosecute the one who tampered with these letters. He evidently was trying to get this information through to someone for attention. He may be demented and then, again, he may not.

As I am attending Summer classes, I will be here only until August 9. If I can give you any further information, I'll be glad to do so.

Sincerely,

L. M. Maddalena

She stated she and the customer were discussing the newspaper article and she passed it on to one of the other waitresses claiming she said "Did you hear about Senator KENNEDY being hit in the head?", which, of course, was totally wrong.

She stated she had no intention of starting any such rumor. She was merely repeating information which appeared in the newspaper and through a misinterpretation of her original information it was conveyed to a few customers that ROBERT KENNEDY had been shot in the head.

however, he stated that in the heat of argument with [redacted]
he may have in fact made such statement, however, if he did,
it was merely an emotional outburst on his part, and had no
basis in fact. He added that as far as he knows there is
absolutely no Arab terrorist group operating in the United
States, however, he does know that such groups do operate in
Israel and in other areas of Palestine now occupied by the
State of Israel.

He further commented that he does not personally
know and never heard of SIRHAN BISHARA SIRHAN, the alleged
assassinator of Senator ROBERT F. KENNEDY.

He stated that he considers himself a loyal American
citizen and in this regard commented, "I love this country".

He said the purpose of the Arab -
American Congress for Palestine is to aid Arab refugees who have

been forcibly removed from their homes by the formation of the State of Israel in 1948, as well as the former Arab lands which have been conquered by the State of Israel. According to this aid consists of food and other necessities of life, such as clothing and medicine, but does not include firearms or other things of this nature.

INVESTIGATION CONCERNING OLIVER
B. OWEN, WHO ADVISED LOS ANGELES
POLICE DEPARTMENT HE HAD PICKED UP
A HITCHHIKER HE BELIEVED IDENTICAL
TO SIRHAN BISHARA SIRHAN IN LOS
ANGELES ON JUNE 3, 1968

Date 7/10/68

OLIVER B. OWEN, also known as Jerry and Curly, appeared at the FBI for interview with prior arrangements for the interview having been made through his attorney, GEORGE T. DAVIS.

At the outset of the interview, OWEN was advised that he was being interviewed concerning his knowledge of an individual whom he had identified to his attorney DAVIS and the press as possibly being identical with SIRHAN B. SIRHAN and the fact that he has stated that he had received threatening calls from persons unknown.

OWEN furnished the following information:

On June 3, 1968, he was in downtown Los Angeles on business between 3:30 and 4:00 p.m.

His purpose for being in Los Angeles on June 3, 1968 was to pick up some sporting goods at the United Sporting Goods Store.

He had purchased his merchandise at the sporting goods store and was proceeding on Hill Street. He stopped

296

On 7/8/68 at San Francisco, California

at a stop light and two individuals approached his truck. He said he was driving a 1942 Chevrolet pick-up truck which had a large palomino horse ornament on the hood. When the two young men approached his truck, the taller of the two asked if he was going out Wilshire Boulevard and when he said that he was, this individual asked if they could ride in the back of the truck, to which OWEN agreed. He described these individuals as follows:

Number 1

Age	Early twenties
Height	5'8" to 5'10"
Build	Slender
Hair	Black, bushy
Complexion	Dark, appearing to be of Latin American origin
Wearing	Sandals, two-tone Mexican type jacket, possibly a vest and a chain around his neck with a medallion thereon.

Number 2

Age	Early twenties
Height	5'3"
Build	Slender
Hair	Dark, bushy
Complexion	Dark, with Latin American appearance
Wearing	Dark colored khaki levi type pants, dark gray sweatshirt and wearing tennis shoes.

They proceeded west on Wilshire Boulevard. At the intersection of Vermont and Wilshire, OWEN stopped for a traffic light and as he did so, both men got out of the truck. Number one went directly to a bus stop near where the truck stopped and greeted a man and woman. The man was about thirty to forty years of age and dark complected, possibly Mexican. The woman was dressed in slacks with long dirty

blond hair, light complexion, possibly a hippie. Number two started to follow Number one but turned around and came back to the truck. He opened the door and asked to ride up front to continue toward Hollywood. When OWEN nodded approval, he climbed in the front seat. They proceeded on leaving Number one at the bus stop.

During the ride, the conversation of horses came up and Number two asked OWEN if he owned horses and he said that he did. Number two remarked that he use to work at a race track and at present needed a horse. OWEN said that he had horses for sale and offered to sell him one for \$300. They talked some more about buying and selling a horse and Number two asked OWEN if he could stop for a short time so that he could see a friend who worked in a kitchen nearby where they were at the moment. OWEN said he turned off Wilshire Boulevard onto a side street, the name of which he does not know. He described the street as a deadend street that was several blocks long. He parked the truck and waited while Number two went to see his friend.

After a wait of about ten minutes, OWEN decided that Number two was not going to return so he began to turn the truck around and leave. As he was doing this, he observed Number two come through an opened gate in a fence behind which was a tall building with many rooms. OWEN said that he was later advised by a police officer of the Los Angeles Police Department, University Station, that this building was the Ambassador Hotel.

When Number two got back in the truck, OWEN again began making conversation and asked the man if he was Mexican. He told him that he was not, saying that he was from Jordan having either come from Jordan thirteen years ago or when he was thirteen years old. OWEN could not recall which he said. He said that his name was JOE and gave a surname which OWEN did not understand, but which OWEN believed sounded like ZAHARIAS. OWEN said at about this time, he was arriving at his destination, that is a shoe shop and tailor shop where he was going to leave the boxing shoes and the robe for O'RILEY to have shamrocks put

on. He said that he parked the truck in the Hollywood Ranch Market's lot and took the shoes to a bootblack named SMITTY. While he was conducting this business, Number two stayed in the truck. He returned to the truck and drove a few blocks and let Number two out on the corner of Wilshire near a bowling alley and a go-go topless bar. Before he left Number two agreed to meet OWEN at 11:00 p.m. on the same corner at which time he would have the money to buy the horse.

He met the fighter O'RILEY that evening and left him shortly before 11:00 p.m. and arrived back at the agreed meeting place and observed a 1958 or 1959 Chevrolet, off-white in color, in which there were three men and a girl. OWEN believed that one of the men and the girl may have been the same couple that Number one was talking to earlier at the bus stop. He could not get a good look at the second man in the car. Number two came over to the truck and showed him a \$100 bill saying he would have the rest of the money the next day early in the morning. OWEN told him he would stay overnight in Los Angeles and pointed out a hotel which was either St. Mark's or St. Martin, which would be where he would stay. He registered at this hotel as J. C. OWEN and requested the clerk give him a call at 8:00 a.m. However, he said that he was up at 7:00 a.m. and just as he was leaving the hotel he received a call from a man asking if he was the man with the pick-up and horse. OWEN acknowledged that he was and said he would meet him in a few minutes at the truck. As he was going to the truck he saw the same white car as before parked at the curb and Number one and the girl whom he saw before, were sitting in the car. The man who had been at the bus stop was standing by the truck and as OWEN approached he said "JOE could not make it". He offered OWEN a \$100 bill and asked if he could bring the horse to the same location that night at which time the remainder of the money would be available. OWEN did not take the money and explained that he would not be able to deliver the horse that night because of a prior commitment that he had in Oxnard. He left the man, giving him his business card, which had his home address and an unlisted telephone number and requested that JOE call him if he was interested in the horse. OWEN then proceeded to Oxnard on business and returned to Los Angeles the morning

of June 5, 1967.

OWEN said he went to the Coliseum Hotel to see a man, BERT, who owns the restaurant and bar in the hotel. He had, at this time, three ponies in his trailer, which he had obtained in Oxnard. While in the restaurant he learned of the KENNEDY shooting hearing it on television. Someone gave him a copy of the "Hollywood Citizen News", which contained a picture of SIRHAN B. SIRHAN, which he noted looked like the man he knew as JOE. He discussed this with BERT and other of his friends in the restaurant and they suggested that he go to the Los Angeles Police Department, University Station, which was nearby and tell them what had occurred. At first he said that he did not want to do this, but they convinced him that as a good citizen this would be the thing to do. That same day, he went to the Police Department and gave them the same story that he was now relating. He said that he was at the station from about 2:00 p.m. to 7:00 p.m.

On June 6, 1968, several phone calls were received at his residence which were answered by his wife and daughter and on each occasion, the person calling hung up without saying anything. When the phone rang again, OWEN said he answered it and the caller said "Keep your mother blanked blank mouth shut about the horse deal". He believes the caller was a man but his voice was not familiar.

On June 18 or 19, 1968, OWEN received a call from the Los Angeles Police Department requesting that he come downtown to the Detective Bureau on the third floor between 1:30 and 2:30. He took another man named PERKINS with him. When he arrived, the officer on duty asked him to wait, saying that the officer who wanted to interview him was going to be a little bit late. OWEN explained to them that he was on his way to Phoenix and desired to proceed with the interview if possible. After a few minutes wait, the interview proceeded. He said he was handed a number of pictures and asked to pick out the picture of the man who looked like the one who had ridden with him in the truck. He said that after looking through the pictures, he picked out one stating that this man looked similar to the man whom he had given a ride. He recalls that PERKINS asked

the officer if the picture was SIRHAN B. SIRHAN and the officer said that he could not answer this question. At the time of this interview, he told the officer that he had received a threatening call and that he would be staying in Phoenix for approximately one week.

On June 22, 1968, OWEN said that he received another call with the caller again using profanities, stating something to the effect "Keep your mother blankedy blank mouth shut or your family may be hurt". OWEN stated that no further calls or threats have been received.

INVESTIGATION CONCERNING
_____, WHO REPORTEDLY TOLD TWO
WOMEN WHO HAD PICKED HIM UP AS HITCH-
HIKER ON AUGUST 13, 1968, THAT HE HAD
"BEEN IN" ON KILLING OF KENNEDY

August 16, 1968

furnished the following information:

[redacted] stated that on August 13, 1968, she and her sister-in-law, [redacted], were returning from Milton-Freewater, Oregon, en route to Spokane, Washington. She stated that as they left Walla Walla, Washington, at approximately 11:30 PM, they observed a young man beside the road hitchhiking in the direction of Spokane, Washington. She stated that they felt sorry for the young man due to the time of night and decided to pick him up. The man gave his name as [redacted] and stated that he had come from Alaska and was on his way to Coeur d'Alene, Idaho. He stated that he had been hitchhiking and as he had no place to sleep in Walla Walla, Washington, decided to keep going en route to Coeur d'Alene, Idaho.

[redacted] stated that [redacted] got into the back seat of the 1967 Chevrolet two-door hardtop, and sat behind [redacted] who was sitting on the passenger side of the front seat. [redacted] stated that the vehicle in which she was driving belongs to her father,

[redacted] stated that at the time [redacted] got into the vehicle, he had only a small creme-colored suitcase. She stated that she did not observe how he was dressed.

[redacted] stated that as they proceeded toward Colfax, Washington, [redacted] twice asked how far it was to Spokane, Washington. She stated that at approximately 15 miles from Colfax, Washington, he asked how far it was. She stated that this time [redacted] was dozing, and after telling [redacted] that it was approximately 15 miles, she

311

On 8/15/68 at Spokane, Washington

heard him moving around in the back seat and assumed that he was getting in a more comfortable position.

She stated that approximately three miles from Colfax, Washington, he again asked how far it was. She once again told him that it was about three miles to Colfax and from there about an hours drive to Spokane. [redacted] stated that at this time [redacted] informed them that he had a gun pointed at [redacted] head and that he was naked and if either girl looked back he would shoot. He told [redacted] to continue driving. [redacted] stated that he did not tell her where to drive and so when she reached Colfax, Washington, she turned towards Pullman, Washington, instead of going toward Spokane. She stated that the reason she turned toward Pullman was that the traffic is usually heavier between Pullman and Colfax and there are more farm houses between Pullman and Colfax than there are between Colfax and Spokane.

[redacted] stated that while going through Colfax, Washington, they observed a Colfax policeman and this seemed to make [redacted] extremely nervous. He attempted to cover himself up and keep low as to not be observed. She stated that he also did not notice as they went through Colfax, Washington, that they were proceeding toward Pullman instead of Spokane. She stated that when he was aware that they were going toward Pullman it did not seem to upset him.

[redacted] stated that after [redacted] informed that he had a gun, he made several statements to convince them of his seriousness and, it seemed, to build up his own ego. [redacted] stated that he informed them that he had killed two policeman and had wounded more men. [redacted] stated that she asked him if he did this to everyone that gave him a ride and he informed her that it had just been men in the past that had given him trouble and that he didn't like to kill women. [redacted] stated that he then asked them if they had heard of the KENNEDY assassination and the killing of MARTIN LUTHER KING. [redacted] stated that ~~they informed that~~ they had informed him that they had and he then stated that he had been in on those killings and so he was not afraid to use a gun.

[redacted] stated that as they proceeded toward Pullman, Washington, [redacted] informed them that he was going to have

them undress and take their car and their money. [redacted] emphasized the fact that he was not going to in any way molest either of them.

[redacted] stated that outside Colfax, Washington, they passed a dirt road and at this time he ordered her to stop the vehicle and back up. She stated that she told him that she could not back up and then he informed her to turn around. [redacted] stated that she turned the vehicle around and headed back toward Colfax, Washington. As they passed a road, now known to her as the Albion Road, he told her to turn. She stated that they drove about five miles up the road away from the highway at which time he ordered her to stop the vehicle.

[redacted] stated that [redacted] told her to get out of the vehicle and go to the left side of the road. She stated that [redacted] then got out on the same side of the vehicle, the driver's side. He told [redacted] not to look but at this time [redacted] turned around to see what was happening and he then ordered her to get out of the vehicle on the driver's side of the car. Both girls were told to cross the road while [redacted] stayed by the car. He then told them to undress. [redacted] stated that they did as they were told and while undressing she noticed that [redacted] had a gun in one hand and had a pair of dark pants on but did not have a shirt on. She stated she did not observe whether he had shoes on.

[redacted] stated that after undressing, he then ordered the girls to leave their clothes where they had piled them on the side of the road and to walk in the direction of what is now known to them to be Albion. She stated that the car had been left running and the headlights were left on. She stated that [redacted] they walked away from the vehicle until they were out of sight of the car headlights and then moved off the road in to the ditch where they stopped walking and sat down in an area which was hidden from the road. [redacted] stated that at no time had [redacted] made any advances whatsoever toward either girl. She stated that at the time they had undressed and were walking down the road, she looked at her watch and it was 2:30 AM, August 14, 1968.

[redacted] stated that she and [redacted] remained in the side ditch for approximately ten minutes and didn't hear any sounds coming from the direction of the car. She stated

that she then heard what they thought was the trunk being closed and a short time after that the vehicle moved in their direction. She stated that [redacted] drove past them and did not appear to notice either girl hiding in the ditch. She stated that he proceeded in the direction of Albion, Washington, and this is the last time that she had seen either [redacted] or the vehicle.

[redacted] stated that after [redacted] drove past she and [redacted] proceeded down the road toward the Colfax Pullman Highway. She stated that they observed a road leading off the Albion Road and followed it to a farm house, reaching the farm house at approximately 3:00 AM. She stated that they knocked on the door until the people of the house answered. She stated that they were given clothing and the farmer called the Whitman County Sheriff's Office and reported the incident. A short time later Deputy [redacted] of the Whitman County Sheriff's Office came to the farm house and began investigation of the incident.

INVESTIGATION CONCERNING ALLEGATION
THAT SIRHAN BISHARA SIRHAN WAS WELL
KNOWN TO THE WAITRESSES AT THE RED
LION RESTAURANT, POMONA, CALIFORNIA

1
Information was received by the Los Angeles Office of the FBI in late June 1968, that SIRHAN BISHARA SIRHAN had eaten at the Red Lion Restaurant in Pomona, California, on a number of occasions. It was further indicated that SIRHAN was well known to the waitresses at the Red Lion Restaurant.

The following investigation was conducted by SA

AT POMONA, CALIFORNIA

Various attempts were made to contact LOUISE KALSO (phonetic) at the Red Lion Restaurant, Foothill Boulevard, and North Garey Avenue.

On July 30, 1968, CAROL TAVER, head waitress, Red Lion Inn, Foothill Boulevard and North Garey Avenue, advised that LOUISE KELLIS is a waitress employed by the Red Lion Inn, however she is on an extended vacation in the east and it is unknown exactly when she will return.

Mrs. TAVER was asked regarding her knowledge as to the information that SIRHAN SIRHAN was well known to the waitresses at the Red Lion Inn. Mrs. TAVER stated that this is strictly a rumor inasmuch as there was an individual who had eaten at the Red Lion Inn on several occasions prior to the murder of Senator ROBERT KENNEDY and that they have not seen the individual since the murder. She stated that after pictures came out in the newspapers of SIRHAN SIRHAN, there were remarks made that the individual who had eaten there resembled SIRHAN SIRHAN very much and it was felt possible by some of the girls that this was SIRHAN SIRHAN. She stated, however, that none of the waitresses at the restaurant were personally acquainted with the individual other than having waited upon him several times and that none of the waitresses know any personal background or any personal information whatsoever about this individual, in fact they do not even know his name, nor do they know that this is the same individual known as SIRHAN SIRHAN.

Mrs. TAVER stated that she is quite certain that LOUISE KELLIS has no further information than any of the rest of the girls regarding this individual.

LOUISE KELLIS, waitress, Red Line Inn, Foothill Boulevard and North Garey Avenue, advised she heard other waitresses talking about seeing a patron at this location resembling SIRHAN SIRHAN, however, she said she had never seen such person and had no first hand knowledge of him.

No stains were noted on the blades.

INVESTIGATION CONCERNING RUMOR
CIRCULATING IN ISRAEL, IRAQ, AND
EUROPE IN MID-MAY, 1968, THAT
SENATOR ROBERT KENNEDY HAD BEEN SHOT

1

On June 11, 1968, Mrs. HUBERT RITCHIE advised the Atlanta, Georgia Office of the FBI that she was present in the Holy Land on a Brownell Tour from May 4 to May 20, 1968. On either May 16 or May 17, 1968, JACOB HENIGMAN, Israeli guide, advised members of the tour that ROBERT KENNEDY had been shot. The guide had no further information. The guide made the same statement on subsequent mornings in response to questioning from tour members, but never retracted his statement. Mrs. RITCHIE said there were eleven other members in the Brownell Tour No. 216 (Holy Land Portion) all of whom heard the statement made by the guide. She said these tour members were from all over the United States and she could only recall a Reverend Mc CRACKEN (phonetic) an Episcopal Minister

On June 12, 1968, Mrs. JACKIE WOOD, Brownell Tours, Birmingham, Alabama, advised the Birmingham Office of the FBI that thirteen people from throughout the United States were present in the group on the above described Holy Land Tour. This group was directed by Mr. C.E. (JACK) KERNS. Other members of the tour group were as follows:

Mr. and Mrs. RALPH BRYCE

Mrs. JUANITA Mc LAUGHIN

Mrs. GENEVA VOLPE

Miss ELIZABETH SINTON

Reverend W. Mc CRACKEN

Mr. JOHN KROGNESS

Mr. and Mrs. J.B. LOVE

Miss ALICE PEEL

Mrs. WOOD further advised that KERNS would be the individual most likely to have established contact with Israeli guide JACOB HENIGMAN.

Reverend W. CHAVE Mc CRACKEN, St. Paul's Episcopal Church, advised the Cleveland Office of the FBI on June 12, 1968, that he was a member of Brownell Tour No. 216 in the Holy Land during the period of approximately May 14 to May 22, 1968.

On May 16, 1968, the group lunched at the Semadar Hotel Restaurant in modern Caesarea. At approximately 1:30 p.m., he heard the rumor that an attempt had been made on the life of Senator ROBERT F. KENNEDY in Milwaukee, Wisconsin. Rumor further indicated that Senator KENNEDY was still alive, but in critical condition.

Mc CRACKEN advised that the news prompted highly emotional reaction which partially clouds his recollection, but that his current recollection is that information regarding Senator KENNEDY came from the tour guide, JACOB HENIGMAN. Mc CRACKEN stated that the tour guide advised he had heard news "on the air" implying radio broadcast. Mc CRACKEN stated the guide indicated the news was in Hebrew language. Mc CRACKEN possessed no information regarding identity or location of station.

Mc CRACKEN stated further attempts to confirm the rumor were completely negative. He stated that no information was heard on the radio and nothing appeared in Israeli newspapers concerning this matter. Mc CRACKEN then assumed the rumor to be false and made no further inquiries concerning it.

On June 13, 1968, SYLVIA FOGELSON, advised the Newark Office of the FBI that on May 16 or 17, 1968, she was a member of a tour, name not recalled, in Jerusalem, and while in the Jordanian section, an unknown Arab male told them that Senator KENNEDY had been shot. Mrs. FOGELSON said the man gave no further details, and was not seen again. She said she supposed it was a joke and later after Senator KENNEDY was shot decided to make this information available.

On the same date, Mrs. ELIZABETH SINTON, also advised the Newark Office of the FBI that she was on the Brownell Tour in Jerusalem during mid-May 1968, but at no time heard the guide or any other person mention that Senator KENNEDY had been shot.

On June 13, 1968, JOHN KROGNESS, advised the Cleveland Office of the FBI that he was present in the Holy Land with the Brownell Tour from approximately May 14 to May 22, 1968.

KROGNESS stated that on May 16, 1968, the tour group

had lunch at the Semadar Hotel Restaurant in modern Caesarea. At approximately 1:15 to 1:30 p.m., upon leaving the restaurant, he heard a rumor from a tourist, identity unknown to him, that an attempt had been made on the life of Senator ROBERT F. KENNEDY in Nebraska, City unknown.

KROGNESS could not attribute this information to the Israeli guide JACOB HENIGMAN, however, he did inquire of HENIGMAN if he had heard any news regarding this incident, and HENIGMAN replied in the negative.

KROGNESS stated that he did not hear any further comments regarding this matter, that nothing was observed in Israeli newspapers, nor did he hear any broadcast concerning same, so assumed it was a rumor and made no further inquiries.

On June 13, 1968, Mr. and Mrs. J.B. LOVE, advised the Jackson Office of the FBI that they had been on a Brownell Tour in the Holy Land from May 14 to May 20, 1968. On about May 15 or 16, 1968, Mrs. LOVE said he heard someone in the tour group mention that ROBERT KENNEDY had been shot in the United States. He could not recall which member of the group said it but believes that one member of the group had heard from a third party. The alleged shooting was discussed by members of the tour for about three hours on the day it was mentioned, however, no further mention of it was made on subsequent dates to their knowledge.

Neither Mr. nor Mrs. LOVE had ever heard JACOB HENIGMAN, Israeli tour guide known as "JAKE", make any statement concerning the United States or the political conditions of the United States. They did not hear the guide say that KENNEDY had been shot, and neither of them believed that the guide actually made the statement.

On June 19, 1968, Mrs. JUANITA Mc LAUGHIN

and Mrs. GENEVA VOLPE both advised they did not hear any comments or statements made by anyone during their tour of the Holy Land relative to Senator KENNEDY being shot. They both said one of the Israeli guides was called JAKE, however, they could not recall his full name. They said JACOB HENIGMAN could have been the guide whom they knew as JAKE. They said they arrived in the Holy Land on May 14, 1968, and left during the afternoon of May 22, 1968.

The following investigation was conducted by SA DAVID [redacted] at Austin, Texas, on July 3, 1968:

Miss ALICE DENTER PEEL, [redacted] advised she was on tour throughout Europe and the Middle East during the period from May 12 through July 2, 1968. She stated the first portion of her tour was sponsored by Brownell Tours.

PEEL advised she departed New York on the evening of May 13, 1968, via Transworld Airlines, Flight 840, and arrived in Tel Aviv on the afternoon of May 14, 1968. She remained in Tel Aviv through May 16, 1968, and then departed by bus en route to Haifa, Israel. She indicated that the guide for the tour during this portion of the trip was JACOB HENIGMAN. PEEL advised that on the morning of May 17, 1968, she and members of the tour were on a full-day excursion and were en route to Tiberias. While at a rest stop she recalled that a member of the tour, whose identity she did not recall, asked her if she heard that KENNEDY had been shot. Miss PEEL stated this was the first time that she had heard this remark but that later it seemed that the rumor then spread like wildfire and the tour members were questioning each other as well as the guide for further details. Miss PEEL indicated that she could only assume that possibly the tour guide, JACOB HENIGMAN, had told the director of the tour, Mr. JACK KERNS, that KENNEDY had been shot. Miss PEEL stated unequivocally that at no time did she hear either the director or the tour guide, JACOB HENIGMAN, make a direct statement concerning KENNEDY.

Miss PEEL stated she was not aware of the original source of the information that KENNEDY had been shot; however, she assumed that possibly the source was a broadcast over the Israeli radio. PEEL advised that tour members did question the guide, JACOB HENIGMAN, for further details; however, the guide indicated he had no further information. Miss PEEL advised that the guide, upon subsequent questioning the next day after periodically listening to the news broadcasts over the radio, replied that "No news is good news."

Miss PEEL advised that on the morning of May 18, 1968, tour members continued to question the tour guide for any further details regarding KENNEDY, however, the tour guide indicated again that he had no further information. She stated that the tour guide did periodically listen to news broadcasts on the radio and upon questioning would indicate to tour members that the broadcasts contained no news concerning KENNEDY. Miss PEEL advised she can only assume that possibly there may have been some error in reporting a news item concerning KENNEDY.

MAX BERMAN

MAX BERMAN furnished the following information:

Mr. BERMAN said he had previously given some information concerning Senator ROBERT F. KENNEDY's assassination to the Los Angeles Police Department (LAPD), Rampart Division. He said he and his wife were on vacation during May and June, 1968, visiting various parts of the world. On May 16, 1968, they were in Caesarea, Israel, which is located near the Jordanian border. On this day at about 12:00 noon, they, along with other tourists, made a stop at the Semadar Hotel for lunch. As he and his wife entered the hotel lobby they heard a man demand that they be quiet. This man was wearing earphones and stated that Senator KENNEDY was shot in Los Angeles. BERMAN said he asked the man where he got his information and the man replied, "the BBC". This man did not give any more information. BERMAN said he then went to the hotel restaurant and told the other tourists of the news. The next day he bought a local newspaper but could not find anything in it pertaining to Senator KENNEDY being shot. He and his wife continued on their trip and arrived back in Los Angeles on June 3, 1968. He said on June 4, 1968, while watching television, he learned that Senator ROBERT F. KENNEDY was shot at the Ambassador Hotel in Los Angeles, California. Sometime later, when he heard on television that the Police Department had found a book in the house of accused assassin, SIRHAN SIRHAN, pertaining to the date Senator KENNEDY had to be shot, he felt he should call the police.

Mr. BERMAN said he was interviewed by [redacted] LAPD, concerning his experience in Caesarea, Israel.

Mr. BERMAN said that his wife, ZELDA BERMAN, could furnish no further information other than he has already given.

On June 5, 1968, PAUL KULKA, advised SA [redacted] that he received a letter from his cousin on May 29, 1968. The letter was written in the Czechoslovakian language and it was written on May 16, 1968. Mr. KULKA said the letter stated that radio reports indicated that ROBERT KENNEDY was shot.

The cousin requested that KULKA write the details to her. KULKA said that in view of the advance information concerning the shooting of Senator ROBERT F. KENNEDY which actually occurred on June 5, 1968, this information might be of significance.

My dear ones,

I don't know whether I thanked you or replied to your last dear letter, but if this is the case, it was unintentional, and so now I will thank you twice. I am always very glad when I hear from you and your letters are very dear to me! The day before yesterday I received a letter from Greta Musilova which saddened me very much. Karel is gravely ill, as you know it well yourselves, and there is no hope for his recovery. The doctor gives him one year to live, and this is great suffering.

not only for him (he doesn't know it) but also, for Greta. She has had more than her share of troubles already. I am very sorry for her and think of her all the time. Write to her soon, but in such a way that Karel could read it, too. So, I cannot write all about him (what Greta wrote to me). Mirek finished his course of study and now is waiting for a place (employment). He was here all of April when he finished his studies. He came down with his brother-in-law, who was going to Germany on official business, and so he stopped here, too. I was very pleased, because one never knows whether or not we will see each other again. We talked about you all. Last week he left and I wish very much that he finds something suitable; otherwise I suppose he will return (two illegible words). As you certainly know, things are a little more relaxed here. Freedom is the most precious thing one can have and we (the people) have not even suspected for the whole twenty years what an orgy has been carried on behind our backs. We hope for better times.

They announced over the radio this morning that Robert Kennedy was shot - for God's sake, what is going on - and it always happens to the best ones! When you write to me, Paul, tell me about it. As I became old, I became interested in politics and in everything around me. What about your house? Have you sold it yet? Do not hurry; you would miss it and the garden, and I would lose a pleasant memory about the place where I spent a number of nice days.

Is Lilinka well? I wish you both much health for as long as possible. I already feel my years, slowly but surely.

Irena will possibly fly again with Max to the U.S. for her (?) sons (?). She wrote to me to come with Emily to Vienna for three days. We shall see. Poor people, they have it so uncertain again - such is the world - disgusting!

I give my best regards to your children, also to the Goldsneiders - Tony and Flero (?). I think of you and kiss you.

Lučka (Ludmila).

IRA KATCHEN

advised the Newark Office of the FBI on July 11, 1968, that on May 14, 1968, he was staying at Hotel Esplanarde in Prague, Czechoslovakia, with his son JULIUS KATCHEN, pianist. He said his son was playing in a recital on May 16 and May 18, 1968, at Prague.

On the morning of May 15, 1968, his son met some friends of his in the Hotel Esplanarde and they heard on the Prague radio that ROBERT F. KENNEDY had been shot in California. These friends were very upset and were determined to find out what the story was. About an hour later it was determined that this was not true but several people had already heard this on the Prague radio. KATCHEN advised that CHARLES GORDON, head of the Joint Distribution Committee, was killed six months ago in Prague, reportedly by Arabs. He said that he is just assuming that there may be a conspiracy between the killing of GORDON and KENNEDY. He stated he is reporting this only because he believes there is possibly some link between this and the KENNEDY assassination. He stated he has learned that a tape of this broadcast in Prague can be obtained from the manager of the Hotel Esplanarde, where he stayed.

On the same date, ANNA UHLIK, also advised the Newark Office of the FBI that on May 21, 1968, she received a letter from her sister, MARIE KADLER, advising that some time prior to May 16, 1968, she had heard over a radio broadcast that Senator ROBERT F. KENNEDY had been shot in the head and was not expected to recover. The letter continued that the next day there was a retraction denoting error in that information over the same radio station. According to ANNA UHLIK the letter gave no further information.

On June 11, 1968, Colonel MERLE R. PREBLE
furnished the following information
to the Washington Field Office of the FBI.

On Thursday, June 6, 1968, Lieutenant Colonel WILLIAM
PULLUM told PREBLE
that ten days to two weeks prior to the assassination of Senator
ROBERT F. KENNEDY the team was engaged in international competition
in Czechoslovakia with European teams from there and the Soviet
Union. PULLUM said that inquiries were made either of his team or
of himself, as to whether they had heard of a plot to assassinate
KENNEDY prior to the team's departure from the United States.
PREBLE speculated that the inquiries could have originated from a
GRU representative accompanying the Soviet team.

On June 12, 1968, Lieutenant Colonel WILLIAM C. PULLUM,
furnished the following information to the Atlanta
Office of the FBI.

On May 24, 1968, he was in Stockholm, Sweden, when
Colonel ROBERT F. BAYARD came to him from a shoot in Czechoslovakia.
Colonel BAYARD asked PULLUM if he had read in a paper or heard an
English broadcast, which BAYARD had heard in Czechoslovakia, that
KENNEDY had been shot in the neck. PULLUM said he had not heard
anything of this nature and told BAYARD he thought it was a rumor.
BAYARD did not relate the exact source of information in
Czechoslovakia, and PULLUM could not comment concerning the source.

FEDERAL BUREAU OF INVESTIGATION

Date 7/26/681

Colonel ROBERT F. BAYARD

furnished the following information:

Colonel BAYARD and members of his shotgun team attended the Grand Prix de Brno at Brno, Czechoslovakia, May 17-18, 1968. On one of the above dates, the head clerk at the Grand Hotel, Brno, Czechoslovakia, where the members of the team were staying, mentioned that he had heard on the radio news that Senator ROBERT F. KENNEDY had been shot, receiving a flesh wound in the neck and was in satisfactory condition. The same information was obtained from the head waiter in the dining room of the Grand Hotel.

The members of the unit attempted to purchase some newspaper that they could read to verify the information and the only newspaper available that they could read was an East German newspaper. A review of this newspaper failed to reflect any story concerning the alleged shooting. Colonel BAYARD and the members of his unit assumed that it was just rumor and that it had no factual basis.

Colonel BAYARD had no further information concerning the statements and was unable to furnish the names of the head clerk at the Grand Hotel or the head waiter.

On June 7, 1968, Mrs. ANN REEVES, advised the Newark Office of the FBI that on June 6, 1968, in general conversation with her next door neighbor Mrs. CATHRINE LATOOF concerning the assassination of Senator KENNEDY, Mrs. LATOOF expressed sympathy concerning Senator KENNEDY's death. Mrs. LATOOF indicated to Mrs. REEVES that while visiting her brother JOSEPH HAGE on June 2, 1968, in the company of ANTOINE HAGE a citizen of Haiti, a discussion arose between them concerning Senator KENNEDY's current political campaign. Her brother ANTOINE then expressed surprise concerning the activities of Senator KENNEDY, indicating he had heard prior to leaving Haiti that Senator KENNEDY had been shot, or would be shot.

Mrs. LATOOF discounted this statement in New York City, as Senator KENNEDY was then alive. Mrs. REEVES stated she was naturally concerned over the statements of ANTOINE HAGE on June 2, 1968, to his sister and brother, that KENNEDY was dead or would be shot in the light of subsequent events concerning the death of Senator KENNEDY on June 6, 1968.

On June 7 1968, Mrs. CATHRINE LATOOF, advised the Newark Office of the FBI, that she and her brother left on Sunday afternoon June 2, 1968

on June 2, 1968, she and JOSEPH were joined by their brother ANTOINE HAGE, who had recently arrived from Haiti to visit his brother

Mrs. LATOOF denied knowing any statement that her brother ANTOINE indicated to her and her brother on June 2, 1968, that he was surprised to hear that Senator KENNEDY was alive and that prior to leaving Haiti, ANTOINE had heard that Senator was shot or was going to be shot.

The Oklahoma City Office of the Federal Bureau of Investigation received a letter from Mrs. EZELL NELSON, on June 20, 1968. Mrs. NELSON enclosed a personal letter which was written by her son, ABBOTT O. NELSON, The following is a quotation from the letter which was dated June 8, 1968:

"My Dear Mother and Daddy:

"About two weeks ago we heard a rumor that Robert Kennedy had been shot. This second time was not a rumor....."

The remainder of the letter was personal between Mr..NELSON and his parents.

On June 10, 1968, JIM ADAMS, advised the Seattle Office of the FBI that he and a colleague, DON SUPSINSKAS, were engaged in making a survey of United Arab Airlines, in May 1968.

ADAMS said he and SUPSINSKAS boarded a United Arab Airlines flight in London for Cairo, by way of Paris and Rome. All crew members were described as being Egyptians. Outside of Paris, the captain of the flight, FALAH OMAR, and a crew member asked ADAMS and SUPSINSKAS what they knew of an attempted assassination on ROBERT KENNEDY. ADAMS said that he and SUPSINSKAS did not know of any attempt. He said when he reached Cairo, he found no information regarding an attempt on the life of ROBERT KENNEDY in Cairo newspapers. He said these newspapers in Cairo were printed in the English language. ADAMS said he reached Cairo at 2:00 a.m. on May 12, 1968. He had no further information to offer regarding this matter.

On September 12, 1968, JOSEPH STRONG advised the Boston Office of the FBI as follows:

On May 18, 1968, he was a passenger on an Alitalia Airlines flight from Rome, Italy, to Beirut, Lebanon, arriving at the above destination around 3:30 p.m. on that date. He recalled that there was only one other first-class passenger on the above flight. He was furnished a business card by this man reflecting his identification as follows:

Said Abdel-Malek

STRONG stated ABDEL-MALEK was reading an Arabic language newspaper, apparently purchased by him in Rome prior to the flight, and he commented to STRONG about an article in the paper reporting a rumor to the effect that United States Senator ROBERT F. KENNEDY had been shot. Strong stated that he himself was unable to read the article inasmuch as he could not read or translate Arabic.

STRONG stated he recalled commenting about the article to an unidentified American male later on May 18, 1968, in a bar in Beirut, but he never read or heard anything further in newspapers or on radios concerning the rumor in the days immediately following May 18, 1968.

MISCELLANEOUS

Date 9/17/68.

Mrs. FRANCES EVANS, advised she attended an adult education class in Introduction to Philosophy from September, 1967, to January, 1968, at Fullerton Junior College. The instructor was KIM NAFFA. In addition to the class there discussion groups held at various places made up of interested individuals. NAFFA had many Arab friends that attended the ~~same~~ discussion that were not members of the class. They discussed current problems in the mid-East and their problems with the Zionists and the like.

Generally those in attendance at these discussion groups had the viewpoint that there is a revolution now in progress in the world and on the campuses, which they favored. In general these people, if not pro-communist, were at least one world advocates.

NAFFA did not appear as radical as some of the people present but supported the Arab viewpoint.

During November, 1967, at one of the discussion groups held at NAFFA's home after the group had concluded, three or four Jordanians stopped in from Pasadena. Some were studying at Pasadena City College. One of those from Pasadena spoke with quiet desperation about how his father's land and home had been taken from them twice by the Zionists. He commented to the effect "to heck" with Philosophy, if the communists would help them why not go with them.

She said that later on after Senator ROBERT KENNEDY was shot, she saw a photograph of SIRHAN SIRHAN on TV. She said that she is 99 per cent sure that this was the person she saw at NAFFA's who talked about how his father's land and home had been taken.

JR.) EVANS, Mrs. FRANCES (ALFRED E. EVANS, was recontacted and advised that the group discussions at the home of KIM NAFFA were actually by invitation and she could not recall anyone from her Philosophy class being there the night that she believed SIRHAN appeared. She said that she also did not believe that JOHN CANNON, or TED VJARDIS were there as they usually left promptly when the discussion broke up. The group of Jordanians came in after the discussion actually broke up. EVANS noted that NAFFA's wife was Miss Jordan of several years ago and that it was generally recognized that NAFFA is known to probably all Jordanians in this area although it was possible NAFFA did not know SIRHAN. She also said that SIRHAN was not a member of her class nor a member of the discussion group; he just showed up with some other Arabs from Pasadena.

SAMUEL TOLCH.

furnished the following information:

In May 1963, exact date unrecalled, he attended a gathering in support of Senator ROBERT F. KENNEDY at the Embassy Room of the Ambassador Hotel, Los Angeles. According to TOLCH, this function was originally scheduled to include an appearance by Senator ROBERT F. KENNEDY, but featured Senator EDWARD KENNEDY when ROBERT KENNEDY was detained campaigning in San Francisco, California.

Shortly after arriving at the Embassy Room at approximately 9:30 p.m., TOLCH observed a dark-complexioned white male individual standing near a hallway leading from the Embassy Room to the kitchen area, approximately 15 feet from the side of the stage. TOLCH further described this individual as being 25 - 30 years of age, approximately 5'5", 140 pounds, thin build, very curly dark hair, and wearing blue jeans and a light colored pullover knit type shirt. Between 9:30 and approximately 11:30 p.m. when TOLCH left the hotel, he walked by the area near the kitchen hall three or four times and observed this individual standing in the same location. According to TOLCH, this individual appeared to be by himself. At no time did TOLCH observe this individual talk with anyone or circulate among the crowd.

TOLCH further advised that, following the shooting of Senator ROBERT F. KENNEDY and the publication of photographs of SIRHAN BISHARA SIRHAN in local newspapers, he observed a photograph of SIRHAN and immediately recognized it as very closely resembling the above described individual he observed at the Ambassador Hotel in May 1963.

TOLCH was shown additional photographs of SIRHAN, including a photograph taken June 5, 1963 and, after viewing same, advised that he is certain in his own mind that the individual he observed is identical to the photographs of SIRHAN.

TOLCH indicated that he does not know of anyone else who observed the above described individual, noting that he went to the hotel by himself.

HARRIET LESSNER

the following information:

furnished

In mid-May 1968, she volunteered to work for Senator ROBERT F. KENNEDY in the Sherman Oaks area. About ten days before the assassination of Senator KENNEDY, she attended, along with her father and four year old daughter, a rally at the Ambassador Hotel, Los Angeles, California.

Just as she was entering the hotel with her daughter, she had conversation with an unknown white male concerning the excitement of her daughter at the prospect of shaking hands with Senator KENNEDY. In the course of this exchange, the man said, "Wouldn't it be something if she lives to tell about it." She thought this comment was very strange and simply said to the man that she certainly hoped her daughter would. After saying this to the man, she went on into the hotel to await the appearance of Senator KENNEDY.

While in the hotel waiting for Senator KENNEDY, she heard rumors that he was to come through the kitchen entrance into the Cocomanut Grove Room. In an effort to get close to the Senator, she went to the area of the kitchen entrance where she again observed the same man who had spoken to her concerning her daughter. The man was wearing a dark jacket and at the time she thought the jacket rather heavy in view of the fact the room was quite stuffy. Also, the man did not have on a tie and did not appear to be dressed for the occasion. Senator KENNEDY did not come through the kitchen entrance and when he did enter the room she lost sight of the man and did not see him again that night.

After the assassination of Senator KENNEDY, she observed photographs of SIRHAN BISHARA SIRHAN on television

FEDERAL BUREAU OF INVESTIGATION

Mrs. MIRIAM NEVILLE DAVIS was interviewed at her place of employment

Mrs. DAVIS advised that on Sunday, June 2, 1968, she was at the Ambassador Hotel on Wilshire Boulevard in Los Angeles as a hostess for a reception in honor of Senator ROBERT F. KENNEDY sponsored by Assemblyman LEON RALPH. She stated that she arrived at the hotel at approximately 7:30 PM and that she and the rest of the individuals at the reception awaited the arrival of Senator KENNEDY in the Cocoanut Grove ballroom until approximately 9:00 PM, at which time Senator KENNEDY arrived. He spoke approximately for five minutes and then left, leaving the hotel by at least 9:30 PM.

Mrs. DAVIS advised that after Senator KENNEDY had left and the crowd had begun to disperse she and her daughter and husband went into the kitchen area on the same floor as the Cocoanut Grove ballroom looking for a place to get a drink of water. She stated that as they approached the kitchen they saw a man sitting on a bar inside the kitchen in dark pants and a T-shirt and she described him as a short, swarthy, bushy-haired individual. Mrs. DAVIS advised that she at first thought this man was a waiter and asked him where the water was and he replied that he did not know. By this she got the impression that he might not have been an employee of the hotel.

Mrs. DAVIS advised that after the assassination of Senator KENNEDY on June 4, 1968, when she saw the pictures on the television and in the newspaper, of the man known as SIRHAN BISHARA SIRHAN, she immediately recognized him as the same man that she had seen in the kitchen. She stated that she was fairly certain that it was the same individual and if it was not that it was someone who certainly looked exactly like SIRHAN.

She advised that she did not attend the rally at the Ambassador Hotel on the night of the assassination and that she did not see the individual in the kitchen at any other time except when the picture appeared in the newspaper.

He stated that at no time was he ever involved in a study of mysticism with SIRHAN SIRHAN.

KHOURY reiterated that he had only met with SIRHAN SIRHAN on three occasions and that each of these meetings was extremely brief and consisted of little more than saying "hello".

He could not provide any information regarding a person named PAUL who allegedly studied mysticism at one time with SIRHAN SIRHAN.

The following interviews were conducted in connection with an allegation that SIRHAN SIRHAN was a member of the Organization of Arab Students (OAS).

The statements of ZIYAD IRRAHAIM HUSANI, OAS President, United States and Canadian Chapters and M. SAFOUH AL-AKHRASS, Western States Area Representative of OAS denying any affiliation of SIRHAN SIRHAN with OAS have been previously reported.

1Date 7/3/68

BASSAM F. HOUALLIA,

furnished the following information:

He is the Chairman of the Organization of Arab Students (OAS), California State College at Los Angeles Chapter.

Immediately after the shooting of Senator ROBERT F. KENNEDY, he conducted a check of his organization's records to determine if SIRHAN SIRHAN had ever been affiliated with that organization. This check did not reflect that SIRHAN SIRHAN had ever been a member or that SIRHAN SIRHAN had ever been on the organization's mailing list.

HOUALLIA also contacted FAWAZ ZAIDAN, spokesman for the OAS, Pasadena City College Chapter, and ZAIDAN related that SIRHAN SIRHAN was not a member of the Pasadena Chapter nor was SIRHAN SIRHAN on the Pasadena Chapter's mailing list. ZAIDAN also related that SIRHAN was unknown to the membership of the Pasadena City College Chapter. HOUALLIA explained that the OAS Chapter at Pasadena City College is an informal organization comprised of students attending night classes at the college.

According to HOUALLIA, the National Headquarters of the OAS, 2929 Broadway, New York, New York, issued a memorandum to all OAS Chapters shortly after the shooting of Senator KENNEDY, advising that SIRHAN SIRHAN was in no way associated with OAS. M. SAFOUH AL-AKHRASS,

is the area representative of the National Headquarters of OAS and he, too, shortly after the assassination of Senator KENNEDY, disclaimed any association of SIRHAN SIRHAN and the OAS.

FAWWAZ H. ZEDAN,
furnished the following information:

He is the chairman of the Pasadena Chapter of the Organization of Arab Students (OAS). This chapter is described by ZEDAN as predominantly a social group and is composed largely of Arab graduates of Pasadena City College. However, this chapter is not officially recognized or affiliated with Pasadena City College.

ZEDAN stated this chapter does not maintain a mailing list and held only three meetings last year. At these meetings, which were held at Pasadena restaurants, the main activities were of a social nature and a formal agenda was not followed.

ZEDAN disclaimed any knowledge of SIRHAN SIRHAN and stated that SIRHAN SIRHAN was not a member of the Pasadena Chapter of the OAS. Nor did SIRHAN SIRHAN ever attend any meeting of the Pasadena OAS.

ZEDAN does believe, however, that his brother, FAWZI ZEDAN, was acquainted with SIRHAN SIRHAN as they were fellow students at Pasadena City College. FAWWAZ ZEDAN could not describe the extent of his brother's relationship with SIRHAN SIRHAN.

FAWZI ZEDAN
furnished the following information:

He arrived in the United States from his native Syria on December 5, 1963, at the port of New York under a student visa. He immediately journeyed to California and enrolled at Pasadena City College (PCC) for the Spring semester of 1964.

During the Fall semester of 1964, he met SIRHAN SIRHAN, a fellow PCC student, in the school cafeteria where Arab students frequently congregated. He described his relationship with SIRHAN as a casual acquaintanceship, which was limited solely to the PCC campus or Bob's Coffee Shop which neighbors the PCC campus.

ZEDAN believes SIRHAN SIRHAN left PCC about February 1965, however, SIRHAN would frequently drop by the school cafeteria to pass the time of day with Arab students. On those occasions when ZEDAN observed SIRHAN entering or leaving the cafeteria, SIRHAN was always alone, and ZEDAN did not believe that SIRHAN ever visited the cafeteria to see any particular person.

ZEDAN last saw SIRHAN SIRHAN approximately five days before the assassination of Senator ROBERT F. KENNEDY. SIRHAN came into Bob's Coffee Shop while ZEDAN was waiting to be seated, and they engaged in a brief conversation. SIRHAN kidded ZEDAN about still being a student at PCC after five years, and ZEDAN explained that he had graduated but still liked to spend his spare time at Bob's. SIRHAN, who was alone, appeared calm and relaxed to ZEDAN but declined ZEDAN's invitation to coffee and left the restaurant.

ZEDAN reiterated that his friendship with SIRHAN SIRHAN was very casual and based largely on the fact they were of a common ethnic background. On only one occasion did they ever discuss any subject that was not of a light

nature. Approximately five months after the Arab-Israeli conflict of 1967, SIRHAN approached ZEDAN in Bob's Restaurant and stated, "Well, they lost." Not having seen SIRHAN since prior to the conflict, ZEDAN did not understand SIRHAN's comment, and he asked SIRHAN what he meant. SIRHAN explained, "Back home." ZEDAN then understood SIRHAN to be referring to the conflict but did not comment, except to answer, "Yes." In ZEDAN's opinion, although SIRHAN was smiling, the tone of his (SIRHAN's) voice was bitter, but the conversation ended then, as SIRHAN left the restaurant. Again SIRHAN SIRHAN was alone.

ZEDAN concluded that he was not aware of any close friends or acquaintances SIRHAN SIRHAN might have had. SIRHAN was not a member of the Pasadena Chapter of the Organization of Arab Students (OAS), and SIRHAN did not attend any of the functions sponsored by the OAS.

Mrs. ILAN said that Senator ROBERT F. KENNEDY had given a speech at Temple Isaiah on the evening of May 20, 1968, sometime between 3:00 and 10:00 p.m. The only films, which she had knowledge of being taken of Senator KENNEDY at that time, were individual shots which contained the bust of Senator KENNEDY. There was some news coverage of the speech and undoubtedly there were some pictures probably taken by the news media of the affair, although Mrs. ILAN had no details as to what specific coverage may have been utilized at the meeting. She said that she would further check into the matter and see if she were able to come up with any known film which might have been taken of the stage area surrounding Senator KENNEDY at the time of his speech.

Mrs. ILAN, on July 23, 1968, said that she had been unable to come up with any source of any film which may have been taken of the stage area during Senator KENNEDY's speech.

Mrs. RUTH HOLBERT

furnished the following information:

On May 15, 1968, she purchased a 1962 Rambler, California license from Burton Motors, 31st and Figueroa Streets, Los Angeles, paying cash. She purchased this automobile for her private use and only under unusual circumstances does she lend the car to her husband, Mr. ADRIAN HOLBERT, who is the only other member of her family currently residing with her. She maintains the only set of keys for this car. Mrs. HOLBERT stated that on the night of June 4, 1968, she attended choir practice at the Triangular Church of Religious Science, 1938 South Western, Los Angeles, from approximately 8:00 PM to 9:30 PM. After choir practice was completed she immediately returned home and parked the car in front of her residence. At 6:30 AM, June 5, 1968, she left her house for work at the John Wesley County Hospital, 2826 South Hope Street, Los Angeles, and used her automobile for transportation thereto. At that time, Mrs. HOLBERT did not recall anything unusual about her automobile and she is of the opinion that it was parked in the same space she had left it the night before.

Mrs. HOLBERT emphatically denied that either she or her automobile were in the vicinity of the Ambassador Hotel on the night of June 4, 1968, and she could not provide any information regarding the assassination of Senator ROBERT F. KENNEDY.

Mrs. NELL RADER

furnished the following information:

In May 1968, Mrs. RADER worked part time, two evenings, as a campaign worker at the Robert Kennedy Campaign Office located on Victory Boulevard near Whitsett Avenue, North Hollywood, California. Mrs. RADER was an enthusiastic supporter of ROBERT KENNEDY for the presidential nomination. On Sunday, June 2, 1968, she went, by herself, to the rally held for ROBERT KENNEDY at the Ambassador Hotel, Los Angeles, California. When she arrived at this rally, she did not feel well. As a result, she did not participate in the activities of this rally at the Ambassador Hotel. Instead, she sat in a chair in the hallway outside of the Cocoanut Grove Room at this hotel by herself. Her chair was not close to the entrance of the Cocoanut Grove Room. She was unable to estimate the distance from the entrance, but was sure she sat on the south side of the hotel. There was a large number of people milling around the lobby and hallway near her. While sitting there, she saw an individual standing by a swinging door who she later believed to be SIRHAN SIRHAN. She based her identification of SIRHAN on numerous pictures she later saw of SIRHAN in the newspapers and on television. This individual was just standing there in the hallway and acted as if he were a waiter at the hotel. The reason Mrs. RADER thought he was a waiter was that he carried a white cloth or towel in his left hand. She was unable to describe this cloth or towel further. After seeing this individual for several seconds he disappeared behind the swinging door. The individual, believed to be SIRHAN, did not talk to her or to anyone else. She was by herself at the time she observed this individual. She had never seen him before and she had no knowledge of SIRHAN or his family.

On 9/10/68 at North Hollywood, California 386

Later the same evening she saw JOHN GLENN, ANDY WILLIAMS, ROOSEVELT GRIER, and ROBERT KENNEDY and they passed by her. She tried to shake hands with KENNEDY, but was unsuccessful.

Mrs. RADER was not at the Ambassador Hotel on Monday night, June 3, 1968, or the early morning hours of Tuesday, June 4, 1968.

Mrs. RADER furnished the following physical description of the individual she believed to be SIRHAN:

Sex	Male
Race	White
Age	Early 20's
Height	5'6"
Weight	125 pounds
Build	Slender
Hair	Black, bushy, covered part of forehead

Paris (France)
June 11, 1968

Dear Brother Kennedy:

Oh, dear God, is it possible that such tragic fate must keep befalling the most noble family of the 20th century, the Kennedys. Please follow the following instructions most faithfully, because a big gang has condemned you, too, to death.

1. Make no statements, not even among your friends or your family, because walls have ears too. Keep quiet.
2. Leave America without delay.
3. Do not get in touch with anyone, not even your own wife, until after the elections.
4. Three months after the elections, you may return to your wonderful and unhappy children.
5. You must take as your companion a hapless Serbian.
6. Do not engage in 1969 in any State affairs.
7. You, unhappy brother Ted, have been condemned to death by the same gang that killed your two brothers. They will kill you on the election day this year. I entreat you as God himself to leave America right away, as soon as you receive this letter.

8. You will find out who I am only after the elections, through your sister in Paris.
9. In 1972, you will become the deserving master of heaven and earth, you will become President of the United States.
10. In 1973, you will avenge your brothers and do away with this gang.
11. For four years, the idiot Johnson has refused to let me settle in Chicago. My entire file is at the Embassy. I should like to ask of you that your sister make it possible for me to settle in Chicago, as I am a political emigre. I am an unfinished student, have not completed my studies. I was an agent of Belgrade, Washington, Moscow, Tel Aviv, and Peking. I was born the same year as you, or, perhaps, a year earlier. I was expelled from France, appealed and my appeal was granted. I look very much like you. I am a teacher by profession, and have completed the work in the Faculty of Philosophy at the University of Belgrade.
12. Let them get me to America in some way. Your sister can do it. I was sick and because of my illness, I was turned down in 1966. My health has now improved, so let them call me for another physical. Your sister can do this for me.

13. To be frank, I am totally impoverished and without money. Now I clean streets. I should like to ask you, therefore, dear brother Ted, for \$1,000 help.

14. I will get in touch by mail with your sister, the wife of the Ambassador in Paris - I'll use the same green pen and tell her who I am.

The youth of the entire world is grateful to John and Bob Kennedy. May they live in eternal glory, and may the black soil in which they rest forever be light to them.

Long live Ted Kennedy, the avenger of his brothers.

In 1972, we shall triumph together. Keep this letter and follow it exactly. [On reverse of envelope] I am poor and have no money to buy a stamp. Forgive me, brother Ted. [On picture] My deepest sympathy to the Kennedys. 1968. An anonymous Serbian.

She had no recollection of ever seeing this person before and did not know who he may have been. When she later saw pictures of SIRHAN in the press and on television she thought she may have seen SIRHAN at the headquarters as related.

KHAIBAR KAHN on June 2, 1968, came into the headquarters around 3:00 p.m. She had learned from KHAIBAR that he had thought he had seen SIRHAN in the headquarters on election day, June 4, 1968, around 5:00 to 5:30 p.m. She was in the headquarters at that time on that date but had no recollection of seeing the person thought to be SIRHAN at that time. She also said she did not recall seeing any girl in the headquarters at any time wearing a polka dot dress.

KOUSHAN said there was a movie crew in the headquarters late in the afternoon of June 4, 1968, around 5:00 to 6:00 p.m., reportedly a Swiss group who were to do a film on American Political Campaigns. They were taking film shots of the whole area. Mrs. MARGARET SWEENEY who was in charge of the headquarters office could possibly identify this group.

Several of Mr. KHAN's children were in the campaign headquarters in Los Angeles as volunteer workers and were told by Mr. KHAN to bring friends to help out. Their friends would in all probability have been of Iranian descent as is Mr. KHAN's family. A daughter, SHIRIN and a son AMIR, who are both of high school age, a son SAHPOUR, age 11, were there on June 3, 1968, and another son PHILLIPE,

was there on June 4, 1968. They and their friends were thought to have registered as having some connection with Mr. KHAN or from the residence of the KHAN children and his divorced wife

Mr. KHAN is prominent in the Iranian colony in Southern California and has been openly opposed to certain policies of the Shah in Iran with respect to handling of U.S. Foreign Aid Program in Iran. In fact he could be considered a leader of the opposition to the Shah. Both JOHN F. KENNEDY and Senator ROBERT F. KENNEDY had been sympathetic to Mr. KHAN's program to aid the poor people in Iran receive fuller benefit of the U.S. Foreign Aid in that country. Hence, the political support of Mr. KHAN had been given both of the KENNEDYs. In the

56-156-7
1-650-1153

opinion of KOUSHAN, about 90% of the 5,000 students from Iran now in colleges in California, were opposed to the policies of the Shah with respect to the foreign aid program.

Photographs of two brothers of SIRHAN, SHARIF BISARA SIRHAN, taken December 18, 1963, and of ADEL SIRHAN, taken June 5, 1968, were exhibited to KOUSHAN who had no recognition as far as ADEL's photo was concerned. She thought the photo although taken in 1963, of SHARIF somewhat resembled a young man who was among the volunteer drivers who were in the Senator KENNEDY Campaign Headquarters on June 4, 1968, around 3:00 p.m. Mrs. BERNARDINI (phonetic) and a man named BILL who handled the volunteer drivers could possibly resolve whether or not this person could have been SHARIF SIRHAN.

KOUSHAN related her recollection of a young man who she and Mr. KHAN had given a lift in their automobile on the evening of June 4, 1968, at about 8:00 p.m. She was sitting in the car near the campaign headquarters waiting for Mr. KHAN, when this young man, white, age about 22-23 years, 5'8" to 5'9", skinny build, reddish face, dark longish hair, carrying some rolled up campaign posters, came up to the car and asked if she were going to the Ambassador Hotel. When informed she was not but was heading to West Los Angeles area, he asked for a lift in that direction. She did not know this young man but he appeared to be a campaign worker so she agreed and he got in the back seat of the car. When Mr. KHAN came to the car the young man's presence was explained. This young man then wanted Mr. KHAN to give him a KENNEDY button he was wearing to enable the young man to get into the Senator KENNEDY Campaign Party at the Ambassador later that evening. When Mr. KHAN declined, he wanted Mr. KHAN to go back to the campaign headquarters and get him a button, press pass or something which would enable him to get into the KENNEDY party at the Ambassador. Mr. KHAN also declined this request in spite of a persistent attitude. The young man claimed to have been born in Manchester, England, of British parents and said his father was a salesman. He did not talk with a British accent. He furnished his name on a piece of paper as, MICHAEL WAYNE,

He was let out of the car on Wilshire Boulevard, just

west of Westwood Boulevard, in West Los Angeles, shortly after 8:00 p.m. on June 4, 1968.

KOUSHAN said she would assist in identifying the Iranian voluntary workers at the KENNEDY Campaign Headquarters if it was desired.

FEDERAL BUREAU OF INVESTIGATION

Date 6/20/68

MARYAM KOUSHAN

, who was previously interviewed on June 11, 1968, advised the following:

MARYAM had previously advised that she had observed a person, who, based on a photographic identification, was SIRHAN SIRHAN. She had observed this individual when entering the Los Angeles Campaign Headquarters of Senator ROBERT F. KENNEDY, 5615 Wilshire Boulevard, Los Angeles, around 2:30 PM on June 2, 1968.

MARYAM had also previously examined a 1963 photograph of a brother of SIRHAN SIRHAN, SHARIF SIRHAN. She had stated that the photograph of this brother closely resembled an individual she had seen at the KENNEDY Campaign Headquarters around 3:00 PM on June 4, 1968. This person had been one of the volunteer drivers.

MARYAM was shown a current photograph of SHARIF SIRHAN. She voiced the opinion that the current photograph also strongly resembled the person she had seen in the KENNEDY Headquarters as a volunteer driver.

MARYAM also further examined a photograph of SIRHAN SIRHAN and said she still had the same opinion as previously given, that she had seen this person in the campaign headquarters on June 2, 1968. She also examined photographs of SIRHAN SIRHAN's other brothers, MUNIR and ADEL. She said she had no recollection of ever seeing either MUNIR or ADEL at any time.

MARYAM added that she had not attended the Senator KENNEDY Campaign Party at the Ambassador Hotel on the evening of June 4, 1968, and the morning of June 5, 1968.

MARYAM KOUSHAN said that she had used this spelling when registering at the Senator KENNEDY Campaign Headquarters

as a volunteer worker. This is the English spelling of her name, however, she is sometimes referred to under the American spelling of her name MIRIAM KUSHAN. She also said that approximately six months ago when she was thrown from a horse while riding in Griffith Park in Los Angeles and had been taken to the Los Angeles General Hospital by KHAIBAR KHAN with whom she was riding, she had been booked in the hospital under the name of ROSE KHAN. This had been done in view of the fact that she and Mr. KHAN are Iranian nationals and Mr. KHAN was the leader of the opposition to the Shah of Iran among Iranians in the United States. It was a security measure as Mr. KHAN was apprehensive of political and possibly physical reprisals as a result of his opposition to the Shah of Iran.

J. C. KHAN, a student

advised the following:

J. C. said that the initials did not stand for any names, that he was only known as J. C. He is the son of KHAIBER KHAN, an Iranian national who had worked at the Los Angeles Campaign Headquarters for Senator KENNEDY during the early part of June 1968. KHAIBAR KHAN had been previously interviewed by the FBI regarding any knowledge he may have had of SIRHAN SIRHAN and his brothers.

J. C. said that he, himself, had not worked as a volunteer worker at the Senator KENNEDY Campaign Headquarters as some of his brothers and a sister had done. The only time that he went near the headquarters was when he drove a sister, MARYAM KOUSHAN, to the headquarters at 5615 Wilshire Boulevard, Los Angeles, on the early afternoon of June 3, 1968.

J. C. KHAN said, after viewing photographs of SIRHAN SIRHAN and his brothers, ADEL SIRHAN, MUNIR SIRHAN and SHARIF SIRHAN, that he had no recollection of ever seeing these individuals at any time and had never heard of SIRHAN SIRHAN or his family until the recent publicity given them.

J. C. said that he had not attended the Senator KENNEDY Campaign Party at the Ambassador Hotel on the evening of June 4, 1968, and the morning of June 5, 1968.

LAURENCE DAVID STRICK, also known as Larry Strick,

advised as follows:

Mr. STRICK said that for several days before the California Primary Elections on June 4, 1968, he had been a volunteer worker at Senator KENNEDY's Campaign Headquarters at 5615 Wilshire Boulevard, Los Angeles. He said that he had seen a young man at the KENNEDY Headquarters who he possibly believed to be SIRHAN SIRHAN who had been arrested for shooting Senator KENNEDY. He claimed that he had seen this young man on June 2, 1968, at about 2:00 p.m. and that this person had come into the headquarters and was standing by the front door at the same time a Mr. KHAIBAR KHAN, who had been doing some voluntary work at the KENNEDY Headquarters, was standing at the information desk which is located near the front door at the headquarters. Mr. KHAN had been bringing in a number of young people as volunteer workers, all of whom appeared to be descendants of people who resided in the Arabian countries of the Middle East. Mr. KHAN, himself, appeared that he may have been from the Middle East and reportedly was from Iran.

Mr. STRICK continued that he had asked the young man in question who was standing by the door on June 2, 1968 if he, STRICK, could help him, whereupon the young man replied, "No thank you. I'm with him" and pointed towards Mr. KHAN.

Mr. STRICK said that this young man was possibly around headquarters that afternoon but that this was the only time that he could recall seeing him.

Photographs of SIRHAN SIRHAN taken on June 5, 1968 were exhibited to Mr. STRICK who voiced the opinion they were photographs of the person who he believed to be identical to the aforementioned young man who was in the KENNEDY headquarters on June 2, 1968 at approximately 2:00 p.m.

On 6/6/68 at Los Angeles, California

- 656 -

Mr. STRICK said that he had, since the shooting of Senator KENNEDY, discussed the possibility of SIRHAN SIRHAN having been in the KENNEDY Headquarters, with Mrs. ELLENORE SEVERSON who had been on the information desk at the headquarters at the time and they both had been of the opinion that there was a strong possibility that SIRHAN SIRHAN had been in the headquarters and that he might possibly be known to Mr. KHAN.

STRICK said that Mr. KHAN appeared to be a man 50 years of age, five feet ten inches in height, stocky build, dark hair, fairly dark complexion, large forehead, wore "snappy clothes" and had a plaster cast on one arm.

Mr. STRICK noted that a young girl on crutches had been in the company of Mr. KHAN on one or two occasions between June 2, 1968, and June 4, 1968, at the KENNEDY Headquarters. She had no cast on her leg which appeared to be normal in appearance and on one occasion she came in alone. It was noted that she was driving a blue car of the Camaro type which had a large KENNEDY sticker on the side. She appeared to be in her early 20s, five feet three inches in height, fair complexion, dark hair, slight build.

Mr. STRICK related that he had learned from Mrs. SEVERSON that an itinerary sheet for Senator KENNEDY for June 2, 1968 had turned up missing. There was suspicion that maybe Mr. KHAN had taken it as he was known to have been standing near her desk just before it had been missed.

Mr. STRICK said that all of the voluntary workers brought in by Mr. KHAN reportedly furnished the same address as Mr. KHAN but he could not identify them. He was of the opinion that their names would be on the registrations of volunteer workers in the KENNEDY Headquarters.

Mr. STRICK examined a photograph of SHARIF BISHARA SIRHAN, taken December 18, 1963, and of ADEL SIRHAN, taken June 5, 1968, both brothers of SIRHAN SIRHAN. Mr. STRICK said he had no knowledge of seeing anyone resembling either of these brothers around the Senator KENNEDY Campaign Headquarters or elsewhere.

JUNE ISACKSON, Headquarters Office Manager, Kennedy Campaign Headquarters, 5615 Wilshire Boulevard, advised that due to the large number of individuals who worked at the Kennedy Campaign Headquarters, she is unable to specifically recall any of the individuals assigned to conduct telephone soliciting. She stated that in this regard, possibly MARY GILLESPIE,

could furnish information concerning the individuals who worked as telephone solicitors as GILLESPIE supervised the telephone soliciting program.

ISACKSON advised that individuals who worked at the Kennedy Campaign Headquarters came from two categories, one category being volunteer workers and the other being paid workers furnished by two Los Angeles employment firms. She identified the employment firms as The Peakload Company, 3057 Wilshire Boulevard, and Olsten of Los Angeles, Incorporated, 3735 Wilshire Boulevard.

ISACKSON advised that she recalled a volunteer worker by the name of KAIBAR KHAN, also known as "Goody", and advised he was responsible for bringing in some 15 to 20 volunteer workers prior to election day. She stated that all of these workers were individuals of Middle Eastern descent. ISACKSON described Goody as being a cordial, mannerly person and a willing worker but who did things which appeared to her to be strange. She explained that Goody insisted that all of the volunteer workers he brought in list their addresses as _____ which was the address Goody listed as his. Goody also related conflicting stories concerning his ancestry, first indicating that he was of Turkish descent and then stating he was Persian. He also claimed to be a good friend of the KENNEDY family and a supporter of Senator KENNEDY and made several statements indicating that he knew Senator KENNEDY was going to win the election, but, for several unexplained reasons, ISACKSON felt that Goody was not sincere and that he was a phony.

INTERVIEWS OF INDIVIDUALS AT SAN GABRIEL VALLEY
GUN CLUB, DUARTE, CALIFORNIA, JUNE 4, 1968

It was previously reported that two individuals who had been target shooting at the San Gabriel Valley Gun Club, Duarte, California, on June 4, 1968, had identified SIRHAN BISHARA SIRHAN as also target shooting at the gun club that date.

1

6/24/68

On June 16, 1968, EVERETT BUCKNER, SR., telephonically contacted the Los Angeles Office of the FBI. At that time, BUCKNER stated that he had not furnished full information concerning SIRHAN BISHARA SIRHAN previously to interviewing officers, because his employer desired that he not talk about this matter. He stated he would like to talk with SA whom he had talked to previously and furnish full information.

As a result of this information, BUCKNER was contacted by SA and SA at his residence

BUCKNER was asked specifically what additional information he had in this matter as a basis for his telephonic contact with the Los Angeles Office. In response, BUCKNER stated that he actually had no additional information and could provide no information other than what he had furnished on previous interview.

ROLAND GLEN WILLIAMS

the following information to SA

after the identities of the interviewing officers were made known.

WILLIAMS advised on June 4, 1968, he and his wife, CLAUDIA, went to the San Gabriel Valley Gun Club, 4001 Fish Canyon Road, Duarte, California, in order to do some target shooting. WILLIAMS stated that neither he nor his wife knew the exact route to take in order to go to the gun range; therefore, they stopped at the Briar Patch Bar and obtained directions. They continued on towards the gun club and eventually stopped and asked a Deputy Sheriff for further directions. WILLIAMS stated that he did not know the identity of the Deputy Sheriff from whom they had asked directions.

WILLIAMS advised they arrived at the range at approximately 3:50 PM and went to the Range Officer's Building in order to make arrangements for target shooting. He stated that the Range Officer informed them that the range closed for firing at 5:00 PM and, as a result, they would have only about one hour in which to shoot. WILLIAMS stated that he and his wife discussed this at some length and he said in all probability, this discussion could probably be termed an argument by a bystander.

He stated he had recently purchased a 30-30 caliber rifle which he intended to shoot and his wife had received a .22 caliber pistol for Christmas during the year 1966, which she had never fired, and it was her intention to use this gun on the range. WILLIAMS stated that he recalls his wife saying something to the effect that she had had the gun for a long time and she wanted to learn how

On 6/20/68 at Rowland Heights,
California

- 672 -

to shoot it today. WILLIAMS advised that the Range Officer informed them that they could not fire the pistol and rifle on the same range and that it would be necessary for his wife to go to the pistol range and he to the rifle range. WILLIAMS stated that he paid the admission fee of \$2 per person plus 50 cents target deposit for him and his wife but stated he did not sign a shooter's roster. He advised he did not sign a roster because it was his understanding that the roster was to be signed by shooters who were members of the gun club.

He stated that after paying the admission fee and securing their targets, he went back to his automobile and cleaned excess oil and grease from the weapons prior to shooting. He then returned to the range taking his wife's pistol to her on the pistol range and noticed the Range Officer placing his wife's target into position. WILLIAMS stated that he saw only one other individual on the range at this time and this individual, whom he could describe at that time as only a small and slender individual, was firing around gun positions 11 or 12.

WILLIAMS advised that he then proceeded to the rifle range where he fired for approximately 30 minutes and then returned to the pistol range. Upon returning to the pistol range, he noticed the individual whom he had previously seen on the pistol range next to his wife. WILLIAMS stated that to the best of his knowledge, his wife was firing around gun positions 21 or 22. He stated the individual remarked to him that his, WILLIAMS', wife's gun was shooting to the left. He stated that he, his wife and the individual engaged in a short conversation concerning itself entirely with guns.

WILLIAMS stated that he would describe this individual as being about 5'3" to 5'5" in height, in his early 20's, Spanish looking, with dark skin and hair, weighing about 130 pounds and dressed in casual clothes.

WILLIAMS stated that the individual gave him his gun for the purpose of shooting and, just as he, WILLIAMS, was ready to shoot the gun, the Range Officer called time, indicating that there would be no more firing on the range. WILLIAMS advised that he could not describe the gun other than the fact that it was a small blue gun and that the individual was firing Mini Magnum shells..

At this point, WILLIAMS was shown a photograph of SIRHAN SIRHAN and he stated that the photograph looked very much like the individual whom he had seen on the range except that his hair was neater than it appeared in the photograph.

WILLIAMS advised that he and his wife then left the range at a time he estimated to be almost exactly 5:00 PM, and that, at the same time, the individual also left the range. He stated that he recalled the individual going to a pink and white Dodge or DeSoto, model unknown.

WILLIAMS stated that during the time that he was on the pistol range, he saw no one else on the range other than this individual and his wife and that he heard the individual say nothing about any future plans that he might have.

He stated on June 4, 1968, to the best of his knowledge, he was wearing black loafer shoes, black levis and a sport shirt which he was unable to furnish any description regarding.

MEMBERSHIP OF SIRHAN BISHARA SIRHAN
IN THE ANCIENT MYSTICAL ORDER
ROSAE CRUCIS (AMORC), ALSO KNOWN AS
ROSICRUCIAN ORDER

Date _____

6/13/63

Mrs. FRANCES HOLLAND,
advised as follows:

She is the Southern California Grand Counsellor of the Rosicrucian Order, also known as the Ancient Mystical Order Rosae Crucis (AMORC). She advised the state and international headquarters of AMORC have designated her to handle any inquiries concerning SIRHAN SIRHAN's membership in AMORC. She stated SIRHAN is a member of the Supreme Grand Lodge, San Jose, California, which is a corresponding membership and to her knowledge he did not attend meetings but received correspondence and instructions by mail from San Jose, California, and in turn submitted his lessons by mail to San Jose, California.

Mrs. HOLLAND advised the San Jose Office maintains a complete file of correspondence with all members, which file contains the members original application form. She understands that FBI Agents at San Jose, California, were permitted to review SIRHAN's file and were given a duplicated copy of his application blank.

AMORC has local lodges and chapters to which some members belong, although membership in a local club is not required. Mrs. HOLLAND stated she has checked and determined that SIRHAN was not a member of the Pasadena Chapter or any other lodge or chapter. SIRHAN, however, did once, and only once, visit one of these subordinate bodies. He attended the weekly meeting of the Pasadena Chapter on the evening of June 4, 1968. Mrs. HOLLAND made available a page of the guest register of the Pasadena Chapter, which bears the signature SIRHAN SIRHAN, and reflects that he is a member of AMORC, with membership number _____.

On the date column of this form SIRHAN entered the date April 16, 1968. Mrs. HOLLAND stated that this is an error and SIRHAN probably used this date because the last previous registration was on that date. Mrs. HOLLAND

On 6/12/68 at Escondido, California

confirmed by talking to the supervisor of the Pasadena Chapter, that SIRHAN visited that chapter on the evening of June 4, 1968. This supervisor is SHERMAN LIVINGSTON,

LIVINGSTON told Mrs. HOLLAND he recalls SIRHAN telling people at the meeting how to pronounce his name. LIVINGSTON looked for SIRHAN after the meeting but he was unable to find him.

In signing in, SIRHAN showed he was a first degree member. Mrs. HOLLAND stated that this is a beginner's degree which would indicate membership of less than one year.

AMORC has no full time hall in Pasadena. The chapter meets every Tuesday night. Master of the chapter is THEODORE R. STEVENS

Mrs. HOLLAND stated she would call Mr. LIVINGSTON and Mr. STEVENS on the evening of June 12, 1968, to instruct them to cooperate in answering inquiries from the FBI. She stated the wives of both of these individuals are upset with the bad publicity given AMORC in the press and LIVINGSTON and STEVENS should be contacted by telephone to arrange an appointment.

Mrs. HOLLAND subsequently telephonically contacted the FBI Office, San Diego, California, on June 12, 1968, and advised as follows:

She was in telephonic contact with Mr. LIVINGSTON and discussed the matter of being interviewed by the FBI at Los Angeles. She stated that Mr. LIVINGSTON reviewed his notes and indicated that he had attended the Pasadena meeting

on May 28, 1968, rather than June 4, 1968. Therefore, Mrs. HOLLAND assumes the appearance of SIRHAN SIRHAN at the Pasadena meeting was on May 28, 1968, rather than as previously reported on June 4, 1968.

According to Mrs. HOLLAND, the date of appearance of SIRHAN SIRHAN can be verified by contacting Mr. STEVENS, the Master of the Pasadena Chapter.

Mrs. HOLLAND further advised that she has instructed Mr. STEVENS to make available to the FBI the complete membership list of persons present on the night SIRHAN SIRHAN attended the Pasadena Chapter meeting and also to furnish information regarding the topics discussed on the night of that meeting.

SHERMAN LIVINGSTON was interviewed at his residence, Mr. LIVINGSTON advised as follows:

Mr. LIVINGSTON is an official of the Ancient Mystical order of Rosae Crucis. He does not attend meetings regularly at any particular temple. On May 23, 1968, he attended the weekly Tuesday evening meeting of the Pasadena Chapter. This was somewhat of a special event in that the chapter presented Mr. LIVINGSTON with a ring for past services performed by him.

He arrived at the temple, 2031 East Villa, Pasadena, California, at approximately 7:45 p.m. on May 23, 1968. When he arrived, it was pointed out to him that a new member was present. This individual was introduced to Mr. LIVINGSTON as SIRHAN BISHARA SIRHAN.

Mr. LIVINGSTON chatted briefly with SIRHAN who advised him this was the first time he attended a meeting of the order. SIRHAN advised that he had been a member of the order for approximately one year, but he had not attended a meeting before. He indicated to Mr. LIVINGSTON that he would like to talk to Mr. LIVINGSTON at length. Inasmuch as it was time for the meeting to begin, Mr. LIVINGSTON told SIRHAN that he would enjoy the opportunity to talk to him following the meeting.

When the meeting was over, Mr. LIVINGSTON noticed SIRHAN standing alone and looking at some literature, but Mr. LIVINGSTON was occupied in other conversations and did not have the opportunity to talk to SIRHAN again. The next time he looked for SIRHAN, SIRHAN had already departed.

Mr. LIVINGSTON had noted that SIRHAN's address was at _____ and he had planned to give him a ride home; however, he was unable to locate Mr. SIRHAN to accomplish this.

Mr. LIVINGSTON did not attend the meeting held the following week, on June 4, 1968, at the Akhraton Chapter.

Mrs. ELEANOR ANDREW, Treasurer of the Akhraton Chapter of the Ancient Mystical Order of Rosae Crucis (AMORC), 2031 East Villa, Pasadena, California, was interviewed at her place of employment

She advised that she was present at the May 28, 1968, meeting of her Akhraton Chapter, when SIRHAN SIRHAN attended. She stated that SIRHAN was a guest at her chapter's meeting and that she had not seen him prior to the meeting of May 28, 1968, nor since that meeting. She only observed him at one time during the meeting noting that he was a stranger. At the time she observed him, he was talking to one of the two Colombes, which is Egyptian for candle lighters. These Colombes have to be girls between the ages of 12 and 18. She cannot recall which of the girls SIRHAN was talking to but it had to be (First Name Unknown) ABANG, or (First Name Unknown) ACOB.

ANDREW stated she cannot recall observing SIRHAN again during the meeting. She stated that at that particular meeting night, she was not in attendance the full time as she left the meeting to pick up a ring which was to be presented to the past Grand Master. She stated that SIRHAN left prior to her leaving the meeting. The meeting was from approximately 8:00 to 9:00 p.m. with a 45 minute social gathering afterwards.

She advised that an AMORC member must show a membership card to attend a meeting of any chapter. They were also required, however, to sign the guest book. As best as she can recall, SIRHAN was the only guest that evening. THEODORE STEVENS, Secretary, maintains the membership book and guest book.

Mr. THEODORE STEVENS, Los Angeles, advised that he is the Master of the Chapter, "Ancient Mystical Order Rosae Crucis" (AMORC), having regular Tuesday weekly meetings in the Pasadena area.

Mr. STEVENS advised that he is familiar with the name SIRHAN BISHARA SIRHAN as being a member of his organization who attended a meeting on May 28, 1968, at the Pasadena Chapter. Mr. STEVENS stated that he definitely remembers SIRHAN's arriving on the evening of May 28, 1968, at approximately 7:30 p.m., his signing the guest registration, and his attendance at the meeting which broke up shortly after 9:00 p.m. STEVENS stated that this was the only meeting ever attended at his Chapter by SIRHAN. Mr. STEVENS stated that he himself did not converse with SIRHAN, but he advised that SIRHAN may possibly have spoken to one or two members of his organization.

Mr. STEVENS was exhibited photographs of six male individuals by SA _____ and from these photographs Mr. STEVENS picked the photographs of SIRHAN BISHARA SIRHAN as being identical with the individual in question.

STEVENS stated that he could find nothing in the concepts of his organization, which is a mystical, philosophical and fraternal organization, that would have influenced SIRHAN to take action against Senator KENNEDY.

STEVENS stated further that his order teaches that drastic changes are not permanent changes and that, therefore, changes must come through evolution. He advised that AMORC is definitely not anti-Semitic and, in fact, has many Jewish members.

WILAMAY HARRISON,

advised she was at the meeting of the Ancient Mystical Order Rosae Crucis (AMORC), Pasadena, California on May 28, 1968. She advised she met an individual there who said his name was JOE but through photographs and television she determined that this was SIRHAN BISHARA SIRHAN. She advised that when she went to the meeting on the 28th of May, she saw a young man there and she went up and introduced herself as they, the older members, are supposed to do to make the newer members feel at ease. She stated he told her his name was JOE and that he was not too familiar with the order. She asked him how he heard about it and he said he received a brochure in the mail. She advised she helped him put on an apron as this is what they do before they go in for the lecture. She advised she sat over to the other side of the room and she did not see him again until about 9:00 p.m. when the meeting was over and, as they were walking out, this individual, who called himself JOE handed in his apron. She advised she went then to prepare refreshments but that JOE did not stay for any refreshments.

She recalled that during the meeting the lecturer asked for a volunteer for a tactile experience, which she stated is an experiment to determine if an individual, when touched, can determine if he is being touched by one or two things. She stated that SIRHAN, or JOE as he called himself that night, volunteered for the experiment, but she stated she did not recall too much about it as she has seen and heard the lecture many times and that she fell asleep. She stated that her daughter, IMOGENE, who was at the meeting, saw SIRHAN donate something to the collection but she was not sure what.

She stated that she was certain he was not wearing a weapon on this occasion because he was wearing tight blue jeans and that she was sure she would have noticed a weapon if he had one. She stated he spent most of his time at the book table looking over the literature before the meeting and that she did not see him talking with anyone. She advised that her discussion

with him was mostly formal talk and that they did not discuss politics or even religion.

advised she is the chapter musician for the Ancient Mystical Order Rosae Crucis (AMORC) Pasadena, California. She advised she was in attendance at the Rosicrucian meeting on May 23, 1968 and recalls seeing SIRHAN SIRHAN in attendance at the convocation. She advised she did not meet SIRHAN, was not introduced to him, nor did she know him prior to seeing him in attendance at this meeting. She stated at this particular meeting of May 23, 1968, she was somewhat late and immediately went to the choir area in order to get her music out and ready for playing. She stated after watching television when Senator ROBERT F. KENNEDY was shot and seeing the pictures of SIRHAN SIRHAN on television, she knows that the person whose photograph she saw on television is identical to the same person who was at their meeting on May 23, 1968.

Two photographs of SIRHAN SIRHAN, one taken June 5, 1968, and a photograph of SIRHAN being held by two unidentified men were exhibited to her. She advised that these photographs are identical to the person she recalled seeing at the convocation.

Mrs. JACKA also stated in order for SIRHAN SIRHAN to be in attendance at the meeting he would have to have a membership card showing currently paid up dues. She stated she has conversed with some of the other members and that she has learned he was a member but that he has been stricken from the rolls of the order.

She stated the Grand Chapter of the AMORC is at San Jose Park, San Jose, California, and that this grand order would in all probability be in a position to furnish some background information regarding SIRHAN SIRHAN. She also advised that AMORC has chapters in Van Nuys, Pomona, Whittier, Long Beach, and Los Angeles, California.

Mrs. JACKA stated members can go from one chapter to another to attend meetings; however, they would have to exhibit their membership card to be allowed to attend.

LEROY CLEMENS

advised as follows
regarding his knowledge of SIRHAN B. SIRHAN:

CLEMENS advised that he is chaplain of the Akhnaton Chapter of the Ancient Mystical Order Rosai Crucis (AMORC), which Chapter is located at 2031 East Villa, Pasadena, California. He stated that on Tuesday, May 28, 1968, he met, shook hands with, and had a very brief conversation with SIRHAN B. SIRHAN at approximately 8:00 p.m. at the above Chapter. He stated he has no recollection of any matters discussed by SIRHAN nor did he recall who introduced SIRHAN to him prior to his, CLEMENS's, participation in the convocation following which the general meeting was held. He stated he recalls no one escorting SIRHAN and stated he was unaware as to how SIRHAN came to attend that Chapter's meeting. He stated he does not recall SIRHAN in attendance at the meeting and stated that he, therefore, was not certain whether or not SIRHAN is a member of AMORC.

He stated that if SIRHAN is a member that such membership would be on record at the Grand Lodge, San Jose Rosai Crucian Park, San Jose, California, where an application for membership is required, and often a picture is requested.

CLEMENS stated that he immediately recalled SIRHAN due to his unusual name, when he observed newspaper and television publicity concerning the assassination of United States Senator ROBERT KENNEDY. CLEMENS observed and immediately recognized a photograph of SIRHAN B. SIRHAN.

On 6/14/68 at Monrovia, California

CLEMENS advised that it was extremely unlikely in his opinion, that SIRHAN could have been a member of AMORC and have committed the assassination of which he is accused as it is entirely against all the teachings of the AMORC philosophy of life.

CLEMENS advised that in order to attend a meeting of AMORC, one must exhibit one's membership card issued by the Grand Lodge and must be up to date in payment of one's membership dues. He stated SIRHAN had never, to his knowledge, been in attendance at an Akhnaton Chapter meeting prior to May 28, 1968 and he stated that he is certain he was not in attendance on Tuesday, June 4, 1968. He could furnish no further information regarding SIRHAN.

EILENE SKIPWORTH, Secretary of the Alhambra Chapter of the Ancient Mystical Order Rosae Crucis was interviewed at her place of employment,

where she advised the following:

As secretary for the above organization, part of her duties is to meet guests attending their regular weekly meetings and to verify that they are a current member of the organization. She was in attendance at their meeting on Tuesday Night May 28, 1968, when an individual came in to attend the meeting. This man displayed a 1968 membership card to her and thereafter signed the register. This individual was not a member of her lodge but had a current membership card for the organization. She could not remember exactly how he signed the book but had said that the person signing the book was identical to SIRHAN SIRHAN.

She was shown a photograph of SIRHAN SIRHAN and stated she is positive that this is the same individual that attended the meeting that evening. She recalled purchasing a newspaper after leaving work after Senator KENNEDY was shot and finding a photograph of SIRHAN SIRHAN on the front page. When seeing the picture, she thought this was the same individual as had attended the meeting that Tuesday Night and to further her beliefs, checked the register for that meeting and noted he had signed the same name as had appeared in the newspapers.

After SIRHAN had signed the register at the meeting, SIRHAN was asked by SKIPWORTH if he had received literature of hers advising him of the time and place of their weekly meetings, but he just stated that he had wanted to come. He appeared at the meeting by himself and did not associate with any particular person, to her knowledge, but she added that she did not go into the meeting room that night because of other duties she had to perform. She was also not aware of how he arrived at the meeting or how he left.

On 6/15/68 at El Monte, California

She recalled there were probably 16 to 18 persons in attendance that night.

Meetings always start at 8:00 p.m., and convocation is over at 9:00 p.m. Refreshments are served afterwards but on this evening after refreshments have been served, someone else noticed that their "guest" was not there. Apparently SIRHAN had left the meeting right around 9:00 p.m.

SKIPWORTH added that new persons at their meetings are usually introduced to attending members by a young girl who is called a Colombe. The Colombe at this meeting would have been either DELORES ABANG, or LUANA ACOB, as they were present that night, to her knowledge, and they usually assist each other in these duties. These two girls are both daughters of members of the organization.

Mrs. THOMPSON said that she did not know that SIRHAN belonged to the Rosicrucians until Saturday night, June 15, 1968, when her sister visited her home and told her that she had read in the newspaper that SIRHAN supposedly was a member of the Pasadena Chapter.

Mrs. THOMPSON said that she has observed SIRHAN's photograph on television and in the newspapers numerous times since the assassination of Senator ROBERT F. KENNEDY, but is positive that she has never personally conversed with him.

There was a meeting of the AMORC at 8:00 p.m. on May 28, 1968, and at this meeting he recalls there was a person whom he had never seen before. He did not see the unknown person come to the meeting, and he does not know if the unknown person was with anyone.

He checked the AMORC card of the unknown person and verified that his dues had been paid. He did not see a name on the card. He only said hello to the unknown person and shook hands with him and had no other conversation with him.

ILLEEN SKIPWORTH took the unknown person into the temple to salute the shekina (three candles). The unknown person would not have been allowed to do this if he was not a member of AMORC.

He did not see the unknown person leave the building; however, he would not normally have done so before 9:00 p.m., when the meeting was over.

He could not describe the unknown person as to physical features or dress but believes the unknown person was wearing a dark suit.

Mrs. GRACE BRYAN, _____ was contacted at her residence, where she advised the following:

She is a member of the nonsectarian fraternal organization known as the Ancient Mystical Order Rosae Crucis, which holds its meetings at 2031 East Villa, Pasadena, California. She was in attendance at their weekly meeting which was held on Tuesday, May 28, 1968. She recalled there were approximately 18 persons present at the meeting. Nearly all of the people in attendance at the meeting were regular members with the exception in this case of one or two individuals. She recalled one thin young man, who was wearing a white shirt and wash pants and who was in his 20s with bushy hair, as being one of the "visitors" at the meeting.

Mrs. BRYAN was shown a photograph of SIRHAN SIRHAN and she advised the photograph closely resembled the individual she saw there, but she could not say if the two people are identical. She was introduced to this man by someone at the meeting, but she could not recall who that was. All members and visitors are given name tags which they wear so that others can easily identify them. She could not remember this individual's name but did state she could not pronounce it after she had seen it and that she thought the name was "similar" to SIRHAN.

Mrs. BRYAN, who is the Librarian for the organization, recalled this man looking at some of the books which were available, but he did not seem to associate with anyone at the meeting and more or less stayed by himself. When a visitor attends a meeting, he is usually introduced to the meeting room by a young girl who is known as a "colombe", but Mrs. BRYAN could not remember who the young girl was at this particular meeting as the girls assuming this duty change from week to week. She thought that the secretary of the organization, ILLEEN

She said he did not reply but quickly turned and left the meeting room. She said she had not seen him at any previous meetings nor has she seen him since. Mr. EDWARD L. RYMAN, was contacted at his residence and voluntarily advised as follows:

He is a member of the Ancient Mystical Order of Rosae Crucis (AMORC) known as the Rosicrucian Order and he attends meetings every Tuesday night at the Akhnaton Chapter, 2031 East Villa, Pasadena, California. He is currently a member of the ritual team of this chapter and takes part in the ceremonies conducted during the regular lodge meeting. He has been a member of the Rosicrucian Order for approximately two years and has attended the Akhnaton Chapter since December, 1967. He has not missed a meeting since March, 1968 and was in attendance during the May 28, 1968 meeting.

He arrived at the lodge on May 28, 1968 at approximately 7:45 p.m. and immediately donned his robe for the ceremonies. He commented that the regular meeting was from 8:00 p.m. until 9:00 p.m. and following the meeting there was usually a coffee session, however, he very seldom stayed for coffee. Mr. RYMAN stated he recalls on this particular date there was a stranger in attendance at this meeting, however, he could not recall anything out of the ordinary and it was not uncommon for a new person to show up for a meeting. He stated it was possible to be a correspondent member and not attend a regular meeting at the local chapter. He recalls the stranger, who was in attendance on this date, as being a rather small person but he did take particular note of this person's features or dress. Further he advised he was some distance from this person and the light was such that he was not able to see this person's features. This person was seated near the Grand Master, TED STEVENS, and RYMAN recalls that there was an experiment conducted by Mr. STEVENS during this meeting and SALLY HARDMAN and this stranger took part in the experiment.

Mr. RYMAN stated he has observed the photograph of SIRHAN BISHARA SIRHAN in newspaper publications and had not associated him with the stranger, who was in attendance at this

lodge meeting. He stated it was very possible that SIRHAN was this person, however, he was never close enough to recognize him. He stated further that as soon as the meeting was over and he had disrobed, he immediately departed.

Mr. RYMAN stated if this person was in fact SIRHAN he would have to be a member and have a membership card which would have to have been checked by the outer guardian. He stated he was not certain who the outer guardian was on this specific date.

DELORES MABEL ABANG,
as contacted at her residence and voluntarily advised
as follows:

is a member of the Rosicrucian Order, Ancient Mystical Order Rosicrucis (AMORC). She attends meetings every Tuesday night at the Khnaton Chapter, 2031 East Villa Avenue, Pasadena, and is a "mistress" in the lodge ritual team.

She arrived at the May 28, 1968, meeting at approximately 8:00 p.m. She was parking her car opposite the temple when she observed an unknown young white male approaching the temple on foot and entering the temple. She believed he was a new member as she had never seen him before and he stood out in her memory because most of the members who attend are older adults and there are very few young adults who attend.

After parking her car, she entered the temple and went to a dressing room to don her robe of the ritual team and did not see this man again until she and the ritual team entered the lodge room for the meeting. She then saw this man sitting on the left side of the lodge beside a "Colombe", a young female member, who appeared to be acting as a guide and leader for this man. During the meeting the lodge master, TED STEVENS, asked for volunteers to take part in an experiment and this male volunteered to take part in the experiment. The experiment consisted of the subject being blindfolded and being touched with various numbers of objects while the subject endeavoring to identify the number of objects which were placed against various parts of his body. Following the experiment, the man took a seat on the right side of the temple and did not return to his original seat. She did not observe this man again as she was busy taking part in the ritualistic part of the meeting. When the meeting was over, she returned to the dressing room to remove her robe and when she finished, she went to the area where the members have refreshments following the meeting. She did not see this person with the members having refreshments and recalls that SHERMAN LIVINGSTON, AMORC Grand Inspector, inquired where the young man had gone, and an unrecalled member said the young man had already left the temple. She recalled this was shortly after 9:00 p.m.

She stated she saw a photograph of SIRHAN SIRHAN on television after the assassination of Senator ROBERT F. KENNEDY and recognized SIRHAN as being the young man she had described above as being the unknown young man in attendance at the May 28, 1968, meeting. She described the man at the meeting as follows:

Race	White
Age	Early twenties
Complexion	Appeared to be Cuban
Hair	Thick, curly, black
Attire	Sport shirt and slacks

Mrs. ABANG stated that in order for a person to get in the lodge meetings, the person is required to present a current membership card which is normally examined by the lodge's "Outer Guardian". She recalled that SALLY HARDMAN was the "Outer Guardian" at the May 28, 1968, meeting and assumes that HARDMAN would have checked SIRHAN's membership card prior to admitting him inside the temple, although Mrs. ABANG did not observe this.

Mrs. ABANG stated her daughter, DELORES MARIE (DEE) ABANG is also a "Colombe" and was taking part in the ritual at the May 28, 1968, meeting but she had nothing to do with SIRHAN at the meeting as the other "Colombe", LUANA ACOB, was assigned to guide SIRHAN at the meeting.

Mrs. ABANG stated she and her daughter left the temple together and they did not see SIRHAN again. She stated the May 28, 1968, meeting was the only time she had ever seen SIRHAN.

Mrs. ABANG was shown a group of photographs including:

SIRHAN SIRHAN

Mrs. ABANG selected the photograph of SIRHAN SIRHAN as being identical with the young man who attended the May 28, 1968, meeting.

Miss DELORES MARIE (DEE) ABANG, was contacted at her residence and voluntarily furnished the following information in the presence of her mother, Mrs. DELORES MABEL ABANG.

She is a member of the Ancient Mystical Rosae Crucis (AMORC), known as the Rosicrucian Order, as is her mother. She attends the Akhnaton Chapter, 2031 East Villa Avenue, Pasadena, and is a "Colombe" of the lodge. A "Colombe" is a young female virgin member who has ritualistic duties during the convocation.

She went to the May 28, 1968, meeting with LUANA ACOB, another Colombe and LUANA's mother, EMMA JEAN ACOB. Upon arriving at the temple, she went to the dressing room where she donned her robe for the ceremonies and did not go directly into the lodge room. When she entered the lodge room with the other ritual members, she observed an unknown young man sitting on the left side of the lodge with LUANA. She presumed that LUANA was designated to guide the unknown male through the ceremonies and assist him in taking part in the program.

During the program, the lodge master, TED STEVENS, asked for volunteers to take part in an experiment and this man was one of the persons who volunteered to take part in the experiment. The experiment consisted of placing different objects against the subject's body and the subject trying to identify the number of objects that were placed against him. Following the experiment, the man took a seat on the right side of the lodge. She believes that another member, SALLY HARDMAN, also was a subject of the experiment.

She advised that following the meeting, she returned to the dressing room to remove her robe and when she finished, she went to the room where refreshments were served but she did not see the man again.

She stated that following the assassination of Senator ROBERT F. KENNEDY, she saw a picture of SIRHAN SIRHAN on television and recognized the photograph as being a photograph of the unknown

young man who attended the May 28, 1968, meeting and was in the company of LUANA ACOB.

She advised this was the first and only time she had ever seen SIRHAN SIRHAN. She did not see SIRHAN SIRHAN arrive at or depart from the meeting.

Miss LUANA ACOB, Altadena, California, was contacted at her residence and voluntarily furnished the following information in the presence of her mother, Mrs. EMMA JEAN ACOB:

She is a member of the Ancient Mystical Order of Rosae Crucis, (AMORC) known as the Rosicrucian Order, and attends meetings at the Akhnaton Chapter, 2031 East Villa, Pasadena, California. She is a "Colombe" of the lodge which is a young, female, virgin member and as such participates in various rituals of the lodge.

On May 28, 1968, she arrived at the lodge shortly before 8:00 p.m. and went to the dressing area where she donned her robe for the lodge ceremonies. She then went to a lodge anteroom where refreshments are served and the lodge keeps various books and documents relating to the Rosicrucian Order. When she came to this room her grandmother, Mrs. WILAMAY HARRISON, told her there was a new member and offer to assist him at the meeting. LUANA then noticed the new member who she described as a Latin appearing male about 20 years old wearing a sportshirt and slacks who she had never seen before. She said the man was looking through the books and documents of the Order and appeared to be very interested in this material. She stated she felt too bashful to introduce herself to the new member and shortly after her grandmother was talking to the man and called to her to come and meet him. She went over and her grandmother introduced her to the man whose name was SIRHAN SIRHAN. She began talking to the man and asked him if he had a shorter name or a nickname and he said, "No, just call me SIRHAN." She introduced SIRHAN to some of the other members and they all had trouble pronouncing his name correctly and this was one of the reasons she asked if he had another name. SIRHAN told her he had been a member of the Rosicrucian Order for over one year but he did not know there was a chapter in Pasadena. She believes that the lodge master, TED STEVENS, or the lodge inspector, SHERMAN LIVINGSTON, had previously checked SIRHAN's membership card prior to her grandmother asking LUANA to assist the man at the meeting, and she did not question his membership.

On 6/14/68 at Altadena, California

She took SIRHAN into the lodge room and they sat down near the front of the lodge on the left side. As the meeting started he asked who the officers were and what their positions were and when the ritual team entered the lodge he asked who and what the "Colombe" standing by the Schakina (altar) was. She explained the above to SIRHAN and he seemed very intent on the ceremonies although he did not know how to respond to various phases of the ceremonies and she had to instruct him as to the proper signs and responses to make. She recalled that when a particular prayer was being said, SIRHAN did not have his hands in the proper position and a woman sitting on his other side told him the correct way to hold his hands and he immediately corrected his hands.

During the meeting, another officer, the Inner Guard, took up an offering from the members and she recalled that SIRHAN placed one dollar in the offering.

As the meeting progressed the master, TED STEVENS, asked for members to volunteer to take part in an experiment he was going to conduct regarding touch sensations. SIRHAN asked her why she did not volunteer and she asked him why he did not volunteer. SIRHAN then stood up and volunteered to take part and proceeded to the center of the lodge and in so doing started to cross in front of the Schakina in an improper manner. The master corrected him and had SIRHAN approach the center of the lodge from the other side. SIRHAN was then seated in a chair in the center of the lodge and was blindfolded. The master then touched his skin with different number of objects and SIRHAN attempted to identify the number of objects which were placed against him. Following the experiment SIRHAN took a seat opposite LUANA on the right side of the lodge where he remained until the ceremonies were concluded.

After the meeting they adjourned to the refreshment room where she asked SIRHAN if he would like to have a cup of coffee with her and the other members to which he responded "Okay." She excused herself for a moment as she had to take her mother's purse to her and when she returned SIRHAN was looking at some of the Rosicrucian books and appeared very interested in the books. LUANA excused herself again and

went to the restroom and to fix her mother a cup of coffee. When she returned SIRHAN was standing by the exit of the lodge and she walked over to him. SIRHAN said he must leave and told her goodbye and that it had been nice meeting her. She told him goodbye and SIRHAN left the lodge. SIRHAN appeared to be in a hurry to leave and she did not attempt to detain him. She believed this was about 9:15 p.m.

She recalled that during her conversations with SIRHAN, he said he lived and that he came to the United States from Jerusalem. He told her he had attended John Muir High School in Pasadena. SIRHAN asked her how old she was and she told him she was 14 years old. She recalled that he had difficulty in pronouncing her name correctly and could hardly say LUANA.

She described SIRHAN as being 18 years old and being very neat and clean and stated he was wearing a long sleeved blue shirt, light blue levi pants and gray "Hush-Puppy" shoes.

She recalled that following SIRHAN's departure from the May 28, 1968, meeting that one of the lodge officers asked where SIRHAN had gone as the officer wanted to talk to him. LUANA told the officer that SIRHAN had left. She is not certain which officer made the inquiry about SIRHAN.

She stated that the day after Senator ROBERT F. KENNEDY was killed she was watching television at school and saw SIRHAN's photograph as the alleged killer of Senator KENNEDY and immediately recognized the photograph as being identical with the young man she had escorted at the May 28, 1968, meeting. She then telephoned her mother and told her that SIRHAN had shot Senator KENNEDY.

LUANA was shown a group of photographs consisting of the following:

SIRHAN SIRHAN _ _ _ _ _

LUANA immediately identified the photograph of SIRHAN as being identical with the individual she escorted at the May 28, 1968, meeting.

EMMA JEAN ACOB,

advised as follows:

She is a member of the Ancient Mystical Order of Rosae Crucis (AMORC), known as the Rosicrucian Order, and attends meeting every Tuesday night at the Akhnaton Chapter, 2031 East Villa, Pasadena, California. She is presently a member of the ritual team of the chapter which takes part in the ceremonies conducted during the lodge sessions.

She attended the May 28, 1968 meeting and upon arriving at the lodge she donned her robe for the ceremonies. She was standing outside the lodge room when she observed an unknown white male start to enter the ritual team's door into the lodge. She told this man that he should enter the other door which the members use to enter the lodge. The man then walked away from that door and she did not see him again until she entered the lodge as a member of the ritual team. When she came into the lodge room, she observed that her daughter, LUANA ACOB, was sitting beside this man. She advised that her daughter is a "Colombe" (a young female virgin) of the Chapter, and had been designated to guide and assist this man at the ceremonies as he was new at the lodge and unaccustomed to the rituals and procedures of the lodge.

She particularly recalls this man because he was much younger than most of the members present as most of the members of the lodge are older adults. She thought the man was of Mexican descent because he had an olive complexion and had long, black, curly hair and was a clean cut and neatly dressed individual. She recalled he was wearing a dark sports shirt and a pair of slacks. She believed he was about 18 years old and at the time she thought this might be a good friend for her daughter as both were members of the Rosicrucians and both appeared to be close in age.

She stated that the day following the assassination of Senator ROBERT F. KENNEDY, her daughter telephoned her from school stating that the man who had been at the May 28, 1968, meeting was the man who shot Senator KENNEDY. Mrs. ACOB saw a picture of the alleged assassin on television and immediately recognized SIRHAN SIRHAN as being the man her daughter had escorted at the May 28, 1968 meeting.

She advised that following the May 28, 1968 meeting, she had discussed the unknown man with her daughter and LUANA told her that the man's name was SIRHAN SIRHAN and it was the first time he had attended a meeting at the Akhnaton Chapter.

Mrs. ACOB stated this was the first and only time she has ever seen SIRHAN SIRHAN.

VERNA C. MILLER,

was contacted at her residence and voluntarily furnished the following information:

She stated she is a member of the Ancient Mystical Order of Rosae Crucis (AMORC) known as the Rosicrucian Order and attends meetings every Tuesday night at the Akhnaton Chapter, 2031 East Villa, Pasadena, California. She is a hostess for the lodge and every Tuesday she stands in the hallway and greets members as they come in.

She was in attendance during the regular meeting held on May 28, 1963 and recalls on that particular night she greeted a young man, who was a stranger, and who had not attended their meetings previously. After greeting this person she asked his name and this person gave her an unusual name and because of the difficulty in pronouncing this name she had him write his name on his name tag. She recalls that it was SIRHAN. She also requested this person to sign the guest book. He was somewhat reluctant to sign it at first but she took him to the book and told him he had to sign same and she observed him sign this book. Miss MILLER stated this was the first occasion she had to see this individual and had not seen him come to the lodge with any other member. Her conversation with SIRHAN was very limited and consisted of greeting him and then she turned him over to the "colombe", who guided him and ushered him to his seat.

Miss MILLER stated that she recalls, during this meeting, an experiment was performed by the Grand Master, Mr. TED STEVENS, and SIRHAN volunteered to assist in this experiment.

Miss MILLER stated she did not observe SIRHAN after the meeting was concluded and did not see him leave. She did wonder why this person was there because he was much younger than most of the members present. She described him as neat and of foreign descent wearing tight trousers, possibly light blue with a light shirt and a dark jacket. She stated his hair was neatly combed and he was extremely well mannered.

A copy of the application was furnished. LEWIS and POOLE both advised that in April 1965 SIRHAN became inactive due to his failure to pay dues and was stopped as a member. On February 5, 1968 a money order was received from the Republic Money Orders of California, Incorporated, in the amount of \$16 for back dues. A second money order was received March 26, 1968 from the same company, in the amount of \$20 also for dues. Dues are \$4 per month. LEWIS advised that the recipient of the above dues made SIRHAN an active member of the order and he now receives all literature and magazines from this organization.

LEWIS and POOLE both advised that to the best of their knowledge and from talking with others in the organization in San Jose, SIRHAN was not affiliated with a lodge in Pasadena. They advised that he may have visited the Pasadena Lodge. They further advised that Mrs. FRANCES HOLLAND had furnished additional information concerning his contacts in the Pasadena area. The name E. MARTINEZ on the application is a clerk in San Jose and is not associated with SIRHAN.

Introduction

THE hieroglyphic inscriptions on the temples of Egypt, though in existence for centuries, remained a mystery to modern man until the discovery and deciphering of the Rosetta Stone, which became a key to their meaning. The Rosicrucian Order, though in active existence for centuries, is also not known to some persons, institutions, or organizations as it should be, because of the lack, heretofore, of a concise work referring to its objects, practices, and history. A number of recognized literary reference sources as the encyclopedias refer to the organization, but they are not always available. Therefore, this brochure is prepared. It is hoped that it will also be a key to the solution of any mysteries which may seem to surround the world-wide activities of the Rosicrucian Order.

This brochure has been assembled for editors, publishers, authors, and research workers that they may have brief, relevant facts pertaining to *The Rosicrucians*. Therefore, all unessential information has been deleted, leaving elaboration for larger, bound works.

PART ONE

What Are the Rosicrucians?

Nature of the Organization

The Rosicrucian Order is, broadly, a world-wide fraternal organization, established and operating on a lodge system. It expounds a system of metaphysical and physical philosophy intended to awaken the dormant, latent faculties of the individual whereby he may utilize to a better advantage his natural talents and lead a happier and more useful life. It accomplishes this end by a method of personal instruction and guidance. The member is taught the significance and application of the cosmic and natural laws which are found manifest in the universe around him and in himself. It unites, into one *livable philosophy*, metaphysical idealism and such practical sciences as physics, chemistry, biology, physiology, and psychology. It also seeks, by its educational campaign, to rid society of the enslaving influence of superstition.

The Order, throughout the world, is divided into jurisdictions, in each of which there are established Grand Lodges with temples of instruction. The Supreme Temple for the international jurisdiction of The Americas, British Commonwealth, France, Germany, Switzerland, Sweden, and Africa is located in San Jose, California. (For history, see page 8.)

What Does the Name Mean?

The word "Rosicrucian" is the Anglicized form of the original Latin name of the Order—*Rosae Crucis*, which means of the *rosy cross*. The name is derived from the Order's centuries-old symbol—the cross and a single *red rose*. Although the symbol consists of a cross, it has no sectarian or strictly religious significance, but an allegorical meaning of its own.

"Rosicrucian" is pronounced: Ro'zi-kru'shan.

What Does A.M.O.R.C. Mean?

The initials, A. M. O. R. C., are an abbreviation of the words, "Ancient Mystical Order Rosae Crucis," which is the complete name of the Order throughout the world. In Latin, the full title of the Order was originally: *Antiquus Arcanus Ordo Rosae Rubrae et Aurae Crucis*. In various lands at various times the Order has been known by slightly different abbreviations of the original Latin title. In modern times the initials, A.M.O.R.C., usually follow the popular phrase, "the Rosicrucian Order," to designate authenticity.

Is It a Religion?

The Rosicrucian Order is absolutely NOT a religion. It is nonsectarian in every respect. As its membership is world-wide, it of course includes persons of every creed and denomination, as does any other world-wide fraternity of a cultural nature. Many leading clergymen of Protestant denomination, rabbis, and priests are members; but the Order itself, in the past and at present, is free of religious alliances. Although its ethics adhere to the principles of Christianity, it must not be considered a religious movement or a Christian sect. The teachings do not interfere with the religious freedom of its members.

Is It a Commercial Enterprise?

The Supreme Grand Lodge of AMORC (The Rosicrucian Order) is incorporated in the State of California, and its subordinate bodies are incorporated elsewhere, as *nonprofit corporations*. No funds of the Order inure to the personal benefit of any officer or member. There are no stockholders or shareholders, and all funds are held in trust for purposes as defined by the Constitution and Statutes. The nonprofit status of the Rosicrucian Order is recognized by the United States Department of Internal Revenue, and in similar departments in other nations.

What Does It Teach?

An individual listing of the subjects included in the membership curriculum would be too lengthy for the space provided here. In main, it includes such topics as the mysteries of time and space; the human consciousness; the nature of matter; perfecting the physical body; the effect of light, color, and sound upon mind and body; the ancient philosophies; development of will; human emotions and instincts, and their relation to personality; important discoveries in Rosicrucian chemistry and physics; explanation of the phenomenon of intuition, etc.

The organization maintains its own editorial and research departments, composed of men and women of its membership who have skill and training in specialized fields of science and literature, as well as being well versed in Rosicrucian principles. The instructions are either delivered orally in temples of the Order to the members, or sent privately to them in manuscript form. The subjects are accompanied by experiments which the member must conduct in order to remove the material from the realm of theory and make it entirely practical and applicable, by demonstration, to his personal life. Highly speculative, fantastic, or improbable subject matter is not included in the teachings of the Rosicrucians.

Who May Become Members?

Any law-abiding citizen of either sex and over twenty-one years of age, of good repute and having a firm conviction in a Supreme Being, is eligible for membership in the Grand Lodge of the Rosicrucian Order regardless of creed or financial status. Thus, the organization includes in its membership a cross section of all classes of people. Its membership includes manual laborers seeking to better themselves, and also prominent businessmen, directors of industries, physicians, attorneys, scientists, artists, editors, educators, and authors, who find the teachings stimulating and livable.

Those desiring membership may write to the Rosicrucian Order at its Grand Lodge in San Jose, California 95114, requesting free literature which fully explains membership and its benefits.

What Rosicrucians are NOT

The Rosicrucian Order (AMORC) IS independent. It never was and is not a part of or sponsored by any other movement or organization. It has at times during the centuries of its existence entered into a federation of orders or fraternities of like nature, but it has never submerged its individuality or forfeited its independent functioning. Regardless of the similarity that some persons believe exists between the honorable Freemasonic Order and the Rosicrucian Order (AMORC), there is, in fact, no relationship between the two orders.
